

Thank you 4141

Chapter 4141: pacify her (5)

she hit him a few times desperately.

Qin mo seemed to have finally calmed down, but his face was still close to her. His voice was very soft and ethereal. do you think I want to do it with you? he Huan, do you think I only care about the pleasure of having my body as one? what's the use if it's not that person? ”

He Huan's breathing was a little messy as she looked down at him.

in the past few minutes, the balance between them seemed to have been broken.

she rarely came back all these years, once or twice a year. she only did it without love.

He had never asked for her feelings either. Maybe he was just angry, but what did he mean by saying these words now?

...

he huan didn't understand and didn't want to understand.

She pushed against him and slowly pulled away from his embrace. This time, Qin mo let go of her.

He Huan went to take a shower. She took a quick shower and would be back soon.

He laid down beside Yi Huan and touched her forehead. He asked her softly, ” “Aren't you going to take a shower?”

Qin mo looked at her again and his Adam's apple bobbed a few times before he walked out. “i'm going for a smoke.”

the man who had been weak just now was probably regretting it now and needed to calm down.

he huan thought that he would be sleeping in the guest room, but half an hour later, qin mo returned to the master bedroom after a shower. he laid down on yi huan's other side and leaned against the bed to take her temperature. he was relieved when it dropped to 37 degrees and closed his eyes. sleep first. It might repeat at night.

he huan licked her lower lip. she really didn't know much about children's illness.

Oh, " she replied and closed her eyes in a panic. She did not know when she fell asleep.

When she woke up, she was jolted awake. The moment she opened her eyes, she saw Qin mo leaning against the head of the bed. Little yihuan was sleeping in his arms. It was the kind of sleep where he held her in his arms. It was a very loving feeling.

"What happened to her?" He Huan quickly sat up, his voice hoarse.

Qin mo did not look at her and focused on coaxing the child. He lowered his voice and said, " I had a fever again just now. I'm much better after drinking the cooling medicine.

He Huan scratched her short hair. why don't I coax her? "

qin mo looked at her and carried the little guy over. he placed him in her arms and let her lie down together.

perhaps it was the softness and warmth unique to women that made little yihuan feel very comfortable. she leaned over like a small animal. her small and round face closed her eyes, and her face was as cute as an angel.

He Huan couldn't help but reach out and pinch her face. She couldn't bear to look away and just kept staring at her.

Qin mo was still leaning against the head of the bed, looking cold and arrogant. "I've finally aroused a little bit of maternal love from you."

He Huan was still looking at Yi Huan. Qin mo, you don't have to be so sharp and sarcastic. Be careful of your early update.

He had already lost control just now. In her memory, Qin mo was not like this.

If Qin mo knew what he Huan was thinking, he would probably hold her down for the entire night to prove that he was a man.

at this moment, she said all this, but perhaps she was too tired, so she didn't want to argue anymore.

qin mo also laid down slowly."go to sleep. it's almost five o'clock."

He Huan didn't fall asleep immediately. She looked at him and pursed her lips, not saying anything.

in the early morning, the surroundings were quiet. qin mo, yi huan.

Her husband and child.

The atmosphere was so homely that he Huan felt a little strange and helpless. She was not a good mother, and she had never thought of being a mother. She loved yihuan, or else she would not have been hung around by Qin mo and Yi Huan for so many years. However, other than loving yihuan, she really did not know where to start.

Chapter 4142: do you have me in your heart? 1

it seemed that qin mo loved children more.

he knew how to be a good father and a good husband, but she didn't give him a chance. she didn't want to give him a chance, and he seemed to be disdainful.

all these years, they had also been torturing each other.

The tiny cuts were like a knife cutting, very blunt and very painful.

He Huan laid there for a long time before she finally felt sleepy.

when her breathing had calmed down, qin mo opened his eyes and looked at her quietly. his wife.

...

He Huan was in a deep sleep, probably exhausted.

qin mo's gaze shifted to his little girl. he looked at her quietly for a while before closing his eyes.

he actually couldn't bear to sleep at such a gentle moment.

however, he was still a little tired. he reached out and took the little thing over, holding it in his arms gently.

yi huan was small and obedient in his arms.

Qin mo lowered his head and kissed her.

After that, everything became more peaceful and beautiful.

Yi Huan could not sleep well. One moment, she was sleeping in Qin Mo's arms, the next moment, she rolled into he Huan's arms. The next moment, she was awake and looked at her mother and father ...

It was so blissful to be sick.

His little paws secretly held his parents 'hands, feeling like he was The Happiest Baby in the world.

when he huan woke up again, it was already 10 in the morning. her eyes were a little sore and dry. she grabbed her phone and looked at it.

He turned off his phone.

she turned it on and countless calls popped up. her assistant and some business partners were calling. she thought that her phone had run out of battery, but there were still two slots left.

Qin mo must have turned it off.

He Huan sat on the bed and scratched her head. She picked a few important people to call. After she was done, she threw her phone aside and went to find Qin mo.

qin mo was accompanying yi huan.

he huan went over and sat on the sofa opposite him. ” “Did you turn off my phone?”

Qin mo looked at her and his attitude was a little cold. “you only care about work? aren’t you going to ask if yi huan’s fever has subsided?”

he huan paused for a moment. she wanted to ask, but she could not bring herself to do so.

Qin mo didn’t keep her in suspense and said, ” ” her fever has gone down, but she still needs to take good care of herself for the next two days. which one of us should stay at home to take care of her? ”

he looked at her expression and then whispered, ” ” he huan, don’t even think about handing her over to the servants or my parents. she’s our child. if we don’t take care of her, who will? ”

“i’ll take care of her in the afternoon then. i have something to deal with tomorrow,” he huan said with some difficulty.

qin mo looked at her and didn’t say anything. it could be considered that he had agreed.

he huan reached out and touched yi huan’s little head. ” it’s not hot anymore, is it? ”

qin mo pursed his lips. ” i’ll go and prepare dinner. ”

“aren’t you going to hire an auntie?” he huan called out to him.

“we’ll talk about it in the future.” qin mo paused for a moment.

“we can’t go on like this without work,” he huan said anxiously.

“You don’t have to work. Is there a problem with me supporting you?” he looked at her quietly.

he huan turned her face away. ” you know that’s not what i meant. ”

Qin mo paused for a moment. she’s going to the nursery soon. If you’re not free during this time, I’ll bring her to the company. There are many secretaries in the company who are willing to take care of her.

He Huan was being mocked by him again, but she didn’t do anything to him and pretended not to understand.

Chapter 4143: do you have me in your heart? 2

There was no point in talking to him like this. He Huan turned her face away. She really didn’t want to talk to him.

Qin mo looked at her and did not say anything. He went to the kitchen.

Yi Huan sat there, her big eyes blinking. She asked seriously, ” mommy, did you and Daddy fight? ”

“no, i didn’t,” He Huan denied it too quickly, then felt that her words were a little stiff, so she softened her tone and coaxed little Huan. “mom and dad are just discussing a problem.”

Yi Huan blinked at her and asked softly, ” “But daddy seems to be angry. Mommy, will you coax daddy like you coax me? I’ve seen other people’s mothers coax daddy like this on TV.”

he huan said,”it’s a little difficult.”

...

yi huan's little face was filled with disappointment. then, she watched tv and subconsciously held her little milk bottle.

this was how insecure she looked.

He Huan pursed her lips and reached out to stroke her black hair. "are you angry?"

"I'm not angry." " i just feel that my family isn't happy, " the little guy said.

He Huan looked at the little girl's happy face and couldn't help but laugh. She reached out and grabbed the little girl's hair."how is it not happy?"

Yi Huan looked at the TV and pretended not to care. because mom and dad don't love each other.

he huan was stunned.

"Did you see it on TV again?" he asked in a low voice after a while.

yi huan looked straight ahead and nodded her head.

He Huan coughed lightly and said in a low voice, " actually, TV shows are also shot and written by people.

"But Daddy and Mommy are real." yi huan said stubbornly.

He Huan didn't know what to say. After a long time, she said in a low voice, " "Then What is Love?"

"go and coax daddy." Little Yi said happily.

He Huan was a little confused. She reached out and touched her head uneasily. you want to coax him? ” Shouldn’t the man be coaxing the woman?”

However, the sick Yi Huan insisted, ” “There are also women coaxing men on TV. They have to coax whoever is wrong.”

“am i wrong?” He Huan pointed at himself.

“It’s wrong not to love Daddy.” Yi Huan’s face was tense.

He Huan was stunned again.

Don’t love Yingluo

was she that obvious? Even Yi Huan felt that she did not love Qin mo.

After being in a daze for a while, she finally bit her lower lip. then I’ll go and coax daddy. That’ll be considered as loving him, right? ”

“i don’t know, but at least i care,” yi huan finally gave her a proper look.

hence, he huan knew that in her heart, qin mo’s status was far higher than hers. that was right, she had grown up in the qin family and was closer to qin mo.

there was an indescribable feeling in he huan’s heart. she pursed her lips and finally squatted down in front of yi huan. I’ll go and coax daddy. Then, the baby won’t be able to be angry at mommy again.

Yi Huan’s big eyes were filled with anticipation.

he huan stood up and pulled at her clothes, feeling rather uncomfortable.

qin mo was a man, but he still needed her to coax him. she really couldn’t coax him.

however, he had to do it anyway, because yi huan was on his side.

he huan went to the kitchen. qin mo was preparing the ingredients and the rice was already ready.

he huan looked at yi huan who was outside. yi huan was craning her head to look in his direction. she was extremely cute.

“Um, when did you learn how to cook?” he huan leaned on the counter and said some cheesy words.

Chapter 4144: do you have me in your heart?(3)

qin mo didn't raise his head and only said, ” “when i first met you.”

“the day you became an adult, i wanted to take care of you in the future, so i went to learn it.”

cheesy love words added bonus points.

He was not lying. He had really gone to school for her. His hands were covered in blisters, and even now, there were still some visible scars. However, they were pale white, and he Huan had never noticed them.

Well, they didn't live together, and she didn't look at him when they made love. They didn't interact at all, so how would she know?

After Qin mo finished speaking, he Huan was a little embarrassed and only responded after a long time.

...

Qin mo looked at her. why are you here? why aren't you accompanying yihuan? ”

“she asked me to come over and see what you've made.” He Huan felt a little awkward.

qin mo's gaze was a little deep and it made her feel uncomfortable. she was angry that he had seen through her.

" what's the matter? " after a while, qin mo smiled. " so, can you tell what dish i'm cooking now? "

He Huan looked at the piece in his hand. He didn't recognize it, so how could he say it?

just as she was feeling embarrassed, qin mo told her. he lowered his head to deal with it while speaking to her gently.

The way he lowered his head and spoke was like a warm husband.

Even though he Huan had many differences with him, she had to admit that he was very good-looking. He was the kind that could be the top celebrity. However, no matter how gentle he was, she knew the strength in his bones.

At least, he liked to make her cry in bed.

He Huan was absent-minded. When he asked her a question, she couldn't answer and only looked at him indifferently.

the corners of qin mo's lips curled up into a charming smile. he did not say anything and only reached out to pinch her face gently. " "What are you thinking about?"

He Huan came back to her senses and patted his hand."you cut the vegetables with your hand."

"you dislike it? but don't you like it the most when i touch you?" Qin mo said pervertedly.

He Huan couldn't bear to listen to him anymore. no, I didn't.

every time I touch you, you're always so desperate. You obviously like it, but you have to pretend that you don't like it. Is it really good to say one thing and mean another? " he mumbled, his fingers touching her soft face again.

Obviously, she was exposed to the elements and did not take good care of her skin. However, he Huan's skin would return to its previous state after a week of treatment. This was probably the biggest advantage of her thin body. Although she did not have a 32d or anything, the moment he touched her, she would start a fire.

she came back once or twice a year, and he had been enduring it for the past few years.

he huan stepped back, but there was nowhere to go. her body was against the counter behind her. he wanted to come closer again, but she warned him in a low voice, "qin mo, calm down. yihuan is at home."

He stopped moving and pressed his lips against hers. His voice was hoarse and pleasant to the ear."i didn't finish last night, so i'll make up for it tonight. i'll probably be back at nine o'clock, so you can coax her to sleep, hanhan."

"I don't know how to coax you," he Huan said, blushing.

Qin mo laughed lightly. you can even coax me. Why can't you? "

he huan was even more embarrassed. she gritted her small white teeth. "qin mo, i'm not coaxing you. "

He chuckled and went back to deal with the ingredients. "Then why did you come over so clingy and say such cheesy love words? For your own happiness?"

He Huan wanted to leave, but he hooked an arm around her waist from behind and said in a low voice, "Don't forget what I said just now. Coax her to sleep. Otherwise, Yingluo ..."

Chapter 4145: do you have me in your heart? part 4

He Huan didn't dare to ask him what he was going to say. She only twisted his arm and silently tried to break free from him.

qin mo lowered his head and looked at her. he knew that she was more embarrassed than angry this time. after all, she was the one who took the initiative to tease him just now.

He kissed her forehead and said in a low voice, " don't forget.

he huan ran away.

he smiled from behind, his eyes very gentle.

He Huan returned to the living room. Little Yi Huan looked straight at her. "Are you done coaxing daddy?"

...

He Huan sat down and coughed lightly. don't be surprised if daddy is angry in the future. I'm old now. I'm in menopause.

"What do you mean by menopause?" yi huan's eyes widened.

he huan took a sip of water. " it's just that her temper is unpredictable. so, it's definitely not normal anger. "

"daddy is so miserable!" "Then mommy will have to coax daddy more often," little yihuan replied bitterly.

"Then daddy needs an injection!" She paused.

"I'm very happy when I see daddy giving mommy an injection. Mommy, just bear with the pain."

He Huan's face froze.

In the end, she simply stopped talking and turned her face away while biting her fist.

she told herself that she was her biological son.

“That’s not called an injection,” she said.

” if it’s not an injection, then what is it? i clearly saw a needle. ” Little Yi Huan insisted.

he huan didn’t know whether to laugh or cry. if qin mo knew that yi huan called him a cricket needle, what would he think?

After that, the topic was over. Yi Huan was tired and she moved over to lie on her mother’s lap to sleep. She could have slept in her own small bed, but she just wanted her mother to love her.

after mommy coaxed daddy, she didn’t even coax the baby!

It had to be said that it was better for he Huan to have fun outside. It was not easy to be a good mother and wife.

She lowered her head and ran her fingers through Yi Huan’s hair. There was a motherly gentleness in her eyes.

She felt that Yi Huan was really cute and she was reluctant to part with her.

He did not want Yi Huan to be a single parent. He did not want her to be alone without her parents. She was so cute now. Even if she took her away, there were some things that she could never give to her, especially those that Qin mo gave her.

he huan lowered her head and kissed yi huan. a warm smile appeared on her face.

Qin mo came over and caught her expression. He leaned against the door and looked at her attentively for a while before he lowered his voice.”it’s time to eat,”

Ah?

“But yihuan just fell asleep,” he Huan looked up.

“I’ll carry her to the room to sleep. She just ate. When she wakes up, heat up the baby’s meal for her. I’ll make it for her.” as qin mo spoke, he reached out and gently carried the baby.

He also kissed her on the face. He Huan could tell that it was the place she had kissed.

her face was a little hot, and she knew that he was doing it on purpose.

when qin mo came out again, he saw he huan sitting there in a daze. he reached out and pulled her up.”eat with me.”

she bit her lip and followed him to sit down.

this was the first time she had eaten qin mo’s cooking, and it was surprisingly delicious. it seemed like he was telling the truth when he said he was going to learn.

“I can be a chef now.” He Huan looked up as she ate.

qin mo smiled,”really?” however, not everyone has the good fortune to eat my food.”

he huan was stunned for a moment. she felt that his words were a little vulgar, but she did not want to think in that direction.

Chapter 4146: do you have me in your heart? v

he huan felt that he couldn’t continue listening to what he was saying, and she didn’t want to hear it either.

Hence, she lowered her head and ate.

qin mo looked at her escaping face and felt that it was a little cute. he reached out and pinched her face.

“can’t you just eat properly?” “don’t you have a meeting at the company?” he huan slapped his hand away.

Now that Yi Huan wasn’t around, Qin Mo’s words were obviously a lot more explicit. He paused for a moment. ” there’s no rush. there’s still time to do one. i’m the boss. who would dare to say i’m late? ”

He Huan put down the chopsticks in her hand and couldn’t help but complain. can’t you have some integrity? ”

...

“Do husband and wife need moral integrity? i think the word “f * ck” should be omitted, leaving only the word “f * ck” behind. that’s more than enough.” as qin mo spoke, he got up to take his coat and walked over. ” ” i’m going to a meeting. i’ll take the test on the key points that i just marked tonight. ”

He Huan thought,”I haven’t spent much time with him in years. How can he be so perverted?”

qin mo’s mood was quite good. he took his car keys and left.

While driving, the corners of his mouth couldn’t help but curve up. When he went to the company for a meeting, the employees and shareholders in the company all felt that boss Qin’s mood today was special.

At home, he Huan tidied up the dishes and put the dishes into the dishwasher, but she didn’t know how to use it.

After a long time, she still could not get it up. In the end, she called Qin mo.

Qin mo was in a meeting. When his phone rang, he glanced at it and was surprised that he Huan was calling him.

In the past year, she barely made two or three phone calls. When she called, she would only ask how Yi Huan was doing.

he had only left for a short while when she called. he thought that yi huan was having a fever again so he picked up the call in front of everyone.”what’s wrong?”

her voice was gentle.

everyone knew that this was he huan, president qin’s wife.

It was rumored that their relationship wasn’t very good, but looking at it now, it was obvious that their relationship was good.

“I don’t know how to use the dishwasher,” he Huan said.

qin mo’s heart was at ease. ” you can wait for me to come back tonight. ”

“i’m afraid the bowl will be spoiled.” she said unreasonably.

Qin Mo’s temper was very good. He told her everything in detail and hung up the phone.

She had just sat down and said a few words when her phone rang again. He Huan said she couldn’t get it up.

Qin mo held his phone with one hand and motioned for his subordinate to continue speaking. He walked to the window and said, ” are you deliberately tormenting me? ” What, you want me to accompany you?”

“are you coming back?” he huan asked.

qin mo looked at the conference table. ” i can’t come back, but i can satisfy all your requests tonight. ”

She thought he didn’t know that she was deliberately being unreasonable to annoy him, thinking that it was better for them to live separately. He was a little disappointed, and the little joy he had just now disappeared. His expression also became dull.”how about this, i’ll get someone from the engineering department to teach you later.”

It was obviously a waste of talent, and President Qin only did this because he was angry with Mrs. Qin.

he huan said no, but he had already made his decision.

This time, the atmosphere was a little stiff.

He Huan emphasized again, "no, I'll wait for you to come back tonight.

"I might not be back at night." qin mo's voice turned cold. "i might have to attend some social events. "

He would not indulge her even if she did.

"But yihuan is sick. You have to come back," he Huan said after a pause.

"is that so? have you been back when she was sick these past few years?" boss qin's voice grew louder, not realizing that the meeting had stopped. everyone was silent.

and he and he huan became the scene of a large quarrel.

Chapter 4147: How fragrant (1)

The meeting room was silent. After Qin mo noticed it, he paused for a moment before saying in a hoarse voice, "continue with the meeting.

he said a few words to he huan and sat down. he told his secretary to send someone from the engineering department to his house to teach mrs. qin how to use the dishwasher.

the secretary was also a f * cking dog. boss qin, didn't you have a part-time helper before? she was the one who contacted him.

She then thought of he Huan, director he, and the internationally famous directors. Boss Qin had people wash the dishes for him at home. Didn't he treasure him a lot before? when his wife came back, he couldn't wait to be in bed on the 24th!

Sure enough, men were a large-scale scene of real fragrance.

The Secretary had no choice but to do it.

...

Qin mo continued to preside over the meeting, but he was obviously much stricter. The middle and higher-ups of King Entertainment were all very miserable.

When the engineering department returned, the Secretary whispered, "director he didn't plug it in."

qin mo nodded and looked up to see the secretary's happy face.

He frowned. you think it's funny? "

"i usually don't laugh, unless i can't help it." The Secretary only dared to make a joke after seeing that he was in a much better mood.

Qin mo glanced at her and did not say anything.

after the meeting was over and everyone had left, he asked casually, "Did she wash the dishes?"

The Secretary paused for a moment. director he didn't just wash the dishes. He also took out all the dishes in the kitchen cabinet and washed them.

Qin mo frowned. He looked angry, but the anger in his heart seemed to have dissipated.

he raised his hand and looked at his watch. it was only six o'clock.

the secretary noticed his movement and asked in a low voice, ” “President Qin, do you want to eat something?”

“let’s work overtime for a while. help me order a light meal.” Qin mo thought to himself that it would be embarrassing for her to go back now since she had already said that she was not going home. Besides, she was always out, so it was only natural for her to take care of yihuan.

Qin mo said as he walked back to his office. He did not do anything and just collapsed on the sofa. He threw his coat aside and untied his tie.

After half an hour, his Secretary brought his light meal over. He smoked two cigarettes and took a few bites, but he really had no appetite.

at this moment, he thought that he huan and yi huan were both at home. he huan did not care about family matters. did she know how to heat up the food?

After thinking about it for a while, he felt even worse. He thought that he had cared too much about her, but yihuan had to eat.

So, after thinking for a while, he called he Huan.

The phone rang a few times before it was picked up. Qin mo heard Yi Huan’s voice, which was very affectionate, ” “Daddy.”

Qin Mo’s heart warmed up and he asked softly, ” have you eaten? ”

yi huan paused for a moment. qin mo knew that she was still hungry, so he asked again, ” “where’s mom?”

“mommy is cooking, but i can’t even eat the food she makes. i’ve called for delivery.” Yi Huan said honestly, then continued,”Daddy, I missed you so much.”

“Then daddy will come back and cook for you, okay?” Qin mo said gently.

“Daddy, come back!” Yi Huan clapped her hands.

mm. Qin mo replied and hung up the phone. He then took his coat and walked out.

“President Qin, you’re going back now?” Secretary Qian was a little surprised.

“yihuan doesn’t have anyone to cook at home,” he nodded.

she stopped in her tracks. ” how about this? tell that hourly worker to come back to work the day after tomorrow. you can set the time and don’t let it affect your normal life. ”

Chapter 4148: how fragrant (2)

“Okay, President Qin,” Secretary Qian smiled.

she sighed. ” director he has been spoiled. it’s normal that he doesn’t know about family affairs. ”

Her words of comfort reminded Qin mo of uncle he and aunt su. He and he Huan could be considered childhood sweethearts. They had a friendship from the previous generation. No matter how much they argued, they couldn’t make it too ugly. Otherwise, it would be embarrassing for his parents.

he walked into the phone.

Secretary Qian said goodbye outside the elevator, but Qin Mo’s mind had already flown away.

when he arrived at the parking lot, he got into the car, started the car, and lit a cigarette to refresh himself.

...

After a day and a night, he was indeed a little tired.

However, he didn’t smoke any more after two sticks. He listened to music all the way home.

It was already eight o'clock.

The apartment was quiet. When he walked in, he saw he Huan and Yi Huan lying on the sofa on one side. Yi Huan, in particular, stood up straight, looking very cute.

Qin mo smiled and closed the door.

Then, he saw the takeaway on the table, which had not been touched.

he thought about it and agreed. yi huan had been living a life of luxury since she was young, so she would not be used to food like take-out.

“are you hungry?” she asked.

Little Yi Huan got up and said, ” I’m hungry.

“Daddy, I’m so hungry,” she said.

Qin mo stretched out his hand and touched her little head. When he felt that her fever had subsided, he asked again, ” “did you take your medicine this afternoon?”

“i did, but the medicine is bitter.” yi huan complained in a low voice. she secretly looked at he huan, afraid that he huan would be angry.

He Huan also sat up and scratched her head.”didn’t you say you weren’t coming back?”

“if you don’t come back, you’re going to let yihuan starve?” qin mo said unhappily.

He Huan did not say anything,”who asked you to not even have an Auntie here!” i don’t know how to cook.”

“not being able to cook seems to have become your strength, right?” he tugged at her hair and got up. ” “I can’t make it simple. I’m a little tired.”

he walked towards the kitchen, then suddenly stopped and turned around. ” ” aunty will be coming the day after tomorrow, so yihuan will still be living with us. you can stay at home and take care of her when you’re free. i’ll be off on saturday and sunday. ”

He Huan did not say anything.

He went to the kitchen to make some rice. He made a paella for he Huan and a bowl of chicken noodle soup for yihuan. There were round mushrooms, green vegetables, and shredded chicken. He doused it with sesame oil and it was delicious.

Qin mo placed the tray on the dining table and looked over. “it’s time to eat,”

the adult and child had long starved to death. they came one after another.

he didn’t say much and just ate.

qin mo sat at the side and watched quietly. first, he looked at yi huan, then he looked at he huan.

He Huan enjoyed the food very much. She was actually very small, only 160 centimeters tall, and she was very thin.

qin mo knew that she had a huge appetite. however, she was still very thin because she was always out.

he huan, 160. It was probably only about 90 pounds, and he could carry it with one hand.

he looked at her quietly and then reached out to touch her face gently.

He Huan froze and looked up at him.

” i can’t touch you? ” qin mo suddenly regained his senses and smiled. ” i can’t touch you? ”

She did not say anything.

“You are my wife,” he said.

” you talk about this all day long. you think it’s interesting when your straight man cancer acts up. ”
he huan snorted coldly.

then, she continued to eat. she had a good time eating.

Chapter 4149: how fragrant (3)

Yi Huan sat at the side, looking at her parents before burying her head in her bowl of delicious noodles.

That night, although Qin mo was very tired, he still helped Yi Huan shower.

he huan watched from the side.

in the pink bathtub, the smell was incomparably alluring!

our qin yihuan was lying inside, naked. her body was covered in white bubbles, like a mosaic.

qin mo helped her wash her small arms, legs, and stomach and sighed in satisfaction.

...

it was so comfortable. daddi was so comfortable.

He Huan was learning from the experience.

After washing up, Qin mo dragged the little girl out and wrapped her in a large bath towel before carrying her back to the children’s room. He also took her pajamas and helped her put them on.

the little girl was soft and fragrant after the shower, and she even hugged her father and kissed him.

the scene was filled with pink.

Even he Huan had to admit that there was a reason for the saying that a daughter was the lover of her father in his previous life.

qin mo also kissed the little fellow. ” have a good sleep after taking your medicine. ”

yi huan obediently took the medicine and water that he brought over and swallowed it down her stomach. then, she covered herself with the blanket and fell asleep.

He Huan looked at Yi Huan and felt that she was very happy.

when she left the little girl’s bedroom, she couldn’t help but say, ” she looked very happy. Qin mo, you took good care of her.

Qin mo glanced at her and said calmly, ” “I can also take good care of you.”

he huan felt that she couldn’t continue the conversation with him. why did he suddenly bring her up again?

after they returned to the bedroom, qin mo leaned back on the sofa, looking a little tired.

he huan looked at him, not daring to provoke him. she said softly, ” “i’m going to take a shower first. you should also go to bed early.”

He didn’t look at her and only gave a faint “hmm.”

He huanxin thought that he was probably going to be angry with her. It was good that he was angry, so that he wouldn’t have to look for her to do his duty or something.

He Huan took a bathrobe and went into the bathroom. She turned on the hot water to wash herself.

she still had work to do tomorrow in her mind, as well as the contract with kang qiao. her mind was in a mess, and she felt a little hot.

qin mo appeared silently and hooked his arm around her waist from behind. in just a second, she was pressed against the wall.

then, her lips were kissed, and she didn't even have time to resist.

he huan bit her lips. " qin mo, what are you doing? let go of me. "

he didn't let go. not only did he not let go, but he also kissed her deeper. he bit her lips indulgently and indulgently, and his voice was even more hoarse."I didn't finish last night. Let's continue now, okay?"

He Huan felt as if the air in his lungs had been squeezed out by him, and it was difficult to breathe.

she bit her lip and twisted her body with all her might, turning her face to the side."not here,"

There was some shame and anger in this sentence.

when it came to such matters, qin mo had always been the only one who respected her. he could do whatever he wanted. however, when he saw her twisted her little face and looked humiliated, he felt angry and amused. at the same time, he also felt a trace of inexplicable heartache.

his voice was low and hoarse. " are you uncomfortable here? you're so small, and i can hold you with one hand."

His voice was really hoarse and sexy, and any woman would fall for it.

He Huan was being kissed by him with one hand. He was wearing clothes, but his back was soon wet from the shower head. His front was also wet from her touch. He was obviously very tired, but once he touched her, he seemed to come back to life.

Where did he need rest? where did he need sleep? he only needed her to wake him up.

The kiss became messy. He Huan's initial rejection slowly turned into a hug around his waist. She rested her head on his shoulder and her breath was messy."Qin mo, Qianqian."

Chapter 4150: How fragrant (4)

He did it twice in the bathroom and three times in the bedroom.

it was almost 2 am. he huan was lying on her stomach. " qin mo, i want to sleep. "

The man put down his hand that was about to touch her shoulder and turned over to lie beside her. After a while, he pulled up the blanket and covered the two of them."Go to sleep."

She was so tired that she didn't move and just lay there.

Qin mo turned his head to look at her. Then, he gently turned her over and pulled her into his arms.

he had gone a little crazy tonight.

...

He Huan leaned on his shoulder and buried her face in his. She grumbled, " you've already done what you want to do. I don't have the strength to keep you company even if you want to. If you really want one, you can have one outside.

As soon as she said that, her chin was roughly pinched by him, and then she was pressed under him.

He Huan was so scared that she didn't even feel sleepy.

she glared at him. " what are you doing, qin mo? can't you just let me sleep? "

"Say that again!" He pinched her chin and asked, his expression not too good. Especially for a man who had just done it, he was really a little angry.

he huan closed her eyes and pretended not to understand. ” what are you talking about?! ”

He gritted his teeth. you better admit your mistake to me honestly. Otherwise, he Huan, don't even think about getting out of bed tomorrow. Don't you have to talk to Kang Qiao about the new drama tomorrow? if you don't want to ruin it, apologize to me now.

He Huan was a little speechless, 'can you not be so petty? i'm just casually saying."

As soon as he finished speaking, he kissed her, and it was a painful kiss. He kissed and bit her until she was in so much pain.

He Huan couldn't avoid it no matter how hard she tried. Even the bathrobe on her body had been worn off. She couldn't pull it up even if she wanted to because Qin mo pressed her hands down on the bed.

"Qin mo! Can you not be so excited all day long?" she shouted in anger, her hair in a mess.

"excited?" He lowered his waist. that's a really good word.

He Huan turned her face to the side. can you not be so vulgar! you say that i'm your wife, but i'm actually just a tool for you to vent your sexual desires."

qin mo continued to pinch her face, his voice hoarse and dangerous. ” a tool to release Jade. He Huan, I'm afraid you don't understand what a tool to release Jade is!

She didn't want to talk to him and turned her face to the side. He reached out and pinched her chin, forcing her to look at him.

"He Huan ..." He leaned over and bit her neck hard, his voice hoarse. "I really want to show you what a tool of catharsis is."

She was in pain from his bite and let out a deep breath."Let me see, Qin mo, you bastard!"

"Yes, I'm a bastard!" He bit her neck again. "He Huan, which one of us is more of a bastard?"

he didn't stop biting, and after one bite, he said-

"I told you not to come back!"

"I told you to like someone else!" He bit her again.

"i told you to ask me to find another woman!" he took another bite.

"you have no conscience!"

"i'll bite you to death!"

he huan screamed in pain and stopped moving. he leaned into her ear and said in a pained tone, "

"but i still can't bear to let you see it."

"you're clearly the one who can't do it. don't find any excuses." he huan was extremely angry and said this without fear.

Qin mo was angry, but he was angry and amused at the same time. He coughed lightly and said,""I can't?"

very quickly, he huan could tell if he could make it. she glared at him."go find someone else!"

She kicked him hard, and Qin mo became even angrier. He pressed down on her foot. he Huan, do you really think that I don't dare to punish you?"
