Chapter 3721: The gift of love (6)

ye mulin smiled. " that's enough. be good. i have to handle some work. "

"Didn't you say that your biggest official duty is me?" She applied what she had learned.

He was stunned for a moment, then he smiled. "You've become different after marrying me. You've become smarter."

"You're not married yet!" She glared at him.

"Actually, Shirley, you don't have to propose to me three times a day;; Bureau chief ye coughed lightly.

she was so angry that she leaned on his shoulder and deliberately bit his neck, even sucking out a little hickey.

...

He let her be, but he warned her, " "I have a meeting later."

as he spoke, he caressed her red lips, a faint smile in his eyes."Many people saw you coming today."

"ye mu lin, you're too evil. you schemed against me." she widened her eyes.

"i didn't seduce you to bite me." he smiled and rolled the document into a tube. " "Play by yourself, I'm going to a meeting."

She was anxious and reached out to grab his arm. She stammered,"hey, you're just going like this?"

“What else?” he raised his eyebrows.

she stretched out her hand and pulled his collar up.”At least try to block it.”

his gaze was unfathomable, and there was a smile on his lips. ” “you’re shy too?”

she glared at him with watery eyes. he smiled and went into the bathroom in the lounge. he tidied himself up in front of the mirror and turned his head.”Is this okay?”

Bai suili nodded.

he lowered his body slightly, and she played dumb.”What are you doing?”

I’m about to have a meeting. Bai Sulli, hurry up.

in the end, she still went over to kiss him and muttered, ” “ye mulin, i’ll be waiting for you here.”

A hint of warmth flashed in his eyes, but it also seemed to be more fiery. However, he did not do anything. He just reached out and pinched her face before leaving.

after he left, bai sulli played games alone in his office for almost two or three hours. he didn’t come back for lunch, but secretary li did, bringing her a t-gong lunchbox.

“where is he?” bai suili asked.

“which him?” secretary li tried to hold back his laughter.

ye Mulin, ” Bai Sulli grumbled as she ate, ” “secretary li, you’ve been with him for a long time and you’ve become bad.”

secretary li sighed and sat down to eat with her. then she said, ” “i’m going to a meeting later too. chief is very busy and hasn’t eaten yet. those who are in the meeting with you have been scammed. if i’m not with you, i’ll be in a bad state too.”

there was a touch of worry in bai suili's eyes,"is he very fierce?"

"There are so many official duties and the people under him will mix around. The chief is always angry. It's not easy to work under him, but there's a future." secretary li smiled. "he treats you differently. if you see him scolding his female subordinates, you'll definitely be scared to tears. "

"he even knows how to scold his female subordinates?" "I thought his temper had changed a long time ago," Bai suili said, biting her lip.

secretary li could be considered as ye mu lin's senior. he smiled. "change what? what change? he's still as unreasonable as ever. he's only patient and loving you because he likes you. other people don't have such a good life. "

Secretary li leaned over and whispered, "in this building, there are many women who throw themselves at the chief. There are four or five of them who are so brazen. However, they are all quite embarrassing. Everyone in the building knows that the chief doesn't like them.

Chapter 3722: A gift of love (7)

"Don't you want to transfer them away?" Bai suili frowned.

secretary li sighed softly. "it's not that easy. they're all relatives of the royal family, and they're all connected by bones. it's not good to offend people for such a thing, so the chief just gave them a black face and was very strict with their work requirements. but even so, there are still a few women who want to be promoted and are trying their best to get it. "

Bai suili thought about it and felt that it was dangerous for her man to work here!

however, she could not say anything and could only eat quietly. after a while, she said, "he's not eating lunch? "

"sigh, that's how the chief's stomach problem started." secretary li brought up an old topic again. "oh right, shirley, you have to take what i just did to heart. a man has to stay at home and feed himself well. he won't go out and cause trouble. "

Secretary li winked at him. "You understand."

...

I don't understand, " Bai Xiuli said, lowering her eyes. I'm only concerned about whether he has eaten or not.

as she said that, she put down her chopsticks and said, " " can't he spare some time in the afternoon? even ten minutes would be good. "

"It's like this when I'm busy. Sometimes, a meeting will be held from morning to night." "Why don't you go and call the chief for dinner?" Secretary Li said exaggeratedly.

"i don't think it's good for me to go." Bai suili buried her face and looked at Secretary li. "Are you trying to frame me?"

Secretary li swore to the heavens. I definitely didn't mean it that way. I'm also worried that the chief isn't, but he won't listen to me. Shirley, he'll listen to you if you persuade him.

Bai suili's expression was a little awkward, and Secretary li added, " "Think about it, the chief's health is your happiness, hmm hmm hmm?"

"you're talking nonsense again." bai sulli bit her lip. " then i'll go call him. i can't do anything if he doesn't listen. "

Secretary li looked at her and laughed to death. Shirley, you're so flippant.

she glared at secretary li. " this isn't our home. what can i do? there are so many people here, yingluo. "

"the bureau chief won't be angry with you." secretary li blinked.

She brought Bai Sulli to the door of the conference room. Secretary li opened the door slightly. Yexi, the Bureau chief was scolding someone. He was scolding the person who had seduced ye Mulin in the past. Ye Mulin did not give him any face and scolded him until he was embarrassed.

at this moment, secretary li opened the door. ye mu lin's voice still had some anger."what is it?"

"chief, shirley's looking for you," secretary li said with a smile.

Ye Mu Lin's expression changed instantly and his voice became much gentler. He didn't seem to have any intention of avoiding the question."Where is she?"

secretary li pushed bai suili out.

The door opened, and Bai suili looked at the people in the meeting room. There were dozens of them, and some of them looked like they were going to eat her up.

Hmph, she was not afraid. Who was she afraid of?

Ye Mulin still had to bow down to her when he got home. Why did she have to care about these women?

She coughed lightly. I can't eat by myself. Accompany me.

He said it confidently and then added, " "it's not working hours now."

In the huge conference room, it was silent as everyone looked at Bai suili.

Based on the chief's temper, he would definitely give her a round of crazy bombarding, because chief ye liked it when people did not separate their work from their private life. It was the same for a woman he doted on.

unexpectedly, ye mulin stared at bai suili and then closed the document. " meeting adjourned. we'll continue at two in the afternoon. "

Chapter 3723: a gift of love (8)

After ye Mulin finished speaking, the meeting room was silent. No one dared to believe that these words came from the workaholic, chief ye. In the past, when chief ye was angry, he would not even have a sip of water, let alone eat.

Now, chief ye had changed, didn't he?

under those gazes, ye mulin stood up and walked to the door. he lightly knocked bai sulli's head with the document in his hand. bai sulli looked up at him and smiled."Didn't you say that you wouldn't be able to eat without my company? why aren't you leaving?"

"oh," she said and followed him obediently. when she felt a few unfriendly gazes, she suddenly hugged his arm and declared her ownership.

ye mulin allowed her to hug him and then he reached out to half-hug her.

F ** k, how much love was this!

...

did chief ye want the beauty over the country? if this matter was exposed, it would become a stain in his reputation. who knew what would happen in the future?

However, ye Mulin did not care at all. He hugged his little wife and went to eat.

in the office, he was still frowning as he read the documents.

let's eat. Bai suili scooped a big spoonful of rice.

he raised his head and frowned. "i'll eat this."

"who told you to be disobedient?" She plucked up her courage and took the documents from his hands. "Eating is just eating. These things can't be finished."

ye mulin put down the document and said, ” “If they all want me to be less worried, then I don’t have to take up my mealtime.”

“Then you should punish them! hit your P * s, hit them hard.” She said that to make him happy.

ye mulin looked at her and chuckled.”Just like hitting you?”

“How is this the same?” Her face was a little red.

he laughed and said, ” yes, there’s a difference. i can’t strip them of their clothes and smack their P * s, don’t you think so? ”

She glared at him, fuming.

Ye Mu Lin smiled and rubbed her head. alright, have a good meal. Take a break at noon before we start the meeting.

she grunted and hugged him.

after a while, he looked at her. ” i’ll just eat. how am i supposed to eat if you’re so clingy? ”

“I just want a hug.” “I really don’t like the way those women look at you,” she said, pouting.

He was angry and amused at the same time. He reached out and patted her. “you’re thinking too much,”

Bai suili bit her lip, reached out to hug him, and ate with him. She was also very clingy.

“How did Secretary li frame you?” he asked.

” ah! ” she yelped, only to realize that she had fallen into secretary li’s trap.

“she said that a woman seduced you,” she said angrily.

“So you were tricked?” While he was eating, he glanced at her. Bai Sulli, you’re a promising person. In the future, don’t tell anyone that you’re my wife.

“fine, i won’t tell you. you still think you’re old!” she said arrogantly, then stuck out her tongue. ” oh right, ye mulin, you have to eat well. your body is my happiness. ”

He was pleased by her. Others might not like her little idiot look, but he liked it very much.

actually, he knew that she was already independent. she was like this because she knew what kind of man he liked. she just wanted to make him happy.

ye mulin suddenly reached out and touched her little head.”shirley, have i ever said that i love you?”

“But I think you love my body more.” She retorted.

His eyes were bright and clear, and then he chuckled. you’re right, Wanwan!

Chapter 3724: The gift of love (9)

It took Bai suili a long time to come back to her senses, and then she glared at him.

ye mu lin smiled and pinched her face.”idiot,”

“I’m not an idiot,” she snorted, but she still reached out to hold his arm and leaned against him. if she was a fool, then she was a fool.

ye mulin smiled.

at this moment, shirley probably thought that he had given her happiness, but she was the one who had given him happiness.

in the past, in ye mulin's life, it was enough to have a career. a wife or a child were additional and not indispensable. however, after he confirmed that bai suili was the other half of his life, she became more important than anything else. he could even give up his career as a lawyer.

...

The fool must not have known how much energy she had, and that energy gave him a very happy feeling.

he loved her. he loved her very, very much. he loved her more and more by the day.

However, he wouldn't say these words out loud. A man's love was all done.

ye mulin smiled and patted his wife's head. alright, let's take a break. We still have a meeting in the afternoon.

as he said that, he grumbled a little, "I really have endless things to do."

this was a man's little trick, and only a silly and sweet person like bai sulli would believe it.

it was so scary to think about it. she had only returned for a short while, and the independent female image that she had worked so hard to build was completely destroyed. all of a sudden, she had become his rice weevil again. she was even more obedient and obedient, but he also doted on her more.

His small complaint made her nervous immediately. She asked,"are you very tired?"

He made a sound of acknowledgment and went to the bed in the lounge to lie down and close his eyes.

His little rice weevil immediately lay in his arms for him to carry. Seeing that he did not want to carry him, she quickly knelt down beside him and carefully pressed his forehead, as if she was serving a master.

Ye Mulin felt that it was funny, but he held it in. After laughing, she probably would not fall for his tricks again.

it was clearly a prank, but it was really comfortable with her little hand pressing on him, so he actually fell asleep just like that.

when she woke up, it was already an hour later.

he opened his eyes and saw his little rice weevil still half-kneeling by his side, gently rubbing his head. he was touched and a little distressed. he reached out to take her hand and said in a gentle voice, " "I was just joking with you, why did you take it seriously?"

her voice was hoarse and a little sexy.

"oh," she replied, then snuggled into his arms and said softly,"i'm not going to let you go.""I just want you to feel more comfortable."

he looked at her with a clear gaze, and then she realized that he had misunderstood. she blushed and hugged him. " don't talk nonsense. "

ye mu lin laughed softly for a while before he got up reluctantly. he pressed her down."take a nap. i'll wake you up after work."

Her heart ached for him, but she also ached for herself. She had helped him massage for a long time, and her hands were sore ...

Thus, she fell asleep peacefully and slept until six in the afternoon.

and in these four hours, chief ye had f * cked his subordinates very badly. at first, they thought that chief ye was as calm as a spring breeze, but that was not the case at all. bai suili was not around, and chief ye was still that strict black bag man!

when ye mulin returned to the office, the rice weevil was still asleep.

he stood by the bed and thought to himself that she had probably forgotten that an 'an was with his mother. she had been taking care of an' an for the past few years, and he thought that she had grown up. however, when she returned to his side, she was still a child.

It was both funny and annoying, but it was just right for her to be by his side like this.

Chapter 3725: a gift of love (10)

He stood by the bed and leaned over to blow a breath into her ear. "lazy worm, time to get up."

When she woke up, her eyes were misty. She hugged her pillow and complained, "i'm so tired,"

He bent down to look at her. There were still faint patches of blue under her eyes, probably because she had not slept well these few days.

mr. ye examined himself and felt that he had overused her recently. he smiled and kissed her eyelids. "i'll let you off tonight."

Bai suili's eyes were filled with fear,"what else did you want?"

"what do you think?" He smiled and pulled her up, tidying her clothes and hair. "Let's go somewhere."

...

She was a little confused and looked at him.

"You'll like it." Ye Mulin merely smiled.

"Oh," she replied and was led to the car by him.

As she fastened her seatbelt, she said worriedly, "do you think others will treat me as your mistress?"

he glanced at her and deliberately said slowly, "i guess so."

"you're a bad guy," said bai xiuli, glaring at him.

"then you're a bad woman," he chuckled delightedly.

His eyes and brows were very comfortable, because bullying her was his greatest pleasure.

Bai suili didn't want to talk to him, since she couldn't win him in an argument anyway.

she didn't disturb him while he was driving. she just played in her own space, and there was a sweet taste in the quiet space.

she didn't say anything until he drove into the parking lot of a building. when he stopped, she asked in surprise, "this isn't a place to eat!"

Ye Mu Lin unbuckled his seat belt and looked at her. He smiled gently."This is where you will eat."

She let out an "ah" and then stared at him, making a chewing gesture."i'm eating cement?"

"You little idiot." He looked at her and smiled, then opened the car door. get out of the car, President Bai Qingqing.

president bai?

Bai Sulli looked at him suspiciously and followed him out of the car. He reached out to her and held her hand when she put it in his palm. He led her to the elevator and said, "This building is the headquarters of the Jiahe publishing firm. I bought ran ran and gave it to you!"

"For me?" Bai suili finally realized what was going on and stopped, glaring at him,"Jia He? The publishing house I work at?"

“You don’t even know where you’re going to eat?” He put on the attitude of a superior, and his gaze was more like he was looking at a little idiot.

Bai suili looked at him helplessly, and after a long time, she slowly said,”But it’s going to cost a lot to buy Jia He, right?”

“more than a billion. it’s not a lot.” ye mu lin’s eyes were bright.

“But why did you buy it?” she stammered.

“what do you think?” he wasn’t in a hurry to get up. instead, he held her waist with one hand and smiled slightly.

“How would I know!” Bai suili bit her lip.

he leaned forward, lowered his head, and bit her lip. his voice was a little low.”bai sulli, if you continue to play dumb, do you believe i’ll run away right now?”

“i’ll talk, i’ll talk.” She was afraid that he would do something rash, so she immediately screamed.

He waited with a proud expression.

bai suili’s small face blushed, and after a long time, she said softly,”It’s because I’m happy,”

“no.” He stretched out his index finger and touched her lips, hinting at her, ” “I’m happy for myself.”

his eyes were clear and bright again. he pressed his index finger on her lips, looking especially naughty.

She blushed and stuttered, ” “Ye Mulin, you won’t ask me to do anything just because of this small favor. You’re not such a petty person, right?”

“It’s just a coincidence,” he said slowly,”I think this is a big favor.”

She stared at him with her teary eyes for a long time before she held his hand. “Oh.”

as he walked, he turned to look at her. “So you’re saying you agree?”

Her eyes were full of coyness as she reached out to hug his arm. She pressed her face against his arm and said in a very soft voice, ” “ye mulin, how did you think of buying this for me?”

He hummed in acknowledgment. because I wanted to make you happy? ”

...

“You’re the best.” “Hubby, you’re the best,” she said as she rubbed her face against his arm.

“Wake up, we haven’t gotten our marriage certificate yet.” He smiled and reached out to pinch her face. “miss bai, you’re proposing to me again?”

“Ye Mulin, you’re too mean.” She was furious again.

“If I’m bad, will you stop making a fuss about marrying me? That’s good.” He teased her on purpose.

Bai suili snorted, hugging him and not letting go, acting coquettishly like this, it was also particularly beautiful.

this building was occupied by jiahe publishing. she followed him in and went straight to the 18th floor. the senior executives of the publishing firm were all working on this floor, including the conference room.

when the elevator door opened, ye mulin's financial manager, ah BEN, was already waiting for them. he smiled when he saw them. Mr. Ye, Mrs. Ye.

To Ben, ye Mu Lin was his biggest client, not the chief.

ye mu lin nodded at him, but his expression was serious."Is everyone in the meeting room?"

Bai suili saw that his expression was very similar to when she was a lawyer. She missed it, so she couldn't help but look at him for a while longer, and she was a little dazed.

ye mulin turned around and saw her little face that was mesmerized by him. he adjusted his expression."President Bai, you can take your time to read it when we get home later. But don't drool at a man in front of your subordinates now, okay?"

Her little face turned red and she glared at him.

ye mu lin smiled and followed ah BEN into the meeting room.

Bai suili followed behind him, but he gently pressed her down beside ah BEN. Ye mu and Lin Jiao did not participate in the conversation, but were more like bystanders.

the meeting room was filled with the founding members of jia he. of course, the impressive george was also sitting there. his new favorite, serena, was sitting beside him. when he saw white sulli, george was shocked, and serena could not sit still.

She and Bai Sulli were two of the most popular translators in GaHe. She had always wanted to suppress Bai Sulli, so she had been with George and used George's hand to suppress Bai Sulli. But what was the situation now?

"What is going on?" George blurted out.

BEN stepped forward and smiled as he took out a document, Mr. Li Jiahe of this publishing house has transferred 100% of Jiahe's shares to our Mr. Ye. Mr. Ye has given it to miss Bai Sulli. In other words, miss Bai is now the owner and manager of this publishing house.

bai suili turned her head and looked at ye mulin. ” what if i don’t know how to run the company and cause the publishing house to collapse? ”

“go home and have a baby.” Ye Mu Lin laughed softly.

I won’t! Bai suili clenched her small fists. I won’t knock him down.

“oh, i’ll be waiting.” he chuckled.

And then she thought he was a pervert. He spent more than a billion just to see her fall?

Chapter 3727: a gift of love (12)

After Ben announced it, George was the first to be unconvinced, This is impossible. Mr. Li would never sell Jia He. This document must be fake.

BEN laughed,”previously, i did not sell it because i was not satisfied with the price and it was not tempting enough.” This time, Mr. Ye offered a 30% premium, so he has no reason not to sell it. ”

“30%?” “why?” george’s eyes were bloodshot.

Ben shrugged his shoulders,”probably because he wanted to make miss Bai happy!” &Nbsp;

he turned his head and looked at bai sulli. ” president bai, i have a few words to say. ”

bai suili expressed that she didn’t know how to be a president, but since she was asked to speak, she would tell the truth. she sorted out her emotions and coughed lightly.”everyone, you have to work hard. you’ll have to put in even more effort than before because i’m not very good at running a business. if you don’t want to lose your jobs, then work hard to protect the publishing house.”

...

after she finished speaking, she looked down.

the people below were also at a loss. that's it?

then, they all felt like a bunch of grass in a nest. shouldn't the boss think of a way? how could he let them think of a way?

they really wanted to cry. this was the first time they had such a willful boss.

Bai suili silently cheered for them in her heart: Just because I didn't come home to have a child, you guys wanted to rush at me!

However, as a new official, she still announced that George had been fired.

this decision was very satisfying.

Serena looked at George, then at ye Mulin, who was standing beside Bai Sulli. She did not feel any sympathy for George. He was just trying to make use of his connections. She was more interested in the man beside Bai Sulli.

He bought Jia He with a lot of money without even blinking, just to make the woman smile.

Serena was not like George, who had lost his temper. She looked at the man in front of her and realized that he looked very familiar. Then, she remembered.

Heavens, it was ye Mu Lin.

That man with an unattainable status would actually appear here and spend a lot of money on a woman.

Therefore, when ye Mulin was about to leave with Bai Shirley, Serena chased after him and apologized to Bai Shirley sincerely. Shirley, I really didn't know that George would be so despicable. I've already drawn the line between us. Also, if you want, you can still translate the book."

“You guys broke up?” Bai suili was a little confused.

Didn't you say you wouldn't leave me?

selena's eyes were filled with impatience. this little idiot!

She squeezed out a beautiful smile. I'm feeling uneasy because of George. Why don't I treat you to a meal? ”

from the beginning to the end, ye mu lin had been indifferent and let bai xue li send them away.

however, it was obvious that his loafer was not on the same page as miss serena. he suddenly realized that what he had always liked was her innocence.

whether she liked him or not, she was very straightforward. she used the clumsiest way to pursue mu bai. she did not hide her love for him and was even better at using others.

she was her, his rice weevil.

bureau chief ye suddenly felt happy again. he coughed lightly.”I'm hungry.”

bai sulli was stunned for a moment, then looked at him, and then glanced at serena,”You mean we can have dinner together?”

He looked at her with a smile.

but we're going to your mother's house for dinner, ” Bai Sulli snorted. it's not convenient.

“We'll eat alone.” he held her hand and walked toward the door.

she was stunned for a moment. "you're not bringing serena?"

"what do you think?" he smiled.

"i don't like it when you're facing beautiful women," bai sulli said as she hugged his arm.

"is it good?" ye mulin recalled that face that had undergone plastic surgery and frowned. "i'm far from you,"

the shallow rice weevil could not help but feel happy. "Really?"

at this time, they had already reached the elevator. he turned to look at her. her face was white, and she still had big european eyes. her nose and lips were beautiful, and she really did not mature with age. she still looked the same.

...

Time seemed to have given her special treatment, perhaps because she was innocent.

ye mu lin reached out and gently caressed her face. bai xueli felt that he was about to say something touching, but ye mu lin was always able to break her imagination.

His voice was hoarse as he said, "why is there a person here?" you're stupider than a pig and i like you!"

after he finished speaking, he let go of her face and stood there as if he was angry at himself.

it was because he liked a little girl with the intelligence of a pig.

bai suili was so angry that she stomped her feet.

He despised her again.

And he even called her a pig!

he was the pig!

he was as lustful as a breeding pig.

When he returned to his senses in the car, his little piggy was still angry, and his mouth was raised high.

“President Bai, are you angry?” He fastened his seat belt and tapped the steering wheel twice with his long fingers.(The man who was nourished by love ~~~)

Bai suili turned to the side, not looking at him.

he was too despicable.

ye mulin looked at her angry face and laughed. he reached out and pinched her face.”i’ll cook for you when we get home, okay?”

“Are there any additional conditions?” she finally turned around.

ye mulin started the car and his expression was relaxed.”oh, there’s something. you have to accompany me at night.”

as he spoke, he reached out to hold her small hand, with a hidden meaning.

Bai suili was stunned for a moment, then bit her lip.

she knew that there was no such thing as a lunch for an idiot, no, a free dinner.

Angry, angry, still angry, she said what was in her heart, ” “Ye Mulin, you’re a breeding pig.”

however, he was not that angry. " i'm a breeding pig, but you still like me to death. otherwise, why were you so angry when that serena wanted to treat me to a meal just now? "

"He's treating us to a meal." she emphasized.

"Are you sure she wants to invite you?" he chuckled.

Bai suili didn't say anything. After a long while, she whispered,"ye mulin, can you stop bullying me like this!"

He was surprised, and then laughed."I'll try my best, but Xue Li, this is just fun."

As he spoke, he reached out and pinched her little face. little fool, stupid pig, rice weevil.

she let out a cry, took his hand down, and held it in her arms.

She didn't speak and just hugged him.

to her, jia he was not important. she was not happy to see george's livid face. to her, being with him every day was a happy thing.

she couldn't help but rub her face against his arm and coquettishly said, " "Ye Mulin, did I ever say that I love you very much?"

"I think it's the first time," he said rather sternly.

"really?" she wrinkled her nose.

"Yes, so do you owe me a lot?" ye mu lin reached out and patted her little head.

Bai suili thought about it and felt that it was right.

Ye Mulin laughed silently , 'you still dare to say that you're not a pig? [i'll update at night ~~]

Chapter 3729: relationship exposed, proposal 1200 words

Ye Mulin brought her home. When they were halfway there, she started to feel uneasy again and looked at him pitifully.”Mulin, should we take Anan home?”

She hadn’t been with an an for two days and she missed her.

As she asked, she looked at ye Mulin with a longing gaze.

ye mulin turned to look at her and smiled. ” my mother called today and said that an ‘an is doing well at her place. she also wants an’ an to stay a little longer. ”

“Really?” She looked at him suspiciously.

“xue li, when did you stop trusting me?” ye mu lin sighed.

...

She continued to stare at him and said slowly,”Ever since I found out that you’re very lustful.”

he chuckled,”which man doesn’t like the same sex? tell me!”

she counted with her fair fingers. of course, she couldn’t answer.

Ye Mulin reached out to hold her hand. He could not bear to tease her anymore. When they reached home, the table was already filled with steaming hot dishes. However, there was no one in the house.

bai suili looked at him, then at him, and then put her arms around his neck. didn’t you say you were cooking? who did it? ”

he pinched her nose and seemed to be thinking. ” “i told you we have a snail girl at home, but you didn’t believe me.”

she laughed as she leaned on his shoulder. after a while, she looked at him pitifully.”Ye Mulin, I can actually cook at home.”

He knew what she meant. She was willing to stay at home to cook for him and take care of the child, just like other women.

she wanted to be a good wife and a good mother, but he couldn’t bear to.

he reached out to hold her little hand and rubbed it a few times. he said in a gentle voice, ” “that’s why we’re back together.”

She responded with an ” Oh ” and was carried up by him. He carried her like he was carrying a little doll and placed her on the dining chair. She felt curious and uneasy. She felt that it was too much to be pampered like this at her age. Moreover, he was really very busy during the day. She had never thought that ye Mu Lin would pamper her like this.

she bit her lower lip, raised her face, and reached out to pull him. ” “You should sit down and eat too!”

he smiled and sat down. she served him rice, and the two of them ate quietly. it was heartwarming.

after the meal, he carried her to the bedroom. she did not object, but her small hand grabbed his shirt collar, a little nervous.

everything happened so naturally. he had said that they had just gotten back together, so nothing was too much to do.

when he wanted her, she hugged him and cooperated. she was very obedient.

ye mulin did it twice to his heart's content. he could not bear to see her accompanying him even though she was exhausted, so he let her go. after everything was over, he carried her and washed her up before placing her under the warm blanket.

just then, his phone rang. ye mulin was about to pick it up when bai suili woke up half-asleep and asked in a daze, " what's wrong? "

he kissed her face. " i'm going to answer the call. be good. go to sleep first. "

she made an "oh" sound and said in a daze,"Then I'll sleep first, come over early."

He smiled and walked out with his phone.

the call was from secretary li, and it was an urgent one. after he picked up, secretary li said directly, " " chief, shirley and anan's identities have been exposed. i've checked, it was exposed by a man named george. the mainstream media is still waiting for an explanation from you, but they don't dare to write anything, but there are many rumors online. "

"Weigh all these and we'll talk about it tomorrow morning," ye Mulin said calmly.

secretary li was uncertain, and his voice became even fainter. " "I need to discuss this with Wen Yuan."

he was prepared, but he was afraid that wen yuan would not be.

secretary li hesitated but agreed in the end. actually, she wanted to say that if this matter was blown up, it would affect ye mulin's future. however, she thought about it and realized that ye mulin might not want this position. so, if wanwan wanted to affect it, then so be it!

however, they had never thought that someone would step forward before him. it was none other than wen yuan.

Before ye Mulin could react, Wen Yuan held a press conference alone the next morning to explain the marriage status between her and ye Mulin.

Chapter 3730: relationship exposed, proposal 1200 words

wen yuan faced the reporters 'tricky questions alone. under the glare of the cameras, she said calmly, ” “Mr. Ye Mulin and I have divorced a few months ago. Therefore, the rumors online about Mr. Ye having an improper relationship with a man and a woman are not true. That’s what I wanted to say.”

she wouldn’t say too much, because if she said too much, she would be caught red-handed. she was about to leave under the protection of her bodyguards, but a reporter asked a very sharp question, ” “Madam Wen, I’m sorry. Then is your son chief ye’s child?”

This question was equivalent to suspecting that they had a marriage of convenience. If Wen Yuan admitted that xiangnan was not ye Mulin’s child, it would have a great impact on xiangnan. She looked at the reporter and replied softly, ” “ye xiangnan is, of course, a child of the ye family. there’s no doubt about it.”

This was a very subtle answer. The child of the ye family was not ye Mulin’s child.

She did not answer any more questions and walked out directly. However, she saw ye mu Bai at the door.

She did not know why he had arrived earlier than ye Mulin. His face was filled with anger and he grabbed her hand. Wen Yuan, are you crazy? ”

...

Did she know how much of a shock it was to her to announce such news?

Would the Wen family let her off? Without ye Mulin’s protection, every step was difficult for her. Had she not thought about this before? was she just going to treat it as a good person coming over to help others?

in the past, he had thought that she was full of tricks, but now he only felt that she was stupid to death. how powerful did she think she was to be able to settle this?

he dragged her to another room and slammed the door shut. she was pressed against the door roughly. “what do you think xiangnan will do in the future?” he stared at her face.

“xiangnan is not mulin’s child. do you want me to keep occupying that position and let his real daughter and wife be his mistress?” “ye mu bai, i can’t do it and i’m not that selfish,” wen yuan said softly.

ye mu bai was stunned. after a while, he growled, ” ” the child is not my brother’s. why do you want to marry him? why do you want to let the nan family name be ye? ”

this was simply unbelievable to him.

There was no longer any fear on Wen Yuan’s face. She looked at ye mu Bai and smiled. “there has never been anything between us. why should i still hesitate when it’s time to end this marriage? and i don’t need to explain anything to you!”

She wanted to leave after saying that, but he grabbed her wrist and pressed her back against the door again. It hurt.

he stared into her eyes and said softly, ” if there’s nothing going on between you and him, why did you seduce me before? ”

without waiting for her answer, he continued, ” pretending to be intimate to arouse my interest. Wen Yuan, if this isn’t seducing a man, what is it? ”

she knew that she couldn’t escape, so she leaned against the door and looked at him with a cold smile. ” “ye mu bai, have you been seduced?”

he moved closer to her, his thin lips on the side of her face, and his voice was very, very soft.”i’m not interested in a married woman who has had a child.”

“That’s good! Let me go, I want to leave.” She said expressionlessly.

ye mu bai was still holding her hand, and his eyes were slightly narrowed with a cold light.”do you believe that the moment you walk out, there will be reporters everywhere? you won’t be able to walk out at all. they will skin you alive.”

wen yuan mimicked him and sneered. ” you’re the one who wants to skin me alive. that’s more like you, ye mu bai. ”

She did like him and was madly in love with him, but after waiting time and time again, she decided to give up.

She didn’t want to wait for a man who never cared about her. She didn’t want to please a man who only knew how to throw checks and pills to her after they had sex.

She had known for a long time that he didn’t love her. She had always been the one who took the initiative and stuck herself to him.

It was her who was cheap, shameless, and her Hanhan who thought too beautifully.

Everything was going to be over soon. She wanted to bring xiangnan out of B city and start a new life. Ye Mulin had given her so much and she could live a good life without the Wen family. Perhaps, she would find another man. Next time, she would find someone who liked her and would treat her well, cajole her, and miss Wen Nan.

he didn’t want her to be fierce at all.
