

## Thank you 3431

Chapter 3431: Lawyer ye can also act coquettishly 2

His face darkened, but he didn't say anything because he couldn't hold it in anymore.

He closed his eyes and endured it.

This was the most embarrassing moment of ye Mulin's life, all thanks to her big meal last night.

when they arrived at the hospital, his face had already turned pale from his restraint. when she helped him out of the car, she finally found her conscience and whispered, "i'll help you to the washroom first. don't hold it in anymore. it's better to be simple than what if hanhan does it!"

He no longer had the energy to bicker with her, so he quickly went to the toilet to relieve himself. When he came out, his steps were even more floaty. The rice weevil immediately went over to help him and put him in the emergency room.

"did you eat anything special last night?" the emergency doctor asked.

...

"a barbecue."

"a big meal made by a michelin chef."

he and she said in unison.

"bai sulli, do you think the food at a michelin restaurant will make people have diarrhea?" ye mulin said in a restrained voice.

"Then I also ate barbecued meat, and I didn't have diarrhea." "you're discriminating against commoner food," she blinked.

he was angered by her, so he kept a cold face and didn't say anything.

the doctor smiled and lowered his head to write down the test report."go and check it out."

bai suili took the list and slowly examined it. " "i need a blood test."

she turned her head to look at ye mu lin and saw that his face had turned paler.

it turned out that he was afraid of injections.

Ye Mulin said softly, " just take some medicine.

"how can you do that? how can a man be afraid of pain?" the doctor looked at him and then at bai sulli. " "family members, please comfort me."

ye mu lin felt embarrassed and walked out.

Bai suili followed behind him, holding his arm and supporting him. hey, the doctor asked me to comfort you.

He turned to look at her. you're happy.

"i'm definitely not very happy, just a little." she gestured at him and coaxed him, " "i'll hold you in a while. don't be scared, i'm here!"

ye mulin shook his head. he was angry and amused at the same time. however, the corners of his mouth still curled up into a small arc.

the rice weevil sneaked a look at her husband and felt that he really looked a little sickly.

When she arrived at the nurse's place to draw her blood, she was about to sneak out when he called out to her, " "didn't you come here to comfort me?"

Bai suili stared at him and slowly said, "you're a man, are you afraid of pain?"

However, she still came over. Ye Mulin immediately scooped her up and held her in his arms like he was holding a doll. The nurses laughed but did not dare to laugh too loudly because they knew that this was the eldest son of the ye family. Lawyer ye was very powerful. What if she laughed and he sued her until she went bankrupt?

bai suili bit her lip in his arms. " you really ... couldn't tell, yingluo. "

the nurse took the needle and inserted it into lawyer ye's delicate skin. he groaned and hugged her even tighter.

"Ye Mulin, be gentler. I'm in so much pain." she cried out in his arms, and he simply bit her neck.

The rice weevil cried after being bitten.

so in the end, he was the one who gave her the injection and she was the one who cried.

the nurse felt that jian jia was too embarrassed. both of them were calling each other too much, so she took the blood and immediately went to test it.

ye mulin was still holding bai sulli. she was angry in his arms and would occasionally gasp.

"Am I the one who's sick or are you? why are you still in my arms?" he asked in a hoarse voice.

Chapter 3432: Lawyer ye can also act coquettishly (3)

" oh, " she said and looked up. " are you done? "

his face darkened. " i'm done. "

bai suili coughed lightly. " does it hurt? "

“It’s alright.” “I’m going to the washroom,” he said suddenly.

she let out another “oh,” but ye mu lin did not move.

“You’re not going?” she looked at him strangely.

...

“Paper.” His face turned even more sullen.

bai suili quickly passed him a tissue, and he quickly left after taking it.

She looked at his back view and smiled until her eyes were narrowed. Ye Mu Lin was really a little cute like this.

Ye Mulin came out after about ten minutes. He did not look too good and looked a little weak.

“Are you alright?” Bai suili went over to help him up.

“what do you think?” ye mulin gritted his snow-white teeth.

she bit her lower lip and was about to speak when the nurse called out, ” “Mr. Ye, your test report is out.”

“I’ll go get it,” Bai suili threw him to the side.

with that, she ran quickly to get it.

ye mulin looked at her back view and his face darkened.

when she came back with the report, ye mulin was gone. she searched for a long time before she found out that he was in the bathroom.

Again again again!

Sigh, what a pitiful little flower!

bai suili's heart was filled with joy as she waited outside with great patience.

After a while, he came out and put the weight on her shoulder. He took the test report from her hand and glanced at it. "What else is there to say?"

"what's written on it?" "i don't really know him," the rice worm replied innocently.

"you don't know chinese anymore?" he reached out and held her chin.

she squeezed out a smile. " i've been overseas for a long time. i don't recognize you anymore. "

"yellow skin white heart?" "I'll check it later," he sneered.

The rice weeper immediately hugged his waist and buried her face in his chest."It's your stomach that's too weak. I'll be fine after eating it."

He lowered his head and looked at her unhappily, but she was hugging him so tightly. Her furry little head was like a small animal in his arms. No matter how angry he was, he was no longer angry. Besides, she had made him comfortable after last night.

"help me to the emergency room," he said as he sighed and rubbed her.

" oh, " she replied and obediently helped him over.

The doctor took a look. moderate gastroenteritis. You should get two bottles of IV drips. It's fine if you don't get one, but it'll take a lot longer to take medicine. People don't have time to take it slowly these days, and it's easy to get weak from diarrhea.

"I'll give you an IV!" " he's very busy, " bai suili said.

As soon as she finished speaking, lawyer ye glanced at her. Bai suili, did I say I need an IV drip? ”

“I know you’re afraid of pain.” The rice weevil looked at him with some disdain.

“i’m afraid of pain?” lawyer ye sneered.

“Then you can poke one for me to see.” she bit her small mouth and looked at him provocatively.

“I’ll teach you a good lesson when we get back.” Ye Mulin sneered.

the doctor couldn’t help but laugh when he heard that. he handed them the list.”Stay in a temporary Ward. You can go back after the infusion. After you go back, pay attention to keeping warm and take the medicine. it’s best to rest for a day. after all, the people of the kongtong sect are not made of iron.”

Bai suili took the form and went to pay the bill. Then, she took her sickly husband to a small Ward. Before she could say anything, her husband said in disdain, ” “how can we live in such a small place?”

“ye mulin, you’re here for treatment, not to stay in a hotel. It’s already good enough that they didn’t put you on an IV drip outside.” Bai Xiuli rolled her eyes at him. he’s really a rich man.

Chapter 3433: Lawyer ye can also act coquettishly 4

he lay down and glanced at her.

“i’ll go get the nurse,” bai xiuli stuck out her tongue.

“Is there a washroom here?” he called out to her.

She looked around and came back. yes. It’s just a little crude.”

He did not look good.

To be honest, the eldest and eldest young master of the ye family had never lived in such a simple and crude place.

...

it was rare for the rice weevil to coax him. ” it’s just two or three hours. just bear with it. don’t bother the nurse. look, everyone else has been up the whole night. ”

When she said this, his expression softened a lot, and he kept looking at her.

Her words were to his liking, so he reached out to pull her over and looked at her quietly.

Bai suili stared at him and said in a low voice, ”You’re not allowed to kiss me. I think you smell like the toilet.”

ye mulin’s face darkened and he let go of her hand.

“To be honest, I’m not happy either. It’s really hard to serve.” She made a face and immediately ran away.

However, she did not know that when she ran away, ye Mu Lin looked at her.

Looking at her back view, the corners of his lips curled up into a faint smile.

It was a very shallow smile.

Bai suili quickly called for the nurse. When the nurse put ye Mulin on the drip, Bai suili stared at his expression.

“What are you looking at?” he asked.

“call me if it hurts, you can hug me,” she said in a soft voice.

he snorted and ignored her.

Bai suili watched as the nurse gave him the injection. Ye Mulin frowned, but he did not retract his hand.

“You’re so brave!” she praised him with a smile.

Ye Mulin glared at her fiercely and endured the pain as he let the needle be inserted. After the needle was inserted, he did not look at her and lay down on the small hospital bed.

the nurse smiled faintly. after she was done, she was about to leave when bai suili called the nurse and coughed lightly.”What if he has diarrhea later?”

“Bai Sulli?” ye Mulin gritted his teeth.

I’m telling the truth, ” she said innocently. otherwise, why would you bring it to the toilet? ”

The nurse smiled. Mrs. Ye, you can help lift it. There’s a hook inside. Try not to let the patient take off his pants.

Bai suili asked somewhat dumbly,”then who’s going to help him take off his pants?”

The young nurse smiled again and glanced at her with a ‘you’ look.

Bai suili immediately cowered, why was it her?

she still wanted to say more, but ye mulin dragged her to the bed and hugged her tightly with one hand.

Bai suili was a bit stiff, but she slowly relaxed and complained, ” “I’m so tired, let go.”

He refused and rested his chin on the center of her hair.”uncomfortable, painful.”

She was stunned for a moment and blinked her eyes. It took her a long time to understand.

“Ye Mulin, are you acting like a spoiled child?” she turned around and looked at him.

“no, i didn’t,” with a dark face, he pulled her into his arms again and pressed her hard. after a while, he rubbed her furry little head, treating her like a doll.

She held it in for a while before she laughed.

It turned out that ye Mulin could also be weak and act cute.

He was really funny.

Probably because she laughed too much, ye Mu Lin held her tightly in his arms. She laughed so hard that she didn’t have the strength to struggle. In the end, she couldn’t take it anymore and cried out, ” “ye mulin, i’m almost out of breath.”

only then did he let go of her.

She was still smiling, and his palm gently patted her face.”I’m going to buy breakfast. I’m hungry.”

Chapter 3434: Lawyer ye can act coquettishly 5

she looked at him and smiled,”what if you want to go to the toilet?” you want the nurse to help you pull up your pants?”

He glared at her and said a little proudly, ” “i’ll endure it,”

“Really?” Bai suili looked at him.

he didn't say anything. he turned over and lay flat, covering his eyes with his hands.

Bai suili's heart softened when she saw his pale face and how he was holding back. She knelt beside him and covered him with half of the quilt, whispering, ” “then i'll buy you some soy milk and porridge, okay? something light.”

He still had one hand covering his eyes, but he grabbed her hand and threw it away. go get the money from your wallet.

...

she nodded and took 200 yuan from the bag, but she was still worried when she left.”Ye Mulin, you have to endure.”

He took his hand away and glanced at her.

the rice weevil immediately ran away.

because she had never bought breakfast for herself, it took her a long time to come back. she only came back half an hour later.

She realized that ye Mu Lin's face was extremely dark when she returned. help me to the washroom.

She stuck out her tongue and held the IV drip with one hand while supporting him. Then, she carefully tried to please him.”you've been holding back for a long time?”

Lawyer ye gritted his snow-white teeth and his voice trembled. “what do you think?”

She smiled in embarrassment and helped him to the toilet.

The door closed.

at this moment, the nurse came over with a doctor to check on the situation.

And in the bathroom, they were having this conversation.

“bai sulli, hurry up and take it off. you’re so stupid that you can’t even unbuckle a belt?”

“It’s stuck, Yingluo.”

“.....”

after a long time, a voice said through gritted teeth, ” “Unzip the zipper first, idiot.”

“Oh.”

After a while.

“i can’t pull it open. can’t you control yourself? you’re already like this, yingluo.”

“who told you to touch me all over? how do you want me to restrain yingluo?”

the doctor couldn’t bear to listen any longer,”come back in half an hour!” Seriously, patients nowadays don’t cherish themselves more and more.”

The two young nurses followed behind her with blushing faces, occasionally turning back to take a look ...

It couldn’t really have happened, right?

in the bathroom, the drip was hung up, and lawyer ye looked at bai suili. ” “You, get out.”

“ah?” Bai Xiuli was stunned for a moment and didn’t move.

his face was dark. ” bai sulli, ” he said, ” do you want to stay and see my P shares? ”

She let out a long “Oh” and pouted.”It’s not like I haven’t seen it before, and Yingying doesn’t have any outstanding qualities!”

“Then why couldn’t you unzip it just now?” he sneered.

she thought of the scene just now and ran away, ” “hurry up and play. call me when you’re done.”

The Honorable lawyer ye only allowed her to stay in the room for five minutes. After she came out, she spent ten minutes washing her hands. She looked at his fastidious expression and felt a little uncomfortable.

After ye mu and Lin Shu were done, they threw their bodies onto the bed and sat down to look at her. “I’m hungry.”

“go ahead and eat!” bai suili looked at him and said strangely.

The ye clan’s eldest son raised a hand. You feed me!”

Although she really wanted to ask him if his other hand was disabled, she softened at the thought of his pitiful state. She opened a packet of soy milk and fed him. After drinking half of it, she fed him a pillow of porridge.

She was so kind to feed him, but he didn’t say a word of thanks. He just lay down after eating. I want to sleep. Wake me up when it’s done.

Bai Sulli snorted softly. She had also eaten breakfast and packed up.

Chapter 3435: Lawyer ye can also act coquettishly, 1200 words

He was clearly asleep, but she had just finished packing her things when he pulled her over and hugged her to sleep with one hand domineeringly.

his body was against her back, and it was a little cold. bai xiuli's heart softened, and she pulled the blanket over the two of them."i have to look after the medicine."

"the nurse will be here soon." "Now sleep with me for a while, I'm dead tired!" He said in a low voice.

This was a trick that men often used, but it really worked every time. Bai Sulli suddenly stopped talking and obediently lay in his arms like a doll.

His body slowly warmed up, and he placed his palm on her back, pulling her into his arms.

The room was quiet.

...

when the nurse came over to pull out the iv drip, she was very gentle and soft.

ye mulin woke up and looked at the nurse. the nurse whispered, " "Go and do the procedures after you wake up."

he left after he finished speaking.

They all knew lawyer ye. He was a well-known person who had spent 10 million to stay in the hospital for a few days.

after the door was closed, ye mu lin lowered his head and looked at the little girl in his arms. he smiled slightly and closed his eyes again.

He was indeed tired. Not only did he have a stomachache this time, but he had also been deprived of the rice worms for more than a month. His vitality was greatly damaged.

only then did he realize that not having trouble by his side was the biggest problem. eating, sleeping, and everything else was different from before.

she had become his concern, and he would feel very sad if she was not by his side.

Ye Mulin opened his eyes and gently stroked her eyebrows. Her eyebrows, which he used to think were too European, seemed to be much more exquisite and delicate.

he smiled. she had indeed become much more traditional after marrying him.

he moved over gently and touched her lips lightly, then reached out to hold hers.

the rice weeper also moved into his arms, its little mouth leaning on his chest. its warm breath messed up his heart, and after a while, it became wet and hot.

He pressed his hand on her shoulder in disgust and wanted to push her away, but in the end, he couldn't bear to do it. Instead, he kissed her forehead.

He was so gentle, but she still woke up.

“are you done hanging?” his eyes were wide open.

“if i had waited for you, i would probably have passed away by now.” ye mu lin looked at her.

She leaned her head out of his arms and was only relieved when she saw that the drip had been removed. She drowsily slept for a while before suddenly opening her eyes again.

“What's wrong?” he asked gently, thinking that he had already been very gentle to her.

he was a patient, and he felt that he was already very considerate of her feelings, wasn't he?

but his little wife opened her eyes and sniffed left and right ...

he had a premonition that she would not say anything good, so he was about to warn her with a dark face, but she had already asked, "“ye mulin, do you smell like you’re going to the toilet? did you wipe yourself clean?”"

his face was completely black. he immediately lifted the quilt and got up to tidy his clothes.

Bai Shirley sat on the bed and said, "“What’s wrong with you?”"

"I’m afraid you’ll be suffocated by the smoke!" he snorted coldly and opened the door to leave.

Bai suili blinked. Was he really angry?

Hence, she also jumped off the bed and chased after him. Ye Mulin was paying the bill and threw a bag into her arms. He walked quickly in front. However, he was always sick and did not have his usual Swift and decisive manner. Instead, he seemed to be bluffing.

the rice worm stood there, looked at him, and laughed. however, she could not laugh after a while.

He should still be feeling uncomfortable right now, right? she still had to force herself to do it. were all men so childish?

she ran over and hugged his arm.

"didn’t you say that i don’t smell good?" he stopped in his tracks and looked at her.

"i’m a little used to it." She gave him a silly smile.

he snorted coldly and walked forward. she supported him as if she was supporting empress dowager cixi. he couldn’t stand it. "Bai Xue Li, I’m not that weak."

"i can’t be good to you or not. why are you so picky?" She cried out softly but still supported him with her head lowered. Ye Mu Lin looked at her and snorted, but he let her help Yueyue.

When he arrived at the parking lot, he sat directly in the driver's seat. Bai Sulli couldn't take it anymore. "I'll drive!"

"A kamikaze driver!" "sit over there!" he snorted.

Chapter 3436: Tsundere, Black-bellied, and adorable (1)

she sat in the front passenger seat, fastened her seat belt, and asked worriedly, "ye mulin, are you sure you can do it?"

it turned out that it was a mistake to question a man's ability. he only glanced at her and immediately started the car.

With a bang, her head hit the back of the chair, and it hurt.

"ye mulin, aren't you childish!" Bai suili reached out and touched her head. I've taken care of you for so long, and you're treating me like this? "

he turned his head to look at her and snorted. "you said i can't do it!"

"you just can't do it, brother one point!" She was not afraid of him and said angrily.

...

Ye Mulin looked at her and sneered."It's pretty good, continue."

she didn't dare to do it again. she snorted and looked at the road ahead."drive properly."

In an instant, his expression softened, and he no longer spoke. After a while, he took out a cigarette from his central control and lit it. He took a long drag. Bai Sulli looked at him and pursed her lips, but did not say anything.

The car drove back to the apartment's parking lot. She unbuckled her seat belt and said, " shall I help you out of the car? "

he looked at her. ” finally, you’ve said something. ”

even though she was angry, she still came over to open the car door to help him.

when she opened the car door, ye mulin was sitting in the car in a reserved manner. he looked at her and said softly, ” I finally understand why the sense of ceremony is so important.

“ye mulin, what did you experience?” she could not help but ask.

He was helped down by her and lowered his eyes.”The feeling of being chased is still very good.”

Bai suili really couldn’t stand it. we’ve been married for a long time. Besides, aren’t you the one who’s been secretly in love with me? ”

he looked at her and a smile appeared at the corner of his mouth. ” it’s different now. You said that you’re married. What you did in the past doesn’t count anymore.

She couldn’t be bothered with him. Sick and delicate, she became a young girl when she fell sick.

When they got home, ye Mulin couldn’t take it anymore and wanted to take a bath. He even ordered the rice weevil to help him scrub his back.

The rice weeper exploded. why am I the one wiping your back? I’m taking you to the hospital before dawn. I just want to sleep now.

“sleep with me, or wipe my back, choose one.” He stared at her with his dark eyes.

The rice worm was shocked by his shameless attitude and said, ” “is there another option?”

he continued to stare at her. ” yes. ”

“I choose the third option.” She gathered her courage.

“the third way is for aunt li to scrub my back,” ye mulin said slowly.

His voice was almost mumbling as he walked forward. you’re willing to let her see my body? ”

“i don’t want to.” The poor rice weevil was forced into a corner and stammered with his back against the wall. Then, he was dragged into the bathroom.

Ten minutes later, the large bathroom was filled with steam, and the luxurious bathtub was filled with a fragrant smell. She knelt behind him and wiped his back bit by bit.

“Be more careful.” he said with slight disdain.

Oh, ” she replied and tried her best to help him wipe it clean.

After pooping, she went to soak in the cicadas. She suddenly thought of something and her little face turned bitter.”can i take a shower?”

“You despise me?” he pulled her over from behind and into his arms. the tip of her nose bumped into his arms, and her chin was held.

This was supposed to be an alluring scene, but he had turned it into a brutal and cruel one.

Bai Sulli bit her lip. I’ll take a bath. I’ll help you wipe your back.

But he held her hand, his eyes burning.”now, wipe the front.”

Chapter 3437: tsundere, black-bellied, and adorable (2)

Bai suili’s eyes were wide open, and she looked at him pitifully,”What do you mean?”

“Now, wipe the front,” he said as he threw the towel to her.

Bai suili’s hand was on his shoulder, and she looked helpless. up or down? ”

He was not in a hurry. Instead, he held her hand and asked, ” where do you want to wipe? ”

She said pitifully, her voice like a mosquito, ” “Then can you close your eyes?”

“shouldn’t you be the one with your eyes closed?” he looked at her.

...

he paused for a moment. ” bai sulli, you want to touch me without me knowing, don’t you? ”

“You think too highly of yourself.” She gritted her teeth and snorted. Then, she closed her eyes and wiped her breath.

Ye Mu Lin leaned back comfortably. His gaze fell on her tightly-knitted features and he looked happy.

when it was almost time, he grabbed her hand. ” “That’s enough,”

when she finally laid on the bed, she fell asleep on his chest, exhausted.

In her daze from sleep, her little hand was still drawing circles on his chest.”sickly girl, you’re too good at tormenting people.”

the patient, who was supposed to be asleep, was in a much better mood. she half-leaned against the headboard, put one hand on her back with a gentle gaze, and smiled gently.

He saw that it was still early, so he sent a message to Secretary li, telling her that he would go to the office in the afternoon. He put down his phone and lay down, hugging her to sleep for a while.

Mother Bai didn't know where she got the news of his illness. Even though it was his birthday yesterday, she still asked father ye to come over to see her son.

the door opened, and it was auntie li who opened the door. she said softly, "Lawyer ye is asleep and he doesn't look too good. I heard that he went to the hospital at night."

Mama ye's voice was very soft. then we'll be here. Auntie Li, you can go back first.

Auntie li wasn't worried at all. She took off her apron and said, "then i'll be leaving first. i've made some delicious food for the two little ones and stewed them to keep them warm. don't worry, madam. they're all warm."

Mama ye was very satisfied and personally sent Auntie li to the door.

she turned around and saw father ye, who rarely did not go to work, sitting on the sofa. she smiled slightly. "i'll go and take a look. "

" the young couple is sleeping, " father ye said softly. " what are you doing there? "

Mama ye disagreed. Mulin is sick, and Shirley took care of him the whole night. He must be sleeping now. What's wrong with going there? he's his own child.

As Mama ye spoke, she was already walking towards the master bedroom. She walked to the door and opened it carefully. When she peeked through the crack, she couldn't help but smile and wave at Papa ye."quickly come over and take a look."

father ye was a man of high status and power. there was nothing he had not seen. however, he had said that he would accompany mrs. ye on her birthday yesterday. he did not expect his son to be sick, so he had dragged him here.

Although he was unwilling to make a fuss, he still went over.

When he stood with the night matriarch and looked in, he couldn't help but be stunned.

His steady and self-restrained son was sleeping on his side, but what kind of sleeping position was this? his long arms and legs were holding his wife like a doll. Bai Sulli's face was full of pain, but she could still sleep.

the couple urged their father to be speechless.

mama ye smiled. " i'm fine. i'm relieved. "

She walked to the sofa with father ye and smiled. " i used to worry about mu lin and felt that he was not easy to get close to. but now it seems that their relationship is really good. "

Father ye looked at his wife and said indifferently, " "Mu Lin and mu Bai are different. They shouldn't take their relationship so seriously."

Chapter 3438: tsundere, black-bellied, adorable (3)

mama ye disagreed with his words. " it's not a bad thing to value relationships. "

"Mubai can, but not Mulin." Father ye looked at her.

Perhaps his gaze was too sharp, Mama ye was stunned for a moment. After a long time, she said in a low voice, " "What's wrong with you? isn't it a good thing that Mu Lin and his wife are in love? in the past, you thought that he placed too much emphasis on his career and was afraid that he would refuse to get married!"

Father ye's gaze fell on her face, and after a long time, he said calmly, " "i just said it casually, why do you take it to heart?"

mama ye also looked at him, as if she was analyzing him.

she had been married to this husband of hers for many years. she knew that he was unfathomable, but she had never felt that he was so difficult to understand.

...

So she looked at him for a while longer, and father ye's tone turned gentle. "why are you looking at me like that?"

"Then why are you looking at me like that?" Mama ye smiled faintly.

Father ye sighed. I was just saying. You're angry again. Weren't you quite happy yesterday? "

Although Mama ye was smiling, her expression did not relax. Father ye coaxed her coldly and nobly before he calmed down.

however, mama ye still couldn't help but say, " " they're both your own children. why are you so biased? you've always been so relaxed when it comes to mubai. mulin has been strict with you since he was young. are you going to interfere with his normal married life now? are you going to let him have no fun in life at all? "

Father ye could not do anything about this Madam. He looked in the direction of the bedroom and smiled helplessly."Aren't I enjoying myself? Even his old man doesn't have such a good life. He's hugging his wife to sleep now."

Mama ye sneered. so, now that he's your son, he doesn't even have the right to be sick? " she said.

"i didn't mean it that way. you've really misunderstood me." Father ye sighed. look at you. You have children now. You don't care about me anymore.

This could be considered as giving in, and Mama ye didn't say anything more. She was originally a young lady from a famous family, unlike the Bai family where Bai Xuli was from, which had a weak Foundation. She could get along with father ye for so many years and firmly grasp him, so it was impossible that she didn't have any ability.

mama ye only glanced at him, and there was naturally an interest in love that only old couples had. papa ye looked at her and got up. " alright, I'll go prepare lunch. You can go and wake the two little ones up.

Mama ye, however, followed her into the kitchen. She looked around and said, "add two more dishes.

As she said that, she looked straight at him.

"Are you ordering me around?" father ye smiled gently.

mama ye did not say a word. papa ye put his arm around her shoulder and coaxed her, "Alright, I'll take it as celebrating your birthday."

What else could night matriarch say when the superior was so submissive?

she looked at the dishes that he was going to prepare and was very good at it, so she was satisfied. she went to the master bedroom to call her son and wife for dinner. when she pushed the door open, her old face blushed.

The two little ones were awake. Her precious son was pressing the little girl down and kissing her.

the blanket slid down halfway, and mama ye saw that her son's figure was really good, strong and strong.

And that scene was really beautiful. Just like in Korean dramas, Mama ye was once young too, so she just enjoyed it for a while.

Ye Mulin still noticed his mother's presence. He immediately pulled up the blanket and called out, "Mom, what are you doing here?"

Mama ye smiled and said, "you guys continue!" But don't take too long. Your dad is cooking. He'll be done in ten minutes."

Chapter 3439: tsundere, black-bellied, and adorable (4)

After Mama ye finished speaking, she even blinked her eyes lightly.

You have to work hard, or else ten minutes won't be enough.

she closed the door, and bai xiuli looked at ye mulin with her eyes wide open. "your mom saw our yingluo kissing?"

He snorted, then lowered his head to kiss her again, a little deep.

The rice worm pushed him away. didn't ran ran see it? "

He had just peeled her like a boiled egg, and so had he ...

...

Her eyes widened as she bit her lip and kicked him. "You can still do this? ye Mulin, you bastard."

He pressed her down, a look of forbearance on his face. "i'll kick you again and tie you up."

She couldn't move and glared at him. "don't move anymore. your parents are here."

He looked at her little face and laughed softly. He said slowly, my mom already said that we have ten minutes left. Shirley, don't waste it.

as he spoke, he lowered his head and kissed her deeply, his fingers clasping hers tightly. she struggled, but she couldn't break free. he still got what he wanted.

ten minutes later, he got out of bed feeling refreshed and went to the changing room to get some clothes. he threw a set of clothes to her. "You still want to come?"

she angrily threw the clothes at his face. " "ye mulin, you're too bad."

"i'm still sick, and you're treating me like this?" he smiled.

she sat on the bed and looked at him angrily. ” “You were not a weak patient just now.”

He laughed even more freely, buttoned his shirt, and walked over to pinch her face. ” men are all like this. you’re hugging me like that and i’m still unmoved. are you still a man? ”

“i don’t know if you’re a man or not, i only know that you’re not human.” She glared at him.

ye mulin laughed. ” are you really that angry? ”

he picked up her clothes and helped her put them on. as he put them on, he said in a low voice, ” “Why don’t we go out for a meal later? it’s rare for dad and mom to come over together.”

his voice was very gentle, and the rice weevil was very pleased to hear it. it lowered its head and let him put on her clothes.

He looked at her, smiled, and pinched her little face.

When she went out, father ye’s food was already ready. However, as a man, he knew that his son had probably done something just now.

His face was neither happy nor sad, and he said a few words of concern.

Since he could already have sex with his wife, his body was naturally fine.

ye mulin’s face was gentle and he treated bai xueli gently. he would occasionally serve her food. although she had been married into the ye family for a few months, it was rare for her to have a meal with father ye like this. furthermore, father ye was the one who prepared the meal.

mama ye was very kind, and she personally served some vegetables to bai suili. ” “Eat more. I heard from Auntie li that you took Mulin to the hospital last night. It was quite tiring. it was a michelin chef who came here last night. i’ll go and question him later.”

bai suili pursed her lips and was about to say something when ye mu lin placed his palm on the back of her hand and smiled. ” ” mom, i drank a glass of ice water last night. it has nothing to do with the dinner party last night. ”

Mama ye was angry and amused at the same time. you’re already in your thirties, and you’re still drinking ice water at such a late hour. How are you going to take care of Shirley like this? what if you have children in the future? ”

“I won’t do it again in the future.” Ye Mulin smiled.

He looked at Bai suili and suddenly said to his parents, ” “shirley and i are planning to have a child.”

Bai Xiuli was stunned for a moment, and she couldn’t help but look at him blankly.

Chapter 3440: Ye Mulin’s persistence for her (1)

ye mu lin looked at her and smiled.”What’s wrong, are you stupid? Didn’t we agree on this?”

His gaze was unfathomable. She felt as if she was sucked in and could not move.

she could only nod her head gently, her voice slightly hoarse. ” “yes, we do want a child.”

Mama ye looked at the two little ones and chided her son with a smile, ” ” why are you being so serious when you’re looking for something good? you’ve scared shirley so much that she has to listen to you. i’m just saying that you’re too strict with her. you’re husband and wife, not superior and subordinate. she’s not your secretary or those low-ranking lawyers, so you should be gentler. ”

Ye Mulin smiled and looked at his mother. mom, do you think I’m not gentle with Shirley? ”

“what do you think?” he looked at the rice worm.

...

Bai suili's voice was soft. it's pretty good.

She looked at him carefully, stunned.

that careful gaze made mama ye not know whether to laugh or cry. she was still very controlling and did not dare to make a sound. however, she remembered how her son had pushed her daughter-in-law down and done all sorts of things. she felt that a young couple like them was perfect. it was generally the case that the man was strong and the woman was weak. when they got older, it would be more peaceful.

Mama ye stopped asking, and the family had a good meal together.

after the meal, mama ye washed the dishes. the rice weevil was too embarrassed to play alone and followed mama ye to stick to her.

they had a good relationship, and mama ye didn't mind that she didn't know anything. she just taught her patiently by the side.

bai sulli didn't know why, but being doted on by such a dear elder made her nose a little sour. this was probably the compensation for her marriage to ye mulin, so she was even more clingy and held onto mama ye's arm, not letting go.

Mama ye naturally taught her some things in a soft voice. After washing the dishes, she made a pot of flower tea and went to the balcony to drink it together.

Just as the two women were relaxing, ye Mulin was called to the study by father ye. The atmosphere was not so relaxed anymore.

Father ye motioned for him to close the door.

Ye Mulin was very mature and understood his father very well. He knew that his father had something to say, so he leaned against the door and did not come over immediately. Instead, he looked at his father quietly."Dad," he said.

Father ye looked at his son. His eyes were gentle, but they were more stern. are you serious when you said you want children? "

“of course.” ye mulin smiled and walked over to his father. he took his precious cup and made some coffee. he handed one cup to his father.

father ye looked at the familiar cup and studied it for a long time before he said softly, ” “The one you gave me, is it the same?”

yes, I picked it out with Shirley the other day. She picked it out and said that you would like this style. ye mulin held the cup in a relaxed manner and took a sip.

Father ye was also playing with the cup. He muttered to himself for a while before saying,”she has good taste.”

then, his expression became somewhat unfathomable.

Ye Mu Lin’s fingers tightened around the cup. He then said in a relaxed manner, ” “It wasn’t good before, but it’s not bad now.”

Papa ye glanced at him. don’t bring up the past to stab her. It’s in the past. Who doesn’t have a past? besides, nothing happened between her and Mubai.

“Father, are you pleading for her?” ye Mulin smiled.

Father ye looked over again and continued to play with the cup. After a while, he put down the cup.”well, the sooner you have a child, the sooner you can settle down.”
