

## Thank you 3401

Chapter 3401: washing away a portion of my humiliation 4

it's nothing, " Bai Sulli quickly said. ye Mulin is sick, so I came over to take care of him.

her voice was getting smaller and smaller, and she was losing confidence.

as expected, lin sisi sneered. " "You're really promising! why didn't he ask ai wei to take care of him? Bai Sulli, if you have some backbone, come back. It's worthless for a woman to surrender so quickly. It's easy for him to cause trouble again once his wound is healed. Men's illnesses are caused by being spoiled."

"But he may not live long," Bai suili said in a small voice.

lin sisi stood at the door and sneered in her heart."Bai Sulli, are you in bed now?"

The rice worm looked at the empty men's shirt on her body and did not say anything.

...

Hearing her silence, Lin sisi knew what to do and sighed. "do you think that such a lively man will not live long? bai sulli, can you grow some brains?"

she hoped that bai suili and ye mulin could reconcile, but not in this way. it should be ye mulin who put down his status and begged for it, not lying.

He could trick her into giving her a candy and then slap her in the face one day. This would hurt him a lot.

bai suili felt even more guilty when she heard lin sisi's anger. " then, can i come back? "

lin sisi stopped her,"there's no need, you can stay here!" remember, come back whenever you're not happy. i'll take care of you."

bai suili was stunned, and then whispered, "Sisi, I will work hard to support myself. It's true."

lin sisi was stunned for a moment. then, she realized that she might have misunderstood her. perhaps she was soft-hearted, but her bottom line had always been there. it was just that it was so vague that she could not see it. perhaps ye mu lin could not see it.

She thought about it and suddenly smiled. call me if there's anything. Keep the keys and don't lose them. Also, Yueyue, take good care of Xiao Bai.

Bai suili smiled, her eyes sparkling.

sometimes, a woman's friendship was really unpredictable. they were clearly love rivals, but now they were best friends.

Lin sisi hung up the phone and called Qin Chen. After she hung up, she sneered-

As expected, it was a trick to hurt himself.

however, she didn't tell bai sulli because ye mulin was very busy and he couldn't stay in the hospital all the time.

just like now, secretary li came over and complained, " there are many things that you have to solve personally, lawyer ye. we can't make the decision. "

as she spoke, she looked at lawyer ye cooking. it was really hard to imagine lawyer ye being a homemaker, but now she saw it.

ye mulin placed a dish that he had just finished cooking on a plate and muttered to himself. " i'll go to the law firm in the afternoon. "

Secretary li nodded and tactfully said, " then I'll go back first. I won't disturb you anymore, lawyer ye.

she turned around and saw bai sulli standing behind her. she was shocked and tried to recall if she had said anything she shouldn't have.

"Mrs. Ye," he greeted.

Then he looked up and down at Bai Sulli ...

she was only wearing a men's shirt, and her exposed neck was full of hickeys, messy and ambiguous.

Secretary li was cursing in his heart-

lawyer ye, this dying patient, was really good at acting!

This way, if he were to die, he would die on a woman.

Secretary li left after complaining. Ye Mu Lin's gaze also fell on Bai Xue Li's face. After a while, he whispered,"Go change your clothes and put on your shoes."

"my clothes are not dry yet." "Ye Mulin, you're sick and you still have to go to the law firm?" she walked over and hugged him.

She saw that he had a hard time cooking, washing her clothes, and even helping her with her work. Wasn't that a little too much?

He lowered his head to look at her, feeling guilty? Have you found your conscience?"

Chapter 3402: washing away a portion of my humiliation (5)

bai suili buried her face in his chest,"you teach me and i'll cook for you."

Ye Mulin's heart felt warm, but after a while, he still asked her softly, " " shirley, if i wasn't sick, would you still take care of me? "

"You're not sick?" she looked at him for a long time.

There was a hint of wariness in her eyes, a small sharp glint.

Ye Mulin sighed. of course I am! (and he's quite sick!)

After she finished speaking, the guard in her eyes lowered a little, but she still hugged him and refused to let go.

...

Ye Mulin's expression softened and he hugged her. "Let's eat, huh?"

bai suili looked around the ward and turned her head away."Did mom come by?"

Her words made him feel good, and he ruffled her hair.

After dinner, he changed his clothes and prepared to go to the law firm. Bai Sulli followed him to the dressing room and watched him change into a shirt, tie a tie, and put on his cufflinks.

She looked at his neat appearance and frowned. "You really don't look like someone who's sick,"

ye mulin tidied himself up in front of the mirror. their eyes met in the mirror. then, he smiled and reached out to hold her shoulder. " believe me, she's really sick. "

he leaned close to her ear and said, " lovesickness. "

She was stunned for a moment, while he was half-telling the truth.

"Be good and wait for me here." "i'll be back before seven," he said, looking at his watch.

after saying that, he pinched her little face and walked out, looking very noble.

which part of him looked like a patient?

bai suili bit her lip and walked to the door, ” “You don’t need me to take care of you?”

“Let’s have dinner together tonight. I’m not lying this time.” He turned around.

“oh,” bai suili replied.

She was willing to believe him this once.

After he left, she started to cook in the kitchen, recognizing each dish one by one. Then, she searched for cooking methods on her phone, but she couldn’t come up with anything the entire afternoon. There were even two small deep-fried wounds on her face, which were extremely painful.

It wasn’t until night time that she decided to fry some ribs. Although it didn’t look good, it tasted okay.

Ye Mu Lin had returned at around six O ‘clock and did not look tired at all. After he opened the door and smelled the scent, he frowned.”You went to the kitchen?”

Bai suili stood there, her hands behind her back. guess what I did? ”

Ye Mulin looked at the kitchen behind her and smiled. “Let me see.”

She refused to give it to him and insisted on him guessing.

Ye Mulin did not say anything. He went over and put one hand around her waist. He reached behind her with the other hand and snatched the plate from her hand.

be careful! Bai Sulli shouted anxiously, ” don’t spill it. It wasn’t easy for me to blow it up.

He took it and looked at it, then laughed in a deep voice.

She was always afraid of spilling it and didn't dare to move it, but he still took it.

There was a plate of fried ribs that was slightly charred, giving off a slightly burnt smell.

“You blew it up?”

She grunted in agreement and looked at him pitifully. “Look at my hands and face. They’re burning.”

her face was fine, but there was really a blister on her hand. she stretched her hand out to show him.

ye mulin looked on quietly and felt a little sour in his heart. ” silly! ”

“you’re sick. i can’t always ask you to cook for me.” “take a look and see if it’s delicious,” she said as she looked up.

his gaze was still on her.

“ye mulin, do you think my food is not good?” she asked uneasily.

He shook his head and smiled. “no, it’s because i’m gratified.”

he hugged her, one hand holding her and the other holding the plate. he pressed her small head into his arms and said softly, ” “I’ll make it for you in the future. Don’t touch these things.”

“how long can you stay with me in the forest?” she asked in a low voice.

he looked at her.

she raised her head and smiled.”I have to grow up on my own, isn’t that ye Mulin?”

At that moment, his throat seemed to be blocked, and he couldn’t say a word.

Her furry head was buried in his arms. Suddenly, she reached out to hug his waist childishly and threw herself into his arms.

“bai shirley, did you come back because i was sick?” he whispered.

she didn’t say anything and just hugged him. after a while, she looked up.”why don’t you try the taste of the ribs?”

...

He laughed as she held him in her arms. He held the plate in one hand and tried a piece.

It didn’t taste good, but it was still edible.

his brows slowly relaxed and he pinched her face. ” “it’ll taste better with some salt.”

She smiled. Oh.

He reached over to take the salt, sprinkled a layer on it, and put a piece of rib in her mouth. “Try eating.”

The way she held the ribs in her mouth was like a little puppy. He found it quite interesting.

thus, he sat down patiently, held her in his arms, and fed her piece by piece.

Bai suili ate it piece by piece, and before she knew it, she had already finished half a plate. She shook her head, “i can’t eat anymore.”

He smiled and ate a few pieces. Then, he ordered a meal and a bottle of red wine. Of course, he did not drink it for himself. He was a patient, and it was for the person who was taking care of the patient.

Bai suili looked at the red wine and lowered her eyes. “I’ve forgotten the taste of red wine. I don’t think I should drink it!”

She smiled at him, and his heart ached when he saw her careful look.

This was actually the best time to tell the truth, and it would be easier to get forgiveness. His lips moved, and he was about to speak when his phone rang.

It was a call from his father, asking about him and Bai Sulli. He could tell that his father had something on his mind and wanted to ask, but Sulli was there, so he didn’t ask.

when he put down the phone, she had already run far away. he called her name.

“My stomach hurts,” she said from the toilet.

ye mulin recalled for a moment. he had probably eaten too many ribs.

He knocked on the door. can Shirley come out? I’ll take you to the emergency room.

she refused and said angrily from inside, ” “It’s all because you fed me so many ribs. Ye Mulin, I hate you to death.”

“Didn’t you fry the ribs?” he laughed.

“Then go away, you don’t need to care,” she said angrily.

He laughed. He found it funny, but his heart ached for her, and he felt a little sour.

after waiting outside for a while, he heard her soft wailing from inside. he could not wait any longer, so he pushed the door open and walked in ...

The rice weevil was sitting on the toilet bowl, his face pale.

His laughter immediately disappeared. He squatted down in front of her and said, "does it hurt?"

Tears welled up in her eyes. get out!

Even a married couple would not want to be seen in the toilet, especially when they were in such a sorry state!

She tried to push him away but failed. Instead, he grabbed her hand. "Put on your clothes and call me later. I'll come and take you to the emergency room. Otherwise, I'll wipe your P \* s myself."

She widened her eyes and looked at him in disbelief.

He smiled slightly. I really know how to.

Bai Xiuli was so angry that she slapped his face with her dirty hand. "Then you can go away."

he smiled. "you really want me to leave?"

"i want to put on some clothes." Her voice was weak.

He walked out with a smile, his heart full.

Chapter 3404: ye mulin, get out of bed 2

after he walked out, he reached out and touched his forehead. sigh, she was clearly superficial and didn't know anything. he couldn't even take care of this little girl, so why did he take her to heart?

She took out a cigarette and smoked it to calm her overjoyed mood. After smoking half of the cigarette, her weak voice came from inside, "ye mu lin."

he put out his cigarette and walked in.

she stood there, trembling, with a pained expression. "Ye Mulin, I think I have a cramp in my leg."

he picked her up and walked outside, laughing and angry. he placed her on the sofa and squatted down to rub her feet. her feet were very white, and each and every toe was beautiful. when he saw them, he would think of four words-pampered.

he held it and was lost in thought for a while.

...

bai suili stared into his eyes and asked in a low voice,"will you give me a perverted kiss?"

He laughed. why would I? "

"let's go and take a look," he said as he got up and carried her.

she stopped him. "i'm much better. "

"i don't want to go in the middle of the night after a good sleep, bai sulli. i'm a patient." She looked at him running as fast as he could while carrying her. "are there any patients as strong as you?"

Ye Mulin thought for a moment. I have an endocrine disorder. It has nothing to do with physical strength.

what? " Bai suili looked at him. will he die from endocrine disorder? "

she had a look of disbelief.

Ye Mulin wanted to tease her, so he deliberately put on a stern face. “if we don’t have a channel, people will die.”

Does burning the body with Jade Fire count?

He felt that they had actually made up. He felt that by saying this, he had already made it clear that her illness was fake. No matter how stupid she was, she wouldn’t be that stupid. However, he had neglected one thing, and that was that concern made one confused.

he had always been serious, and she had never suspected that he would lie.

he carried her to the emergency room. there wasn’t much of a problem except for a stomachache. she just had to drink some water.

When she returned to the ward, she complained that she was fine, but ye Mu Lin only smiled.

He went to the study to deal with some work, and she watched TV out of boredom. Everything was no different from life in the apartment.

When he came back at night, he wanted her as passionately as he did the night before.

The rice weevil pushed him with his fingers and whispered, ” “you can still eat like this?”

she made a bitter face and furrowed her brows in agreement.

He smiled and kissed her. isn’t that normal? ”

she always felt that it was not right. shouldn’t he be the most particular?

however, his strength was shockingly great. he half-pushed and half-pushed the entire night until it was almost two in the morning. ye mulin leaned against the head of the bed and turned his head to look at the sleeping little fellow.

She was exhausted. She had been doing it so ferociously for two nights in a row, and he didn't know how to control himself.

He didn't know if it was because something had triggered him, or if Auntie Li's health-preserving thing was too powerful, but it was too fierce. She kept crying, so he let her off tonight.

she woke up in a daze and opened her eyes to look at him in the dim light. her expression was like that of a soft little animal.

his heart was soft as he asked him softly, "Does it hurt?"

She thought he was talking about her stomach, so she shook her head."It doesn't hurt anymore."

he smiled and slid down to kiss her. he held her small face and kissed her closely.

He kissed her so much that the rice weevil's toes curled up and gently stuck to the side of his leg, very weak and obedient.

He stroked her hair and looked at her blushing face in the dark. "let's do it again, okay?"

Chapter 3405: Ye Mulin, get out of bed (3)

she widened her eyes and finally realized why he had asked her if it hurt. she nodded her head vigorously.

He laughed,"so impatient?"

He was about to get serious when he said that. The rice weevil was so anxious that his little hand was on his lips, and he was flustered to stop him.

“Didn’t you agree just now?” ye Mulin chuckled.

she bit her lip. ” no, no. i didn’t say yes just now. i said my stomach doesn’t hurt anymore. ”

“Then, does Yueyue’s place hurt?” As he spoke, he had already gone over to check.

...

She was being pressed down by him, her small face was red, and her black hair was messy and messy, which was really attractive.

The process of his examination was really embarrassing. She held his hand and said in a weak voice, ” “don’t tease ye mulin like this, take away the qianqian.”

Her voice was hoarse, as if she was about to cry.

no man would be able to stand her like this. moreover, they had been separated for a long time.

he had kissed her, and he had gotten his way.

After she got what she wanted, she turned her back to him and didn’t make a sound, only crying softly.

He hugged her from behind. what’s wrong? Weren’t you fine just now?”

She stood still with her back to him for a while before whispering, ” “Ye Mulin, you’re not sick, are you? you’re lying to me, aren’t you?”

In fact, she took everything he said seriously. She really felt that he was not sick because she felt that he was like a Wolf and Tiger. If he really did not have a chance to live, she would not be in such good spirits.

his body stiffened for a moment. he placed his palm on her fair shoulder and slowly touched it.

in fact, she should have noticed that he was not acting seriously when he said that he had a terminal illness.

however, this little fool only found out now that she had lost her temper at him late at night after they were done.

she still had her back to him and sniffed. ” “i’ll leave tomorrow.”

“I thought we’d made up,” he said with a frown.

“You’re so detestable!” she kicked him with all her might, as fierce as before.”ye mulin, you bastard, get off the bed.”

he was such a proud man. how could he be chased out of bed by a woman?

he held her down in a few moves. ” it seems that you still have a lot of energy. why don’t we do it again, hmm? ”

she was so angry that she cursed,”ye mulin, you bastard, you’re shameless and perverted!”

“can’t you change the words?” he chuckled. she knew about it anyway, so she didn’t care about her face anymore. she could do whatever she wanted to do shamelessly.

bai suili glared at him and slowly spat out three words,”brother one point!”

This time, he was completely enraged. He gritted his white teeth and said slowly,”is that so?”

The result was that she was eaten up until not even her bones were left, and there were countless bits of cream left.

living was worse than death, half-alive and half-dead.

He only let her go when the sky was slightly bright. She immediately curled up and said in a weak voice, "are you satisfied now?"

His body was satisfied, but looking at her like this, he felt uncomfortable.

However, when a man's body was satisfied, he would be willing to coax a woman. Hence, he hugged her and said, "let's make up, okay?"

as he coaxed her, he kissed her delicate little face and took care of her. he even carried her to the bathroom for a fragrant bath.

Bai suili was really exhausted. She felt that he was simply a beast, simply treating her as a tool to vent his sexual desires.

When she said that, he stared at her and said, "bai xue li, until now i still only have you as my woman! And you? how many men have you hugged? Mubai, Gu Changfeng, do you think I won't get angry and want to hit you?"

#### Chapter 3406: Ye Mulin, get off the bed (4)

"go ahead and hit me!" She was furious. Her previous weak look was gone. She sat up and pulled up her shirt. haven't you been cruel enough? hit me again if you have the ability.

all of a sudden, he saw the endless spring. those bruises and ambiguous traces repeatedly showed how intense they had been just now.

he was originally a little hot, but now he actually laughed and reached out to gently rub her face. "it's still hurting. why are you teasing me again? is it really not hurting anymore?"

"I'll leave once the sun rises," Bai suili said, lowering her eyes.

He looked at the sky outside and said, "it seems like the sky is already bright."

she glared at him and fell asleep angrily.

...

He smiled and got off the bed to pour her a glass of milk. He walked over and said, "you probably can't sleep. drinking some milk will help you sleep."

"I don't need it." She spoke in a cold voice and wrapped herself tightly with the blanket. I don't want to talk to a shameless man like you.

He looked at her and slowly said, "since you're already so shameless, i don't mind bullying you a few more times."

She opened her eyes immediately. ye Mulin, what do you want? "

"Drink the milk," he said as he brought the milk to her lips.

His tone was a little domineering and did not allow for any resistance.

Bai Xiuli was stunned for a moment. She sat up and stared at him, then drank the milk in one gulp.

he looked at her without saying anything.

the milk contained sleeping pills, so she fell asleep very quickly after drinking it. she was quiet and very obedient.

ye mulin looked at her silently for a long time before he helped her put on her clothes and carried her out.

when bai suili woke up again, she was already on the bed in the master bedroom of the apartment.

The sun shone on the luxurious bed, and it was a little glaring.

she covered her eyes and moved uncomfortably. the next second, she stared at her hand.

On her ring finger, there was a huge sparkling diamond, which was the one she had worn before.

She fell into a daze, looked at the ring, and sat up instinctively.

She was surrounded by a place that was both familiar and unfamiliar to her, and the aura was also familiar and unfamiliar to her.

xiao bai was placed on the bedside table, and beside it was her credit card that she had used before. it was a monthly payment of twenty million black diamonds.

In addition, he put a check under the card, and Bai Sulli took a look.

100 million.

She stared at the number and the many zeros behind it.

Footsteps could be heard at the door.

She looked up and saw ye Mulin.

he was tying his cufflinks, which were made of black crystals and were shining.

he looked at her and said softly, " it's time to get up and eat. i'm going to play golf with a client later. do you want to go? "

Bai Sulli looked at him and gently picked up the check. What is this? is this a guilty conscience, compensation, or bribing? "

ye mu lin put down his hand and looked at her silently for a while. then, he slowly revealed a smile. "Don't you love shopping?"

"Yes, I like to buy them." she flipped her hair. "shallow. shallow people like to buy things. they spend a lot of money on a bunch of useless things without even blinking. they're the parasites of society. "

He walked in and bent down to kiss her on the corner of her lips. don't say that about yourself. I don't like it.

there was a hint of warmth in her eyes. " i'm also a promiscuous woman who likes to hug different men. ye mulin, it's true. it's not worth it for you to spend 100 million on me. "

He touched her face gently with his fingers and smiled. "Don't say such silly things. You're my wife, how can you be the same as other women?"

Chapter 3407: I'm not a 2000-word character that you can buy with money

she looked at him. " i don't want to have children for the time being, yingluo. "

He took out a small box of medicine from his pocket. "It's effective for 48 hours, if you don't want to give birth at the moment."

She held the small box, took out a small pill from it, and swallowed it.

"It's time to eat." Ye Mulin did not say anything.

he went out first, and she went to wash her face and brush her teeth before walking out. she did not mention leaving again.

in the afternoon, she accompanied him to play golf. it was a big client, the big boss that bai suili often saw on tv.

...

The big boss had also brought a female companion over. She was about the same age as her daughter and was definitely not the wife of that heavyweight.

when they met, he looked at bai suili and smiled at ye mulin. " Madam is very beautiful. You should bring her out to socialize more often.

ye mulin smiled. " my mother likes her company, so she rarely comes out. "

don't worry. the big boss patted his shoulder. young people should come out for a walk.

After that, the two men went to play golf. Bai Sulli knew that the man had brought a mistress, or a mistress, or a mistress, but she didn't bother to pay attention to him. She sat under the umbrella and played with her delicate nails.

Today, she went out wearing a white Chanelle with jewelry, just like before.

She just felt a little bored.

The woman also understood her identity. She came up to her and said a few words, but she was ignored. She didn't say anything more.

just like that, they drank their drinks and waited in boredom for two hours. the men finally finished playing and had a meal together at the high-end restaurant that came with the golf course. of course, the topic of their conversation was still about work.

the whole afternoon passed by, and it was already eight o'clock at night when he drove her back.

She sat beside him and seemed a little absent-minded. Ye Mu Lin asked softly, " "what are you thinking about?"

"i was just thinking, what would little white eat for dinner?" bai sulli smiled lightly.

he turned his head to look at her and was silent for a moment before asking, ” “you’re not happy today?”

“i’m so happy!” she squeezed out a smile at him. ” the dinner was delicious, and the husband beside me is also outstanding. i have nothing to be dissatisfied with. ”

“But your face is full of dissatisfaction.” where did I not do well, Bai Sulli? ” he muttered.

she laughed softly. ” you’re good. really. ye mulin, i believe that at least 9999 out of 10000 women would want to marry you. ”

“What about the last one?” he asked her without changing his expression.

“your mother!” bai suili squeezed out a smile.

He looked at the night sky and the stars outside, and his voice was even more indifferent. “why do you sound like you?”

she lazily turned her face to the side and smiled mischievously.”How could it be me? I’m already married to you.”

After that, he didn’t ask anymore and she didn’t answer. After they went back, he went to the study room while she went into the room to take a shower and played with Xiao Bai for a long time.

when ye mulin returned to the bedroom after finishing his work, he saw that she had already fallen asleep. she was holding the box in her hands, but xiao bai had already crawled out to take a look.

he bent down, picked up little white, put it in the box, and put it back on the cabinet by the door.

after a while, little white also stuck out its head and stared at him quietly.

“she’s slimmed down, but you’ve gained weight.” he smiled and took a bathrobe to take a shower.

he should have let her go tonight, but when he thought of what she said in the car, he didn't want to let her go. he pressed her down, and when she woke up, she didn't resist much and only whispered, " "did you buy a set?"

He continued unwillingly, but he still pulled open the drawer and took it out.

after she was done, she panted and said in a low voice, " "when did you buy this?"

"i bought it together with the medicine." ye mulin placed one hand behind his head.

he got up to deal with himself and said lightly, " "i can't always let you take medicine."

she blinked and didn't say anything.

When ye Mulin returned to the bedroom, she was still awake and was using her phone.

he lay down. " what are you looking at? "

Gu Changfeng is back. I asked him when he would be free to have dinner with us. she said casually.

As soon as she finished speaking, her sharp chin was pinched. He stared at her and said in a hoarse voice, " "bai xue li!"

"you can come with me," she said, looking at him.

He stared at her for a long time. you can keep in touch with female friends.

"You don't like any of my friends," she said as she lay back and bit her fingernails.

" but you don't need to deal with gu changfeng. " he pulled her into his arms and held her in his arms. " "you can look for lin sisi."

she didn't resist in his arms and only said coldly, " "So I have to get your permission before making any friends in the future?"

"i'm not agreeing, i'm just helping you choose a suitable friend." He said lightly, then turned off the light and lay down. He said very softly, "Sleep, unless you want to come again."

As soon as she finished speaking, a pair of delicate arms wrapped around his neck, and her kiss fell on the corner of his mouth.

ye mulin stared at her in the dark. " xue li? "

"Isn't it too early to sleep?" she asked as she kissed him.

she reached out and took out a box of things from the drawer. he had bought it. there were eight of them in a box, and he had used one.

"can you finish them all tonight?" Her eyes were sparkling in the dark.

"Are you sure?" ye Mu Lin looked at her.

"that's right!" she chuckled.

As soon as he finished speaking, he turned over and kissed her passionately on the lips. "as you wish."

She didn't know if she had finished a box, but he was very satisfied when they were done. She had no strength left and just lay softly under his body.

after calming down for a long time, she turned around and whispered, " "I don't want it anymore, Yingluo."

He smiled, hugged her from behind, and fell asleep with her.

it was normal for her to sleep late after a few nights of indulgence. when she woke up, she heard a strange sound coming from the living room outside. she got up in ye mulin's shirt. he had changed her into the kasaya he had put on for her after the night before. he seemed to like letting her wear his shirt.

she was only wearing a shirt. her legs were long, straight, and very white. it was very tempting.

she walked out and saw four staff members moving things into the apartment. when they saw her, they smiled. mrs. ye, these are mr. ye's gifts for you. "

bai sulli walked over and looked at the neatly placed pile of gifts.

hermès limited edition bags, branded watches, and jewelry-there were dozens of them.

Every piece of clothing was expensive and shiny, which suited her temperament very well!

she blinked her eyes gently to get rid of the tears in them. she looked up and smiled reservedly."tell mr. ye that i like it very much!"

alright,"the staff member smiled. we'll leave it here, then. You can decide where it's appropriate.

Bai suili nodded and left.

Chapter 3408: I'm not someone you can buy with money (2)

After they left, she looked at the gifts and smiled faintly.

auntie li came over and wiped her hands, her face full of joy. "oh, so many good things, it's dazzling my eyes. this much should be at least a million. lawyer ye is really good to you, madam."

"alright?" bai suili smiled lightly and lowered her eyes,"At least 100 million Yuan here."

as she spoke, she picked up a classic hermès and stuffed it into the auntie's hands. "i'll buy you some vegetables with this."

The Auntie looked at the bag and exclaimed, "you're using such a good bag to buy vegetables? How much does one cost?"

"a few hundred thousand," bai suili said casually.

...

the auntie shrieked, "madam, i can't take it. i only bought a 10-yuan cloth bag for groceries. this bag doesn't look strong. if it breaks, i won't even have 100000 yuan left."

"if you have a daughter, give her a present. she'll be very happy," bai sulli said.

the helper hesitated for a moment, but still accepted it. "Then I'll accept it. Madam, you're such a good person."

bai sulli flicked her hair. "move these to the room. i want to sleep a little longer."

the aunty moved happily, but when she looked back at bai suili's sleepy appearance, she coughed lightly. "Madam, are you pregnant? you don't seem to be in good spirits. If you're pregnant, you need to nourish your body. By the way, the last time I helped lawyer ye to nourish his body, it was very good. He even had a nosebleed and was hospitalized for a few days.

Bai suili suddenly sat up and looked at the aunt.

"No wonder!" She said softly.

no wonder he acted like a wolf in the hospital, as if his wife had been dead for ten years and he had never touched a woman.

She lay down straight, her movements a little rough.

The Auntie was frightened. She held it and said carefully, "it'll be dangerous if you get pregnant."

bai sulli looked at the aunt and smiled lightly. ” “Ye Mu Lin used a condom.”

the helper was stunned, and then her face turned red.

what’s with the use of a trap? young people nowadays really don’t mind their words.

Bai suili looked at the aunt’s blushing face and couldn’t help but laugh. “Auntie, what’s wrong?”

“let me sleep for a while, i’m so tired,” he said as he pushed her.

the auntie ran away quickly.

in the afternoon, bai xiuli woke up and her auntie had already gone out. the food she had made for her was carefully kept warm.

After she finished eating, she played games for a while and went to the changing room to play with the jewelry that ye Mulin had given her. After a while, she felt a little tired and went out for a walk.

she didn’t go shopping because she felt bored. she went out in casual clothes and looked at the flowers and plants outside. she also saw the children in the amusement park who were brought out by young mothers to play.

She suddenly remembered that she was actually 26 years old, not young anymore.

however, she was still wandering around. although she was married, she had no intention of having a child, especially ye mulin.

it wasn’t that he didn’t think about it. silly had really discussed it with him.

At that time, she felt that he was good in every way. He was mature, charming, successful in his career, and had good stamina, Yingluo. However, later on, she realized that if a man like him didn’t respect you, no matter how good he was, he wouldn’t be yours. At most, Yingluo, you would be his. That’s all.

bai sulli looked at him quietly. suddenly, she picked up her phone and called ye mulin.

“What’s the matter?” his low voice sounded from the other end.

“Ye Mulin, where are you?” Bai suili asked in a low voice.

he seemed to be in a meeting, and his voice was very low.”I’ll call you back later, okay?”

His voice was gentle, and she knew that this was the compensation he wanted to make to her.

she didn’t know why, but she felt like crying.

This was not what she wanted.

“oh,” she replied and hung up.

...

She continued to sit there and watch the little ones play in their little dresses.

she was a little envious and thought that it would be good to have a child to play with. at least there would be someone to accompany her and she would not be so lonely anymore.

As she looked at it, her eyes started to heat up.

after about half an hour, ye mulin made use of the break in the middle of the meeting to call her.

because they had just reconciled, he spoke to her very gently and pampered her like a little wife. ”  
“What’s wrong?”

“it’s nothing!” bai suili shook her head.

I’m in a meeting, ” he said in a low voice. I’m a little busy today. I’ll try to go back earlier tonight.

“you don’t have to come back to keep me company. i can eat something outside. Oh, I can also play with my friends for a while and go shopping. I love shopping, don’t I?” her voice was also very soft, and she was a little absent-minded.

Ye Mu Lin smiled,”alright, I’ll be at Yingluo.”

he raised his hand and looked at his watch. ” i’ll be back before eight o ‘clock in the evening. let’s go back and have supper together, okay? ”

she nodded. ” i’m hanging up. someone’s calling me. ”

He still wanted to say something, but she had already hung up.

Ye Mulin looked at his phone and was deep in thought.

This time, she was different from before. Although she still spent money on food and sleep, it was really different.

when they lived in the ye family’s old house, their relationship was already very good. she would stick to him and act coquettishly with him. sometimes, she would even take the initiative to hug him when she was sleeping, because she wanted him to hug her and love her.

she had high hopes for him.

now that she was back, she still ate, slept, and made love, but something was missing.

it was as if she had become extremely passive. even if she was unhappy, she would not voice it out like before. she would do whatever he wanted her to do and would no longer take the initiative.

ye mulin wondered if they should move back to the main residence. with his mother by her side, she would not be so bored and would not let her thoughts run wild. most importantly, she would not think about getting a divorce.

he thought that maybe he would bring it up on the agenda after a while and bring her back to the apartment to live when he was free.

secretary li came over to remind him of the meeting, so he put away his phone.

The meeting lasted until seven o'clock in the evening. He declined his subordinate's suggestion to have dinner and drove back to his apartment.

He thought he would be watching TV at home, playing games, or soaking in the bathtub.

However, he couldn't find her even after searching inside and out.

he frowned and dialed her number.

the phone rang a few times before she picked it up. "you're home?"

He listened to the sound system on the other side and his brows furrowed even more. "you're at the bar?"

"yeah, is it illegal?" She chuckled.

Ye Mulin looked at the night sky and tiredly undid his tie. "Where are you? I'll pick you up."

She smiled and told him the address.

Ye Mulin appeared there in less than half an hour. He had an ascetic aura and was eye-catching. He ignored the gazes and walked straight in.

his little wife was sitting alone in the corner. she was not wearing the heavy makeup he had imagined. she was wearing the simple clothes that she had worn when she came back the other day, and it was lin sisi's. she was sitting alone in the corner, her expression like an abandoned puppy.

ye mu lin walked over calmly and said in a faint voice, " "What's wrong?"

Bai suili raised her eyes and looked at him, her gaze somewhat indifferent.

She propped her head on her hand and waved for the waiter to bring a glass of wine. She pushed it in front of him and asked, " do you want to drink? "

"I'm going to drive," he said as he looked at her quietly.

She laughed. She laughed while lying on the table. Her laughter was a little exaggerated.

After laughing for a while, she leaned on her arm and looked at him with one eye. ye Mulin, look at you. You're always following the rules. You don't look like me at all. You don't have the same values as me either. How can two people like you live together for a long time? "

...

his fingers gently held the glass of wine and rubbed the space between his eyebrows."do you agree with your views after drinking?"

She looked at him provocatively.

He looked around and smiled. " you are my wife. i have to bring you home safely. "

"so, you're not drinking anymore?" she opened her eyes slightly and stared at him.

"I'll get someone to drink it for me," he muttered as he looked at her.

her eyes were wide open as she looked at him.

He smiled and held her head in one hand. With the other hand, he brought the glass of wine to her. "I'll carry you back if you're drunk."

"i don't want to drink it," bai sulli exploded.

"Don't you like excitement? i'm just cooperating with you." He raised his head, took a sip, and then pressed her little head down to kiss her.

She felt the spicy wine being passed to her through this kiss. Every mouthful was spicy, and it was even more intoxicating when mixed with the man's breath. After one kiss ended, another kiss followed, and she was fed a glass of wine by him in five minutes.

when he was done, he licked his lower lip gently. "if you're satisfied, then go home."

Her lips moved, but before she could say anything, he carried her in his arms.

It was a Princess carry.

Bai suili was stunned for a moment, then immediately hugged his neck tightly and buried her face in it, not letting anyone see her.

"you're afraid of losing face too?" he looked at her.

"no, this is my territory." She glared at him, but her eyes were watery.

However, ye Mulin put her down. In a dark corner, he pressed her against the wall and lowered his head to kiss her.

In the dark corner, there was the sound of messy breathing and the subtle sound of passion.

Her hands clenched on his shoulders, and the fabric of his expensive shirt was crumpled into a ball, but he didn't care. He kissed the girl in his arms passionately and teased her for being disobedient.

when she couldn't control her emotions, she whispered, " "ye mulin, are you going to do it here?"

He sobered up a little, his eyes locked on her, and his voice was low and hoarse."bai sulli, be more obedient."

she lowered her eyes, her long eyelashes trembling slightly because of her passion. " you haven't seen me disobedient. "

she raised her little face. " let's do it at home, okay? "

he couldn't tell if she was drunk or not. if she wasn't, why was she suddenly so active and wanted him so much?

His fingers moved down and then he bit her neck. He carried her out of the car and returned to the apartment as fast as he could.

She opened the door, and without even turning on the lights, she started making noises behind the door.

he did not have any gentleness, and she did not need it.

The alcohol burned everything, and when everything cooled down, her voice rang out in the darkness, " "i want to lie down."

He rested his head on her shoulder and turned on the light after calming down for a while. He carried her back to the master bedroom.
