

## Thank you 4091

Chapter 4091: Do you still want to say one thing and mean another? 3

xu mo was staying in the hospital, and the wind was already blowing outside.

Kang Qiao didn't deny it and said that his girlfriend was sick.

his girlfriend!

It had been on the hot search several times, but Xu Mo didn't play with his phone, so he didn't know anything.

it was no wonder that every time wen yuan came to look at xu mo, he would give him a strange look. however, when she saw that kang qiao had no intention of saying anything, she did not say anything either!

In total, Xu Mo stayed in the hospital for about ten days. He was going to be discharged the next day, and Qin Chen happened to be on duty that night.

...

Qin Chen was still a special existence in Sheng Yuan and was its spiritual pillar.

The nurses at Sheng Yuan had always been the most attractive in the industry because of Dr. Qin.

Qin Chen gave Xu Mo a thorough check-up and confirmed that there were no problems. you can be discharged. I'll go through the procedures tomorrow morning and talk to the doctor on duty.

"Thank you," Kang Qiao smiled.

Qin Chen stood up straight and smiled. I still have to thank Mr. Kang for the thirty million Yuan surgery fee. Not everyone is so generous.

Xu Mo looked at Kang Qiao.

kang qiao didn't say anything, he just sent qin chen out.

When the door was closed, Xu Mo leaned against the bed and looked at him quietly. "The surgery costs thirty million."

"yes, dr. qin is very expensive!" he smiled faintly.

he came over and touched her stomach lightly with his fingers. "there's not a single scar here. it's worth 30 million. "

At least in the eyes of a straight man, it was worth it. Although he didn't care too much about her appearance, as a man, he always wanted his woman to be perfect.

"i'll return it to you later." xu mo paused.

"how? I remember that you put all your money into the House of Love, it's not good to take it out now." his voice was hoarse. " why don't we continue our relationship from before, 30 million and a half years? "

he was very close to her when he spoke.

Xu Mo took advantage of the situation and gave him a slap on the face. It was not too heavy, but the sound was quite loud.

The slap sobered them up a little. Kang Qiao wasn't angry, and he didn't care if there were finger marks on his face. He just smiled and said,"i just want to take care of you. i don't have any other intentions."

Actually, she knew that, but she just couldn't help it. This kind of behavior shouldn't be done. She was probably too arrogant because she was pampered.

kang qiao looked at her and let out a long breath, " "I'm going for a smoke."

Xu Mo looked at his back and slowly sat up. She was a little Dazed and Confused.

He said he was serious and he said he wanted to get married. In the beginning, she wasn't touched at all. Perhaps it was because she had been hurt too badly in the past, so no matter what he did or said, she wasn't moved at all. Only when she slapped him just now did he not show any signs of anger.

xu mo's heart throbbed strangely.

however, this feeling was not enough to support her to promise him anything. she was not a child anymore and would not trust anyone easily.

As for Kang Qiao, after finishing his cigarette, he pushed the door open and saw Xu Mo sitting at the head of the bed in a daze. He smiled and leaned against the door, " "You'll consider me too?"

Xu Mo came back to her senses and looked up. She fell into his pair of teasing eyes and said unhappily, "Do you like to be slapped by women?"

"This is not a good habit. It's time to change." He walked over and sat beside her again. "i heard that you refused to stay with wen yuan?"

She did not hide this from him and said lightly, " "They're husband and wife. How can an outsider like me live there? that's not how friends should be."

Chapter 4092: Do you still want to say one thing and mean another? 4

"You're still living in the old place?" Kang Qiao smiled.

"There's nothing bad about that place," she nodded.

"There's nothing bad about it," he agreed. "There are still good memories."

Xu Mo immediately recalled car Z's memory in the car downstairs at the apartment. Her face turned red and she turned away."please don't say that."

"Then what should I say? if you don't want to hear about it in the future, and you don't like to hear about it in the past, then why don't you talk about the present?" As he spoke, he moved closer to her without a trace. say I want to kiss you.

her body froze, and then her chin was pinched by him. although it was gentle, it did not lose its strength.

...

Xu Mo bit his lip and stared at him. After a while, he weakly said, " "Let me go!"

Kang Qiao's eyes flashed with A Touch of Evil fire. His tightened lines made his facial features look like they were carved, handsome and charming.

He had always been good-looking. Otherwise, how could he have deceived so many women?

when xu mo thought of this, he couldn't help but feel a chill in his heart, as if a bucket of cold water had been poured on him from head to toe.

he moved closer and finally kissed her.

he was very gentle, and his technique was very good. the hot air that came out of his nose seemed to drill into her limbs. she wanted to refuse, but she found that she had no strength in her body and could only let him kiss her.

Kang Qiao only wanted to give her a light kiss, but he was an adult man after all. This kiss was the first kiss he would have after they were together, so it was particularly touching.

for a moment, he lost control.

He pressed her into the soft bed and continued to kiss her. When she wanted to resist, he clasped her hands and interlocked their fingers, as if he was nailing her to the bed.

however, no matter how aroused he was, he still retained some gentleness and did not touch her wound.

after the kiss, he still wanted more.

his thin lips moved to her ears and he murmured, "Move to my place, huh?"

Xu Mo didn't say anything. He bit her earlobe unhappily. I've moved to a new place. It's clean and there won't be anyone else in the future.

xu mo was still nailed to the bed by him. she couldn't move, but her heart was fluctuating violently. her face was also flushed, and she looked much ruder than usual.

Kang Qiao was a little impulsive, and his voice became even more hoarse, "I'll pick you up from the hospital tomorrow, okay?"

xu mo bit his lip, "kang qiao, what are we?"

she knew that he wanted her. his body expressed it very clearly, and he was not afraid of her knowing.

Kang Qiao gently pecked her lips, "boyfriend and girlfriend, are you satisfied with this answer?"

Xu Mo shook his head and released his hand. He gently stroked his forehead and then said in a low voice, "Kang Qiao, you might just be acting on impulse. Don't make promises so easily. A lifetime is long. If you are just doing it on a whim, you might regret it very soon. Really, promises are the most vulnerable things. You can spend thirty million today, but you won't even be willing to look at me tomorrow.

He grabbed her hand and placed it on his face, his voice hoarse. Xu Mo, we can wait slowly and see what happens in the future, okay?"

xu mo didn't say anything else. she just kept quiet.

then, kang qiao kissed her again. he pressed her down on the bed and kissed her gently. he kissed her with 120% affection and cherishfulness.

she didn't reject him, but he didn't know what she meant. but he couldn't stop. he enjoyed her meekness.

Chapter 4093: Do you still want to say one thing and mean another? 5

Xu Mo had never felt so soft before. He was curious and moved. He kissed her again and again until he was on fire. His handsome face was full of depression, and he finally went to the bathroom.

xu mo heard the sound of water coming from inside and thought that he was taking a shower. she bit her lip and silently leaned against the bed.

she felt a little confused.

By the time Kang Qiao came out, he had already regained his composure.

Usually, he would sleep on the small bed, but today was different. He lay down directly beside her.

xu mo was stunned and then a little speechless, ” “kang qiao! You can leave.”

...

he laid down beside her and pulled her into his arms gently. he stared at her. “If you shout again, not only will I not go down, but I will also go in.”

“You're simply shameless!” She was so angry that her face turned red and she glared at him.

seeing that he had angered her, he softened his voice and said, ” “alright, i’m just lying down. i’m not doing anything.”

he wanted her, but this was a hospital, and it was more or less inconvenient.

and xu mo’s body had not fully recovered.

xu mo carried him and ignored him.

Kang Qiao didn’t mind. He hugged her from behind and buried his face in her neck. It was so hot that she couldn’t ignore it.

Xu Mo endured it. Anyway, she would get rid of his Hanhan after she was discharged from the hospital.

\*

qin chen left the hospital and returned to autumn garden, where qin anlan and ye liangqiu stayed.

Surprisingly, the disharmonious couple was also there.

qin mo and he huan.

qin chen got out of the car and closed the door, a smile on his face.

she remembered that he huan had only stayed in B city for a few days. she had not left for the past ten days. did she reconcile with qin mo?

he huan was playing on the swing with qin yihuan. he huan was petite, but she was dressed very casually. she wore a white t-shirt and a pair of jeans. her skin was a healthy wheat color due to her long stay abroad. her hair was thin and short.

Qin Chen lowered his eyes and noticed that she wasn’t wearing a wedding ring, so he understood that these extra days were probably Qin Moyu’s tricks after he couldn’t get her.

“Hi, sister-in-law!” Qin Chen walked over and greeted her handsomely.

He Huan turned around. Chenchen.

Qin yihuan, on the other hand, called out cheerfully, ” “uncle chen.”

He Huan was helpless. it’s my aunt.

qin chen lifted yi huan up and kissed her again. ” “we, yihuan, can call you whatever you want.”

he huan could only smile at her shattered three views. he lowered his head and played with his fingers.

she had a good relationship with the rest of the qin family, except for qin mo.

Qin Chen didn’t know what was wrong with this couple, but they hadn’t been in harmony since they got married. She thought her second brother looked like a gentle man like her big brother, but in fact, her sister-in-law wouldn’t be dissatisfied with Q University’s good life. Why did they travel all over the world? their married life was like a Cowherd and a Weaver, year after year.

after qin chen was done coaxing yi huan, he placed her on the swing and let her play. he lowered his voice.”How long do you plan to stay this time?”

she looked at yi huan and knew that the little one was listening intently. she lowered her voice even more, ” “Yihuan has grown up. You can’t always live separately!”

he huan seemed a little absent-minded. after a while, she said in a low voice, ” I’ve mentioned divorce before, but Qin mo is not willing. I don’t know why he insists on such a marriage. It’s not that meaningful.

As soon as she finished speaking, she seemed to have sensed something and turned around.

qin mo was standing behind them.

Chapter 4094: do you still want to say one thing and mean another?(6)

qin chen saw it too and coughed lightly. ” ” you guys talk. i’ll take yihuan out to eat something. ”

As he spoke, he picked up Yi Huan and walked towards the mansion.

qin yihuan turned around with her eyes wide open.”auntie, will mom and dad really get a divorce? who will i follow?”

qin chen pulled on her pigtails, a little absent-minded. ” “you heard that? And you’re calling me aunt?”

little yi huan, he would only call her that when he needed someone’s help. qin chen felt a little bitter.

the couple had been at odds for several years. the most pitiful one was yi huan, who was often left in this big house, unloved by her parents.

...

In the garden, he Huan looked at Qin mo for a few seconds before she sat on the swing and swung it gently.

qin mo had just returned from the company and was still wearing a formal suit.

he walked in front of her, not letting her escape. his voice was so deep that it was almost dripping water. so that’s why you stayed for a few more days. Yihuan is still very happy, but she doesn’t know that you still don’t want her.

“I didn’t say I didn’t want her.” He Huan looked at him.

Qin mo stepped forward, "then you want the custody?" he huan, don't even think about it. "

he was a little angry, so he took off his coat and threw it on the bench. he sat down again and stared at her in the thin twilight.

In fact, they had a wonderful time together. They were quite good when they got married, but there was a misunderstanding later on. He Huan went abroad frequently and rarely came back. If it wasn't for the fact that she had the intention to be happy, she probably wouldn't have come back at all.

she did not say anything and qin mo's gaze turned a little ugly. " why? you're not saying anything? " are you feeling guilty?"

"what do i have to be guilty about?" He Huan's face was a little pale. Qin mo, do you think there's any point in us going on like this? an unhappy family is not good for yihuan. Why don't we just let Hanhan live? "

Before she could finish, he stood up and walked in front of her. He leaned forward."He Huan, you're not doing this for yihuan, you're doing this for yourself. You regret marrying me because he's still alive, right? You're still thinking about him and want to return to that man's side. Let me tell you, I'll never divorce you in this life, so give up on that thought!"

He Huan stared into his eyes. There was only anger and a trace of hatred in his eyes.

she laughed. " qin mo, you can get angry too. i thought you wouldn't be angry. "

She smiled bitterly.

the next second, her chin was caught by him. he stared into her eyes. don't think that I don't know. He's in the country too, so you're staying here and not going anywhere. You go to the library to see him, but he might not remember who you are. He Huan, do you dare to tell him that you're married? do you dare to tell him that you have to lie under me every day and that I've been playing with you all night? do you think you can be with him just because you're divorced? "

His eyes were cold. it's impossible in this life! either you fulfill my wish or you destroy me. "

“help, destroy?” He Huan lowered her eyes and said in a low voice that sounded like a sigh, ” qin mo, do you know anything about my past? how much do you know? actually, you don’t know anything. ”

he didn’t hear her clearly and she didn’t want to say too much. she jumped off the swing and wanted to walk towards the main house, but qin mo grabbed her hand and pulled her into his arms.

Chapter 4095: don’t mention divorce again (1)

He Huan sat in his arms in an unsightly manner. Her voice was cold.”Qin mo, what do you want exactly?”

his long and cool fingers pinched her chin, and his eyes swept across her face like electricity. ” stay. you’re not allowed to mention divorce again. ”

He Huan lowered her eyes. Qin mo, do you think that this kind of marriage is very interesting? ”

He pinched her chin and forced her to look up. He narrowed his eyes and said in a low and hoarse voice, ” “i thought it was very interesting, especially when i tied you to the bed, mrs. qin.”

he huan slapped him without thinking. a loud sound rang out in the dark.

Qin Mo’s eyes were dyed with a layer of anger. His fingers followed suit and exerted more force, easily leaving a bruise on her fair chin.

...

she was in pain, but she didn’t make a sound.

he sneered,”you’re really numb to me, aren’t you?” you won’t even cry out in pain anymore, huh?”

he was so jealous that he couldn’t care about anything else. he dragged her directly to the main residence, passing the people in the living room upstairs. he huan was unwilling, so he dragged her.

“Qin mo!” Qin Chen was shocked.

“Don’t get involved. It’s between me and your sister-in-law.” qin mo’s voice carried a hint of coldness, as if it was going to freeze everyone.

Qin Anlan and ye Liangqiu were also stunned. Qin mo, are you crazy? he Huan is your wife. not a woman outside!

however, qin mo did not seem to hear her. he pulled he huan and his expression was cold.”dad, mom, we have something to talk about as husband and wife.”

“You’re simply messing around,” Qin Anlan said with a cold expression.

however, no matter how hard he tried to stop him, qin mo still managed to get he huan into his bedroom.

The door slammed shut with a loud bang.

“Dad, are you going to hit mom?” Qin Chen lowered his head and looked at her blankly.

the adults didn’t know how to answer, and when the parents saw that their son was obviously going to lead a rough married life, it was not appropriate for them to intervene.

at this moment, ye muyun returned with tang xiaoxue. seeing this scene, he smiled.”what’s going on?”

qin anlan looked at his eldest son and heaved a sigh of relief. he sat down. ” “it’s all because of qin mo! It’s not easy for my wife to come back, but the food isn’t good and she’s still tormenting me. ”

Ye Muyun was nearly 40 years old, the most mature and charming age for men. He took off his coat and sat down. ” dad, you know that he huan rarely comes back. qin mo must have been starving for a long time. only men can understand hanhan. ”

qin anlan looked at his eldest son and cursed in his heart.”mu yun, he’s using violence to force his wife.”

“that’s the fun between them.” ye muyun dismissed his father with a few words.”Who hasn’t been young before?”

Qin Anlan gently brought up the disgraceful things that his old father had done when he was young. For a moment, Qin Anlan touched his nose and did not know what to say. He even secretly looked at his wife. Fortunately, Liang Qiu did not say anything. Otherwise, he would not be able to show his old face.

qin anlan sighed in his heart. among the five children, other than the one who could not spread the news about wanwan, qin mu was the only one who was more normal. not to mention qin chen, he was so handsome that he could go abroad. every day, there was a group of women shouting that they wanted to give birth to a child for doctor qin. mu yun and qin mo were evil people on the same path. qin mo had now learned 100% of his big brother’s tricks.

qin anlan did not think about it at all. dragons gave birth to dragons, and phoenixes gave birth to phoenixes. they were all his excellent genes. the only one who had mutated was probably qin mu, a little girl.

#### Chapter 4096: Don’t mention divorce again (2)

at this moment, the violent incident upstairs was explained by ye muyun in-few words. the group of people ate downstairs. he huan’s screams came from upstairs from time to time, just in time for dinner. however-ye liangqiu was still frightened and looked at her eldest son from time to time ...

was this really fun?

“Mom, have some food.” Chairman ye smiled, then said to his little fellow, ” “xue ‘er, give mom her favorite.”

Oh, ” Tang Xue ‘er replied. She was actually only two years younger than him, but she had been pampered to the point that she was as obedient as an 18-year-old.

she obediently filled ye liangqiu's bowl with food, ensuring that her mother-in-law wouldn't be able to speak for the rest of the meal.

ye liangqiu felt helpless and amused as she looked at her son.

...

Only Xue 'er would be trained by him to be like a pet. However, this was also good. At least, his eldest son would not have the same interests as Qin mo!

upstairs, he huan was indeed badly beaten up. her hands were tied up by qin mo with a tie, and she was being tortured on her stomach.

She screamed and cried that it hurt, and he pinched her chin and kissed her hard. His voice was so low that it was unbelievable."Do you feel pain too? I thought you can't feel pain? You're not the Huanhuan whose heart will only beat for him. Am I just a photo to you? actually, i'm nothing. even if i did this to you, i'm nothing yingluo."

He came and said in a mess, and he didn't even know what he was talking about.

He only knew how to possess her.

She was his. She was his wife and his woman!

He had liked her for so long, but she had a heart of stone.

Just as he Huan was about to be overwhelmed by the pain, she lay softly on the pillow and cried, "Qin mo, let me go."

His eyes were as dark as ink as he looked at her quietly and stopped all his plundering.

his ink-black eyes blinked and he asked in a low voice, "Do you want to let go of your body or your life, he Huan?"

she lay there, her tears dripping onto the pillow. she thought to herself, even if she said that she loved him, he wouldn't believe it. besides, she, he huan, didn't care to say it. she only whispered, "You know."

Qin mo laughed lightly. really? i want to see how you're going to leave me without my permission, and how that person is going to survive."

He Huan's face was pale.

"Qin mo, you can't." She almost lost her voice.

"Why can't I?" "He's a man who seduced my wife. Why can't I deal with him?" he lifted her chin.

"He didn't." He Huan's eyes were tightly shut. Her long eyelashes were wet with tears, and they trembled slightly, making her small face even paler.

Qin mo looked at her and his voice suddenly became tired. "he huan, is it that hard to stay by my side?"

Back then, he wanted her, but she refused. However, one day, she suddenly climbed into his bed.

he thought that she had thought things through. they had been together for so many years, but it was only later that he found out that she was using him as a photo because the person she liked could no longer smile at her or talk to her.

he had thought of getting a divorce, and it had been ridiculous. but year after year, he couldn't bear to leave.

he looked at her, his wife.

Suddenly, she felt a sharp pain.

she lay there messily, and her body was covered in the marks he had made. qin mo reached out to cover his eyes and threw a coat at her. " go and wash up. i'll take you back later. "

## Chapter 4097: don't mention divorce again (3)

he huan did not move because it was very painful.

qin mo stood by the window alone and smoked two cigarettes quietly. he turned around and saw that she was still lying there with her eyes closed. he didn't know if she was asleep.

he just leaned there and watched quietly, his heart aching.

he didn't want to hurt her, but he had never been in her heart. she could even give up on yihuan.

This marriage was so unbearable that she did not even want Yi Huan anymore.

qin yihuan was stunned.

...

qin mo's heart was bitter. when she was busy with her business, he was so happy to give her such a name.

Qin mo was concerned about he Huan.

however, she might have never thought about it, nor did she care. all she wanted was freedom.

When she was overseas, he could endure it and wait for her to change her mind.

But now she was asking for a divorce because that man had woken up!

Qin mo felt a sharp pain in his heart. He sat by the bed and reached out to caress her face. He Huan woke up instinctively.

“Does it still hurt?” he said in a low and hoarse voice as he looked down at her.

there was an obvious bruise on her fair arm, and she was complaining about his violence. he huan buried her face in the pillow, not wanting to talk to him.

“I’ll carry you to take a shower.” Qin mo sighed.

“qin mo.” She finally said, ” I’m not willing to accept it every time you give me a date.

she sat up slowly and put his coat aside. ” he and i have already passed away. it’s a problem between us. it has nothing to do with anyone else. ”

He stood there and laughed coldly. “Whether it’s related or not, I’ve already taken a step in.”

She bent over and looked at he Huan. as long as you don’t divorce him, I won’t cause him any trouble. You know how to make me happy and also how to make me unhappy, okay? ”

he huan glared at him. ” qin mo, you’re despicable. ”

“It’s not like this is the first time you’ve known me!” He gently stroked her chin with his fingers. There was a faint bruise on he Huan’s chin that he had pinched. He said slowly,”aren’t you despicable? he huan, don’t you know what kind of feelings you had back then and what kind of motives you had when you climbed into my bed and married me? Since you’ve provoked me, don’t think of giving up halfway.”

He Huan smacked his hand away, her eyes filled with disgust. ” qin mo, don’t make it sound like you’re so devoted. don’t you know very well what you’ve done? ”

Qin Mo’s fingers clenched tightly. those women were just putting on an act. I have never really touched them.

“Is that so?” he huan laughed lightly, with a hint of mockery and bitterness.

She didn’t even want to admit that she liked him and let him think that she had never loved him.

At least, she wouldn't feel so bad when she faced him like this.

After she finished speaking, she wanted to go to the bathroom.

but her arm was caught by qin mo. he frowned and stared at her. "Speak clearly."

He Huan lowered her eyes and said, "I can't explain it clearly." we don't need to make things clear between us. if president qin is unhappy, you can use violence, right?"

His breath hurt as he stared at her.

he huan gave a faint smile. she smiled like the wind and clouds were clear. she endured the pain and got off the bed to go to the bathroom.

she had just opened the water when qin mo came in and said, "let's shower together."

She wanted to refuse.

he pressed her against the wall, his long fingers gently touching her face. "did i hurt you just now?"

Chapter 4098: Don't mention divorce again (4)

He Huan turned her face away, not wanting to talk to him.

Qin mo turned her body around and looked at her carefully. He said expressionlessly, "let's do it again."

He Huan was stunned for a moment, then she couldn't help but ask, "you're shameless."

"We're husband and wife. If you don't do it with me, who do you do it with?" after he finished speaking, he kissed her and pressed her against the wall.

the wall of the bathroom was warm from the hot water, and it was not cold, but he huan felt cold all over. she probably had a high fever, she thought. but she did not care if she was sick or not. anyway, if she was sick, he would not let her off.

He would rather torture her even more and then send her to the hospital.

...

he huan didn't say a word and let him do what he wanted. he would let her go when he was satisfied anyway.

His head became heavier and his body slowly went limp.

“you're not allowed to faint.” He found her lips and kissed them, washing them with force.

But he Huan couldn't help it. She fell into his arms and wailed.

fortunately, he had a doctor at home.

qin mo went down in a sorry state and called qin chen to go up and see he huan.

Qin Chen and the people below were stunned.

Ye Liangqiu was the first to go up, followed by Qin Chen and Qin mo.

qin anlan looked at his most outstanding eldest son with a cold face. ” “You've already fainted, and you call this fun?”

Ye Muyun stood up. we'll have to ask Qin mo if he didn't control it well.

“Alright, let's go home.” He picked up Tang Xue 'er, who was beside him.

his little xin xin was a little worried about he huan. ” “We're not going to wait?”

ye muyun looked up. ” it’s just that qin mo is too rough. there shouldn’t be a big problem. ”

” oh, ” tang xue ‘er replied and followed him obediently.

after the couple left, qin anlan sighed in his heart. This eldest son of his was really a Playboy. When he was young, he went to the Tang family on his own, wanting to be Tang Yu’s son and son-in-law. He was only 12 years old, but he already knew how to chase his wife. Now, his wife was as obedient as a little daughter.

Qin Anlan sighed and looked upstairs.

The second son, on the other hand, had a successful career and was also a prominent figure in B city. However, his weakness was he Huan.

It was not convenient for Qin Anlan to go up, so he took care of little yihuan.

Yi Huan’s eyes were wide open as she asked worriedly, ”What’s wrong with mom?”

“I’m not feeling well.” Qin Anlan consoled the little fellow. but I should be fine soon.

qin yihuan bit her lips and asked softly, ” “Did daddy hit mommy?”

Qin Anlan smiled. &Nbsp; ” does ‘P’s’ count? ”

” oh, ” little yi huan replied, ” that should be very painful. ”

Qin Anlan forcefully hummed in acknowledgment.

While the two of them were talking, Qin Chen was checking he Huan’s body. He Huan was wearing a bathrobe, which Qin mo had probably helped her put on.

Ye Liangqiu stood to the side, a little worried, and then gave her son a reproachful look.

Qin Mo's face didn't have much expression, but his eyes were anxious.

Qin Chen straightened his body. there's no big problem. I just caught a cold and overexerted myself. I'll be fine after resting and taking medicine.

After saying that, she looked at her big brother. "You'd better not be so rough in the future. He Huan isn't even 160 yet."

as for qin mo, he was 184. just the thought of it made her heart ache for her sister-in-law. qin mo was so strong when he went crazy.

Qin Chen thought for a moment. don't wake her up if she's asleep. I'll give her a shot to reduce her fever. Also, control yourself for the next two days. If you treat her well, she won't go abroad for a walk again.

Chapter 4099: Don't mention divorce again (5)

qin mo stood there quietly for a while before he smiled bitterly. "i want to treat her better, but she doesn't need to."

Qin Chen swiftly inserted the needle, and ye Liangqiu went over to take care of him.

the brother and sister walked out of the study room together.

qin chen couldn't help but say,"why can't you love her in the normal way?" brother, a marriage like this will affect yihuan."

"the normal way?" "are you going to persuade me to divorce her as well?" qin mo asked as he walked to the french window.

"no!" qin chen was stunned.

...

She walked over and stood beside Qin mo, whispering, "i know you love he huan very much, but brother, please give her some time to catch her breath."

"Is what I've given you not enough?" Qin Mo's voice was hoarse. Chenchen, I often feel helpless. Sometimes, I also want to let go, but in the end, I can't do it. I'm not willing to let go, but I can't bear to. I know that once I let go, she will really fly out and never come back. Qianqian still has yihuan. She will come back once or twice a year, and we are still husband and wife.

"you blame her, and you hate her." qin chen let out a long breath. " brother, have you ever thought that he huan might have liked you before? otherwise, she wouldn't have given birth to yihuan. if it was just for your face, you know how much personality she has. "

Qin mo tilted his head and stared at Qin Chen. After a long time, he smiled bitterly and didn't say anything.

He stood there and smoked. He was thinking, did he Huan really love him?

If she loved him, why did she leave him so quickly after he woke up?

how could she be so cruel after so many years?

qin mo quietly smoked two cigarettes and looked at qin chen. "it's fine here, you can go back! by the way, how's xu mo?"

Qin Chen smiled. are you concerned about her or your money tree? "

"Is there a difference?" Qin mo rolled his eyes at her.

"she's fine. she's going to be discharged tomorrow. kang qiao is much gentler to her than you are to he huan. brother, women need to be coaxed. don't always use your president qin's power to pressure her. he huan won't fall for it. also, it's a bit unreasonable for you to talk to uncle he." Qin Chen patted his second brother's shoulder. I'll go back first. He Huan's fine.

qin mo nodded slightly.

qin chen said goodbye to his parents and drove back.

Qin mo returned to his bedroom and was reprimanded by his mother again.

“you’re bullying her here. i don’t know what will happen to your little house. he huan will be staying here for the next few days. as for you, qianqian ...” before ye liangqiu could finish, qin mo interrupted, ” “of course, i live here too.”

Ye Liangqiu looked at his son in disapproval, but there was nothing he could do.

after a final warning, he went downstairs to bring yi huan along.

qin mo sat alone and looked at he huan who was on the bed.

he huan’s little face was a little pale. he reached out to touch her face and it was still a little hot. qin mo laid beside her but did not dare to sleep. he silently watched over her and then used warm water to help her wipe her face.

He was indeed not gentle. Her petite body was covered in the bruises he had left behind, and his face was slightly red as he looked at it.

he huan suddenly woke up as he wiped her face. his black eyes opened a slit and he looked at him silently.

They had quarreled before, and they had also quarreled, but now, they looked at each other in silence, as if their quarrels had never happened.

are you hungry? ” Qin mo asked. I’ll go downstairs and get something to eat.

He Huan pursed her pale lips. After about half a minute, she nodded.

Because of this nod, Qin Mo's heart seemed to have been hit by something. He pressed his palm on the blanket and smiled slightly. good girl.

At this moment, it was very touching. His expression was very gentle, completely different from the ruthless look he had in the bathroom. He Huan looked at him as if she didn't know him.

Qin mo placed his finger on her head. it's alright, it's not burning too much. I'll go get some food.

He Huan's lips moved, but he did not say anything.

...

qin mo went downstairs and qin anlan went to comfort yi huan. ye liangqiu was there. when she saw her son, she said, " he huan is awake. shall i go and make some food? "

Qin mo nodded and followed ye Liangqiu into the kitchen.

Ye Liangqiu specially made two new dishes while talking to his son, " "What do you and he Huan plan to do? Is she still going abroad?"

"i'm not going." Qin Mo's voice was a little low,"temporarily in the country!" She has set up a studio and might be developing in the country for the long term."

he huan was very well-known in the United States film market and could be considered a first-class director. however, in qin mo's opinion, it was a pity that she had given up on the overseas market.

of course, he wouldn't ask her to go abroad. he wanted her to stay, but he was afraid that she would stay for someone else.

ye liangqiu placed the dish she had prepared on a plate and handed it to him. " " communicate well. yihuan is going to school soon. do you want her to watch you two fight? "

"Where is the noise?" " i'm going up, " qin mo said calmly. " mom, you should sleep early too. "

“Alright, you too,” ye Liangqiu nodded.

Qin mo looked at his mother and then carried the plate upstairs.

he pushed open the door to the bedroom. he huan seemed to have fallen asleep again. he walked in quietly and put the tray aside. his voice was a little hoarse.”he huan, get up and eat.”

she had just mentioned food, but now she buried her face in the pillow.”I’m not hungry.”

he stared at her, feeling helpless and bitter.

he clearly had something to do with her, but he couldn’t help but want to treat her well. his voice was a little hoarse.”Alright, I’m up.”

As he spoke, he pulled her out of the blanket and placed her by his side.”I’ll feed you?”

He Huan woke up immediately. She opened her eyes for a while and said in a low voice, ” “I’ll eat it myself, you can put it in the living room.”

qin mo stared at her for a while and agreed. he let go of her and took the bowl.

he huan put on a coat and got out of bed. she was still a little dizzy, so she sat down and let out a sigh of relief.

“still uncomfortable?” He sat beside her and placed his hand on her forehead.

he huan wasn’t used to such intimacy, so she gently broke free.”A little, but it’s not a big deal.”

she probably was sick, so she didn’t have the strength to argue with him.

qin mo’s eyes flickered, but he didn’t say anything. he just placed the food in front of her. ” mom made this for you. see if it suits your taste. ”

he huan was stunned.

The reason why she did not take the final step with Qin mo, other than Yi Huan, was because Qin Mo's parents were very good to her. They were really very good to her, Wanwan.

she ate quietly while qin mo watched from the side. he watched as she finished eating and carried her to the bed to rest. he cleaned up the dishes and ate a little.

When she returned to the bedroom, he Huan had already fallen asleep.

he stood by the bed, feeling a little lonely.

Even if she was wailing by his side.
