Chapter 3521: i don't mind, really 3

bai suili went to the set after breakfast to shoot the cover of a second-rate magazine. it was a traditional style, so she had to put a lot of sand on the set, and the script supervisor would blow it up again. she had eaten a lot of dust during the day, and she felt that her lungs were full of sand with every breath.

after knocking on lin sisi's door for a good meal that night, he complained as he ate, " "For ten thousand dollars, he really gave it his all."

she made a face as she spoke.

Lin sisi looked at her and said softly, " "I heard that you've gotten together with ye Mu Lin again."

bai xiuli was stunned for a moment, then she said, " what do you mean by 'together'? isn't it just him spending money on me sleeping with him? "

lin sisi was not feeling good. " if you need money, you can come to me. shirley, do you not see me as a friend anymore? "

...

She looked a little angry, and Bai suili also fell silent.

after a long time, she smiled, and her lips trembled. " "Sisi, my mom earns tens of thousands or even hundreds of thousands a month. How much do you earn in a month? yes, you do have some savings, but what will you do after you're drained? You're still going to sleep with Gu ze, and it's better for me to accompany him."

She didn't think much of herself as she said these spineless words. They used to be proud daughters of heaven, but now, no one was stronger than the other. Their self-esteem and whatnot had long been trampled under the feet of others.

sisi, it's not that hard to sleep with a man you hate. It depends on how much he's paying you. bai xiuli raised her head and held back the tears in her eyes. " i'll leave him once i've saved enough money. don't worry. "

Lin sisi gave her a Pat. what do I have to worry about? it's just sleeping. What's the big deal? "

bai suili smiled bitterly and took a sip of red wine. " sisi, do you look down on me? "

Lin sisi shook her head and picked up the red wine. if you want to drink, then drink. Just don't get drunk.

*

the two girls drank until 10 pm before leaving the hotel. lin sisi was driving, but she couldn't drive after drinking, so she had to take a taxi.

bai sulli asked lin sisi to leave first, as she had a business trip the next morning.

As for herself, she didn't really want to return to the golden cage immediately. She wanted to walk a little, but she had only gone down two steps when her eyes stopped.

She saw ye Mulin.

he was standing with a group of people. they should all be important figures. they were like stars surrounding the moon, and he stood among them so naturally. moreover, there was a very appropriate girl standing beside him. she was not old, and looked to be in her twenties.

she should be the girl that his family had helped him to find. she seemed to have heard her name being wen yuan on the phone the other day.

bai suili watched him say goodbye to those people and then held wen yuan's waist as they walked to the car.

He was driving an Audi today. It was very low-key, and she had never seen him drive a car before.

He personally opened the door for Wen Yuan and helped her into the car. Just as he was about to close the door, he saw Bai suili.

bai suili also looked at him.

she stood alone in the night, the night wind blowing her hair and blocking her eyes.

She thought it was good like this, no one would see her red eyes.

it turned out that knowing and seeing were two different things.

she thought that she didn't care at all, but it turned out that she couldn't do it.

she wanted to move, but she couldn't move a single step.

Ye Mulin's gaze was deep. He held the car door with his fingers and gently closed it.

however, he continued to look at her, until ye zhenggang called out to him softly, " "mulin, send wen yuan back earlier."

Ye Mulin's gaze was still fixed on Bai Xueli. After about a minute, he walked around the front of the car and opened the door of the driver's seat. He did not look at Bai Xueli anymore.

the car's lights lit up and they drove away slowly.

When he passed by Bai Xue Li, she stood there and passed by him.

wen yuan, who came from a good family, sat beside him.

And this night, for Bai suili, was very, very cold, even her hands and feet were cold.

Ye zhenggang exchanged a few words with the person beside him. Then, he walked over slowly with Hao Yun beside him.

“Miss Bai, I think you’ve already seen it.” ye zhenggang sighed softly. ” you should be happy that mulin has a better choice. the wen family is very important to his career. you once loved him and wished him well! ” You know in your heart that it’s impossible between the two of you.”

His words were sincere and earnest. Bai suili suppressed the anger in her heart and gave him a smile.

“Uncle ye is right. I will only be better if ye Mulin is good, right?”

Ye zhenggang’s expression was filled with disgust, but his long career in politics had taught him to keep his composure. He still spoke in a calm tone, you have your own life too. Think carefully about your relationship with Mulin.

Bai Sulli smiled slightly,”can I state a price?” I’ll leave him for 20 million.”

Chapter 3522: i don’t mind, really 4

Ye zhenggang’s face changed slightly, and he said coldly, ” “You don’t love him?”

“Uncle ye, don’t you think it’s ironic that you’re talking to me about this?” bai suili stood in the night wind and smiled slightly, ” the bai family is finished. what love can ye mulin and i still have? ”

she lowered her eyes and smiled faintly.

ye zhenggang looked at her and was suddenly moved.

He actually saw a bit of su Fu’s shadow in Bai suili, who would not compromise for love.

he looked at it for a while, then stepped forward and said softly, ” ” mulin has always been thinking about you, but you’re from the bai family. you should know what’s most important to a man. it’s his career, not his love. i’ll give you the twenty million. don’t pester mulin in the future. ”

...

Bai suili remained silent, not refuting him.

The man in front of her had an irreconcilable enmity with her, but she wasn't naive enough to think that she could take revenge or anything. Just as he said that she was from the Bai family, at least she knew that.

Ye Mulin was about to get engaged. Taking the money and leaving was the best choice. Finding a good nursing home for her mother and leaving was the best choice. When her father was released, he would also have a place to stay.

she needed too much money, and those setbacks and darkness had long worn out her pride.

in reality, bai suili had never had a backbone. the only backbone she had was to throw a tantrum at ye mulin when he loved her. she never told ye mulin that she regretted it. she should have asked for 200 million yuan when they got a divorce. that way, she would not have to suffer so much, and her mother would not have to be so miserable and alone in the hospital.

She didn't feel humiliated. Instead, she smiled and accepted the check that ye zhenggang had Hao Yun pass to her. She even squeezed out a smile."Thank you, uncle ye."

she took the money, turned around, and slowly disappeared into the dark night.

However, no one could see the tears on her face.

Ye zhenggang was still standing at the same spot, looking at the back view of that stubborn girl. After lighting up a cigarette, he said indifferently, " " hao yun, don't you think that bai xue li has changed? i always feel that she is by mu lin's side, and mu lin will be hurt by her sooner or later. "

Hao Yun smiled. you're overthinking it.

Ye zhenggang took a glance at him. didn't you see how Mu Lin lost his composure when he saw her? Wen Yuan is also a smart child. How could he not see it? if Wen Yuan finds out that he is living with Bai Sulli, this marriage will be over sooner or later.

Hao Yun hesitated for a moment. perhaps the most important thing in Mu Lin's heart is not his career. It's to live a peaceful life with the girl he likes. I saw that he was very happy before.

"yes, he's very happy. i've never seen him so happy before." Ye zhenggang glared at Hao Yun. but a man should act like a man. You've seen the current situation. If I don't advance, I'll retreat. If I retreat, those who oppose me will definitely tear the ye family into pieces.

Hao Yun was speechless for a moment and sighed softly.

"mu lin has been promoted, so it's time for me to retire," he said in a low voice after a long time.

Ye zhenggang was surprised. What a joke, Hao Yun, you're still in your Prime. Besides, there are too few trustworthy people now. Mu Lin can't leave you, and I can't leave you."

As she spoke, her voice was a little lonely, " Xie Anning is getting further and further away. Sooner or later, she will be taken away. You see, your sister-in-law is ignoring me. She has even lost her face. I'm all alone now. If you leave me, where will I find someone to talk to? "

Chapter 3523: I don't mind, really 5

"i want to pursue a life that i want to live," hao yun said with a faint smile.

"what kind of life do you want to live?" ye zhenggang patted his shoulder.

Hao Yun thought for a moment before saying softly, " "I want to go back to college to teach, get a salary, and live a carefree life."

"what about women? don't you miss women?" "You haven't had a girlfriend for decades. I really wonder if you like men?" ye zhenggang laughed.

Hao Yun laughed dryly and looked at ye zhenggang. I used to like a senior when I was in school. She was two years older than me and quite pretty.

Ye Zheng thought for a moment. when you're two years old, that means she's in the same grade as su Fu. If you have the chance, you can ask her and see if you have the chance.

...

"she's married." Hao Yun spoke very quickly. but marriage isn't very blissful.

"that means there's still a chance, you have to work hard!" ye zhenggang laughed. He even patted Hao Yun. let's go and get two more glasses at my place. We have some things to discuss in detail.

*

ye mulin drove wen yuan back.

wen yuan sat beside him and looked at his pale knuckles. after some thought, he said, " "that beautiful girl just now was your ex-wife, right?"

"yes," ye mu lin nodded.

"qianqian still loves her?" wen yuan paused and whispered.

ye mulin did not speak and only drove calmly. the atmosphere in the car was a little depressed.

wen yuan did not ask further.

It was only when the car stopped at the entrance of the Wen family's mansion that Wen Yuan said, " "if i don't say anything, you'll say it, right?"

"i'm sorry," ye mulin's voice was low.

Wen Yuan sat in the car. He looked like a young lady from a wealthy family. He said in a low voice, " if I say that I have the confidence to get you back and you have to choose me between her and me, would you be willing to give it a try? "

Ye Mulin smiled and did not say anything. Instead, he opened the car door and walked over to open the door for Wen Yuan.

“good night,” he said in a low voice.

Wen Yuan looked up at him and smiled. She was an extremely smart person and understood what he meant.

She was also confident.

now, no matter from which aspect, she was much stronger than bai suili. a smart man would know how to choose.

however, she had never thought that ye mulin would go so far for bai sulli, and that this man could endure to such an extent. when she finally realized it, she realized that her expectations of him were just an unattainable dream.

There was a type of person who would not allow anyone else to enter his heart once he had set his mind on someone. Ye Mu Lin was this type of person.

on the other hand, wen yuan had classified him as someone like ye zhenggang and had looked down on him and himself.

ye mulin's eyes were dark as he watched wen yuan leave. after he got into the car, he drove to find bai sulli without stopping for a second.

she didn't pick up his phone, and she didn't come back even when he returned to the villa. he even went to her small apartment to look for her, but he still couldn't find her.

At 1 am, Hao Yun called and said quietly, " Mulin, Shirley took twenty million from your father on the condition that she leave you. Don't blame her. Tonight's situation was too embarrassing for her.

Ye Mulin sat in the car with his phone in his hand. He could not hear what Hao Yun said clearly. He only heard that one sentence: take 20 million and leave him.

He sat in the car and lit a cigarette.

Hao Yun was right. He could not blame her, but he still had to blame her.

She had never believed that he loved her, and she had never believed that he did everything for her.

Chapter 3524: This is the second time he's hit her (1)

He searched for her like a madman, not letting go of any place. He should have left B city and returned to H city a long time ago. There were too many things for him to deal with, but he could not leave like this.

She didn't go back to her apartment. That's right, with more than 20 million Yuan, she didn't need to live in that kind of place anymore.

in the end, he used a little bit of power to find her at a film set.

She was still shooting a mini-commercial, a shower gel commercial. Bai Sulli was lying in the bathtub in a bathrobe, her hair wet, holding a bottle of shower gel and smiling.

when ye mulin came in, there were people in front to clear the place and chase away all the staff.

The bodyguards in black clothes were like fiends, scaring the small reporters. They left one by one, leaving only Bai Sulli in the bathtub.

...

She wasn't afraid, because she had guessed who it was.

after a while, ye mulin came over. his face was tense as he walked over. he stopped by the bathtub and looked down at her.

Bai suili also raised her head to look at him, her eyes filled with fear.

“You’re good.” “bai suili,” he said.

with a burst of anger, he bent over and placed his hands on the edge of the bathtub. he stared into her eyes.”You’re leaving me?”

Bai suili smiled lightly, ” why not? “20 million, Mr. Ye, do you know what 20 million means to me now? it means that my mother can stay in the hospital for 20 years. It means that I can give my father a home when he comes back. Do you know how miserable he is? he has risen to the top and fallen from the bottom, but he doesn’t even have a home now. Our Bai family doesn’t even have a house.”

“You can ask me for it!” He squinted his eyes and grabbed her neck. what’s the point of taking ye zhenggang’s money? ”

bai suili stared at him, smiled, and said word by word, “you call that person ‘dad’ every day,”

He looked at her face and chuckled. “you really do hate me.”

“why wouldn’t i?” bai suili’s entire body was trembling, and her voice was shrill. ” your ye family destroyed my family and caused me to lose my child. ye mulin, do you know how much i looked forward to that child? the more i looked forward to it, the more i hated you. yes, it was you. ”

his eyes reddened slightly. he let go of her slightly and took a step back.

Bai Sulli chuckled. you can just be the high and powerful leader ye. Why did you come and provoke me? after provoking me, you went on a blind date with another woman in front of me. Ye Mulin, don’t you think you’re too cruel? ” How big of a heart do I have to be with you? “Yes, I’m cheap. I slept with my enemies. I took your money and your dad’s money. Don’t force me and don’t come looking for me again. Otherwise, I’ll really do something irrational. I’ll go out and sleep with some old man or disgusting man as long as they pay me. Will you still want me then?”

a slap came flying over, landing heavily on her face.

She turned her face to the side from the slap and ye Mulin’s breathing was very chaotic. He stared at her and spat out a few words, ” “Don’t you dare!”

after he said this, bai sulli's face slowly turned away. she reached out and touched the corner of her mouth, and blood flowed down.

this was the second time he had hit her.

it hurts, it really hurts

Chapter 3525: this was the second time he had hit her (2)

she looked at him and reached out to give him a slap.

he did not avoid it and accepted it.

they stared at each other like two injured animals, ready to tear each other apart at any time.

“what i do has nothing to do with you, mr. ye.” She smiled gently. I live as I please.

She tried her best to control herself, but her eyes still reddened. from now on, we'll go our separate ways. We don't owe each other anything. Don't say that you love each other. That's too hypocritical.

After she finished speaking, she covered her face and wanted to leave. However, she had only taken one step when he caught her body.

...

He stared at her with a cold gaze. Then, he took off his coat and wrapped it around her, carrying her out horizontally.

ye Mulin, what are you doing? you pervert! Let go of me! Let go of me! Do you hear me? ” Bai Shirley screamed.

he acted as if he didn't hear her and even patted her on the butt twice.

his car was parked at the entrance of the film set, and no one dared to look at him when he went out with her in his arms.

the door of the black rv opened with a swoosh, and he sat in with her in his arms. he said to the driver in a deep voice, ” “to the apartment at xxx.”

Bai Xiuli was stunned for a moment, then she screamed, ” “I don’t want to. I don’t want to go there,”

How could she go there? that was the place where they had lived for a few months. She didn’t want to go. She wouldn’t go even if she died.

however, no matter how much she struggled, he held her firmly. in the end, he simply trapped her in his arms and held her firmly, her hair against his chin.

His voice was hoarse. if you move again, I’ll skin you clean.

She didn’t move anymore. She just lay in his arms and cried silently.

She didn’t want to be weak, but she couldn’t help it. How could he be so detestable? how could he be so cruel?

“Do you want to enjoy the happiness of having two people together?” she asked softly after a long time.

he didn’t speak, and he didn’t want to speak.

Bai suili smiled bitterly and gently closed her eyes.

When she arrived at the apartment, it was surprisingly clean. Someone must have cleaned it regularly.

She was tired, so she closed her eyes and let him carry her to the bathroom to soak in the bathtub. She thought they would have a cold War, and with his temper, he would ignore her for a long time, but he entered the bathtub together and madly took possession of her.

time and time again, from morning to night, when his blood was burning dry, he finally let her go.

bai suili opened her eyes. it was pitch black outside, and he was no longer there. the only thing that could be smelled was the aroma of food.

It was a familiar smell. Her nose felt a little sour and she wanted to cry.

She was so disappointing, but she just wanted to cry.

she got up and ate quietly. she did not leave because her mother was in B city. she could not leave. ye mu lin would find her.

she sat there quietly, and the surroundings were extremely quiet. she seemed to be able to hear the sound of little white crawling around. she walked towards the master bedroom and saw a small box on the cabinet by the door. there was a turtle about the same size as little white in the box. it was crawling around, and when it heard the sound of footsteps, it raised its green bean-like eyes and looked at her.

Bai suili covered her mouth.

xiaobai.

However, this was no longer Whitey. Whitey was already dead.

no matter how identical little turtle was, it would not be little white.

she picked up the little thing gently and smiled. ” can you be called xiao-xiaobai in the future? ”

It was better to call him Xiao-Xiaobai. It was a habit.

Xiao-Xiaobai was lying on the ground, but its beady eyes were still looking at her.

“xiao-xiaobai, i’ll be your mother from now on,” bai sulli said very softly.

as she said that, she felt a lump in her throat.

In fact, she had lost two children before-Xiao Bai and Yingluo in her stomach.

Those were things that could never come back.

Chapter 3526: this is the second time he's hit her 3

Ye Mulin's car drove back to the ye family's main house late at night. He had not been here for a long time.

he pushed the car door open and walked into the house. the servants in the house were a little stunned."Young master?"

"my dad is in the study?" ye mu lin was already walking slowly towards the study room.

The servant nodded. elder ye is at home.

ye mulin stood at the door of his father's study, his face slightly tensed. he put down his hand for a moment but still pushed the door open.

ye zheng was smoking. when he looked at ye mulin, his gaze turned cold."why did you come back?"

...

ye mulin walked over and placed a check on ye zhenggang's desk. he said in a soft voice, "20 million."

with that, he turned around to leave.

ye zhenggang lowered his eyes and looked at the check. the check was signed by ye mulin.

he picked it up and shouted in a deep voice, ” ” this is nothing. are you going to keep in touch with wen yuan while raising bai suili? ”

ye mu lin turned around and looked at his father.”can’t i? father, isn’t that what you do as well? on one hand, you’re a loving couple with my mother, while on the other hand, you’re taking care of xie anning. you bought the villa she’s living in for her, right?”

Ye zhenggang was so angry that his face turned pale. Just as he was about to flare up, ye Mulin sneered.”i’m just carrying out dad’s spirit completely, am i wrong?”

He left after he finished speaking.

Ye zhenggang clutched his chest, feeling an unbearable pain.

at this time, he was somewhat terrified to discover that he seemed to have lost the eldest son he was most proud of.

In Mu Lin’s heart, he had destroyed his mother’s everything and ruined his marriage. He was an absolute bastard!

ye zhenggang laughed as he laid on the sofa. what did he do wrong? he only did what anyone in his position would do. wasn’t the person beside him the same?

Who in his position didn’t want to take a step further?

he couldn’t. he was almost the same age, but mu lin was so young and outstanding. he just wanted his son to be more outstanding, to let his son look down on everyone.

was he wrong?

he was not at fault at all. he did have xie anning, but he had always been good to su fu. there was only su fu in his heart, and xie anning was just putting on an act.

however, he had forgotten that this act had taken too long. it was so long that the woman could not bear it.

Ye Mulin left the ye residence and drove back to the apartment. He smoked a few cigarettes downstairs and wanted some time alone. He had not thought of how to face Bai Sulli.

His father's words touched him.

mu lin, do you want to keep in touch with wen yuan while raising bai suili?

After he finished smoking four cigarettes, he decided to take her away to H city.

There were Wen Yuan and his father in B city. There were too many factors that made Shirley unsafe. He had to take her away.

At this moment, ye Mulin was not confident about his future. However, he had to persevere for her and for the Bai family that was already in shambles.

If the Bai family was really destroyed, it would be impossible for him and her to be together.

He got out of the car, threw the cigarette butt away, and stepped on it with his calfskin shoes a few times. His movements were very, very slow.

After a long time, he still walked into the elevator.

When he arrived at the apartment, Bai suili was still there. She had already eaten and washed the dishes.

in the warm house, she was wearing his sweater as she sat on the sofa. xiao-xiaobai was on the coffee table.

for a moment, ye mulin felt as if he had returned to the past, back to the best time they had together. it was as if nothing had happened. she was still the willful bai sulli that made his heart ache, and she was still the rice weevil that he had raised.

Chapter 3527: i really want to kill you (1)

He took off his coat, walked over slowly, and sat beside her. "Come with me to city H tomorrow morning."

bai suili looked at him. "ye mulin."

"i've given the twenty million to your father," he continued to stare at her.

As he spoke, he stroked her chin and pinched it. "You're mine now."

She smacked his hand away. I'm not yours.

ye mulin stared at her for a moment before he stood up indifferently. "Then you can try to see if you can still stay in B city and if your 20 million is still yours."

...

"despicable," she said angrily.

he stood at the door of the bedroom, turned around gently, and said lightly, "Wen Yuan will not be among us."

"You mean she won't show up in front of us, right?" she asked in return, a little mockingly.

then, she laughed softly. "ye mulin, you're wrong. you should promise this to wen yuan. i'm really insignificant."

Ye Mulin unbuttoned his shirt one button at a time. Then, he stopped and walked over to her. He bent down and said in a low and hoarse voice, "you don't care?"

he pinched her lower jaw and his voice became even more hoarse, "Who was the one who stood in the wind for a long time that night?"

“Is that so?” Bai suili tilted her head. what about you? did you give Wen Yuan a goodnight kiss after you saw me? or did you have erectile dysfunction when you did it with her that night? ”

He pinched her chin and did not explain, but his face was livid.

His expression was cold. Bai Sulli, she’s pretty good.

He smiled lightly. I’ll let you know if I can’t get it up.

bai suili gritted her teeth and reached out to stop him,”I don’t want to, I don’t want ye Mu Lin, you hear me?”

how could he hear her? he was angry now, and he wanted her to take back all those unpleasant words.

the sofa was very soft, and it could accommodate two adults. he pressed her down and did not let her move. his good-looking thin lips pressed against her ear and he said in a low voice, ” “You don’t want it? tell me if you want it or not later, okay?”

probably out of anger, he pinched her chin and kissed her hard. the way he kissed her made her feel pain and uncomfortable at all. bai suili clenched her fist and hit him on the shoulder, but to him, it was as insignificant as cotton candy.

he kissed her fiercely, and his big hand went down too, so hard that it hurt her.

“i don’t want to.” She turned her face to the side, but he immediately followed her and kissed her madly.

She was in pain and uncomfortable because of him, and she couldn’t take it anymore, so she bit his lips.

ye mu lin left her lips and looked at her deeply. he then said in a low and hoarse voice, ” “Bai Xue Li,”

she panted and looked helplessly at his slightly red eyes, feeling a little scared.

he was rarely like this. in the past, when they had just gotten married, although he was also rough, he was definitely not like this.

He stared at her, then lowered his head and bit her lips hard.

she groaned but did not dare to move.

He took another bite, and her body trembled as she watched him take one bite after another. Finally, she couldn't take it anymore and cried, "Ye Mulin, don't do it anymore, Yingluo."

he controlled his strength very well and didn't bite until she bled, but the strength made her want to cry and scream.

he stopped when she begged him like this. his breath wrapped around her and his voice was muffled. "are you still going to bite?"

Chapter 3528: i really want to kill you (2)

she widened her eyes and shook her head. her eyes were filled with tears.

ye mulin looked at her. she thought that he would continue, but he did not. he only lowered his body and buried his face in her neck. he said in a low and hoarse voice, "There won't be anyone else,"

In the place where they had lived, he had probably touched the soft spot in her heart. Perhaps someone had taken the initiative in the end when he was so fragile, but they had done it on the sofa in the living room.

more than once.

When it ended, it was already late.

she curled up in his arms and said softly, "i want to see my mother tomorrow."

...

she knew that she couldn't escape. it wasn't that she had resigned herself to fate, but that she really had money to keep him company.

It was not easy to get more than 20 million.

After she finished speaking, ye Mu Lin said calmly, "I'll go with you."

"No need," she spoke very quickly, and then seemed to realize something, and said slowly, "that place isn't suitable for you to go now."

Ye Mulin didn't say anything else. He hugged her and wanted to smoke a cigarette, but he didn't because he was worried about her body.

"is your stomach still hurting?" he suddenly asked.

she couldn't take the medicine, and she was in a hurry today, so she didn't take any protection, but he didn't put it inside.

Bai suili felt a little embarrassed by such a question, so she said in a low voice, "It's alright, I don't feel too uncomfortable."

She bit her lip. I'm tired. I want to sleep.

He no longer bothered her, but he knew very well that she was no longer the Bai Sulli of the past. She no longer chattered a lot with him, and she would not ask him what happened today. She would not ask him what happened today, and she would not say that ye Mulin had only been away for half a day, but she had missed him so much.

No, she would not. There was only panic and distance in her eyes.

he didn't know if she still loved him. the emotions she showed that night might have been because of his disappointment.

Ye Mu Lin opened his eyes and waited for the sun to rise.

In the past year, she had lost a lot of weight, and so had he, but she didn't realize it.

did she not have him in her heart anymore?

She was in a daze until daybreak. The two of them woke up almost at the same time. Ye Mu Lin looked at her and smiled faintly. "I'll go make breakfast."

When did he learn to deceive himself and others like they were still husband and wife in the past?

as expected, after he finished speaking, she smiled and said, "I'll do it. After all, Mr. Ye has spent money, so I have to make him feel at home."

ye mulin was displeased. "I've always been here. what about you, bai sulli?"

we're divorced and I don't dare to claim connections with him. After all S Mr. Ye will be the future son-in S law of the Wen family. I have to avoid arousing suspicion. She said mockingly.

she wanted to get up, but a hand pulled her into his arms. he hugged her tightly, and his warm breath was right beside her ear. he whispered, "bai xue li, i really want to kill you."

that's right. If we destroy the night market, you won't have to work so hard. I'm afraid your body can't take it if you have to deal with two women alone. she was not afraid of death.

Night market?

"you can try," ye mulin said coldly as he let go of her.

He did not explain. It was not because he was prepared to do anything with Wen Yuan, but he did not want to put himself in the lowest position. There were some things that she hated and hated so that she could miss him. Then, she would always have a little bit of him in her heart, he thought to himself in a self-deprecating manner.

Chapter 3529: i really want to kill you (3)

In the end, he pressed her down and forced her to lie down. He said in a low voice, ” “I’ll do it.”

He glanced at her, his eyes full of warning.

bai suili’s answer was to turn her back. she really made him want to kill her, but he couldn’t bear to.

he had made her breakfast and wanted to call her after he was done, but she had already gotten up to brush her teeth and wash her face.

they met at the door and looked at each other in silence for a while before he said, ” “You can bring the things you left here in the past to city H if you like them.”

With that, he walked in, sat on the bed, and gently opened the drawer. The moment he opened it, he was in a daze.

...

inside was her bank card, the one he had given her, their wedding ring, and the bracelet he had bought for her. she didn’t want them. they were all in there.

bai suili looked at him, then at those things, shaking her head. ” i don’t want it. ”

Ye Mulin stared at her and slowly said, ” ” bai sulli, in your heart, the one you don’t want is me, right? if it wasn’t for the lack of money, you probably wouldn’t even bother to look at me. ”

“No.” she laughed. ” after all, ye si is good at growing up and doing good work. no woman would feel aggrieved sleeping with him. i’m not that noble. it’s better to be with you than with those old men. ”

She said nonchalantly, " when I worked in a nightclub, I always thought that you would one day see me. You would be reluctant to part with me and your heart would ache when you see me. You would then take me away from that place. Ye Mulin, you've overestimated me. I don't have that much backbone. I'm just what you used to think I was-shallow and without substance.

she had said so much in a fit of anger, but he only looked at her with deep eyes.

He lowered his head and picked up the ring. After looking at it, he put it back.

in the end, he still took the bracelet and walked over. he took her hand and put it on for her.

he looked at her deeply. " if you dare to take it off, i promise you'll regret it and beg me to put it on myself. "

his words were full of threats, but there was a hint of evilness in them, which immediately made her think of what had happened in bed.

She silently lowered her hand and did not say anything else.

ye mulin did not say much. he just walked over and stuffed xiao bai into her hands. " take good care of it this time. don't let it die again. "

she sniffled and raised her head."ye mulin, you don't have a heart. don't you care about the past?"

his heart felt as if it had been hit hard. he stared at her for a while and smiled faintly."Yes, I don't have a heart, but how can I keep thinking about Bai suili? That's the behavior of the weak."

he knew very well that she was talking about the child she had lost.

How could he not be sad? but he never mentioned it because he wanted her to forget about it. He wanted them to start over again.

He remembered, he carried, she would never forget.

bai sulli bit her lip and didn't say anything else. she quietly finished her breakfast. he took her out without any luggage, and it looked like he was going to buy it for her in city H.

Hao Yun was the one driving the car, so Bai suili was a little uneasy, but ye Mulin did not say anything.

In her heart, she could not figure out if Hao Yun was on ye Mulin's side or ye zhenggang's.

She was actually afraid when she was by his side. She was timid and had nothing now. She only had ye Mulin's protection. If Hao Yun complained, she would not have a good life.

Chapter 3530: i really want to kill you (4)

the car drove all the way to the nursing home. ye mulin saw her get out of the car but did not follow her. he only got out of the car to smoke.

Hao Yun also followed him down and lit a cigarette beside him. "Are you sure? does your father agree to you bringing her back to city H? also, the wen family has a lot of things to do."

ye mulin's voice was deep as he turned to look at hao yun. " i'm not the one who can't back down now. my father is. "

He took a puff of his cigarette and said, " whether she hates me now or not, whether the time is right or not, I will keep her by my side. I will love her and hate her together, Hanhan.

Then, he lowered his head and said in a very, very soft voice, " "Because a lifetime is so long, I can't wait."

he looked at hao yun and smiled faintly. " "Uncle Hao, I'm not like you, who can wait for someone for a lifetime. I just want to keep her by my side and be within reach every day."

...

Hao Yun was a little stunned.

Ye Mu Lin looked at the high clouds in the sky and said indifferently, "i don't care about this. it's up to my mother."

He definitely wasn't trying to please Hao Yun for his own sake. It was because the relationship between his mother and father was broken, and it was impossible for them to go back to how it was before. Ran ran, why should you be so persistent? he said that life was only so long, so there was no need to make things difficult for yourself. You should be with the person you like.

Hao Yun let out a long breath, not knowing what to say for a moment.

in the end, he only said,"i'll do my best."

Ye Mulin's voice was very soft. if Wen Yuan is unwilling, I might have to spend a few more years without the Wen family. But so what? I've made up my mind to keep her by my side. She'll be entangled with us for the rest of her life. i won't have anyone else."

hao yun was stunned for a moment before patting his shoulder. "you and your father are different."

He hesitated for a moment before asking,"what about in the future? what about after I succeed? retire?" go back to your legal profession?"

Ye Mulin revealed an extremely complicated and ambiguous smile as he looked at Hao Yun. I have two interests and hobbies. One is to be a lawyer, and the other is Bai Sulli. Obviously, Bai Sulli is much more interested, so it's not a pity to sacrifice the other one.

hao yun sighed. " right, it's not a pity. "

He smiled. but I'm going to teach in the future. I just don't know if she's willing to follow a poor teacher.

ye mu lin smiled and did not speak.

In fact, Hao Yun's family was a family of scholars. How could they be poor at teaching? he had earned quite a lot over the years. However, Hao Yun knew when to stop. She was a very good person and kept a low profile.

On the fifth floor of the sanatorium.

bai xiuli swiped two million yuan for the medical fees.

in addition to a year's hospitalization fee, she also paid for a specialist's treatment. the hospital had hired a foreign specialist for mrs. bai.

She hoped that her mother would be better when her father was released.

no one could replace her other half's company, so she wanted to cure her mother, even if it was just to sleep with ye mulin.

The current Bai suili had long lost the confidence to refuse money.

after paying, she went to see mrs. bai and carefully pushed the door open. mrs. bai was cross-stitching with her head lowered.

bai suili's nose twitched. looking at her serious expression, she remembered that her mother had once said that women who did this were poor to kill time. women should spend their time in beauty salons or shopping malls. but now she was here alone, embroidering seriously. it was quiet around and no one was around.

It must be very lonely.
