

## Thank you 3641

Chapter 3641: he didn't come home tonight (10)

Bai suili lay back down, burying her face in the pillow, and looked at him, " "can you handle it?"

Ye Mulin did not understand what she meant. What did she mean by 'can you handle it'?

" i mean, can you handle two families? " bai suili looked at him.

he chuckled, got up, and continued to put on his clothes. his tone was light."Bai suili, you can try."

He paused for a moment. Wen Yuan and xiangnan will be leaving the country soon. They won't bump into each other.

the meaning of his words was too hateful. bai suili glared at him.

...

Ye Mulin laughed softly. He put on his pants and fastened his belt. As he had to go to work, he wore a white shirt and a dark-colored jacket. After he was done putting on his shirt, he sat down beside her and became serious."What did you tell Anan last night?"

"About Wen Yuan and xiangnan?" she sat up as well, not realizing that she was only wearing a thin silk nightgown. she hugged herself and asked softly, " "ye mulin, what do you want me to tell her?"

ye mulin stared into her eyes and only muttered after a long while,"bai xue li, what is your heart's hope?"

"If I say I don't want to be with you again, would you believe me?" she said helplessly.

"i'm used to ye mulin being alone, and an 'an is used to not having a father," she mumbled to herself.

He looked down at her, his voice a little hoarse. “Bai Sulli, are you going to let an ‘an live without a father for the rest of her life?”

“She’s very independent.” She tried to reason with him.

“But she knows that I’m her father now.” Ye Mulin laughed coldly.

His fingers gently caressed her small face. “You want me to divorce you and marry you, huh?”

Actually, all of this didn’t matter. As long as she wanted to, he could do anything.

He didn’t need her to say anything. He had already divorced her. How could he bear to see her suffer?

however, she really had the guts to think about it. she thought of him so badly and wanted to have the best of both worlds by having two women. did she think that he would get together with wen yuan just because of his biological needs all these years? Wen Yuan’s child was mu Bai’s. Was he so immoral in her heart?

He reached out and pinched her chin, wishing he could crush it, but he resisted the urge.

bai suili didn’t buy his words, and her face turned cold.”ye mulin, what’s wrong with you again! I didn’t ask you to divorce and marry me. ”

he looked at her for a long time before he suddenly said, ” “you’re still the same as before, pig brain.”

She was even angrier and tried to reason with him. He impatiently leaned over and kissed her, his voice hoarse.”If you dare to say another word, I’ll make sure you can’t get out of bed.”

Bai suili was stunned. How could he be like this?

She glared at him and bit her lip. Her face seemed to be burning.

he smiled, then bit her lips.

When a man quarreled with a woman, he could be a hooligan, and he could also be touchy. In short, the woman would always be at a disadvantage in the end. Bai Sulli didn't dare to argue with him anymore.

she curled up at the head of the bed and suddenly thought of something. "where's xiao-xiaobai?"

"It's made into turtle soup." ye mu lin caressed her red lips and spoke in a hoarse voice.

if it wasn't for the fact that he had to go to work, he wouldn't have let her go. although they had done it after they reunited, he had been empty for almost a year. how could one night be enough to satisfy him?

Chapter 3642: Anan is lost, the little tadpole is looking for daddy (1)

Bai suili glared at him, unable to believe that he had really scalded little white into a tortoise.

at first, she glared at him, and then tears welled up in her eyes, but they stubbornly didn't fall.

He just looked at her with a faint smile.

After a long time, she finally managed to squeeze out a sentence. ye Mulin, I hate you to death.

He was about to say something, but she had already reached out to slap him away and accidentally hit his face.

she had just given the general a tight slap!

...

ye mulin stared at her face for a while before he said coldly, " "You haven't changed at all."

“You didn’t either, you’re still as cruel as ever!” she was angry that he had stewed xiao-xiaobai. although she was a little scared, she still had the guts to look at him.

ye mulin looked at her and did not care about his face that had been hit. he snorted and got up. did qianqian look angry?

Bai suili didn’t care about him, and she didn’t want to admit her mistake. It was his fault. He had killed Xiao-Xiaobai.

He was the bad guy.

Ye Mulin was a little angry. He was a man, a man with high status and power, but he was beaten by his wife.

he shook his head. he had not changed at all!

he had to go to work. when the man got into the car, he called secretary li and asked her to bring breakfast.

Actually, thinking about it, he was really cheap. He asked for it. He couldn’t even have breakfast and was even slapped.

He said he would stew Xiaoxiao and she believed Yingluo. She was really stupid!

ye mulin’s car stopped below the office and he called wen yuan again. he asked about xiang nan’s situation before he got out of the car and walked into the office. along the way, everyone who saw him shouted, ” “chief ye.”

In the apartment, Bai suili flipped her hand and looked at it, muttering, ” “you’re so petty. i just accidentally hit you.”

However, did he really kill Xiao-Xiaobai?

She sat there in a daze for a while, and then her eyes turned red ...

Just as she was in a daze, an an woke up and ran over barefooted from the children's room. "Mom."

bai xiuli came back to her senses and hugged her little body with a smile. "anan,"

bai anan put her arms around her neck and stared at her for a long time before she whispered, "Did dad come back?"

bai sulli was stunned again. she didn't expect an 'an to care so much about this, so she forced a smile. "i did, but dad is very busy with work."

an an asked her again, hugging her even tighter and whispering, "Mom, are we going abroad?"

bai sulli's voice trembled, and then she whispered, "anan, you want to stay?"

an an leaned on her shoulder and said in a very soft voice, "i like daddy."

bai sulli felt a little sad. she patted an 'an and said, "you can still come back to see him in the future."

an 'an had always been like a boy and didn't act coquettishly. but this time, she snuggled into her mother's arms. "i want to be with daddy."

She was talking about being together for a long time.

Bai sulli was dazed for a moment, then sighed in her heart. She was somewhat at a loss.

Perhaps it was a mistake to take on the job and return to the country this time. She thought that it would be fine to be back for half a month. She thought that he would forget her since he had a family long ago. Everything was not important anymore and they would not have any more interactions.

however, she was too naïve. he had preserved this place well and would come over to stay occasionally. he even wanted to send wen yuan and xiangnan abroad. what was he trying to do? he was exactly the same as ye zhenggang!

## Chapter 3643: an 'an is lost, the little tadpole is looking for its father (2)

It was only the second day after she returned to the country, and he had already dragged her to bed. She knew very well whether she had really resisted or not, let alone whether he had forced her.

Bai Sulli patted an an and comforted her gently for a while. Fortunately, an an was not a very pretentious little girl. She only expressed her thoughts to her mother and then left the decision to the adults.

in this aspect, it was indeed very worry-free.

bai suili picked her up and went to brush her teeth and wash her face together. then she made breakfast for an 'an.

an 'an was sitting and eating breakfast when she suddenly looked at bai sulli and said, ” “mom, i want to go to a nursery.”

Bai suili was stunned, then asked her,”you don’t like being with mommy?”

...

“mom will have a lot of time by herself if i go to the nursery.” an 'an spoke very fluently.

bai suili looked at her. ” is it your own idea or did dad teach you? ”

“my father taught me.” bai anan had betrayed her father so easily.

bai sulli was speechless, but she couldn’t say too much to an 'an. an' an was very close to her father now.

after breakfast, she packed up and took an 'an out to the bookstore. when she reached for her bag, she found a familiar card on the bed.

She walked over and reached out to pick it up. Then, her eyes felt a little hot.

She had used this card before. He had given it to her when she had just gotten married to ye Mulin. He had left it here after she had left. What was the meaning of him leaving it here again?

She watched for a long time until an an pulled her away. She then came back to her senses and led an an out.

because it was after the morning peak period, there were not many people on the subway. bai sulli took an an to find a seat, looked at the platform, and taught an an how to look.

In the past, Bai Sulli wouldn't have taken the subway. She felt that everywhere was filled with a cheap atmosphere. She always traveled in a top sports car, and she was as high-profile as she could be. But now, she felt that this was quite good. It was very life-like.

she did not drive that bmw. subconsciously, she did not want to become ye mulin's mistress. she also did not want to use his card as she would lose her self-esteem.

when the train reached the station she wanted to go to, she got off and walked out of the platform with an an to find the bookstore she was looking for.

The bookstore was very big. An an wanted to read about children's love of science. She took a book and sat on the small sofa obediently. Bai suili was looking for reference books on the other side. When she was abroad, an an often read in the bookstore. She could stay the whole morning to find information.

However, no one expected that a customer was wearing the same clothes as Bai Sulli today. She bought a book and went out. An an saw her, so she immediately got up and chased after her.

The long-legged woman in front of her walked very fast. An 'an called out for her mother a few times, but she did not stop. Soon, she lost her ...

Bai Anan stood on the street of B city. Looking at the unfamiliar environment, she burst into tears.

the baby usually didn't cry. the baby also wanted to be stubborn, but the baby was really scared.

Bai Anan burst into tears. A traffic police officer came over and squatted down."Little friend, did you get lost with your parents?"

bai anan looked at the pretty traffic police lady and nodded shyly.

"Then I'll take you to your mother, okay? tell big sister where you got lost?" The traffic police lady asked patiently.

An an shook her head in confusion. Then, she looked at the screen in front of her and pointed at the person on it. "Daddy."

Chapter 3644: An 'an is lost, the little tadpole is looking for its father (3)

the traffic police lady looked at where she was pointing and was stunned.

It was chief ye!

No, no, chief ye's family had accepted Caiji before, and this was not the only one.

"this is chief ye," she said patiently.

"it's daddy." Little an an said stubbornly.

The traffic police lady was a little speechless and looked at her.

...

An 'an was also looking at her.

after a long time, the traffic police lady coughed lightly.”Lying children will be taken away by the Big Bad Wolf.”

An ‘an bit her lip. Her eyes were teary. it’s daddy. I’m not lying.

the traffic police lady thought that bai anan had a great temperament. although she was not accompanied by a group of bodyguards, this baby looked very noble.

and that face really did look 70% similar to the top five most powerful men in B city.

However, this was chief ye’s child. Didn’t that mean that chief ye had an affair?

the traffic police lady felt that this matter was quite serious, so she asked her superiors for advice first.

she held the precious baby in one hand and the phone in the other. ” “Chief Lin, I picked up a child on the road. He said that chief ye is his father.”

“Throw him into the rescue Station.” director lin said without thinking.

The traffic police officer nodded and looked at Bai Anan with sympathy.

However, after some thought, director Lin made another phone call that he thought was not too important. what’s the child’s surname? What’s her mother’s name?”

the traffic police lady perked up and asked again.

bai anan’s eyes were like black beans.”my surname is bai, and my mother’s name is bai sulli,”

on the other side, director lin heard everything and his body went soft. what kind of sh \* t thing had he seen?

It seemed to be a great achievement, but Bai suili was the ex-wife of bureau chief ye, and this child was an illegitimate child!

He definitely couldn't send it over directly, or the Bureau chief would get angry. As a person in a position of power, no one liked their disgraceful privacy to be exposed.

chief lin was worried and wanted to show off his efforts at the same time. he first called chief ye to let him know. he felt that this was the most appropriate way.

When director Lin called the office, the operator outside picked up first, then Secretary li, who was a confidant. After director Lin told him, Secretary li was stunned and asked him to take care of the child. He didn't hang up the phone and went directly to the small conference room.

at this moment, ye mulin was having an internal meeting with more than ten people. secretary li's expression was a little off when he entered and he whispered a few words into his ear.

Ye Mu Lin looked at her and was slightly surprised. However, he quickly made a decision."ask him to bring anan to me."

"aren't we going to inform miss bai? after all, she might be nearby," secretary li asked in a low voice.

What she didn't dare to say was that this was Hanhan's office. Did her boss want everyone to know that he had an illegitimate child outside?

"just do what i say," ye mulin said indifferently.

Secretary li immediately went to do it and told chief Lin, " "The chief asked you to bring Anan here. He's in a meeting now, so he might be able to take five minutes to entertain you."

director lin was deeply grateful, but he was both excited and uneasy. " "Secretary li, do you think I should send the young master over in a grand manner or secretly?"

secretary li was stunned for a moment, then he laughed."Anan is a girl, not a young master."

Chapter 3645: anan is lost, the little tadpole is looking for its father (4)

After Secretary li finished speaking, director Lin turned the noble little person over in disbelief. He looked left and right and still felt that it was a little boy.

However, the traffic police officer at the side said softly, ” ” she’s actually very delicate. look at her features, chief lin. she’s especially beautiful. ”

“Yes, it’s very nice.” Director Lin looked at it and nodded.

come to think of it, how could the child of chief ye’s woman not be good-looking?

good fellow, i’ve always seen chief ye as an upright person, but it turns out that he’s also enjoying the good fortune of having two men.

Director Lin was disdainful, but he still had to flatter them on the surface. After weighing the pros and cons, he still sent them over personally. Of course, the small traffic police officer had to be recorded for a merit, a great merit.

...

” come to my office tomorrow, ” she said as she got into the car. ” you don’t have to work so hard on duty outside anymore. you’re a girl, so you should find a suitable position. ”

the young traffic policeman gave an ‘er a’ yay ‘in his heart and went over to give an an a kiss-

it’s really fu wa!

An ‘an was not afraid of being taken away by bureau chief Lin. The police car cleared the way, and bureau chief Lin even got out of the car to buy children’s favorite snacks to comfort her.

When the car arrived at ye Mulin’s office, they brought him to Secretary li.

Secretary li hugged an an and kissed her. “You look like your mother.”

“I want daddy.” Bai Anan looked at Secretary li.

“I’ll bring you there now.” Secretary li liked an ‘an very much. Her feelings were different from others. She had been ye Mulin’s Secretary when he was still lawyer ye and she had been his Secretary for more than ten years now.

Just as Secretary li was about to go over, ye Mu Lin had already finished the group meeting and a group of people came out of the meeting room.

He walked in front and looked at an an with a smile.

An an was stunned. She immediately pounced over and hugged his leg. daddy.

Ye Mulin did not avoid the others. He reached out and carried an an.”where’s mom?”

an an blinked her big eyes. ” an an lost mommy. mommy ran away. ”

Ye Mulin coughed lightly. mommy is an adult now. She won’t lose her.

“But I can’t find her,” an an said with tears in her eyes.

ye mulin sighed. he remembered bai sulli’s mistake and would definitely teach her a lesson later. she had lost her child while taking her out. she must not have realized it yet, right?

He turned his head and looked at Secretary li. call Bai suili and tell her that an ‘an is with me.

bai xue li?

“What a distant way of addressing me,” Secretary li stuck out his tongue.

Ye Mu Lin gave her a sidelong glance and she immediately left. She even looked at the group of leaders behind ye Mu Lin.

everyone's expression was complicated because this kind of thing happened often. however, it was rare for someone to expose their private life to the public like ye mulin.

No, it had never happened before.

Seeing the way chief ye carried the child, it must really hurt his heart.

“what a coincidence today,” director lin said with a smile.

ye mulin looked at an an and asked softly, ” “Why is it like this?”

“I don't know what you mean, dad,” Bai Anan looked at him helplessly.

“You clearly remember mom's number, don't you?” Ye Mu Lin's hand gently patted her little butt.”naughty.”

an an wrapped her arms around his neck and buried her face in his.”I just miss daddy.”

director lin's heart skipped a beat. ah, was he being played by a kid?

He swallowed his saliva-she just wanted to see him, and he had to make a trip?

Chapter 3646: anan is lost, the little tadpole is looking for its father (5)

although director lin was cursing in his heart, he didn't dare to say it out loud. he didn't dare to show any unhappiness on his face. what a joke. how could he not be happy? (He really wanted to cry.)

While director Lin was sad, Bai Anan was holding her father in his arms, her little body leaning against his, her arms holding him tightly.

ye mulin whispered a few words to secretary li. secretary li smiled and welcomed chief lin. the other subordinates did not dare to say much or say anything. they only looked at chief lin and praised him for being cute.

ye mulin carried bai anan and walked into his office without any hesitation. he received a lot of attention along the way ...

[ chief ye's child is not this one! ]

[ this one seems to be cuter and more like chief ye. ]

...

[ he was given birth by his ex-wife. His ex-wife was very beautiful. I heard that they were still together for several years after their divorce. It was true love, a true love that could not be broken up even with family and power. ]

they exchanged words but only dared to whisper. they did not dare to let ye mulin hear them. however, since he could carry an an out in public, people would definitely gossip about him.

he was holding an 'an in his arms. an' an's sharp ears caught a word and she asked in a low voice, "dad, what do you mean by ex-wife?"

ye mulin smiled. "an ex-wife is a wife who was together in the past. later on, they were not suitable for each other. or, they were forced to break up. "

Everyone present froze.

Ye Mulin stood still and asked the little fellow in his arms, "Anything else you want to ask?"

An 'an looked at him with her big black eyes and asked in a low voice, "Then, is mom not suitable or forced to?"

An an was not the only one who wanted to know. Everyone present pricked up their ears to know.

Ye Mulin looked at an an and laughed, his voice hoarse.”i was forced to.”

An an replied with an ‘Oh’ and dragged on for a long time. Then, she asked, ” “Does daddy still like mommy?”

“daddy likes you too.” This time, ye Mu Lin replied in a different way.

The children didn’t quite understand, but the gossip around them was clear. It was clear that chief ye couldn’t forget his ex-wife and liked her very much!

After ye Mulin finished speaking, he walked into his office. Before he closed the door, he said to Secretary li, ” “Call Bai Xue Li over.”

Secretary Li’s heart skipped a beat. He felt that every word that came out of the Bureau chief’s mouth was different.

she immediately sent director lin away and called bai suili to tell her that an an was here.

on the other side, bai suili was naturally very confused. she didn’t even notice that after paying for the reference book, she had rushed over.

Ye Mulin’s office was an independent building, and hundreds of people on the floor were his subordinates. Before Bai Sulli arrived, almost everyone knew that chief ye had an illegitimate son.

when she went over, secretary li was waiting downstairs and welcomed her in.

“Secretary li, what is Anan doing here?” bai suili frowned, her mood somewhat anxious.

Secretary li smiled. I don’t know what’s going on either. I only know that director Lin from the transportation Bureau sent her here personally. Shirley, don’t worry. Anan is fine now. She’s with the chief.

Bai suili was the one who was worried. She realized that an ‘an was very persistent about ye Mulin.

She was so persistent that she did not know how an 'an would react if she brought her abroad.

just as he was feeling conflicted, secretary li opened a door and said with a smile, " "xue li, the chief is waiting for you."

Chapter 3647: anan is lost, the little tadpole is looking for its father (6)

bai suili made an "oh" sound, and secretary li blinked at her. "i'll bring you a cup of lemon tea,"

"Thank you," he said. Just as Bai suili finished speaking, Secretary li closed the door.

She turned around. The office in front of her was very large and simple, but every piece of furniture seemed particularly heavy.

the floor was covered with a low-key wool blanket, and there was a set of large bookshelves by the wall with a leather sofa. directly opposite him was a large office table, and there was a decoration on it that bai sulli could recognize. it was sold for tens of millions at an auction, and he actually put it here without fear of people coming to investigate him.

Ye Mulin was sitting on the sofa at this time, patiently feeding an 'an some snacks. When he heard the sound, he turned his head and glanced at Bai Sulli. Then, he said indifferently, " "You're pretty fast."

There was a hint of mockery in his tone, and Bai Sulli could hear it, but it was not the time to argue with him. She walked over and squatted down to look at an an."anan, what are you doing here?"

...

an an looked at her and pouted. " "Mommy's gone, I can't catch up to mommy."

Bai Sulli felt strange. mom didn't leave. She's always been there.

mommy just left, " an 'an said stubbornly. the baby is crying on the street.

bai xue li still wanted to say something, but ye mu lin's voice was low."there was someone in the bookstore who was wearing the same clothes as you. anan mistook her for you when she walked out." This was the surveillance footage that had just been transferred over, which showed how careless Bai suili's mother was.

Bai Xiuli was stunned for a moment, and then she felt a little scared.

As a mother, she was always worried about her child's safety. At this time, Bai Sulli was ready to give Bai Anan a good beating. In the past, she used to hit people who were disobedient.

However, just as she had this intention, ye Mu Lin pulled her over ...

As the world spun, she lay on his lap. It was warm, and there was an indescribable sense of secrecy.

bai xiuli was stunned for a moment before she screamed, " ye Mulin, what are you trying to do? you're crazy. You bastard, let me go.

He caressed her gently with his fingers and said in a hoarse voice, " "shouldn't you be punished for doing something wrong?"

she already knew what he was thinking. she closed her eyes and wailed, " ye mulin, you're too despicable. do you think i don't know that you hit my P \* s to satisfy your perverted thoughts? "

p shares?

perverted thoughts?

Bai Anan leaned against her father and asked in a low voice, " "what do you mean by perverted thoughts?"

Even at this time, ye Mulin still had the heart to answer his younger daughter's question. it's the kind of thoughts that ran ran's father would have when he's with his mother.

What kind of explanation was that?

White snow Blue was furious. She tried to roll her eyes at him, but he had already slapped her on the butt.

Bai suili was in her early 30s, and she had been beaten up by her ex-husband. It would be very embarrassing if word got out.

“Ye Mulin, you bastard! Let go of me! Let go of me!” She screamed in anger.

he refused to let her go and held her down. he said to an an,”do you want to be punished for doing something wrong?”

an ‘an did not dare to take sides, but ye mulin gave her the courage. she swallowed her saliva and said carefully, ” “I want to buy stocks.”

“Bai Anan!” white snow gritted her teeth.

However, the child’s father did not give her a chance. He slapped her a few times, and she immediately screamed.

Chapter 3648: anan is lost, the little tadpole is looking for daddy (7)

“It hurts! “Ye Mulin, you bastard! You’re hurting me, Yingluo!” She first called out and then started crying.

it was a sad and embarrassing cry, especially when secretary li came in with tea. after seeing this brutal scene, he quickly left.

she had been slapped in the P \* s by him, and it had been seen by others.

Ye Mulin looked in the direction of the door, then at the cat urine on her face and an an’s curious gaze. He said in a deep voice, ” “anan, go to the lounge.”

bai anan looked at him curiously, but her heart ached for her mother. she whispered, ” “Dad, do you have that kind of perverted thought now?”

ye mu lin had already hit her. his fingers gently touched the place where she had been hit and smiled.”you’ll have to ask mom later.”

...

an an looked at the smile on his face and felt that his father did not seem to be that angry, so she put down her little heart and ran to the lounge, leaving only a small gap to peek.

“Bai Anan,” “you’re not allowed to peek,” ye mu lin’s voice sounded.

An ‘an responded with an’ Oh’, her tone full of pity.

ye mulin watched as the door closed before he put his hand into his sweater.

He was a little dissatisfied with the clothes.

he had just touched the spot where she had been hit when her body trembled and she cried out, ”  
“Ye Mulin, you’ve already beaten him up. What else do you want?”

He leaned against her shoulder and nibbled on it with his thin lips. Then, he nibbled all the way to the back of her ear. His voice was so hot that it sounded like he had sand in his mouth.

“You’ve done something wrong and you can’t fight?” He pressed his ear against hers and spoke in a stern tone. However, if his hands were not so mischievous, she would have thought that he was really angry.

However, she was sure that he was using this as an excuse.

She lay on her stomach and struggled for a while. ye Mulin, don’t move, Yingluo, don’t move.

ye mu lin did not stop. as he tortured her, he whispered in her ear, ” “Does it hurt?”

“It hurts,” she cried out in pain.

“where does it hurt?” his voice sounded like he was coaxing her gently, but it sounded extremely hateful to her.

he was doing it on purpose.

But even if she didn’t want to say it, he had a way to make her say it ...

when he spoke, his hot breath blew on her ear. it hurt and tickled her, like ice and fire.

“ye mulin, stop it.” She couldn’t help but cry.

She had been deliberately disfigured by him, and he was dressed neatly on the sofa in his office. She thought to herself, when did this man become so obscene?

however, she couldn’t break free from him no matter what. in the end, she couldn’t take it anymore and could only cry on his lap.

She felt embarrassed. An ‘an was just a wall away, and she was in this state because of him.

“do you treat other women like this here?” she mumbled as she cried.

He gave her a hard hit. It was very painful, and she was panting in her crying.

Ye Mulin was a punishment, but he was also a little aroused by this. Coupled with the touch of his hand, he really wanted it. But when he thought of an ‘an inside, he held back no matter how difficult it was.

“The other women didn’t give birth to my child, why would I hit them?” he said in a hoarse voice.

she cried so hard that her tears stained his pants. it was cold and uncomfortable.

ye mulin carried her up and let her sit on his lap. however, sitting like this, her P \* ck hurt unspeakably. she wanted to get down but he wouldn’t let her.

## Chapter 3649: An 'an is lost, the little tadpoles are looking for their father 8

Ye Mulin looked down at her tears and said in a low voice, "are you afraid now? if an 'an had met a bad person instead of chief Lin's men today, would you still have the chance to sit here and be beaten?"

She was stunned.

Shirley, we're Anan's only parents," he said sternly. if she's gone and can't be found, we can have another child, but she doesn't have a chance anymore. Do you understand?"

her lips moved. "she's fine here. ye mulin, i've been living like this for the past few years."

"It's good that you haven't realized your mistake." His face turned cold.

Bai Sulli shook her head. that's not what I meant. I mean, Qianqian, I might not be a good mother, but ye Mulin, are you a good father?" she asked. Or do you think I have a choice in many things?"

...

He stared at her for a while before whispering, "Bai Sulli, you can't choose, but do you think I can? how should I choose if you leave?"

"you can choose not to marry wen yuan." she said, a little peeved.

after she finished speaking, she was stunned and turned her face away in embarrassment.

They criticized each other like this. It was like tearing open a big wound in the past, and everyone was in pain.

Bai suili didn't want to speak anymore. He looked at her and asked in a low voice,"bai xue li, you blame me, don't you?"

"i don't blame you," she said, lowering her eyes. It's my own fault."

He stared at her coldly and put her down. He went to the lounge to comfort an 'an. The peeking child must be frightened now!

Bai Anan was scared out of her wits. Although her mother was crying, she thought that her father was bullying her mother, just like children bullying each other. But then, it seemed that something was wrong with what they said.

Dad was angry, mom was also angry, and they were ignoring each other. Was this considered a fight?

Bai Anan's face fell. When ye Mulin walked towards her, she ran to the sofa and sat down."i didn't peek."

ye mulin walked over and squatted in front of an an. he smiled."Anan, every pair of parents will quarrel."

"Then do other people have perverted thoughts?" An an asked in a low voice. She just wanted to know if her parents were the same as other people. Since she was young, her father had not been around, so she felt that they were different.

Ye Mulin hesitated for a moment before he smiled and reached out to caress her little face. you will have it all. Daddy loves you too. It's just that I didn't know of your existence in the past.

An 'an used to be very dependent on him, but now she was a little suspicious. He knew that it was because he had bullied Bai Sulli. An' an was brought up by Sulli, so of course she was close to her now.

an 'an was still looking at him guardedly. then, she ran out of the bedroom and ran outside.

Ye Mulin hugged her from behind and carried her back.

An an's little body was moving around like a Caterpillar. I want to be with mommy.

she was always a child, and when she realized that her father was not the same as yesterday, she burst into tears.

Ye Mulin was also a little stunned. The baby yesterday was different from the baby today. The baby just now was still different from the baby now!

she's starting to despise me so quickly, yingluo.

An an cried, " I want mommy.

"Mom is right here," ye Mulin comforted her.

" but mommy cried. mommy cried. an 'an cried too. " Bai Anan was crying very sadly, which fully showed Bai suili's strong genes.

Then, ye Mulin understood that this child looked like him but was actually lying!

in her bones, she was a smaller bai sulli!

Smart, but not on the right track. Yingying only knew how to act cute.

However, he had a feeling that he had just survived a disaster. It seemed that he was very glad that an 'an was like this. He wanted a little girl like her. It was not good to be too independent. Girls needed men to coax them.

...

ye mulin was extremely patient with the little girl. he squatted down and pinched her soft little face. his voice was unbelievably gentle. ” then, if daddy coaxed mommy and mommy stopped crying, would baby stop crying too? ”

An an raised her little face and looked at him pitifully. then baby should think about it carefully. I just can’t promise you so easily.

Ye Mulin chuckled and kissed her. then, daddy will go and coax mommy, okay? ”

“don’t hit mom’s P \* s anymore,” an ‘an looked at him fiercely.

“Alright,” he said. “Then, can an ‘an forgive dad?” he hooked his finger at her.

“Baby, you still need to think about it.” An ‘an didn’t fall for it. She was proud and a little unreasonable.

However, chief ye felt that this was very good. After the daughter doted on the boy, he would not be able to stand her bad temper and would not be easily cheated away!

He kissed her again and then walked out. He saw that the child’s mother was still crying. She was probably afraid of scaring an ‘an, so she did not go in.

ye mulin adjusted his tie and walked over to sit down. he put his arm around her shoulder.”still angry?”

Bai suili pushed his hand away, and her voice was nasal, clearly indicating that she had been crying for a long time. “it’s none of your business. anan and i will go back to the United States.”

he looked at her. ” go back to United States and continue to work as a translator to support an ‘an. what kind of life can you give her? ”

it was not that he looked down on her, but his heart ached for her.

she used to love spending money so much, so she must not have been living well in the past few years, so he was angry but also distressed.

bai suili raised her eyes to look at him, and gave a faint smile, "yes, i can't make much money, but at least an 'an can live a normal life."

He looked at her.

" the first year i went to United States, " bai shirley continued, " i washed dishes in a chinese restaurant while i was pregnant. "

Ye Mu Lin was stunned for a moment, then he looked at her in shock.

Bai suili hugged her body and turned her head to look at him, " i work 14 hours a day just to make a few dozen dollars, to pay the rent, to find a proper hospital to give birth to an an and qianqian, so much better than before, qianqian. "

"Even if you were to leave, you would have brought money. Why didn't you?" ye Mulin muttered after recovering from his shock.

"I've brought it," "But it was snatched away," she bit her lower lip.

this time, he didn't know what to say. he couldn't hit her or scold her, but he was still angry at her in his heart when he comforted her.

how could she take care of an 'an when she could not even take care of herself?

bai xiuli turned her face away and said in a low voice, " "Ye Mulin, I can take care of myself. I've been doing well these past few years."

"so good that you've only been back for a few days and you've already lost anan?" He looked at her coldly.

"it was an accident," bai suili couldn't help but say.

“One accident is a lifetime.” He got angry again, thinking that she didn’t realize her mistake, that it was useless to hit her, and that she was still the same as before.
