Chapter 3371: Bai Sulli, Have you ever had feelings for me? Part 4

he didn't struggle and surrendered.

to bai suili.

to himself.

His pride and self-control seemed to be useless. The only thing he knew was that he was worried about her.

His heart ached.

Ye Mulin put down the phone and took another puff of his cigarette. He was about to call King when King called. "we can't find her because she doesn't have any spending records."

...

ye mu lin was stunned.

king said teasingly, "they probably don't have any money left. it's the hardest to find out if they're on the streets. i can't do anything without internet."

I understand. Continue to help me investigate. "i'll drive back," he said calmly. then, he started the car and drove back to the apartment.

He had a desire that she would go home when she had nowhere to go.

When he opened the door of the apartment, he vaguely heard sounds from the kitchen, and his heart skipped a beat.

she's back?

Ye Mulin stood at the door and felt his chest fill up. He almost couldn't wait to go.

However, he deliberately restrained himself and slowly closed the door. He put the key on the cabinet at the entrance and slowly walked toward the kitchen.

Bai Qingqing, he had just opened his mouth to speak when he suddenly saw that it was the Auntie in the kitchen.

His face was filled with an indescribable sense of loss. He looked at her for a long time before saying softly, " "It's you, Auntie?"

"Lawyer ye, why are you back again?" the Auntie was also stunned.

She thought of something and complained, " " miss bai hasn't come back recently, and you haven't come back either. this house is like an ice kiln, extremely cold and cheerless. it doesn't look like a home at all.

Ye Mulin sat on the sofa and smoked a cigarette."i'm going to divorce her."

The woman suddenly screamed, " why are you really asking for a divorce? it's normal for young girls to have a bad temper. Lawyer ye, why don't you want a girl who Shirley has already slept with? "

"it's not that i don't want her, it's her, hanhan, who doesn't want me anymore." Ye Mu Lin lit a cigarette and said bitterly.

The helper threw down the rag, walked over, and sat down opposite him. She hesitated for a while before saying, " "it's not like that. if you don't like a girl who likes to play, she won't be willing to stay at home and wait for you to come back. i see that she's very obedient when she's with you, yingluo."

After all, he had been through this before. A few words were enough to evoke ye Mulin's thoughts of the past.

He thought of the time he spent at the ye family's old mansion. He thought that perhaps he was being selfish ...

Previously, in order to control her, he had brought her to the ye family's mansion and forced her to live with her parents and face everything.

When he had a taste of sweetness, he brought her out again just to enjoy it better. However, he forgot that his private life at night was exchanged for her boredom all day. He didn't like her hanging out with her old friends, so she obediently didn't hang out with them, but he couldn't even guarantee that he would give her a meal.

Ye Mulin's eyes were a little hot and he felt a little uncomfortable.

The Auntie looked at him carefully. if you miss her, you can get her back.

"you think i can woo her too?" ye mulin looked at the auntie and said hoarsely.

" of course, a woman's heart is still soft. moreover, lawyer ye is so capable and good-looking. " the auntie patted his shoulder and consoled him.

"But there are many people like me around her who are both capable and good-looking," he said with a bitter smile.

but they're not her husband, " the woman blinked. of course they're different.

Ye Mu Lin suddenly understood.

yes, he was still her husband.

he suddenly got up and walked into the study. he found the separation agreement and flipped to the last page.

He reached out and gently touched the name on it. His expression was a little bitter. Then he firmly tore the agreement in half and threw it into the trash.

she was such a stupid person. she didn't even know to keep a copy of the agreement when she signed it. where could she have gone if she was so stupid and stupid?

where was she crying now?

are you hungry?

ye mulin couldn't take it anymore just thinking about it. he called KING again, and KING was annoyed to death by him. however, no matter how capable KING was, he couldn't find bai sulli. it was as if she had disappeared from the world.

...

Ye Mulin searched for her outside after work and returned to the apartment in the middle of the night.

Every time he opened the door, he felt that she would appear. However, in such a big house, there was only loneliness and silence.

He often fell asleep on the sofa after taking a shower. Sometimes, when he woke up, the sound of the rain outside was particularly clear in such a quiet night.

He couldn't sleep anymore. He walked to the floor-to-ceiling window and looked at the night view of B city. The whole city seemed to be crying.

He stood there with an unspeakable loneliness.

After standing there quietly for a while, he went into the changing room and changed into a new set of clothes. Then, he took his car keys and walked out.

The rain was getting heavier and heavier outside, so he drove to look for her.

even though he knew that he couldn't find it, he still insisted on driving slowly on the streets of B city. there were almost no cars on the road, and there were only a few shops that were open. the rainy night at night was so cold that it made people feel depressed.

he was driving around B city. when he passed by a barbecue shop, he stopped the car and watched quietly.

Shirley loved to eat this. Although he said it was junk food, she still liked it.

when she lived in the big house, she always secretly ordered takeaway at night, and when she went to get it, she would act like a thief. when he asked why, she said that she was afraid that the chef at home would be sad and whine when he saw it.

Ye Mu Lin's lips curled into a faint smile. Actually, she was really very silly.

Just as he was about to drive the car away, a figure suddenly entered his sight.

His heart was almost trembling.

It was Bai suili.

She was sitting at a simple table with her hair tied up in a ponytail. She was sitting opposite Lin sisi, waiting for the barbecue to start.

Ye Mulin narrowed his eyes.

it was indeed lin sisi, but how could it be lin sisi? Didn't she hate Lin sisi to death for not being able to marry Mubai?

ye mulin had underestimated bai suili's desire to live.

In the greasy barbeque restaurant, Lin sisi knocked on Bai Sulli's head. "look at you, you just had to come out for barbeque. how are you going to go back in such a heavy rain? i just got off work and want to rest. you don't know how hard it is for an IT woman. "

Bai Shirley looked at her pitifully, lowered her head, and said shamelessly, " Lin sisi, you ruined my wedding. Of course, you have to be responsible for me. I'm just freeloading. That's nothing, right? "

"Not much? Why don't you go and leech off Lao Bai or the man you've slept with for a few months? do you think i'm still a celebrity who earns a lot of money every day like i used to? i'm outdated, bai sulli. every piece of barbecue you eat is my hard-earned money." Lin sisi said as she snatched a piece of lamb chop from Bai Sulli's hand.

Lin sisi, you're so bad! Mine! Bai Sulli cried out.

hence, she went to snatch it again, and the two girls got into a fight.

Ye Mulin was watching from outside. The windshield wipers kept on working, but his face was no longer as gloomy as before.

So that's how it was. Yingying actually shamelessly stuck herself to Lin sisi.

fortunately, it was not gu changfeng.

fortunately, it was not mu bai.

Chapter 3373: I don't want to go back with you (1)

Ye Mulin sat in the car and watched as she shamelessly clung onto Lin sisi for a bite of food. He watched as she smiled, but there was a hint of loneliness in her eyes.

the windshield wipers were still running in a regular pattern. they were still running, running water, running through the rainy night, running through the joy in his heart.

It was ecstasy, the joy of finally being able to see her again, and the warmth that gushed out of her heart, all the way to her eyes.

he just looked at her quietly, thinking that she was just right.

ai wei, gu changfeng, and even mu bai were all gone. the only one left was her, who was eating barbecued meat in the rainy night.

Ye Mulin's Adam's apple bobbed. He wanted to get out of the car to catch her, but he restrained himself and continued to wait quietly in the car.

...

the rain was getting heavier, and the barbecue restaurant was warm.

Lin sisi looked at Bai Sulli. why don't you order more? I'm not afraid of getting fat. I'm afraid you'll eat me down.

I don't have a husband or a boyfriend now, " Bai Xiuli said with a fake smile. it's okay to be a little chubby.

"I think you don't even care about your face anymore," Lin sisi sneered.

although he said this, he still ordered another platter, and saw bai suili eating it with relish.

Lin sisi was deep in thought. Before the Lin family fell from grace, she was just like Bai suili. She was as arrogant as she could be, as if the whole world was under her feet. It was normal for her to be like this when the Lin family fell, but the Bai family was in the limelight. She really didn't understand how Bai suili had turned herself into this state.

bai suili looked powerful, but she was actually quite stupid.

she supported her chin with her hand and watched her eat. however, she inadvertently saw a car parked outside the window.

it was a land rover that had been parked there for a long time.

lin sisi nudged bai sulli. " i'm going to the bathroom. "

the rice weevil was busy dealing with the meat and had no time for her to go to the toilet. he waved his hand and said, " you're not allowed to run away alone. i'm telling you, i don't have the money to pay for the bill. "

lin sisi rolled her eyes. " it's raining so heavily outside. where am i supposed to run to? "

as she spoke, she quietly walked to the door to take a look.

It was really the ye family's eldest son sitting in the car. His expression was hard to describe in a few words. In comparison, Bai suili, who was eating barbecued meat, seemed to be a little heartless. However, Lin sisi still felt that Bai suili was pitiful.

this was because bai suili was ignorant and incompetent, while ye mu lin was a man who was so powerful that no one could imagine it. the difference between them was too great.

lin sisi watched quietly for a while, then quietly went back. after sitting down, she felt a little complicated.

"what's going on between you and ye mulin?" she nudged bai suili.

bai sulli's eating slowed down. she looked up at lin sisi, then quickly lowered her head and continued eating, but she seemed a little absent-minded. " it's nothing. he and ai wei are having an affair, so we're living separately. we'll be divorced in a year and eleven months. "

She looked at Lin sisi and pursed her lips. "He said he would give me 200 million, do you think I want it? I didn't want it in the past, but I've changed my mind. You just have to take care of me for two years, and I'll give you 20 million Yuan later."

Lin sisi sneered. it's a very attractive offer. Bai Sulli, you can lie without even panting. Why don't you say that you can get 2 billion in 20 years and give me half of it? "

of course, it was true that ye mu lin had given her money, but if bai sulli was willing to accept it, she would not be so poor as to stay at her house and eat and drink for free. she even stole her pajamas and was no different from a bandit.

Chapter 3374: i don't want to go back with you (2)

Bai suili ate the meat in her mouth and said with dissatisfaction, "How can you look down on me like this?"

"i am looking down on you. if you have the ability, then don't blame me." lin sisi didn't buy her words and retorted.

Bai Sulli put down the meat in her hand and then slowly wiped the oil off her slender white fingers. She lowered her head and said, "I know you don't like me. You think I'm troublesome and can eat. I'll leave.

as she spoke, she stood up and looked like she was about to leave.

Lin sisi didn't believe him. She snorted as she sat down. Bai Sulli, don't use this trick of injuring yourself. You've already said that you wanted to leave eight to ten times. Even if you're not tired of acting, I'm already tired of watching you.

since he picked her up on the road after work that day, he had squinted her like she was bai suili's mother. this idiot didn't know how to do anything. it was fine if he was freeloading at her place, but he had to make some contributions, right?

...

hehe, then she was too naive.

lin sisi was the one who washed this fellow's clothes for her. she had washed them one by one personally, and her hands were already sore!

She had to work during the day, so this guy could stay hungry until she came home at night.

Lin sisi really wanted to publish an article in the newspapers and ask the owner to take the idiot away, but every time, the idiot would reveal the same expression as before. Slowly, she accepted her fate.

seeing her like this, the rice weevil began to happily eat the roasted meat again, his little mouth full. " sisi, you eat this too, it's delicious. "

Lin sisi sipped her tea and sighed. She did not have such a good appetite.

However, she was also curious. This rice weevil stayed at home all day, playing games or talking to the little jerk. It ate so much, but it didn't grow fat. It had everything that should be there, and the places that should be thin were still very thin.

It was no wonder that ye Mu Lin was reluctant to let go and had waited outside for so long.

She smiled and looked at the empty glass. She thought for a while and decided not to continue.

The rice weevil was finally full. It patted its stomach and said with a satisfied expression, " "Alright, let's go home!"

Lin sisi rolled her eyes. He ate from 12:30 to 2:00. Did this guy know how heavy the rain was outside?

She played with the cup and said in a bad mood, " "I can't leave."

"why can't we leave? the rain wasn't heavy when we came!" bai suili said as she ran to the glass to look outside.

She was lying there and looking out, and ye Mu Lin was also looking inside.

their eyes met.

She was stunned for a moment and then immediately realized something. She took a step back.

lin sisi was still sitting there. she asked softly, ” “do you want to go back with him?”

Bai suili didn't seem to hear her and continued to look at the man in the car. He was the same, and their eyes were entangled.

he realized that he missed her a lot.

it had been more than a month, and he missed her. even though she didn't have many good qualities, he still missed her.

Their gazes met. He opened the door, got out of the car, and walked straight in.

Bai suili's body stiffened for a moment, then she looked at Lin sisi and said, ” “you've seen him, haven't you?”

lin sisi nodded. ” yes. i was just thinking that someone could send us back. ”

“I won't go back with him,” Bai suili said through gritted teeth.

“think about it, 200 million.” ” think about your past life, ” lin sisi reminded her. ” are you sure you still want to stay with me? ”

Bai suili's face was a little confused, but after a while, she gritted her teeth and said, ”i don't want to go back.”

“So, you were lying to me just now?” Lin sisi's eyes flashed with a smile. It was really funny.

Chapter 3375: I don't want to go back with you (3)

Bai Xue Li was silent.

“If you really hate me, I can leave,” she said softly after a while.

lin sisi sighed and reached out to stroke her hair.”silly girl.”

Ye Mulin had already walked in front of them and placed five hundred Yuan on the table.

“It’s not enough,” “We ate more than 600,” Bai suili said in a low voice. [I suddenly feel like the rice worms are bleeding ~]

Ye Mulin glared at her and took out another 200 yuan. Then, he said to the two girls,”i’ll send you home.”

...

He walked in front, and Lin sisi coughed lightly. “I’m happy for nothing. I’m not thinking of bringing you back!”

Bai suili didn’t say anything, like a mistreated wife.

Lin sisi smiled and did not say anything else.

they got into the car outside. ye mulin asked for the address and drove. lin sisi’s apartment was not far from here. it was in a good location and the facilities were good. could it be that bai suili had been staying at her house all this time?

After five minutes, Lin sisi laughed. thank you, lawyer ye. I’ll go upstairs first. You guys can talk.

“I’ll go back,” Bai suili said, looking at her.

lin sisi put on a bitter face and jumped out of the car.

on a rainy night, ye mulin's gaze was fixed on the drizzling rain in front of the car. he said calmly,"crawl to the front, i want to talk to you."

she shrank into the back seat. " why don't you climb to the back? "

his eyes met hers through the rearview mirror. his gaze was so deep that she couldn't tell what he was really thinking.

" it's at the back, " he said softly after a long time. " it's very convenient for certain things. do you want me to go over? "

her eyes widened, but she still crawled over and sat in the passenger's seat.

"Are you looking for me, or is it just a coincidence?" she asked him softly.

Ye Mulin turned his face to the side and looked at her palm-sized face. She had lost weight.

Although she looked like she could eat and drink well, she had lost weight.

he clenched his fists on the steering wheel and paused for a moment."I've already torn that agreement."

bai xiuli was stunned for a moment, but she didn't say anything. she just looked at the rainy night outside quietly.

ye mulin was also looking outside.

the light rain fell on the car, making a soft sound, which was the only sound in the car.

"I'm fine now, ye Mu Lin," she finally said after a long silence.

his heart skipped a beat.

she raised her head and gave him a faint smile.”the agreement is already in my heart. you can’t tear it.”

His fingers suddenly clenched into a fist, his Adam’s apple bobbed twice, and he said with difficulty, ” “what if i ask you to go back with me?”

she looked at him with her head tilted. she did not avoid him and said softly, ” “i don’t want to go back.”

“ye mulin, i don’t want to be your rice weeper anymore.” she wiped her eyes. they were a little dry.

he released his fingers and caressed the steering wheel gently. ” then you let lin sisi take care of it? ”

“I won’t always be like this.” she lowered her head. ” in the future, i won’t let anyone take care of me anymore. ”

not even the bai family. if she was still a rice weevil, even if she divorced ye mu lin, she would still not be able to make her own decisions in life.

Actually, she did not do anything wrong. It was because she did not do anything. She was just being despised by a man.

the corner of his eyes twitched. ” come back with me. there won’t be such a thing in the future. ”

“Ai Wei came to see me,” Bai Sulli said, biting her lip.

Ye Mu Lin was slightly shocked.

it’s about Hong Kong,”Bai Sulli’s expression was a little dazed.”ai wei said that you did it on purpose to get her out of the negotiation because she knew your style too well. however, you were even able to make use of this for ye mulin’s case.”

Chapter 3376: I don't want to go back with you (4)

Ye Mulin looked at her quietly.

She laughed in a daze. in your heart, I'm really just a spice in your life. ye mulin, don't think too highly of me. i'm not."

he frowned.

Bai suili smiled lightly, her smile somewhat absent-minded, her long eyelashes drooping and tears almost falling, " so, i won't go back with you. we'll get a divorce in two years, as promised. of course, you can get a divorce earlier if you want. "

"do you really want to leave me that badly?" he clenched his fists.

Bai suili's eyes were still lowered, and she only nodded heavily, then looked at him.

...

ye mulin pursed his lips.

"I'm going back." she lowered her eyes again. " lin sisi is waiting for me. "

She was about to open the car door.

but the door was locked.

She placed her hand on the handle and said softly,"this is very boring. Let's finish this."

he was silent.

After a long time, he held her hand. She trembled but didn't move.

She didn't want to respond to him.

"It's not like what you said!" Ye Mu Lin's voice was very low and deep.

his adam's apple bobbed. " bai sulli, it's been so many days. didn't you miss me at all? "

"no, i didn't," she slowly turned her head and looked at him. " "After I signed that agreement, we have nothing to do with each other."

His gaze fell on her small face, and he stared closely at her expression.

"if i say that i've been looking for you for many days, would you still think that i don't care about you?" he said slowly.

"it's not a coincidence today. i was worried about you because of the rain." "Bai Sulli, let's be together again." He looked at her.

She kept looking at him, her eyes slowly filling with tears.

She suddenly laughed softly. ye Mulin, what are you saying? let's start over. Yes, I was the one who was stubborn and wanted a divorce. However, after I said that, you went to stay in the same hotel in Hong Kong with Ai Wei and came back to sign the divorce papers with me. Now that you're saying that you want to start over with me, what about ye Mu Lin? I really can't believe that what you're saying is true."

she laughed and laughed until her tears fell. Gu Changfeng said that I like you. I think I do like you, but I can't be looked down upon by others even if I like someone, right? "

she was crying so sadly that he felt bad too.

He looked at her and finally reached out to hold her face gently. don't cry! It's my fault, there won't be a next time."

He wanted to tell her that he would treat her well this time.

However, he vaguely remembered that he had said these words a few times. In fact, she had always accommodated him, and she had always forgiven him. He had never been tolerant of her.

His throat seemed to be blocked, and he felt extremely uncomfortable. He only stroked her hair and touched her cold tears.

She covered her face and sobbed. ye Mulin, don't force me. I'll look down on myself if I go back with you.

she knew that she liked him, and it was because she liked him that she couldn't go back.

You can't be looked down on if you like someone, and you can't be forgiven if you like someone.

ye mulin looked at her quietly."i can set you free temporarily. however, i will not give up."

she was in a daze as she leaned back in her chair, her eyes filled with tears.

She didn't know what to do. She had never liked someone so much before.

She had liked mu Bai before. She really liked him, but that kind of like made her happy. Even if mu Bai didn't like her, she would still be willing to chase after him.

but ye mulin always made her feel pain.

Chapter 3377: I don't want to go back with you (5)

She cried, cried.

Her tears made him more upset than the drizzle outside. He smoked a cigarette, but the car window was closed. Bai suili coughed a few times before he put out the cigarette.

He turned his head to look at her and said in a low voice, " I'm not smoking anymore. You go back with me.

she shook her head, but the tears in her eyes did not stop.

His heart was extremely uncomfortable, and his mind was blank.

she had never felt so empty before.

...

he didn't like this feeling. he should have made the same decision as before and divorced her in two years or now according to his original plan.

however, he did not want to give up on her.

Before she had time to think, he had already pulled her over. She looked at him with tears and screamed, "Ye Mulin, you want to be Yingluo?"

her voice was drowned out by his lips. it was the first time he kissed her like this.

It was so deep that even he himself was shocked. He didn't care if he hurt her, didn't care if she was uncomfortable, didn't care if there was a feeling in the kiss. He only knew that he wanted to be with her now, in the most deep way.

therefore, the kiss became ravenous, and she resisted with all her might to no avail.

Her arm and body were held firmly in his arms. It was very painful, but his kiss hurt her even more.

ye mulin had been gentle to her before, but he was more rough with her. however, he had never been so anxious.

He was a traditional man who liked to do all kinds of indescribable things to her in the bedroom. He had never done it outside, but now in the rainy night, in the car where people could come at any time, he couldn't wait.

he kissed her and freed one of his hands to move around nimbly a few times ...

She snorted in a hoarse voice and softened in his arms. Then, her body started to tremble.

her teeth bit on his shoulder so hard that it almost bled.

She cried out in pain, but she couldn't stop him when she said she didn't want to tease him.

in such a small distance, she had no way to struggle.

in the car, only the sound of rapid breathing and her voice of unwillingness to admit it was left.

However, it was very embarrassing. It felt like it had just started and it had already ended.

He didn't even know if he had a minute.

Ye Mulin's expression was not very good, and Bai Sulli was also a little shocked.

the air froze. after a long time, he said hoarsely, " "It's been too long since I've had a woman,"

Bai suili was still lying in his arms in a daze. After a long time, she finally whispered, "Is that so?"

she remembered that he had never been like this before. he said it was his first time when they were newly married.

Her reaction annoyed him a little. He held her down angrily and wanted to do it again, but she quickly flipped to the side.

she tidied up her clothes and pursed her lips. I have to go. Ye Mu Lin, if you dare to treat me like this again, I will Sue you for rape. Think about whether your status can withstand such a scandal.

He originally wanted to show off and prove that he wasn't a big brother, but seeing her like this, he wanted to let her go.

Thus, she tidied herself up very slowly. She couldn't get out anyway.

After cleaning up, he glanced at her and smiled. you must be feeling terrible now. You did feel it just now.

Bai Xiuli was furious. She kicked his leg bone and said, "ye mulin, open the door."

he turned his head to look at her. "when i touched your body just now, other than your stomach, which is full, there's not much meat left in other parts of your body. are you sure you still want to stay outside?"

she lowered her eyes and said in a low but firm voice, "Open the door."

He opened the car door, and she wanted to get out, but he grabbed her wrist and teased her.

Chapter 3378: I don't want to go back with you (6)

bai xili turned her head.

ye mulin took out a card from the cabinet in front and placed it in her palm. "Don't always spend other people's money."

She looked at the money in her palm and slowly clenched it.

then, she gently put his hand back. "i don't need it."

She gently let go of his hand and ran into the building in the drizzling rain.

Ye Mulin sat quietly and did not stop her. He did not even close the car door. He just looked at the empty seat and watched her escape. He stared at her for a long time.

...

his gaze fell back to his hand and looked at the thin card.

He knew that her biggest hobby was to have endless money to spend. He had saved 100 million Yuan in this card, but he couldn't say it when he saw her tears.

when she had given up on her biggest hobby and refused his money, he knew that she really wanted to leave him.

She wanted to cut off all ties with him.

at this moment, ye mulin felt that even though his career was so successful, even though he had gotten a few billion yuan in commission from this international case, he was still lonely. he had the whole world, but the person he wanted to support did not want to stay in his world anymore.

He laughed softly, laughed in loneliness.

He could force her to stay, bring her back, and rape her like he had done in the past, leaving her in his bed.

But it was different. Even if he kept her by his side forever, she would only hate him.

In her heart, she had already thought of him as an unpardonable evil.

The cold wind and the drizzle entered the car, wetting the expensive leather seats, but he didn't care. He just sat there and smoked.

Upstairs, Bai Sulli came out of the bathroom. The pajamas she was wearing only reached below her P * s. Because Lin sisi was seven or eight centimeters shorter than her, it was a little short and small. However, for a homeless rice worm, it was already good enough that someone took her in.

Her eyes were still red as she walked out.

Lin sisi stood by the window with a cup of hot cocoa in her hand. She gestured with her eyes."Your loyal dog husband is still downstairs."

bai suili sat on the sofa and hugged a pillow without saying a word.

Lin sisi snickered. what's wrong? didn't you have a good time just now? even though the time taken to recover was a little short."

"you're really perverted! you're peeking at others! " Bai Sulli threw a pillow at him and shouted, her small face flushed red because she was too embarrassed.

forget about being spied on, ye mu lin was still in a daze for only a minute!

lin sisi held the cup in one hand and caught the pillow with the other. she smiled gently."Bai Xue Li, is it because you're not satisfied with your request that you're angry from embarrassment?"

"i'm not," bai suili's face turned even redder.

"it's good that you didn't." Lin sisi coughed lightly. however, I really didn't expect ye Mu Lin to look like an elite. He only lasted for less than a minute.

Aiya, she had seen everything from above just now. The car suspiciously shook for a while and then suddenly stopped.

Sure enough, men who had not had sex for a long time were all quick shooters, even if they were as noble as young master ye.

Bai suili was so angry that she didn't say anything. Lin sisi looked over and smiled slightly. he's still here. He didn't even close the car door. What a pity, ran ran. It's such a good car.

"don't say anymore. i won't go back." Bai suili hugged a pillow, her face shameless.

lin sisi chuckled,"it's such a good opportunity to step down. do you really not want it?" bai sulli, you should think carefully. a man like ye mulin would be pounced on by many divorced young ladies, but women are different."

Chapter 3379: i don't want to go back with you (7)

Lin sisi's eyes darkened. a woman is divorced. it's just like the supermarket's products, they have to be on sale."

After she finished speaking, she lowered her head and took a sip of the hot cocoa. The drink was very warm, but it could warm her body but not her heart.

bai suili still looked at him, and after a long time, she asked in a low voice,"Lin sisi, is this your realization?"

"Yup! It wasn't easy to have an old white, but you've ruined it. " lin sisi smiled.

The rice weevil was about to jump up. you're the one who ruined my marriage with old Bai. I haven't asked you to take responsibility!"

Lin sisi slowly put down her cup and put on a fake smile. " bai sulli, you should actually thank me. even if old bai doesn't like you, it won't change anything even if he marries you. it's better now. besides, i'm responsible for you. i don't have that thing to make you feel good. although ye mulin is useless for only a minute, he still has a minute, yingluo. "

...

She was full of love, and Bai suili couldn't stand her provocation. Her face turned red. he's not like this usually.

"Oh?" lin sisi raised her eyebrows in interest, a little provocative.

bai sulli was actually pretty good looking but useless. her mouth was not as good as lin sisi's, and her face was red. " he can do it once every one or two hours. "

Lin sisi couldn't hold it in anymore and spat out a mouthful of hot cocoa.

she couldn't hold back her laughter, and lin sisi glared at her.

“i’m sorry, i really couldn’t help it.” lin sisi wanted to get serious, but she still laughed.

the rice weevil was angry. it hugged its pillow and ran back to its room. ” lin sisi, you’re so bad. ”

Lin sisi looked at her back and called out to her with a smile.

bai xili turned her head and glared at her with an angry expression.

she regretted it now. she should have taken ye mulin’s card. it would be best if she could take out a huge pile of money and throw it at lin sisi, the bad girl, to smash the evil smile on her face.

She looked embarrassed and angry, but Lin sisi became serious. Her gaze was even gentle.”bai xue li, if i were ye mu lin, i would also like you.”

Bai suili’s eyes were a little straight. he said I was shallow and a rice worm. What do you think he likes about me? ”

“i like your big chest and thin waist, or is it because your head is full of idiots?” Lin sisi’s style had returned.

Bai Sulli threw the pillow in her hand at him again and roared, ” “lin sisi, you’re really too hateful. she deserves to be single.”

Lin sisi wasn’t angry. She picked up the pillow with a smile and patted it. ” i’m divorced, after all. you’re still getting divorced. from the starting line, i’m ahead of you. ”

bai suili glared at her, but no matter how hard she glared, she couldn’t get anything out of her, so she could only run away angrily.

lin sisi chuckled and put the pillow back on the sofa. then, she heard a loud bang on the door.

she threw a tantrum again.

In fact, Bai Sulli was a single-celled creature. She didn't like ye Mulin only because she felt that ye Mulin didn't like her anymore.

she looked at the car downstairs and saw that ye mu lin was still there.

She remembered herself from a long time ago. On a night like this, she had also run a long distance to ask a man if he still wanted her. He had told her that he had a fiancée and he had asked her to leave.

Later on, she got pregnant and had a miscarriage. It was no longer possible for them.

this man would also try to win her back by using a car, a house, and money. however, these things were originally flowers on top of a brocade. once one lost the feeling that one liked, these things would become meaningless.

Lin sisi watched quietly for a long time before she put on a coat and went out.

she went downstairs and got into the car.

Ye Mu Lin turned around and looked at her.

Lin sisi said softly, " I took her in not because of old Bai. It's because I owe you a favor. Ye Mulin, if you really like her, don't let her stay here for too long. I feel sorry for her.

She paused for a moment before saying in a low voice, " "She's a girl who likes branded goods. Can you imagine her wearing my old pajamas that cost a few dozen Yuan and a pair of slippers that cost a few dozen Yuan? In fact, sometimes I bring back fried noodles that cost 10 yuan a box, and she also likes them very much because she's disappointed in you. She's very simple, and she doesn't like you anymore because she thinks you don't like her. "

...

Ye Mulin put out the cigarette. I know, thank you.

Lin sisi smiled. before you really hurt her, bring her back. I'm annoyed just looking at her. And that little bastard, I'm afraid I'll be so poor that I'll have to stew him one day.

"It's called little white." Ye Mu Lin laughed softly.

"Even! turtle has a name? Ye Mulin, you're actually the one who's affected. You're the one who's trying to resist, so you hurt her. " "don't make her sad again," lin sisi said in a low voice,"she sometimes cries at night." the next day, her eyes were swollen, but she refused to admit it. "

Ye Mulin's heart instantly felt extremely sad. When he thought of her crying and how she had buried herself in the blanket and cried secretly, he felt that his heart was going to go numb.

he was silent for a moment, then closed his eyes."What else did she say?"

Lin sisi coughed and said,"she also said that your skills are too bad and that you didn't have enough time." That's why she doesn't want to go back."

lin sisi said and left.

meanwhile, ye mulin's expression was so ugly that it was as if he had eaten a pile of sh * t.

He glared fiercely in the direction Lin sisi had left, then took out another cigarette and lit it, taking a few deep puffs.

f * ck that one minute.

bai suili, she'd better not fall into his hands again. she'd better not let him have the chance to do anything to her, or he'd kill her, yingluo.

he closed the door and drove away.

Lin sisi went upstairs to the rice weevil's room.

the rice worm was not asleep either. it was lying on its stomach and looking at the little jerk at the head of the bed. it seemed to be talking to itself. that silly look was really speechless.

lin sisi was also curious. she had seen ai wei before and she was also a beauty. why was ye mu lin not moved at all? instead, he fell in love with a brainless creature like shirley. although she was cute, did a couple really only need to communicate with their bodies?

She looked at him quietly for a long time before she walked over and took the little jerk away.”The bastard’s father has already left, you’re not staying?”

Bai suili raised her eyes and snatched the little bastard away.’He’s not little White’s father anymore.’

you’re so ambitious. You can find a stepfather for Xiao Bai now, right? or you can support yourself. lin sisi sighed. ” what if i get married one day and you’re going to get married with me? ”

When she said that, the rice weevil really thought about it seriously. “That’s good too, I can help you guys clean up.”

Lin sisi looked at her.

the rice worm thought for a long time, but it did not show any signs of shyness.

Lin sisi sneered,”warm our bed?” Bai Xue Li, use your pig brain and think about what else you can do?”
