

Thank you 3711

Chapter 3711: An ugly wife meeting her in-laws 2

ye mulin looked at her. "At most, I'll go pick them up when I return. We'll see them anyway." She spoke guiltily and stared into his eyes. ye Mulin, you'll definitely agree.

he started the car and said in a calm tone, "are you afraid that my mother will eat you up? you two were so close in the past."

Bai suili glanced at him and then said slowly, "i just feel that it's strange for someone to call her mother-in-law all these years. don't you think so, ye mulin?"

he glared at her.

she really knew how to talk.

Bai suili gave a fake smile. chief ye, right?"

...

He held her chin. you can say these words to me again tonight. When we sleep. Okay?"

She slapped his hand away and straightened her body. "bai anan is still here. don't teach the child the wrong things."

"what did i say? you're thinking too much, bai sulli." His expression was unreadable as he started the car.

he first went to his mother's place and carried bai anan upstairs. he did not seem to force her. bai suili was relieved. she thought that mr. ye was a good man.

He came down from upstairs in ten minutes and opened the door directly. No matter how Bai Sulli asked, he didn't say anything.

” ye mulin, didn’t your mother ask where bai anan came from? ” she mumbled softly.

He finally couldn’t help but roll his eyes at her. ” my mother has some general knowledge about physiology. she had already had a c-section when she didn’t give birth naturally. do you want me to tell her in detail? ”

“You know what I mean,” she snorted.

he drove, lit a cigarette, and smoked for a long time before he said slowly, ” “I thought you didn’t want to see my mother?

“Ye Mu Lin.” she was so angry that she turned her head away and didn’t say anything.

she was so angry that she fell into his trap again. he actually drove the car directly to his office.

by the time she realized it, they had already arrived at the courtyard. bai sulli knocked on the door and shouted, ” drive it out. People will see you here.

he stopped the car and turned to look at her. “bai sulli, i’m going out to do something later, so i’ll send you there on the way. your reaction is so big, do you think i’m embarrassing or you’re embarrassing?”

She saw that he seemed to be angry and bit her lip. ” ye mulin, the marriage between you and wen yuan. ”

“It’s over. We’re ready to announce it.” he said coldly.

in fact, they did not intend to do so, especially on his side. however, wen yuan seemed to feel that they should not take the title, even if it was fake. he did not object to it after that.

Bai Xiuli was cowering in the car. aren’t you afraid that your public support rate will drop? ”

“At most, I’ll just retire and go home to have children.” He got out of the car with a cigarette in his mouth and opened the door to ask her, ” ” do you want to wait in the car for an hour? there are so many people here. there will only be more people who will see you. ”

The first move was effective, and she immediately jumped down.

Ye Mu Lin walked in front while she followed behind him with small steps. She called out softly, ”Wait for me,”

he suddenly stopped like a brake, and bai sulli hit his back. “ye mulin, are you always teasing me?” she glared at him while holding her head.

“It’s quite interesting,” He turned around and held her hand with one hand.

She was stunned and stared straight at their hands. Then she said softly, ” “Ye Mu Lin?”

He looked into her eyes and said indifferently and seriously, ” ”If I can’t give you a status, a position that can stand beside me, what kind of man are you?”

Chapter 3712: an ugly daughter-in-law meeting her in-laws (3)

Bai suili looked at him and slowly said, ” it sounds good, but ye mulin, are you sure it’s true? why do i feel like it’s a conspiracy?”

“Is it really not your bad taste?” she asked.

as she said that, she walked ahead of him and complained as she walked, ” “A man in his forties still has such a bad taste, how childish!”

he stood at the same spot and stared at her back view with a face full of adoration. the subordinates around him secretly looked at the general.

After a while, ye Mu Lin stopped Bai Xue Li, ” “Xue Li.”

She was still walking, looking angry.

...

“Bai Sulli, you’re on the wrong path.” He coughed.

“ye mulin, why didn’t you say so earlier?” she turned around.

“You didn’t ask.” He smiled and walked over to hold her hand gently. alright, let’s go!

There were so many pairs of eyes watching, but he didn’t mind being seen at all. He held her hand and walked towards his office. At this point, almost everyone in the office knew that general ye had a new wife.

with such an identity, it was impossible for his mistress to directly appear in front of the public. the only possibility was that she had changed wives, and it was still the original formula and taste.

Everyone looked on with an indescribable look in their eyes.

When they reached the office, Bai Sulli complained, ” “Ye Mu Lin, this is not good.”

“What’s wrong?” He took off his coat and poured her a glass of water.

The texture of his shirt was very good, and it showed more and more of his extraordinary temperament. Bai Sulli looked at him like this and was a little dazed, and it took her a long time to come back to her senses.

He looked at her with a look of understanding.

Bai Sulli suddenly stuttered, ” ye Mulin, I wasn’t looking at you.

“Oh, I know,” he smiled.

but his smile was a little ambiguous and strange.

bai suili thought of what she had said before, and pursed her lips, "I don't want them to talk about you behind your back."

He walked over and placed the glass of water on her palm. He looked down at her and said, "I don't want people to talk about you either. Shirley, you're my only wife. There's nothing I can't tell you."

She looked up, and her gaze was a little uneasy. Perhaps it was because she had not had a good life all these years, so the excessive happiness made her feel a little unreal.

His lips moved, but he did not say anything.

Ye Mulin immediately hugged her and placed her gently on his chest. His voice was very gentle. Shirley, I'll be a good husband and father in the future, okay?"

"I do." "I'm asking you not to be so mean," she said, sticking close to him.

"It's probably because Yingluo has been alone for too long," he said with a smile.

She raised her eyes and asked in a bullying manner, "Aren't you living with Wen Yuanxuanji and Xiangnan?"

Ye Mulin reached out and pinched her face. Silly girl. How can that be the same?"

Then why was it different?

He had already let go of her. Alright, I'll deal with some things first. If you keep sticking to me like this, Secretary Li will see you.

"She will broadcast it to the entire building," he said after a pause.

"Is there such a powerful one?" Bai Suili was somewhat surprised.

Bureau chief ye sat down and thought for a moment.”because she knew that i wanted her to say that knowing the boss’s intentions is a basic rule of a secretary.”

bai sulli’s brain turned a few times before she understood what he meant-

She took back what she had just said. He was really too, too evil!

Chapter 3713: An ugly daughter-in-law meeting her in-laws (4)

He chuckled and started working.

bai suili saw that he was working very seriously and didn’t dare to disturb him, so she just watched silently.

as she drank the water, she took out her phone to play games. after playing for a while, she felt that something was wrong. she thought about it and finally understood the reason.

It seemed that she had not been so relaxed for a long time.

In the past few years, she had been pregnant, giving birth, and taking care of da an ‘an. She had to work and take care of the child at the same time. She had no time for herself at all. Now that she was back, although an’ an was still by her side, it was different.

her mood was different now. she seemed to be at ease. no matter what happened, he would be by her side. with him by her side, she only needed to enjoy her life.

...

She loosened her fingers and looked up at him.

ye mulin was dealing with work and his gaze was indifferent.

Bai suili bit her lip, tears welling up in her eyes. Then she got up and ran over.

There was no one else in the office, so she boldly hugged his waist from behind and said in a soft voice, ” “ye mu lin.”

Through the layer of his shirt, she could feel his muscles under the fine fabric. It was as if he had gained a little more weight in the past few days. How had he lived these few years?

her small hand was placed in front of him, moving around as if she was patrolling her territory.

In fact, Bai Sulli didn't have any ambiguous intentions. This was his office and she just wanted to feel his warmth. However, ye Mulin obviously misunderstood. He held her hand and seemed to hesitate for a moment before asking in a low voice, ” “You want it?”

she didn't come back to her senses for a moment and let out an ” ah “.

ye mulin grabbed her small hand and said in a hoarse voice, ” i'm busy now. how about tonight? ”

She was stunned for a while before she finally understood what he meant. She was so angry that she bit his neck.”Ye Mulin, what are you thinking? I don't have that intention.”

“If you don't mean it that way, then what are you doing on my body?” he asked gently.

“I'm just counting how many ribs you have!” it took her a long time to blurt out a sentence.

he laughed and ran around with her hand. in the end, they even ran to places they shouldn't go.”Don't forget to count here.”

“You're shameless, Yingying. This is an office.” Her voice carried a hint of a snort, but it was really so delicate that honey was about to drip out. He really did not have such intentions at first, but he was also a little angry because of her.

he reached out and pulled her onto his lap. after kissing her for a while, he said hoarsely, ” “If you have something to say, don't tease me. Otherwise, if I really carry you to the lounge, you probably won't have time to see your chief editor.”

Bai suili stared at him with a disdainful look, then retracted her gaze.

he looked at her, chuckled, and continued to work.

just then, secretary li came in. as someone who had been through this, she could clearly feel that the office was full of treachery, but she pretended not to notice it.

Bai suili's face was a little red. She was lying on the sofa and playing games, while ye Mu Lin and Secretary li were talking at the side.

She would occasionally be attracted by his voice. His voice was really nice, Yingluo.

Ye Mulin, who was talking to Secretary li, looked over inadvertently and saw his little wife looking at him with a dazed expression and a little fascinated.

he chuckled softly, looking like he was smitten by her.

Chapter 3714: ye mu lin can be jealous too (1)

bai sulli played the game for five minutes and stared blankly for ten minutes. even after ye mu lin had finished dealing with the matter, she was still in a daze.

“Let's go,” He took her coat and her bag with one hand for her to put on her clothes.

she made an “oh” sound and tidied herself up before looking at him.”You go out alone.”

“And Secretary Li, I'll get the driver to send her.” he said lightly, and then bai sulli naturally continued, ” just let her be in the same car as us. ”

ye mu lin looked at her and frowned. ” bai xue li, it would be more appropriate to call you idiot. ”

“ye mulin, you're insulting me!” she was furious and glared at him.

...

he was already holding her hand and walking out as he said slowly, " "secretary li is in the same car as us. it's not convenient."

"why would it be inconvenient?" She retorted naturally, but then she stopped.

it seemed that yingying was not very convenient.

his gaze fell on her face for a few seconds, and she lowered her head even more.

He smiled and pulled her downstairs to the car.

in the car, she didn't sit in the front, but sat in the back without saying a word.

Ye Mulin felt that she was a little embarrassed. He focused on driving and casually chatted with her. "actually, you don't have to worry. anan's intelligence is perfectly fine, and she didn't lower her iq because of you."

Bai suili wanted to explode again-

This man had really become vile and tortoiseshell. He didn't look like the Bureau chief at all. He was simply a bandit leader.

She was depressed. If it wasn't for the fact that he had worked so hard to translate for her last night, she would really be angry with him.

she sat down and told herself to be magnanimous and ignore him.

ye mulin looked at the rearview mirror and a smile appeared on his face. however, his pride only lasted until he saw her chief editor. he had always thought that she would be a woman in her forties who did not have a single trace of shame. he really did not expect her to be a man in his thirties. he was not bad looking and dressed in a tasteful manner.

At this moment, the young man was sitting in the coffee shop, drinking his coffee calmly, looking very artistic.

“You’re usually with him?” ye Mulin looked at Bai suili.

“It’s work. Don’t think too much.” she stopped him. ” ye mulin, don’t be so petty. you have female employees around you too, don’t you? i didn’t say anything when secretary li was with you all the time. ”

“You could have said something.” he lowered his head and emphasized, ” i really don’t mind you being jealous. ”

In fact, he still wanted to use the same standards to make demands of the other party, so if necessary, he would just promote Secretary li. It would be the same if he changed to a male secretary.

Bai suili was really dumbfounded. She looked at him,”ye mulin, you don’t mind, do you?”

“i mind,” he said.

She didn’t know what to say when he was so direct.

after being stunned for a long time, he held her hand and walked towards the man. when she came back to her senses, she called out in a low voice, ” “Ye Mulin, what are you doing? i’ve been working with george for two to three years. you can’t do this to me. it’s embarrassing.”

“I made you lose face?” Bai Sulli, you’re being unfair, ” he said in a low voice. I’m taking you to my office. You should introduce your colleagues to me, shouldn’t you? ”

His eloquence was first-class, and Bai suili couldn’t refuse him even half a word. Moreover, it would be really rude if she made a scene at this time.

Chapter 3715: ye mulin can be jealous too (2)

she could only pull his hand and said in a particularly soft voice, ” “then yueyue, you’re not allowed to say anything.”

Ye Mulin smiled and walked to George.

George, my husband, Mu Lin. This is my chief editor, George. He’s been taking good care of me all these years, ” Bai Sulli introduced.

she was very smart and broke down ye mulin’s name. ye mulin didn’t pay much attention to it and george, the fake foreigner, didn’t link it to chief ye’s identity. firstly, he didn’t care about these things. secondly, the man in front of him was too young and good-looking. he couldn’t link it to the big shots in the news.

George was still a little arrogant because he was a very powerful person in the publishing world. He didn’t think much of ye Mu Lin. However, he was still polite to Bai Sulli. He called her Lucy and wanted to talk to her about the manuscript.

bai suili looked at ye mulin. ” go do your work. i’ll call you when i’m done. ”

...

ye mu lin nodded at george and left.

george didn’t think much of this man at first. although this man’s temperament and demeanor were first-class, he didn’t think that a man who was needed by a woman to work could be very capable.

However, when he saw ye Mulin’s car, he did not dare to look down on it anymore. It was a Phantom that was worth more than 10 million.

when he looked at bai suili again, his gaze was a little different, and then he said in a low voice, ” lucy, i want to say that i’m a little sorry. as we didn’t sign the contract, the higher-ups have decided that serena will be the author of this book. her previous book had good results and the readers were very happy with her. ”

bai suili was stunned for a moment and then looked at george. ” I’ve already translated 80 pages of this book. You didn’t even read it before making your decision? ”

george shrugged his shoulders. ” it’s the decision of the higher-ups. ”

is it because Yingluo Serena is your girlfriend? ” Bai suili asked. She suddenly decided to be willful.

she didn’t sign the contract to translate 80 pages because she was close to george, but it was obvious that he was playing with her and giving the opportunity to his girlfriend.

Bai suili had been in this line of work for two years and had a certain level of control over the market. This book would definitely be popular.

She was a little angry, but she tried her best to control herself.

after she asked, george looked at her quietly and then smiled. ” ” lucy, isn’t this how the world works? everything depends on connections. serena is very cute, yingluo. ”

He didn’t need to say anything else. He stood up, which was equivalent to announcing the end of their cooperation.

Bai Xue Li was still sitting there, her voice very soft,”Believe it or not, I’ve recorded your words. I can Sue you.”

” go ahead and sue him. it won’t change anything. ” George turned around and smiled at her. Lucy, you can sell the translated book to me, or you can translate the entire book. The price will be the same as before.

“but the name is serena’s, right?” bai xiuli picked up the coffee cup in front of her and poured it on george’s face, drenching him.

then, bai suili said word by word,”I’m telling you now, I’m not short of money!”

George wiped his face and said, ” I’ll make sure you can’t survive in the publishing world.

“like i said, i’m not short of money.” bai sulli stretched out her hand, and a huge diamond ring almost blinded george’s eyes.”i’ll make sure you won’t be able to survive in the publishing world, you scum!”

Chapter 3716: ye mulin will eat it too (3)

A touch of ruthlessness flashed across George’s eyes. is that so? let’s wait and see!

After he finished speaking, he was about to leave in a flustered and exasperated manner.

“Wait a moment.” bai suili took her bag and called out to him.

“what is it?” he turned his head and stared into her eyes.

“please pay for your coffee!” bai xiuli said with a fake smile.

after she finished speaking, she twisted her waist and left, looking devilish.

...

george looked embarrassed and very angry. he looked at bai sulli’s back with a complicated expression.

In fact, he had once hinted to her to be with him. Of course, he had used a very gentle method, but she pretended not to understand. If it were not for her usefulness, he would have abandoned her a long time ago. It was only when Serena appeared that he felt that he could completely replace Lucy and reap the greatest benefits.

After Bai suili left, she was still very angry. This was the job she liked very much!

How could this happen?

she was angry, so she found a cafe below ye mulin's office building and sat down. she took out the small usb from her bag. she wanted to throw it away several times, but after a long time, she still couldn't bear to.

This was her blood, sweat, and tears. This was a job that she liked, and it wasn't just for survival.

this was a beautiful memory for her, as it proved that she could live well on her own. however, she wondered what would happen to her and an 'an if she was not by ye mulin's side now.

she looked at the diamond ring on her finger and smiled.

actually, it was really good to be by his side.

she was in a better mood and didn't want to affect him, so she waited for him patiently. when she was bored, she would play games on her phone.

after ye mulin finished his work, he called her and she told him that she was downstairs.

He seemed a little surprised. it's settled so quickly. Bai Sulli, I thought you would fight for more food for our family! he said.

"it's yellow," she said dejectedly.

yellow?

On the other end, ye Mulin raised his eyebrows and said, "i'll be right there."

"oh," she said, looking dejected.

When they met, she lowered her head. Ye Mu Lin walked over and pulled her ear."What's wrong?"

"i want to eat. I'm hungry." She said pitifully, following behind him like a little follower.

Ye Mulin did not force her and brought her to a very high-end restaurant. He even asked for a private room. She could tell that this was where he often welcomed people when she saw how familiar he was with the place. A person of his status would not casually eat out, but she could feel that after they were together, he had tried to live like a normal person and did not put on the airs of a leader.

She felt a little warm inside, but she still felt that she couldn't be too selfish. It wasn't good to let him 'show his face' in public for her own freedom.

After she said that, he poured her a cup of tea, and his every move was pleasing to the eye.

"it's nothing. it's different from before. besides, i often come to the places i brought you to." He said in a low voice.

Bai suili grabbed his hand. I just can't bear to see you work too hard!

for a moment, he had a different feeling in his heart.

Only Bai Xue Li could give him such a feeling.

being touched was one thing, but the man's words were another. ye mu lin coughed lightly."Is that so? then you hugged me like crazy last night and asked me to use more strength. Do you think I won't have to work hard anymore?"

Pfft!

Bai suili's mouthful of tea directly sprayed on his face.

Chapter 3717: A gift of love (1)

ye mulin glared at her. the tea was dripping down his face, followed by his shirt and his trousers.

"Bai Xue Li," he emphasized.

She knew that she had gotten into trouble, so she immediately grabbed a tissue to help him wipe his face while apologizing in a low voice, " "I'm sorry, I didn't mean to. I didn't know you would say that."

She paused for a moment. ye Mulin, if you were more serious, I wouldn't have sprayed you.

As she said this, she gave him a reproachful look. Her little hands were not idle. She wiped her face, his shirt, and his pants. In fact, she really didn't have any other thoughts at the time. It was just that his pants were wet and he was like this after he wiped them clean.

however, she felt that something was wrong after a few wipes, so she raised her eyes to look at him.

...

Ye Mulin calmly sipped his tea and gave her a slight smile. continue wiping!

she immediately cowered and retracted her hand, biting her lip. " "ye mulin, how am i supposed to wipe if you're like this?"

she picked up the cup again and drank some water, complaining in a low voice, " "You're a perverted freak."

ye mulin did not take it to heart. " "if you let a man who has been abstinent for two to three years not have any reaction to his wife, then it means that either you or i have a problem. "

"oh right, what's up with that?" he changed the topic.

"You mean George?" Bai Sulli looked at him.

She explained the situation and then said, " "i'm quite childish, aren't i? i clearly know that he's such a person, but i still bicker with him!"

ye mulin smiled. she could not help but say, " "i know that you must think that this is not worth mentioning, but it's still quite sad to be with me."

she lowered her head, looking quite cute.

ye mulin thought that he had been a straight man since he was young and was not interested in girls' little plush toys. however, as long as he saw bai sulli, he had a feeling that she was a little toy, a little toy that belonged only to him.

She had already become a mother, but he still treated her like a little toy.

She was so sad now, and he couldn't help but reach out to touch her little head. what's wrong? "

"no, i'm just angry," She hugged his arm and said in a low voice, " "I'm also a little sad."

She leaned against him and said in a soft voice, " but I'm happy too.

"i've lost my job, but i've got you," she said with her head tilted.

She looked very happy, but he could tell that she was disappointed. He reached out and stroked her hair. "Really?"

she hummed in acknowledgment and took out a small usb drive from her pocket. after looking at it for a long time, she said softly, " "ye mulin, let's just forget about this. I'll cook for you at home in the future, okay?"

she was about to throw it into the cup when he stopped her. " "didn't you put in a lot of effort to make this?"

as he said that, he put it into his pocket.

"You want to keep it as a memento?" Bai suili looked at him.

He just smiled.

At this moment, the waiter came in and served the dishes. His service was very thoughtful because he knew ye Mu Lin's identity. After he served the dishes, he asked respectfully, "Chief, do you need our service here?"

Ye Mulin gestured for them to leave. Then, he looked at his little wife. "Aren't you hungry? let's eat."

"You're not even going to comfort me?" She asked pitifully, resting her sharp chin on his shoulder.

ye mulin patted her face and said in a soft voice, "I'm your greatest comfort."

Chapter 3718: A gift of love, 1200 words

she was still not satisfied and ate angrily. as she ate, she muttered, "old men just don't know how to flirt."

Ye Mulin just smiled. He ate quickly, but he was really hungry after being busy for half a day.

After he finished eating, he saw that she was still unhappy, so he carried her and walked towards the lounge inside.

Bai suili was a little dumbfounded. How could she not know that there was such a place here?

it wasn't until he placed her on the soft bed that she tugged at his shirt collar and asked, "Tell me the truth, has anyone sent you a woman here?"

he chuckled. "someone gave it to me."

...

she was instantly furious and pinched his face with her little hand. "then tell me honestly, did you have hanhan's 'mm'?"

Ye Mulin allowed her to fool around, but his eyes were very clear as he looked at her. I was drunk at that time.

“And then?” Her small hand grabbed his collar and she asked fiercely, ” “did you kiss her? did you touch her?”

Ye Mulin raised his hand. I just kissed you. Then, I realized that something was wrong. Does this count? ”

She glared at him for a long time, and her eyes started to water up. She reached out and hit him.”Ye Mulin, can’t you just keep it a secret? even if you did touch her, you can’t tell me! i would mind.”

His heart softened as he caressed her face. “I didn’t touch her. Be good, don’t cry.”

He kissed her, kissed her, and touched her. Even though he knew that this was not a good place, he still could not help but press her down and do it once.

he could only force her to do it once. after that, he carefully cleaned her up, then turned to hug her and whispered, ” Shirley, I really feel like we’ve returned to the time when we were newlyweds.

“eh? you were so fierce back then.” She expressed her disagreement.

He pressed her head against his chest. I mean, I’ve returned to the state where I can have sex anytime and anywhere.

Bai suili raised her eyes. you’re too shameless.

He laughed and kissed her to let her sleep for a while. He then used his phone to deal with some business.

In the afternoon, he took her directly to su Fu and Hao Yun’s place to pick up an ‘an. Bai Sulli still felt a little uncomfortable, but su Fu was extremely considerate and dispelled her uneasiness with a few words. He had wanted to ask them to stay for dinner, but ye Mulin had refused, saying that he had official business to deal with when he returned.

su fu was happy to hear this. ” xue li has just returned and you’re already busy with work. how many things do you have to do?! ”

ye mu lin turned his head and looked at bai xue li, chuckling softly,”i’ll find some time to accompany her.”

Only then did su Fu let him go. After thinking about it, he left an an behind. ” you’re busy with your work. anan will stay here for a few days. ”

little an ‘an was like a mini shirley. she was very fun to play with, but she wasn’t as silly and cute as shirley. she was smart because of her son, which was a good thing.

Bai suili looked at ye Mulin. She wanted him to help her. She was not working anymore and could take care of an an. However, ye Mulin pretended not to see her.

She was so angry that she complained when she got into the car, ” “Why didn’t you bring Anan home?”

Ye Mulin fastened his seat belt and then turned to look at her. “Because it’s inconvenient for Yingluo!”

Bai suili glared at him,”what’s inconvenient about it?”

then, she remembered something and angrily stopped talking ...

He was now a middle-aged, greasy old man, thinking about that kind of thing all day long. He said that he had to go back to deal with work, but as soon as he got home, he pressed her down and did it to her a few times. She was afraid that he would make her feel weak.

he was the one who had put in the effort, but in the end, she was the one who lay on the bed in a miserable state.

When she was done, it was already nine O ‘clock when she woke up. The smell of food filled the air and she could hear his deep voice on the phone. He seemed to be talking about some acquisition of Yingluo.

Bai suili turned over and lay down straight. She rubbed her small waist, feeling that it was about to break.

Where did he get such good stamina?

When ye Mulin saw that she had woken up, he hung up the phone and walked over. He lowered his head and kissed her. His voice was hoarse. "You're awake?"

Chapter 3719: The gift of love (4)

she sat up and looked at the night sky outside. she frowned. "ye mulin, can you control yourself a little?"

"Is this a complaint?" He leaned forward to kiss her and chuckled. "You don't like it?"

bai suili reached out and put her arms around his neck, saying softly, "I like it, but I'm a little tired!"

he carried her up and put a thick sleeping robe on her. "I will control myself in the future. Absence makes the heart grow fonder, not to mention that we haven't had it for more than two years."

two or three times, he was not satisfied at all.

she glared at him. actually, she knew this reason, so she let him do as he pleased. she did like him hugging her, but it was very tiring and painful.

...

however, he loved her so much that he would carry her to eat and even serve her food. bai suili looked at him and said, "Don't you have official business to attend to?"

"Aren't you my biggest official duty?" ye Mu Lin smiled.

She rolled her eyes at him, but she felt a little sweet in her heart.

After eating, he really went to work. Bai Sulli really had nothing to do, so she lay on the bed and played small games, waiting for him to go to bed.

ye mulin came back from the study at midnight. he opened the door and saw her lying on her stomach and playing games. he walked over and patted her on her P * ss. ” you hurt your eyes like this. ”

“You’re done?” she turned around and put her arms around his neck. ” “Chief ye, you look like you’re having a hard time.”

He rubbed his brows and chuckled, ” “yeah, there’s too much work to do.”

his words made her blush and she bit her lip. ” “you’re so busy with work, you can take a break from other things.”

Her voice lingered in the night, tugging at his heartstrings. “think about it. there’s no rush. we’re together every day.”

After she finished speaking, she even hugged him.

ye mu lin acknowledged her, but he was a little absent-minded and perfunctory.

after bai suili saw his expression, she hit him in anger, and he laughed, ” no man would want to tolerate this kind of thing. It’s not like he can’t. He can come if he wants to.

She wanted to ignore him, but he unbuttoned his shirt, took it off, and threw it in her face. “I’m going to take a shower.”

She pulled him down. you Rascal.

the sound of water came from the bathroom, and after a while, it was his voice. ” “bai xue li, if you scold me again, i’ll come out and beat you up two more times.”

she hugged the blanket and blushed. she grumbled a few words and lay down under the blanket.

After a while, he lay down, pulled her into his arms, and kissed her hard for a long time. She felt that he wanted it, but she didn't know why he didn't touch her.

She felt at ease and whispered in his arms, " "Is this the reason you didn't bring Anan home?"

Ye Mulin touched the fur of the little fellow in his arms and smiled."You're overthinking it. My mother just wants an 'an to stay for a few more days. She likes an' an very much."

he paused for a moment. " her uncle hao has never been childless. maybe he's too old to have children. she has always liked young girls. i think nan is a boy. i've never seen her love him so much. "

"oh," she said softly,"i misunderstood you."

He lowered his head. actually, it's not a complete misunderstanding. You're right about a small part of the reason.

She hit him and he smiled. tomorrow, I'll take you somewhere. I have a special gift for you. but you'll have to wait until i'm off work. oh right, shirley, since you're free at home tomorrow, you can come to work with me!"

Chapter 3720: a gift of love (5)

She looked up at him. are you going to give me a house, a car, or all of your assets? "

as she said this, she smiled shamelessly and rubbed her face against his chest, looking soft and gentle.

"That's fine." He lowered his head and kissed her.

After he entered politics, he had given his assets to financial consultants to invest. Now, he had tens of billions of Yuan. Ye Mulin was probably the only superior who lived a luxurious life. However, he was still very low-key before Bai Sulli returned.

after she came back, he couldn't let her and an 'an suffer, and they would still have what they should have.

Bai suili raised her head and kissed his chin."You're the best, hubby."

...

He laughed and suddenly pressed her down. He kissed her fiercely, and his eyes seemed to be on fire.

He really wanted to have a good time, but when he thought about her small body, he let her go.

the next day, she was brought to the office by him like a child. it was very public, but all the people in the office were ye mulin's subordinates. although there was some internal gossip, they did not dare to say a word to outsiders.

however, there was always an impervious wall. even ye zhenggang knew about it and called his son, " Mu Lin, what's wrong with you? you should've just secretly raised Bai Xue Li when she came back. Now that everyone knows about it, do you still want to be promoted in the future? "

ye mulin directly told his father, " " wen yuan and i have already divorced. moreover, xiangnan is mu bai's son. wen yuan and i have no feelings for each other. even if we do, it's only family love. "

ye zhenggang shouted from the other side.

This bunch of little rabbits is really incredible!

It was really chaotic!

his eldest daughter-in-law married his eldest son and had a child with his youngest son. his youngest son was back with someone else but he had a relationship with his sister-in-law.

however, the only thing he could be sure of was that he had no reason to oppose ye mu lin and bai xue li anymore. otherwise, how could he let mu lin continue to raise mu bai's son? this didn't seem too good either.

ye zhenggang was silent for a long time before he said in a low voice, "do as you see fit. There's only one condition you said yourself. Xiangnan is a child of the ye family. You can't let the child's heart be hurt.

Xiang Nan has always known. Also, I'll handle it well. ye mu lin said indifferently.

Ye zhenggang let out a long sigh. He was feeling very complicated, and he couldn't explain why. It was as if he couldn't interfere in the matters of his children. However, he didn't want to interfere anymore. If this continued, the remaining feelings would be completely wiped clean!

After hanging up the phone, ye Mulin turned to look at Bai Sulli, who also looked at him eagerly. "Your dad knows?"

he grunted and pulled her into his arms out of habit, his chin resting on the center of her hair. "Are you angry?"

"No," she shook her head.

ye mu lin smiled warmly and said in a low voice, "If you don't want to see him, I won't ask you to see him. You just need to be my wife and be a good mother to Anan, okay?"

as he spoke, their past seemed to have returned to reality. bai suili hugged him without saying anything, just holding him and feeling his warmth.

secretary li saw her at the door and left with a smile. she shook her head.

even newlyweds were not as clingy as them, but it was indeed not easy.

Secretary li left. In the office, ye Mulin kissed the person in his arms. that's enough. You're already a mother and you're still so clingy.

"you're the one who's hugging me, okay?" "you're still blaming me!" she glared at him.
