

## Thank you 3391

Chapter 3391: did you miss me?(1)

she didn't know what to do when he cherished her so much. this was different from the forceful way they had done it in the car last night.

She looked at him, unable to say a word.

"but i miss you very much," he sighed after a long time.

After he finished speaking, he kissed her again, picked her up, and placed her on the bed.

seeing through his intentions, she was dumbfounded. she suddenly reached out and grabbed his hand."ye mulin, what are you trying to do?"

But he still kissed her slowly."what do you think?"

...

Bai Sulli was frightened and bit her lip. let me go. I don't want to.

"But I want it." He looked at her and said in a soft voice.

She widened her eyes and looked very innocent."Ye Mulin, you're already in this state. Why are you still thinking about such things?"

"Is it because you're sick that you only have one minute?" she asked, as if she had remembered something.

His expression turned extremely ugly and dark as he glared at her.

Bai Shirley mumbled, " "i don't feel comfortable even for a minute. i might as well not do it."

With her like this, how could he continue sitting? he turned over and leaned on the side, wanting to smoke, but she immediately crawled over and took the cigarette from his hand.

“Did you miss me?” ye Mulin looked at her.

Bai suili wanted to get out of bed, but he reached out to stop her, as if she wouldn’t give up until she got an answer.

She looked up at him, her eyes misty. She lowered her head.”it’s useless to think about it. i can’t even fill my stomach.”

these words were said in a daze.

he was angry and laughed at the same time. he stared at her for a while before asking very gently,”Then it seems that you still miss him, don’t you?”

she didn’t make a sound and just sat by the bed, crying. her big tears fell drop by drop and fell on her pants.

she didn’t wipe it off and just cried like a child.

In the past, ye Mulin wouldn’t have taken a liking to such a crybaby, but since she was his little wife, he seemed to have taken a liking to her. His voice became gentler,”why are you crying again?”

he reached out to wipe her tears, but she pushed them away. ” it’s none of your business. ”

he laughed. seeing her cry like a child, his heart ached a little. ” okay, stop crying. i’m still here, aren’t i? ”

she had only been crying, but now she was smoking.”i haven’t even eaten a meal that you cooked. why should i have to wait on you when you’re lying here? i’m still hungry.”

“Ye Mulin, I hate you. I hate you to death.” She bit her lip.

His heart felt warm and indescribable. if you hate me, then hate me. Alright, stop crying.

he turned her little face around and gently wiped her tears away. her eyes were red from crying, making her little face even paler. he was a little moved and couldn't help but kiss yingying again.

he kissed her gently, and his fingers caressed her face lovingly. it was cold, but it was the most real feeling.

The door opened quietly. Secretary li stood at the door and stuck out her tongue before leaving.

however, ye mulin noticed her presence and called out to her. " secretary li, bring the food in. "

His millet worm was already famished and was even angrier at him.

secretary li, who was at the door, nodded and entered. bai sulli was still in ye mulin's arms, and she was very embarrassed.

ye mulin acted as if nothing had happened. he walked over and served her some food."come here, i haven't eaten yet."

She glared at him.

Chapter 3392: Did you miss me? Part 2

Secretary li was amused-

Lawyer ye said that he didn't have long to live. Why did he take care of her now? luckily, Mrs. Ye was easy to deceive. Otherwise, she would have exposed this trick long ago.

Ye Mulin gestured for Secretary li to leave while he pulled his rice weevil over to eat.

She was indeed hungry, so she didn't refuse.

bai sulli peeked at him from time to time as she ate. he took a piece of potato for her and asked, "what are you looking at?"

she shook her head and continued eating, but she started crying again.

...

ye mulin felt helpless and took a tissue to wipe her tears. "You're crying again, aren't you?"

tears fell from her eyes, and her nose was red. she bit her lip. "ye mulin, i will take care of you until you die."

At first, when he saw her small appearance and red Nose, his heart was a little swayed. He thought that it would be particularly interesting to press her down and bully her like this. However, after listening to her speak, the charming feeling in his mind suddenly disappeared. He glared at her and said, "are you here to take care of me or to anger me to death?"

Bai suili raised her eyes and looked at him with tears in her eyes. She didn't argue with him, just shed tears.

They fell, making him feel upset and upset.

Finally, he sighed. alright, I'm not blaming you. Stop crying, okay?"

she looked at him and stopped crying. the way she was about to cry made him want to kiss her hard.

"Ye Mulin, I'm always angry with you. If someone else takes care of you, you might be able to live for a few more days." she sniffled and said quite seriously. at the thought of him dying, she couldn't even eat rice.

Ye Mulin was helpless and could only coax her. What else could he do?

after coaxing him for a long time, she finally believed that whether he was dead or not had little to do with her care. she then happily continued to stay and take care of him.

she said she was taking care of him, but what could she do? she couldn't do anything.

In the afternoon, the helper came over to bring ye Mulin's clothes over and hung them up. Of course, she also helped Bai Sulli hang them up. While hanging them up, she smiled and said, Madam, let me help you wash it. You didn't wash these clothes very well.

Sigh, it's hard to describe the clothes inside. Fortunately, Madam came out wearing clean clothes.

ye mulin leaned against the headboard and tugged at her clothes. "How is this clean?"

She sat on the bed and peeled an Apple for him, saying softly, "These are sisi's clothes, don't you see that they're a little small?"

After she finished speaking, ye Mulin felt as if his throat was blocked and he felt very uncomfortable.

"is it because you don't have the money to buy a new one?" he asked in a low and hoarse voice after a long time.

Seeing him like this, she seemed to have realized something and whispered, "A lot of my clothes need to be dry cleaned. I don't know how to dry them, and I don't want to bother you, Yingluo. Actually, sisi's clothes are quite good, they're quite comfortable."

Ye Mulin felt uncomfortable and looked at her for a long time."then, doesn't she usually give you pocket money?"

" yes, she would give me a week's worth of food, but i spent it all in a day, " she confessed.

his heart was wet as he asked softly, "Why don't you want more?"

she glanced at him and said in a low voice, "it's good enough to have a meal at someone else's house. you can't ask for this and that. i'm not your husband."

Although she usually fought with Lin sisi over this, she knew in her heart that she was living under someone else's roof. She couldn't make unreasonable requests.

ye mulin's heart tightened and he blurted out, " "why didn't you come to me?"

Chapter 3393: did you miss me?(3)

Bai suili looked at him. after I left home, you and AI Wei were in Hong Kong. You lived in the same hotel and were even photographed. You didn't explain when you came back and even signed the divorce agreement.

he fell silent and reached out to stroke her head. " it won't be like this in the future. "

you're going to die anyway. Even if you want to do this, you won't have the chance. After she finished speaking, she hung her head and did not say anything else.

Ye Mulin was angry and his heart ached for her. Just as he was about to say something, her hand trembled and she accidentally cut her finger. Blood immediately flowed out.

she was frightened and cried out in pain, "it hurts so much, yingluo."

Ye Mulin was also a little surprised. He immediately took the knife from her hand and pressed on her wound. He said to Auntie li, "go and call the doctor."

...

The Auntie thought something big had happened, so she ran out and called Qin Chen and two nurses.

When he came over to take a look, it was only a one-centimeter wound, and it was very shallow.

qin chen bandaged the wound very carefully and teased, " fortunately, I called out early. Otherwise, my wounds would have healed by the time I came over.

Bai suili was stupid and couldn't understand, so she didn't think much about it.

Ye Mulin could tell that this black-hearted doctor was just teasing him. He glanced at her and warned her not to go too far.

For the sake of the 20 million, Qin Chen didn't argue with a man who couldn't fulfill his desires and left with the two nurses.

Bai suili lowered her head and looked at the wound sticker on her hand. "It still hurts."

Ye Mulin's heart softened. He felt very comfortable even when he saw her trying her best to be pretentious.

Rather than saying that she was the one taking care of him, it was more accurate to say that he was the one taking care of her.

He didn't need her to do anything with the apple. After he peeled it, he gave her half of it. The expression on her face as she ate it made his heart ache. He wanted to ask her if Lin Sisi wasn't going to buy it, but then he remembered that "Sisi isn't my husband" and swallowed it again.

It was wonderful to stay there quietly like this. It was so wonderful that Ye Mulin was willing to stay in the hospital for the rest of his life.

"Lawyer Ye, do you need me to make dinner?" the helper came over after she was done packing.

Ye Mulin thought for a while and said, "No need." You can clean it up at the apartment, Qingqing Shirley will take care of it here."

The auntie felt guilty too. "Lawyer Ye, I'm sorry. I didn't know about that Wanwan either."

Before she could finish, Ye Mulin interrupted her, "I'm fine."

The auntie had always been a little afraid of him, so she didn't dare to say anything more after he said that. Besides, the reunion of the young couple was better than anything else, so the auntie went home happily.

As soon as she left, Bai Sulli and white rice worm asked worriedly, ” “Auntie’s not here, what about dinner?”

“I’ll do it.” He said calmly.

She widened her eyes.

he pinched her nose and asked nonchalantly, ” “do you want to do it?”

She didn’t even know how to cook. She didn’t even know how to cook, so how could she know, Yingluo?

“then who will wash the clothes?” she asked after a while.

I’m here to take care of you, ” he said slowly, looking at her. don’t tell me you want me, a dying patient, to wash your own clothes too? ”

The rice worm lowered its head. you were the one who said that I just wanted to stay by your side. You’re lying again, Yingluo.

He was so angry that he almost cried.

She was still in the right.

He had thought that she would change a little after living a hard life outside, but who knew that she was just as lazy as before? just as he was about to wring her and educate her, she lowered her head again.”I’ll learn, I’ll learn. It’s just that it’ll take a little longer, ran ran.”

however, the washing equipment here was different from the ones in the ye family and the apartment. it needed to be dried by hand and would not dry directly. she looked at him.”It’s so troublesome, so difficult.”

“You’re too stupid.” he leaned against the wall and couldn’t help but complain.

He suddenly felt that life was perfect. It was because of the existence of such an imperfect thing as Bai Xue Li that life was so perfect.

his expression became especially charming as he watched her walk around the balcony, his heart full.

bai suili turned around and met his eyes, and she was stunned.

she stood still and looked straight at him, her lips moving.

...

“Why are you looking at me like that?” He smiled and walked over to caress her little face.

she stared at him for a while and said in a low voice, ” “if you don’t look at me, how would you know that i’m looking at you?”

After she finished speaking, she felt that she was really smart and really wanted to applaud herself for her intelligence.

ye mu lin smiled and moved his finger to her lips. he said softly, ” “yes, i’m looking at you.”

then, he kissed her again.

he was afraid that she would struggle, so he held her in his arms and kissed her gently.

It was very gentle and very lingering. Bai Sulli’s head was dizzy. She felt that this was not right, but she couldn’t say what was wrong. She opened her big eyes and saw his good looks.

For the first time, ye Mu Lin was satisfied that he could win her over with his looks.

Not only was this rice weevil shallow, but he also knew nothing and was quite perverted.

She thought about mu Bai, Gu Changfeng, and the male gods she had pursued. All of them were good-looking.

Just thinking about this made him feel uncomfortable again. He was also a little angry that Huahua's kiss had become a lot fiercer. She couldn't take it and retreated step by step until she was pressed against the wall. Her back was hurting from the impact.

Ye Mulin kissed her for a long time before letting her go. Then, he walked back to the ward without saying a word.

Bai suili had been kissed by him like this, and he suddenly stopped kissing her. She was also angry, okay?

unpredictable, menopause!

She bit her lip. if you keep getting angry like this, you'll die faster.

ye mulin was flipping through some documents and was enraged when he heard this."Bai Sulli, do you wish for me to die a little faster?"

She didn't say a word and froze for a moment. Then, she looked at his ashen face in a daze.

that's right, whenever he was angry or unhappy, he would give her a hard time. what's the big deal? he was about to die, but he still asked her to take care of him. why should he give her a hard time? huahua, she was clearly living well outside.

She waited for a while, but his face was still dark. She felt a metallic taste in her throat. Finally, she bit her lip and took her luggage over. She threw the clothes that the helper had washed in one by one. She didn't know how to fold them, so she stuffed them all in a mess and cried as she stuffed them in.

She didn't care about him anymore. She didn't care if he lived or died. They were going to get a divorce anyway.

When ye Mu Lin heard the commotion, he paused for a moment before asking, "what are you doing?"

"let's leave this place." She lowered her head. give me a hundred Yuan for the road fee.

"why should i give you money?" he asked, staring at her.

she looked up at him, her eyes filled with tears.

after staring at him for a while, she did not say anything else and just walked out with xiao bai in her arms.

"bai sulli, do you always use the excuse of running away from home to solve everything?" ye mulin pulled her back.

She lowered her little face and gave a faint smile."Home? ye mulin, is this my home?"

Chapter 3395: Did you miss me? 5

His heart softened when she said that. He sighed. "Why is it like this again?"

She didn't care. She pulled the door open and was about to go out when a loud noise came from behind her.

Bai suili was shocked and immediately turned around.

Ye Mulin lay on the bed, his face full of pain.

the luggage in her hand fell to the ground. she ran over to help him without caring about anything else.”ye mu, lin qianqian, what’s wrong with you?”

“it hurts here,” he said as he clutched his chest.

...

She panicked.

he grabbed her hand and rubbed his chest. ” help me rub it. ”

she had never thought that ye mulin would use such a low-level technique.

bai suili was such a straightforward little girl. although she hated him and wanted to divorce him, she was a little reluctant to see him in pain. she rubbed his head and looked at him with tears in her eyes.”How are you?”

his expression was calm as he stared at her quietly.

She did not make a sound.

“If you give me a kiss, I might feel much better.” his voice was low and hoarse.

” really? ” bai xiuli’s eyes widened.

“Really,” he smiled.

he had never thought that she was so easy to deceive, but at this moment, she really leaned over and kissed him on the lips. ” “are you feeling better?”

Ye Mulin looked at her anxious little face and his heart softened with a trace of guilt.

he seemed to have gone a little too far with her.

He reached out and gently caressed her small face, his voice low and hoarse. "much better,"

She looked at him for a while before she realized that she was in a wrong position. She was almost lying in his arms, so she got up in a hurry. "I'm crushing you."

Ye Mulin pulled her back into his arms. "don't leave, i apologize."

she was silent for a while before she asked softly, " "is it because you're seriously ill that you want me to come back?"

he smiled.

"That's good, but you can't just kiss me like that," Bai Sulli also smiled.

She lowered her head and lowered her voice. I don't want to do it with you either. What if we end up with a child? I don't want the child to be born without a father.

His face darkened and he stared at her.

Bai suili didn't back down this time. She said very softly, "We've already agreed to live separately."

"so, taking care of me is a favor?" he asked.

"Yes, if you think it's not enough, you can find someone else." Her voice was soft but firm.

ye mulin looked at her and realized that his little rice weevil had grown up. he was different from before.

He sighed and agreed. Then, he took the documents and went into the study to deal with them.

bai suili bit her lip behind him, thinking, "do people with terminal illnesses have as much energy as he does?"

after a while, his voice came from the study, " "get me a glass of water."

Oh, " she replied and poured him a glass of water before entering the study.

He sat behind the desk, and the pile of documents in front of him made her blink. So many?

would he die before he could even finish dealing with it?

ye mulin was fully focused on handling the matter. occasionally, he would look up and see her standing at the door. " why aren't you coming over? "

bai suili walked over and placed the glass of water in front of him. then she picked up the documents in front of him. " you're already like this, and you're still working? you don't even have anywhere to spend the money you earn. "

He glared at her.

She was not afraid of him and continued to glare at him.

Ye Mu Lin stretched out his hand to grab it, but she took a step back. "i'm not giving it to you."

Ye Mulin stood up and walked over. She turned around and ran, but he still blocked her at the door ...

Chapter 3396: did you miss me? 6

Her back was against the door, and in front of her was a beast-like man.

“shirley, give me the documents.” He patiently coaxed her, not actually angry.

there was no end to work, but she had just returned, and it had been a long time since she had this kind of fun.

she stubbornly held onto the documents. ” no. ”

“if you continue to work like this, i will leave and not take care of you.” she bit her lip and glared at him.

These words were childish again.

...

Ye Mulin was both angry and amused. He reached out and pinched her face.”then tell me, if i don’t work, will you accompany me?”

Her eyes were wide open as she looked at him.

he took the documents from her arms and threw them aside. then, he reached out and picked her up.”accompany me for an afternoon nap.”

she was a little confused as she was held in his arms ...

he was a patient. wasn’t he a little too strong? also, she was taking care of him, not sleeping with him.

however, he was very strong. he carried her to the bed and held her tightly, not letting her move.

this was the first time in many days that they had slept in the same bed. they did not have any clothes except for the blanket.

Bai Sulli didn’t want to sleep with him, but after eating, her stomach felt warm and comfortable. She fell asleep in his arms after a while.

He was sleeping soundly.

However, ye Mulin did not fall asleep. He lowered his head to look at the little thing in his arms and smiled ...

If she were to take care of a patient like this, she would be more like being taken care of by someone else.

He closed his eyes. There was always so much work to do, so he slept with her in peace.

These days, she had been eating and sleeping well, but he had not had a good night's sleep. Now that he was hugging her, he had a good sleep.

When he woke up, the sky was already dark, and the lights in the ward were dim. If it wasn't for the smell of medicine, he would have thought that they were on the big bed in his apartment.

Ye Mulin woke up. He opened his eyes and saw her big, bright eyes looking at him in the dim light. "ye mulin, i'm hungry."

he found it funny. " what else do you know besides eating? "

She did not make a sound.

in fact, there were many things she could have done in the past, such as attending all kinds of parties. but now that she had no money, she could do nothing but eat.

"you were the one who said you'll provide food and accommodation," she whispered as she lay in his arms.

He propped himself up, turned on the light, and glared at her. "You're taking care of me so that you'll cover my food and accommodation?"

she also sat up slowly. " what else can i do? "

“Can’t you just have some dreams like saving me or getting me back!” He was furious.

“i’m not a doctor,” ” besides, why would i want to get you back? ” she said softly. ” it’s your fault. i’ve already decided not to like you anymore. ”

ye mulin felt that he had asked for it. even if he wasn’t sick, he would have fallen ill from anger because of her.

He stared at her for a long time before he asked,”you want me to die so badly?”

” you’re the one who said you won’t live long. i can’t do anything about it. ” “No one cares about my life or death!” She said, exasperated.

– So why should I care about your life!

“are you speaking from your heart?” ye mulin asked softly.

She lowered her head and didn’t say a word, but her tears fell.

It was obvious that she didn’t mean what she said.

ye mulin did not expose her. he reached out and pinched her small face.”i’ll cook for you.”

There was a kitchen here, so they only needed to get someone to send the food over. Ye Mulin ordered the food using Meituan, so he prepared it there. Bai Sulli just watched from the side as Yingluo ordered food. She never knew that she could order food on the phone.

Chapter 3397: Did you miss me? 7

She leaned over, leaned over, and was almost on his shoulder without even realizing it.

Ye Mu Lin glared at her. idiot.

bai suili snorted, but she was still interested in this. ” how did you do this? ”

After ye Mulin ordered all the dishes he needed, he slowly put away his phone.”You need the next Meituan, and you can do it by binding it to your own bank card, but you have to have a bank card first. Do you have one? oh, you also need money in the card.”

No matter how stupid Bai suili was, she knew that she was being ridiculed and despised by him, and tears began to well up in her eyes.

don’t cry, rice weeps!

...

After crying for a long time, she snorted.”without you here, these are all my inheritance.”

once again, ye mulin was angered by her. his face was ashen as he lifted the blanket and looked at the luggage at the door.”hurry up and dry it.”

for a bite of food, bai sulli gave up her pride and face. she ran over and opened the suitcase, then bit her lip. ” “The smell of the clothes has changed.”

he walked over and looked down at the poor little puppy. ” you don’t know how to wash? ”

She squatted there. I won’t.

He really wondered how she had managed to survive these few days, and how Lin sisi was willing to tolerate her.

he reached out and pinched her little face. ” you haven’t improved at all. ”

He was about to grab her suitcase when Bai Sulli suddenly hugged him ...

she hugged him tightly and stubbornly.

“Ye Mu Lin, don’t die, okay?” she said softly.

his heart instantly softened. ” what’s wrong? didn’t you want to split my inheritance just now? why are you so reluctant to see me die now? ”

She didn’t say anything and just buried her face in his arms.

She didn’t want to admit that she couldn’t bear to part with him. The only thing she was willing to admit to him was that she couldn’t bear to see him die.

She was really unwilling to return to his side, but she couldn’t just leave him be.

ye mulin seemed to understand her from her rascal-like hug.

he allowed her to hug him and slowly hugged her.

He thought he understood her, but he didn’t say it out loud and just hugged her.

He helped her wash her clothes, taught her how to wash them, and even taught her how to hang the clothes to make them look good and wear them as if they were new. He taught her a lot, but she hugged him and cried sadly.

in fact, after she found out that he was going to die today, she had cried many times.

She was afraid.

She was afraid that the man she hated to the core would die. She was afraid that if he really died, she would not even have the chance to hate him.

Ye Mulin reached out and patted her. you still need to check. You might not really die. Look at how scared you are.

She was stunned for a moment, then lowered her eyes. "I'll leave if you're fine."

He smiled and did not say anything.

At this moment, the delivery man came over. The nurses at the door were all whispering to each other.

This ward was 10000 a night. Lawyer Ye had really made full use of his abilities and used it as a hotel.

Ye Mulin went over to bring the vegetables in and went to the kitchen to cook.

She just watched by his side and said that he would teach her and she could cook for him in the future.

He knew in his heart that all of this was built on the foundation of his illness, so he couldn't get better. Wanwan, he had to think of a long-term illness, one that couldn't be cured but couldn't die!

They hadn't had a meal together for a long time. He made a few home-cooked dishes and they seemed to taste great.

Bai Suili was watching from the side, but he refused her offer to help.

He hesitated for a moment. I'll do it!

He reached out and took her hand ...

After wandering for so long, her hands were still so thin and white. There was no one else like her!

He had cooked and ate with her. He had even washed the dishes.

Finally, the rice weevil came to a realization and asked uneasily, ” “Ye Mulin, should I do something?”

“help me shower,” he said after some thought.

in order not to give her a chance to reject him, he walked into the bathroom as he spoke.

bai sulli came back to her senses and ran in,”you can wash it yourself, yingluo.”

However, she closed her eyes the moment she opened the door!

...

His clothes had already disappeared.

moreover, he was full of energy, not like a sick person at all!

“I need to conserve my energy,” ye Mulin said in a calm voice.

“Why do you want to save your strength?” She put down her hand and bit her lip.

his eyes seemed to be fixed on her, and he looked at her for a long time before he said,”Bai Xue Li, you don’t know?”

Her thoughts went astray and she thought of what happened on the bed, so she leaned against the wall. “you shouldn’t be thinking about this kind of thing, and i’m not willing to.”

When she said these words, she did not have much confidence.

“Bai Sulli, you think I want to sleep with you?” he laughed.

her eyes were fixed on his dazed gaze.

This was how his body expressed it. It had already been a minute, and he was still so interested in this matter!

“still not coming over.” “i’m talking about business,” he said in a deep and hoarse voice.

He stood under the water, closed his eyes, and said softly, “those work matters were taken up in the past. People should be bound by the Spirit of the contract.

After talking for a long time, she didn’t say anything.

he opened his eyes and looked at her, then said softly, “Come here.”

She still walked over slowly and quietly took shower gel to help him wipe it down, one step at a time.

he closed his eyes in enjoyment, and after a while, his voice was a little low.”And below.”

She was a little sloppy down there. He was a little dissatisfied, but he didn’t say anything. He stood up straight and let her clean her body and put on the bathrobe to fulfill the contract.

after he left, the rice weevil realized that his clothes were a little wet from the water. he thought about it and took a shower too.

However, she did not have any clothes to change into. She peeked out and found that ye Mulin was not in the ward. He should be in the study.

Hence, she carefully wrapped herself in a bath towel and went out. She bent down to find one of his shirts and put it on. She wanted to wait for the clothes to dry before secretly wearing them back.

However, she was so tired that she fell asleep as soon as she lay on the bed.

ye mulin was busy until it was almost midnight before he returned to the ward. the moment he entered, he saw the person who said that she wanted to take care of him lying comfortably on the bed, sleeping soundly.

the room was dark, and she was lying there quietly. he couldn't help but take two steps forward, and then he realized that she was wearing his shirt.

His heart skipped a beat, and he sat down to look at her.

The top two buttons of his white shirt were unbuttoned, and he could see the spring scenery from his direction.

his adam's apple moved uncontrollably, looking extremely sexy in the dim light.

he placed his hand on her shoulder and hesitated for a moment before pushing her away. " "you're sleeping like a pig,"

she woke up, rubbed her eyes, and looked at him in a daze."ye mu lin."

his long and beautiful fingers touched her neck. " why are you wearing my shirt? "

she sat up immediately and thought for a moment. " i don't have any clothes to wear. "

his fingers were still on the button as he chuckled. " "these are my clothes. i have to take them back."

after he finished speaking, he started to move around.

Initially, he didn't plan to do that anymore and wanted to take a break, but she was waiting for him in bed dressed like this. If he didn't do anything, he wouldn't be a man.

Hence, she was dragged out of the blanket by him and took back his shirt in a few moments.

## Chapter 3399: washing away a portion of my humiliation 2

Bai suili's nose was red, and she looked at him under the dim light,"Ye Mulin, I don't want Yingluo."

He lowered his head and kissed her, his voice hoarse. didn't you say one minute for me? I'll show you if it's one minute, okay? "

lawyer ye's words were true, and he was a man of his words.

Many one-minute moments turned into one night.

The next morning, Mama ye came over.

when he received the news that his son was hospitalized, the father could choose not to come, but the mother had to come. ye mu bai was also there.

...

When ye mu Bai saw Bai suili lying on the ye family's eldest son's bed, he reached out and touched his nose. He knew what had happened.

Mama ye asked the accompanying servants to wait outside while she walked over to take a look at the situation.

His sick son was in good spirits and was leaning against the head of the bed, reading some documents. His wife, who had not been seen taking care of the patient for a long time, was sleeping soundly at the side with a tired face.

mama ye knew her son's bad temper well. she rolled her eyes at him. Shirley just came back and you're already like this. Don't you want a wife anymore? "

Ye Mulin put down the document and looked down at the person in his arms. He smiled.

She got off the bed quietly. let's talk in the small flower Hall.

ye mu bai gave him a mocking look. ye mu lin walked to the small living room and sat down. he took a sip of hot tea and said slowly, "Absence makes the heart grow fonder. Mubai, you don't understand."

Ye mu Bai took an Apple and took a bite. what if I really get married to Xue Li one day? what will you do? "

In fact, no matter how much he thought about it, he felt that something was wrong.

his big brother really didn't like women, and with his current status, it was even more unlikely for him to like bai xue li. although xue li wasn't annoying, it really wouldn't make his big brother unable to let go of her.

There was only one possibility, and that was that he had fallen for her long ago.

That's why he had to marry her on her behalf that day. Otherwise, why would big brother make things difficult for himself?

Ye mu Bai finally understood and found it a little funny ...

His big brother was really a very reserved person.

hence, in front of their mother, ye mu bai exposed his tough character. "big brother, I don't understand. We grew up together. When did you, Qianqian, like Shirley? "

The moment he asked, not only was ye Mulin stunned, Mama ye was also stunned.

mama ye was a little flustered. "didn't xue li chase you around in the past, mubai? "

afraid that bai xiuli would wake up, mama ye even lowered her voice on purpose. she had always been steady and gentle in her life, and it was rare for her to be like this.

ye mu bai's gaze fell on his elder brother's face, which did not look too good, and he slowly said, "but that doesn't stop someone from secretly having a crush on her!"

a crush?

the night mother was stunned for-moment-

That eldest son of hers who seemed to have lost his seven emotions and six desires?

She looked at ye Mulin and asked, "is what mubai said true?"

ye mulin was holding a cup of tea in his hand. he glanced at his mother and then at his brother. his eyes were fierce."Mubai, don't spout nonsense!"

"big brother, is it that hard to admit that you like her?" ye mu bai sighed.

ye mu lin lowered his head and played with the cup in his hand. he smiled."I didn't say I didn't like her."

If he didn't like her, he wouldn't have broken so many exceptions so easily.

"i mean before, before you two got married." ye mubai smiled mischievously.

"Mubai, what are you trying to spy on?" ye Mulin was still inscrutable.

There was something in ye mu Bai's hand. It was very thin and small, and he placed it on the table.

mama ye took a look and saw that it was bai suili's id photo. it was black and white, and she looked like she was in high school.

"mubai, why do you have shirley's photo?" she asked.

Ye mu Bai smiled and looked at ye Mu Lin."This is from big brother's wallet. He seems to have used that wallet for many years."

The voice was getting more and more teasing. "big brother, you're really good at hiding things. i'm really worried that you'll seduce shirley if i get married to her. "

It wasn't Shirley who seduced him, but his big brother who seduced Shirley?

nonsense, " Mama ye said in a deep voice. Shirley is your brother's wife now.

...

However, she did not expect ye Mu Lin to reply to her question."If you don't like her, I will."

ye mu bai was stunned for a while before he laughed to death. in the end, he was chased away by mama ye.

Mama ye was angry and amused at the same time. She looked at her eldest son with pride and a little embarrassment.

now that there were only the two of them, she warned him nicely, " " you can't bully shirley anymore. although she's a little stupid, she's very innocent. "

"Mom," ye Mulin frowned.

"you're bullying her. she's a few years younger than you, and i know how strong you are. she's the same as you when you're old. Who doesn't want to see the ye family's reputation and your wealth? otherwise, they would love you to death and cook for you just because of your bad temper." Mama ye saw through her. only people like Shirley who come from a big family don't care about these things. She would rather go out and beg for food than be with you.

Bai Xueli rubbed her face against Lin sisi and begged for food from Mama ye's mouth. Thinking about her precious daughter-in-law looking at other people's faces, she felt bad. In the past, she was also the one who washed a pair of underwear for Xue Li.

mama ye said a lot, but she still left in the end. she couldn't wait to kiss her little wife again.

After the ward became quiet again, ye Mulin then realized that his mother did not seem to have asked about his condition.

however, he quickly let it go ...

that's right, he had exhausted the rice weevil to such an extent, so one could imagine what his illness was.

He wasn't in the mood to read the documents and went to the bed.

She was still sleeping, probably really exhausted.

He sat down and reached out to gently caress her delicate face. When he thought of how she had hugged his neck and begged him to end it again and again last night, his heart throbbed and his body began to move again.

His Adam's apple bobbed, but he managed to hold it in and smiled.

the future was long.

when bai xiuli woke up, it was already noon, and the air was filled with the fragrance of food.

she sat up and scratched her head. she also heard the noise from the kitchen.

Secretary li had come over and was discussing something with ye Mulin. It seemed like there was something that he had to deal with at the office.

She couldn't hear him clearly, and just as she thought about it, her phone rang.

she was shocked and quickly picked up the call. it was lin sisi.

She had gone on a business trip for the whole day and only returned at noon. When she returned, she saw that the rice weevil and the little jerk had disappeared, so she called."Bai Xue Li, where are you?"

I'm in the hospital. Bai suili covered the microphone and bit her lip.

"What's going on?" on the other side, lin sisi was already changing her shoes and walking out. she spoke as she walked.
