

## Thank you 3531

Chapter 3531: I can't bear to leave her outside (1)

she walked over, squatted beside mrs. bai, and gently placed her hand on her leg. "mom, i'm very lonely too. Can you get better soon?"

mrs. bai looked up at her and then lowered her head to embroider the thing in her hand. as she embroider, she mumbled,"when the embroidery is done, think of the south and you will come out, you will come out and you will return to the past, yingluo."

She kept talking, and Bai suili's heart ached as she listened.

To Mrs. Bai, it was like a dream. Mrs. Bai never wanted to wake up from it.

Was it a good or bad thing to cure her?

bai suili thought to herself,'forget it, no matter how good xuanji's dream is, it's just a dream.'

...

she got up and put her mother's head in her arms, whispering, "mom, I'm going somewhere far away, but I'll come back to see you. I promise.

mrs. bai was still saying, "she won't come back. if she's gone, she won't come back. i think nan hasn't come back in such a long time. shirley won't come back either."

"Mom, I'll be back." bai suili's voice trembled as she gently stroked her mother's white hair.

in the past, her mother loved to look pretty, and she didn't have a single strand of white hair. now, her hair had turned white as well.

she was a little sad and slowly retreated.

Her mother didn't recognize her, or perhaps she didn't want to recognize her.

bai suili smiled lightly, but bitterly.

when she went downstairs, she slowly walked towards ye mulin's car. however, she still turned back to look at the hospital building.

mrs. bai was standing on the balcony.

mom! Bai suili looked at her and shouted, "let's go back!"

mrs. bai waved from above. "come back. remember to come back. don't be like miss nan and not come back, yingluo."

her face, which had always been well-maintained, looked haggard and no longer as beautiful as it had been in the past.

mom, I'll be back," Bai suili said, choking on her sobs. you should go back now.

at this time, two nurses came over and took mrs. bai back to her own ward.

Bai suili stood there, staring blankly for a long time.

ye mu lin walked over and said in a low voice, "let's go!"

she didn't look at him and just sat in the car numbly. she didn't say a word on the way to the airport.

ye mulin was very busy, so he took a private plane. once they arrived in city H, he arranged for someone to take her to her residence, and he went to work alone.

it was secretary li who came to pick them up. she drove a small green beetle and looked pretty. while driving, she said to bai suili, " " mrs. ye, lawyer ye is now staying at si nan mansion. "

bai suili leaned against the back seat and said in a low voice, " just call me miss Bai, or Shirley will do. Also, he's not lawyer ye anymore.

as she spoke, she bit her fist and looked out of the window.

City H was different from City B. It was a little wet and cold, and she was not used to it.

for a moment, secretary li didn't know what to say. she just smiled and drove the car in front of a villa in si nan mansion. when she opened the door for bai sulli, she had already opened the door and gotten out.

the villa area was very quiet and the environment was very good.

bai suili looked at secretary li. " he's been living here? "

Secretary li finally heard her concern about ye Mulin and said happily, " no, Mr. Ye has been staying in the lounge in the office. He doesn't have a special place to stay.

Bai suili was a little surprised, but she didn't ask much. She slowly walked into the villa.

The interior was decorated in Japanese style. It was about 500 to 600 square meters in total and was very exquisite.

Chapter 3532: I can't bear to leave her outside (2)

secretary li stood in the living room and introduced enthusiastically, " i was the one who found the house. i know that miss bai would like it like this. is it very comfortable? "

"i'm fine, thank you." Bai Xue Li said lightly.

Secretary li was actually a little disappointed. Mrs. Ye was different from before. After the blow, she was rarely not as lively as before. Actually, she was quite pitiful. She fell from such a high place and she heard that Mr. Ye was going to have a fiancée soon, and Mrs. Ye was now a mistress raised in H city.

Things were unpredictable.

secretary li perked up. " oh right, we also hired a servant here. she knows her limits and won't disturb miss bai's life. "

"Can I be called Shirley?" she forced a bitter smile.

...

Bai Sulli hummed and found a suitable place to put Xiao-Xiaobai down, then fed it something.

Secretary li handed her a car key and said, " that car was prepared by Mr. Ye.

bai xiuli was stunned for a moment, then she chuckled and said, " he's very thoughtful. This car is a famous mistress 'car. Don't you guys know about it? "

Secretary li felt uncomfortable and laughed dryly."I really don't know."

Bai suili smiled again, and said somewhat desolately,"it's nothing much. it's quite in line with my current identity."

she didn't ask secretary li to stay, so she walked around the villa alone for a long time.

actually, it didn't feel bad to be kept by a man. at least it wasn't so hard.

she had slept for a while, and when she woke up, the servant had made delicious food for her, which made her feel good about being a mistress.

Even if this man had hurt her and his family had hurt the Bai family.

So what? she needed money.

She reached out her hand and looked at the bracelet on her wrist. She smiled very faintly and her self-esteem was nothing to her now.

She called ye Mulin. He was in a meeting when he received the call and was surprised that she would call him.

“What’s wrong?” his voice was unusually gentle, and his subordinates were shocked to hear it.

This newly appointed leader ye was a ruthless King of Hell. He was not easy to fool.

he heard that he had been in city H for more than a year and had been sleeping in the office every day. now that a woman was looking for him on the phone, it was as if the sun had risen from the west.

it turned out that mr. ye was also a man, and he had his needs too?

everyone heaved a long sigh of relief. it was good that they had the seven emotions and six jades. they could start now.

Ye Mu Lin asked. Bai Xue Li’s voice was a little soft,”I want to go out for a walk.”

he said, ” alright, i’ll come back earlier tonight to keep you company. ”

“I want to go now.” she said a little willfully.

if it was any other man, they would definitely be annoyed by such stubbornness. however, ye mulin was stunned for a moment. wanwan’s heart felt numb. she could not describe the feeling. it was as if she had been reborn.

His voice was hoarse and very sexy. ” i’ll get hao yun to send it over to you. be good and wait at home. ”

she hummed in agreement.

ye mulin hung up the phone and looked at hao yun. " come out for a while. "

Hao Yun had already guessed it. Only Bai suili could make ye Mulin lose his principles. He followed ye Mulin out and handed him a card. He said softly, "Take this to Shirley, she's staying at Si Nan mansion."

hao yun hesitated for a moment, but still took it. he only said softly, " "with xue li by your side, you'll have a much harder time."

Chapter 3533: i can't bear to leave her outside (3)

Ye Mulin frowned and said in a low voice, " but if we leave her alone outside, she will have a hard time. i can't bear to."

Hao Yun didn't say anything else. She chuckled. I understand.

he personally went to deliver the card because mu lin was reluctant to part with it and was worried.

At Si Nan mansion, he met Bai Sulli. At that time, Bai Sulli was sitting on the sofa watching TV, holding a small plate of fruit in her hand. She looked a little different from the one he saw in B city, and she was a lot more relaxed.

at hao yun's age, he was also a sentimental person, so he could naturally see the difference. he also knew that this was definitely not because bai sulli had changed her mind. it was because of love that she acted this way. it was because her hatred had reached the extreme, and after that night, all the love and hate might have disappeared.

what was the point of loving and hating a man who was about to be engaged to someone else?

...

hao yun handed the card to bai suili, but she didn't leave immediately. instead, she said in a low voice, "don't hurt mu lin."

Bai Xiuli curled up on the sofa with a small flame in her eyes. "I don't understand what Mr. Jin is saying. I hurt him?"

She lowered her eyes, her long eyelashes like a small feather fan. what can I use to hurt him? I'm unarmed.

Hao Yun was unmoved. he loves you, and you're the only one in the world who can hurt him. You know it in your heart, but you're just pretending not to.

Bai suili smiled bitterly,"i don't dare to understand."

She looked straight at Hao Yun, and Hao Yun suddenly thought that he was being too harsh on her.

The Bai family was the one who had lost everything. She would not feel good being kept by her ex-husband like this.

Hao Yun's voice lowered again. you have to believe him.

She left after saying some unclear words. Bai Sulli sat on the sofa for a long time without moving, and the fruit in her hand didn't move either. The servant came over and asked her if she wanted a cup of tea, but she said no. She said she was going out.

That day, she had spent millions of dollars on all kinds of branded bags and clothes.

from time to time, ye mulin would receive some bank statements. he was slightly lost in thought during the meeting and then turned his phone to silent. after the meeting was over, he looked at it briefly and did not say anything. he also did not call bai sulli to ask.

it was already seven or eight o'clock in the evening when he returned home. before he went back, he called her and said in a gentle voice, " "Xue Li, did you go back? do you want me to pick you up?"

He had always been obedient to her. He loved her and made up for her, but he knew that no amount of money could make up for the child she had lost.

bai suili's voice was hoarse. " i drove out. i'll be back in a while. "

ye mu lin's voice was very soft."we can have dinner outside before going home together."

After returning home, Bai Sulli was in a daze for a while before she smiled softly. "Mr. S, is your status good enough?"

He hung up the phone immediately. This was the first time he had lost his composure.

because he was angry that she called him " senior ye ", he hated it when she called him in such a mocking tone. every time she called him that, he felt that she would never forgive him in this life.

she did not call back, but ye mu lin received a huge bank bill. it was more than eight million.

he knew that this was already considered light. she was angry. after all, with the speed at which she spent money in the past, it was definitely not something that could be solved with just eight million yuan.

#### Chapter 3534: i can't bear to leave her outside (4)

he returned to si nan mansion and took off his coat. the servant immediately came over. " mr. ye, miss bai said she won't be coming back for dinner. do you want to eat now? "

ye mulin sat down and rubbed his brows. " help me make a cup of tea. i'll wait for miss bai to eat with us when the meal is ready. "

The helper was a little hesitant. This miss Bai had said that she wouldn't be coming back for dinner. However, since the master had said so, she couldn't say anything. She went to make a cup of tea.

So he made the tea and let it cool, and Bai suili didn't come back until 10 O'clock.

she walked into the living room and saw ye mulin sitting on the sofa as if he was waiting for her. however, his brows were furrowed as if he was very tired.

So she put down her bag and sat beside him. She put her hand on his shoulder and leaned over, trying to please him. "were you waiting for me?"

...

ye mu lin opened his eyes and looked at her. his eyes were bloodshot.

her heart clenched, but she didn't show it. under the luxurious crystal lamp, her face was still the same, but she wasn't as innocent as before.

ye mulin stared at her little face and kissed her hard. she was pulled into his arms and kissed hard. she sat on his lap like a pitiful cat.

She punched him on the shoulder and said in a low voice, "People will see."

However, he kissed her for a long time without a care. This kiss was felt by her, who was angry.

after the kiss, she panted and fell on his shoulder, her fingers restlessly stroking his neck. she said in a coquettish voice, "are you angry at me because i came back late or because i spent a lot of money?"

he looked at her small face with a burning gaze. at this moment, the touch of his palm told him that she was really in his arms.

Without saying anything, he carried her up the stairs.

bai sulli chuckled on his shoulder, ” “You haven’t eaten yet, right? you’re busy making love. You do have Hanhan.”

she cupped his handsome face and smiled charmingly. ” how thirsty! ”

She poked his heart with her little finger.”Wen Yuan, is she embarrassed and cold?”

ye mulin stared at her and said in a hoarse voice,”If you’re not afraid of death, you can always mention her.”

She was still laughing heartlessly. I’m afraid your body can’t take it. It’s going to be a long night.

he hit her hard and she cried out in pain. she put her arms around his neck and said, ” but i’m hungry. i haven’t eaten for a long time. i’m not used to the sweet food outside. ”

he had already reached the second floor, but he stopped and looked at her.

“can you cook for me?” Her voice was soft and coquettish as she tormented him with all her might.

She clearly knew that he was very tired, clearly knew that he had been in meetings for nearly a day, clearly knew that he had waited at home for a few hours, yet she could still make such an outrageous request.

Hao Yun said that he loved her, so she wanted to see how long his love could tolerate her and to what extent. She smiled coldly in her heart.

ye mulin stared at her small face for a moment, but his voice was unexpectedly gentle. ” you want to eat the food i make? ”

“I’m tired after walking around for half a day,” she said.

She snuggled into his arms. will I be especially overboard? i’ve heard that the women who are being kept are all serving men.”

He let go of her and walked downstairs, but he left her with one sentence, ” “You can wait on me on the bed.”

She was so angry that her face was hot. He was such a bastard.

Chapter 3535: I can't bear to leave her outside (5)

bai suili looked at his back and bit her finger.

He was clearly unhappy. Of course, she knew that he was not unhappy because of money. Ye Mu Lin's assets were at least ten billion. He was unhappy because she was not at home to accompany him. He was unhappy because she did not love him anymore.

Love?

She smiled softly, but her smile was a little bitter.

she walked down and saw ye mu lin standing in the kitchen alone, cooking.

His back was still very good looking and very suitable for an Eastern woman to lean on, but she did not dare to take the initiative to lean on Him anymore.

...

After watching for a while, she decided to go back to the living room and lay down. She even stretched lazily.

In fact, the days of being kept as a mistress were not as bad as she had thought. To have a man who still had feelings for you as a mistress was, in a sense, very blissful, as long as you could take it easy.

She snuggled on the sofa and picked up a magazine to read. She threw it away as if it had burned her hands after just one glance.

It was a medical magazine in English. It mainly talked about Yingluo's mother's illness.

her gaze was a little complicated. she looked up at the man in the kitchen and bit her lip.

Ye Mulin walked over with a glass of fruit juice in his hand. have some first.

she curled up on the sofa and looked at him. she said in a small voice, " ye Mulin, is the magazine a coincidence or did you read it on purpose? "

She knew how busy he was, but he still took time out of his busy schedule to study this disease. She felt that it was ridiculous and pitiful.

she stared at him, as if she was eager to find an answer.

however, his eyes were calm and he said indifferently, " "you're with me now, so it's only right that i help you or your mother."

Her eyes brightened for a moment, then she took the fruit juice. After taking a sip, she chuckled, " " fortunately, mr. S only booked one. otherwise, he would be very busy. "

he glanced at her and continued to cook without saying anything.

all the dishes she cooked were her favorite, and he barely touched his chopsticks. after eating for a while, bai suili looked at him and said, " "Why aren't you eating?"

he lit a cigarette, and without leaving the table, he said lightly, " "i don't have much of an appetite. you can eat."

fine, it didn't matter too much, and she shouldn't care too much about him. she continued to eat and washed the dishes after eating.

When she came out, ye Mu Lin was already in the study room, but he did not close the door.

she peeked at the door and he looked up at her, but then buried his head in work.

Bai suili heaved a sigh of relief. She was really busy, even busier than when he was a lawyer.

He had money and looks, but what did he want?

Of course, she wouldn't ask. She went to the bedroom to wash up and check her spoils of war. After a while, she casually threw them into the drawer.

ye mulin went to bed in the early hours of the morning. she thought that he would not have the energy to do it since he had been busy the whole day and they had done it last night. however, after he came out of the bathroom, he lifted the blanket and kissed her.

He was a little rough and didn't give her any buffer time like he used to.

he's still angry, " she sighed softly.

Ye Mulin kissed her ferociously and pulled her silk pajamas away from her body. He then pulled her out of the blanket.

She wasn't asleep, but that didn't mean she wanted him to treat her like this.

"Ye Mulin, cold." She complained and hugged herself, refusing to let him touch her.

he paused for a moment, then turned on the air conditioner. the heat suddenly leaked out.

Chapter 3536: You should be fair to him (1)

She even broke out in a cold sweat after a while. She didn't know if it was because of the heater or because his body was too hot.

After so many times, he finally let her go.

She closed her eyes and panted under the blanket, her voice soft. "You don't even eat, where do you get your energy from?"

ye mulin was still hugging her and nibbling on her neck. he laughed when he heard her words. "You care about me?"

She closed her eyes and chuckled. "I'm not concerned, I'm just curious."

She opened her eyes and poked his chest. "And muscles."

...

he used to have a good figure, but he'd lost a lot of weight recently. however, yingying's enthusiasm didn't decrease, and she was even more boorish.

ye mulin lowered his head to look at her. his eyes were as dark as the night sky. after a long time, he said in a low and hoarse voice, " "bai sulli, is it that hard to admit that you care about me?"

She bit her lip and turned her back to him. no way!

He looked at her back, then quietly went to take a shower. When he returned to bed, his stomach felt a little uncomfortable and very painful.

But he endured it and lay quietly beside her, enduring her alienation.

he understood that no amount of money and love could be exchanged for her trust. in her heart, the ye family was the culprit who had destroyed the bai family. so was he.

Wouldn't it be pretentious and ridiculous to tell her that it hurt now?

he had been silently enduring it until he couldn't stand it anymore. he gently got up and went to the study to take his medicine.

Stomachache was an old problem of his, and it had often broken out in the past year, but he didn't take it seriously.

He only knew how to work, work, and work until he could stand at the top. Illness had never been his weakness, but Bai Suli was.

He was afraid of waking her up, so he slept on the sofa in the study for the night. He called the doctor at dawn.

Hao Yun came over as well. She was a little nervous when she saw the doctor giving him a painkiller and some medicine.

after the doctor left, he looked at ye mulin with a firm attitude. "mulin, you have to go to the hospital for a checkup. you can't delay it like this. "

"i'm fine," she said. ye mulin put on his coat. " go to the office. "

hao yun looked at the blanket in the study. it was obvious that she had spent the night there. she lowered her voice and said, " "Where's Bai Sulli? doesn't she know you're sick?" he asked.

Ye Mu Lin was stunned for a moment before he said uncomfortably, " "She doesn't know, and I don't want her to know."

hao yun gritted her teeth. " you should tell her. mu lin, i've already told you that it's too hard on you. you're carrying her on your back and she still hates you. why do you have to suffer? "

however, ye mu lin waved his hand and said in a light voice, " " i don't care about that. i don't want her to be in a difficult position. she's fine like this. "

At least, when she was unhappy, she could vent her anger on him and not make things difficult for herself.

Hao Yun didn't agree, but she couldn't do anything.

Before he left, he met Bai Xue Li, and his voice was a bit faint, "Xue Li, be fair to him, he's never been wrong. if i'm wrong, it's because he likes you. But what's wrong with liking someone? he's already carrying too much on his shoulders."

bai suili stood there, her face a little pale. she had known when the doctor came in the morning, but she was in no position to care about him.

hao yun continued. " he has stomach problems. when he doesn't eat, his stomach will hurt. you should keep an eye on him in the future. "

" he's an adult, " bai suili said, somewhat stupefied. " he can take care of himself. "

Chapter 3537: You should be fair to him 2

hao yun was a little angry,"do you still have a heart? do you know that he's helping you?"

"uncle hao. don't say anymore." Ye Mulin came over and said, " "he went to the office."

hao yun could only sigh. she could not say anything, nor could she say anything.

After they left, ye Mu Lin looked at Bai Xue Li and said, " "It's just an old illness, it's no big deal."

"there are so many people who care about you whether you're sick or not. i'm not one of them." bai sulli said indifferently and turned back to her bedroom.

ye mu lin stood there with an ugly expression. he was also a little disappointed.

...

bai suili suddenly turned her head. he was still there, and their eyes met. there was an unconcealable embarrassment in his eyes.

she pursed her lips slightly and didn't say anything more. she turned her head again in a deliberate manner.

Ye Mu Lin did not say anything more and turned to leave.

he could only leave. it would be a little embarrassing if he stayed.

when the door closed, bai suili suddenly turned her head.

her eyes were a little red, and her teeth were biting her lips.

She thought of his body last night. He had lost at least 10 pounds, and he still didn't eat. Was he trying to starve her to death to gain sympathy? you're already so old, yet you still want to play the trick of injuring yourself?

she didn't want to sympathize with him, and she didn't want her heart to ache.

he wasn't anyone to her!

she hung her head and stood there for a long time, unable to move. her heart was numb.

In her mind, she was thinking of him not eating for a while, and then he was smoking and doing work. Had he been living like this for more than a year?

Her heart ached and she felt terrible. She picked up her phone and looked at it while searching on Baidu-stomachache.

he searched for the terms on it and read it page by page.

After reading it, she was a little confused.

Why didn't he eat? why did he have a stomachache? why did he work so hard? did he like power that much?

Her father climbed so high, but didn't he also fall down?

bai suili bit her lip and smiled uncomfortably.

on this day, ye mulin did not call, and neither did she. however, she did not go shopping. actually, she should have gone shopping without a care, but she changed her clothes and lay on the bed again.

She couldn't ignore what Hao Yun had said. He had told her to be fair.

how was she going to be fair and reconcile with ye mulin?

How could they reconcile with each other? there was the feud between the Bai and ye families, and Wen Yuan.

She felt extremely uncomfortable. The feeling of being hit in the face almost drowned her, making her unable to breathe.

but she still had to endure it.

At night, ye Mulin did not return. When she woke up in the middle of the night, her surroundings were cold.

She had a nightmare, but there was no warm body by her side.

she didn't know if he was working or doing something else. she thought about it for a long time before finally making a call. she said in a low voice, " "Ye Mulin, have you eaten?"

the other side was silent for a while before whispering, " "I'm working overtime. I've eaten."

his voice was hoarse and it was strange. she didn't think much about it and thought it was because it was late at night. after stammering for a while, she whispered, "i'll hang up then, yingluo. by the way, are you coming back tonight?"

He seemed to be stunned for a moment before saying, "I'm not going back. I might be back in a few days. Take care of yourself, Yueyue."

with that, he hung up the phone.

Bai suili was a little stunned. He hung up the phone just like that?

Chapter 3538: you should be fair to him (3)

she stared blankly at her phone for a long time before she slowly put it down.

When she laid down again, she could no longer fall asleep. The moment she closed her eyes, she could only see ye Mu Lin sitting in the study.

Just like that, she lay there until dawn. She decided to call and ask.

His phone was turned off.

she sat on the bed and thought for a while before calling secretary li.

As soon as Secretary li received the call, he said bluntly, "Mr. Ye is sick, so he went to the hospital last night."

...

Bai suili was stunned again and didn't come back to her senses for a long time. Secretary li whispered the hospital and ward number.

“Thank you,” he said. After Bai suili finished speaking, she put down her phone and sat on the bed in a daze.

She was conflicted. She didn’t know if she should go and see him.

she thought that since she was his pet, she should at least visit yingluo.

At nine in the morning, she appeared at the door of the ward with her hand on the doorknob, still a little hesitant.

just as she was hesitating, the door opened, and hao yun walked out.

Hao Yun left in a hurry, as if she had to deal with some official business. After all, ye Muyun was hospitalized, and Hao Yun, as the head secretary, would be very busy.

He looked at Bai Xue Li, paused for a moment, and then said in a soft voice, ” his stomach problem is a little serious. you should advise him to have surgery. ”

bai suili lowered her eyes. ” where is he? ”

Hao Yun’s expression was a little complicated, and she hesitated for a moment before saying, ” “He’s inside.”

Bai suili bit her lip and pushed the door open. However, as soon as she opened the door, she saw that ye Mulin and Wen Yuan were also inside.

they were not close. ye mulin put on his coat and sat on the sofa to read the official documents. wen yuan handed him a glass of water. ye mulin took it and continued to read the official documents in his hand without saying a word.

wen yuan sat down quietly at the side.

Bai suili stood at the door, her face pale.

She was not a fool. She understood what it meant for ye Mulin to not reject Wen Yuan's arrival and his approach.

it meant that they were going to get engaged and married. it meant that she, bai sulli, was going to be the third party, and she could only be the third party forever.

Her face was a little pale. She wanted to leave, but she couldn't move.

Until ye Mu Lin suddenly raised his eyes and looked at her.

Their eyes met. She was in an indescribable sorry state, and her voice was hoarse from the heat in her eyes. I'm sorry. I shouldn't have come.

then, she turned around and ran toward the other side of the corridor.

ye mulin's gaze froze for a few seconds. then, he put down the official document in his hand and quickly caught up with her.

"Mu Lin." wen yuan's voice was very soft,"are you sure you want to chase after them?" you're sick."

Ye Mu Lin's footsteps stopped at the door and he said in a deep voice, "i've said it before, you have to accept her, otherwise ..."

he turned around with a determined expression."Wen Yuan, let's forget about it."

She held her breath. She couldn't believe that a man would give up such a good opportunity. He would rather take the risk and be with Bai suili.

wen yuan bit his lip and whispered,"go!" I'll consider our matter."

Ye Mulin walked out quickly and finally caught Bai suili on the first floor of the hospital.

She walked very quickly, and her eyes were a little red.

“bai sulli, are you going to hide and cry?” he stopped her.

She was frightened and turned her head to look at him walking towards her step by step. He finally came to her side and reached out to gently wipe her tears. He said in a low voice, ” Bai Sulli, are you jealous? ”

Chapter 3539: Be a little fair to him (4)

she widened her eyes. wasn't he sick? wasn't he in so much pain that he had to be hospitalized? why did he come over?

As if he knew what she was thinking, ye Mu Lin muttered, ”you don't know why i chased after you? Bai Xue Li, don't you know?”

She looked at him, her back against the wall.

Ye Mulin walked towards her, step by step, and finally stopped in front of her. His voice was much gentler. ”come back with me.”

he grabbed her hand, but she screamed reflexively. ” i don't want to. ”

He stared into her eyes.

...

Bai Sulli's face was filled with weakness. ye Mulin, I'm begging you, I don't want to go there. You can have Wen Yuan to take care of you. Why do you have to make things difficult for me? why do you keep making things difficult for me? ”

She shook her head as if she had gone mad. I'm already in this state and you still want to make things difficult for me. Ye Mulin, Do you have any heart? have you ever thought about me? ”

if she did not love him anymore, she would not care about wen yuan. however, when she still cared about him, she had to face wen yuan's existence.

Actually, the person she hated the most was not him, but herself. She could not accept that she still loved him.

When she saw Wen Yuan, she knew clearly that she still cared about him.

She squatted down like a little girl, covering her face and crying.

She was extremely embarrassed. She felt that she was very cheap.

Ye Mulin also squatted down. Although this action made his stomach hurt, he still insisted on squatting down. He stared into her eyes and said very, very softly, "bai suili, why are you crying?"

She covered her face, not wanting to talk to him.

She also knew that she was being a little willful. He was clearly sick, but she still made him squat here to accompany her.

"you go." "go and find wen yuan," she said in a hoarse voice.

Ye Mulin sighed. my stomach is in pain right now. Xue Li, are you sure you want to keep messing with me? "

she was still crying and ignoring him.

Wen Yuan has left, " he sighed in a low voice. Bai suili, help me to the ward now.

She looked up.

he gave her a faint smile. his face was as pale as paper, but he was still smiling.

bai suili was stunned and immediately supported him,"What's wrong, ye Mulin?"

He looked at her and chuckled. it's nothing. It's just a little painful. I think I might have to do an emergency operation.

He smiled, but his fingers were holding her hand tightly.

Bai suili cried again, her voice hoarse,"Doctor, Doctor, come over here!"

In the chaos, ye Mulin was sent to the operating room for surgery. Bai Sulli didn't leave. She stood at the door of the operating room in a daze. She was the one who had signed the papers because it was urgent.

Wen Yuan came over again, but he sat a little far away.

Ye zhenggang and su Fu both rushed over and didn't say anything about Bai Suli's existence. At this time, their son's life was more important, and no one could blame him for this little personal matter.

the operation didn't take long. after two hours, the doctor came out and smiled."the surgery was very successful. because it was a minimally invasive surgery, he can be discharged in a week. however, you can't be so tired in the future. work is work, but you still have to eat."

with ye zhenggang's status, the doctor couldn't help but say a few more words.

Su Fu and Wen Yuan only exchanged a few words before he came over to look at Bai Sulli and put his hand on her shoulder. it's alright, Sulli. Don't cry.

bai suili looked at the night matriarch, her mood extremely complicated.

later, she found out that her mother's monthly payment was paid by mama ye. she also paid part of the medical expenses. mama ye had given her a lot of love and care in the past. she was really embarrassed.

bai suili bit her lip, her voice soft,"i know, i know, i know."

But she couldn't help it. She thought of ye Mulin's painful look before the operation. She felt pain just by looking at him.

he had clearly hurt her, and his family had clearly hurt her family. why was he still unwilling to let go? why did he still let her be so attached to hanhan?

bai suili screamed in pain at the operating room, almost breaking down.

at this moment, she could not lie to herself or to anyone else. she did not love him.

...

She still loved him. Even if she had broken through the moral bottom line, she still loved him. She loved Yingluo crazily.

Su Fu hugged her, feeling sad.

She was a woman, so how could she not feel Bai suili's pain and love?

If she didn't love him, it wouldn't be so painful.

For a girl like her, she could have turned around and left when she was hurt, but Mu Lin refused to let go.

mu lin's love made her feel pain, and the pain made her fight back. it made her instinctively want to hurt the person who bore witness to her pain.

Bai Xue Li and ye Mu Lin had long been unable to tell who was right and who was wrong, who had hurt who, and who should say sorry.

Ye zhenggang looked at his own wife and Bai Sulli, and said in a deep voice, ” “su fu,”

su fu understood his meaning.

she sneered,”ye zhenggang, let’s get a divorce!” I really hate your way of doing things.”

After all, ye zhenggang was a man of honor. It was impossible for him to fall out with his wife and talk about divorce in a public place like the hospital. He walked silently to Wen Yuan’s side and gently hinted to her that she could go back and rest first.

wen yuan was an extremely intelligent person. she had already understood the situation and smiled slightly, ” “Then, uncle ye and aunt ye should also pay attention to rest.”

She left in a proper manner.

Ye zhenggang looked at his wife and couldn’t help but say, ” ” what’s wrong with wen yuan? she can still tolerate the existence of qingqing and bai suili. ”

su fu glanced at him and gave a faint smile. ” she’s much better than me. she’s something that you can’t bear, and she’s to your liking. but is she to mu lin’s liking? ”

after su fu finished speaking, he didn’t bother to say anything more. he went to see his son and took bai suili with him.

Ye Mulin didn’t wake up. The doctor said that he would only wake up the next day. Su Fu gave the space to Bai Sulli and she went out to find a place. Ye Zheng wanted to get intimate with her but she didn’t. He could tell.

in the ward, ye mulin was lying quietly while bai sulli sat by the bed and watched.

she did not even blink, afraid that he would suddenly wake up.

his face was very pale, and he must be in pain as he looked at her. she held his hand gently.

the warm palm suddenly became very cold.

she looked at his face that was as pale as paper and whispered, " " isn't it good to separate? why is ye mulin still holding on to her? aren't you tired? "

he was unconscious and could not answer her question, but his hand gently held hers.

Bai suili looked at his pale fingers and felt his weak strength. Even with this little strength, he still wanted to hold her tightly. She wanted to cry again.

" ye mulin, i've been through a lot. i want to leave, but i'm worried about you. " she looked at him and smiled bitterly. " i feel like i'm particularly cheap. "
