Chapter 3491: she's not doing very well (3)

when he walked to the door, he thought for a moment and turned his head. you have to calm down. I'll give you some time. I'll come back after a while.

Madam ye didn't respond to him. She just turned around and looked outside again.

Ye Zheng had just walked out with a dejected face, but when he walked to the door, he turned his head back again, feeling reluctant to leave.

He still wanted to say something, but his su Fu was carrying him and didn't want to talk to him anymore.

In her heart, he was a shameless person. Yes, shameless.

Ye zhenggang didn't return to the ye family mansion. Instead, he went straight to his own office and asked the staff to make him some tea. It was rare for him to smoke and make tea alone.

...

he half-laid on the sofa and thought about his and su fu's younger days. su fu was beautiful and talented, and her family background was so high that it was beyond reach.

She studied literature, which was the most useless thing. Other people felt sorry for su Fu's bad choice, so what could she do with this?

however, only ye zhenggang felt that su fuzheng was just right. a gentle and talented woman like her should be like this, talking about poetry without any worries. everything that she had should allow her to live in peace for the rest of her life.

Ye zhenggang was fascinated by su Fu, who was in his early 20s. His dream at that time was not to be Z, but su Fu.

he fought hard to marry su fu and then his dream slowly became status. men's desire for status was like women's desire for bags. they were never satisfied with having it.

his su fu was as talented and gentle as ever.

however, he had already gotten used to it and had not admired it for a long time.

Over the years, he had seen many talented women, such as Xie Anning.

compared to su fu, xie an ning had a lot of talent, but she also had a lot of ups and downs. she did not come from a good family background, so she desperately climbed up. ye zhenggang admired her ruthlessness and gave her a chance to advance, and also gave her a chance to climb into his bed.

To be honest, he wasn't too obsessed with the affairs between men and women. With this Xie Anning, he just couldn't explain why. It was probably to prove that men were successful.

after obtaining it, he realized that xie anning and su fu were not at all alike. su fu's talent was love, while xie anning was more about showing that she had obtained an opportunity. this kind of talent would be erased with time.

Su Fu would not. She was really well protected. That kind of beauty was really maintained with status and money.

He wasn't too fascinated by Xie Anning. Most of the time, it was a superior-subordinate relationship. He rarely slept with her and didn't want to think about it. However, this didn't mean that it didn't happen. There were always once or twice a month, definitely less than he and su Fu.

But his su Fu, the once proud, beautiful, and talented su Fu, could not tolerate it.

Her mentioning of divorce was like stabbing a knife into his heart.

Ye zhenggang rubbed his eyes. They were a little moist, and he felt very uncomfortable.

at this moment, the door opened carefully, and xie anning entered.

after hao yun left, xie anning took care of everything here. for a moment, ye zhenggang couldn't find anyone else to replace her.

After she came in, he sat up and said, ” “Why are you still here?”

Xie Anning gently closed the door. After hesitating for a moment, she walked over and squatted in front of ye zhenggang. Looking at him, she said,”she’s asking for a divorce, isn’t she?”

Ye zhenggang also stared at her for a while before chuckling,”Why are you guessing?”

Chapter 3492: She’s not doing very well (4)

Xie An ning was a little embarrassed, because his words were undoubtedly blocking her thoughts and preventing her from having any thoughts. It also indirectly indicated that he would not divorce.

She suppressed her disappointment and forced a smile. “Are you coming to my place today?”

Ye zhenggang stood up. I’m not going.

“You’re not going anymore?” Xie An ning immediately asked.

Father ye looked at her and frowned. what are you doing? are you threatening me or forcing me to marry you? ”

“that’s impossible, young xie,” he said after a pause.

...

xie anning lowered her head. ” i understand. i just want to know if you want to end this relationship. qianqian won’t allow me to be by your side, will she? ”

After all, she was a woman who had been with him for more than ten years. Father ye said very calmly, "it's better to avoid her for now. Don't worry, I won't transfer you away. After all, you're good at your work. No one can deny this.

xie anning looked at him for a long while before smiling gently, "i used to find your polite words particularly charming, but now that i see how you're treating me, i feel like i was laughed at in the past."

"I'll follow the arrangement," she said softly.

She was an extremely intelligent woman and knew that she had to be obedient at this time, otherwise, she would really be sent to the ends of the earth.

she had worked so hard for so long. she could give up the title of mrs. ye because she couldn't afford it.

Not to mention Madam ye, even the eldest son of the ye family was going to be nurtured by ye zhenggang. If she dared to take over the position, he would be the first to tear her apart.

All she wanted was to climb up the ladder, so she couldn't lose young master ye's support now. Otherwise, it would be difficult for her to advance further.

After she said those words, ye zhenggang consoled her. Back then, he had taken a liking to her because she was ... Sensible.

Therefore, when Xie Anning leaned over and hugged him, he did not object.

Xie Anning stuck to him and said softly,"zhenggang, if you really can't do it, you can transfer me to the bottom level. i'm willing to go anywhere. i don't want to put you in a difficult position."

Ye Zheng had just been bullied by his wife, and now he was being treated so gently by a Pretty Woman. Even though he knew that he loved su Fu and not Xie Anning, he still needed such gentleness in his heart.

he had lost too much by dealing with the bai family and paving the way for his eldest son.

so, he reached out and hugged xie anning."alright, i got it."

These words seemed simple, but in fact, they were a silent promise.

Xie An ning was relieved. She raised her head and said in a gentle tone,"Then I'll go first, are you coming?"

Ye zhenggang hesitated for a while before nodding his head,"You go back first, I'll clean up here."

she understood that they couldn't leave together. he was in a high position and couldn't leave a trace of gossip for others, so she opened the door and went out first with a smile.

Just as Ye Zheng was packing up his things, he suddenly realized that the seal that he always kept in his pocket was gone.

He frowned and remembered that he had gone to su Fu's place that night, so he took out his phone and wanted to call her number.

however, he had promised to go to xie anning's place. he still felt a little tormented and guilty about making this call.

After the call went through, he waited for his wife to pick up, but she didn't.

was she asleep?

He looked at the time. It was already midnight.

after hanging up the phone, he thought for a while and decided to go out and get into the car. the driver was his confidant, so he asked where they were going ...

Chapter 3493: she's not doing very well (5)

Ye Zheng had just reported Xie Anning's residence. The chauffeur started the car silently, feeling sorry for Madam ye.

that night, she went to ask for forgiveness. now, she went to secretary xie's place. other than being a little young, secretary xie wasn't young anymore. she was already in her forties and was about to pass menopause. what was there to be young about?

As for Madam, she was a young lady from a wealthy family with a first-class temperament. Even her current appearance and figure were better than Xie Anning's. That Xie Anning was so thin that there was barely any meat on her body. She really wondered if there was something wrong with elder ye's head.

the chauffeur thought to himself that he still had to send her to that golden nest. the car stopped and ye zheng said, "drive the car back and come pick me up tomorrow morning."

the chauffeur nodded and got down to open the door for ye zheng. he then got back into the car and drove away.

Since ye zhenggang had just arrived, Xie Anning had to make some preparations. She drove back first, took a shower, put on some perfume, and sat downstairs to wait for ye zhenggang.

...

ye zheng had just stepped in and looked at xie anning's clothes. his face was slightly gloomy.

he didn't know if it was his misperception, but over the years, xie anning's dressing style was more and more similar to su fu's. su fu had always been so exquisite, but xie anning was different. shouldn't a professional woman be as comfortable as possible after work?

But Xie Anning was wearing a cheongsam.

'su fu doesn't seem to be wearing anything anymore,' ye zheng thought as he thought of his wife that night.

“Why aren’t you wearing your pajamas after your shower?” he sat down and smiled.

With a book in her hand, Xie Anning looked up and smiled, “I like this kind of atmosphere.”

She got up and took off his coat for him, then sat him down and gave him a massage. All men liked this kind of service.

Ye zhenggang was no exception.

However, he had something on his mind today, and the recent events had been really annoying, so he was not in the mood to do anything with her. He closed his eyes and enjoyed her service. After about half an hour, he got up. “I’m going to take a shower.”

Xie An ning grunted, “do you want me to help you scrub your back?”

“No, you can Continue reading!” Ye Zheng’s hand was on the book, and he was stunned when he saw the title.

The young su Fu once loved this book.

However, he quickly regained his composure and slowly went upstairs.

xie an ning watched him go upstairs, and her face slowly became dull.

As a woman, it was impossible for her not to know that he didn’t have her in his heart. He was just momentarily bewitched by her. He liked a talented woman like su Fu, or rather, a woman in su Fu’s state.

How could she, Xie Anning, have such a temperament?

su fu’s life was easy, and she was worried about money and livelihood, so how could she be easy?

She thought unhappily, “some things couldn’t be stored.

at this moment, the phone in ye zhenggang's pocket rang. xie an ning looked upstairs.

She carefully took out her phone and saw the caller ID-

Su Su.

a trace of disappointment flashed through her eyes. she wanted to put down her phone, but on second thought, she picked it up.

"Hello, Madam." her attitude was extremely respectful.

On the other end, Madam ye seemed to be stunned for a moment, but she quickly felt relieved and said in a calm voice, "Get ye zhenggang to answer the call."

"it might not be convenient for elder ye now, he's taking a bath," xie anning said without changing her expression.

any wife would be angry when they heard san er's words, but madam ye did not. she just said softly, " " then tell him when he comes out that he left his seal with me. come and get it when he's free. "

Chapter 3494: She's not doing very well (6)

xie an ning nodded,"alright, i understand. good night, madam."

Su Fu didn't hang up immediately and said indifferently,"Secretary Xie, you won't have a future if you follow him."

It might have been possible in the past, but it was not possible now.

because in ye zhenggang's heart, his career was the most important. he had bet everything on mu lin and would not give up for a woman.

after she finished speaking, xie anning felt a little indignant and said in a low voice, "He's with me now."

Su Fu didn't say anything else. After hanging up the phone, he sighed. "you're so stubborn,"

...

ye zheng had just finished showering and was walking down the stairs. "who's on the phone?"

xie anning could lie, but su fu's words made her feel a little competitive, so she handed the phone to him, "It's Madam."

Ye zhenggang didn't take out his phone immediately. Instead, he stared at her with a terrifying expression. what did you say to her?"

xie anning found it ironic that he was about to fall out with her. his heart was still there when he was here, but she knew that she could not argue with him. it was not easy for him to not chase her away.

your seal fell at Madam's place,"she said in a soft voice. she's calling.

ye zhenggang took the phone from her and flipped through it. he was stunned for a while before he went upstairs to change back into his original clothes. he took his coat and walked out while calling the driver. "come and take it."

the driver was also puzzled. wasn't he sleeping at the airport tonight? why wasn't he eating the sweet and sour ribs? (extra chicken leg for the driver ~)

The chauffeur immediately turned the car around and drove it back. As soon as they entered the courtyard, ye zhenggang walked over and opened the car door. let's go to the madam's place.

the chauffeur was quite worried, but he put on a serious face.

He thought that the backyard must be on fire ...

the car was a little fast, and after 40 minutes, the car stopped at the entrance of the villa. ye zheng just walked through the main gate.

the guard saw him and let him in, but asked if he should inform madam.

“no need, i’ll be out in a while.” He tidied his clothes and walked in. His steps were calm, but his heart was not.

The lights in the villa were almost out, but he didn’t turn on the lights and went up to the second floor. He walked to the door of the easternmost room based on his intuition and opened the door.

Madam ye was staying in this room. At this time, she was leaning against the bed and reading a book with a pair of presbyopic glasses on.

in fact, she still looked very young, but her eyes were not very good because she often read books. she had let down her black hair because she was sleeping. she was wearing a sky-blue silk nightgown, and she looked beautiful and peaceful.

Ye zhenggang stood there, looking at his wife under the warm yellow light.

she used to be like this in the old house, reading books like this every night. she liked comfort, always the most comfortable.

he loved to watch it too.

she was too focused and did not notice him.

ye zhenggang’s throat seemed to be blocked, and his voice trembled like a child who had done something wrong. ” su fu. ”

madam ye’s hand gripped the corner of the book tightly. then, she gently took off her glasses and looked at her husband by the door. there was not much expression on her face as she said softly, ” “you’re here to get the seal?”

As she spoke, she lifted the blanket and got up. She took it out from the bedside table and said, "If it wasn't especially important, I wouldn't have specially called you. Xie An ning said that you were taking a bath. I won't disturb you at night in the future."

Chapter 3495: she's not doing very well (7)

ye zhenggang's heart turned cold. he walked closer and took the seal from her.

she wanted to withdraw her hand, but he wouldn't let her. he grabbed her hand and said in a tight voice, "i can send su fu away and never let her set foot on B city's land."

his hand was holding hers, and he didn't care about the seal. right now, he just wanted to hold her tightly and feel her warmth.

He had a feeling that his su Fu really didn't want him anymore.

su fu looked at him with a calm expression. "it's late. i want to rest. you should go back and rest since you're busy!"

this meant that he didn't want to talk about it anymore.

...

Ye zhenggang took a step forward and held her tightly in his arms.

He had been in politics for decades, but he had never been in such a sorry state. He said to her in a low voice, "Su Fu, I was wrong. I won't do it again, okay? I won't see her anymore. I won't go to her place. I didn't do anything tonight. I just wanted to find someone to talk to."

su fu frowned slightly, but his voice was still calm. I understand. Is everyone well-rested now?"

ye zhenggang buried his face in her neck and said in a low voice, "i'll stay over."

Her body stiffened for a moment, then she smiled gently. She looked at her husband and said, "ye zhenggang, I'm already past my menopause. If you have anything you want to do, you can look for your Secretary. I believe she will prepare the bath for you and serve you to your satisfaction."

He was stunned for a moment.

his wife had never been so sharp and had never said such harsh words before. then, he realized that she had been bullied by xie an ning, so he said slowly, "weren't we very good in the past?"

She had gone through menopause, but it was fine as long as they were in a good relationship. They still maintained their sex routine twice a week.

Su Fu lowered his head. but I don't want to anymore.

in the past, she lived in a particularly simple world. her menopause was silent because her husband and two sons pampered and coaxed her. he always made his sons understand her, but she never thought that while her husband pampered her, he would also be comforted by another woman.

He had actually come over from Xie Anning's place and made such a request to her. She felt very dirty.

ye zhenggang's eyes turned cold. he held her chin and approached her step by step. "do you think that i can't do anything to you?"

She looked at her husband and felt that he was a stranger. She blinked and asked softly, "are you going to deal with me the same way you dealt with mu lin?"

he reached out and gently touched her face, which was still tight, and smiled. "you're really smart. it's a pity that you're idle at home, or maybe i shouldn't have locked you up at home, so your mind is full of romantic, and you can't accept or compromise with reality at all."

He said this, but he knew in his heart that she had become worldly and he probably wouldn't like Yingluo so much either.

Su Fu looked at ye zhenggang. tell me your plan.

he looked at his first wife and paused.”Su Fu, you’re really cute when you take off your mask.”

he had never thought of her as a weak woman. after she found out that he had let her down, she had stabbed him with a bayonet until he was covered in blood.

She was still looking at him.

he let go of her, sat on the bed, and said, ” “you’re helping bai suili, aren’t you?”

Chapter 3496: She’s not doing very well 8

“You want to use her to threaten me to sleep with you?” su Fu stared at his husband.

Then, she grabbed a pillow and threw it at ye zhengsui’s face. you’re shameless and despicable.

but he didn’t care about the pillow. instead, he forcefully held her waist and trapped her in his arms. then, he pressed her into the luxurious bed bit by bit.

he knew that she wasn’t young anymore. he also knew that she had a good figure. she was very warm and her entire body was soft. she didn’t look like an old woman at all. sometimes at night, she even gave him the illusion that the person lying under him was still su fu, who was in his early twenties.

Su Fu, full of talent, beautiful and young.

Just like now, when she stared at him with tears in her eyes, he seemed to see the young girl again. The first time she went to him, he took her virginity.

...

She said,”ye zhenggang, let me go. If you dare to do anything to me, my dad will not let you off.”

He said,”I won’t let you off until your father doesn’t let me off.”

So, no matter how she struggled or screamed, he still took her first time. After he got it, he felt like he had gotten a treasure. He hugged her and muttered, "Su Fu, I will be good to you for the rest of my life."

Half of su Fu's face was buried in the pillow as he said in a low voice, "ye zhenggang has so many young ladies out there. you're shameless now anyway. your secretary is still lying on the bed waiting for you. get out of here after you take your seal."

"i'm not leaving." In the end, he lowered his posture and did not bear to force her. Instead, he lowered his body and buried his face in her neck. Like a child who had done something wrong, he leaned against her neck and whispered, "Su Fu, let's start over, okay? I'll be good to you for the rest of your life."

She was dazed for a moment. She blinked her eyes gently and bit her fist to stop herself from crying.

That was what he had said during their first time. However, it had only been half a lifetime, and she was still beautiful. At the age of forty, he already had Xie Anning by his side.

she held it in for a long time, but in the end, she couldn't hold it in. her tears fell drop by drop and dripped into the pillow.

on the other hand, ye zhenggang didn't dare to move at all. he just looked at his first wife and cried silently.

He didn't even dare to help her wipe her tears.

who said that a woman's tears were not a weapon?

she cried for a long time and turned her back to him in his arms. she didn't say anything more and seemed to have fallen asleep.

Ye zhenggang sat at the head of the bed for a while before he took the seal and walked out.

he got into the car again and the driver sent him. he didn't know where to go.

He would not and could not go to Xie Anning's place. This place did not keep him. In the end, he still mentioned the old residence.

However, there were too many traces of su Fu's life there, so it would only add to the sorrow.

however, ye zhenggang was ye zhenggang. after a short compromise, he still used his two sons and bai sulli's mother to reach a consensus with su fu. she would move back but sleep separately. they would divorce after five years.

During the agreement, she did not mention Xie Anning. Ye zhenggang knew that she had made up her mind to divorce him.

He did not think much of it and transferred Xie Anning out. She would be promoted openly and secretly. She could still come back in the future. He had chosen to get through this period of time first and would be transferred back in a year. Without Hao Yun, he could not do without Xie Anning.

xie an ning knew a lot, but she was indeed capable.

Chapter 3497: She's not doing very well (9)

On the day su Fu moved back, he took a day off to keep her company, but she no longer cooked or washed his clothes, nor did she clean his study. He touched his nose. These were all small matters. The most important thing was that the couple quarreled at the head of the bed, but she locked the door at night and did not give him a chance to enter.

"Su Fu, open the door. I transferred Xie Anning away." Ye zhenggang knocked on the door.

Madam ye's back was against the door. After some thought, she opened the door.

he was a little happy, thinking that she had figured it out.

"Let's talk in the study," she said softly.

Ye zhenggang was a little surprised as he looked at her. “why are you so serious?”

...

su fu put on her glasses and left with his books.

However, in ye zhenggang’s eyes, she was as cute as a little girl holding her favorite plush toy. He followed her and closed the door of the study room. He then personally brewed a cup of black tea for her. He felt that it was just right for her to have her red sleeves by her side.

she curled up on the sofa and told him in a very light tone, ” “when xie an ning left, she came to find me and told me that she was leaving. she said that she would be back in a year.”

“Su Fu, I can leave her outside forever.” Ye zhenggang was in a sorry state.

” ye zhenggang, you can just lie to yourself or to a young lady. we have already agreed to live separately for five years and get a divorce. i did it for mubai and mulin. you know it best. so, don’t have any more fantasies. ” Su Fu said unhurriedly, ” otherwise, I don’t care about anything else. I want to move out. I don’t want to sacrifice too much. You know what I mean.

he stared at her and said,”you mean you won’t sleep with me?” Su Fu, you’re being too unfair. You were the one who wanted Xie An ning to leave.”

you can transfer her back now. I don’t mind if you don’t come back every night. Five years will pass very quickly. It’s nothing compared to our thirty-five years. she said very quickly, ” i never force myself. ”

Her voice softened,”ye zhenggang, I’ve always felt that you’re insipid. It was only after Xie Anning told me that I found out that your favorite position is to sneer from behind.”

she smiled faintly and looked at her husband very gently, as if she was looking at a stranger.

ye zhenggang exploded in anger and stared at her. “su fu, i’m not yingluo.”

” you’ve never mentioned it to me before. i thought you were a traditional man, but i was wrong. ” She stood up, still looking like a beautiful lady from a noble family. ” maybe there’s a beast living in every man’s heart, and you just can’t release it in front of me. you want to be a good husband and father, but you’re tired. on the contrary, you’ll feel more relaxed in other places. ”

Su Fu walked to the door and turned around with a smile. ” no one isn’t tired, and no one will wait for you at the same place forever. in the past, i waited because you were worth it, but now i’m not waiting because you’re not that person anymore. ”

after she finished speaking, she opened the door and left. she did not take the book she had brought with her.

ye zhenggang gently picked it up and took a look. it was the same book that xie anning had read that night.

Su Fu meant that she didn’t want it anymore.

ye zhenggang raised his head slightly and was very sad. his su fu did not want him anymore.

she said she wouldn’t wait because he wasn’t that person anymore, yingluo.

He smiled gently and put the book on his desk. His fingers slowly touched it for a long time.

He didn’t force her to sleep with him again. He just cared about her and wanted her to change her mind.

Chapter 3498: She’s not doing very well (10)

A year later.

after bai suili finished taking the photos, she removed her makeup and immediately left the set. she took a taxi to a high-class club.

She had a few jobs now and would go wherever she could earn money.

She was good-looking, not picky, and worked hard, so many people asked her to shoot small commercials, most of which were introduced by Gu Changfeng.

She had been working at the club for a long time. She could make 30000 to 40000 Yuan a month here, and if the customers were generous, she could make 80000 to 100000 Yuan a month. Her main job was to perform.

she put on the bunny girl's clothes, put on heavy makeup, and served the guests. sometimes, they even had to dance together. she didn't show up and just made money here. there were also unruly guests. she was ashamed at first, but later she became numb.

...

Being touched and being hugged by the waist was nothing. Compared to the sky-high medical expenses in the hospital, it was not worth mentioning.

Life had worn away all her pride. Other than sisi and Gu Changfeng, the only person she could talk to was little white.

However, Xiao Bai did not understand. She could only talk to herself. Fortunately, this was not a common occurrence as she did not have the time. All her time was used to earn money.

she jumped out of the taxi and immediately rushed into the dressing room. she put on her black mesh socks and did her makeup and hair at the same time.

she was done after five minutes. she heaved a sigh of relief when she saw that the time was just right.

The head waiter, Jessica, came over. She was a woman in her early forties. She was usually very strict, but she took good care of Bai Sulli.

she clearly remembered the girl's teary expression when she held the 'uniform', but she gritted her teeth and put it on in less than a minute. she went to the private room with the others and smiled sweetly at the guests.

jessica knew that she would be fine. many customers liked her and called her little white. she was also good at coaxing people to call them big brother and uncle. they would give her tips.

Bai Sulli used a month to turn herself into a youtiao and the most popular bunny girl here.

” don’t be too late next time, ” jessica warned in a low voice. ” if i’m always biased towards you, people will have something to say. ”

Bai Sulli smiled at Jessica and then stuffed a bag of things into her hands.

jessica saw that it was a box of platinum, and she couldn’t help but laugh. ” “Where did you get this?”

“I’ll give you the props for the photo.” “I’m going to work,” Bai suili blew her a kiss.

wait! Jessica called out to her. wait a minute.

Bai Xili turned her head.

Jessica’s expression was serious. the guest tonight is very important. He’s an important person from city H. Don’t offend him.

bai suili blinked her eyes slightly,”i know!”

She flashed out and went to the dressing room to put on her makeup. Then, she went to the private room to serve with a few friends. When she pushed the door open, there was a faint smell of tobacco inside. It was obvious that someone had just arrived.

The luxurious private room was very large, and there was a small banquet hall at the outermost area. Two large groups of sofas were placed, and four or five men were sitting, smoking and chatting. There were also two or three women who looked like secretaries, sitting obediently at the side.

the main table was placed inside, and the crystal light above was very bright. a table of delicious food had been served one after another.

jessica came in. she was very sociable and had a wide network. her words were very appropriate, and she hinted that these men did not need any special service. it was the most famous bunny girl service here. if they did not like it, they could just be ordinary waiters.

Chapter 3499: she's not doing very well 11

After Jessica finished speaking, one of the four or five men spoke up. He seemed to be the most important person among them.

“That’s it, it’s good.” his voice was clear and elegant, but it was slightly low.

Bai suili was shocked, looking at him in disbelief.

it was ye mulin!

Wasn’t he in city H? why did he come back to City B?

she immediately lowered her head to look at her clothes. that moment was the most embarrassing moment of her life.

...

she was covered in dust, while he was well-dressed and as noble as before.

Fortunately, she was like this with heavy makeup, so he might not be able to recognize her. Although she was comforted like this, her palms were still sweating.

Jessica heard this and waved her hand. “Come over and entertain me well.”

“Everyone, enjoy it,” she said with a smile.

she had just finished speaking when ye mu lin's gaze fell on the few bunny girls. he said calmly, "leave her behind and send her to another private room. Tell her to wait for me. The rest of you can leave first. We don't need to entertain anyone here.

Jessica was shocked and suspicious. Her eyes fell on Bai Sulli's face and she winked, "No problem, right?

The person who spoke looked very elegant and seemed to be a big official. There should be no problem.

Bai Sulli was also stunned. She did not expect ye Mulin to recognize her so quickly. She did not want to make things difficult for Jessica, but she knew that she would not be able to escape even if he wanted to talk to her. "i can."

jessica brought the girls out. when she closed the door, ye mu lin raised his eyes and glanced at bai xue li.

from her heavy makeup to her black fishnet stockings, and the small white rabbit tail on her P * s.

he continued to talk to the men, his voice still calm and unhurried, as if nothing had happened.

Only Secretary li was shocked. Was that Xuxu's Mrs. Ye?

she could see that her boss's eyes were almost frozen. it would be strange if he wasn't angry at his wife for dressing like this and serving others every day.

She thought that ye Mulin would go over very quickly, but he did not. The meal took a full three hours, and by the time everyone left, it was almost one in the morning.

secretary li held him and asked in a low voice, "are you going to see her now?"

ye mulin held his forehead and thought for a while."Go back to the hotel first. Get the driver to pick me up from my apartment tomorrow morning."

Oh, " Secretary li replied, but he still looked back at her every few steps. He was still worried.

ye mu lin stood there until secretary li left. then, he walked to the private room next door with heavy steps and pushed the door open gently.

Bai suili had fallen asleep.

in the dark room, she was sleeping on the sofa with her body curled up. she was still wearing the rabbit suit, which was a little out of place, but from a man's point of view, it was undeniable that she was really sexy.

He had drunk a little, or perhaps he could face her after drinking.

He slowly squatted down and looked at her ghostly face. He reached out and touched it gently.

She had lost weight, a lot.

when he heard from his mother that she had a hard time, he had thought of getting someone to give her money, but thinking about her stubborn temper, he couldn't. he could only silently care for her and stay far away from her, not getting her involved in the center of the power struggle.

However, even though he was being so careful, she was still in such a sorry state.

bai xiuli woke up. she opened her eyes and looked at her.

Her thick eyelashes trembled slightly, as if she was a little afraid and a little resistant.

She tried to get up, but he pressed her down.

ye mu lin's fingers caressed it gently and his voice was hoarse."who allowed you to dress like this and seduce men to make a living?"

her long eyelashes trembled even more. she looked at him, and her lips trembled slightly.

after a long time, she said in a hoarse voice, ” ” yes, but compared to mr. ye, we’re all doing it for the sake of our lives. no one is more noble than the other, no one is more lowly than the other. ”

She forced herself to sit up, but she gave up on running away. She sat down, looked at herself, and said with some mockery, ” “you don’t like it, you hate it, but many men like it. they call me little cutie, and as long as i make them happy, they will give me a few thousand.”

His face was ashen.

Her voice suddenly became sharp. ” it’s money. money is very important to me. uncle ye, your hand is gone after being touched by a man. ”

...

After she finished speaking, her heart was fluctuating violently, as if it was happy, but it was more like it was in pain.

ye mulin let go of her and walked to the opposite side to smoke.

He, Jian Jia, had never thought that his Shirley would end up working in such a place. He knew that the girls here were not for sale because the background of this place was very strong, and no one dared to mess around.

however, she was dressed like this to coax another man just for a few thousand yuan.

Ye Mulin’s eyes were burning. He looked up. how much do you want? I can give it to you.

Bai Sulli looked at him, got up, and walked towards him in her high heels. Every step she took felt like she was stepping on his heart. She was only wearing a black tulle, and he was very excited to be pressed against his arm like this.

she had heavy makeup on her face, but she said with the most innocent expression, ” I’m short on money recently. Two hundred thousand for one round.

His body trembled, and his Adam's apple bobbed. He reached out and gently held her chin. do you offer that price to someone else? ”

“No, because I think they're dirty,” she shook her head.

“have you slept with any other woman this year?” she asked.

He did not answer her.

She looked at him for a while, then said in a relaxed manner, ” it doesn't matter even if you do. We've already divorced a long time ago. It's normal for you to be with someone else. Ye Mulin, you're only in your thirties. Don't be so bored that you'll fall sick.

He grabbed her hand and said in a cold voice, ” “i don't have anyone else.”

She just smiled lightly and didn't say anything. Then, she put her arms around his neck and asked in a low voice, ” “is it cash or check?”

“let's go to my apartment. you can go and get the clothes.”

She did not make a sound.

He looked at her.

bai sulli lowered her head and played with her fingernails.”I don't go to a guest's house.”

this simple sentence made ye mulin's heart ache as if it was being cut by a knife. he muttered, ” “then let's go to your place.”

“i'll pay you another 100000 yuan,” he said before she could say anything.

she didn't object anymore and got up silently to change her clothes.

he suddenly spoke,"why are you willing?" I thought you hated me. "

Bai suili's fingers were on the door handle, and she said softly,"i do hate you, but i don't want to work here."

she turned around and looked at him. " now i know that self-respect is the most useless thing. mr. ye, can you please help me a few times a month? i'm in need of money. you know that once i take the first step, it's easy to accept this profession. "
