

## Thank you 3421

Chapter 3421: mrs. ye, let's be in love for once (1)

bai suili glared at him.

however, it was useless to glare at him. lawyer ye's skin was shockingly thick.

After they were done eating, he urged her to change her clothes while he made some tea outside.

When he wasn't busy, he was actually a man who knew how to enjoy life.

after two glasses, the rice weevil still had not come out. he got up and walked into the bedroom, only to see the person who should have changed clothes playing with her phone on the bed, her fingers busy.

he went over and took the phone from her hand, looking at her. " "Didn't you say you were going back to the old house? why are you still playing with your phone?"

...

As he said that, he swiped on her phone a few times and looked at her. "How old are you to still play this?"

"Why can't I play?" She looked at him.

he sat down and leaned against the headboard. he looked at her and said, " "You're going to be a mother soon, so you can read and drink some tea."

"it sounds like the life of an old woman." "Also, I didn't say that I wanted to be a mother, so don't add scenes," she said without any meaning.

he laughed. " what if we're pregnant this morning? "

She looked at him, her eyes wide open.

He too, stared straight at her, not letting go of her expression.

“what if i’m really pregnant?” bai suili bit her lower lip.

He still did not make a sound.

She threw herself onto the bed and snorted.”I don’t care. I don’t want to have a baby.”

He wasn’t angry when she said that because he knew she wouldn’t.

He leaned over and lowered his voice, ” “You don’t like children?”

“It’s a little annoying,” “If you want a child, you can have one yourself,” she said, looking at him.

He smiled and pulled her into his arms. “i’ll take care of you after you give birth to it. you’ll definitely be chubby and fair.”

“I’ve already lost weight, how can the child be chubby?” “Besides, you’re so busy. I think it’s better to forget about it.” She looked at him suspiciously.

With a disinterested look, she lay down again lazily.

” you don’t believe me anymore? ” ye mulin asked in a low voice.

“i don’t believe it.” she stuck out her tongue.

He didn’t argue with her anymore and dragged her up.”alright, go change your clothes. we’ll talk about the child later.”

she couldn’t win against him, so she went to change her clothes.

Because she was going back to the ye residence, she changed into a more ladylike outfit, Chanelle's suit. Her bag was also a limited edition, bought by lawyer ye.

ye mulin turned to look at her and coughed. "why aren't you wearing the ring?"

she lowered her head to look at her empty fingers and smiled faintly. "I'm used to not wearing it, I'm afraid it'll fall off."

He looked at her, took out a ring from his pocket, and put it on her hand.

she looked up at him, and he smiled slightly. "We're not leaving, huh?"

she didn't make a sound. she clenched her fingers and felt that there was a swelling there. it must be because she hadn't worn a ring for a long time.

It was almost four o'clock when he brought her downstairs.

In the car, she sat beside him and her fingers gently stroked the diamond ring. Ye Mulin did not speak to her but started the car. However, after a while, she realized that the car did not drive towards the ye residence but instead, it drove to Yintai square.

"I'm buying some gifts." "tell me, how long has it been since you last visited mom?" he looked at her and said gently. "to think that she washed your clothes for you."

"oh," bai suili replied, and went down with him.

"Our ran ran." Her voice was very soft. "ye mulin, what should i buy for mom?"

Chapter 3422: Mrs. Ye, let's be in love for once 2

ye mulin walked into a boutique. "buy a set of coffee cups. my father likes to drink coffee."

Bai suili didn't understand. this is to buy clothes for your mother. Why do you have to look at your father's preferences? ”

He picked up an exquisite cup and looked at her with a smile.

“xue li, do you really not understand?” he asked softly after a long time.

She was dumbfounded. what do you know? ”

he smiled, put down the cup in his hand, and took the other one. all his actions were pleasing to the eye.

...

bai suili was envious.

he picked seriously, and because he did not dare to criticize her taste, she followed him.

Later on, because she was bored and tired, her little hand gently hugged his arm and she gave him half of her body weight.

“Are you tired?” he asked softly.

She hummed in acknowledgment and rested her face on his shoulder, listening to the staff chat with him.

he listened to her patiently and would even look at her later to ask for her opinion.

“i'm not particular about this, instant is fine.” she wasn't very interested.

“But I like it.” after saying this, he chatted with the others.

bai suili sobered up a bit and looked at him again ...

She thought she understood what he meant before. He wanted to buy a gift for his mother that his father would like.

in the end, he was the one who decided to take two sets.

“why do you want to buy two sets? does your dad like to smash cups at home?” She looked at him.

ye mulin paid. ” leave one for us to use. ”

” oh, ” she replied and walked out with him.

She thought that they were going to leave immediately, but after he put the gift box in the trunk, he looked at his watch and said, ” “It’s still early, let’s walk around for a while.”

ye Mulin, what’s wrong with you today? ” she asked, embarrassed.

“Didn’t you say I wouldn’t accompany you?” he smiled and held her hand as they walked toward the elevator.

her heart skipped a beat, and she didn’t come back to her senses for a long time. when they reached the elevator, she wanted to break free from his hand, but he didn’t let go. he wanted to move away a little, but a large group of people suddenly poured in the elevator door, filling it up.

bai suili had no choice but to stand beside him obediently.

The two men in front of her squeezed their way over. She bit her lip, feeling very uncomfortable.

At this moment, his hand that was holding hers moved slightly, and she immediately fell into his arms.

her face was pressed against his chest, and her nose was filled with the pleasant smell of tobacco on his body. he hugged her and blocked her from contact with others.

It wasn't that she hadn't hugged him before. They had taken off their clothes and engaged in physical combat countless times, but there had never been a moment as touching as this, and there had never been a moment that made her feel that they were as close as this.

they were husband and wife, close family, and he would always stand in front of her.

her body was a little stiff at first, but slowly, she softened her body and allowed herself to be stuck in his arms.

his palm fell on her back and gently stroked it back and forth to comfort her.

bai suili suddenly felt like she was possessed, and her slender arms wrapped around his waist, holding him firmly.

After a long time, his low voice came from above, "bai xue li, how long are you going to hold me?"

She was shocked and looked up. The elevator had already arrived and there was no one inside.

She looked at him.

Lawyer ye spoke slowly. when the elevator door opened just now, everyone looked at you for more than three seconds. That includes your dirty hands.

"I'm not!" She exploded in anger.

however, she soon realized that he had already let go. at this moment, she was the one who was hugging him tightly, her face intoxicated.

Chapter 3423: Mrs. Ye, let's be in love for once (3)

bai sulli stared at herself in the mirror and then jumped away, hitting the wall behind her.

she was in so much pain that she was teary-eyed.

Ye Mulin reached out and pulled her into his arms. He gently rubbed the back of her head and said in a low and hoarse voice, ” “How can you be a mother if you’re so reckless?”

“You can’t stop talking about having children. If you want to have children, find someone else to bear them for you.” She rolled her eyes at him.

as ye mulin massaged her, he explained to her kindly,”according to the law, only the spouse can mate and then give birth to legal offspring.”

bai suili glared at him.

...

what do you mean by mating?

Ye Mulin smiled. isn’t that right? according to the law, only those who have obtained the certificate have the right to have a spouse.

“Beast.” She continued to stare at him.

Her head didn’t hurt anymore, so she went out and walked in front.

Ye Mulin followed behind her. After a while, he pulled her to his side. She looked at him and bit her lower lip. She still hugged his arm and leaned on him as if she had no bones.

he turned his head to look at her but didn’t say anything.

Bai suili looked at the LV store in front of them and said softly, ” “Let’s go there and take a look.”

ye mulin looked at her and then at the shop. ” “You want to buy a bag?”

she didn't seem to like this brand. she usually liked pink ones, the girl series.

bai sulli didn't say anything and just dragged him in. however, she didn't look at the bag, but at the scarf.

ye mulin saw her taking out a dark grey cashmere scarf and understood what she meant. he smiled.

bai suili looked at herself in the mirror and then looked at him. "You bought the coffee cup, and I bought this for mom."

when she said the word 'mother' in a slightly childish tone, ye mulin felt an indescribable warmth in his heart. she was actually very innocent. no matter how much she argued with him, she still respected his mother.

"Is it good?" "It's warm and comfortable." The rice worm tilted its head.

"it's good," he smiled.

However, she seemed to be dissatisfied with his answer and screamed, "what do you mean it's just fine? It's obviously not bad, okay?"

"you men only know how to make useless things. women, you know, are only considerate when you wear a present." As she spoke, she gestured to his body, "are you comfortable?"

she had not meant to ask, and it was just a simple chat.

however, she had just finished speaking when ye mulin held her waist and pulled her closer. his voice was low and hoarse. "it's comfortable."

She was stunned for a moment, then realized that he was taking advantage of her. She bit her lip."ye mu lin!"

he smiled and let go of her. he took a pink scarf from the side and handed it to the sales assistant."Let's wrap this up too."

she watched him pay and muttered, ” “I don’t think it’s suitable for a mother?”

“Yingluo, this is for my wife.” He looked at her.

then, the rice weevil’s little face blushed.

he smiled and walked in front with the bag. the rice weevil immediately followed. ” i didn’t say i like it. ”

“Didn’t I say that the gift has to be worn to be considerate?” He held her small hand. you look pretty good wearing it. It should be very comfortable, right? ”

hence, the rice weevil’s little face turned even redder.

Ye Mulin was definitely the most frivolous lawyer.

He took her to a few boutiques and personally picked out a few sets of clothes for her. She wanted to reject him, but it was still early.

Chapter 3424: Mrs. Ye, let’s be in love for once (4)

As they strolled around, they arrived at a toy store, and Bai Sulli couldn’t move anymore.

she saw a tiny rabbit, which was quite cute.

Ye Mulin was walking in front. When he realized that she was not following him, he turned around to look at her.

She was looking at the rabbit, unable to move her eyes away.

To be honest, he had never thought that his little wife would like these. She should like shiny jewelry.

That's why women are complicated.

...

He didn't even ask for the price when he walked back and directly took it to pay. After paying, he carried it out and threw it into her arms. "it's for you."

"who wants you to buy it? i'm not that childish," bai sulli said with a look of disdain.

He looked at her and paused to look around. Then, he coughed lightly. "if you don't like it, then give it to that little girl."

as he spoke, he wanted to take it back from her arms and give it to a child in his teens.

the rice worm was anxious and hugged her tightly. "why do you have to give it to someone else! i didn't say i didn't like it."

"you don't find it childish?" He looked at her.

"you're the one who's childish," she snorted softly.

She walked forward angrily with the little rabbit in her arms, and that awkward look of hers captured his heart.

In fact, Xue Li had been like this since she was young. She had always been awkward in front of him and did not speak well. When she was with mu Bai, she would speak like a lotus flower, but mu Bai did not appreciate it.

She was walking in front, her little P \* NIS twisting and turning, and he found it funny.

it wouldn't grow up.

he followed behind her and asked kindly, ” “have you thought of a name yet? da bai?”

“he’s called ye mu lin,” bai xue li replied.

he let out a long ‘oh’. ” then, do you want to hug it to sleep tonight? ”

bai xiuli stood still and turned around. ” “Ye Mulin, can you stop taking advantage of me all the time?”

he looked at her and smiled flirtatiously. ” you were the one who took the initiative this morning. Besides, we’re legally married. We have the right to mate and have offspring. If I don’t take advantage of you, who else can I look for? ”

She stomped her feet and ran away.

after a while, she ran back again because she went the wrong way, yingluo.

this time, she let him walk in front while she followed behind with the rabbit in her arms. she was still awkward.

ye mulin walked for a while before he suddenly grabbed her and placed her in his arms.”let’s go together. it’s not easy not to watch.”

“I can’t even walk properly!” She bit her lip and refused to admit it.

He just smiled and didn’t argue with her about Yingluo.

the people around them looked at their awkward expressions, but they felt that it was so sweet that the air was filled with acid ...

it was already 5:30 when she got in the car. it was dinner time when she drove back to the ye residence. in the car, he kindly told her, ” ” it’s my mother’s birthday today, but we didn’t make it grand. we only invited friends and family and set up four tables in the old mansion. there’s no buffet style, just a meal. ”

She widened her eyes, but he continued to drive after saying that.

“why didn’t you say so earlier?” bai suili asked, holding her breath.

“what’s the difference if i say it earlier or later? let’s buy a present.” “Give her your present later. She will be very happy.”

“The whole world knows that we’re going to get a divorce,” Bai Sulli said unhappily.

“So now, let others know that we’re doing well.” He was still calm.

“is this the purpose of this banquet?” she asked, holding her breath.

her wariness made him a little uncomfortable. he controlled the steering wheel with one hand and held her hand with the other. Xue Li, don’t be too utilitarian in everything. It’s just a family dinner, or do you not want to go? ”

as he spoke, he stopped at the intersection in front. after stopping the car, he turned his head and asked, ” shirley, do you want to go back to the apartment now? ”

Chapter 3425: mrs. ye, let’s be in love for once (4)

She looked at him and pursed her lips, not saying a word.

he placed his elbow on the steering wheel and said with a gentle expression, ” “if you don’t want to go, i’ll send you back to your apartment.”

” but my mom might be very sad, ” he said. ” you know how much she loves you. ”

Bai Xiuli looked at him pitifully.

he smiled and did not force her. instead, he reached out and gently stroked her hair.”What about now? do you still insist on going back to the apartment?”

she looked up at him. ” ye mu, lin qianqian, are you looking down on me? ” she asked.

...

“If you don’t go, coward, I’ll despise you.” He smiled slightly, and his smile was extremely beautiful. ” i’ll go back and give you a hard time because i’ll lose face if i go to xuanji alone. ”

Her eyes widened slightly.

He smiled. you have a wife, but you’re still going home alone like Mubai. Don’t you think you’re embarrassing yourself? ”

she was still looking at him.

“I’ll send you back,” he sighed.

He started the car as he spoke, but the rice weevil grabbed his arm in a hurry-

he looked at her.

“Didn’t you buy all the gifts?” Bai suili asked in a low voice.

“You mean to go to the old house?” he smiled.

she didn’t make a sound, and her face turned to the side in a hurry. she was sulking, but she didn’t know if it was for him or for herself.

Ye Mulin chuckled and started the car without saying anything.

he would only hold her hand when the traffic light turned red. at first, we loathers would throw him away in disgust, but he still held her hand. after a long time, she was too lazy to throw him away.

but her little face slowly turned red.

When she arrived at the ye residence, she sat in the car and saw many cars parked inside. They were all famous cars, but the models were very low-key.

her father's car was also there. she looked at ye mulin.

“scared?” he unbuckled his seat belt slowly.

“My dad is very unhappy that we’ve quarreled like this.” She said softly.

ye mulin smiled. ” he’ll be happy if we come back together. ”

He opened the car door and was about to get out when he saw that she was still sitting there without any backbone. He sighed softly.”I’m here, what are you afraid of?”

Bai Sulli grunted and then pouted, ” “help me open the door.”

“if you want, i can carry you in,” he said with a smile.

she let out a strange cry and immediately opened the door to get out of the car at an extremely fast speed.

When the two little ones walked into the ye residence together, they naturally attracted a lot of care and concern ...

after all, they had made a big scene previously. there were even rumors that they were living separately, but outsiders had no way of knowing whether it was true or not. the ye family’s eldest son had always been serious. who would dare to care about his private life?

however, at this moment, the ye family's eldest son's usually serious face was filled with gentleness. he held his wife's hand and walked across the luxurious and bright hall, all the way to father ye and mother ye's side.

ye mulin put down his coffee cup and looked at his little wife.

Bai Sulli carried the bag of her scarf and looked at the night matriarch. "Happy Birthday, Mom."

Mama ye was wearing a cheongsam tonight, and it was a little cold. She took out her scarf and put it on. Then she patted Bai Sulli's head and said, "you're so considerate, unlike the cold things that Mulin and Mubai gave me. I knew it was a cup at first glance. There are almost a hundred sets in the house, and he still bought them. I really don't understand what these men are thinking.

he accepted the gift and gave bai sulli a big red packet. seeing this, his friends and relatives finally understood that the ye family was doing well.

Chapter 3426: Mrs. Ye, let's be in a relationship for once 5

Bai Sulli didn't have any pockets, so she left her bag in the car and put it in ye Mulin's pocket.

ye mulin looked at her and smiled. "i'm going to accompany mom to a social event. "

She hummed in acknowledgment and was about to walk over when Mama ye smiled."xue li will accompany you."

Mama ye walked over and patted her eldest son's shoulder. "You look like you can't live without your wife."

It was rare for ye Mu Lin to agree to her teasing of his eldest son.

On the other hand, Bai suili's face became inexplicably thin, and she hugged the night matron's arm, " "I'll stay with mom."

...

mama ye patted her. at this moment, bai suili's mother came over. mama ye smiled and said, " " look at xue li, this child. she's so good at acting cute! "

Mother Bai came over and reached out to stroke her daughter's little head. "I'll have to rely on you to teach her well. This child doesn't know anything."

Mama ye smiled. it's good that you don't. You can let Mu Lin dote on his wife.

They were talking and shouting like this, and there were many friends and relatives around. Bai suili really couldn't stand it, and she secretly looked at ye Mu Lin, hoping that he would save her.

ye mulin looked at her in amusement. in the end, he found his conscience and dragged her over. he smiled. I'll bring Shirley to her seat. She hasn't eaten anything today, but she's already hungry.

Mother ye and mother Bai looked at each other and smiled-

They were relieved to see their little children so loving.

however, although it was a family dinner, it was still a high-class one. it was french food, and no liver or sauce could fill their stomachs. so, when they left the ye house, bai sulli sat in the car and asked, " "ye mulin, don't you think that the portion for tonight's meal is a little small?"

he started the car and glanced at her. it used to be like this. don't you like french food?"

bai suili made an "oh" sound and then whispered,"Actually, in addition to the high-end French food, Chinese food and even midnight snacks are also very delicious. Ye Mulin, don't you want to try them?"

He looked at her.

she reached into his pocket and said, " didn't mommy give me a red packet? I have money, I'll treat you."

he focused on driving and said slowly, ” “did you want to come out for supper when you were having dinner?”

Then, he turned his head. you’ve run away from home for a while and have completely become wild.

“a wild little white?” She asked him with a smile.

Ye Mulin’s heart skipped a beat when he saw her small face coming closer and her smiling face from the corner of his eye.

He didn’t say anything and just slowly parked the car by the side of the road.

After a soft sound, she was pulled into his arms and his lips kissed her.

She looked at him with her eyes wide open. She wanted to say something, but every word was pushed into his mouth and swallowed.

She obediently allowed him to kiss her, and her small hands also quietly hugged his waist.

After a long time, he let go of her and licked his lips. it’s the taste of caviar.

“Then, do you want to try the taste of barbecued meat later?” she asked, giving him a kiss.

Ye Mulin looked at her and smiled. you’re really hungry? ”

“I didn’t eat much today.” She nodded hard.

after she finished speaking, she looked straight at him, her eyes full of desire.

ye mulin thought for a moment and suddenly said, ” “i’m also hungry.”

His eyes were so bright that she only needed a few seconds to understand what he meant by hunger, so she stammered, ""W-didn't our Yingluo do that in the morning?"

He sighed softly and reached out to stroke her hair. "you've been starving me for a long time, yingluo."

Chapter 3427: mrs. ye, let's be in love for once 6

She raised her head to look at him, and then her face turned red. She bit her lip."That's what you asked for,"

his eyes were still fixed on her, and his voice was low and hoarse."Then if I don't ask for it now, you won't starve me anymore, right?"

"What Yingying?" she leaned her head against the back of the chair and looked at him in a daze.

ye mu lin took a step forward and stretched out his hand. she screamed even more."What are you doing?"

he fastened her seat belt for her with a click and chuckled. " let's go to the barbecue restaurant from last time? "

she nodded and stared at his face, as if she could not believe that he would let her go so easily.

...

Ye Mulin reached out and patted her head. what are you thinking about? are you thinking about car Z again? "

"No, you only have one minute in the car." she looked at him with a mischievous look in her eyes."Sisi saw it from upstairs that day."

Ye Mulin laughed as he drove."Did you tell her that your husband usually lasts for more than an hour?"

“shameless.” she turned her head away and ignored him.

he looked at the side of her face, smiled, and drove the car to the entrance of the shop where he had found her last time. the car happened to be parked where their car was. no matter how stupid she was, she could sense his bad intentions. when she unbuckled her seat belt, she looked at him and said, “Are you trying to reminisce about the feeling for a minute?”

He pinched her cheeks. I won’t be so bored. Why would you care about a little appetizer when there’s a big meal to eat? ”

he paused for a moment and then said in a serious tone, “actually, i prefer to do this kind of thing on the bed, or in the bathroom. yingying is too small in the car.”

“ye mulin, can’t you just let me eat properly?” bai suili’s face was completely red.

He smiled, opened the door, and got out of the car. He was about to open the door for her, but she had already jumped out.

He shook his head and sat down behind her, watching her order skillfully.

this was a rather cheap restaurant. their clothes were a little out of place, and most of the people eating here were young girls in their early twenties.

ye mulin took out his phone and scrolled through his messages for a while. after dealing with some urgent matters, he waited patiently for madam to order her food. when he saw her saying a long sentence, he could not help but look at his watch to remind her, ” “it’s almost 10 o’clock now. can you finish all this?”

“That’s why it’s called supper.” She rolled her eyes at him.

ye mu lin smiled and didn’t say anything else. he had been very gentle.

The girls around him were all looking at him and secretly pointing at him. The main reason was that he was good-looking, and the second reason was that he had an abstinent, cold, and elite temperament. This kind of man was particularly popular these days.

ye mulin didn't notice it and didn't care about it. however, the rice weevil who had finished ordering saw it and bit his lower lip."Attracting bees and butterflies,"

He looked at her, then at the surroundings, and chuckled. "are you jealous?"

how can that be? you still have to be inspected. If I don't feel good, I still have to leave. the rice weeper gently stroked his hair and said in a muffled voice, " "Even my appetite is not very good. Ye Mulin, how can you be so despicable?"

She pulled on his sleeve and threw a tantrum.

if he was a little uglier and didn't have such a good temperament, he wouldn't have attracted young girls like this.

ai wei was called over by him in this way.

"Then, you won't like me either?" ye Mu Lin chuckled.

"I don't really like you now," she said, glaring at him.

"Let's go home and try." He smiled.

Chapter 3428: Mrs. Ye, let's be in love for once (7)

bai sulli ignored him and took out her phone to check the entertainment news.

although it wasn't nutritious, it was enough to entertain him!

ye mulin had always said that she was shallow, and she would show him how shallow she was.

How could he not know what she was thinking? he sipped on the cheap oolong tea. He was not used to the taste in the past, but now, it was still okay.

After a while, the waiter brought over the roasted meat. He looked at Bai Sulli and said, ” “Can you finish it?”

The rice worm looked at him strangely and said slowly, ” “This place is only half.”

...

He laughed.

“don’t i still have you?” she added.

Ye Mulin’s expression was calm, but he still ate with her.

Bai Sulli’s mouth was full, and as she ate, she asked him in a muffled voice,”Isn’t it delicious? the taste is especially good, isn’t it?”

“it’s alright.” ye mu lin nodded.

The rice weevil was so satisfied that his eyes curved into crescents. With one hand eating, he took a piece of lamb chop for him.”This is delicious. Try it.”

he took it and seemed to be stunned for a moment. then, he smiled. ” okay. ”

bai suili looked at him and smiled. then, she focused on eating. from time to time, she would give him a skewer, and he would give her two. after a while, the boss would personally bring a large plate.

He glared at her.

“You can finish it. Look at how much you’ve eaten.” bai xiuli stuck out her tongue, and her slender white fingers were a little greasy. she reached out to grab it.

Ye Mulin had no choice but to share her burden. In the end, he really finished it all. He was a little surprised himself. When he paid the bill, it was more than 800 Yuan.

He paid the money, and the rice weevil hugged his arm in satisfaction, one hand touching his little belly. “I used to stay at sisi’s house and only get to eat a feast like this once every three days. I’ve been thinking about it for a long time.”

He was a little helpless, but also a little sad. He warned her, ” “Don’t have a stomach ache when we get back.”

she blushed and hugged his arm, her little face leaning over.

Through his shirt, she could feel the warmth of his body. It was so warm and comfortable that she wanted to sleep.

after ye mulin paid the money, he half-hugged and half-carried her into the car. she was drowsy, but he drove the car steadily.

It was already twelve o ‘clock when he arrived at his apartment. The apartment was especially quiet, with only the occasional faint sound of little white.

he hugged her and walked into the bedroom, feeling a little full.

The rice worm woke up and wanted to see little white first, but he stopped it.

with the help of a force, she fell into his arms. there was a faint smell of tobacco on his body, and there was also the smell of roasted meat. it smelled quite good.

She raised her head and bit his neck, saying in a silly manner, ” “i’m not full yet.”

He reached out to grab her waist and pulled her into his arms, his voice low and hoarse. “I’ll let you eat, hmm?”

“I don’t want to.” She buried her entire body in his arms, but after a while, she would smell here and there.

He pressed down on her small head, then pulled her hair up again, his voice hoarse. “I’m not full either, I’ve been hungry for a long time, Yingluo.”

as he spoke, he kissed her. he did not kiss her deeply, but only lightly pecked the corner of her lips, touching her soft skin bit by bit.

she was a little tempted and couldn’t help but tiptoe to respond to him, but he didn’t let her kiss him deeply. instead, he took her to the wine cabinet and staggered to it. he held her waist with one hand and took out a bottle of red wine with the other. he opened it with one hand, took a sip, and fed her yingluo.

Chapter 3429: Mrs. Ye, let’s be in love for once 8

he had a mixture of various auras on his body and was very charming. he had turned into the best village medicine (spring) and was seducing her.

She took the initiative to take the fragrant red wine, but then felt that it was not enough, so she kicked off her high heels and stood on his leather shoes barefooted. She wrapped her two thin arms around his neck.

when the kiss was over, he murmured at the corner of her mouth, ” “Do you still want more?”

she bit his lips and snorted.

he chuckled and took another sip of the red wine bottle before sealing her lips. this time, he pressed her against the soft bed and kissed her.

she was lying on the pillow, her black hair messy and very seductive.

...

at least, it was a temptation that ye mulin could not resist. the kiss became more and more lingering, and their fingers were intertwined ...

She had long been confused and lost in love, but he had to whisper at this time, ” “call me by my name.”

the rice worm opened its eyes and stared at him in a daze. its red lips opened slightly, and its voice was hoarse.”Ye Mulin, what’s wrong?”

“No,” he said as he bit her.

she was completely seduced by him and was waiting for that important moment to come. however, he became pretentious instead. she kicked him angrily. ” ye mulin, are you a man? ”

he chuckled delightedly and held back his urge to tease her. ” if you call me right, i’ll give it to you and let you feel comfortable, okay? ”

She bit her lip and glared at him, ” “ye mu lin, you’re a bastard.”

She kicked him a few times to vent her anger, but when had lawyer ye ever failed to get what he wanted?

not only did he not give it to her, but he also tortured her even more. bai sulli was tortured by him until she finally turned her face to the side. her white face was dyed with a layer of seductive color, and she called out softly,”hubby.”

the next second, lawyer ye did as she wished.

it was very strong and also very arrogant and brutal.

Ye Mulin had handled countless large-scale divorce cases, all of which were between the big boss and his wife. He had heard those women tearfully call their husbands who had a change of heart

‘hubby’. He used to think that he disdained those words and that they belonged to resentful women. However, when it came out of her small mouth, he was so excited that he could not control himself.

he had wanted her to call him mu lin, but she called him hubby instead.

under the heat of passion, they naturally wanted it very badly, and they looked like newlyweds after a long time apart.

She was very obedient and hugged him obediently. She would do whatever he wanted her to do. As a man, Yingluo was very satisfied.

it wasn’t until three o’clock in the middle of the night that he took a quick shower with her in his arms and lay down together.

however, when he was lying down, he felt that something was wrong. his stomach kept feeling uncomfortable, but he didn’t care and closed his eyes with his little wife in his arms.

His little wife had fallen asleep in his arms long ago. In the dark, there was only the soft sound of little white crawling around.

he chuckled softly, the corners of his mouth full of satisfaction.

He was a man in his thirties with a successful career and a beautiful wife. He seemed to lack nothing.

Slowly, he fell into a light sleep. However, he still woke up at five o’clock. He was woken up by his stomach.

Ye Mulin wanted to hold it in, but he couldn’t hold it in any longer. It was the third time he came out of the bathroom. His body was extremely weak, and he didn’t have the murderous spirit that he had at night. He sat on the bed in his pajamas and pushed Bai Sulli, calling her name softly, ” “Xue Li.”

“Little white.” She was still asleep, so she turned over and hugged his arm.

He stared at her, not sure if the Xiao Bai she was calling was old Bai.

after a moment of silence, she suddenly opened her eyes and stared at him.”what’s wrong with you?”

Chapter 3430: Lawyer ye also knows how to act coquettishly 1

Ye Mu Lin’s face was dark as he pointed at his stomach.

The rice weevil crawled over and placed its small face on his lower abdomen, listening.”you’re saying that i’ve made you pregnant?”

Ye Mulin was so angry that he laughed. The anger he had for her disappeared without a trace. He glared at her. “how can i get pregnant?”

“i thought you could do anything.” she said gloomily. just as she was about to ask again, he had already pulled her by her hair and pushed her to the side. he quickly went to the bathroom.

A moment later, a rather spectacular sound came from inside-

bai xiuli stuck out her tongue, thinking that her husband had diarrhea.

...

She walked over barefooted and knocked on the door. ” even elites can have diarrhea. i thought you wouldn’t get sick. ”

They had been married for a few months. He did not seem to have fallen sick, but it was over now.

She didn’t know why, but she was quite happy to know that he was like her, weak and sick.

His slightly hoarse voice came from inside, ” “change your clothes, we’ll drive to the hospital later.”

“i’ll drive?” “Didn’t you say that I’m a kamikaze driver?” she scratched her head.

“shut up!” he was a little angry, and his temper was extremely bad.

However, she felt that he was a little cute like this.

She immediately went to change her clothes, even though she was extremely sleepy.

She took the car key. It was the White BMW, the one she used to catch adultery.

When they came out neatly, lawyer ye also came out of the bathroom. His expression was indescribable.

he looked at bai suili, his voice low and hoarse. ” let’s go! ”

“aren’t you going to change your clothes?” She asked softly.

His face darkened and he said,”no need.” you can just take my wallet.”

bai sulli looked at him and ran to the locker room to get him a windbreaker and put it on for him, while muttering,”it’s very cold outside, and it’s early in the morning.”

“Men are so troublesome,” she said with a yawn.

“Why didn’t you say that it was troublesome when you were feeling good last night?” he snorted.

“are you not feeling well?” she asked with a fake smile. i remember that you were so comfortable that you kept sighing.”

he wanted to say something, but he held himself back. he looked as if he could not express himself in a few words.

Bai suili was quite happy, and when she walked out, she said to little white, "xiao bai, be good at home. i'll bring daddy to the hospital, okay?"

he followed behind her slowly. "when are you going to have a child?"

He couldn't always treat a little jerk like a child, could he?

bai suili immediately supported him, her face full of sincerity, "you see, it's already tiring enough for me to take care of you. are you sure you want to add another child to my burden?"

"bai sulli, where's your face?" ye mulin turned his face and looked at her.

After he finished speaking, he pinched her face, and she immediately shouted, "It hurts, it hurts, it hurts, Yingluo."

only then did he let go of her and lean weakly against her as they walked towards the elevator. when they finally got into the car, he didn't sit in the front seat but lay in the back seat. his voice was also weak. "Drive slowly."

"i'm afraid you won't be able to take it," she said with a kind face.

after he finished speaking, he drove the family car like a sports car. ye mulin, the eldest son and eldest son of the ye family, looked like he had eaten an emaciated look.

"bai xue li, slow down." He coughed lightly.

she paused for a moment before saying, "i usually tell you to slow down, but you never agree!"

His face was livid. Was she taking revenge?

"You'll feel better if I'm faster. You're so fast now, will I feel better?"

“didn’t you feel well when we arrived at the hospital?” “Be good and bear with it,” she said, imitating his usual behavior.
