

## Thank you 3881

Chapter 3881: wen yuan, this is the duty of a husband and wife 3

He buried his face in her neck and chuckled. Then, he took small bites.”i know. i’ll only kiss you once, okay?”

She actually wanted to reject him. it’s a little too late.

He continued to gnaw on her neck, his voice a little low in the night.”it’s not 11 yet.”

As he said that, he suddenly grabbed her hand and let her feel him.

wen yuan turned his face away in embarrassment. ” ye mu bai, please don’t be like this. ”

“Then what do you want?” the smile in his eyes disappeared a little. ” wen yuan, you’re my wife. isn’t it normal for our ran ran to be like this? ”

...

He didn’t want to force her, but he was her husband. When he saw the expression on her face when she accepted Kang Qiao’s gift, it wasn’t that he didn’t feel anything. He was jealous, but he had to endure it. Now, she wasn’t even willing to give him some normal intimacy?

the more he thought about it, the more boorish he became. he bit the soft flesh behind her ear.

wen yuan wailed and she moved back, trying to escape from him. however, he refused to let her. he hooked his arm around her waist and pressed her under his body.

his voice was particularly hoarse,”wen yuan, why do you want to escape?” is it because of kang qiao?”

he finally couldn’t help but say it.

wen yuan looked at her, his entire body stiff. after a while, she said softly, ” “i refused because i’m not interested. Ye mu Bai, if you think that a woman who has just given birth has to sleep with you, even if you can’t do it, you have to satisfy your needs. If you’re unwilling, you’re thinking of someone else. Then, you can think whatever you want and do whatever you want.”

she no longer resisted and just lay down, but her face was buried in the pillow at the side. one of her hands was clenched into a fist and she was biting her mouth. her nose was also red.

the way she looked made men feel tender and protective towards her. furthermore, they were on the same bed at this time.

Ye mu Bai saw that she was really angry, so he turned to the side and looked at her. “it’s not like i have to do it. don’t be angry, okay?”

she was still biting her fist and crying silently.

He looked at her for a while and was sure that he couldn’t coax her, so he pulled her into his arms again.

this time, he did not enjoy it himself. instead, he pressed her down and kissed her from her chin to her neck.

wen yuan was a little stunned. he wanted to stop him, but he pinned her to the bed forcefully, causing her to break down completely.

Wen Yuan cried and asked him to stop. She had not been treated like this for a long time and could not stand it.

she begged him for a long time before he finally let her go. however, he still held her hand firmly and stopped her from moving. he also pressed his forehead against her. ” are you happy now? ”

her face was full of tears as she sobbed. he was too familiar with her weakness. he could let her live and die as he wished. wen yuan was terrified that he would go crazy. he turned his face away and said, ” let go of me. ”

he refused to let her go and wanted her to promise him. ” tell me that you’re willing to do it with me in 12 days. ”

“Ye mu Bai, can’t you go a little deeper?” she bit her lip and glared at him.

“aren’t we talking about a very deep topic right now?” he asked with a smile.

She turned her face to the side angrily, and he put his face on her shoulder, his voice a little hoarse. “wen yuan, you’re the one who chose this marriage. a marriage without sex can’t be maintained. my request is not too much, is it? unless qianqian has feelings for kang qiao, otherwise, even if you have feelings for me, qianqian ...”

“You don’t treat me like you used to, but you won’t refuse this kind of physiological need,” he said bitterly after a pause.

Chapter 3882: wen yuan, this is the duty of a husband and wife (4)

when wen yuan heard this, he could roughly guess what he was thinking.

He knew what she was thinking about. He was asking for some basic obligations. To put it bluntly, it was an obligation between husband and wife. He wanted her to fulfill it.

in fact, wen yuan could not refuse her. she did not want to reject him either.

He was overthinking. He was feeling uneasy because of Kang Qiao’s gift.

wen yuan turned his face and smiled at him, ” I didn’t say that I’m going to reject you. It’s just that it’s not convenient tonight, and I’m a little tired. Ye mu Bai, don’t tell me that you won’t even give me a little bit of freedom? ”

he stared at her, his eyes locked on her expression.

...

wen yuan felt that he was like a lie detector at this moment. ye mu bai must not have realized it.

after a long time, his expression finally relaxed and he smiled very lightly. "you're right. women and men are the same. sometimes they don't want to do it."

He deliberately said it in a particularly rough way. Wen Yuan bit his lip and was a little speechless.

she turned to the side and lay down. she looked at the ceiling and suddenly said, "I had a vasectomy a few days ago."

Wen Yuan was surprised. Why would a man like this? didn't vasectomy mean that he no longer had the qualifications to be a stallion? if he wanted to raise a child outside, wouldn't it be impossible to have another child?

however, ye mu bai misunderstood her silence. he reached out and held her hand. "it can still be restored in the future. but wen yuan, it's enough for us to have two children."

Wen Yuan glanced at him with a strange look.

did he misunderstand?

after that, he didn't do anything to her. he just hugged her to sleep. in the middle of the night, when ye hui woke up, she had to change her diaper and eat it. her little mouth was wide open.

only then did wen yuan remember that ye mu bai had reached out to press her down. "i'll go bring her over. don't move."

Wen Yuan did not say anything. He walked over quietly and carefully picked up little ye Hui. He helped her change her diaper and even carefully wiped her little P \* ss with a hot towel. After tidying it up, he placed it in Wen Yuan's arms.

When Wen Yuan lifted up his clothes, he seemed to hesitate for a moment. Ye mu Bai's breathing became heated. I'll go and see Xiang Nan. You feed her.

as he spoke, he walked out. wen yuan looked at his back and only lowered his head to feed ye hui after he was sure that he had left.

little ye hui ate deliciously. she was a child that was especially easy to take care of. she was well-behaved and obedient. other than eating, she would just change the diaper. the rest of the time, she was practically sleeping. when she was awake, she would twist her little fingers and occasionally smile at others. she was especially cute. wen yuan lowered his head and looked at his little daughter's side profile. from her forehead to her little nose and little mouth, he liked everything.

She couldn't help but reach out and gently pinch her soft little face. Little ye Hui only raised her head to look at her once, then continued to eat the Yingluo.

These days, Wen Yuan's nutrition had been particularly good. She had to squeeze out the ye Hui if she could not finish it, otherwise it would swell and feel uncomfortable.

Ye Hui only ate one side of it. Wen Yuan looked down and decided to squeeze it out, even though it was already late at night.

she went to the bathroom. because it was too embarrassing, she only turned on one night light. she looked in the mirror and cleared her mind. she was a little embarrassed, but it was better than feeling uncomfortable.

ye mu bai went to see xiang nan. when he returned, he did not see wen yuan in the bedroom. he thought for a moment and walked towards the bathroom. there was only a small light in the bathroom. he strode in with his long legs and saw that she was lying there with her pajamas open. she was clearing little ye hui's granary.

Chapter 3883: Wen Yuan, this is the duty of a husband and wife (5)

Because the scene was too alluring, his Adam's apple rolled uncontrollably a few times, and his body tensed up in an instant.

Wen Yuan turned his head and saw him. He immediately covered his clothes with his hands.”You, get out.”

not only did ye mu bai not go out, but he even took a few steps towards her and stood behind her. his voice was a little low. ” can’t you finish eating the fennel? ”

he paused for a moment and continued to speak in a hoarse voice, ” “Can’t you leave it for tomorrow?”

Wen Yuan covered his clothes and bit his lip. I have to get rid of Qianqian and ye Mubai. Can you get out of here? ”

He suddenly hugged her slender waist from behind and rested his chin on her shoulder. His eyes met hers in the mirror. He hugged her and savored her taste for a while, then kissed her neck. let me help you, okay? ” he said.

...

wen yuan’s body trembled. he wanted to reject her without thinking. ” no, i’ll do it myself. ”

However, he had already gotten what he wanted. How could she resist him when he was so strong?

wen yuan closed his eyes almost at the same time.

she simply couldn’t look at everything in the mirror. it was too embarrassing.

Although they had done it countless times as husband and wife, they had never done it like this. After marriage, she had never seduced him with a straight face. He had always been the one who took the initiative, and it was even more so now. If he didn’t want it, she would definitely not want it either.

“Are you feeling better?” he held her waist with one hand and served her at the same time, his voice extremely low.

“alright, stop it,” wen yuan bit his lip and said in a broken voice.

He chuckled and leaned over to whisper seductively into her ear, "did i hurt you?"

Wen Yuan's eyes were half-closed and his voice was hoarse. stop talking, I'm fine.

she used her hand to push his hand away, wanting to tidy up her clothes, but his palm did not move at all. when she went over to push his hand away, she was immediately pinned down by him. he was extremely strong.

wen yuan was on the verge of tears. " ye mu bai, i'm tired. "

"Wen Yuan, open your eyes," he said in a gentle voice.

she refused. she knew how unbearable she looked right now, and she would not let him have his way with her.

Ye mu Bai chuckled and carried her up. He placed her on the sink in front of him with his back facing the mirror. He leaned over and chuckled."it's a bit of a waste to clear it like this."

wen yuan wailed and pressed his hand on his black head. he did not expect him to do this. he really had no moral integrity.

She opened her eyes, but she forgot that she was also facing a mirror. That scene was simply unbearable to look at, Yingluo.

After that, her legs were so weak that she couldn't move at all. She leaned on him to calm herself down. Fortunately, he didn't continue to do anything out of line. He fixed her clothes for her and said, " I'll carry you back to sleep, okay? "

wen yuan pressed on his shoulder. " let me take a shower. if you touch it, you might get an infection tomorrow. "

he chuckled in a low voice, as if he was very happy.

it had been a long time since wen yuan had seen him so happy in the past month. she did not know if what happened just now had pleased him. it was obviously a very bad taste and a little obscene ...

Do all men like this?

She bit her lip and pushed him down, refusing his invitation to take a shower together. She went to take a shower herself.

After she was done, she went back to the bedroom and changed into a set of pajamas. Ye mu Bai was still awake. He was leaning against the headboard and scrolling through his phone. When he saw that she had returned, he placed his phone on the headboard and patted the spot beside him. "time to sleep."

Wen Yuan walked over slowly and lay down beside him. The moment she closed her eyes, she thought-

let's do this!

Chapter 3884: tell her to get in here immediately (1)

two years later.

ye mu bai brought wen yuan and the two children back to B city. at this time, the focus of his work had shifted to B city. his starlight entertainment was listed in new York and ye mu bai was now worth hundreds of billions. of course, he had started to film commercial films to stimulate the shareholders and the stock market. sometimes, wen yuan felt that he had become filthy rich.

However, Wen Yuan was also an ordinary person. She could not enjoy the luxurious life brought about by money and despise him at the same time. She had basically been raised into a rich wife by him. She did not do anything except take care of the children. Occasionally, she would go shopping with Shirley and Xu Mo or have tea with them.

She did not have many friends because she had just returned to the country. On the other hand, ye mu Bai's life was completely different. After he returned to the country, he became very busy. He was busy with socializing and answering endless phone calls. He also had an endless number of women who would appear in the newspaper from time to time, challenging her authority as the real wife.

Wen Yuan did not know why he did not deal with it. She knew that he had nothing to do with those women because he would come back every night and wanted it almost every night. A man who secretly ate his wife would not have such a strong interest in his wife.

The days were neither good nor bad, and the wounds of the past seemed to have healed.

...

wen yuan thought to himself silently as he hung up his shirt after it had been ironed. he had many social events and had become more and more particular in recent years. he would not wear clothes that were not permed by her. wen yuan felt that this was a habit of his because he had been spoiled. he thought that nan and ye hui did not have such a habit.

But she still did it because she had nothing else to do other than doing family affairs every day. She wanted to go to school, had a chauffeur to pick her up, and had a tutor at home. As for ye Hui, su Fu had recently taken her over to live with him. Su Fu had never had a daughter, so Bai Anan was his toy, and ye Hui was Bai Anan's toy.

Wen Yuan was quite relaxed. She usually took care of her skin, doing yoga or something to maintain her figure and appearance. She took good care of herself. However, she was becoming more and more conservative in her clothes. After all, she was used to it at home.

After she was done with her chores, she took a bath and changed into a set of Conservative Home clothes. She went downstairs to see the dinner prepared by the servants. She was quite satisfied with it and returned to the living room.

They were now living in a very large villa with eight suites. It was the top luxury house in B city. Living in such a place was probably the peak of their lives, Wen Yuan thought to himself in a self-deprecating manner.

She dialed ye mu Bai's number. He was in a meeting, but he still picked up his wife's call."Wen Yuan, what's the matter?"

ye mu bai's voice was very gentle, and there was even some emotion in it. everyone in starlight film and television knew that president ye loved his wife very much. other than some small stars who pounced on her, no one in starlight dared to have any ideas about president ye. on one hand, it was

also because president ye always kept a distance from everyone and would not give women a chance to get close to him.

President ye would only be so gentle when he answered Madam's phone.

wen yuan sat on the sofa and asked him softly if he was coming back for dinner. he covered his phone and sent his secretary off. "do i have any plans tonight?"

"There's a cocktail party," his Secretary, he na, immediately said.

He nodded and motioned for them to continue the meeting. He walked out of the conference room and picked an empty aisle. His voice was gentle. "there's a cocktail party tonight, so i won't be able to have dinner. i'll try to come back earlier, okay?"

He had activities almost every night and Wen Yuan was used to it. He just said that he got it and hung up the phone.

Chapter 3885: Tell her to get in here immediately 2

after she hung up, ye mu bai looked at his phone and frowned.

She didn't even say goodbye and just hung up on him?

he let out a long breath, then stood in front of the window at the end of the corridor and looked down. he was standing on the 68th floor, as if he had the entire earth under his feet.

he reached into his pocket and lit a cigarette, smoking quietly ...

All these years, ye mu Bai had gained fame, power, status, and even a wife and children. He seemed to have lived the life that any man wanted to live. However, he knew that he was not satisfied. The reason why he was not satisfied was that this marriage was getting more and more boring.

He did not know what Wen Yuan was thinking, but he felt that it was boring. Although their married life was still very harmonious and they had at least five nights a week, there was still something missing. Wen Yuan did not think that there was anything bad about it. She seemed to be living very freely.

...

He smoked his cigarette silently and returned to the meeting room after he finished smoking. Everyone could clearly feel that President ye's mood was not as good as before, so they were all on high alert, afraid that President ye would press them against the floor.

the secretary, he na, looked at her boss's expression and tucked her tail between her legs. after the meeting, ye mubai returned to his office. he na asked, " "president ye, why don't we cancel the party tonight?"

ye mu bai was playing with an earth globe in his hand. he said absent-mindedly, " "No need, let's just do this."

he paused for a moment and suddenly said, " oh right, how are the preparations for the company's second-anniversary celebration going? "

the proposal is already out, President ye. A few departments are doing the final coordination. I think the entire proposal will be out tomorrow and will be handed to President ye. he na smiled. " i heard that kang qiao was invited this time. i like it. "

Ye mu Bai's gaze froze as he stared at her. "what did you say? you invited kang qiao?"

He na put her hands in front of her chest, her face dreamy. " yes, the public relations department designed it like this. kang qiao will play the piano, and the songs are all very famous love songs. then president ye and madam ye will start the dance on the stage. just thinking about it makes me feel great. "

She did not notice that ye mu Bai's expression had changed, and it had darkened.

"Whose idea was it?" He asked as he lit another cigarette. After taking a puff, he looked at his Secretary.

He NA's hair stood on end under his gaze. She wondered how she had offended President ye.

knowing that she had hit the muzzle, she immediately shifted the blame. " it was arranged by manager xu from the public relations department. he said that this is creative and the picture will definitely look good! "

xu mo?

Ye mu Bai was a refined man. At this moment, he suddenly cursed, " good-looking my ass!

secretary he was dumbfounded. president ye doesn't like to show off his love in public, but he doesn't have to be so angry, right?

ye mu bai pressed the cigarette butt to his head and said in a cold voice, " where's xu mo? call her over and tell her to get her ass in here immediately! "

Secretary he's expression was a little indescribable. There were tears in her eyes. President ye had never been so rough to her before. She almost cried out loud, but for the sake of survival and a high salary, she still went to the 32nd floor in her high heels to find Xu Mo.

ten minutes later, xu mo came over in a chanel suit. his hair was meticulously combed and tied up behind his head, making him look particularly capable.

Chapter 3886: tell her to get in here immediately 3

She closed the door and sat down on the sofa. President ye, is there anything I can help you with? "

Ye mu Bai looked at her and suddenly threw the document at her. Xu Mo's sharp eyes avoided it.

She picked it up in a good mood and sighed softly ...

here it comes again! Once Wen Yuan was involved, he would go viral. He had a bad temper and was completely different from the gentle and warm Jade she used to be in her early years. Fortunately, she did not fall into the trap back then.

“Why are you so angry? your menopause will come earlier.” then, she gave a mean smile.”I have no charm!”

The veins on ye mu Bai’s forehead popped out. Xu Mo, don’t think that you can climb over my head and behave atrociously just because you have a good relationship with Wen Yuan! i’ll tell you yingluo!”

...

“tell me what? are you going to fire me?” xu mo smiled coldly, ” yes, i’m just taking advantage of my close relationship with wen yuan. you can fire me if you want. ”

Ye mu Bai wanted to throw things away again. He felt that all the training he had given her all these years had gone to waste!

he stood up and looked at her coldly. ” it was your idea to invite kang qiao here, right? xu mo, you’re a traitor! ”

Xu Mo had changed a lot over the years. He used to be a small assistant, but in the past two years, he had given her the role of public relations. To be honest, she was very capable, but she was getting more and more outrageous. She was simply provoking him.

Xu Mo smiled. inviting the most popular Kang Qiao over is already double-crossing. President ye, are you not confident in your charm? ”

ye mu bai was provoked. he stood up straight and said, ” “Xu Mo, I’ll deal with you after this matter is over.”

Xu Mo stood up and smiled. I won’t give President ye this chance. I think Wen Yuan will be very grateful for my arrangement this time. He can meet his old friends.

Ye mu Bai narrowed his eyes as Xu Mo walked out of the room.

when she reached the door and held the doorknob, ye mu bai suddenly said, ” “xu mo,”

Xu Mo paused and turned sideways. is there anything else, President ye? ”

“Don’t you have your own selfish motives for doing this?” ye mu Bai’s voice was a little indifferent. Maybe Wen Yuan doesn’t know, but you can’t lie to me and you can’t lie to yourself. Also, if you want to play, don’t touch my bottom line. Wen Yuan is my wife and she can only be my wife forever.”

Xu Mo smiled. I think so too. President ye, in order to maintain a stable and happy married life, work hard!

She walked out and closed the door. Her expression changed slightly.

it was as if the mask that was used to protect her had finally been removed and became soft ...

In the past few years, she had followed ye mu Bai and established Star Entertainment. The process could be described as stepping on countless corpses. She had clearly seen the cruelty and darkness that she had experienced with ye mu Bai.

as for wen yuan, he had always been well-protected by him. xu mo also felt that a woman like wen yuan should stay at home to take care of her husband and raise her children. there was no need to know or face these things. this was also the reason why wen yuan rarely showed his face.

she was really well-protected.

however, even if wen yuan and ye mubai were to live together, they would be like two parallel lines.

ye mubai clearly knew this, but he did not want to change it.

As for Wen Yuan, he hid in the safe zone and refused to enter ye mu Bai’s world. Xu Mo felt that the breakthrough point for the couple was Kang Qiao. Only Kang Qiao’s appearance could revive the couple’s marriage that was like dead water.

Chapter 3887: Tell her to get in here immediately (4)

they could clearly have a beautiful love, but if they continued to live like this, xu mo would feel pity for them.

as for kang qiao, she admitted that she was selfish.

xu mo stood by the door and took out a cigarette from somewhere. he had just lit it when he na saw him.

he na was surprised. it wasn't because manager xu smoked. who in public relations didn't smoke? but to smoke in front of president ye's office, manager xu was probably the only one in the entire company who had the guts!

he na walked over and coughed lightly. " manager xu, how did your conversation with president ye go? "

the moment xu mo raised his eyes, he had already put on his mask and chuckled."I was scolded and my things were smashed."

...

As a senior fan of Kang Qiao, Secretary he looked a little disappointed, " "Then this show must have been aborted. What a pity!"

Xu Mo smiled slightly. Kang Qiao will be on time at Starlight's annual party.

Secretary he's mouth was wide open in shock and he stuttered, " "if it's not wanwan, how did you convince president ye? He even swore before, and that attitude was like a love rival."

"It's a love rival," Xu Mo snuffed out his cigarette. didn't President ye say anything? "

secretary he's mouth was wide open again. this time, he could not close it for a long time.

It was too explosive. It turned out that President ye was not a Wanwan without weaknesses.

However, even if manager Xu knew that Kang Qiao was president ye's love rival, why would he still dare to invite him?

so, secretary he looked at xu mo's back and was full of admiration. what kind of courage did he have? he was plucking hair from a tiger's P \* s.

at this time, secretary he thought of what manager xu had said. he said that the scene would definitely be very good. thinking about it, it was very good. it was simply too good. she rubbed her hands excitedly.

at this moment, the office door opened. ye mu bai stood at the door expressionlessly and said in a low voice, " Secretary he, you seem to be very happy.

Secretary he was dumbfounded. He then tried to defend himself."Happy is at fault too!"

he glared at her and closed the door.

Secretary he thought to himself,'could it be that President ye was eavesdropping from behind the door? did he hear everything I said to manager Xu just now?'

Secretary he was still worried, so he leaned against the door to listen. However, he could not hear anything and could only forget about it.

On the other side, ye mu Bai was cursing in his heart. However, as a man, losing without a fight seemed to make him lose face and confidence.

even with the incident during the day, he still went to the party at night with xu mo. xu mo had one good thing about him, and that was that he could drink. ye mu bai had been maintaining his health for the past few years, so xu mo usually drank less important alcohol.

When ye mu Bai left the hotel, it was already past ten o'clock at night. He drove and told the driver to send manager Xu back later. Although he usually used Xu Mo and gave him many orders, he was not a bad boss. His bottom line was her innocence. He would not let Xu Mo sleep with her. Besides, it was for her safety.

After all, Xu Mo was a very important person to Wen Yuan and one of his few friends.

ye mu bai drove a champagne-colored mulsanne. he fastened his seat belt and headed to the villa area where he lived.

It was almost eleven o'clock when he got home. The car slowly drove into the black Gate with carved flowers. The lights in the villa garden lit up instantly. He turned the steering wheel and parked the car.

when he unbuckled his seat belt, he looked up at the second floor. the lights were off, and wen yuan should be asleep.

Her schedule was very accurate, and she fell asleep at 10 pm.

Chapter 3888: Wen Yuan, your heart aches for me (1)

ye mu bai looked at her silently for a while before he opened the car door and got out. the servants at home were still waiting for the door. he asked softly, "sir, do you want to have supper?"

"no need." ye mu bai waved his hand.

He walked upstairs, but turned back after taking two steps. did Madam go anywhere today? "

the servant shook his head. "i didn't go anywhere. i've been upstairs doing some domestic affairs. "

As he said that, he couldn't help but add,"there aren't many with such a good temper like madam."

Ye mu Bai smiled faintly and went upstairs without saying anything.

...

The second floor was a little more deserted than the first floor, probably because there was no sound or light.

he first went to see xiang nan. the little guy was sleeping very soundly. his little face was calm, and he had grown a lot taller than two years ago. he was almost a meter tall.

he looked on quietly, reached out to touch his son's little face, and covered xiangnan with the blanket before getting up and going back to the master bedroom.

for the past two years, he and wen yuan had been living an ordinary life. they did not quarrel or argue, but they were not close.

in the past, he was still trying to please her, but later on, she was always cold to him. he was so busy that he didn't have the mood and patience to please a woman. later on, it was neither good nor bad.

ye mu bai thought to himself as he took off his tie, rolled it up, and placed it on the sofa.

The bedroom was dark and the lights were not turned on. Ye mu Bai took off his coat while staring at Wen Yuan who was lying on the bed.

She had been sleeping peacefully since he came in.

his belt and shirt fell to the ground. he let out a long, heavy breath. he didn't know what he was angry about. he was the one who came home late and the one who went to socialize.

she was docile and stayed at home quietly. she took good care of herself, and her body satisfied him just like it did many years ago. what was there to be dissatisfied about?

ye mu bai walked into the bathroom. when he came back, he rudely woke her up. he kissed her lips and moved his hand down. wen yuan woke up and smelled the faint alcohol in his mouth. it was a little warm and a little intoxicating. her voice was a little hoarse. " ye mu bai qianqian. "

"let's do it once," his voice was hoarse as he lowered his body and kissed her.

Wen Yuan was still in a daze, but she instinctively hugged his neck to bear him.

He was a little rough tonight, unlike his usual self, where he would tease her until she could not take it anymore and beg for mercy. Tonight, he seemed to be angry. Wen Yuan did not know why he was angry, but she had not provoked him these few days!

she was very soft, and she rarely rejected him when it came to their married life unless she was really uncomfortable. thus, ye mu bai was used to doing whatever he wanted and would hug her whenever he was in the mood.

They hadn't interacted much in other areas in the past two years, but they hadn't fallen behind in this area.

he was angry and did not know when to stop. instead, he was like a beast that could not be satisfied. wen yuan slowly woke up and could smell the alcohol in his mouth.

She couldn't take it anymore. She pushed his shoulder and frowned. "ye mu bai! Did you drink?"

he held her slender waist, warming it up as he answered her absent-mindedly, " yeah. Didn't I say that I went to a party and had a little?"

Wen Yuan sobered up a little and looked up at the handsome man above. did you drive back by yourself? "

he hummed again. at this time, he preferred to do it with her, not chat and flirt.

Seeing how perfunctory he was, Wen Yuan bit his lip and pushed him away.

Chapter 3889: wen yuan, do you feel sorry for me (2)

he grabbed her unhappily and trapped her under his body again. " what's wrong? are you uncomfortable?"

wen yuan's face was buried in the pillow, and his long hair was messily scattered on the pillow. his eyes were burning with fire again as he looked at her. he was a little interested in trapping her, and he became slow and not as anxious as before.

wen yuan bit his fist and said in a broken voice, " "You're driving after drinking?"

"is your heart aching?" His handsome face was leaning against her neck as he spoke warmly. His breath was very hot. Wen Yuan almost could not take it and wanted to move him away, but he refused to let her. He pressed her down and insisted that she answer.

Wen Yuan was furious. He had come back late, and he was drunk-driving and polite?

she refused to make a sound, so he rubbed her until her heart trembled. wen yuan then bit his fist. " "I don't feel heartache!"

...

He chuckled and tormented her even more.

He hadn't been so impetuous for a long time. He almost didn't care about anything and was extremely turbulent. He just wanted her to beg him and say the words in her heart.

in the end, wen yuan gave in and tears fell from her eyes as soon as she finished speaking. ye mu bai knew that he had bullied her too much tonight, so he ended it hastily and did not enjoy it anymore.

It was already past one o'clock at night by the time they were done, and he was a little more awake.

She lay flat and only turned her head after a while."Do you want to take a shower?"

Wen Yuan silently turned his body and slowly pulled up his pajamas. He did not say anything, but his attitude was obviously angry.

ye mu bai kissed her shoulder and said in a hoarse voice, " "you really don't want to shower?"

She didn't speak for a long time. He leaned over strangely and saw that she had fallen asleep.

Ye mu Bai was a little speechless. His heart felt stifled.

did she not care about it at all? Other than being forced, didn't she enjoy it at all?

he looked at the conservative pajamas she was wearing and even felt that she was deliberately trying to lower his lust so that she didn't want to do it with him.

With a heavy heart, he finally lifted the blanket and went to take a shower. He then went outside to smoke two cigarettes before returning to the bedroom. He kept feeling upset, so he pulled her into his arms and bit the soft flesh behind her ear from behind.

Wen Yuan had to wake up even if he did not want to. If he did this, he would be dead.

she opened her eyes and said helplessly, " "I want to sleep. What's wrong with you today?" he asked.

After he had vented his anger and listened to her, his anger inexplicably disappeared.

he wondered if he was going through menopause, just like xu mo said.

He did not make things difficult for her anymore. He let go of her and lay flat. it's time to sleep. I have to wake up early tomorrow.

Wen Yuan also lay down and said, " "there's a parent-teacher meeting at nan high school tomorrow. do you want to attend, or should i go?"

ye mu bai closed his eyes and thought for a moment. " i have a meeting to attend tomorrow morning. you should go! " remember to wear something pretty."

Wen Yuan continued. today, mother said that she wanted to sign night Hui up for child care. I didn't agree to it directly. I wanted to ask for your opinion.

Ye mu Bai's voice was muffled. ye Hui is too young. Why is she taking care of children? " I'll talk to my mother about this."

he seemed to be displeased again. he did not know what she had done or said wrong. he turned to look at her, his head very close to hers. " wen yuan, other than these family matters, don't you have anything else to say to me? "

Wen Yuan's gaze was a little distant. ye mu Bai, I'm at home every day. What else can I talk to you about other than family affairs? "

Chapter 3890: wen yuan, do you feel sorry for me (3)

"you want to work?" he asked, frowning.

Without waiting for her to say anything, he continued. I think Nan is only six years old. Ye Hui is only three years old. They are both very young and need a mother to take care of them.

wen yuan closed his eyes. " it's not like i'm flying around all day. i just want to go to school and teach. during the day, i'll have aunty to take care of them. i can take care of them at night. "

"You've already thought about it?" ye mu Bai frowned.

Wen Yuan did not say anything.

He closed his eyes. isn't it good to be at home? so many people are envious of your life.

...

He had hoped that she would not have to do anything. However, Wen Yuan did not think so. She wanted to live an ordinary life, so she was rarely willing to go out and socialize with him. After rejecting him a few times, he stopped inviting her. This time, if the celebration was not a particularly important occasion, she would also reject it.

Since he had said so, Wen Yuan did not discuss this topic with him anymore.

After a long time, she finally said that it wasn't a family matter. I want to visit teacher tomorrow afternoon.

Because she was Kang Qiao's mother, she decided to tell him about it. She didn't want him to misunderstand.

when ye mu bai heard this, he blinked and looked at the ceiling. after a long time, he said in a low voice, "I'm not restricting your freedom, but I don't want you to go out to work."

wen yuan felt that it would be more appropriate for him to change the word 'work' to 'show up in public'. she did not want to and could not be bothered to fight with him. that was why they had lived a peaceful life for two years. he did not want her to go out to work. he said that the child was still young and that it was fine. she would listen to him.

The conversation ended unhappily, and everyone went to sleep, but they were still far from falling out.

however, it was a little boring.

'i don't know why he hasn't expanded his career with his power and influence. if that's the case, he probably wouldn't have the time to care about me,' wen yuan thought to himself.

The next morning, she finally understood why he was acting so strangely. After breakfast, the driver sent xiangnan to school. Wen Yuan helped xiangnan carry his small bag and patted his little head. She smiled and said, "miss nan, be obedient."

Xiang Nan nodded and waved at her. "Goodbye, mommy."

The small and handsome little guy blinked. "See you later!"

Wen Yuan sent His Son to the car with a smile. He only returned to the living room after the car had left the main gate. Ye mu Bai was still there. She remembered that he had said that he had an important meeting to attend the night before. She was curious as to why he was still not leaving at eight o'clock.

she had a parent-teacher meeting at ten o'clock, so she had to go upstairs to prepare. xiang nan wanted her to dress up.

When she passed by the main hall, ye mu Bai called out to her, "wen yuan?"

"ye mu bai, aren't you going to work?" she turned to him.

Ye mu Bai's gaze landed on her face. Then, he put down the newspaper in his hand. come here. I have something to tell you.

she hesitated for a moment, but still walked over and stood in front of him.

Ye mu Bai looked at her. why aren't you sitting down? "i'm not your boss, yet you're being even more respectful than xu mo."

wen yuan sat beside him. "what is it?"

he turned his head, his gaze still on her face. after a long time, he said in a low and hoarse voice, "The company is celebrating its second anniversary next month. Xu Mo invited Kang Qiao for a walk."

Wen Yuan was surprised. why? "Xu Mo clearly knew about the past.

ye mu bai looked at her and smiled. he seemed to be very relaxed as he said, "Why didn't she tell you that ran ran likes Kang Qiao?"

he said this with a sinister intention, almost as dark as xu mo.
