

Thank you 3501

Chapter 3501: Didn't you come here to get me?(1)

He suddenly stepped forward and pulled her into his arms. Before she could come back to her senses, he kissed her hard on the lips.

her body hit the door behind her, and it hurt. when their lips touched, it also hurt because of the long empty window, but no one cared.

he was angry, and she was in pain.

he had forgotten that he had said that he wanted to go to her place. his handsome face was almost twisted in anger. he pressed her down with one hand and tore off the rabbit suit on her with the other. then, he kissed her again without any hatred and bit the soft flesh behind her ear.

it wasn't until her body went soft that he leaned over to her ear and panted heavily, his voice extremely hoarse. "bai xue li, you win."

she looked up, not caring about how unbearable she was. she looked at him and asked very softly, "mr. ye, what's wrong with me? Tell me, where's the taxi?"

...

her back was against the door, and her tied black hair drooped down, making her thin face look even thinner.

She smiled gently. now, I almost have to sell my youth to make a living. After today, there will be no tomorrow. Tell me, where is my taxi? "is it a winner in life to let mr. ye think about it in the dead of the night?"

She shook her head, her red lips slightly opened, and her voice was also very charming. I'm no longer the Bai Sulli of the past. The Bai Sulli who said that whoever regrets is a bastard is long dead. The woman in front of you is just a woman who would sell her pride for money. For a few

thousand dollars, I can praise a disgusting man for his good looks and say all kinds of nice things to him, Yingluo, and other things, do you want to hear them?"

He stared at her, his expression ugly.

Bai suili chuckled, turned her face to the side, and softly said a few words,"Ye Mulin, we're no longer people of the same world."

He closed his eyes and walked back to the sofa to take his coat. He put it on for her and buttoned it up one by one. Then, he took her hand and walked out.

secretary li and hao yun were standing outside.

hao yun was older, over fifty years old, and had been following father ye all the time. she was clear about the secrets between the ye and bai families. seeing the situation, she said in a low voice, "Mulin, have you thought it through?"

"no one is allowed to tell anyone about what happened tonight." ye mulin paused.

Secretary li and Hao Yun were silent.

On the way back, ye Mulin drove his own car, and Bai Sulli sat beside him without saying a word.

He lit a cigarette at the red light and asked, "where do you live?"

She told him the address, and ye Mu Lin's gaze became a little dark, but he did not say anything.

The black super-sports car drove in that direction and arrived after an hour.

It was a very old neighborhood, and Bai Sulli lived in a small apartment. She lived alone and had returned from her previous apartment. Now, she was living in a one-bedroom, one-living room apartment that was 42 square meters. It was difficult for a tall person like ye Mulin to even turn around in it.

after he entered, he silently sized her up.

The place was small, and she didn't know how to do housework, so her clothes and garbage were everywhere. The only small table had a few boxes of instant noodles. Fortunately, it wasn't summer.

"Is this how you take care of yourself?" ye Mulin looked at her and frowned.

Bai suili's answer was to take off his coat little by little.

"Put on your clothes," ye Mu Lin said sternly.

Chapter 3502: Didn't you come here to get me? 2

However, she wrapped her thin arms around his neck and looked at him. She said indifferently, "Ye Mulin, didn't you come here to get me?"

her small, tender hands gently caressed the buttons of his shirt, and her voice was particularly seductive in the night. "It's been so long, and there's no woman you want to have?"

she still had heavy makeup on her face. she was very bright, but she was indeed very beautiful.

ye mulin grabbed her hand and said in a tight voice, "don't play with fire. you can't afford the consequences."

She was half-hanging in his arms, and she looked up to kiss him on the lips. I need money.

He lowered his head and stared into her eyes. why did you choose me? "

...

"Because you're young and good-looking." there was a smile in her eyes, like countless little stars.

however, ye mulin did not know if the words she said to coax him were the same words she had said to other men before. she would coax others like this for a few thousand yuan.

He carried her and walked to the only bedroom. It would only be messier inside than outside, and there was almost no place to sleep on the bed. He flicked away those things with one hand, put her down, and kissed her ...

he almost didn't let her go the entire night, fully displaying the exuberant desire of a man who hadn't had sex for a year.

he barely finished at about four in the morning.

Bai suili laid down, her hand caressing his face as she smiled, "I think even three hundred thousand is too little."

ye mulin was almost done as well. he laid down for a while before asking, "do you have a place to take a bath? shall i carry you there?"

she was silent for a while and then smiled. "the bathroom in your apartment is bigger than mine. how can such a small place have a bathtub? besides, even if there was that thing, i don't have time to soak in it. i'm very busy."

After she finished speaking, she turned around.

he thought she was angry. after all, she always had a little temper, but when he leaned over to ask, she had already fallen asleep. her long eyelashes were closed, and she had fallen asleep without removing her makeup.

for a moment, ye mu lin felt a little lonely.

His body was clearly satisfied, but he was clearly exhausted, yet he could not fall asleep.

She lay down and looked at the moonlight outside.

She was so poor that she didn't even have a piece of cloth here. He didn't know if anyone had seen them making love just now, especially when she screamed so loudly. He wasn't sure if that sound was because she was comfortable and couldn't control herself, or if she was just showing it to him and hoping that he would end it soon.

Ye Mulin's feelings were complicated. He wanted to smoke, but her place was too small and there was no place for him to smoke.

he could only endure it and lie flat to try to sleep.

After that, he simply turned sideways and hugged her. Unexpectedly, he fell into a deep sleep, as if it had been a long time since he had slept so deeply.

when he woke up, bai suili was no longer by his side.

Ye Mulin lay down and closed his eyes to cover them as the sunlight was too glaring.

after a long time, he got up and walked around the small apartment half-naked. it was too small and messy.

and she wasn't here.

He dialed her number and asked her where she was in a low voice. Bai Sulli's voice was a little loud, and she almost shouted, " " i'm filming an advertisement outside. you can just put the money down and leave. "

He blurted out and hung up.

On the other side, Bai suili looked at the phone and smiled. "Why are you throwing a young master's tantrum? we just took a nap."

she pretended that she didn't care, but she knew that when she saw him sleeping in the morning, her soul was trembling.

Chapter 3503: didn't you come here to get me?(3)

At this moment, a staff member called her over. She put down her phone and immediately ran over to start posing.

The filming took an entire day before it ended. The salary was settled that day, 10000 Yuan.

she counted the money and called gu changfeng to thank him for introducing her to her. she knew that her family was in trouble, and she would not be hired for any big advertisements. she could only be a substitute or disguise herself. but it didn't matter as long as she had money.

gu changfeng said lightly that he would look for her next time.

bai suili hummed and hung up the phone.

it would cost a few hundred yuan to take a taxi from here to where she lived. she was reluctant to part with it, so she took the subway and transferred two more trains to return to her small apartment. it was already eight o'clock in the evening.

...

When she was walking down the stairs, she suddenly remembered that ye Mulin was still in her apartment. He should have left by now, right?

she walked up the stairs and when she opened the door, her heart skipped a beat.

He pushed the door open. The room seemed to have been changed. The walls were covered with wallpaper, and a few pieces of furniture had been added. White curtains had been installed, and the bed and sofa were all clean and tidy. The clothes had been washed and folded neatly at the head of the bed.

She walked into the bathroom. The room was also clean and the tiles were all painted bright.

bai suili searched for a long time, but she couldn't find the 300000 yuan she was looking for.

Damn it, he's too tasteless. He doesn't need to pay for adding a few more things to clean?

she didn't want to admit it, but she had to. she had slept with him for nothing.

Bai Sulli threw the key in her hand and lay on the bed, looking at the small light above.

After a while, she was tired and fell asleep.

in the middle of the night, a warm body lay beside her. she was shocked and opened her eyes. it was ye mulin.

She immediately sat up and looked at him guardedly, "How did you get the key to my house?"

he looked at her and smiled faintly,"didn't you ask me to buy you a few more times a month?" I made a duplicate of the key."

She stared at him.

Ye Mulin took out a bag from the side of the bed and said, "I'll be here three days a month. Three hundred thousand a month.

"The old lawyer ye wasn't one to haggle," she said coldly.

In the past, he had spent tens of millions for her without blinking, but now he had to haggle over 300000 Yuan with her.

to hell with his mother.

"It's different now. I'm a public official." Ye Mulin smiled.

"Do you want the money?" he asked her seriously.

She didn't have any self-esteem left. She quietly put it away, then lay flat and began to unbutton her pajamas. hurry up, I'm a little tired.

ye mulin looked at her indifferent expression and felt a little uncomfortable in his heart. he also lay flat and said calmly, "time to sleep."

"we agreed on three nights," she said sharply."no replenishments."

She did not feel anything at the moment, but she regretted it the next morning. Ye Mulin did not leave the next day, and she had nothing to do. She was pressed onto the bed by him for the whole day and night. He did not seem to know fatigue until eight or nine O'clock in the evening. He then let her go and said in a low and hoarse voice,"i'll be leaving in a while."

"When will it come next month?" Bai suili opened her eyes and looked at him.

She didn't look like she was talking to her husband, but to her benefactor.

Ye Mu Lin turned his body sideways and stared at her small face.

Chapter 3504: Didn't you come here to get me?(4)

she closed her eyes, not allowing her emotions to show.

at this point, he finally felt that his loafer had changed. he thought that she would always have some longing, but she didn't. she only let him sleep with her for 300000 yuan.

Ye Mulin looked at her and lowered his voice. I will return to B city for a few days from the first to the third of every month.

she nodded and opened her eyes. "thank you, mr. ye. "

His eyes were filled with disillusionment and anger, but he held back his anger.

“I’ll get Secretary li to send food over. You can eat some later,” she whispered as she put on her clothes.

...

She nodded.

Ye Mulin looked at her and did not say anything.

He got up and left. When he opened the door, Secretary li was standing at the door with a lunchbox in her hand.

ye mulin took it and placed it on the small dining table. he looked in the direction of the bedroom and closed the door.

they went downstairs and got into the car. hao yun was driving. secretary li sat beside ye mulin and asked softly, ” “You’re just going to let her stay here?”

ye mulin lowered his eyes and did not answer her.

He couldn’t change Bai suili’s current situation too much. He still didn’t have enough power to protect her.

One day, he would be above his father, and that would probably be enough.

that might take a long time.

He was silent, and so was the car. The black RV slowly drove into the ye residence.

ye zhenggang and su fu were both there, but their expressions were no longer as loving as before. this was probably what they looked like.

su fu had not changed his mind. half a year ago, xie anning was transferred back from the bottom level. at first, ye zheng would not stay at home for one or two days a month. later, he realized that there would be one or two days a week, but su fu still did not care.

when one's heart was dead, what was there to not care about? from the moment they broke up, from the moment she found out about xie an ning's existence, they had never been a real husband and wife. if they didn't sleep together, their feelings would naturally fade.

When ye Mulin returned, su Fu was in a better mood than usual. He personally cooked for his son and also called Hao Yun and Secretary li. As a mother, he naturally told them to take good care of ye Mulin.

it was secretary li's first time here as well, and she was full of admiration for her boss's mother. she was so elegant and pretty, just like zhu lingling from the rich family in hong kong.

however, she still heard from the grapevine that ye zhenggang had an affair. the other party was a flat-chested woman. she looked alright, but she was a strong woman who was extremely indifferent. this powerful man liked to talk about official business when he slept with a woman?

secretary li peeked at ye zhenggang as she ate. the way she looked at the scumbag made the old man lose face. after she finished eating, she called hao yun to her study room.

Mama ye was chatting with ye Mulin and did not avoid Secretary li.

if her son could bring her out of the law firm, she must be reliable.

Mama ye personally brewed tea and poured a cup for them before she slowly said, " "Mu Lin, have you seen her?"

It had been a year, and ye Mulin had only returned once. He had not even returned for the Spring Festival.

He was anxious to show his political achievements, and she knew in her heart who he was doing it for. He only came back this time because the overall situation was stable.

Ye Mulin took a small sip from his exquisite cup and said softly, "I didn't want to see you at first, but we met."

No one knew a son better than a mother. Ye Mama read a different meaning in these simple words, and then looked at her son's eyebrows, and understood that he had probably forced Bai suili.

Chapter 3505: The person he had always loved (1)

she sighed in her heart, but her expression did not change. "You have to know your limits. Your father still hasn't completely relaxed about the Bai family. You should know that you can't get too close to her now. Otherwise, you'll only bring harm to her."

Ye Mulin's fingers clenched.

"Mulin, mom understands," Su Fu smiled helplessly.

Her son didn't say anything and didn't show his emotions, but as his mother, she knew the pain in his heart.

Mulin had been successful since he was young, and Bai Xue Li's matter was his biggest setback. It was extremely difficult for him to endure it.

After Su Fu finished speaking, Ye Mulin nodded. "I know."

...

Secretary Li, who was listening at the side, was a little anxious. "Did this mean that they couldn't even meet?"

Leader Ye had to deal with his work until one o'clock every night. He was as tired as a dog. Even children would be rewarded, but the adult world was cruel and unfair. Ye Mulin had broken the rules, so he might be punished.

and the price was something he couldn't afford.

in the study room, ye zhenggang was smoking a cigarette. he threw a cigarette to hao yun and asked softly, "What do you think about the matter between him and Bai Xue Li?"

hao yun was already fifty years old and had not gotten married. it was unknown if it was a psychological or physical problem. however, ye zhenggang thought highly of her because she was a rare talent. it was a waste of her talent to be his vice president.

After he asked, Hao Yun smiled faintly. Mu Lin's reaction is also the reaction of a normal man. Until now, he only has Bai Sulli in his heart. He's just a hero saving the beauty. Do you want to see him live the life of a monk for the rest of his life? "

ye zhenggang also thought of how madam had been cold to him, so he still found xie anning. although it wasn't very satisfactory, at least there was someone to accompany him from time to time. thus, he still softened a little and said in a calm voice, as long as there's no exception, it's fine to have some private dealings. However, Hao Yun, you understand what I mean.

of course, hao yun understood. it meant that they could play and sleep, but they could not have children or remarry.

he smiled. " don't worry, mu lin is paying. it seems that the bai family's girl doesn't have any feelings for him anymore. otherwise, why would such a proud girl be willing to accompany mu lin again? "

ye zhenggang touched his forehead and said, "I'm just afraid that Mu Lin has su Fu's stubborn personality. That would be troublesome."

Hao Yun smiled faintly. no, he won't. Besides, didn't you say that when Mulin is in a high position like yours, women won't be that important anymore? by then, the Bai family's girls won't be fresh anymore. Qingqing will have to split up sooner or later.

when ye zhenggang heard this, he sighed. "hao yun, i don't know if i'm getting old, but i'm so easily convinced by you. but that's right, for mu lin to achieve such results in such a short period of time, it's enough to show his ambition. i'm also relieved. i'll just give him some fun!"

Hao Yun smiled and talked about some work matters before leaving.

in the small living room, only su fu, secretary li, and ye mulin were already in the car outside.

Su Fu was half-leaning on a classic sofa, reading a foreign text in his hand. The main light of the small flower Hall was off, and only the reading light next to the sofa was on. Su Fu was wearing his home clothes and a pair of glasses as he read seriously.

People were like chrysanthemums, and time was quiet.

Hao Yun looked at her quietly and walked over gently. Madam, you should cover yourself with a blanket.

Chapter 3506: the person he had always loved 2

After he finished speaking, su fu looked up at him in shock.

just as she was about to say something, hao yun had already naturally taken the blanket from the side and covered her.

If this was between a husband and wife, there would be nothing between them. It would only appear to be intimate and loving. However, Hao Yun was ye zhenggang's assistant. Now, she was even the Secretary General who was by her son's side. This seemed to be a little ambiguous and overstepping the boundaries.

su fu placed his hand on the blanket and thought for a while before he said thank you.

Hao Yun smiled faintly and did not seem to have any intention of leaving immediately. Instead, she said indifferently, " " we talked for a while just now. elder ye already knows about mu lin's matter. however, he didn't blame him too much, but he still has his bottom line. "

he said all this to madam ye because he could not say these things to ye mulin.

...

Hao Yun's identity was between ye zhenggang and ye Mulin. He knew that ye Mulin still could not fully trust him.

Su Fu knew very well that it was Hao Yun's credit that ye zhenggang could turn a blind eye to this.

she smiled slightly and looked at hao yun. "i should thank you."

he sat up straight, his fingers still stroking the blanket, and said softly, "do you want to have a cup of tea before you leave?"

hao yun was still neither servile nor overbearing, as if her considerate behavior just now was just an illusion. "no, mu lin is waiting for me in the car."

He paused. su fu, take care of yourself.

su fu was stunned for a moment.

It had been a long time since Hao Yun had called her that.

Hao Yun also graduated from Tsinghua University, and they were in the same Department. However, she was two years younger than her. She had met her in school, and she was a genius from Tsinghua University. However, she did not expect to become ye zhenggang's assistant manager, Yingluo.

When they were in school, he always called her su fu and not Senior Sister. Later, he called her Madam and stopped calling her su fu.

Although su fu was surprised, he did not show it on his face. Hao Yun took a few steps and seemed to have thought of something. Oh, I brought a gift. I don't know if you like it.

su fu was surprised. there was a gift?

he took out something from his briefcase, like a husband who had brought a companion for his wife on a business trip.

it was a book with the fragrance of ink.

Su Fu took it and wanted to flip through it, but Hao Yun said softly, "I'll see later!"

after he finished speaking, he had already walked out of the reception pavilion.

Su Fu looked at the book, opened it, and then looked at the words circled in black.

Su ... Fu ... Fu ... Su ... Fu Bi an

it was all her name, the entire book.

on the last page, there was a paragraph written in black: i like this book because su fu is the most in it.

su fu was stunned and almost lost his grip.

no matter how slow she was, she understood hao yun's intentions.

At this moment, she received a message. She opened it and saw that it was from Hao Yun.

"before i came back, i was hesitating whether i should give you the book or not. but after i came back and saw you, i couldn't help but give it to you. i will give it to you again in the future, until i'm old and until i die."

Su Fu's heart was burning, and he didn't know what to do. It was an indescribable feeling to be loved by someone at his age. Moreover, he was ye zhenggang's man, and she hadn't divorced him yet.

she lowered her head to look at the words again and suddenly understood. he had realized that hao yun and ye zhenggang were no longer husband and wife, so he had given her to him.

until he was old, until the deathly cricket su fu was slightly lost in thought.

at this moment, ye zheng just came out of the study.

Chapter 3507: the person he had always loved (3)

ye zhenggang looked at the book in su fu's hands and frowned. " "Why are you interested in this?"

As she spoke, she wanted to take it and reach out to flip through it.

Su Fu could not help but take a step back and avoid it.

Originally, with their relationship at this stage, ye zhenggang should have given up and given her some peace.

But perhaps it was a man's intuition, he felt that there was something fishy about this book.

hence, when she dodged, he moved forward and snatched it away.

...

Su Fu fell onto the sofa, and ye zhenggang easily snatched the book away.

after he took it, he flipped through it and his face sank.

even a fool would know what those su fu circles represented. it represented love.

Fortunately, he didn't turn to the last page. His face sank and he placed the book on the small coffee table."can you explain?"

At this time, su Fu had nothing to hide. He held his forehead and sat down. what do you want me to explain? Ye zhenggang, I didn't even ask for an explanation from you, so why should I?"

“because i’m your husband.” He almost flew into a rage, but he didn’t dare to touch his delicate wife, and he couldn’t bear to part with her.

She had been born into a noble family and he could not bear to be rough with her. Other than their first time, he had used some brute force. Otherwise, his su Fu would not have had sex with him before marriage.

that time, there was mu lin.

Ye zhenggang was a little dejected as he sat down slowly. It was as though he had lost ten years of his life.

“Who is he? what stage are you at?” he asked with difficulty.

As he said this, he clenched his fists. It was really hard for him to imagine his su Fu enjoying himself under another man’s body and calling out another person’s name so softly.

To ye zhenggang, who had a high position and power, this was extremely uncomfortable and unacceptable.

he still loved her.

it was just that she didn’t love him. sometimes, he also thought that since they weren’t young anymore, it was good for her to be by his side. if she wasn’t willing to give him her body, he wouldn’t force her. she was still his wife.

But now, was she going to marry someone else?

was she going to completely break up with him when they were not young anymore?

ye zhenggang’s gaze fell on su fu’s face in shock, waiting for an explanation.

su fu hesitated for a moment before slowly saying, just a pen friend. He sent the book to me because my name was in it. There’s no need to be so surprised.

She did not have to explain, but she lied, perhaps to protect Hao Yun.

Ye zhenggang looked at her suspiciously, but he didn't pursue the matter. Perhaps he didn't want to believe that his wife would cheat on him.

However, he felt particularly isolated in his heart. After he returned to the study, he called Hao Yun and complained dejectedly, "Su Fu might have an affair."

hao yun sat in the front passenger seat and her heart skipped a beat. "why do you say so?"

"she said that her pen pal gave her books, but did someone circle the woman's name and give her books? it's obvious that they had an affair." As ye zhenggang spoke, he felt extremely uncomfortable in his heart."Hao Yun, what kind of person would stare at a woman who's almost 60 years old? Su Fu looks very beautiful and is not bad, but he is also my lover."

Ye zhenggang hadn't complained like this in a long time. This year with su Fu wasn't going well. Although he also had Xie Anning by his side, how could Xie Anning compare to su Fu's place in his heart? Xie An ning was younger, but she was not a little girl anymore. To be honest, he would rather touch su Fu's body, but she did not allow him to touch her.

Chapter 3508: The person he had always loved (4)

"It's been a year, and I haven't even touched your hand." Ye zhenggang let out a long breath.

on the other side, hao yun did her job as a vice-manager and advised seriously, "su fu is a very good person."

ye zhenggang was so angry that he didn't notice the change in the way hao yun addressed su fu. he used to call him madam, but now he was calling him su fu.

Ye zhenggang had been in power for the past few years, but he had never thought about why Hao Yun, who came from a scholarly family, would enter politics and be willing to follow him for

almost 30 years. There were so many opportunities for promotion, but she had always been under his banner.

just as ye zheng was done complaining, hao yun hung up the phone.

His warm fingers caressed the phone, his face gentle.

...

Su Fu, the name he had called for his entire life.

now, was hao yun's name engraved in her heart?

he was like a twenty-year-old teenager who could not control himself, but he knew how sensitive his identity was and how inconvenient her identity was.

Also, she could not trust him in many ways.

he had thought about all of this. he had to restrain himself, be emotional, and stop being polite.

It was just that this kind of restraint was also extremely wonderful to him.

for su fu, it was a little.

hao yun's confession was like a small stone that was thrown into her heart, causing a big wave.

Su Fu picked up the book and gently turned to the last page, looking at the line Hao Yun had written.

she gently tore it off, folded it, and went upstairs to keep it. she knew that ye zhenggang would flip through this book again when he went crazy one day. he knew hao yun's handwriting.

Ye zhenggang put away his phone and felt depressed. When he returned to the living room, su Fu had already gone upstairs. He chased after her and knocked on her bedroom door. She said softly, "I'm going to sleep. Let's talk tomorrow."

extremely cold.

Ye zhenggang was freezing cold. He stood there silently for a long time, almost mumbling, "you're not even willing to meet him?"

He remembered that in the past, no matter how late he came back, there would always be a gap in her door. The light from inside would be very warm, just like su Fu.

she was no longer willing to give him warmth. in her heart, he was a despicable and shameless man, and she hated him to the core.

for a moment, ye zheng wanted to go in and force himself on her. as long as he forced himself on her, he would be able to get her back.

But in the end, he put down his fingers dejectedly.

He wanted power, he wanted women, he had them all.

however, he had lost su fu, the thing he had crazily wanted in the beginning.

Ye Zheng had just gone to Xie Anning's place. At this moment, he needed a little gentleness from a woman. It might not be able to cure him, but at least it would not hurt so much.

he drank and got drunk. xie anning went upstairs to make his bed and fold his quilt. he lay on the sofa and looked through his mobile phone. at midnight, he called his wife and said in an almost absurd and childish way, "Su Fu, are you asleep?"

Su Fu didn't say anything, but her breathing was light. It was obvious that she was awake.

She had been reading that book, but she wouldn't tell ye zhenggang.

Ye zhenggang couldn't find anything to use against her, but he had a feeling that her heart had drifted away.

he was drunk, and he said to her directly and rudely, "i'm at xie an ning's place and i'm going to sleep soon. su fu, do you really not care? do you not care that i'm sleeping with another woman? You said before that I'm your everything. Am I still your everything now?"

Su Fu spoke softly, "ye zhenggang, you're Xie Anning's everything now!" Also, don't drink too much and control yourself in that area. After all, you still have a lot of work to do, and your body doesn't belong to you alone."

Her words were like a bucket of cold water that was poured on ye zhenggang's head.

Chapter 3509: The person he had always loved (5)

"su fu, you really don't care?" ye zhenggang asked in a deep voice.

He was so difficult to deal with because he had drunk too much.

Su Fu hesitated for a moment and said softly, " does it matter if I care or not? you're already with her. You've slept with her for more than ten years and you still can't bear to leave Hanhan.

After that, she hung up the phone and went back to reading the book.

After a long time, she gently put down her book and lay down ...

It would be a lie to say that she had some feelings for him. After all, they had been husband and wife for so many years. But her heart ached even more.

...

The ye zhenggang of the past was no longer around. He was now an extremely selfish man.

Su Fu smiled faintly as he thought of the high-spirited man from back then. So many years had passed in the blink of an eye. Things had remained the same, but people had changed. It was true.

he was still on the phone, but she didn't pick up. he was with someone else, so he shouldn't disturb her!

she turned off her phone and went to sleep. beside her pillow was the book that hao yun had given her.

later on, hao yun had sent her more things, and she had treasured them all. she had never responded to them because she could not respond to him yet. she had not thought about it, but her spiritual world was rich and satisfied.

On the other side, ye zhenggang heard a cold voice from the other end of the phone. He put down the phone dejectedly and held his forehead with his hand, looking depressed.

Xie Anning stood on the second floor's handrail and looked for a long time. She felt a little sad and upset.

if he couldn't let go of his wife, why did he come to her place? and why did he get drunk?

He was not that kind of person.

however, xie anning had never thought that ye zhenggang had gone crazy twice in his life. when he was young, it was for su fu, and now when he was old, it was still for su fu. if that third party had not appeared, he might have muddled through his life with her. now, he simply could not bear it. he was eager to know that he still had a place in su fu's heart.

He had forgotten all the pain he had caused her.

Xie Anning came over and tidied up the things one by one. Then, she squatted down and said gently, "The bathwater is ready. Are you going to take a shower?"

Ye zhenggang was still sitting on the sofa, his hand covering his forehead as he muttered, "No, I can't wash it clean."

He suddenly opened his eyes and looked at Xie Anning,"she despised me, she thought i was dirty."

xie anning held back her anger and suppressed her temper,"then what are you going to do? should i divorce her?"

She could tell that he was in an extremely bad mood. The drunken words he said just now meant that su Fu might have someone else.

It was not that Xie Anning had never dreamed that if he could divorce su Fu, she would still have hope.

she had a good reputation in the outside world and was a capable assistant. there was nothing she couldn't do.

when she finished asking, ye zhenggang lowered his head and looked at her. suddenly, he cupped her well-maintained face with one hand and asked softly, "You also want to be Mrs. Ye, don't you?"

Xie Anning's heart was beating rapidly. She knew that she should make it clear that she did not want a title and followed him like this. It could lower a man's guard and also obtain his pity.

however, what she wanted was never his pity. what she wanted was ambition and a high position.

Su Fu had been sitting there for so long, and she was not suitable for it. She could only recite and be a mother at home, but she could help ye zhenggang.

Her lips trembled as she said, " zhenggang, I love you. I want to stand with you openly.

ye zhenggang lowered his head and pressed it against her forehead. " alright, then i'll let you be mrs. ye. "

after he finished speaking, he carried her upstairs.

Chapter 3510: the person he had always loved (6)

for the entire night, xie anning naturally did her best to please yingluo.

Early in the morning, ye zhenggang sat up with a hand on his forehead. His head was throbbing with the pain of a hangover.

xie anning was wearing a sleeping robe. she walked over and sat down. her voice was soft and charming, " have some ginger tea. you didn't feel well after drinking too much last night, right? "

Ye zhenggang smiled. After taking two sips, he was about to lift the blanket and get up, but Xie Anning pressed down on the back of his hand with a hesitant expression, "zhenggang, about what you said last night, yingluo ..."

ye zhenggang was stunned for a moment before saying indifferently, " "what happened last night?"

"how many times last night? i can't remember." he pulled his hand out and pinched her face.

...

He was just making fun of her. How could Xie Anning not hear it? but she was not willing to give up, so she followed him into the bathroom and could not help but say, "You said you'd let me be Mrs. Ye."

ye zhenggang was brushing his teeth, looking at her in a daze.

xie anning also looked at him.

after a long time, ye zhenggang chuckled. "There's such a thing? I don't remember. Besides, don't I have a wife? How about this, you can be my little wife."

Xie An ning was used to being gentle, but at this moment, she could not help but be a little angry, "Ye zhenggang, you're a bastard."

the bathroom door slammed shut, and she looked very angry.

Ye zhenggang's actions of brushing his teeth slowed down a little, and his gaze also became a little deep.

After a long time, he walked out and put on his clothes. He slowly went downstairs and left without having breakfast.

Xie Anning sat on the sofa downstairs, listening to the sound of the car driving away. She suddenly walked to the dining table and flipped it over. Her heart rose and fell violently, and then she burst into tears.

Ye zhenggang sat in the car and tidied his clothes. The chauffeur in front didn't move his head and didn't dare to look at him from the rearview mirror.

The driver was also a smart person. He knew that the two of them had fallen out.

he didn't say anything, but ye zhenggang opened his mouth, " " are all women like this? they say they don't want a status at the beginning, but they all want it in the end. "

The chauffeur had never liked this flat-chested Xie Anning. At this moment, he could not help but say a few harsh words, "she's inferior to madam in every way."

Ye zhenggang sighed in his heart, " "su fu is good."

But he still let her down.

when did it start?

it was probably because he had reached a high position, and it was lonely at the top. after meeting with xie anning again and again at the wine parties, he indulged himself.

It wasn't that he didn't regret it in his heart, but it was useless.

The car drove smoothly back to the ye family's old house. Ye Zheng had just gone upstairs to change his clothes when he saw su Fu coming downstairs.

Her Kasaya was exceptionally radiant today. She was wearing a turquoise cheongsam, her hair was braided, and her figure looked like a young girl in her thirties, full of charm and moving.

he remembered that she hadn't dressed up like this for a year, and she hadn't had this hairstyle for more than ten years.

ye zhenggang was a little dazed, and after a long while, he coughed lightly, "you're up so early?"

Su Fu looked at him and also saw the red mark on his neck. He smiled faintly."you should get up even earlier."

Ye zhenggang was a little bored and thought for a moment before speaking again, "well, let's have breakfast together."

su fu seemed to be surprised,"you didn't eat at xie an ning's?"

his face turned ashen when he heard this. she really didn't care anymore.

But su Fu didn't think so much and changed his words,"if you haven't, then let's eat together. i have something to tell you."
