

Thank you 3481

Chapter 3481: i only want her 1600 words

he got out of the car and followed mama ye into the secret club.

as soon as the door was closed, mama ye turned around, her expression serious. "Mulin, take Xue Li overseas. I've already arranged everything for you. These are the plane tickets.

Her fingers trembled as she took out two plane tickets from her bag and gently placed them on her son's palm. your father is too cold and heartless.

ye mulin lowered his head and looked at the plane ticket in his hand. "mom! "

"don't worry about me. i have stocks and money. it doesn't matter where i live." Mama ye's voice was a little choked.

ye mulin hesitated, not knowing how to start.

...

at this moment, he was like a child who had seen a secret that he shouldn't have. he was at a loss.

For many years, he had thought that his parents were in love with each other, but in the end, it was just an illusion. He could imagine how helpless and sad his mother was at this time, but she had to endure it and make a final plan for him. However, ye Mulin knew that he and Xue Li could not leave. Xue Li's surname was Bai, and if something happened to the Bai family, Xue Li would be implicated.

however, he still accepted the plane ticket and looked up at his mother. "mom, I hope you can live abroad.

Mama ye shook her head and said, "I'm not leaving." I want to stay here."

She still cried and rested her face on her eldest son's shoulder. "be good to shirley. don't let mom worry about you. she's a good girl and doesn't have any ulterior motives. "

Ye Mulin's palm landed on his mother's shoulder and he said in a deep voice, " "Mom, I can't just leave you be."

Mama ye stopped him. it's not convenient for you to be with Shirley. Although I don't agree with your father's way of doing things, he and I are husband and wife, after all. I can't help you, and I can't stand seeing Shirley. Mulin, you understand me.

Ye Mulin's heart was filled with nothing but grief.

even after his mother had gone through so much, she still wanted to protect him, but he could do nothing about her situation.

After parting with Mama ye, he returned to the apartment.

Bai suili was not there.

He knew that she had returned to the Bai family.

a storm was about to come.

Ye Mulin did not give her a call. He just sat at home and waited quietly. He smoked one cigarette after another.

When the ashtray was full of cigarette butts, he let out a long breath and looked at the sky.

It was getting late, and the door opened.

He could hear the fatigue in the sound of the door opening.

he looked up at bai sulli who was standing at the door. she was also standing at the door and looking at him blankly. her voice was like a kitten. " ye mulin, is it true? "

His heart seemed to have been torn into pieces, piece by piece.

his voice was suppressed. " shirley. come here."

she didn't come over, nor did she move. she just stood there and asked again in a soft and stubborn voice, " "is what they said true?"

for a moment, he was unable to answer her.

At this moment, she slowly walked in. The light was a little dim, and when she got closer, he saw that her face had Five Finger marks and was swollen.

He stood up and reached out to touch her face. what's wrong with your face? "

Bai suili shook her head hard, looked at him, and said very softly, " my mother hit me. She said that I let a Wolf into the house and that I didn't know the right person. She wants me to divorce you. Ye Mulin, tell me if it's really like what they said. The one who dealt with the Bai family was your father. It was your father who wanted the Bai family to be destroyed and took over the power of the Bai family. Tell me it's not. I'll go home and tell my mother now that it wasn't your father. Everything was a misunderstanding of Qianqian.

Ye Mulin was a little upset and closed his eyes. " shirley, listen to me. i'll think of a way. can you go abroad for a while first? "

He didn't want anyone to hurt her, not even her own mother.

His heart ached so much that he found an ice cube to help her treat her wound. She just stood there and let him do it. After he was done, she grabbed his hand and said softly, " "My dad will be finished, and the Bai family will be finished, right? I don't have a home in the future, and my parents will go to jail. I might go to jail too, right?"

He couldn't answer her, because he was someone he couldn't afford to promise.

the only thing he could promise her was that she would be safe and sound. that was probably at the expense of his mother and some compromises.

ye mu lin had been standing at a high place for a long time. only now did he know how painful it was to fall.

he said in a hoarse voice, " shirley, things haven't come to this. "

however, she pushed his hand away and said with a hurt expression, " "people from the medical center have already come to my house. my mother is brought over for questioning twice a day and she's being restricted from leaving the country. i'll be the next one. as for my father, he hasn't been home for three days. qianqian's mother said that he might not be able to come back. look at the crimes on my dad's head, which one of them can't keep him in prison until he dies? he's almost 60 years old, he can still be tormented for a few more years. why are they still not letting him go? is this how your ye clan repays the bai clan for their help?"

"Xue Li, don't say anymore," ye Mu Lin's voice was pained.

Bai suili shed tears at him, and she said in a daze, " " ye mulin, i've never begged you for anything. i'm begging your father to let my family go. if he wants us to get a divorce or if he wants me to leave you, i'll agree to it. "

Ye Mu Lin's voice became stern."shirley, do you know what you're talking about?"

Chapter 3482: i only want her (9)

She was shocked and seemed to come back to her senses. Then, she looked at him again.

Her eyes were filled with tears and a touch of shock.

bai suili was indeed frightened.

her family was not good when she was young. she had a bitter and painful period in her memory.

after she grew up, she was always afraid of going back to the past. in her memory, ye mu lin and ye mu bai had always been princes, while she had grown up as cinderella. she was afraid of going back to the past.

Ye Mu Lin would not know about this feeling.

...

their eyes met for a long time before she finally said in a low voice, ” “Ye Mulin, you don’t even know Yingluo.”

“Yes, I don’t know what you’re thinking, but Bai Sulli, we’re married.” his voice was a little stern. ” i don’t blame you for putting the bai family first in your heart. it’s human nature, and it’s also natural for you to hate the ye family. but bai suili, when you said this, did you think carefully whether you still love me or hate me? ”

She was still staring at him in a daze.

After a long time, she slowly sat down on the sofa opposite him and curled her body up tightly, as if she could find a sense of security by doing so.

Ye Mulin leaned forward and squatted in front of her. He reached out and brushed away the hair on her forehead.

her eyes were filled with tears of fear, like a bird startled by the twang of a bow, ready to escape at any time.

don’t look at me like that, Shirley. I’m just as sad as you are. His voice was low and hoarse. I’ll do my best. Trust me, okay? ”

he was extremely lonely, and he yearned for her warmth. if she also looked at him with hatred, he didn’t know how to continue.

He lowered his forehead to hers and said in a low voice, "My mother has already moved out of the old house. She wants us to go abroad. but i want you to go. i'll stay here and think of a way, okay? no matter what, i hope your parents can live out their old age in peace."

Bai suili looked at him, tears still welling up in her eyes. She was scared, scared, and suspicious.

yes, suspicion.

father ye had set the bai family up and was on the verge of destruction. she did not dare to trust ye mu lin so easily.

Ye Mu Lin held her small face and said in a low voice,"i said i love you, do you still remember?"

her body trembled slightly, and so did her lips. " but i can't believe it anymore. "

"trust me one more time." he pulled her little head over and pressed it against his. " "How's Xue Li?"

She kept trembling, but her body was not as stiff as before.

ye mulin kept stroking her back to calm her down. after she had calmed down, he said in a low and hoarse voice, " "I'll go cook. You take a shower."

She did not object and went to the bathroom to take a shower while ye Mulin prepared dinner.

This meal was very tasteless. Bai Sulli picked up her chopsticks and said softly, " ye mulin, i used to fight with you in the past. we broke up and got back together. i've run away from home for so long, but now that i think about it, it's like a child's play. "

She looked up at him and gave him a helpless and bitter smile.

He said he loved her, and she believed him.

but in this situation, it was no longer like when she saw him having a meal with another woman. there was a deep gap between them. she could not cross it, and he could not either.

she wanted to love him and live with him, but she knew that it would be difficult.

Even someone as powerful as ye Mulin might not be able to do anything.

it was hard to say if he could still hold her hand in such a torrent.

Chapter 3483: I only want 10% of her

She lowered her eyes and said very, very softly, ” “I won’t betray the Bai family.”

“I know,” ye Mulin ruffled her hair.

After dinner, he went to the study and made a lot of phone calls. Bai suili was lying on the bed in a daze, and she carried little white to the head of the bed.

she was so upset that she carried little white over, holding the turtle and the box.

Late at night, ye Mulin returned to the bedroom. After taking a shower, he laid down beside her and touched her face. does it still hurt? ”

She shook her head and pressed her face against his arm, not letting him see her face.

...

ye mulin turned her small face and kissed her. then, he wanted her.

The two of them were lingering and absent-minded, as if they were using this method to make sure that the other was still there. Later, it evolved into a storm of plunder.

bai sulli didn't struggle. she buried her face in the pillow and cried, enduring him.

in the end, he hugged her and did nothing but hug her.

in the middle of the night, he realized with some fear that even with such a hug, he could not guarantee that she would always be in his arms.

bai suili didn't want to leave the country. at this time, she couldn't let go of the bai family.

Or perhaps, she vaguely understood that if the Bai family fell, it would be impossible for her to be with ye Mu Lin.

even if she had betrayed the bai family, would ye mulin betray the ye family?

He would not.

Because it wasn't worth it.

Bai suili was very clear about her own abilities.

She often returned to the Bai family, but father Bai still had not returned. Her mother and close relatives were also constantly called over for questioning. The Bai family was like walking on thin ice, and the people they were close to in the past never appeared again.

Bai Xueli's mother was sitting on the sofa in a daze. When she saw Bai suili come back, she said weakly, " "why did you come back? Your dad is finished, Yingluo!"

Bai suili was stunned.

Mother Bai seemed to have regained some strength. " i just got the news that i might be sentenced to 20 years in prison, and i might be detained at any time. shirley, now that things have come to this, even mom can't scold you anymore. you're on your own! "

“how did this happen?” bai xue li muttered softly,”he said he wanted to help me, and ye mu lin said he wanted to find a way to help me.”

Mother Bai’s voice suddenly became sharp, ” ” you’re still talking about that ye guy. haven’t they hurt the bai family enough? your father helped them because he was too careless, or maybe it was a trap. compared to them, your father is really too kind and naive. ”

as he said that, he became a little mournful,”The ye family is really great!”

bai suili couldn’t find her voice for a long time. she still didn’t believe her mother’s words.

ye zheng had just dealt with the bai family, but she believed that ye mulin had not participated in it.

She wanted to beg him. He had said that he would find a way to ensure that the Bai family would not go to jail and that his parents would live out their old age in peace.

the things she had brought over fell to the ground and she quickly ran out to get into the car.

she went to the law firm to look for ye mulin, but secretary li said that lawyer ye had not been here for a few days.

bai suili stood in the law firm, looking at the empty office and the employees in twos and threes, and was in a daze.

“Did lawyer ye say where he was going?” she asked softly.

Secretary li shook her head and said she didn’t know, but she still gave her a number. this is lawyer ye’s mother’s phone number. You can try to ask her. She might be able to help you.

Bai suili took the note and said thank you in a low voice.

When she walked out and held the doorknob, she suddenly turned back, her eyes a little red.

Chapter 3484: Whoever regrets is a bastard (1)

She remembered the time when she stood there and hit him with her high heels because of Ai Wei. She said that whoever regretted it was a bastard.

It had only been so long, were they really going to reach the end?

she didn't call mama ye. she believed that mama ye wasn't involved. besides, she moved out of the ye residence for her and ye mulin.

She, Bai suili, wasn't such a selfish person.

She walked alone on the streets. Lin sisi called to ask if there was anything she needed help with, but she said no.

if it was the lin family from ten years ago, she might have been able to help, but how could she let the retired lin family become the center of attention again?

...

she sat alone on a bench in the park and dialed ye mulin's number over and over again, but the call did not go through.

The cold voice of the mobile customer service said over and over again, "I'm sorry, the number you have dialed is not available.

She threw away the phone in her hand and lay on the park bench, quietly in a daze.

She thought of her own parents, and herself. She thought of the choice that Mama ye had given her.

she went overseas with ye mulin.

when night was about to fall, there was fog everywhere. it was as if the world was covered in a thin layer of smoke. she thought that ye mulin would not go abroad with her, even if she had betrayed the bai family and her family.

She stood up in the Twilight and slowly walked towards the apartment.

Ye Mulin did not return. She cooked the noodles alone. It tasted bad, but she endured it and ate it.

In the future, no one would cook for her, no maids would take care of her, and no big house would be available, Yingluo.

at night, she lay on the big bed. the large apartment was cold, and the air around her was also thin.

He didn't return for the entire night.

He didn't come back for the next few days.

she slowly looked away while waiting.

*

In ye zhenggang's office, ye Mulin was still wearing the same clothes he had worn a few days ago. His expression was gloomy and there was a thick stack of documents in front of him.

Ye zhenggang sat opposite his son and said in a calm voice, " the Bai family's case is about to fall behind. Not only him, but his wife and his daughter, Bai suili, will also be involved. You also saw that she was used by others to wash away hundreds of millions of Yuan. At least ten years.

Ye Mu Lin stared at his father and said in a hoarse voice, " "You know she's innocent."

so what? the law doesn't automatically recognize it. It's just. Ye zhenggang looked at his son. I know that you want to be a proxy, but how much can you cut for her? one year, two years, or three years, Yingluo, think about it. She's 27 years old today. Even if she were to go to jail for six years, she would be over 30 years old. Also, her family members will be at least 10 years old. Even if

she's released, she will hate you to death. Mu Lin, wake up, there's no turning back for you and her.
”

ye mulin raised his head and looked at his father. he threw the stack of documents in front of him. ”
dad, is this what you expected of me? you secretly plotted against my wife and forced me? ”

Father ye was still unmoved. He said very indifferently, ” “it's all up to you to decide.”

ye mulin lit a cigarette but did not smoke. instead, he said in a soft voice,”what if i take shirley
away and treat myself as a criminal?”

“Then, the two from the Bai family might be sentenced to death. They were executed immediately.”
Ye zhenggang smiled.

Ye Mulin stared at his father and narrowed his eyes.”I really doubt if your heart is made of iron.
How can you be so cold and heartless?”

Chapter 3485: whoever regrets is a bastard, 1200 words

“mulin, when you reach this position, or even higher, you can also be as hard-hearted as this.” father
ye didn't mind. he walked back to his seat and sat down.”You're my most outstanding son, and I
have high expectations of you.”

ye mu lin closed his eyes. ” but you used me to deal with the bai family. you never thought that your
son would fall in love with someone else and get hurt. ”

“When you have power in the future, you won't be bothered by these trivial matters of the heart.”
Ye zhenggang mocked.

ye mulin picked up the thick stack of documents, lit it with a lighter, and slowly burned it.

Father ye did not stop her.

Amidst the fire, ye Mu Lin spat out a few words, "Maybe!"

...

Only when the information was burned to ashes did he whisper, "I want the Bai family to be safe. I promised Shirley's parents that she would spend her last years in peace. I want her to be safe too."

papa ye's voice was slow. "you're negotiating terms with me now, but the premise is that you're in politics?"

Ye Mulin looked at his father and did not say anything.

Father ye said directly, "Bai Sulli and her mother can stay out of prison, but her father will be in prison for at least five years. This will also stop you from thinking about her. It will also stop her from thinking about you."

Ye Mulin clenched his fists. His face was expressionless. must you be so cold and heartless?"

I've said it before, "father ye said lightly. when you're in my position, feelings are not that important."

Ye Mu Lin's face was tensed up and he looked at his father as if he was looking at an enemy.

This man had given him life, but he had also destroyed his only love.

he suddenly walked to the door. as he held the doorknob, he whispered, "As you wish,"

after he finished speaking, he opened the door and went out. when he slammed the door, his voice was deafening.

hao yun, who was listening from outside the door, was trembling with fear. after a while, she came in. "elder ye, do you want me to go and persuade him?"

“no, he’ll come around.” Father ye said in a low voice, but there was still a touch of inexplicable hurt in his old eyes.

After all, he had lost his son’s trust and Yingluo’s wife’s love in this scheme.

the way she looked at him now was as if she was looking at a scumbag and scum.

outside the door, ye mulin walked to his car. after he got in, he did not know where to go.

Finally, he returned to his apartment.

bai suili was there.

She lay on the bed, her face pale.

she had a miscarriage.

yesterday, she saw red when she went to the toilet in the morning. she thought it was her period, but her female intuition told her that it was not the case. she went to the hospital for a check.

She was pregnant, but when she found out, the child was already gone. It was only a month old.

after dealing with it, she returned to the apartment. ye mulin had yet to return.

she didn’t know where to go. the bai family was no longer a home, and there was no one else here except auntie li.

Even when she lost her child, she didn’t know who to tell, and she couldn’t find anyone to tell.

she couldn’t tell sisi that she had lost a child.

Only now did Bai suili understand that everyone in this world needed to heal their own wounds. No one could heal or comfort you, because Qianqian was also injured.

When she heard the sound of the door opening and the sound of footsteps, she knew that ye Mulin had returned.

there was no joy, only calmness.

now that the child was gone, she seemed to have gotten used to it. many things were not important anymore.

Ye Mulin walked to the side of the bed and squatted down. He pressed his face against her cold face and whispered, Xue Li, you once asked me if I would betray the ye family for you. I'm sorry, I can't do it.

His tone was very calm. your father will be sentenced to five years in prison. Your mother is fine, Wanwan. Let's get a divorce!

Bai suili blinked her eyes lightly, her expression somewhat dazed.

he said he was sorry, that was all he could do.

He said a lot, but she didn't take it in. In the end, she said in a low voice, "ye mulin, we have a child."

his expression was one of shock.

she moved and slowly sat up, looking down at him.

She tried her best to smile, but it was uglier than crying. She said very, very softly, I lost the baby yesterday morning. I thought I should tell you. After all, we've been looking forward to it for so long.

Chapter 3486: whoever regrets is a bastard (3)

ye mulin was still squatting and staring at her in shock. after a full minute, he said in a hoarse voice, " "i'll take you to the hospital."

Then, he took a coat and put it on her. He was about to carry her out. His expression was very calm, so calm that it was scary.

Bai suili pulled him back. She didn't say anything, only looked at him and gave him an extremely faint smile.

His body was stiff and did not move.

She took out a hospital bill and placed it in his hand. She didn't say anything and just leaned weakly against the bed.

Ye Mu Lin gently opened the piece of paper and his gaze fell on it for a long time.

...

The words on it seemed to be blurred in front of his eyes. He couldn't see a single word clearly, and the knuckles of the hand holding the paper were almost white.

after a long time, he solemnly folded the paper, and when he looked at bai xue li again, he was already calm. he said in a low voice,"Shirley, about our divorce, Hanhan."

she leaned her head against the headboard and turned her face to the other side. " i don't want anything. i only want to take xiao bai away. "

he froze for a moment and looked at her.

bai suili slowly lay down and pulled the quilt up with a few fingers, covering her face with the quilt and blocking his gaze.

"does it still hurt?" he asked.

She shook her head under the blanket, but she cried silently.

He didn't say anything more. He reached out his hand as if he wanted to touch her head, but he still fell down in mid-air and clenched his fist.

He walked to the floor-to-ceiling window in the living room outside and looked at the night view of B city. The bustling scene of the past had now come to an end.

he stood for a while and returned to the bedroom. he pushed the door open and saw bai sulli sitting on the bed, hugging her knees and crying silently.

the crystal-like tear that slowly flowed down pierced his heart. he really wanted to hug her and comfort her, but there was nothing he could do. he could only hurt her.

The door was closed.

She closed the door and separated them into two different worlds.

she cried the whole night, and he stood in front of the floor-to-ceiling window for the whole night.

in the morning, he made her breakfast, but she didn't eat it. in the afternoon, he made her lunch, but she didn't eat it either. it was only at night that she ate her dinner, quietly.

ye mulin only ate a few mouthfuls. he just sat there and watched her face.

She looked Haggard and thin. Ye Mu Lin looked at her and said softly, " "what are your plans for the future?"

She raised her eyes and looked at him blankly. After a long time, she shook her head."I don't know."

he knew in his heart that her plan now was to leave him. she had not had time to think about what would happen in the future, or her brain simply could not support so much. she only had one thought right now.

She hated him!

She hated that his surname was ye, hated that he could not help her, and hated that he was still by her side when she had a miscarriage.

she hated him for letting go of her hand so easily.

She hated him for abandoning her.

“let’s go to the law firm to settle the procedures!” ye mulin said in a low voice.

she looked into his eyes. at this moment, she looked at him as if she was looking at a stranger. she was no longer the rice weeper who loved to stay by his side.

She looked at it for a while and nodded. okay. let’s do it tomorrow morning!”

I’ll leave this apartment to you, ” he said. at least this apartment.

He knew her temper. The last time she left, she didn’t ask for anything, and this time, she was even more so.

The Bai family’s assets were all confiscated, and he always wanted to give her a place to live.

however, bai sulli shook her head, ” no, i don’t want anything. ”

he looked at her quietly and called out her name.”xue li jie jie”

Chapter 3487: whoever regrets is a bastard (4)

bai xili shook her head. ” don’t say anymore. i don’t want to hear about ye mulin. ”

he placed his hand on the back of her hand and whispered, ” “You hate me, don’t you?”

She lowered her head and looked at his hand. After a long time, she looked up at him and smiled gently.”a little!”

He clenched his fists and slowly loosened them. A bitter smile appeared on his face.”bai suili, if you want to hate, then hate forever!”

she would never forget it if she hated it.

he didn’t want her to forget him.

...

She stared at his face without saying a word.

he lowered his eyes and muttered, ” only now do i know that there is nothing in this world that power can’t get. there is also nothing that power can’t destroy. no matter how beautiful it is, it is the same. ”

After that, he went to the study and didn’t come out for the whole night.

he didn’t return to his room for the past two nights. it made sense. their marriage had come to an end, and there was no need to stay in the same room.

In the study room, ye Mulin sat in front of the study table with a cigarette between his fingers. The ashtray in front of him was already filled with cigarette butts.

On the desk, there was a hospital report. It was Bai suili’s abortion report.

he had been staring at it for most of the night.

That was his child.

Ye Mulin closed his eyes. His tightly knitted brows showed a pained expression.

just like that, he sat there until dawn.

He made her one last breakfast and was about to wake her up when she came out of the bedroom.

She was holding Xiao Bai's box in one hand and pulling her luggage with the other.

he looked at her, his face aghast.

Bai suili's expression was very natural, and she said very lightly, ye Mulin, I won't be coming over after we go to the law firm. Everything is already arranged. I'll keep the things you gave me. I've also left the card that you and mom gave me on the bedside table. However, I withdrew a few thousand Yuan from the hospital that day, Hanhan.

Her voice was a little choked and trembling, " "i used it to pay the fee."

ye mu lin stood there, only two steps away from her.

But he didn't even have the courage to hold her. It wasn't that he didn't have the courage, but he was afraid that Yingluo wouldn't let go.

He had told her that there was nothing in this world that power could not get, and there was nothing that could not be destroyed. He did not know if she understood him since she was so stupid.

"i know," he said in a low voice.

He didn't look at the things she said, but went back to the study and took out a paper bag. He came out and put it in her arms, saying hoarsely, " " i know you don't want my money. here's 500000 yuan. i didn't use the money you gave me last time when you took a photo of gu changfeng. "

At this moment, he was so grateful to Gu Changfeng for giving her a reason to give her money so that she would not suffer so much.

bai suili looked at the leather bag. it was the one gu changfeng had given her.

she didn't refuse and went over to eat her breakfast with the bag. she ate silently.

after eating, he took his car to the law firm. when he came here again, he found out that the office was almost empty, and secretary li was the only employee left.

the last case here was the divorce case of ye mu lin and bai xue li.

Because there was no difference, they only needed to sign.

he placed the document in front of her and she signed it without looking at the contents, but her hands were trembling.

After signing, ye Mulin also signed the document and passed it to Secretary li. "I'll get it done in the morning."

Secretary Li's heart was extremely sad. She held the documents in her arms and didn't say anything for a long time. When she opened her mouth again, she choked and said, "we didn't expect lawyer ye."

Chapter 3488: whoever regrets is a bastard (5)

Ye Mulin's voice was hoarse after a long time. I didn't expect it either.

secretary li looked at them deeply and turned back after taking a few steps.

They all said that lawyer ye valued his future more than his relationship because of his background, but she didn't believe it. She still didn't believe it. She always felt that one day, lawyer ye would find Mrs. Ye.

He definitely would.

After Secretary Li left, Bai Xuli dragged her luggage and hugged Little White. She said softly, "Ye Mulin, I'm leaving."

"Where are you going?" he asked.

...

She looked at him and shook her head. "I'm living with my mother. She'll forgive me if we get a divorce, right?"

He felt a sharp pain in his heart as he remembered the slap on her face by Mother Bai.

He was reminded of his youth, the sunshine in the mansion, the young girl he could see when he looked up while reading a French book.

Those times could never come back.

He was the one who had hurt her. If he had not replaced her at her wedding with Mubai, she would not have been injured like this today. Even if her family had been ruined, she would still be able to rely on her mother and not be suspicious of each other like now.

He was extremely sad, but he still had to see her go.

"I'll walk you to the door," he said as he stood up.

Ye Mulin sent her off as if he was sending off an ordinary customer. At the door, they had to part ways.

Bai Xuli turned around and smiled. "Ye Mulin, whoever regrets this time is a bastard."

His gaze was deep, and he stared at it for a long time before he finally said 'good'.

She opened the door and went out.

The door closed gently.

bai suili would never know that on this day, ye mulin's entire world had collapsed.

He looked at the door in a daze, and after a long time, he walked over and gently touched the doorknob. On the doorknob, there was still a trace of Bai Xue Li's warmth.

His jaw was clenched tightly, and his expression was extremely ugly.

bai suili walked out and went straight to her mother's newly rented house. her mother had lived in luxury for so many years, but now she was living in a house less than 60 square meters. she had started to buy vegetables, cook, and wash clothes by herself. bai suili's mother seemed to have aged many years in an instant.

she didn't scold or hit bai suili again, as if she had silently accepted this reality.

however, painful blows came one after another. bai xiaomu's mother fell sick, mentally ill, and had signs of self-harm. she had to stay in the sanatorium for long-term treatment, which cost about 100000 yuan a month.

Bai suili's money could only support them for three months, and the sanatorium's initial payment was half a year.

for the first time, she was in pain because of money. now she knew that the pain of love was no longer the most painful. the most painful thing was to see her family being rejected at the hospital.

She left her mother in the hospital for half a day and went to other cheaper ones, but the hardware was too poor. She couldn't bear to do it, or rather, she felt guilty.

She wanted to call someone for help, Gu Changfeng or sisi, but she couldn't make the call.

A black RV was parked not far away. Mama ye looked quietly at the child she used to love and dote on, who was now sitting on the steps with a blank face.

tears welled up in her eyes as she looked at the chauffeur and ordered, " call the director here and tell him that I'm the one who said that the Bai family has to pay a monthly fee of 40% off. I'll cover the rest.

the chauffeur was her trusted aide and got it done immediately. after the call, he looked at madam ye. " madam, it's all done. we'd better leave first. it's not good if someone sees us. "

Chapter 3489: She's not doing very well (1)

madam ye nodded and put on her sunglasses.

the black rv slowly drove away.

bai xue li was still sitting there, lost in thought.

After a long time, she got up, but just as she stood up, her phone rang. She reached out and picked it up.

The expression on her face became a little happy, but also a little complicated.

The hospital said that she could pay once a month, and she could even get a 40% discount.

...

The first person she thought of was none other than ye Mulin.

she held the phone in her hand for a long time, but she still did not make the call ...

it was better not to call. there was no need to contact him anymore. whether he helped or not, there was no need.

however, at night, she knew that it wasn't him. she had found news about him.

He went to city H and became the Secretary of the municipal Party Committee. At the press conference, other than father ye's former assistant, Hao Yun, standing beside him was Ai Wei.

he had brought ai wei to H city, but he had left her here forever.

Bai suili was eating at a roadside stall and reading the news on her phone, her eyes burning.

in the early winter night, the tears that fell were colder than the breath she exhaled. she told herself that they were worthless.

she desperately held back her tears and desperately ate the cheap noodles on the street.

bai suili, you're no longer the bai suili of the past. you have to work hard for more than 100000 yuan a month.

she lowered her eyes, but a tear still fell into the bowl by accident.

She whispered to herself that she had accidentally fallen in ...

*

mama ye's house.

it wasn't big, but it was very exquisite. however, there were no flowers and plants here. the decorations here were expensive and suitable for social interaction.

Mrs. Ye seemed to have jumped out of her role as a good wife and mother and found herself again.

she no longer wore the gentle cheongsam, but an expensive and invasive dress. she was born in a famous family, and after all these years, she had no lack of money, taste, and beauty. she really threw father ye's secretary, xie anning, away by a few streets.

mama ye didn't care for her husband who had cheated on her for many years. what she wanted was to protect her two sons, so when papa ye came over, she wasn't surprised or happy, but she was on guard.

ye zhenggang looked at his first wife and said indifferently, "still angry?"

Madam ye was sitting on the sofa and drinking tea. When she saw him just put the teacup on the table in front of him, she said calmly, "what are you doing here? haven't you done enough? of my two sons, one was sent to city H by you, and the other was forced to go abroad. Where else do you want to send me? "

father ye smiled and sat down. "i see you're angry again. i'm just thinking about the children's future. mubai can't just stay around. why don't you study directing? maybe you'll get an oscar in the future. "

before she could finish, madam ye retorted, "ye zhenggang, i think you're the one who's going to win the oscar for best actor. "

Ye zhenggang was a little embarrassed, but he was the one who begged Madam to go back today. Hence, he touched his nose and endured it. He continued, you see, I even assigned Hao Yun to follow Mu Lin to city H. The people in city H are not easy to deal with. I'm not worried about Hao Yun since she's familiar with the business. You see, I've put in a lot of effort.

mrs. ye sneered. "mulin is a top lawyer, but you've forced him to this point. do you know his dream? you know that the person he likes the most is bai sulli. you've forced him to give up the only one he's ever liked. so what if he's in the highest position? is he happy? "

"He will be happy!" Ye zhenggang's expression didn't look too good,"He's a man, not a woman."

Chapter 3490: she's not doing very well (2)

Madam ye's smile turned even colder. is that so? just like how you are now, right? ye zhenggang, you're very happy to have Xie Anning, right? "

Ye zhenggang didn't know what to say, and his expression didn't look too good.

"no one can be compared to you," he muttered after a long while.

madam ye smiled. "really? i don't think so! " i'm useless and gave birth to two not-so-outstanding sons. you can count on that woman with the surname xie to give birth to a good one for you and inherit the throne of your ye family in the future."

ye zhenggang was so angry that he suppressed his anger and spoke slowly, "What are you saying? Why would I have a child with someone else?"

Madam ye probably touched it. She got up and walked to the floor-to-ceiling window. Her back view was beautiful and lonely.

...

she stood there and looked at the courtyard outside the floor-to-ceiling window. after a while, she said in a low voice, "i never thought that you would sleep with someone else. no matter how busy you are, no matter how many days you haven't come back, i always thought that you were doing something important. other than the big picture, you only care about us three. ye zhenggang, it's fine if you sleep with someone else, but please don't try to shamelessly convince me with your ideals. su fu is not willing to share the same man with someone else."

Father ye looked at his wife across the sofa. Seeing her say these words in a soft yet firm manner, his heart was quite complicated. He said in a hoarse voice, "Come home, we can talk about anything."

"Including sending your Secretary, Xie Anning, away?" "it's to never step foot into B city," mama ye said softly.

father ye hesitated for a while before saying, "I can draw the line with her, but you know su Fu. She has been with me for so many years and knows as much as Hao Yun. I can't go too far."

"you just can't bear to, can you?" Madam ye's tone was calm. actually, I don't want you to abandon her either.

As she spoke, she turned around and looked at ye zhenggang.”xie anning is only in her forties. a young lady in her twenties should be with you. it’s too cruel to abandon her.”

The more she spoke, the more serious ye zhenggang’s expression became. He had a bad premonition in his heart. what are you trying to say? ”

“let’s get a divorce. i’ll fulfill your wish.” Madam ye looked at him, and her expression was extremely beautiful at that moment.

su fu was born into a wealthy family. after marriage, she cultivated her body and did not taint herself with the secular world. in the past, ye zhenggang was worthy of her, but now, he was nothing but ashamed of his own inferiority by her side.

He looked at her in shock, and his tone was flustered and exasperated.”su fu, what did you say!”

“Divorce!” “Ye zhenggang, you know that I, su Fu, can afford to get a divorce.” Madam ye was very calm.

ye zhenggang knew.

from his wife’s family background to her current appearance, she could definitely find a good man. however,

” she’s almost 60 years old. is there a need to go through so much trouble? she’s just an unimportant person. why do you have to make things so difficult for her? i’ll transfer her to the bottom level tomorrow. ” Ye zhenggang frowned.

Madam ye smiled and shook her head. I don’t think so. Let’s get a divorce!

Father ye looked at her for a long time before he said slowly, ” “seeing how determined you are, i don’t have to coax you anymore, but i’ll leave you with one thing. su fu, i won’t divorce you. you won’t be happy if i say i still love you, but i still love you, just like before.”
