

## Thank you 411

chapter 411-tang mo's routine is so deep!

Her appearance made his heart ache, but he was also somewhat happy.

yes, it was pleasure!

Seeing her in pain, he felt happy and felt that she cared about him. (Pervert!)

PEI Qiqi lowered her eyes and smiled, " Tang Yu, let's not lie to ourselves.

She looked up straight into his eyes. our separation is the best ending.

Tang Yu's eyes turned cold, very, very cold, as if there was a layer of ice in them. He squinted his eyes and after a long time, he said, " PEI Qiqi, if this is your decision, I will respect it. But Wanwan "

He slowly stood up and walked to her.

She subconsciously wanted to run away, but he reached out and pulled her into his arms, holding her back to back.

his arm was like a pair of iron pincers that held her waist tightly, and the force made her feel extreme pain.

however, his heart did not soften at all. he still held her waist and pressed his thin lips against her small neck.

Tang Yu. her voice was extremely weak and helpless.

with her whole body in his arms, he could do whatever he wanted to her and do anything he wanted to.

And Tang Yu did it.

pei qiqi cried out and couldn't help but call out his name, " "tang yu, don't be scared."

"Don't be like this? or do you not want to stop?" His voice was extremely low and hoarse. With every word he said next to her ear, she felt like she was going to die.

he had the heart to torture her. in such a place, in the meeting room, he had treated her so shamelessly.

pei qiqi bit her lip and shouted in anger and embarrassment, " tang yu, you bastard. "

she was already prepared to leave, so why would he not let her go?

He didn't know that some things would hurt the least if they were just vague like this.

She couldn't stand the way he looked at her. She couldn't stand his regret. She couldn't stand the day he said to her, " PEI Qiqi, let's break up!

"i don't mind being more of a bastard." he tortured her even more, probably because he was angry and did not go easy on her.

pei qiqi screamed and struggled, but she couldn't stop him from crying.

\*

she was in a daze for a moment, but he had already gotten up.

Tang Yu's voice was cold, "you can try and see what happens to you after you move to that godforsaken place.

"I hate you," she said, finding it unbearable.

He bent down and patted her little face, his noble face smiling enchantingly. PEI Qiqi, hate. Hate is better than forget.

With that, he opened the door and walked out.

After he left, PEI Qiqi shifted and felt weak again.

she bit her lip in anger and took a long time to tidy herself up!

Xiao Wen walked in five minutes later and looked at PEI Qiqi carefully, "boss PEI, the moving company downstairs is urging us to move.

PEI Qiqi slowly sat down. She sat there with a tired expression, "tell them to bring the things back. xiaowen was stunned and didn't dare to ask anything else.

Chapter 412! Tang Mo's routine is so deep

xiaowen saw pei qiqi's dazed expression and sighed in her heart.

she didn't know what had happened to boss pei and mr. tang, but it didn't seem like a small matter.

It was as if there was some misunderstanding or an unresolvable knot.

PEI Qiqi's voice was low, "Xiaowen, go out first. I want to be alone.

Xiaowen hesitated for a moment and said in a low voice, "alright, boss PEI. I'll go and make arrangements for the outside world.

She left and thoughtfully closed the door.

PEI Qiqi sat there and laughed until tears fell.

she wasn't naive, nor was she stupid.

something that even tang yu couldn't decide on immediately ...

this wasn't just about feelings, it was about the entire family.

The Tang family, the Lin family

she knew that he was struggling in his heart, and he was in pain as well, so she would rather let her make the decision.

[ tang yu, do you believe in fate? ]

She felt that this was their fate.

promise me, leave me!

PEI Qiqi laughed and cried. She laughed and said to herself-

pei qiqi, it's no big deal!

how painful could it be?

downstairs, tang yu got into the car. meng qingcheng was driving. seeing his boss's pale face, he admitted that he was gloating.

Looking at their wise and powerful Mr. Tang, now because of Pei Xiao Qi, he was in such a bad state. Thinking about it, he felt a little bitter.

Meng Qingcheng focused on the road as he drove. He casually asked, "actually, it's just a little girl's business. You can just pamper her a little. Why take it so seriously?"

tang yu didn't say a word.

meng qingcheng glanced behind him and didn't say anything.

He had already guessed what the situation might be. After all, he had long felt that Pei Xiao Qi looked like someone.

Tang Yu's reaction also showed that his guess was probably true.

even meng qingcheng didn't dare to say anything about this.

tang yu closed his eyes in the back seat like he was resting. then, his phone rang.

meng qingcheng focused on driving, but he also perked up his ears to listen.

Tang Yu looked at the number. It was Sun Feifei.

sun feifei. if she didn't call him, he would have almost forgotten who she was.

he frowned but still picked it up. sun feifei's voice came from the other end, "tang yu, i have a small concert this week, hanhan."

before she could finish, he interrupted her rudely, "i think i've said it before. we're in a cooperative relationship."

Sun Feifei wasn't unhappy. She smiled, "I remember. But Tang Yu, I just want to hear your unhappy voice. Did you not reconcile with PEI Qiqi?" It doesn't feel good to run after a woman, does it?"

"Actually, I'm not in a good mood today, but when I heard that someone was in a worse mood than me, I felt better." Sun Feifei's tone became light.

tang zheng listened to the woman's quiet voice and hung up the phone with a dark face.

meng qingcheng held back his laughter in front of them. in fact, he heard it too.

this sun feifei!

"Actually, she's quite cute. Why don't we keep her as our mistress?" meng qingcheng joked.

tang yu's face darkened even more. he looked at meng qingcheng, "why do i feel like you two are a good match?"

You're just as talkative! They were equally gossipy!

just as he was feeling frustrated, his phone rang again. tang yu thought it was sun feifei calling so he took the phone and said in a cold voice, ” “miss sun, i don’t have any feelings for you.”

#### Chapter 413 bone marrow match (part one)

however, it wasn’t sun feifei on the other end. it was a servant at home. his voice was trembling as he said, ” sir, miss doesn’t look too good. wanwan, do you want to come back and take a look? ”

tang mo’s hand tightened around his phone and his voice was tense. ” call the family doctor over. i’ll be right back. ”

she didn’t hang up and instructed meng qingcheng, ” qingcheng, drive faster. go back to the rose garden. ”

Meng Qingcheng knew where Tang Xin had been staying recently, so he guessed that something had happened to her. He stepped on the gas pedal and the speed suddenly increased to 120.

After running countless red lights, he arrived at the Rose Garden in twenty minutes.

Tang Yu opened the car door and ran to the second floor. A maid ran behind him and said, ” “The family doctor came over and said that there’s no danger, but he has to be admitted.”

Tang mo already knew in his heart and pursed his lips, not saying anything.

upstairs, the doctor was giving tang xin a nutrient shot. tang xin had fallen asleep, but her face was still pale.

when tang yu reached the door, he slowed down.

he slowly walked to tang xin’s side and sat down. he reached out and touched her cold little face, asking the doctor in a low voice, ” is she okay? ”

The doctor had been treating Tang Xin and knew her condition. He told her the truth, ” maybe her mood has been fluctuating a lot recently, and the illness has been dragging on for too long. Mr. Tang, it’s better to find a way to find a matching bone marrow.

Tang Yu was silent.

“let her stay in the hospital for a while to stabilize her condition,” the doctor looked at the lively and cute little girl and felt a little pity.

Being born into such a rich family, her life and death were not up to her, especially after her mother’s recent scandal.

Tang Yu nodded and asked the doctor to leave.

he had been watching over tang xin until she woke up.

it was already dusk, and only a dim yellow light was turned on in the bedroom.

tang xin opened her eyes and saw tang yan’s handsome face.

it was as if she was dreaming. she stretched out her little hand, reached over, and called out ‘brother’ like a kitten.

tang yu smiled warmly and let her rest on his arm, ” do you want to eat something? ”

Tang Xin was as weak as a kitten, lying still. Her small melon seed-like face was already small, and now it looked even smaller.

she kept looking at tang yu and said in a weak voice, " brother, I dreamed that dad and mom divorced. Mom was covered in blood and she didn't want Tang Xin anymore.

Tang Yu reached out and hugged her, " she won't. She won't abandon you.

His heart was a little soft, but also a little cold.

even though he knew that tang xin wasn't his biological sister, he couldn't let go of her after loving her for so many years.

now that she was as weak as a kitten, he couldn't bear to see her like this.

tang xin's small hands hugged his waist and buried her face in tang yu's arms, crying.

the child had a nightmare, yingluo.

tang yu hugged her. his heart was as heavy as water.

in the end, tang xin was hospitalized and she was well-behaved.

The resident often had a slight smile on his face and looked like he was in good condition.

Tang Yu knew that she was afraid of Hanhan's condition. She had been with Tang Xin for more than ten years and no child wouldn't be afraid.

Tang Zhiyuan had come over a few times, but because of Zhao Ke, he didn't get along with Tang Xin as well as before. It was awkward.

When no one was around, Tang Xin sat on the bed and looked out of the window.

No one knew that she was secretly thinking about Zhao Ke.

No matter how bad her mother was, she was still her mother.

Chapter 414 bone marrow match (2)

how is mom now? would she still look as ugly as she did the other day?

mommy can't stand that i'm not pretty! Would someone hit her there?

Tang Xin didn't dare to ask. She was afraid that others would be unhappy if she asked, because in everyone's eyes, her mother was a bad woman.

However, the bad woman was also her mother.

she lay there in a daze, looking weak and pitiful.

only when meng qingcheng came to see her after work could she be happy. that was probably the only time she was happy.

Tang mo stood outside the window and looked at Tang Xin's appearance through the transparent glass.

this time, with chemotherapy, tang xin's hair was shaved off and she became a little bald head.

Tang mo watched quietly. Suddenly, he walked to the end of the corridor and dialed PEI Qiqi's phone.

She picked up after a few rings.

They were both speechless after how he had treated her that day.

after a long time, tang yu's voice was hoarse, " come to sheng yuan hospital. tang xin is in the hospital. "

pei qiqi was shocked. she quickly went to ask, but tang yu had already hung up.

he didn't know why he had to wait for a few days to find pei qiqi for a chat. perhaps it was because he couldn't bear to extract her bone marrow. that would be very painful.

he loved her, hated her, and felt heartache for her.

whenever he thought of her, his heart would feel numb.

Tang Yu laughed bitterly. He lowered his head and took out a cigarette from his pocket and lit it up.

when he smoked his fifth cigarette, pei qiqi came over and teased him.

from afar, she looked at him as if she was looking at loneliness.

she slowly walked closer to him, step by step.

This was something that she had wanted to do but did not dare to do. but now, because of tang xin, they were entangled again.

tang yu looked at her and put out the cigarette.

"What's wrong with Tang Xin?" she looked up at him, her voice a little anxious.

His eyes were deep. let's talk outside.

he took her to the top floor of the hospital. there was a large rooftop there, which was very large and empty. the weather was gloomy, and the wind was strong.

the wind blew up her long hair and covered her face.

tang yu was only one step away from her. for the first time, he revealed the truth that even he didn't want to admit, " PEI Qiqi, Tang Xin has been sick since she was young. Leukemia.

pei qiqi was stunned.

She stood there, her feet rooted to the ground.

in her ears was the sound of the wind mixed with tang yu's words.

What did he mean by Xuanji and Tang Xin had Xuanji leukemia?

after a long time, she raised her hand and robotically pushed aside her long hair, staring at him with her midnight-like eyes.

In his eyes, there was shock and panic.

Time seemed to have stopped, leaving only Tang Xin's sick sentence.

his lips suddenly became dry. he wanted to say something, but he couldn't say a word.

After a long, long time, her eyes finally lit up again. She stared at Tang Yu, " "Say that again."

” tang xin needs a bone marrow transplant. you’re the last blood-related person without a match. ” he tried his best to speak without emotion.

She suddenly grabbed his arm and pursed her lips, ” take me there, I want to see Tang Xin.

Tang Yu’s eyes were burning as he looked at her, ” PEI Qiqi, aren’t you afraid of pain? ”

She used to bite off a piece of his flesh with a small injection, and bone marrow replacement required a puncture.

pei qiqi pursed her lips and didn’t say a word.

of course, she was afraid, but she was more afraid of something happening to tang xin.

She had already taken Tang Xin’s mother away, and she didn’t want Tang Xin to lose her life.

She was still holding onto his arm, her voice carrying a hint of pleading. take me there.

Chapter 415 Bone marrow match (3)

He held her hand and when he did so, PEI Qiqi was stunned-

But she didn’t break free!

now, her legs and body were weak, and her heart was trembling. she needed someone to hold her.

she grabbed him, looked up, and said in a fragile voice, ” “take me to the lab.”

And he was looking at her deeply.

half an hour later, pei qiqi was sitting alone in the drawing room.

she pursed her lips tightly and stretched out her slender and fair arm.

when the nurse took the syringe and inserted it, pei qiqi’s eyelashes fluttered and she closed her eyes tightly.

she was still very afraid.

But she didn’t make a sound. She kept her eyes closed, waiting for the pain to come.

Until she was pulled into a warm embrace.

it was a long-lost embrace!

After she ran away from their marriage, even though they had physical contact later on, or rather, they had done it several times, his embrace was not as warm as it was now.

PEI Qiqi closed her eyes and couldn’t help but wrap her arms around his waist. When her fingertips touched him, she could feel his warm body temperature.

tang yu’s body also tensed up the moment she touched him.

He hugged her with one hand and covered her eyes with the other, not letting her see the blood.

Her small face was buried in his lower abdomen. Her hair was soft and fluffy, and she was trembling in his arms like a weak beast.

His heart ached, and he couldn’t describe the feeling.

The nurse saw this and relaxed her grip.

finally, after five full tubes of blood were drawn, pei qiqi's lips were as pale as a piece of white paper.

She was still in his arms, her voice was soft and trembling, "where is Tang Xin? I want to see her.

"alright," he said. Tang Yan closed his eyes. don't tell her.

She and Tang Xin were sisters, even close sisters. She had nothing to do with Tang Yu.

however, he would rather let tang xin think that she was his sister.

He would rather let Tang Xin think that Qiqi was Qiqi and not her sister.

Because this 'sister' was destined to make Qiqi pay a huge price.

After she calmed down, Tang Yu helped her up and walked towards the ward.

"why didn't you tell me earlier?" she suddenly asked him at the door.

Tang Yu was silent for a while and then said, "PEI Qiqi, you're not the only one who is helpless!"

He did not say anything else.

PEI Qiqi pursed her lips and stood at the door for a while. Then, she broke free from Tang Yu and walked in.

when tang xin saw her, she was happy but a little guilty. she sat there and shouted, "qi qi, why are you here?"

she didn't want qiqi to see her bald head.

this was the first time pei qiqi saw her bald head. her heart and nose felt sour. tang xin was such a beauty-loving girl ...

She still remembered the first time she saw Tang Xin. Tang Xin had a Princess-like hairstyle and looked especially ladylike, which was her dream.

Her eyes were a little straight, and Tang Xin touched her little head unnaturally, "very ugly, isn't it?"

pei qiqi's eyes were a little hot. she held it in and forced a smile, "how could that be? our tang xin is beautiful no matter how you look at her. "

Oh, "Tang Xin replied. She obviously didn't believe her. She wailed and looked at PEI Qiqi, "qiqi, can i stay at your place after i recover?"

she was afraid of going home, and her brother was very busy.

She wanted to go to Qi Qi's place. She didn't know why, but she just wanted to be close to Qi Qi.

Tang Xin thought that she might not live long, so she meant to earn as much as she could.

Chapter 416 bone marrow match (4)

pei qiqi reached out and touched her little bald head. her fingers fondled her little nose and her thin face longingly.

he didn't think so in the past, but now he really felt that it was so precious to be able to do this.

Being touched by her like this, Tang Xin felt that Qiqi's eyes were a little strange.

He looked at her like a puppy looking at a bone.

however, she was still attached to this feeling. she moaned and hugged pei qiqi, " " qiqi, if i die, you must remember to think of me. you don't have to think too much, just think about me occasionally. "

PEI Qiqi's heart was filled with an indescribable feeling. She closed her eyes, " no, nothing will happen.

" but i've waited for so many years, " tang xin said pitifully. " i didn't get it. "

Her little face was on PEI Qiqi's shoulder and her little hands clutched it, " "qiqi, don't be sad."

PEI Qiqi hugged her small body and tried her best to hold back her tears, " I'm not sad. I'm really not sad.

but her voice was choked with sobs.

Now, PEI Qiqi began to doubt her decision to send Zhao Ke to jail. It was too cruel to Tang Xin.

Tang Xin's voice was soft, " you still say you're not sad. Qiqi, you're going to cry. She didn't want to tell Qiqi because she was afraid that Qiqi would be sad if she knew.

" i didn't want to cry, tang xin. i didn't want to cry. " PEI Qiqi closed her eyes.

The nurse came in with a doctor behind her. She looked at the two people hugging and said to Tang Yu in a low voice, " "mr. tang, it's time for tang xin to receive her chemotherapy."

chemotherapy?

pei qiqi could feel tang xin's body tremble when she heard those two words.

she too!

she hugged him a little tighter.

"Qiqi, I'm going for treatment." Tang Xin sniffed and said softly.

She was very scared, but she was even more afraid that her brother and Qiqi would worry about Wanwan and her father. Her father would sigh every time he came.

PEI Qiqi hugged her even tighter. She didn't want to let go. She didn't want Tang Xin to suffer.

It had only been a few days, but Tang Xin had lost a lot of weight and her face was pale. She was so thin that she didn't look like a 16-year-old girl.

"Qiqi." tang xin gently pushed her away and then smiled at her, " it doesn't hurt, it doesn't hurt at all. "

The more she acted like this, the more upset PEI Qiqi felt.

Tang Xin got out of bed, put on some clothes and followed the doctor and nurses. PEI Qiqi wanted to follow, but Tang Yan stopped her. His voice was a little hoarse, " "go and bring her back in two hours."

Tang Xin didn't want anyone to see her go through chemotherapy in pain. She said it was ugly.

PEI Qiqi was stopped from behind. Tang Yan half-hugged her and said in a heavy voice, "Don't go, she has her own pride."

she looked at the door in a daze and pursed her lips. after a while, she turned around and looked at tang yu, "I can match her, right?"

"there's only a fifty percent chance." he returned the favor truthfully.

PEI Qiqi was stunned. After a while, she said in a daze, "if I had known earlier, I wouldn't have ran and wouldn't have chosen to design Zhao Ke.

She was thinking about what if Tang Xin didn't get better, what if one day.

she would rather tang xin have her last happiness.

She looked at Tang Yu and was on the verge of breaking down, "it's me, it's my fault! tang yu, why, why didn't you tell me earlier?"

Tang Yu looked at her crazy expression and his heart sank. He pressed on her shoulders, "This is not your fault."

pei qiqi looked at him and mumbled, "yes, I didn't do anything wrong, but I'm sorry to Tang Xin.

Chapter 417 Bone marrow match (5)

Tang Xin was her sister. She had set up Zhao Ke and knew that this would happen, but she never thought that Tang Xin would have such an illness.

"you have no other choice now." He stared into her eyes, "PEI Qiqi, will regret help?"

pei qiqi was in a daze and mumbled, "I regret not using the Kasaya."

"Also, you're not wrong! We can't let go of a guilty person just because of Tang Xin."

He had finally brought her into his arms.

he pressed his tensed chin against her hair and rubbed it. his voice was a little hoarse."Qiqi, this is not your fault."

In his arms, she cried pitifully.

"It's my fault. Otherwise, why would you treat me like this? Why?"

She cried in his arms and couldn't stop crying. After a while, her tears stained his heart. It was hot and wet, and it was uncomfortable.

he hugged her. it had been a long time since he had hugged her like this.

At such a time, when both of their hearts were wet and in pain, hugging each other became the warmth of each other.

However, this warmth was only temporary. PEI Qiqi returned to her senses and carefully moved away from his embrace.

She was standing two steps away from him.

Tang Yu lowered his head and looked at the spot in his heart. He smiled and didn't say anything. He just walked outside and smoked a cigarette.

They used to be the closest, but now, they were the most unfamiliar people.

they could both be good to tang xin, but it was difficult to hug and love each other like before.

Tang Xin fell asleep with tears on her face after being carried back by Tang Zheng.

if she said it didn't hurt, how could it not hurt?

pei qiqi sat there for a long time, from day to night, and from night to dawn.

tang xin didn't wake up, so she stayed by her side and only ate a little.

Tang Yu too. He stood by the window the entire night.

no one could sleep tonight, because the hospital was carrying out the match at the fastest speed possible. the results would be out early in the morning!

none of them could sleep. this night was destined to be difficult to endure.

the first ray of the morning sun shone into the ward, injecting a trace of vitality into their fatigue.

PEI Qiqi felt like a century had passed. She looked up at the window and it was very glaring.

subconsciously, she used her hand to block it, but she was unwilling to move away.

tang mo stood there with his back to the window. he was against the light, so she couldn't see his expression.

he was leaning against her. his posture looked relaxed, but she knew that he was tense.

just like that, the two of them looked at each other.

after a long time, he finally asked her in a hoarse voice, "pei qiqi, what do you think is important to you?"

She couldn't say it and just looked at him in a daze.

"Is it self-esteem, face, or hatred?" He walked towards her and kissed her under the first ray of the morning sun.

PEI Qiqi was stunned. Then, she subconsciously started to struggle.

He clasped her shoulder with one hand, not allowing her to move. His hand pressed on the back of her head, and the kiss was not deep, but not shallow either.

They helped each other.

at this moment, the powerful tang yu actually felt a sense of fear.

Tang Xin was not only his sister, but also PEI Qiqi's sister. Without Tang Xin, what was left between them?

Could that love support their short-lived relationship?

after a long time, he let go of her.

The two of them were panting. PEI Qiqi maintained her posture and couldn't move at all.

However, she answered his question, ” but I can’t ignore others.

Chapter 418 Bone marrow match (6)

tang yu didn’t say anything.

in fact, he had been waiting.

When she threw herself into his arms, when she said-

tang yu, i don’t care about anything else. i only care about you. other people and other things don’t matter. i just want to be with you.

PEI Qiqi, the one who can’t let go of the hatred is you. He looked down at her and reached out to touch her soft cheek. She was so delicate and small, but she was carrying a whole body of hatred.

did she think that he could no longer be relied on?

Because he was Tang Yu, because of his mother, because of jinrong Qianqian, she felt like she didn’t deserve to love him!

“what do you want?” She searched his eyes carefully, her voice a little anxious and a little scared.

Tang Yu’s fingers were still slowly caressing her red lips. After a long time, he said softly, ” “Qiqi, I want you to be happy.”

so, he didn’t force her. he just didn’t allow her to leave.

He knew that even if he forced her, they would not be happy together.

life was not a fairy tale.

The final destination of a relationship was marriage. It was when they slept in the same bed every day. It was when they could have many children and Yingluo was his mother who could sincerely wish them well.

It was her. After seeing his mother, she would not feel guilty and would not feel that she had done anything wrong.

this fool had always felt that it was his fault.

How could she be wrong?

She had always been the most innocent!

tang xin was pitiful, but she still had a lot of love, while his little fool was always alone.

He had to admit that he had been treating her badly these days!

tang yu sighed. it was like he understood a lot of things in one night.

He reached out to stroke her fluffy hair and did not say anything else.

he had made a decision in his heart, and he knew that his decision would set off a storm of blood in the tang and lin families, but he just wanted her to take a step back.

he didn’t want to hide it from his mother, but he would make things difficult for yingluo.

Making things difficult for her own mother, making things difficult for PEI Qiqi, and making things difficult for herself!

He remembered Tang Xin saying, " brother, we'll live together with Qiqi in the future.

then let the three of them live together!

PEI Qiqi was stunned. She looked up at him in a daze.

At this moment, she was weak and helpless.

Tang Zheng lowered his head and whispered in her ear, " "PEI Qiqi, you have to hold on."

i'll wait for you here. i'll wait for you to experience the vicissitudes of life. i'll wait for you to come to my side.

She was still in a daze, and he gave her the last bit of love by kissing her on the lips.

When he straightened his back, it was already bright outside.

it was a new day!

Tang Xin woke up. She was still in pain as she lay there and watched her brother kiss Qiqi.

it was as if all the pain in his body had disappeared in that instant.

in that instant, it became infinitely beautiful.

her brother and qi qi seemed to have fulfilled a dream in her heart.

Brother and Qi Qi had done what she couldn't do.

tang xin just looked at him and felt that she was happy now.

the three of them were already living together.

brother, qi qi, and her wanwan.

She couldn't decide how long she could live, but she had the happiness she wanted.

She didn't want them to find out that she was awake. When her brother straightened his body, she quietly closed her eyes again.

However, a faint smile appeared on the corner of his mouth.

The smell of disinfectant in the ward had become sweet!

Chapter 419 bone marrow match (7)

At 8 am, the nanny brought breakfast over. Tang Yu asked PEI Qiqi to accompany Tang Xin.

PEI Qiqi helped Tang Xin to wash up and then coaxed her to eat.

Although she was talking and laughing with Tang Xin, PEI Qiqi's heart was still in pain. She couldn't wait to know the result.

" qiqi, you've fed it into my nose. " Tang Xin's voice was like a weak kitten, with a touch of playfulness, " "Are you thinking of your brother?"

PEI Qiqi smiled and shook her head, " nonsense.

tang xin also laughed, " i'm not talking nonsense! " qi qi, you're blushing."

pei qiqi reached out and touched her face. tang xin chuckled.

PEI Qiqi realized she was tricked and glared at Tang Xin, " "eat well."

tang xin responded obediently, " as long as you don't feed it to my nose, qiqi. "

pei qiqi continued to stare at her.

tang xin groaned,"okay, i'll eat it!"

she pitifully tried to please him, and was just short of wagging her tail.

pei qiqi focused on feeding her. seeing tang xin's little face, her heart felt sour.

Tang Xin couldn't eat anymore after eating half a bowl. PEI Qiqi wiped her mouth and helped her lie down.

Tang Xin was very tired and fell asleep in a short while.

pei qiqi covered her with the blanket and walked out after looking around.

The moment she opened the door, she saw Tang Yu.

his expression was a little dark, and her heart skipped a beat. she looked at him, her lips moving slightly.

"let's talk outside," He said simply, and then walked straight to the end of the corridor.

pei qiqi followed him. her head was buzzing and her legs were soft. she couldn't describe the feeling.

Tang mo stood there waiting for her. She walked over and looked up at him, her voice trembling.

Tang Yu, can you? "

there was a touch of pain in his black eyes and his thin lips were tightly pursed, " after comparison, your bone marrow doesn't match with tang xin's. " in other words, even pei qiqi couldn't save tang xin.

pei qiqi was stunned. Even though his expression had said it all, she was still shocked, disappointed, and even desperate when she heard it.

a gray color enveloped her.

slowly, his entire body turned cold.

she was still looking up at him, her lips slightly open as she watched him.

but her eyes were already filled with tears.

no amount of tears could save tang xin.

but she couldn't control it. her body started to tremble. she started to tremble in fear.

tang xin was almost her only family in this world.

Was there no way to save such a lively little girl?

She remembered how energetic Tang Xin was when she first saw her.

she loved to call her qiqi, she loved to eat her food, she loved to stick to her, she loved to say qiqi, your hair is so straight, your waist is so thin, and your P \* s are so perky.

She couldn't save Tang Xin like this.

The sunlight shone through the glass and onto them, giving them a golden glow. However, it could not shine into her heart.

"If we can't find a match, how long can she live?" Finally, she asked him softly.

tang yu's voice was a little hoarse, " the doctor said he's no more than 20. "

In fact, if Tang Xin wasn't born in the Tang family, she wouldn't have passed the age of ten.

pei qiqi closed her eyes. her fingers were clenched so tightly that they dug into her flesh.

She couldn't feel anything anymore. She couldn't feel any pain.

tang yu looked at her. he didn't tell her that there was another way.

Chapter 420 qi qi, you have to be responsible for your brother (1)

At that time, Dean Hao looked at him and hesitantly said, " " there's another way. mr. tang, you and miss pei are both tang xin's blood relatives. if you have a child, there's a good chance that the child's blood will match. "

As long as there was a glimmer of hope, Tang Yu would not give up.

however, he didn't want to tell pei qiqi. if he told her, she would definitely demand to have a child with him.

It would be an insult to their relationship. He wanted her to be with him willingly, not to save Tang Xin.

he wanted her to love him with all her heart.

tang yu was even a little jealous. he was a little jealous that she cared too much about tang xin.

fortunately, tang xin's chemotherapy was well-behaved this time, and the best doctor and medicine were hired, so her condition stabilized and she could go home after staying for half a month.

pei qiqi ran around and often came to accompany tang xin.

when she came, tang xin would be a little happier and pester her to ask her all sorts of questions.

PEI Qiqi made some chicken noodles for Tang Xin. Tang Xin ate with satisfaction and wiped her mouth. Then, she looked at PEI Qiqi and asked, " Qiqi, why won't you and brother meet? "

Qi Qi would come over in the morning, but brother would come over at night. It was so strange.

"Why do we have to touch it?" pei qiqi said as she mimicked her.

tang xin groaned, " qiqi, don't you like brother anymore? "

"Yes." PEI Qiqi nodded,"we've broken up." &Nbsp;

tang xin looked at her and made a big move, " but would a person who broke up do embarrassing things? "

pei qiqi looked at tang xin with question marks on her face.

tang xin's palm-sized face had a touch of pride, " brother said it himself. didn't you have a hickey on your neck that time? " He admitted that you bit him, Qi Qi."

after she finished speaking, tang xin looked at pei qi with an outrageous gaze, as if she wanted her to take responsibility for her brother.

PEI Qiqi was speechless and glared at Tang Xin.

However, she was a little shocked.

hickey?

That was what they saw during the new year, so what about the dream Yingying had the night before?

was it true?

she and tang zheng had slept together for a night? And she remembered that she had been eating at his place in her dream!

pei qiqi was shocked and panicked!

why did he make her think that it was sun feifei?

tang xin looked at her expression and became even more proud. she raised her head, " qiqi, i told you you can't forget your brother. "

pei qiqi didn't say anything. she was still in a daze.

at this moment, tang zhiyuan came over with two medical staff behind him. they were talking as they walked over.

When he saw PEI Qiqi, Tang Zhiyuan was stunned.

these days, he didn't come much and didn't see pei qiqi.

now that they had met, other than being surprised, there was also an indescribable feeling.

"miss pei, are you here to see tang xin?" Tang Zhiyuan knew that Zhao Ke didn't like PEI Qiqi. He had already divorced Zhao Ke and PEI Qiqi had broken up with Tang Yu. So, he didn't really care.

however, he was worried that pei qiqi had an ulterior motive for visiting tang xin. perhaps she regretted it and wanted to be with tang yu again?

After the incident with Zhao Ke, Tang Zhiyuan became very wary of women, especially those who were pretty.

The doctor was asking Tang Xin, and Tang Zhiyuan said lightly, " "miss pei, you don't mind talking outside, right?"

pei qiqi could guess what he wanted to say so she nodded.

after he walked out, tang zhiyuan looked at pei qiqi and realized that this girl looked a little haggard.

after a pause, he said bluntly, ” “I’ll take Tang Xin back in two days and ask someone to take good care of her. don’t worry, miss pei, but hanhan is being selfish. i don’t want miss pei and tang xin to get too close. after all, you and tang yu didn’t have a good time before.”
