Chapter 3361: ye mulin, we're no longer related (1)

He looked at it for a long time before he put down those things and walked into the changing room.

He opened the closet. The clothes he had bought for her were all there, hanging one by one, almost without taking off their tags.

Ye Mu Lin smiled. With her family background, she would naturally not miss these things.

She didn't even care about him anymore.

He closed the cabinet, walked out, and sat on the sofa in the living room. He looked at the night view of B city quietly.

For the first time, he felt that the house was too big and the house was too cold.

...

After smoking two cigarettes, he made a call. It was the most famous detective in B city, King.

" i want to know someone's information. i got it tonight. " ten million for two hours, " he said softly. is there a problem? "

KING had been working with him for a long time. he smiled. " of course not. "

Ye Mulin just sat on the sofa and waited. He did not pack his luggage, nor did he busy himself with the mountain of work.

even though he was very busy and should not waste time on this, he still waited.

King was very efficient. In less than two hours, he found Bai Sulli's whereabouts in one and a half hours. " she's been staying in the presidential suite of the GM hotel for the past few days. she goes out every night and will probably return before 12 o'clock. she's currently at the restaurant on xxx road. "

ye mulin put down his phone and transferred the money.

he wiped his face, picked up his car keys, and left.

When she left, the lights were already on.

he suddenly remembered that today was the day of bai suili's class gathering. they had originally agreed to go together.

but gu changfeng's name changed everything.

ye mulin held onto the steering wheel. he did not know why he wanted to see her.

He didn't even think about getting back at her or going to Xuxu to talk about divorce. He just wanted to find her.

Night slowly fell, and the street lights lit up in a long line. Countless cars were blocking the road, making her heart feel heavy.

Ye Mulin had not slept for more than 24 hours. He lit a cigarette to freshen himself up, but he felt that his eyes were getting more and more dry.

she rolled down the window and let the wind in a little.

after driving for more than an hour, they finally arrived at the restaurant.

He thought that perhaps she had left.

However, he did not.

after asking the waiter, he found out that there was a gathering here today and that someone had booked a private room for about five tables.

Ye Mulin walked up the stairs and stood at the door of the private room in a daze.

the atmosphere inside was very good and very lively.

he immediately saw bai suili sitting diagonally opposite him. she drank three glasses of red wine in a row without changing her expression.

A cold smile appeared on his face as he thought of the nightclub Princess she had mentioned.

bai suili was very outstanding today. she was dressed in a standard white, rich, and beautiful dress. he especially recognized the necklace around her neck. she had worn it before her wedding and it was bought by the bai family.

He had seen her wear it before when they lived in the big house.

That was to say, she had returned to the ye family's house and taken away what she thought she should have.

He held her hand and smiled at himself. It was good that she still had a backbone.

At this time, rich beauty stood up and said in a high-pitched voice, " Shirley, didn't you say your husband would come? "

then, she said pretentiously, " "i've only just heard that xue li's husband is ye mu bai's brother. xue li is very capable. if she can't marry her younger brother, she'll marry her older brother. you're drowning your sorrows here, but your husband has a soft jade in his arms in hong kong."

Ye Mulin wanted to go in, but he clenched his fingers.

He wanted to hear what she had to say.

He saw Bai Sulli's face turn pale at that moment, but she soon smiled again, as if she was very happy. "That's why I'm going to divorce him! You know that I can't keep my feelings for a man for a month. I've been married for several months and I'm tired of it. Now I announce that I want to pursue Gu Changfeng again."

"It's a pity that Gu Changfeng didn't come," someone said.

"I can call him to come over," Bai Xiuli said nonchalantly.

as she spoke, she took out her cell phone, as if she was going to call gu changfeng.

...

everyone was dumbfounded, and some were even shocked. only bai suili could live such a willful life.

However, she did have the money. Gu Changfeng had been waiting for her.

ye mulin, who was at the door, could not wait any longer. he pushed the door open and smacked her phone away.

The cell phone fell on the table, making an ear-piercing sound.

As for her, she looked at him in a daze and pursed her lips. "What are you doing here?"

ye mulin looked at her with a cold gaze. then, he looked around and said with a dignified voice, "who forced her to drink?"

no one dared to answer, because this was the eldest son of the ye family, and it was very likely that yingluo would inherit the position in the future.

Although Bai suili's family background was equally illustrious, she was only good for show.

The one from the ye family was different. He made his wife drink and said those words just now. He might even send them to prison to eat for two years.

ma fangfang was the first to admit defeat. "lawyer ye, we were just playing around."

"Is that so?" "Do you think she's easy to bully?" ye Mulin asked coldly.

"No, no, I didn't," MA Fangfang quickly whispered, "we're just concerned about Shirley's private life. The newspapers from two days ago were too annoying. We're worried about her. She's in a bad mood and has already drunk two bottles of red wine tonight."

ye mu lin slowly moved himself to bai xue li's face and said in a calm voice, "she's the little princess of the nightclub. this little bit of wine is nothing to her!"

These words were said in a fit of pique, but it stirred up Bai suili's rebellious heart. After being stunned for a while, she came back to her senses, raised her chin, and chuckled, "mr. ye, you don't have to worry about me. gu changfeng will come and pick me up later."

he grabbed her hand and said in a cold voice, "you'd better be sure that we're still married."

"So, are you going to abuse me or rape me?" she had deliberately embarrassed him in front of so many people. she thought that with his proud personality, he would turn around and leave.

because she embarrassed him, the women he brought out were all like ai wei.

and she, bai sulli, was just a rice worm in his eyes, a woman without moral integrity, so she would have no moral integrity in the end.

she looked at him provocatively.

Ye Mu Lin's face turned ashen and he loosened his grip on her wrist. At that moment, she thought that he would let her go.

however, he immediately tightened his grip on her and dragged her out of the door. as he walked, he said, " "Yes, I'll beat you up first and then rape you."

"Help!" Bai suili screamed. help me!"

At the class reunion, they looked at each other and didn't expect it to be like this.

" yes! " a timid and weak person raised his hand. " should we help shirley? "

"how can i help? they're husband and wife." ma fangfang immediately turned her head away. father ye was the boss of the boss of her husband's boss, so she was afraid that he would take revenge on her.

Chapter 3363: ye mulin, we're no longer related (3)

Everyone watched helplessly as Bai suili was taken away.

the private room was silent. ma fangfang said, " "We can't control their world,"

At this time, a female student said,"let's call Gu Changfeng. I think we should let him know." bai suili's marriage isn't a happy one, so we should give gu changfeng a chance. he hasn't had a girlfriend for so many years, and he's quite infatuated with her. "

ma fangfang mocked, " are you making gu changfeng the mistress of the bai and ye families? " His family background was not bad, but could he get involved? Do you know what it means for ye Mu Lin to accept the marriage when Bai suili was supposed to marry him? it means that they won't get a divorce easily."

"then why did you say those words just now?" the female classmate was not convinced.

MA Fangfang looked like she had lost her memory. what did I say just now? Didn't you hear what she said? domestic violence, rape, what a terrifying man! If we interfere in this matter, we'll be swallowed up."

...

"no one is allowed to make this call. we can't afford to offend them, but we can hide from them," she added.

Bai suili could be offended because she wouldn't retaliate. However, the one in the ye family was not a simple person.

Everyone was silent, so Bai Sulli was dragged from the second floor to the first floor and finally stuffed into his car.

she couldn't leave as she was locked in the car. as soon as he sat down, he pressed her face and kissed her hard. when he touched her lips, it wasn't a real kiss but a bite, a bite, a punishment.

She was punished for being in pain, for swallowing back the words she had said, and for not remembering Gu Changfeng's phone number and calling him.

Her eyes were wide open and bloodshot, which was enough to show that she hadn't slept well these few days. Was it because she was indulging herself or because Hanhan was in a bad mood like him?

He softened his punishment and stared into her eyes. He pressed his lips against her lips and asked softly, "Are we still going to find him?"

Bai suili didn't say anything. She just leaned her head against the back of the chair, leaving his lips an inch away.

her lips were slightly swollen, as if he had bullied her. her breathing was also very erratic, but her eyes were cold. she just stared at him coldly like she was looking at a stranger.

"Ye Mulin, I'm serious," she said after a long time.

“i’m a human, not a pet. you always think that you’re pampering me, but it’s never been. you’ve always been following your own mood. if you’re happy, you’ll treat me better. if you’re unhappy, you’ll throw a tantrum. you won’t say anything even when you’re on a business trip with your ex-girlfriend. you even stayed in the same room. you’re happy, right?” She blinked her eyes and said with a smile.

“I didn’t stay in the same room as her,” ye Mulin frowned.

“It’s not important anymore.” She said softly, “ the important thing is that I want to divorce you. I won’t do anything to you just because you coaxed me. Ye Mulin, you’ve actually overestimated my position in your heart. You can live without me and your wife, but you can’t live without your job, your business partners, and the sense of achievement.”

As she spoke, tears rolled down her face. I was right from the beginning. Mu Bai and Chang Feng’s characters are suitable for me.

Ye Mulin grabbed her chin and said coldly, “ “Do I want to separate from you, or is someone confused after hearing that Gu Changfeng has returned? If Gu Changfeng wasn’t in the country, would you still be so insistent?”

Chapter 3364: Ye Mulin, we’re no longer related (4)

He used a lot of strength, and she almost felt pain.

She bit her lip. it has nothing to do with him. Ye Mulin is clearly you and AI Wei.

“I don’t want to explain, and I don’t want your explanation. Let’s just leave it at that!” She choked.

After she finished speaking, ye Mu Lin stared at her. you don’t need to explain? ”

“Right!” bai suili smiled and leaned back in her chair.

She lowered her head and took out a cigarette from her bag. She lit it and took a puff. She choked a little, but she still took two deep puffs.

...

ye mu lin was stunned.

she smoked!

He quickly snatched the cigarette butt from her hand and threw it out of the window. you're not allowed to smoke.

"Not allowed?" Bai Sulli laughed lightly. what right do you have to stop me? ye Mulin, we have nothing to do with each other anymore.

As she said this, her eyes were a little hot. She remembered the photo of him in Hong Kong.

Also, the way Ai Wei looked at him.

he could take ai wei to hong kong without any qualms after she got angry. moreover, they were photographed wearing that together. did he think she was dead?

no matter how spineless she, bai xue li, was, she would not be a bastard.

Ye Mulin looked at her for a while and suddenly started the car.

what are you doing? where are you taking me? " she shouted as she hit the car window.

"go home, domestic violence, rape." he said with a cold face.

bai suili was frightened, and she stared at him,"you're crazy! Let me down."

She hit the car window so hard that her hands hurt and swelled up, but he was unmoved, only his face looked worse.

the car sped through the night. when they arrived at his apartment, he stopped the car and turned his head.

Bai Xiuli shrank back and said in a soft voice, " "ye mulin, what do you want? i said i don't want to be with you anymore."

he sat quietly and looked at the front of the car for a long time before he turned his head."we're not divorced yet."

"so, you think i'm a free prostitute?" "Do you want to sleep with me?" she looked at him and chuckled.

he didn't say anything, but lit a cigarette and smoked it.

He wanted to slap her to death.

Did he rush back from Hong Kong just to sleep with her?

He didn't say anything for a long time. Bai Sulli suddenly opened the door and got out of the car, walking towards the elevator.

He felt a little hot when he saw her back, so he immediately got out of the car and followed her.

it was quiet in the elevator.

bai suili didn't say anything.

He only closed the door and turned on the lights when they reached the apartment. She had already thrown her bag aside and taken off her wool dress.

her long hair slid down her neckline and fell on her delicate white shoulders, making her look very seductive.

she kicked off her shoes and stared at him provocatively. ” “you just want to sleep with me, right? ye mulin, why aren’t you moving?”

he stared at her and took a step forward.

Her body was pressed against the door, and she was still looking at him provokingly.

she had drunk a little too much, and her body was warm.

He lifted her chin and gritted his teeth. “Bai Xue Li, take back your words.”

she laughed softly,”can you take back the words you’ve said?” how come i didn’t know about it?”

She squatted down and started to pick up her clothes. if you don’t want it, I should get going.

but the next second, a strong force forced her to the door again. his hot body was pressed against her, as if he wanted to burn her.

Her head hit the door, and it hurt. She looked up at him.”ye mulin, what do you want?”

He started to take off his coat. didn’t you say you wanted to sleep? ”

Chapter 3365: ye mulin, we’re no longer related (5)

She stared at him, and he threw his coat aside and looked at her coldly.

He deliberately held her face and examined her.

Bai suili leaned against the door and smiled lightly, "Hurry up, I still want to go out for a drink later."

He kissed her fiercely, almost biting her lips.

bai suili didn't resist, but she didn't respond to him either. she just stood there and let him kiss her.

he kissed her as he unbuckled his belt ...

...

Suddenly, he stopped and looked at her while panting.

her face was very calm.

she was surprisingly calm, unlike before when her body would go soft after he kissed her.

She was very calm, so calm that it made him angry.

he took two steps back and smiled indifferently. "let's go!"

Her body trembled for a moment, then she picked up the clothes and put them on haphazardly.

without even looking at him, she opened the door and walked out.

ye mu lin stood there and suddenly said, "You don't have to explain. Is it because you don't love me?"

she stopped in her tracks.

she turned her head slightly, looked at him, and smiled. "how about you? A white lie, isn't it because you don't love me? ye mulin, you'll never love a woman in your life. just hold onto your job for the rest of your life."

After she finished speaking, she left without any hesitation.

The elevator doors closed. Ye Mulin narrowed his eyes, took out a cigarette from his pocket, and smoked it fiercely.

After taking a puff, not only did his lungs hurt, but even his liver hurt.

he stood there quietly, then pursed his lips and closed the door.

This was the biggest setback ye Mulin had ever faced in his life.

he wanted to keep her, but he didn't know how.

The disdain in her eyes made him unable to speak.

let's just leave it at that. let him think about it. maybe they really weren't suitable for yingluo.

however, he still felt a sharp pain in his heart.

It had never happened before.

In the elevator, Bai suili covered her painful eyes.

she didn't want to cry, but her face was already covered in tears.

When she walked out of the apartment and stood on the street, she realized that she had left her bag in his apartment. She had no money, only her phone.

she stood in the night wind for a while before her tears dried.

She clenched her cell phone and dialed Gu Changfeng's number after a while. "gu changfeng, can you come and pick me up?"

On the other side, Gu Changfeng only asked her for the address before he drove over.

Bai suili stood in the wind and waited. It was a little cold, but there was no place to hide.

Upstairs, ye Mulin went to take a shower. When he came out, he suddenly realized that her bag was still at the entrance.

His gaze tightened, but he still took his bag and went downstairs.

He was only wearing a bathrobe, and if he continued like this, he believed that she wouldn't be able to go anywhere without money.

however, when he went downstairs, he saw a white sports car parked outside. gu changfeng got out of the car.

He walked in front of Bai suili and gently hugged her.

she didn't reject him because she cried. she cried for no reason.

Gu Changfeng, can you take me away? ” she said in a low voice. I don't want to be here.

He agreed.

Just as he was about to leave with her in his arms, he saw ye Mulin.

Ye Mulin stood quietly in the night as he watched them hug each other.

Gu Changfeng sighed in his heart. He let go of Bai suili and wiped her tears for her. “are you sure you want to leave?”

She raised her head to look at him and suddenly found ye Mu Lin behind her.

His eyes were cold. After looking at her for a few seconds, he walked over and threw her bag into her arms.

He didn't say anything and walked straight to the apartment.

Chapter 3366: Ye Mulin, we're not related anymore 6

ye mu lin walked faster and faster. he was afraid that he would regret it. he was afraid that he would turn around and break her neck.

when he returned to the apartment, he told himself that it was fine like this.

they were not suitable for each other. their three views were not suitable. their living habits were different. they did not have a common vision.

it was his favorite job, and she wished that he would hold onto his job for the rest of his life. it was indeed not suitable for him to do so.

He returned to the apartment, opened the wine cabinet, and took out two bottles of red wine and a wine glass. He didn't use the decanter, but poured himself a glass and drank it in one gulp.

After drinking three cups in a row, his head was hurting.

...

He poured himself another cup, lit a cigarette, and slowly smoked.

He knew very well that he should have forgotten about her and dealt with this matter in the most rational way possible. He should negotiate with her and coldly tell her that they could get a divorce in two years. He could give her money, but she had to abide by some of the promises.

he should have drafted these now and settled things as soon as possible, but he only wanted to drink now.

he just wanted to drink.

He thought that if he was drunk, he wouldn't remember how Gu Changfeng and her looked like when they were hugging. He didn't want to think about whether she was rolling around with Gu Changfeng.

Mu Bai had said that he did not trust her, but everything she had done made him distrust her.

ye mulin held his wine glass, his face as dark as ice.

after drinking two bottles of red wine, not only did she not get drunk, but she also became more sober.

he walked into the study, turned on his laptop, and began to draft the documents. however, he stopped and wrote, and his mind went blank.

In the end, he didn't know how long it took him to finish writing, but he only remembered one line-

she had the custody of the little jerk, xiao bai, but he had the right to visit him.

the sky was already turning white. he raised his sore eyes and looked outside.

The ashtray in front of him was already filled with cigarette butts.

on the other side, bai suili and gu changfeng had gone to the beach.

She ran Barefoot by the Sea and shouted desperately at the sea, but there were tears in the corners of her eyes.

Tired of shouting, she sat on the beach, hugging her knees with her hands. She rested her chin on the beach and looked at the deep blue sea silently.

Gu Changfeng was sitting next to her with his coat over her shoulders.

He looked at her and smiled warmly. "Are you thinking of him?"

Bai Suili buried her face in her knees and said softly, "I don't know."

She looked at Gu Changfeng and smiled bitterly. "I've always liked Mubai. I shouldn't be sad now that I'm in such a mess with Ye Mulin."

Gu Changfeng let out a long breath. "Shirley, have you ever thought that you like him?"

She looked at Gu Changfeng and repeated, "I like him?"

"Only when you like someone will you be sad, cry, and worry about the gains and losses." Gu Changfeng sighed. "You have both."

"I don't want to like him," she said after a long time.

Gu Changfeng brushed her hair away with his fingers and said softly, "You're already in love with him."

She was still in a daze. After a long time, she put her face on her knees and looked at the deep blue sea.

However, she looked even more fragile.

After a long time, she said softly, "I'm not in his heart. He doesn't care what I think. Gu Changfeng, I can't afford to like such a person. There's a long distance between us. Even two Bai families can't make up for this distance. Do you understand?"

Because in that person's heart, she was nothing.

it was just that she was the marriage partner, and he was willing to pamper her a little because she was interesting.

He did not want to pamper her when she resisted.

Chapter 3367: ye mulin, we're no longer related 7

gu changfeng sat beside her and kept her company without saying anything.

He wanted to tell her that the man she thought didn't like her had already liked her more than ten years ago.

he would not be wrong about that possessive look.

But when the words reached his mouth, he gave up.

what's the point of saying it?

he smiled and reached out to stroke her head. "it's almost dawn. shall i send you back?"

...

She hummed in acknowledgment, stood up, and walked to the car with him.

When she returned to the hotel, the front desk told her that a Mr. Ye had called to talk to her about something.

Bai suili was stunned for a moment, then looked at Gu Changfeng. "You can go back and rest. Thank you."

gu changfeng nodded slightly. in fact, he knew that bai suili had nothing to do with him. she had nothing to do with him before, and nothing to do with him now.

he reached out his hand, wanting to ruffle her hair, but he gave up after thinking about it.

he smiled and walked out of the hotel.

After Gu Changfeng left, Bai Xueli asked the front desk in a low voice, ” “What did you say?”

“i said that miss bai didn’t come back tonight,” the receptionist replied honestly.

Bai suili pursed her lips. thank you.

She walked into the elevator and stood there silently. She was still in a daze when she reached the top floor.

she only realized it when the elevator went down. she quickly pressed the button for the next floor and took the safety elevator.

She swiped the door to the suite open and went to take a look at Xiaobai.

in fact, other than xiaobai, she had also taken one more thing with her.

The eight collection of raising Kings.

in order to take care of xiaobai, she finished reading the book.

when she came back, she immediately went to see little white. little white was lying there obediently.

She took Xiao Bai out and placed it in her palm, asking a little foolishly, ” “Did you miss your mother?”

little white stuck its head out, revealing its two green bean-like eyes, and rubbed them against her palm.

She laughed and opened her mouth to speak, but she could not make any sound. Her voice was extremely hoarse. Xiao Bai, mommy will take care of you.

As she said this, her eyes started to heat up again, but she held it in.

At this moment, her phone rang. She picked it up.

“If you’re free in the morning, come to my office. I want to talk to you.” Ye Mulin’s voice came from the other end.

“Is it a divorce agreement?” she asked him softly.

ye mulin was silent for a while before he spoke, ” “separation agreement.”

she nodded and agreed.

“I have half an hour around 10.” he spoke briefly, as if he had returned to the past, business, business, and extremely neat.

Bai suili felt that she had nothing to say now, so she agreed.

After putting down the phone, she hugged Xiao Bai and cried for a long time.

she desperately told herself not to cry, but her tears flowed down like they were worthless. she did not listen to her at all.

Xiao Bai didn’t understand the human world. He just lay there quietly and accompanied her.

Before Bai suili left, she found that her card had been frozen. It was the Bai family’s card.

It meant that her father knew about her and ye Mulin. He had specially called her to tell her that she was not allowed to divorce and live separately.

but bai suili didn't let him finish and hung up the phone.

even without the card, she still had xiaobai. she would take care of xiaobai.

she looked at the time. it was half-past seven.

Using this time, she dragged out her suitcase and packed her things.

because she couldn't afford to stay in a hotel that cost more than 10000 a night. she had to move out.

A small suitcase and a small turtle were all she had.

Chapter 3368: Bai Sulli, Have you ever had feelings for me?(1)

She paid the bill with the remaining cash she had. When she walked out of the hotel, she only had about 300 yuan on her.

She was not used to a life without money. She took a taxi to ye Mulin's office and knocked out 170 Yuan. She was only left with a little more than 100 yuan, which was enough for two lunchboxes.

When she appeared at the law firm, she found that it was quiet and no one was working.

Only then did she remember that today was Saturday.

She walked to his office. The door was open, and she could smell the strong smell of smoke.

bai suili stood there and put down her suitcase. her voice was very soft."i'm coming."

...

ye mulin looked up at her, at the luggage beside her, and then at the turtle in her hand. his voice was slightly hoarse. "you're going back to the bai family?"

She shook her head.

at this moment, a glimmer of hope rose in ye mulin's heart. he hoped that she would give in and move her things home with him.

So, he looked at the documents on the table and didn't talk to her immediately.

"i don't know where to go!" bai suili said softly.

Ye Mu Lin clenched his fists and remained silent for a while. She did not say anything.

"Let's begin," he said in an indifferent voice.

he looked completely professional. she walked over with a pale face and sat opposite him, taking the documents from his hands.

it was a separation agreement. they would live separately for two years and divorce after two years.

during the period of separation, she could not have any scandals. he would pay her expenses, two million a month for living expenses, and two hundred million in divorce fees in one go two years later.

200 million was a huge number.

bai suili looked at it quietly, feeling as if every word on it had no warmth.

"Ye Mulin, did you use this method when you fought a divorce case for someone else in the past?" she asked softly.

he did not make a sound, unwilling to answer the question.

“it’s a lot of money, but i don’t want it, and i don’t need it,” she said with a smile.

“Ye Mulin, I, Bai Sulli, will not starve to death without you,” she said as she looked at him.

he paused for a moment and said softly, “i’ll sign it.” But you can keep the money.”

with that, she lowered her head and signed her name. as she signed it, she told herself that he didn’t like her and she didn’t want to like him.

After signing, she stared at her own name for a long time before smiling. “Two years later, you can just ask me to sign it.”

she threw the pen down and turned to leave, without the slightest reluctance.

Ye Mulin stared at her signature on the document and asked in a soft voice, ” “Bai Xue Li, Have you ever had feelings for me?”

She stopped in her tracks but did not turn around.

ye mu lin slowly raised his gaze and looked at her stiff back.

“no, i never did!” bai suili said after a long time.

With that said, she took a few quick steps, picked up Xiao Bai, and pulled her luggage out.

he didn’t even turn his head.

ye mulin sat there and looked at her signature repeatedly.

He told himself, “just let it be. If they’re not suitable, then forget it.”

however, he still felt a little indignant in his heart. as for why he was unwilling, he didn't know either.

he thought that he liked her, but they were not suitable for each other. they could not communicate with each other when things happened.

However, he didn't think AI Wei was suitable for him. Perhaps it was just as Bai Sulli said, he would have to hold onto the law for the rest of his life.

When Bai Sulli walked out of the firm, she felt an unprecedented confusion.

She had no money and couldn't go back to the Bai family. Where should she go?

Her fingers gently touched the necklace on her neck.

Chapter 3369: bai sulli, have you ever had feelings for me 2

there was a pawnshop not far from the law firm. she pawned her necklace and a bracelet for a check for two million yuan.

She took the money, opened a new account, and deposited the money.

She was Bai Sulli, and she never thought about tomorrow. So she went back to the hotel and stayed there for a night. A meal cost 2000 Yuan, and clothes cost tens of thousands. She didn't think that her two million Yuan would be spent in less than a month. She just wanted to have a good day today.

in the bai family, her father didn't have her. he was sure that she wouldn't be able to live for long before she went back to beg him. so, she lived freely outside and played with her friends from the past. however, she wasn't as happy as before.

Ye Mulin was still the same as before. He went to work and got off work. He spent more and more time in the law firm because he was afraid of going home.

After returning to the apartment, he always felt that Xiao Bai would be there, and Bai Sulli would definitely come out from somewhere, hug him, and say, "ye Mulin, I'm so hungry."

...

after that, he rarely went back and simply lived in the law firm.

He never brought Bai suili back. Ye Mama always asked him, but he dodged her questions. After that, he didn't go back to the ye family's mansion. In fact, there were more memories of him and Bai Suli there.

A month later.

ye mulin had an appointment with a client to discuss some business in the club. B city was very big, and after a month, he finally ran into bai sulli.

She was as bright as before, wearing branded clothes and carrying a branded bag. She was eating with a few fashionably dressed girls. It seemed like she was almost done eating, so she went to the bathroom.

he stopped in his tracks and told the client to enter the private room first. he then walked to the corridor of the washroom and waited.

Bai suili came out and was a little surprised to see him, but she quickly composed herself and walked over to him. what's up? "

Ye Mulin looked at her and felt that there was something different about her. He could not tell what was different about her.

"you're still staying there? you didn't go back to the bai family?" he asked.

"i didn't go back," she replied.

after saying that, she felt like she had nothing else to say. actually, what else could they have said? they were going to divorce and become strangers.

She pursed her lips and said softly, " my friend is waiting. I'll be leaving now, lawyer ye.

He frowned and turned to look at her back. Once again, he watched her leave his side.

After that, he didn't have the mood to talk about business, and his heart was filled with anxiety.

after finishing his conversation with the client, he smoked for a while on the street and looked at the cold street.

It's already ten O'clock, Yingluo.

he suddenly remembered the strange expression he had seen on bai suili's face today.

She was dressed in bright and clean clothes, but she didn't have a single piece of jewelry on her. He frowned and immediately drove to the hotel she was staying at. Ten minutes later, the car stopped and he almost jumped out of it.

he went to the front desk of the hotel to ask. the lady at the front desk told him with some regret, "miss bai checked out half an hour ago."

"why?" He frowned. is it because she's not satisfied with this place? "

The lady at the front desk smiled and didn't say anything.

He understood that she had no money.

He thought back to the day they talked about their separation. She had appeared in his office with a luggage and Xiao Bai. She had said that she didn't need money. Did she sell her jewelry this month?

He closed his eyes.

this idiot, didn't he know how to save his money?

Chapter 3370: Bai Sulli, Have you ever had feelings for me 3

ye mulin returned to his car and called KING. "i want to know bai suili's current situation. "

King's voice was a little lazy. "it's been so long and you still haven't settled it?"

"i want it now, immediately." ye mu lin's voice was very deep.

"look at how anxious you are. i've never seen you care so much about a woman before." KING immediately got to work and gave him accurate information in less than five minutes. the Bai family froze all her credit cards one month ago. Also, one month ago, she pawned a set of jewelry at the shop below your office. You should be able to find her. As for Bai Sulli herself, she doesn't have any hotel check-in records. I think she either went back to the Bai family or ran ran.

"He slept on the street," King said slowly.

These words were like a knife that stabbed into ye Mulin's heart, causing it to bleed.

...

He had never thought that the pampered Bai Sulli would one day end up on the streets, but he knew that with her bad temper, she might. If she didn't return to the Bai family, she would have to live on the streets.

"continue to help me keep an eye on it, and inform me if there's any news," he said in a very soft voice.

after that, he put down his phone and started the car, looking for her on the street.

b city was huge, and it would be difficult for him to find her again after he passed her tonight.

he called her number, but her phone was off!

as he drove, countless scenes of her carrying xiao bai and walking on the streets flashed before his eyes.

perhaps he was wrong. he shouldn't have mentioned separation. he should have divorced her directly and given her 200 million yuan. that way, she could spend two million a month for more than ten years.

ten years was enough for her to grow.

Her mind was in a mess as she drove on the street to look for him.

Eleven o'clock, one o'clock in the morning, three o'clock, four o'clock in the morning, even the streetlights were lonely, but there was still no news of her.

at dawn, he called the bai family. father bai wanted him to handle it in a low-key manner. the bai family and the ye family couldn't afford to lose face.

The ye clan was also alarmed and could no longer hide it.

He was willing to give everything he had to find her. No matter what their ending was, he did not want her and Xiao Bai to live on the streets.

He really couldn't imagine her eating a bowl of noodles that cost five Yuan on the street.

Now, everyone thought that it was over between them.

Only ye Mulin was uncertain.

He couldn't let it go.

No matter how slow-witted he was when it came to relationships, he understood what it meant for him to be so anxious. When he was looking for her, he had long forgotten about the ye family and was only worried about her.

At eight o'clock in the morning, he parked his car outside the law firm. He sat in the car and dialed Gu Changfeng's phone.

Gu Changfeng, " he said in a tired voice, " did Bai suili contact you? "

gu changfeng was silent for a while. " what happened to her? "

He quickly added, "I saw you at the entrance of the apartment the other day, and I went abroad the next day. I'll only be back in a few days."

ye mu lin's fingers clenched tightly. after a moment, he let out a breath. "If she contacts you, please keep her and contact me."

Gu Changfeng thought for a while before he nodded and agreed. "Alright," he said.

the two men didn't say anything more, but they didn't hang up either. after a long time, gu changfeng suddenly asked, " "You're trying to win her back?"

this time, ye mulin thought for a long time before he answered gu changfeng.

To his surprise, Gu Changfeng laughed and said, "i knew it."

He hung up the phone after saying that.

Ye Mulin's expression was a little dazed. After a long time, he leaned back in his chair and sighed.
