

Thank you 3551

Chapter 3551: you only know how to bully me (1)

ye mu lin fell asleep with her. he was too tired and needed to rest.

Therefore, during the one week he was hospitalized, he really did rest all the time. Other than eating, he just slept. Of course, he slept with Bai Sulli.

there was a rumor in the hospital that the night chief had a super-doted petite who stayed in bed all day long even when he was sick. even his real girlfriend stood aside and didn't take him seriously at all.

Moreover, when everyone went in and out of the room, he was awake while Xiaoqing was asleep.

how could an ill mr. ye tire a young lady out like this?

the rumors spread, but the ward was like a separate world, warm and sweet.

...

Ye Mulin was discharged from the hospital a week later and returned to Si Nan mansion.

He still needed to recuperate for a few days and did not go to work. However, Hao Yun would come over every morning and night to deliver documents. Bai suili calculated that ye Mulin would work more than eight hours a day at home. So, after Hao Yun left, she went over to deliver a plate of fruit.

she placed the fruit plate in front of him and stood to the side without leaving.

Ye Mulin sat behind the desk and flipped through the documents without raising his head. He only lowered his head and asked, "What's wrong?"

Bai suili walked to the table and pushed the fruit plate forward. "You haven't moved for half a day."

“The doctor told me to move less,” he said with a faint smile.

she glared at him and bit her lip. ” that’s not what i meant by moving less. dr. li said that you need to rest these days. you can’t work. ”

Ye Mu Lin put down the documents in his hands and sighed.”I won’t do this, no one will do it for me.”

“Then tell me, are you happy now?” she stared at him.

she seemed to have been lit on fire. she picked up the documents and stared into his eyes. tell me, are you tired of doing these boring things all day? do you like to see these things? are you tired of living? ”

“Xue Li!” His voice was deep and slow. don’t mess around. Put it down. These are all official documents.

“i’m not letting go.” she looked into his eyes stubbornly. ” you weren’t like this in the past. ye mulin, what happened to you? what happened to us? ”

She took a step back. I don’t understand. At least one of you will be Living a Good Life if you divorce me, but I see that you work like this every day. It’s even harder than when I wore those clothes to serve others. I feel that you have been raped by the so-called ambition and power. Ye Mulin, tell me, is this really the life you want? ”

As she spoke, tears actually streamed down her face.

However, he was still sitting there coldly, just like the ye Mu Lin she knew.

“it seems that you’ve been thinking a lot about me,” he said slowly.

She didn’t say anything and just looked at him.

Ye Mu Lin smiled faintly, his eyes became darker and his voice trembled with a different kind of low sexiness. "it doesn't matter if you don't like it or don't want it, you have to accept it. bai suili, you have to ask me if i'm happy, yingluo."

he slowly stood up and walked to her side. after a pause, he pressed his hands on her shoulders and smiled. "I'll be happier if you're by my side."

Bai suili raised her eyes, her gaze somewhat uneasy. She didn't understand what he had said, but she understood what he had said: he was happy with her around.

Her throat tightened, and she said softly, " "Ye Mulin, we can't go back."

"Aren't we still together now?" his smile grew fainter.

Chapter 3552: You only know how to bully me (2)

she bit her lip and wanted to leave, but ye mu lin grabbed her hand.

she turned around and looked at him. " what are you doing? "

"Didn't you complain that I'm always working and not accompanying you?" he smiled.

she opened her eyes wide and took a step back, but he was holding her and she couldn't move away. she could only be pulled into his arms.

"i didn't."

the tip of his nose moved forward and easily touched hers. his pure male scent also enveloped her, leaving her with no place to escape.

...

He placed his palm flat on the back of her waist and pulled her closer. His voice was a little hoarse. to men, it means that.

“I really didn’t.” she probably felt a subtle change in his body and felt that it was dangerous. she wanted to escape, but ye mu lin did not allow her to ...

He hugged her, his hoarse voice spraying on the side of her neck. did you miss me, huh? ”

“no,” she bit her lip.

he kissed the back of her ear, his thin lips slowly moving to the corner of her mouth, his breath a little messy. ” “But I miss you.”

with that, he kissed her.

She didn’t want to. She was afraid that his wound would open up, so she put her hands on his shoulders and said with a little resistance, ” “don’t let the kasaya split open.”

He kissed her for a while, and she retreated until she was against the sofa. He took the opportunity to cover her and bit her chin. I’ll explode if I hold on any longer.

He held her hand, but she refused. He smiled and kissed her to seduce her.

however, no matter how he tried to seduce her, she refused. her eyes were watery as she begged him in tears, ” “no, you’ll get hurt, yingluo!”

He continued to tease her. you’ll feel bad if I get hurt, won’t you? ”

She bit her lip and couldn’t say anything for a long time. She closed her eyes and looked extremely pitiful.

Ye Mu Lin had succeeded. She was very nervous and could not let go.

He kissed her. when will you end like this, huh? ”

she closed her eyes and said in a broken voice, "ye mulin, let go of qianqian. you can't do it, qianqian."

"Can't?" he chuckled. "i can't?"

he picked her up and let her sit in his arms. she was embarrassed to sit there, and she looked a little lost and pitiful.

He kissed her and whispered in her ear, "Bai Sulli, don't hurt me!"

her mind was in a mess, and she couldn't describe the feeling.

she then looked at him in a daze. ye mu lin did not do anything but kiss her and let her hair down.

her black hair fell smoothly to her neck, and she looked especially charming and beautiful. she opened her lips and said in a hoarse voice, "i admire lin qianqian."

His dark eyes were like a deep pool of water, so deep that she couldn't see the bottom. She was immersed in them and couldn't escape.

Suddenly, she burst into tears. She lay on his shoulder and punched his shoulder with her fists. Her body was twitching from crying. "ye mulin, you bastard."

She was indignant, she was angry, and she hated him.

But she still loved him.

She loved him, but also hated him.

ye mulin exhaled with difficulty and reached out to hold her down. he muttered softly, "Don't cry, okay? if you keep crying like this, what am I going to do?"

He didn't want to tell her that if she cried like this, it would only make the man's beast desire flare up and he would want to bully her even more.

he couldn't take it anymore, and he didn't want to take it anymore. he reached out to hug her and whispered in her ear, " "You do it, or should I do it?"

She was at a loss.

I might get hurt, Yingluo. he smiled.

he seemed to be very democratic in giving her a choice, but in reality, he was particularly hateful.

bai suili bit his shoulder and then hugged him, crying in a low voice but still satisfying him.

Chapter 3553: You only know how to bully me (3)

After that, she lay on his shoulder and refused to get up.

Her whole body was soft and she was crying softly again. She was crying so hard that he wanted to do it again.

ye mulin closed his eyes and went through all the official documents that he had seen today. only then did he suppress the thoughts that he should not have in his mind.

he lowered his head and looked at her soft appearance. he coaxed her in a low voice, " "what's wrong?"

She wrapped her arms around his neck and hugged him, refusing to make a sound. However, her body was still trembling.

"Xue Li." He removed her body and held her face as he looked at her. "Are you uncomfortable?"

...

Her lips trembled and she could not say a word.

ye mulin seemed to have understood what she was thinking. he hugged her with one hand and used the other to take a tissue to tidy her up.

With her eyes half-closed, she rested her head on his shoulder and said, "Ye Mu Lin, we will go to hell."

She had once asked him if he would betray the ye family for her since she had betrayed the Bai family.

He said he wouldn't.

but now, she had completely abandoned the bai family, abandoned her family, and fell into eternal damnation.

ye mulin lowered his head, found her lips, and kissed them forcefully.

he only let go of her after kissing her for a long time. he murmured to her lips, "Hell is heaven when we're together, huh?"

she opened her eyes and looked at him, her eyes filled with helplessness.

He said don't be afraid, he will always be here.

She cried and suddenly wrapped her arms around his neck. She kept saying that this was wrong and that they should not be together, Hanhan.

he hugged her and said in a slow and firm voice, "We will always be together."

later, when she fell asleep, he took care of her, covered her with a blanket, and slept on the sofa.

he went to look at his documents again. he sat behind his desk and spaced out for a while. bai suili asked him if he was happy and if he liked it, but he didn't tell her. if the price of being with her was to be unhappy, then he would choose to be like this forever.

he picked up the document and looked through it bit by bit until he received a call. it was secretary li who called. his voice was flustered. "mr. ye, someone from B city has taken secretary hao away. he's on the way to the airport now."

Ye Mulin held his phone and was silent for a while.

of course, he knew that this was the result of his father's one week of consideration when he returned to B city. the result was that he couldn't stand his mother's change of heart and couldn't accept the fact that su fu liked another man.

ye mulin didn't know how far they had progressed, but he knew that it must have been something significant for his father to be so angry.

He gripped his phone tightly and said in a calm voice, "Don't tell anyone about this. I'll go to the airport immediately."

"But your health," Secretary Li said worriedly.

"I'm fine." Ye Mulin's voice was a little bitter.

he hung up the phone and got up. when he passed by bai sulli, he paused for a moment. after a moment of silence, he bent down and kissed her. he said in a low voice, "People who love each other should be together, right?"

He took his coat and walked out of the villa with a cold face, as if the sweet feelings from half an hour ago were just a Phantom.

he drove his own car at 150 km/h. when he arrived at the airport, he just happened to intercept the people from B city.

ye mulin recognized all four of them. they were people that ye zhenggang often ordered around.

ye mu lin's arrival made the few of them feel a little helpless, but they still braced themselves and went forward. " eldest young master, why are you here? elder ye is very concerned about your health."

ye mulin sneered. " is that so? i miss my father too. let's go back and visit him. "

Chapter 3554: this son is 1200 words more ruthless than him

As ye Mulin said this, the four people's faces turned as ugly as if they had eaten sh * t.

If anything were to happen to the eldest young master, they would not be able to bear the responsibility. If they could not handle this matter well, they would also die.

While the four of them were hesitating, Hao Yun said, " "Mulin, let me go back. I'll be fine."

Ye Mu Lin took a step forward and looked at the few men. Then, he casually said, " "i want to speak to secretary hao alone. please step back."

Hao Yun stared at him while ye Mu Lin looked at the few people and shouted in a deep voice, " "get the hell to the side."

the few of them rubbed their noses and could only get lost.

...

ye mulin then turned to look at hao yun and paused for a long time before saying, " I know you have something against my father and you will use it to threaten him. But uncle Hao, I know you too well. You should also know my father too. He can always be hard-hearted, but you can't.

Hao Yun's expression changed.

Ye Mulin smiled bitterly. he can be so cruel to himself, let alone others. So if you can't be cruel to him, don't use this to threaten him. Otherwise, it won't be a lose-lose situation. In the end, the one who will be injured will be you, and my mother will probably live the rest of her life in pain.

"mu lin!" hao yun's voice was pained.

"I'll go back to B city with you." Ye Mulin spoke firmly. Also, I'm not doing this just for you. My mother is not young anymore. Do you still want her to wait? "

After ye Mulin finished speaking, Hao Yun looked at him suspiciously. Mulin, are you going to sacrifice yourself in exchange? "

"Everything is temporary." Ye Mulin's voice was firm as he boarded the plane. " let's go. i have to come back tomorrow morning. shirley's at home. you have to come back with me. i can't leave you here. "

Hao Yun was speechless for a moment, not knowing what to say.

That night, ye Mulin flew to B city.

when bai suili woke up, he was not there. the documents he had opened were still in the study.

It was late at night, and she was a little lost. She walked over to his desk and sat down. There was a piece of white paper with a line of words written on it-

I'm going back to B city, tomorrow morning.

It was signed by ye Mulin.

She looked at it in a daze, then tore off the page and gently folded it into the shape of a plane.

she opened the window, and the cold night wind blew in her face. she threw the plane into the darkness, and the small piece of white paper flew out until she could no longer see it.

the night house in B city was like a storm.

ye zheng had just met his adulterer, hao yun, and also his good son.

He was really su Fu's good son. He had only been discharged from the hospital for a few days and he had returned to B city with an injury to clear the name of his mother and her adulterer. He was not young anymore, yet he still found himself a stepfather. Wasn't he ashamed?

Ye zhenggang didn't bother with Hao Yun and brought ye Mulin into the study room.

When ye Mulin entered the study, most of the things in the study room had been smashed. It was obvious that his mother had provoked his father quite a bit, which was why he was like this.

the moment ye mulin entered, he smirked and dropped another bombshell."xie anning, i've dealt with it."

Ye zhenggang was already furious and had his hands on his waist. At this moment, his eyes almost popped out from his anger. He went up and grabbed ye Mulin's collar and said in a hoarse voice,"What did you just say?"

"xie anning has been dealt with. she's not in jail but has been dealt with. she died in an accident." Ye Mulin's voice was calm, and his expression was as simple as killing a chick. it was an accident. She personally led the operation and died on the spot. The honor will be given to her after her death. This is the best outcome, isn't it? "

Both of ye zhenggang's hands were still tightly gripping onto his son's collar. He also noticed that his son's neck had some bruises. He sneered, it seemed like he had recovered well.

he released his grip and glared at ye mu lin."Why are you doing this?"

the voice was almost like a low roar.

" there's no particular reason. it's because her appearance destroyed my mother's happiness gu. " ye mu lin smiled."Wudad, you know very well in your heart that if it wasn't for Xie Anning, li Anning, or Wang Anning, uncle Hao wouldn't have been in this situation. Don't you know my mother's character and love for you?"

Chapter 3555: this son is even more ruthless than him (2)

ye zhenggang's expression was extremely unsightly, " but xie anning shouldn't have committed such a crime. "

"yes, she's guilty, so she shouldn't be like this." ye mulin's eyes were dyed with a dark color. " but she has suffered because of you. because i can't do anything to you, i can only let her suffer. "

Ye zhenggang's expression changed completely as he stared at his son, " "mulin, what is our father-son relationship in your heart?"

"dad, you should know the answer to this question better than me, right?" ye mulin smiled bitterly.

Under such gazes and words, ye zhenggang felt like he was losing ground. He also felt disappointment.

" why are you making things difficult for her? " he said dejectedly. " i'm the one who let your mother down. "

...

"That's good enough." "i will definitely take uncle hao away unless you want to see the ye family destroyed," ye mulin said calmly.

Ye zhenggang glared at his son and suddenly became angry. "what do you want to do, mulin? are you crazy?"

Ye Mulin took out a stack of documents and threw them on the table. He said calmly, " if you use the ye family's future to exchange for my mother's marriage, you're actually the one who's at a disadvantage.

Ye zhenggang's gaze landed on the stack of documents. He was so angry that his entire body was trembling. Then, he looked at his son, whom he was so proud of, and gave him a tight slap.

this was the second time he had hit his son. the first time was for bai suili, and the second time was for su fu.

This son of his was going against his father for a woman. He was really infuriated.

ye zhenggang was furious. even after the beating, ye mulin was still unmoved. he looked at his father and said firmly, " " if the ye family falls, i can take xue li and mom overseas. but you, you have nothing. "

"Do you, Yueyue, hate me that much?" Ye zhenggang's voice was stern. just for a Bai Sulli, right? I will go and kill Bai in prison right now. Then, you will have no way out.

"you can do that. you don't have to worry about me." Ye Mu Lin's face looked as if a storm was brewing. dad, there's nothing I can't sacrifice. But if you dare to move, I'll make you regret it for the first time in decades. ye mu lin's finger lightly tapped on the document.

he paused for a moment and said very indifferently, " " we all live by these rules. whether it's the person who made the rules or anyone else, we all have to obey you, wanwan. "

With that, he turned around and walked out.

the wound on his lower abdomen hurt faintly, but he didn't feel dispirited at all. he walked straight out.

he couldn't fall. he was the only one who could fight against his father, ye zhenggang.

He walked towards his mother's bedroom. When su Fu saw him, he was shocked."Mu Lin."

Ye Mulin's expression became gentle. mom, you will come back to H city with me to live in the future.

"mu lin, you don't blame mom?" su fu's eyes were filled with tears.

“What’s there to blame for pursuing your own happiness?” He walked over and gently stroked his mother’s hair. He said gently, ” “Can we start over? there will be no more Xie Anning in the future.”

su fu’s lips trembled as she looked at her son in disbelief.

In the past, Mu Lin would not do that.

He was a lawyer, and it wasn’t his style to use violence to deal with violence. Now, he was a coward.

ye mu lin’s voice was calm, but the words he said made people shiver. ” if i have to become like him to protect myself, i don’t care. ”

Chapter 3556: This son is even more ruthless than he is (3)

Therefore, he did not care if he used Wen Yuan or if he would go overboard in the future. He only knew that Shirley and his mother were the people he had to protect. Nothing else was important.

He protected his weak mother and went downstairs. He only put a coat on her and took nothing else.

Oh, she even brought a small box with Hao Yun’s books and small gifts. She did not bring anything that belonged to ye zhenggang with her. The decades of love between husband and wife had disappeared in a single day. It was truly a pity.

Downstairs, ye zhenggang saw su Fu being carried down by ye Mulin. His face was ashen and his voice trembled.”Su Fu, are you really going to leave?”

At this moment, the bodyguards had all dispersed. There were only a few of them, so there was nothing they couldn’t say.

su fu looked at him and hao yun.

...

ye zhenggang's voice was deep. " we've been married for so many years. aren't you going to give me a chance? is it really not as short as the one year you spent with him? let's forget about su fu's past and start over, okay? "

Su Fu's expression was a little dazed. She shook her head lightly. you're too heartless, ye zhenggang. You're really too heartless.

ye zhenggang looked into her bloodshot eyes and chuckled, " "am i heartless? su fu, you're not heartless. you're abandoning me for an insignificant man. what can he give you? He's just a small head secretary. He'll never be able to climb as high as I am. He'll never be able to give you a noble status and make you the glamorous Mrs. Ye. Are you used to that kind of life? Or did he overestimate himself and pursue you, wanting to take over your business? have you ever thought that you shouldn't have lived a pampered life and become a brainless su Fu?"

he finished in one breath and su fu smiled lightly. glorious Yingluo, I was glorious in the past, but I've tasted the worst. Ye zhenggang, all of this was given to me by you, no matter good or bad.

After su Fu finished speaking, he looked tired. She lowered her head and whispered, "I won't love you anymore. Zhenggang, you actually understand me, don't you?"

Ye zhenggang looked at her and smiled bitterly.

He understood her. She was a woman who needed to be loved with all her heart.

she wasn't clingy and was as elegant as an orchid, but she needed love to support her. she was also tough. once she found that his love was no longer there, she would leave him immediately without hesitation.

she was su fu, the naturally proud su fu who had the capital. she was completely different from a woman like xie anning.

She didn't care about Mrs. Ye's reputation. That's right, without him, ye zhenggang, she was rich and good-looking. There were still many men who wanted her, even if they were younger than her.

ye zhenggang closed his eyes. ” what about after that? you are with hao yun. can he afford to support you? ”

“I don’t need anyone to support me.” Su Fu muttered and then looked at his son. let’s go!

she walked down the stairs step by step. when she passed by ye zhenggang, he grabbed her arm and said in a deep and painful voice, ” “Su Fu,”

su fu paused and lowered his eyes. ” let go, ye zhenggang. we’ve reached the end. without xie anning or hao yun, we won’t be able to make it to the end. ”

She looked at him with a sorrowful expression. the person I used to love no longer exists.

ye zhenggang’s face trembled violently, and he couldn’t say a single word for a long time.

Chapter 3557: this son is even more ruthless than he is (4)

“i can change,” he finally said after a long time.

these words were very humble to xuxu.

Su Fu gently shook his head. we can’t go back.

ye zhenggang’s face was ashen as he grabbed onto her tightly.

In the past, he also had impetuous times. When he had sex with Xie An ning for the first time, he was so high-spirited. At that time, he did not think that his su Fu was waiting for him at home.

if there was a first time, there would be a second time, countless times. if he didn’t think that way and treated su fu like before, would she not have left him?

...

Ye zhenggang had too many 'ifs' in his heart, but he knew that there were no 'ifs' in his su Fu's eyes. What had happened was what had happened, and he would not forgive him.

in the future, she would no longer be his su fu, but hao yun's.

At the thought of this, he smiled bitterly and loosened his fingers, allowing su Fu to slip away.

Ye zhenggang looked at his own fingers and was lost for a long time.

He only came back to his senses after a long time. At that time, su Fu was already standing beside Hao Yun. The way she looked at Hao Yun broke his heart.

his wife, who had once completely belonged to him, had fallen for someone else.

"If I don't let you go, none of you will be able to leave." Ye zhenggang's voice was filled with pain.

ye mulin walked down slowly and looked at ye zhenggang. "i will do as you say, but i have to bring my mother along. "

"You're talking about Wen Yuan." Ye zhenggang held his breath.

ye mulin did not say anything.

ye zhenggang laughed, and his laughter was extremely bleak.

"su fu, i still have a few words to say to you."

He turned and walked into the study. Su Fu looked at his back but still followed him.

Hao Yun took her hand, and she patted him. it's fine. Don't worry.

She slowly walked into the study and closed the door.

ye zhenggang was standing by the bookcase. he took out an exquisite crystal music box and opened it.

pleasant Turkey music came out from the room. he listened to it for a while, then looked at her. "this is for you. i brought it back from my last business trip. i thought you would like it."

Su Fu did not make a sound, nor did he reach out to take it.

"So, you only like the present that Hao Yun gave you now?" ye zhenggang let out a bitter smile.

"There's no need for our Yingluo to get involved," she said softly.

ye zhenggang was silent for a moment before he gave a faint smile. "i just wanted to see if i would move you. it seems like i won't."

he raised his hand and placed it on the cabinet door. his fingers paused for a long time before he opened the cabinet door as if he had made up his mind. he took out a document from inside and gently placed it on the table.

It was a divorce agreement.

su fu was a little surprised.

Ye zhenggang muttered, "su Fu, I thought that we would be able to reach the end of our lives. I let you down and I deserve it. The thing you want is here. After you sign this, you can leave. I will mail it to you or get Mu Lin to bring it to you.

when he said these words, his tone was very flat, as if there were no ups and downs, but his voice was very deep.

su fu reached out to take it, looked at it, and signed it.

there was no division of property in this agreement, because there was nothing that needed to be divided between the two parties.

The only thing he had was feelings.

At this moment, Ye Zheng just realized that Su Fu never needed anything from him. She had her own wealth and didn't need power. When she was Madam Ye, she liked to take care of the flowers and plants at home and take care of the children.

He had pushed away such a gentle woman with his own hands.

Chapter 3558: This son is even more ruthless than he is (5)

Ye Zheng pursed his lips and muttered, "If Hao Yun bullies you, tell me when you come back. I'll help you teach him a lesson. Yingluo, also, don't agree to his request so quickly. Men still need to be tested."

He was like an old friend, but also like a worried parent.

He used to think that Su Fu was old, but at this moment, he felt that Su Fu was well protected. She was the very young one. Whether it was him or Xie Anning, they were actually very old inside.

"I know," "Thank you for being so tough," Su Fu looked up at him.

He gazed at her, his old eyes full of reluctance.

After a long time, he went over and hugged her.

...

He said, "Su Fu, I'm sorry. If I can do it again, I'll be very good to you, Wanwan."

However, there was no such thing.

his su fu left in the end. he left B city with hao yun that night.

Ye Zheng had just gone to their former bedroom. She did not take anything with her, including her clothes, shoes, and jewelry. She did not want anything that belonged to Madam ye anymore. She did not want his Kasaya either.

He sat on the bed and looked around, then closed his eyes.

However, when he closed his eyes, his mind was filled with the once young and lively su Fu who was reading a book on the sofa while waiting for him. It was also the first time he had sex with Xie Anning. Although it was after he was drunk, when he woke up after that, he saw su Fu waiting for him under the dim yellow light and felt guilty.

That night, su Fu seemed to have read something in a book. He was especially gentle. After taking care of him in bed, she hugged him and kissed him. For the first time, he did not give it to her because he had done it with another woman before. He wanted to but could not do it.

He remembered that su Fu's expression was a little mischievous that night. She had leaned on his chest and said that he was old, and she had even called him uncle ye.

su fu, your uncle ye betrayed you that night, yingluo.

Ye Zheng was lying on the bed, and the lights were dazzling. He covered his eyes with his hands, and tears rolled down from the corners of his eyes.

Su Fu was no more.

city H.

early in the morning, secretary li was waiting anxiously at the airport. when the plane finally landed, she immediately went up to him."Mr. S, are you alright?"

“it’s fine. have you done what i asked you to do?” ye mu lin nodded.

Secretary li nodded. yes, I rented another apartment in Si Nan mansion. It’s 120 square meters. It’s enough for Madam.

since ye mulin would return to B city sooner or later, they did not buy a house in H city.

Ye Mulin nodded and looked at his mother. uncle Hao used to live in the office, but it’s not convenient now. Shirley also lives in Si Nan mansion. You can talk to her when you’re bored, but don’t wash her clothes. Don’t spoil her.

Su Fu thought that it was inappropriate. I’ll stay with you.

Hao Yun didn’t say anything and was quite calm.

Ye Mulin smiled. Xue Li’s temper isn’t very good now. It’s more convenient to live separately.

su fu simply couldn’t say anything. was this still his disciplined son?

at this moment, ye mu lin looked at secretary li. ” get the driver to send Secretary Hao and my mother to the apartment. You take them there. I’ll drive back myself.

Secretary li was worried,”your health is not good.”

“i’m fine.” “i’ll be fine after i go back and sleep,” he said in an extremely light tone.

Secretary li didn’t say anything and got into Hao Yun and su Fu’s car. She knew that ye Mulin needed some quiet and alone time. As expected, she saw ye Mulin light a cigarette and start the car with a dark expression.

secretary li didn't say anything and asked the chauffeur to drive to si nan mansion. the car drove far away, but she saw from the rearview mirror that ye mulin's car was still parked there.

After a long time, Secretary li finally looked away and didn't say anything.

Su Fu and Hao Yun, who were sitting in the back seat, didn't either. Everyone's relationship was a little uncomfortable.

After more than an hour, the black RV stopped below an apartment in Si Nan mansion. The apartment that Secretary li had rented was about a five-minute drive from ye Mulin and Bai Sulli's. It was not far, not close.

the car door opened and secretary li helped su fu up the stairs. hao yun followed behind.

Secretary li knew what to do. He stopped when he arrived and handed the keys to su fu. I will pay for the water and electricity here. If there's nothing else, I still have to go to work.

...

after she finished speaking, she looked at her superior, hao yun. hao yun coughed lightly."thank you," he said.

"Secretary Hao, please remember to raise my salary." secretary li said goodbye cheekily and left.

The moment she left, the house suddenly became empty and too quiet.

su fu looked at hao yun and licked his lower lip."I'll look over here."

" yes. " hao yun nodded. " i'll go to the kitchen and make you a bowl of noodles. "

su fu was stunned for a moment before he smiled slightly. " okay. "

She turned and walked into the living room when Hao Yun suddenly called out to her, "su Fu, are you sure you want to be with me? i might quit this industry in a few years. tsinghua university keeps inviting me to teach, so i might just be a penniless teacher in the future."

"then can you ask him if there's still a lack of a chinese teacher?" su fu looked at him and smiled.

This time, it was Hao Yun who was stunned.

su fu walked over and gently touched his arm. "didn't you say we're going down? hao yun, i'm hungry."

He looked down at her and seemed to see the young su Fu.

mm. he patted the back of her hand and went to the kitchen. Secretary li was really thoughtful. Not only did she rent a house, but she also filled the fridge with all the utensils. Hao Yun took the ingredients and made a bowl of tomato egg noodles.

on the other hand, su fu took a brief look around the place. it was not very big, but the decoration was very elegant and was in her favorite style. after she finished, she went back to the kitchen and saw hao yun filling two bowls with noodles.

she hugged him from behind and said in a low voice, "hao yun, this place is pretty good."

Hao Yun could feel her face against her back. Even through the thick coat, he could feel her orchid-like breath. Both his heart and body were a little restless, but he held it in. He did not want her to feel that he was an impatient man when they had just been together.

even though he desired it.

hao yun turned around. "it's good that you like it. "

he placed the bowl of noodles on the dining table and helped her sit down. he said softly, "i might have to stay in city H for another one or two years. mu lin will be transferred back to city B after that. "

At that time, the situation of the struggle would be the most severe, but now, it had just begun.

as an insider and an outsider, hao yun could clearly see that mu lin did not like Z medicine. however, people had to plan and consider for themselves. through xie anning's incident, hao yun had already seen ye mulin's change. in the past, ye mulin would not have made a move, but now, he was really ruthless.

after hao yun finished speaking, su fu was clearly stunned for a moment before she softly said, "did mu lin agree to wen yuan's request?"

Chapter 3560: men who have never tasted meat are all slutty (2)

Hao Yun knew what she meant, so she reached out and placed her hand on the back of her hand. he's not doing this for us. He's doing this for the bigger picture. You'll know soon enough that he'll be with Shirley.

Su Fu lowered his eyes. I'm not interested in those things, but it's not like I don't know anything. I know that Mu Lin wants to replace his father's position, but how many years will it take? Can Xue Li understand and wait? "i'm really afraid that she can't understand mu lin."

"i've been waiting for so many years," hao yun smiled. "haven't i waited all these years?"

su fu did not know what to say and whispered, "eat the noodles, it's getting cold."

hao yun had been single for a long time and her cooking skills were good. su fu felt warm as he ate and wanted to wash the dishes after eating. hao yun refused. he said that he could not guarantee a rich life but she could not handle the family matters. he would find a jia yizheng to come over tomorrow.

When he was washing the dishes, su Fu leaned against him and whispered, "i used to do this too. i also did laundry. i even helped shirley wash her clothes when she just got married."

...

really? ” Hao Yun turned her head in surprise. really? ”

She nodded. yes, I’ll help you wash in the future, but please don’t ask anyone else to come over. I don’t like it when there are other people in the house. If I’m bored, I can chat with Shirley.

Hao Yun’s hands stopped moving and she looked at him. “What’s wrong with you?”

Hao Yun smiled bitterly,”su Fu, if you Lean on Me like this, I won’t be able to control myself.” Go wash up and go to bed, I’ll smoke a cigarette.”

“Do you have to go to work later?” Su Fu stared at him and asked.

He thought for a moment, but still shook his head.”i’m not going today.”

Her expression seemed to relax, and she gently hugged his waist and said in a low voice, ” he and I are officially divorced. You don’t have to endure it, Yueyue.

Hao Yun’s body was very stiff. She stood there for a long time, unable to speak. After a long time, she looked down at her and said in a hoarse voice, ” “Su Fu, I’ve never had a woman before. I might not do well.”

su fu buried his face in his shoulder and said in a soft voice,”Will you be disappointed in me? I’ve already given birth to two children. Hao Yun, I’m not perfect anymore. I might not be the SU Fu in your heart anymore.”

She was almost going through menopause, and she couldn’t give him that perfect experience. He should find a young girl.

Thinking of this, su Fu wanted to escape.

hao yun caught her and trapped her in her arms. she gently carried her all the way to the bed in the bedroom.

he lay next to her, not in a hurry to possess her.

he looked down at her and gently kissed her cheeks and chin. the lines of her face were especially good, and she didn't look like someone in her fifties at all. he kissed her for a long time before he said in a hoarse voice, " "in my heart, you will always be that su fu."

The first time was always a little chaotic. Fortunately, there was someone who understood. As her black hair twined, they completed their first time. After that, Hao Yun hugged her tightly and kissed her hair."su fu, you make me drunk."

he never knew that this kind of thing was so wonderful. she took good care of her body, like a woman in her 30s. he was almost addicted to it.

men who had their first time having sex would not be able to control themselves. even though hao yun's heart was filled with poetry, books, and political affairs, and she was usually serious, this did not prevent the fact that he was a man.
