Chapter 3451: Shirley, I'm jealous (3)

early in the morning, bai suili was woken up by a mobile phone's ringtone. when she opened her eyes, she had a mobile phone in her arms.

She picked it up in a daze and saw that it was Gu Changfeng.

her desire to live woke her up immediately and she looked at her husband.

"take it!" "i'm going to take a shower." ye mulin lifted the blanket and got up.

"Hubby, you're so sensible." Bai suili smiled a little fawningly.

As soon as she finished speaking, she fell into his arms. He kissed her fiercely and held her slender waist tightly with his large hands.

...

The phone continued to ring. She punched his shoulder and bit her lip. "didn't you say you were going to take a shower?"

"this is the last time." he bit her lips angrily, then let go of her and walked to the bathroom.

the rice worm looked at his back and drooled.

His back view was really tempting, making women want to hug him from behind.

she couldn't think about it anymore, so she picked up the phone first.

In the bathroom, the sound of water flowing could be heard.

Ye Mulin tried his best not to listen to what his wife and first love were saying. He told himself to be magnanimous, but-

Being magnanimous in this kind of thing was sh * t!

he was so angry that he wanted to strangle her to death, but he couldn't bear to.

she took a shower for five minutes to give her some privacy. when she walked out, she only had a towel wrapped around her.

His rice weevil was half-kneeling on the bed, his phone thrown aside, and he said with a pitiful expression, "Ye Mulin, Gu Changfeng is leaving tonight."

He looked at her, paused, and walked to the head of the bed to take a cigarette box. He took out a cigarette and lit it. After taking a puff, he asked, "You mean you're going to elope with someone tonight?"

"it's work, how is it eloping?" She bit her lip, then moved over to hug his arm. "You agreed to it last night. Don't go back on your word."

her little face rubbed against his arm, and she would look up at him secretly for a while, afraid that he would disagree.

"Aren't you good at cheating?" ye Mulin looked down at her. bai sulli, if i don't agree, will you run away from home?"

she was stunned for a moment before she smiled and said, "thank you for reminding me, lawyer ye.

he was so angry that he flicked her head with the cigarette in his hand.

"Don't burn my face. It'll be on camera." She immediately moved away.

Ye Mulin sneered at her. "it's better if it's uglier. it won't run out if it's uglier."

She carefully rested her face on his shoulder and said softly, " "if i'm a little uglier, you definitely wouldn't like me that much. men are all visual animals."

"i didn't say i like you," he snorted.

"That's a crush, and you've had a crush for many years." She said with a smile.

Ye Mu Lin laughed softly and ruffled her hair."You promised Gu Changfeng, didn't you?"

She didn't dare to make a sound.

he thought for a moment. " be good and stay at home during the day. i'll get off work early in the afternoon and take you out to buy some things. also, the contract hasn't been signed yet, right? i'll prepare. "

If Bai suili had known about the contract that ye Mulin had prepared, she would never have allowed him to meet Gu Changfeng. He had no moral integrity at all. He was not the cold and aloof lawyer ye at all. He was more like a jealous husband.

of course, she was happy to see him agree to it. she didn't doubt him at all. she smiled and said,""the lawyer got up and went to work that night. i'll sleep a little longer."

He pinched her face. have breakfast with me before you sleep.

Chapter 3452: Shirley, I'm jealous (4)

I'm so tired, " she complained. I don't feel like eating.

He stared at her. if you don't eat, you can save time, huh? "

as he said that, he even held her chin, the hint was very obvious. " "I still have some time."

As soon as he finished speaking, the rice weevil was immediately revived. He crawled up and forced a fake smile. "i'm hungry."

As she spoke, she ran into the dining room. He looked at her back and smiled as he followed her.

while he was having breakfast, he was also scrolling through his phone. bai sulli tilted her head and peeked at him. after a while, she asked in a low voice, "what are you looking at?"

...

ye mulin didn't even raise his head and said indifferently, " i'm looking at the artiste contracts. i've never been in this field before. "

The rice worm took a bite of the round bread. why? do you still want to serve a female celebrity? "

He finally looked up at her and smiled faintly. you.

she suddenly felt a little ... " "i'm not a female star."

he smiled and didn't say anything else. he looked down and continued to read. however, after five minutes, he put down his phone and ate his breakfast.

After he finished eating, he got up and kissed the corner of her mouth. "Don't sleep too late. Go for a run in the gym when you're free."

she looked at him and said slowly, "there's a gym here. why didn't i see you exercise?"

Her hand still poked his chest restlessly. "how do you maintain the muscles here?"

ye mulin looked at her and the corners of his lips curled up slightly. "i exercise in my room every night. why would i need to go to the gym?"

she blushed and glared at him.

He smiled and leaned forward to kiss her again. I'm leaving.

bai suili stood up and pulled his hand. he turned his head to look at her.

"you're really letting me go? aren't you angry?" she asked with a worried expression.

ye mu lin reached out and ruffled her hair."Yes, I'm not angry."

He changed to a more relaxed tone. our Shirley went to earn money. What's there to be angry about? "

she had really believed his nonsense. later that night, she felt that she had fed all her trust to xiao bai.

At this moment, she was extremely touched and said in a low voice, " "Ye Mulin, you're the best."

she was touched and even hugged and kissed him.

This was probably what a relationship between a man and a woman was at its best.

Lawyer ye went to work in satisfaction. After dealing with important matters in the morning, he began to write the contract for Bai suili. He stayed up for a department meeting in the afternoon before he went home with his handbag.

When he went back, the apartment was quiet. He thought she was still asleep, but when he walked in, he saw his little wife packing her luggage in the changing room. She was only wearing a milk-patterned nightgown, which couldn't hide anything.

He put down his briefcase, walked in, and carried her from behind. why did you bring such a big suitcase? it doesn't look like you're going out for three days. It looks more like you're eloping.

bai suili was shocked. she turned around and hugged his shoulder. " you have to wear clothes inside and outside, yingluo. "

ye mulin looked at the big box. she had even prepared an evening gown. he did not know whether to laugh or cry. I heard it's taken at an internet celebrity's check-in location. Do you think we're going to attend a dinner party? ”

he carried her to the sofa at the side and sat her down. he took out a 20-inch suitcase and helped her pack a few sets of clothes. bai sulli's sharp eyes found that they were all extremely conservative, so she resisted softly, ” “are you asking me to wrap myself up from head to toe? how can i highlight my beauty like this?”

Chapter 3453: shirley, i'm jealous (5)

Ye Mulin did not mean it that way at first, but after she said that, he grabbed her and carried her to the mirror. He peeled her skin like a boiled egg.

“i don't want to.” She hugged him back.

however, he forced her to look at the mirror and hugged her neatly. his thin lips pressed against the warm skin of her neck.”only i can see your beauty, understand?”

She hugged him shamefully. He was so bad.

“i'm out for a few days. did you miss me?” ye mulin pressed against her.

“i did.” She said something that was pleasing to his ears and then bit her lower lip. ye Mulin, but I'm more afraid that you'll misunderstand.

...

she looked up at him. ” you agree, but will you trust me? ”

he stared into her eyes and said slowly, ” my agreement means trust. ”

she looked at him and was slightly touched. he reached out and touched her red lips. "If you dare to do anything, I'll break your legs or stew little white. You choose."

"Ye Mu Lin!" she was furious. "I'm the one who's touched. you've ruined the good atmosphere."

"Put on your clothes, don't catch a cold," he said with a smile.

she was even angrier. if he wasn't going to do it, why was he taking off her clothes?

"I'm not wearing it," she snorted angrily.

Lawyer ye helped her pack her luggage, then looked at her and smiled gently. "are you waiting for me to mess with you?"

"I'm not," she said angrily.

"If you don't, then put on your clothes. It'll be bad if you catch a cold." He chuckled and raised his hand to look at the time. "Let's go out and buy something first. I'll send you to the airport after dinner."

"I'm not wearing it!" She threw a tantrum and looked at him with red eyes. you don't miss me at all. You just want me to go out so that you can get your mistress, right? "

Her sudden unreasonable tantrum made him both angry and amused. He carried her to the sofa and sat her down. He helped her put on her clothes personally. are you unhappy because I don't do you?
"

She hugged him shamelessly. I just want to squeeze you dry. I don't want to let anyone else have it.

He laughed. there's no other person! xue li, stop messing around."

she was still hugging him, her little face resting on his shoulder. " "But I can't bear to part with you."

His heart skipped a beat.

She had been throwing a tantrum for so long because of this, and her heart was warm and soft.

He reached out and patted her head. it's only for a few days. It's not like I'm not coming back.

she wrapped her arms around his waist and said, " i just felt that you were unmoved. Ye Mulin, Gu Changfeng and I had a one-month relationship."

he draped a coat over her shoulders and glared at her. " how can you be so unreasonable? if I don't let you go, you say I'm narrow-minded. If I let you go, you're so talkative. Bai Sulli, then you don't have to go now.

"I knew you'd let me go," she stuck out her tongue.

As she spoke, she looked up and kissed him. I promise I won't do anything that will let lawyer ye down.

"otherwise, i'll stew little white." She said with a smile.

He held her Little Neck and said coldly, " "i've changed my mind. i just want to break your legs."

the rice worm cried out and hugged him tightly.

he helped her get dressed, then carefully checked her luggage and identification in her bag like a parent. finally, he gave her a separate card with a few thousand dollars in cash.

As for her 500000 Yuan, he had confiscated it.

"ye mulin, that's my money." bai xunlan bit her lip.

lawyer ye explained to her, " "Bai Sulli, you have to make some contributions to the family, right?"

Chapter 3454: Shirley, I'm jealous (6)

She glared at him. I worked hard to earn this.

“You can't live without my support.” lawyer ye was already carrying his luggage and walking out. ”
i will take good care of xiao bai. ”

She followed behind him unwillingly and muttered, ” “I just feel like you've kicked me out of the house.”

He laughed. How would he dare!

when he arrived at the parking lot, he placed the suitcase in the trunk and opened the door to the passenger seat for her. he held her while waiting for her to come over.

bai sulli stood there, refusing to get into the car. he smiled.”you look like i forced you to go.”

...

only then did she get into the car. ye mulin closed the door for her. when he got into the car, he sat down and buckled his seat belt as he whispered, ” “xue li, have you thought about it? if i don't let you go, what would you think?”

she turned her head to look at him in a daze.

Ye Mulin smiled slightly. if marriage is like a fortress, you might think that it's better to take a breather sometimes. I don't mind. However, don't touch the flowers and plants on the roadside. If you do, you'll feel awkward.

as he spoke, he placed a finger on her lips and pressed it gently. ” “it's definitely not as good as the one at home.”

She was in a daze. ye Mulin, you think too highly of yourself.

his smile was a little ambiguous. ” it’s your every reaction that gives me confidence and a sense of accomplishment, mrs. ye. ”

She blushed and ignored him. He smiled and started the car.

She had promised to buy him a gift, so she wasn’t surprised that he drove the car to the underground parking lot of the mall.

As soon as she got out of the car, she was distressed about her money and kept saying, ” “You can’t buy anything too expensive. It’s 500000 Yuan in total.”

he pinched her face. ” who’s the one who wants to buy jewelry that’s worth tens of millions every day? ”

it’s a woman’s duty to go all out. It’s a man’s sin to spend money. She counted her fair little fingers and remembered something. ” and i’ve read chicken soup for the soul. it says that men can’t dress up too well, or they’ll betray their wives. ”

“which mean woman said that?” ye mulin put his arm around her shoulder.

“It’s your mother.” She said honestly and then squeezed out a smile, looking very happy.

ye mulin was speechless. he couldn’t possibly ask her to cut off all contact with her mother, right?

He brought her to a branded store that sold both men’s and women’s clothing.

“you want to buy clothes?” bai suili looked at him.

he glanced at her and went to pick out some clothes. because it was late autumn, he chose a dark gray cashmere sweater with a pair of khaki pants. without trying it on, he stuffed it into her hands.”Go and pay.”

“Why am I paying? Isn’t the money in your hands?” she exploded.

“i didn’t bring any money.” ye mulin smiled.

The rice weevil cursed under his breath as he took out the money. Fortunately, the two items were not expensive and only added up to about 2000.

After paying, she counted her wallet and her heart ached.

however, when he left, he saw a long trench coat hanging on the wall. it looked good and suited him very well.

“how about this?” she paused.

“you still have money?” lawyer ye looked at her.

She counted the money on her and hesitated. but this dress is really beautiful.

She couldn’t help but take it off and let him try it.

it was indeed very good looking.

He looked at the price. It was 6800.

It wasn’t expensive, but she only had the two to three thousand Yuan that Huang Shiren gave her.

when the saleswoman asked, she shook her head. ” i don’t think so. ”

Ye Mulin immediately put it on and went to swipe his card.

“didn’t you say that you didn’t bring any money?” she asked, hugging his arm.

“You believe such words?” he reached out to pinch her face and took out another three thousand yuan from his wallet and stuffed it into her wallet. ” save your money. Don’t let anyone pick you up in C city. It’s expensive to take a taxi.

Chapter 3455: shirley, i’m jealous (7)

” oh, ” she replied. it was only then that she felt that they were really going to be separated.

ye mulin lowered his head. after a while, he reached out and ruffled her hair. ” if you can’t bear to, then call me every day. ”

” oh, ” she said again and looked up at him. she still couldn’t help but reach out to hug his waist.

the heart of the sales assistant in the branded store melted. this couple was really loving!

He raised his phone and took a few photos.

it was still early, so ye mulin brought her to the cartier counter downstairs.

...

“What else do you want to buy?” she asked. Didn’t you buy a gift?”

All she could think about was that he was going to spend her money again.

Ye Mulin glanced at her and asked the sales lady to bring out a pair of rings.

the shop assistant took it out with a smile and placed it on the counter.

ye mulin dragged the little girl beside him.”Let’s try.”

She mumbled, " I do have a wedding ring!

he endured it.

mu bai was the one who had bought the wedding ring, and he did not have it!

He did not!

she was unromantic, so his face was a little dark.

Bai suili looked at him carefully, feeling that he was really narrow-minded, getting angry at every turn.

he hummed and tried it. the ring fit him perfectly.

At this moment, ye Mulin also tried it on. It was just right.

he didn't take it down and paid the bill directly.

when he came out, his little wife was still thinking about his assets. " ye mulin, this money won't come from my 500000 yuan, right? "

He couldn't take it anymore and stopped. is this the main point? "

"why is it not the main point?" she mumbled softly, but she only dared to mumble, " don't be so awkward today. you're like an old man in menopause. so weird. "

When she said this, he remembered that she had made up things about him last night and said that he was an old man. His face darkened and he walked in front of her.

She immediately followed him.

He ignored her.

She hugged his arm.

lawyer ye: " didn't you say i'm an old man? why are you still pestering me? "

she hugged his arm tightly and said honestly, " "Even an old man is a rich old man! i can tolerate this."

he even gave a fake smile.

ye mulin couldn't take it anymore and tried to shake her off, but the rice weevil was like a piece of sticky candy that he couldn't get rid of qianqian.

"I know you're jealous, aren't you?" she said softly after a while.

"That doesn't exist," lawyer ye replied.

you're just jealous. You're jealous that Gu Changfeng is younger than you and that he knew me earlier than you. She said happily.

he suddenly stopped and said softly,"That's not right."

she looked at him.

"i knew you before he did, a few years earlier."

her expression softened and she hugged him. " " that's why it's your fault. you like me but you didn't say it. now, you're throwing a weird tantrum, asking me to go, and you're doing so many little things. ye mulin, you're really childish. "

As she spoke, her little hand gently stroked his back. When he realized what she had written, the unwillingness and injustice in his heart were all smoothed out by her. His body slowly calmed down, and he whispered, " "Xue Li, am I very difficult to get along with?"

“it’s alright. it’s like this during menopause. my mom used to be like this too.” She said with a smile.

ye family’s eldest son’s face darkened once again. he felt that he would be angered to death by her one day, yingluo.

the rice weevil was still holding his arm and said affectionately, ” “Don’t worry, I’ll give in to you.”

Chapter 3456: Shirley, I’m jealous 8

When they were eating, he didn’t make a sound. Bai Sulli was a little uneasy that he was really angry, but when they got into the car, he kissed her for a while.

She really didn’t understand him, but she couldn’t be bothered to figure it out. She sat in the car and looked at the ring on her finger, then at his.

ye mulin, who had been holding the steering wheel, suddenly opened his mouth. when you get there, don’t forget to call me every day. If you can come back earlier, I can pick you up from C city.

Such simple words made her feel a little sad, and she couldn’t explain it.

I’ll come back as soon as I’m done, ” she said after a long time. but you don’t have to pick me up. Gu Changfeng and I can come back all the time.

“i’m worried.” His voice was low and deep in the Twilight.”You’ve almost never gone far.”

...

The rice worm laughed awkwardly. I used to travel abroad a lot. Did you forget that I studied there?
”

ye mu lin smiled and paused before saying, "Shirley, in my heart, your life started from the moment you married me."

She was a little confused ...

Was there such an algorithm?

But, alright, it seemed a little sweet.

as night fell, the lights on the highway lit up like a long, bright dragon.

She suddenly opened the window childishly and said loudly, " "Ye Mulin, do you think it's good if we can't reach the end of this road?"

she didn't expect him to answer her. he would definitely think that she was childish.

however, to her surprise, ye mulin answered her. he did not answer her directly but asked her a question instead."If it's like this, Bai suili, are you willing? are you willing to stay by my side without end?"

She was stunned. She had been leaning against the window, but now she slowly turned her head to look at him.

he was still focused on driving, as if those words just now were not meant for her. it was as if he had never said a word. she hesitated for a long time before saying, " "If it's you, I think I'd be willing to do it!"

Ye Mu Lin clenched his fists and said in a hoarse voice, " "Remember what you said today."

She mumbled in a daze and then said anxiously, " "ye mulin, i feel that you lack a sense of security."

He smiled gently, like a husband should.

she sat in the chair and bit her finger as she looked at him. she suddenly remembered how he used to be rough to her, hit her, force her, and do all kinds of bad things. if it weren't for the photos, she really didn't want to believe that he liked her.

suddenly, he held her in one hand and said in a hoarse voice, ” “Close the window, be careful not to catch a cold.”

“oh,” she replied, then turned to look at him.

Ye Mu Lin was still calm, but she felt a little warm.

When she arrived at the airport, she called Gu Changfeng. Gu Changfeng had already arrived and found them in the parking lot.

the agreement was signed on the front cover of the car. gu changfeng looked at it first but didn't sign it immediately. instead, he let bai suili have a look.

bai suili felt a little strange and took a look at it,”what's wrong?”

Gu Changfeng smiled. I'll take a look.

” oh, ” she replied and read it carefully. there was no problem at the beginning, but there was a line of striking words at the end: they were not allowed to have any feelings other than working relationships.

Bai Sulli exploded in anger and glared at ye Mulin. you're too despicable!

Chapter 3457: Ye Mulin, I might be pregnant (1)

ye mu lin picked up the paper and said casually,”if you don't sign it, you can't go. think about it.”

“you've shown your true colors, haven't you?” she turned her head around angrily.

“i’ve always been like this.” he was in a good mood and didn’t mind being laughed at by gu changfeng.

Gu Changfeng’s eyes fell on the ring on ye Mulin’s finger and the pair ring on Bai Sulli’s finger, which was Cartier’s ring. He smiled and said, ” just sign it. It’s not a big deal.

bai suili was so angry that she wanted to cry. she didn’t want to talk to ye mulin anymore.

In the end, the contract was signed by two men. As lawyer ye signed it, he said, ” only minors under the age of 18 need their parents to sign on their behalf. How old are you, Bai suili? ”

...

She was furious. His face was even bigger than P shares. After signing the contract, he stuck the contract on his chest and walked into the hall with his suitcase. Gu Changfeng did not follow her immediately. Instead, he put away his pen and smiled.”do you always like to bully her like this?”

“did i?” Ye Mulin smiled and put his hands in his pocket. this is a pleasure for a married couple. Mr. Gu, you might not understand.

gu changfeng also smiled. he looked at the entrance and suddenly sighed. ” ” but i know shirley. i know her better than you do. she needs to be treated well. otherwise, she would rather not have you. ”

ye mulin’s expression changed slightly. he remembered the last time bai sulli ran away from home. she had said to him, ” ye mulin, if you don’t like me, i don’t want to like you anymore. ” gu changfeng really knew her well!

he smiled coldly and lit a cigarette. ” “i won’t be going in to send her off. goodbye, mr. gu.”

Gu Changfeng reached out his hand with a smile. Ye Mulin looked at him in surprise, but he still shook his hand.

” don’t worry, mr. ye, ” gu changfeng said with a faint smile. ” i’ll take care of her. ”

the corners of ye mulin's mouth twitched. he really did not want to reveal too many emotions in front of his love rival. actually, he was a little f * cked in his heart. he was already regretting it. why did he let her go out with her ex-lover and eat and sleep together for three days!

however, if he were to regret it now and drag her back, they would definitely argue for a long time. moreover, this was not ye mulin's style.

after ye mulin finished speaking, he hardened his heart and drove away.

He didn't even say goodbye to the rice weevil. Perhaps he was still angry!

in the airport hall, when gu changfeng went over, bai sulli had already checked in her luggage. seeing him walking over, she asked in a low voice, " "did he say anything?"

Gu Changfeng found it both funny and sad to see his wife like this, but he still teased her, " "Which him?"

"Gu Changfeng!" She shouted angrily.

gu changfeng smiled. " ye mulin? he left without saying anything. "

She was stunned for a moment, and he saw her expression of sadness and disappointment.

" what's wrong? " gu changfeng coughed. " you can't bear to leave him, can you? "

"i'm not reluctant to part with him. he's stubborn and has a very strange temper." she retorted with an interesting expression.

Gu Changfeng nodded and said slowly, " "he has quite a high opinion of you."

bai xiuli was stunned for a moment, and then said, " "what did he say? didn't you say that he didn't say anything?"

gu changfeng checked in the luggage and said, ” “He said that you’re very free and that you’re doing well.”

Chapter 3458: Ye Mulin, I might be pregnant (2)

The rice weevil exploded. don’t believe him. What he means is that he’ll dislike me if I stay at home and do nothing.

Gu Changfeng took the plane ticket and walked to the security check with her. He took a step forward and chuckled. Shirley, do you really think he doesn’t like you? ”

she looked at him for a few seconds without saying anything and walked straight into the security check.

gu changfeng followed her and didn’t ask any more questions. they didn’t talk much on the plane either.

When they arrived at C city, Gu Changfeng took her to a hotel. Their rooms were next to each other, and they had dinner together after they settled down.

C city was very prosperous and had the unique style of Jiangnan’s waterways. Bai Bailan sat in the restaurant and looked at the night view outside. She couldn’t help but think that it would be great if ye Mulin could come over and take a look.

...

he was just too serious, so he was suitable to come to jiangnan’s waterways to relax.

gu changfeng took a sip of his tea and asked, ” “What are you thinking about?”

“i was thinking that it would be great if ye mu lin could come.” she blurted out, but after she finished, she felt a little awkward.”gu changfeng, i’m sorry.”

“There’s nothing to be sorry about. I’m happy that you’re doing well.” gu changfeng smiled. ” since you’re here, you should relax. ”

she hummed in agreement and crossed her arms. she looked at gu changfeng and said, ” “It’s past 9 pm, let’s go back to the hotel.”

Gu Changfeng’s eyes fell on her face and he sighed, ” “Xue Li, you’ve changed a lot.”

She looked at him and touched her face. “You’ve become better looking?”

He shook his head and smiled, not saying anything more. He walked back to the hotel. The night was like water, and the autumn was cold.

gu changfeng kicked the stones on the road and said, ” “Shirley, you’re very happy now, aren’t you?”

she crossed her arms and walked forward, her voice soft and indifferent. ” Gu Changfeng, I don’t know what other people’s happiness is like, but I don’t think I want to make do with it.

She paused and raised her head to look at him. I’ve always liked Mubai. I thought that the deepest feelings were to desperately want to have something, but now I know that’s not the case. Only those who have had it are unforgettable. Everything that has not been obtained can become the past.

Gu Changfeng stared at her.

The night wind ruffled her hair. Her face was fair and pure, and she did not have much makeup on.

he said that she had changed a lot, and it was true.

in the past, she loved to pursue material things. now, all she wanted was ye mulin, but she had not realized it yet.

Gu Changfeng smiled. This was what he wanted in the camera, but it no longer belonged to him. It belonged to ye Mulin.

he reached out and caressed her long hair after hesitating for a while. "let's go back to the hotel. give him a call when we get back, or he'll be worried. "

he thought that he should let it go. wasn't the most profound love for the other person's happiness? he didn't care if this happiness was brought to her by himself.

It was good that she was happy.

mm, " Bai suili replied and walked back to the hotel with him. She called ye Mulin first.

The man was still a little angry and absent-minded. The rice weevil was furious."You asked me to call you, but you weren't enthusiastic."

Lawyer ye was speechless. if I'm passionate, who's going to help me cool down? "

the rice weeper hung up the phone immediately. he was too shameless.

when you talk about feelings with him, he comes to provoke you!

Shameless, completely shameless!

Chapter 3459: Ye Mulin, I might be pregnant (3)

bai sulli hung up the phone and poured out all her luggage. she looked for her pajamas and prepared to take a bath and have a beauty sleep.

she took her pajamas and facial mask and ran to the bathroom. she filled half a tub with hot water and prepared to soak in it. as she filled the tub, she looked at her phone to see if ye mulin would call her again.

In the end, there were no calls or messages.

yingluo was soaking in the bathtub with a facial mask on her face. she thought gloomily in her heart that he must be very happy that she was away. didn't married men like freedom the most? without their wives by their side, they could have fun however they wanted!

No, she had to check up on him!

She took out her phone and was about to make a call when she suddenly felt her stomach ache, especially her stomach. It was very uncomfortable and she wanted to vomit but couldn't.

...

She put on her pajamas and lay on the toilet for a long time, but she did not vomit.

Her heart was so stuffy that she wondered if she was sick, so she ran outside and lay on the sofa, listlessly searching on Baidu: What's with the nauseating feeling!

the results were out, and they were all probably pregnant, yingluo.

Pregnant Yingluo

the rice weevil's mind went blank as if he had been struck by lightning. she searched on baidu for how she found out that she was pregnant. after reading the netizens' answers, she found out that there was something called a pregnancy test paper.

She put on her clothes in a hurry and ran downstairs while enduring the pain. She just wanted to know if she was pregnant.

When she went downstairs, although her body was very uncomfortable, her mood was very strange because she might have a child.

a child with ye mulin.

She didn't want it to happen so soon, but he seemed to want a kiss. She bit her lower lip and looked at her pale face in the mirror. She had never looked so good before.

When she ran out of the hotel, she felt that it was very dangerous for a pregnant woman to walk on the street alone, so she slowed down and carefully walked with her hands on her stomach. Pregnant women had to be careful for the sake of the baby.

after a few minutes, she found a 24-hour pharmacy. after she went in, she mumbled for a long time before she expressed her intentions. the staff immediately gave her a box of pregnancy test kits. she paid and ran back to the hotel.

her body was still uncomfortable, nauseated, and nauseated, but this kind of discomfort made her feel like she was floating, and the discomfort turned into happiness.

When she was done, she gently moved her hand away and looked at the two red lines on it. She cried out.

she's pregnant. what should i do? she's pregnant.

She hurriedly took out her phone and called ye Mulin. When her phone rang, she was so excited that she didn't know what to do. She thought that he would be very happy to know that she was pregnant, Yingluo.

The phone rang five or six times before it was connected. Bai suili didn't directly tell him that she was pregnant, but asked sweetly, " " lawyer ye, are you still earning money to support your family? "

"i'm on a date with a woman," a chuckle came from the other end.

bai suili didn't say anything, and his voice became gentler,"Angry again? I'm taking a shower."

Oh, " she said, a little dejected.

Ye Mulin sighed. I heard that you were very happy just now. What's the matter that made you so happy? "

Only then did she manage to be happy for a while and keep him in suspense. you should work hard. You'll have one more person to support you in the future.

Ye Mu Lin immediately understood. He asked in disbelief, Shirley, you're pregnant? "

Chapter 3460: Ye Mulin, I might be pregnant (4)

The rice weevil suddenly felt that its body had become delicate and precious. It hummed in a very reserved manner,"yes, are you happy?"

"wait for me!" he finally spoke after a long time.

after that, he hung up the phone.

on the other side, the rice worm didn't understand. what did he mean by waiting for him?

It was already midnight. She didn't want to wait for him to finish his shower. She wanted to sleep.

Hence, she suppressed the feeling of disgust and lay down on the bed. Her dreams were filled with a nest of cute little bunnies. She had given birth to ye Mulin!

...

she fell asleep in a daze and felt particularly uncomfortable. she ran to the bathroom a few times, but she still felt a little nauseated.

looking at the mirror, the rice weevil felt that she was particularly great. she kept convincing herself that it was like this when she was pregnant-even the mother had to sacrifice herself. at this time-she even wanted to call her mother and tell her how she felt-she wanted to tell her that she could especially understand how she felt in the past.

She lay there in a daze, but her heart was filled with happiness.

she didn't know how long she had been waiting. she only felt that the light was bright. she opened her eyes and looked at her watch. it was already two o'clock at night.

Oh, so uncomfortable, I miss ye Mu Lin!

she childishly hugged the pillow at the side. how good would it be if he was here? she even thought of returning to B city without any moral integrity. it would be best if she could immediately throw herself into that fiery embrace.

just as she was feeling a little uneasy, there was a knock on the door.

bai xiuli was stunned for a moment. then, she sat up and looked at the door.

could they be bad people?

no way. this is a five-star hotel. there wouldn't be bad people knocking on the door, right?

Or that kind of small card, but he didn't know how to?

She mustered up her courage and got out of bed. She went to the door and squatted there. There was a knock on the door again. This time, she was sure that it was her door.

she bit her lip and was about to call the front desk when her phone rang.

She ran over and saw that it was ye Mulin. She picked up the call and said softly, " ye Mulin, someone is knocking on my door. I'm a little scared.

"Why didn't you go to Gu Changfeng?" ye Mulin asked after a pause.

"Oh, I just remembered, I'll give him a call," she said.

"No need, I'm at the door." His voice was especially hoarse and deep.

bai suili let out an "ah" sound, and then he spoke again, "Open the door."

She was still in a daze and only spoke after a long time, " "It's you!"

yes, it's me, " he said.

Bai suili bit her lower lip, her heart filled with unspeakable happiness, and immediately went to open the door.

He was standing at the door, looking travel-worn, with a Luggage Bag by his feet. It was obvious that he had left in a hurry.

"how can there be a flight this late at night?" she gritted her teeth.

"it's my father's private plane. he used the military helicopter when he arrived in C city." "because i think this little guy will be the first to be sensed by his father," he said with a smile.

she leaned against the door, and he slowly walked up to her, his voice hoarse. " "xue li, i'm very happy."

He came over and hugged her. His warm palm was placed flat on her lower abdomen, touching it very tenderly.

she bit her lip, tears welling up in her eyes."ye mulin, are you really very happy?"

He grunted and chuckled. "Yes, I'm very happy."

As he spoke, he cupped her little face and kissed her. She didn't feel so disgusted and uncomfortable when he kissed her like this, so she reveled in it for a while and hurriedly pushed him away. She asked in a low voice,"Won't you lose the child if you kiss him?"
