

Thank you 3471

Chapter 3471: Lin sisi, can you be with me?(5)

he reached out and touched her face gently, his voice hoarse. " sisi, I've been missing you for the past few months. I've been thinking that I'll get you back no matter what. I'll get you back to my side.

Lin sisi stared at him and closed her eyes."so, the transfer of assets is just an excuse for me to let my guard down, right?"

he actually smiled in a good mood, probably because he had been abstinent for a long time and now relaxed, revealing his true face. " "not all of them. those are yours if you sign them."

as he spoke, he pressed her down and kissed her, then continued to tease her.

lin sisi could not break free, so she simply stopped struggling. she let him do it and did not give him a response.

"good girl." He kissed her. He was already very satisfied.

...

after a long time, the man was like a hungry wolf that had seen a feast. he would pounce on her however fierce he was.

However, his body was not in good condition. He did not let her go after two rounds like he used to. He wanted to smoke a cigarette after that, but he gave up on it when he thought of her.

gu ze leaned against the headboard and reached out to stroke her soft hair. he chuckled."If it's not enough, I'll feed you again after I rest for a while."

Lin sisi didn't want to bother with him. It was late at night, and she was too lazy to move. She would just treat it as if she was being F * cked by a pig.

Gu ze's true face was revealed. He reached out and touched her shoulder."you haven't had a man for the past few months. are you very satisfied tonight?"

she really couldn't stand him like this, but she also felt that he was shameless. she turned around and said, " i don't lack men. i have many clients who want me to give myself to them! "

his expression changed. if it was in the past, he would not have let her go, but now, he was really powerless.

after a pause, he said in a hoarse voice, " "i believe in you, sisi."

lin sisi was stunned.

This 'believe' was something she had always wanted to hear, but she had been hurt by his disbelief. Now that he said he believed her, it meant nothing to her, but she still wanted to cry.

after a long time, she said in a hoarse voice,"i want to sleep. i'll leave tomorrow morning."

He lowered his head to look at her and smiled helplessly."have you always hated me in your heart?"

"No, I didn't," she quickly replied, " you're not in my heart anymore. "

she added,"it's true that gu ze is no longer around, so don't make things difficult for me anymore."

He wanted to say more, but he let her go because she was too tired. It was okay. He would stick to her for every day she didn't agree. He would sleep with her for a month if she didn't agree. They would fall in love after sleeping together.

Gu ze was a man, and his thoughts were different from Lin sisi's.

They did not sleep in each other's arms, but to him, it was the beginning of a new relationship.

lin sisi woke up early in the morning. the moment she opened her eyes, she felt a hand holding her tightly.

It was Gu ze.

He hugged her like he was hugging a doll. When she woke up, she felt that she could barely breathe. She reached out to remove his hand, and he hugged her again.

Lin sisi couldn't take it anymore and whispered, " " gu ze, can you not hug me like this? isn't it just one-sided love? don't make it seem like you're deeply in love. "

gu ze had just woken up. he was very satisfied with the soft woman in his arms. he put his face on her neck and said shamelessly, " "it's very comfortable to hold."

lin sisi's expression changed and she said softly, " i want to get up. i have to go to work. "

He still did not let her go. I can take care of you.

Lin sisi's voice was shrill. then, when I get sick of it and get sick of it, I'll kick it away. This is President Gu's usual way of doing things. I don't dare to let President Gu take care of me.

Chapter 3472: Lin sisi, can you be with me?(6)

Gu ze was silent for a while, but he still let her up, even though he was very unwilling.

When she picked up the clothes under the bed, she kicked him angrily because the clothes were crumpled and even torn. He laughed softly in return.

Lin sisi threw the clothes at his face and said angrily, " "Gu ze, how do you want me to get out?"

Gu ze lifted the blanket and got off the bed. Lin sisi immediately covered her eyes."put on your kasaya."

“I’m wearing underwear.” he chuckled and walked into the changing room.

when she opened her eyes, he had already brought a set of clothes over and placed them on the bed.

...

Lin sisi was stunned.

it was a set of women’s clothing without the tag removed, and the style was also her favorite.

gu ze looked at the dazed expression on her face and said softly, ” “i want to win you back, so of course i have to be fully prepared.”

he said, ” lin sisi, i’ll spend the rest of my life chasing you. please take care of me. ”

she blinked her eyes lightly and looked up at him. then, she grabbed her clothes and ran into the bathroom.

Gu ze laughed lightly and also went into the changing room to change. When Lin sisi came out, he was already downstairs.

She bit her lip, brushed her hair, tidied it up, and went downstairs.

The servants had already prepared breakfast. There were nourishing red beans, milk, butter bread, and sandwiches.

She sat down quietly and said before breakfast, ” “Help me buy the medicine later.”

“Is it a birth control pill?” Gu ze asked softly.

She nodded.

This time, there were no malicious words like before. Adults had rolled on the bed, and everyone was communicating with good words. Perhaps she had no more strength to talk to him.

gu ze shook his head. "there's no need to buy it. lin sisi, i've already had a vasectomy."

She suddenly looked up at him.

"is it strange?" he smiled.

she continued to look at him. "why did you do a vasectomy?"

you don't like it?" Gu ze smiled meaningfully. if you don't like it, I'll go for an operation.

she was still looking at him and did not say anything. gu ze then asked very seriously, "did it affect my performance? sisi, my body hasn't recovered yet. i'll get better in the future."

she believed him and stopped talking about buying medicine, but she said softly, "there's no future."

gu ze didn't mind and said shamelessly, "think about it, you're also alone. You should have some physiological needs, right? I'm free as well, so why don't we be companions?"

"i really want to slap you," lin sisi said, looking at him.

gu ze laughed. he laughed very smugly. he finished his breakfast very quickly. he was so energetic that he didn't look like a patient who had just recovered. he was full of energy.

Lin sisi lowered her eyes and kicked him under the table. He didn't mind and wiped his lower lip."i'll go upstairs to get my car keys."

Lin sisi ignored him and walked out first.

Gu ze quickly came back down and slowly walked down the stairs. He saw her standing under the sun in the dress he had prepared. Her long hair was casually let down, just as beautiful as when they first met.

At this moment, he thought of little fool and the days they had together.

in fact, she was still a little fool. she was the little fool. how could he have been silly for so long and hurt her for so long?

There were so many dark thoughts hidden in her heart, but Gu ze's face was still full of smiles. He walked over to open the car door for her and then got into the car.

Chapter 3473: Lin sisi, will you be with me? 7

on the way to work, he casually asked her about the situation at work and said nothing more. when they reached her company, he put her down and smiled."do i have to pick you up from work tonight?"

"no need," lin sisi's reply was to throw him in the face, then she walked into the building.

Gu ze's gaze was a little deep. He looked up at the technology Building and watched her naturally blend in.

When she was still his wife, he never thought that there would be a day when Lin sisi would have to work so hard. But now, she was doing very well. He heard from the detective he hired that Lin sisi's monthly income was about 50000 to 80000 Yuan. This was not bad in the cannibalistic IT industry. Even in a place like B city, it was still not bad.

he also knew that she actually had a lot of savings. she had donated the eighty million yuan he had given her, but she had quite a lot herself. she could go to A city to be with her parents, but she didn't.

He understood her, because he knew that quietness would make her feel uncomfortable.

...

he respected her choice, but his heart ached for her.

gu ze had been holding it in for a whole night. he took out a cigarette and took a few puffs.

He looked at the building again and drove the car away.

Lin sisi walked into the building. As it was on the eighth floor, she did not take the elevator but chose the stairs.

he usually didn't even pant, but today, his legs were extremely sore. thinking about how gu ze never seemed tired last night, his face burned. he picked up his phone and called bai suili.

Bai Sulli woke up and answered the phone in a muffled voice, " "sisi,"

lin sisi coughed lightly. " did you convince your lawyer ye to go for a checkup? " she asked.

bai suili immediately sat up, grabbed her hair and almost cursed,"lin sisi, this is all your stupid idea."

After saying that, she blushed and chatted for a while before hanging up the phone and covering her small head with the quilt.

(Seamless link, come and praise me ~~)

The blanket was removed by a hand and lawyer ye's voice was gentle and smiling. "Aren't you afraid of covering yourself?"

bai suili mustered up her courage and stared at him, her pretty little face was so hot it was almost burning.

She thought about last night when he came back and they were lying in bed together. She mustered up the courage to ask him to go for a physical examination to see if there was a problem. In the end, lawyer ye stared at her for a long time and said very softly, ”you don’t know if i have a problem or not?”

Then, he forced her to check on him. The process was so perverted that he couldn’t even look at the sheets. She was bullied badly, but he was extremely happy.

now that he mentioned last night’s incident again, the rice weevil wrapped himself in the blanket and stared at him.

Ye Mulin went over and hugged her. “Didn’t you say you were going for a checkup? why aren’t you getting up?”

She looked at him in surprise and only spoke after a long time, ” “Do you still have more? you must have been squeezed dry last night, right?”

lawyer ye reached out and caressed her little face gently. he said slowly, ” why don’t we see if i have any more now? ”

“you’re too shameless!” the rice worm shrieked.

he smiled and kissed her little head. ” “alright, let’s go for an examination.”

she made an “oh” sound, but then pulled on his sleeve and asked in a low voice, ” “ye mulin, if i, wanwan, can’t give birth, will you not want me?”

there was caution in her eyes. actually, she felt that she would be fine, but she was very persistent about this question. it was a little ridiculous, but she couldn’t help but ask.

Chapter 3474: i only want her (1)

Ye Mulin smiled and patted her head. if I’m the one with a problem, would you not want me? ”

“Of course I won’t,” She blurted out.

after that, she was stunned. then, she laughed and put her arms around his neck.”mr. ye, you’re the best.”

“Was it better last night?” he lowered his head to kiss her.

her little face was red as she looked at him eagerly. ” i’m just too good. ”

he smiled, pulled her out of the blanket, and put her on his lap to help her put on her clothes.

...

she wrapped her arms around his neck and smiled foolishly at him. when he pinched her face, she cried out in pain and he laughed.

after dinner, he took her to the hospital, which was a special institution and was very secretive.

when they got out of the car, the rice weevil suddenly grabbed ye mulin’s arm and whispered,”I’m a little afraid of pain.”

she did a search on baidu and found that the gynecologist examination was very painful, so she was afraid.

Ye Mulin looked at her and patted her hand. “I’ll stay with you.”

She looked at him and asked in a low voice, ” “What about you? are you scared?”

Ye Mu Lin did not know whether to laugh or cry at her question. He muttered to himself for a while before he replied,”i might feel a little uncomfortable.”

She opened her eyes and looked at him in confusion.

He smiled and ruffled her hair without saying anything more. He got out of the car and opened the door for her.

in the end, she was the one who requested to come, and she was the one who was afraid. lawyer ye coaxed his wife for a long time before accompanying her to complete the examination. she was in so much pain that she came out and cried hard.

ye mulin had also gone for a check-up, and there was no problem. the female doctor naturally recognized him and gently told them to relax and have a baby. also, they should not have sex too often.

coming out of the doctor's office, bai suili's face was a little red, and she stared at lawyer ye.

He touched his face and smiled. "Why are you looking at me like that?"

Bai suili bit her lower lip. the doctor said that you should control yourself.

he reached out and hugged her gently, coaxing, "how can a newly-wedded couple have any restraint?"

she glared at him. "we've been married for a few months. "

"How long did you starve me the last time you left?" lawyer ye pinched her face. "i'm already very restrained. "

her little face was red. "liar. "

"why don't we try it tonight?" his eyes were bright and clear, as if he was about to do something bad.

His rice weevil immediately hugged him and whispered,"No."

She lowered her head and looked at the fluffy little head in her arms. She said gently, "Shirley, let's just go with the flow, okay? I also want a child, but I'm very satisfied with my current life.

” mm. ” she looked up. ” don’t you have work? ”

He raised his hand to look at the time. how about this? I’ll take a taxi to the office. You drive back.

He had another car in the parking lot of the law firm, and this place was close to the law firm.

The rice worm nodded and said obediently, ” “Goodbye, lawyer ye.”

“i’ll be back earlier tonight.” ye mulin pinched her face.

She had already run away, her face red. ” i’m having dinner with mubai tonight. ”

“so brazen?” he pretended to be angry.

She turned around and made a face at him. “mubai found me an advertisement job.”

Ye Mulin was stunned. He wanted to say something, but she had already run away.

He looked in the direction she disappeared and shook his head. He lit a cigarette and walked out of the hospital building with his briefcase. However, he met his father’s Secretary, Hao Yun, in the parking lot.

Chapter 3475: i only want her (2)

hao yun was 50 years old and had been with father ye for almost 30 years. she was used to all kinds of situations. when she saw the eldest young master of the ye family, she could not help but come over and greet him. ” mulin. ”

ye mulin put out his cigarette. ” uncle hao, what are you doing here? ”

secretary hao glanced in the direction of the building. "elder ye is having a physical examination inside. by the way, I saw Shirley go out just now. Are you guys here to have a baby?" he was still a little hesitant, but since the couple appeared in the hospital at the same time, it was obvious that they were here to ask for a child.

ye mulin did not seem to mind. he smiled. "shirley wants a child, so she came over for a checkup. there's no problem. it'll happen sooner or later."

hao yun nodded. "that's right. elder ye has also been looking forward to carrying a grandson for a long time."

as they were talking, father ye walked out with two assistants behind him. when they saw ye mulin, they frowned."where's your wife?"

...

"i asked her to drive home." "How is dad's health?" ye Mulin smiled.

father ye's expression was a little serious, and he paused before saying, "i'm alright, but the situation isn't too good."

he rarely told ye mulin about Z world, so he must have something to say. ye mulin thought about it and said,"I still have some time."

Father ye was already walking towards the car. let's talk in the car.

ye mulin followed him into the car. he was a little uncertain. in fact, ever since father ye went to his apartment, he had been feeling uneasy. that was why he was in a hurry to have a child.

It was very quiet in the car. Secretary Hao was also there, and neither father nor son spoke.

It was not until the car reached father ye's office that father ye slowly said, "Hao Yun, there's no need to follow."

secretary hao knew that he had something private to say.

Ye Mulin turned to look at his father. A few seconds later, he got out of the car and opened the door for his father. He was very respectful.

When father ye got out of the car, he noticed that his steps were a little heavy.

Ye Mulin followed his father to the office. Father ye sat on the sofa and lit a cigarette. Ye Mulin sat beside him and accompanied him silently.

He looked calm on the surface, but he was not relaxed on the inside.

He had a feeling that what father ye was about to say next would not be particularly pleasant. Sure enough, father ye looked up at him.

It was a complicated look.

It was ruthless, determined, and a little guilty.

ye mulin clenched his fists tightly. in the end, he couldn't keep his cool in front of his father. he muttered,"Dad," he said.

ye zhenggang looked at his proud son. he had always had high hopes for this son of his. in the past, he didn't intend to let him enter politics. but now, things were different.

papa ye put out the cigarette in his hand and said slowly but firmly, " the bai family is finished. "

ye mulin was stunned. he stared at his father for a long time before he slowly said,"Are you the one who wants the Bai family to be finished?"

father ye was not angry at being wronged. instead, he said very calmly, " "It wasn't me, but I can't save him."

" he has offended many people since he took over, " he said softly. " this time, we're going to break his foundation. "

“Father, do you have any way to save her?” ye Mulin’s face was trembling.

his tone was begging.

Ye zhenggang knew that it was a little cruel to talk about this with his son. However, reality was reality. He asked his son softly, ” I can’t save dad, and I can’t save him. At this time, I should protect myself and draw a clear line.

Ye Mulin looked at his father and suddenly understood why he had called him over.

As expected, father ye’s voice was calm. “You and Bai Xue Li don’t have any children yet, it’s better to separate, staying together won’t benefit you!”

Chapter 3476: I only want her (3)

ye mu lin’s fingers were clenched and his voice was firm. dad, you like Shirley. I won’t divorce you!

father ye also looked at his son, his voice cold. ” “Mu Lin, do you know what you’re saying? Your marriage with her was just a temporary measure. Now that the Bai family is finished, do you think there’s any benefit for you to continue to be entangled with her? You’re going to enter Z world in the future.”

ye mulin looked at his father and took a step back. ” i won’t go in, and i won’t give up on shirley. dad, i’m a human, not a political machine.”

As he spoke, he looked at his father with some determination, turned around, opened the door, and walked out.

When he walked out, ye Mulin felt a cold wind blowing at him. He reached out to grab his coat. It was the one Xue Li had bought for him the other day.

he held it gently, as if the temperature of his fingertips could pass to his heart. he irritately took out a cigarette from his pocket, lit it, and took a long puff. then he looked up at the sun.

...

he felt that his surroundings were empty, as if he had lost something. he had never felt so helpless before.

Ye Mulin went straight back to the law firm but did not go upstairs. Instead, he went to the parking lot to get his car and returned to the ye family's old house.

when he drove to the ye residence, mama ye was planting flowers and plants in the yard. when she saw her eldest son appear, she smiled slightly. "Why is Mu Lin back at this time?"

Ye Mulin closed the car door and slowly walked to his mother's side. His expression was unprecedentedly serious.

mama ye was smiling at first, but when she saw that his expression was not good, her smile slowly froze, and she said softly, "What's wrong with Mu Lin?"

ye mulin lowered his eyes, as if he had returned to the time when he was a child and relied on his mother. he knew that only his mother could persuade his father to take a step back in the matter between the bai family and shirley.

He also knew that it was unfair for his mother to intervene in this matter. She had lived a happy life, but now she had to break their relationship because of her son's selfishness.

however, he wanted bai suili. he wanted to live with her. he wanted to grow old with her. even if she wasn't that good, he still wanted her. there was no one else but her.

No matter how difficult it was to speak, he still opened his mouth."Mom, can you please ..."

mama ye's expression became more and more serious. she didn't answer immediately after listening.

After a long while, she gently patted her son. I know, I will persuade your father, but I can only try my best at Mulin. I can't do anything about their situation, I can only stop at a certain point.

Ye Mulin felt more at ease after hearing her words. He knew that his request was to make things difficult for his mother.

he was a little ashamed.

“Alright, there's no need to be so distant with mom. Mom also likes Xue Li and wants you guys to be well. mama! mama! mama! mama ye's voice was a little choked. ” i know you like her. i don't want my son to have a rough relationship. ”

The Bai and ye families were connected by marriage. If the Bai family was destroyed, she knew that Mu Lin and mu Bai's father could no longer be together with Xue Li. Otherwise, the ye family would be buried with them. The only thing she could do now was to protect the Bai family.

mama ye consoled her son and told him not to stay for long and to return to the office.

don't let Xue Li know about this. It's best if you can send her out for a while and don't let her come into contact with the Bai family. Xue Li is an honest and pure child, I'm afraid she'll overthink things. mama ye said worriedly.

“I will think of a way.” Ye Mu Lin nodded.

Chapter 3477: i only want her (4)

he walked to his car and looked up at the dark clouds when he opened the door.

The weather in B city was going to change.

He paused, gritted his teeth, opened the door, and drove to the law firm. He had been restless the entire morning.

He was such a powerful person, but at this time, he was afraid of hearing the sound of the phone. He was afraid that things had reached a point of no return. At this time, he even hated that his surname was ye.

Ye Mulin kept smoking and the office was filled with the smell of smoke. Secretary li choked a few times when he pushed the door open. lawyer ye, let me open the window for you!

as she spoke, she went to open the window. ye mu lin extinguished the cigarette butt and said, ” “bring me this week’s new beijing news.”

...

Secretary li was stunned for a moment. He placed the documents he had brought on ye Mu Lin’s desk and said softly, ” “Today’s proposal and this week’s interview.”

Ye Mulin rubbed his eyes and said, ” “take it back and push back whatever you can.”

secretary li saw that he looked very tired and was stunned. she asked in a low voice, ” ” lawyer ye, what’s wrong? are you not feeling well? ”

Ye Mulin raised his eyes and forced a smile. it’s nothing. I just want to spend more time with Madam.

at the mention of this, secretary li was a little talkative. he laughed and said, it’s my duty to accompany Madam. Mrs. Ye is actually still a young lady. Young ladies need to be coaxed. Lawyer ye, let me tell you, sometimes, there’s no need to buy expensive gifts. Young ladies will love it if you buy some flowers and plants.

“What flowers are suitable?” ye Mulin looked at Secretary li.

“Rose!” secretary li smiled and said,”this is the most suitable.” all girls like it. ”

ye mulin nodded and asked her to leave.

After Secretary Li left, he stood up and walked to the blinds to look at the panoramic view of B city outside.

He was born into a prestigious family and knew that he was better than others since he was young. He was standing at such a high position now, but he knew that he could not protect his marriage and the woman he loved by himself.

Unless he gave up on the Ye clan and let them destroy themselves.

He took out a cigarette, held it in his mouth, and lit it. It was only when it was time to get off work that he realized he hadn't had lunch.

However, she didn't feel hungry. She only felt that her entire body was empty.

he bought a bunch of red roses when he went home, but later he changed to a bunch of white roses, because Shirley's surname was white.

When she returned home, she opened the door and hugged the flowers in his hands. are these for me? ”

after he finished speaking, he sniffed and laughed lightly.”It's so good. I'll stick them together.”

He reminded her, ” be careful. Don't get pricked by the thorns.

she ran away with rose in her arms while happily ordering him around, ” “Lawyer Ye, prepare dinner.”

he put his coat on the sofa and smiled, but his eyes were gloomy again.

His house's rice weevil ran out and was stunned when he saw his expression. Then, he slowly hugged his arm and asked in a small voice, ” “What's wrong? are you too tired?”

Ye Mu Lin smiled and rubbed his forehead. He muttered,”i'm a little tired.”

The rice weevil looked at him and asked, "then, shall I cook?" Although it's not very delicious."

He laughed and ruffled her hair. I'll do it. I'm afraid it'll poison me!

She immediately wrapped her arms around his neck and said affectionately, "if you're hospitalized, I'll accompany you."

"silly girl." he laughed and reached out to stroke her hair. I'll go cook. You fix the flowers, don't hurt your hand.

Chapter 3478: I only want her (5)

She hummed in agreement, kissed him, and ran away again.

Ye Mulin looked at her back view. His gaze was a little deep as he urged him to light a cigarette, smoke half of it, and then put it down. He went to cook her favorite food.

When they were eating, Bai suili asked pitifully, "are you unhappy? Is it because we're not pregnant?"

He looked at her and reached out to stroke her head. how could that be? didn't I say that we would have children in the future? "

Bai Sulli thought for a moment and said, "I saw dad's Secretary in the hospital today. Dad should be in the hospital. Did he ask you? "

His palm stopped on her little head for a long time. He paused and smiled. "Xue Li, No."

...

"Oh," she replied and lowered her head to eat seriously. After a while, she raised her furry head again. "I'll prepare for pregnancy seriously."

she even gave him a silly smile.

Ye Mu Lin's hand stopped on her head. After a while, he nodded."alright," he said.

She lowered her head and continued eating like a fool. She ate cleanly and even took the initiative to wash the dishes after he finished eating. Mr. Ye, you should have some tea and rest.

"No, you can't drink tea. We're going to have a baby. Also, you should smoke less." She squinted her eyes and smiled. Her smile was so bright that her eyes were filled with stars.

ye mulin pulled her into his arms and hugged her, not saying a word.

Bai suili was a little uneasy. She moved her small face on his shoulder and poked him with her small hand. ye Mulin, I'm going to wash the dishes.

he tightened his grip on her waist and muttered, "let me hug you for a while longer."

Oh, " she said. She did not say anything else and obediently lay in his arms.

after a long time, he finally let go of her and patted her. "Go wash the dishes. i'm going for a smoke."

She looked up at him and said softly, " we agreed not to smoke just now.

her little finger circled his heart. " aren't we going to be pregnant? "

ye mulin's heart was wet. he carried her in his arms and walked towards the bedroom. bai sulli exclaimed, " i want to wash the dishes."

"i'll take a shower later." he pressed her down on the soft bed and kissed her lips.

Following that, it was wild, indulgent, and lingering.

After a few times, the rice worm was so tired that she fell asleep. Before she went to sleep last night, she placed her head on his shoulder and drew circles on it with her small hand. ye Mulin, did you take your medicine? ”

Then, she yawned and fell asleep in his arms.

it was also from that day on that he seemed to have changed into a different person. he wanted her day after day, and paid attention to her period. it was difficult to describe in a few words. bai xueli felt that these days were also difficult to describe in a few words, and they were full of shame.

“Ye Mulin, do you really want to have a child?” she asked softly as she lay in his arms.

he held her tightly in silence for a long time before he whispered, ” “i really want you.”

she was a little shy and buried herself in his arms. it was very warm.

in contrast to her warm world, ye mu lin’s situation was like the dead of winter.

mama ye had helped him persuade papa ye more than once, but she had not succeeded. their relationship was also affected.

mama ye even returned to her maiden home in a fit of anger. mu bai went over to accompany her for a few days but was unwilling to return.

the situation was getting more and more serious. some of the news reports in the new capital news had already started to show the decline of the bai family. ye mulin went to work as usual, but he rarely took on cases. the people in the law firm were also a little uneasy.

Chapter 3479: I only want her (6)

Ye Mulin was smoking in the office. After Secretary Li finished talking about work, she asked carefully, "lawyer ye, your colleagues are saying that you're going to work for Z. Are you going to abandon us?"

ye mulin looked up at secretary li's careful appearance and couldn't help but think of bai sulli.

she still didn't know if she would look at him with the same eyes and ask him if he still wanted her, yingluo.

he forced a smile and said dryly, "I won't! The current situation is only temporary."

Recently, he had visited a lot of clients who had a good relationship with him. Some of them were reputable, and they owed him some favors. He wanted to help the Bai family, prove that he could handle it well, and change his father's mind.

however, it was very difficult.

...

at this moment, ye mu lin finally realized that he would not be able to withstand a single blow from the environment he was in.

his answer made secretary li heave a sigh of relief. he put down a newspaper and said softly, "This is today's new capital News. lawyer ye, i'll be leaving first."

ye mulin nodded and watched her leave. then, he took the newspaper and read it.

when he saw the front page, his face sank. he clenched his fingers and drew a long line on the newspaper. he got up and walked out, not even stopping when secretary li called him.

just as ye mulin left, the quiet office was filled with the sound of discussion. "something big has happened at lawyer ye's house."

that's right. The one who dealt with his wife's family was his father. When the newspaper came out today, anyone with eyes could see it at a glance. It's too dark. The people at that place really don't recognize anyone.

"lawyer ye loves mrs. ye very much. he won't just sit by and do nothing."

so what if it's reasonable? one person can't win against a large group.

.....

There was silence after that.

At this moment, Secretary li held the documents in his arms. He sounded a little sad, but he said firmly, "I believe that lawyer ye and Bai Sulli will definitely be together, and in the end.

She looked around. I asked lawyer ye. He said he won't abandon us, so he definitely won't. It's his dream to be a lawyer, and Bai Sulli is also his dream. How can a person not have a dream? how can he live without a dream? lawyer ye is so powerful, he will definitely think of a way. As for those old men you mentioned, they aren't that powerful either. lawyer ye is young, i believe that lawyer ye will win in the end."

After she finished speaking, the office was silent for a long time. No one spoke.

Secretary li looked at everyone and was a little disheartened. have you all forgotten how lawyer ye treated you? he treated us so well.

she held the document and bit her lip. "i know some of you already want to jump ship. but i want to say that i will guard the lawyer's office with lawyer ye until the end."

After she finished speaking, she walked back to her office with a hint of stubbornness. A soft voice came from behind her.

"me too!"

And then-

“Me too,”

“i know how to do it too.”

“Count me in,”

“It’s me,” he said.

“and me!”

.....

secretary li turned around and looked at them. her eyes were sparkling as she said softly, ” ” we’ll hold on until the end and wait for lawyer ye to return, yingluo. ”

ye mulin drove and ran through countless red lights. he went straight to father ye’s office. no one stopped him because they knew he was young master ye’s son. when he reached father ye’s office, he pushed the door open and entered.

someone was talking to young master ye inside. when he saw ye mulin enter, he was a little surprised. however, he quickly regained his normal expression.”It’s Mu Lin. Elder ye, let’s discuss this later.”

Chapter 3480: i only want her (7)

Although father ye was unhappy, he suppressed it. He looked at his son and said, ” why are you so impatient? you didn’t even knock when you came. You’re just like your mother. You went back to your mother’s house after throwing a tantrum. Mubai can’t persuade you to come back.

ye mulin’s voice was a little tense. ” dad, do you really not know why mom refused to go home? ”

He threw the new capital newspaper in front of ye Shaogang and said in a powerful voice, ” ” that’s why mom doesn’t want to go home. he doesn’t want to live with a cold-blooded person. ”

father ye looked down at the board for a long time and smiled. ” “you know?”

However, he quickly slapped ye Mulin and said sternly,”Mu Lin, is this how you’re supposed to be? you’re accusing your father of being cold-blooded because of a woman? Have you forgotten that your last name is ye? or do you have your mother’s compassion in your blood? she’s a woman and you’re a man. Men should be ruthless to their enemies, do you understand?”

Ye Mulin did not move after being slapped by him. The marks on his face seemed to be painted on. He suppressed the pain in his heart and said in a hoarse voice, ” Shirley is my wife and the person I love. She’s not my enemy. My mother’s gentleness and kindness are exactly what you lack. Father, you’re not disappointed in me. I’m completely disappointed in you.

...

He turned around and was about to leave when ye zhenggang’s voice came from behind him.”you can step out of this door today, but ye mulin, you will have to come back and beg me.”

Ye Mu Lin turned around and looked at him. He said firmly,”i won’t.”

Ye zhenggang opened up to him. I want you to start from Z. If you develop well at your age, you will only be able to sit higher than me. That is the pursuit of the ye family for generations. Are you going to give it up for an ignorant and incompetent Bai Sulli? ”

” then do you remember the last time you were in danger? it was because of xue li and mu bai that the bai family was willing to help you. ” ye mu lin smiled.

they just want to force their ignorant and incompetent daughter into the ye family. Mu Lin, can’t you see it clearly? Bai Suli is not suitable for you. Break up with her as soon as possible and everything will go back on track. I think that Ai Wei is better than her. However, you can’t marry her as a wife. You can be her assistant. “You need such a woman,” ye zhenggang said clearly.

just then, father ye’s secretary came in. she was a pretty woman in her forties and was unmarried.

Ye Mu Lin suddenly understood the role of this Secretary.

He chuckled and looked at ye zhenggang. dad, is this your experience? Don't insult me, and don't insult my mother."

after that, he quickly left the office.

When he walked out, his state of mind was different from the last time he walked out of here.

last time, it was a sudden realization. this time, it was a desperate situation.

he was about to drive away when he met his mother at the door.

Mama ye sat in the black RV. The window was rolled down a little. She called out to Mu Lin softly and then instructed the chauffeur to start the car. Ye Mu Lin was stunned for a moment and followed after her.

the car returned to a café in the city, and mama ye got out of the car calmly. her aura was different from the woman in charge of the ye residence. she seemed to be much colder.

ye mulin suddenly understood that his mother had moved out of the mansion not only because of the bai family's matter, but also because his father's secretary's matter had been exposed. without the bai family's matter, perhaps that secretary would have been willing to stay behind the scenes forever.
