

## Thank you 4151

Chapter 4151: she didn't love him (1)

She stared at him stubbornly.

she looked very fierce.

It was just like when she was young. She was obviously bullied, but she still pretended to be fierce.

It looked a little funny, but also a little angry.

qin mo's heart softened a little. she was still that cute little girl, still the huanhuan who followed behind him.

Qin mo reached out and ruffled her hair. alright, let's sleep. Don't you have work to do tomorrow? ”

...

If he gave in first, he Huan wouldn't be able to be fierce. Moreover, if she went against him, she would definitely be the one to suffer in the end.

He Huan lay down and couldn't help but ask, ” “I'll go and take a shower.”

qin mo laughed smugly. he seemed to be very pleased with himself.

“did you use that at night?” he huan sat up and turned around.

qin mo placed one hand behind his head and said indifferently, ” “you can't feel it?”

he huan kicked him and he said lazily, ” “is it really that important? Besides, wouldn't it be better if we had another child?”

“i don’t want a child for the time being,” he huan said softly after a pause.

Qin mo got up and hooked his arm around her body that was about to leave. do you not want it or are you doing it temporarily? ”

we all have work to do. It’s hard enough to take care of yihuan alone. She emphasized, ” once the child is born, she has to be taken good care of. Otherwise, what’s the point of giving birth? ”

He was deep in thought.

he huan thought that he would get angry. after all, he was usually like this, especially in bed.

However, Qin mo did not. He was still a little hesitant. “you really think so!”

he suddenly buried his face in her neck and said in a hoarse voice,”He Huan, let’s start from the beginning, okay?”

“Have you used it yet?” he Huan did not move.

Oh? ” he paused and sighed. will our conversation never be on the same point? ”

he huan pursed her lips and did not say anything.

qin mo’s tone also became indifferent. ” i used it! ”

He let go of her. He Huan de had already gone to wash up, and he did not follow her.

when she returned to her room after she was done, qin mo was not there.

it’s better that he’s not around, so i don’t have to bother her.

he huan lay down and fell asleep.

When she woke up in the middle of the night, she realized that there was still no one beside her.

She opened her eyes and looked at the pillow. To her surprise, he had not returned.

usually, when he was angry, he would just smoke two cigarettes and come back. if he was still angry, he would press her down and torture her a few more times. what was going on today?

She wanted to continue sleeping, but after closing her eyes for a while, she couldn't help but choose to get up.

He was not in the study.

He was not in the living room.

Finally, she saw Qin mo in the children's room. He was sleeping together with Yi Huan. His tall body was on the 1.5-meter bed, which looked a little narrow. However, Yi Huan looked very obedient. She was in his arms, and her little face was on his neck. It was a very loving scene.

He Huan watched for a while and chose not to disturb him.

She left and returned to her room.

She thought that it would be very quiet to sleep alone, but after lying straight for a long time, she didn't feel sleepy.

She didn't feel sleepy until about four or five o'clock. When she woke up, it was almost ten O'clock.

he huan sat up straight and scratched her head. she heard qin mo's voice outside and called out, "qin mo, why didn't you wake me up?"

"i thought you could take care of yourself," he said as he appeared at the door of the master bedroom.

It was the familiar run again.

He Huan glanced at him and didn't say anything. She called Kang Qiao first to change the time of the meeting.

Chapter 4152: she didn't love him (2)

in order to apologize, she invited kang qiao to a meal.

She hung up the phone and looked at Qin mo, who was still there.

I remember that Kang Qiao is still an artist under King Entertainment. Shouldn't you go directly to the company if you want to discuss a contract with him? I can punish him if you do this. qin mo said calmly.

He Huan didn't mind. his contract is almost here. You can punish him. I think it's a good choice for him to start his own business or join Starlight, or work with me.

qin mo laughed,"why are you speaking up for others?."

He walked over and placed his hands on both sides of her body, trapping her between his bed. "isn't kang qiao very good looking? You've taken a fancy to her?"

...

"You're crazy!" he huan pushed him away in anger.

if qin mo did not move, how could she push him away?

Although he was always in the office, he had a very well-built body and was much stronger than her.

She didn't know where his muscles came from!

Qin mo pressed against her, his voice even lower and hoarser. “Do you think that he’s good-looking, just like the person in your heart?”

He Huan was a little angry, “are you crazy?!” kang qiao is a few years older than him.”

” because you don’t dare to mention him or even see him. tell me, every time you see qin chen’s little rongyue, you call his name, yingluo. do you still think about that person with the same name?  
” Qin mo pressed.

He Huan glared at him.

her head was hanging in the air. it was actually very uncomfortable, but she just stared at him like that.

After a long time, he Huan’s head fell heavily on the bed sheet. if Qin mo is like this, then we have nothing to say to each other. Ran ran, if you really want to quarrel with me, then ...

his eyes were slightly red. ” did you say what you really thought? ”

He Huan turned her face and bit her fist.”do you really have to do this? Qin mo, you don’t want a divorce. You want to live a peaceful life and give yihuan a complete family. I’ve cooperated with you, why are you still not satisfied?”

“if you cancel this drama, i won’t cause you any trouble. promise me you won’t see him.” He said calmly but cruelly.

He Huan’s throat moved. I’m filming it because this script is good. The script was also chosen one by one. I didn’t know it was him before. Can you be reasonable? ”

“I’m reasonable! You’re also reasonable.” He said calmly, ” I’ll pay ten times the amount to buy the script, and I’ll find the most famous one to write it for you. I’ll write it until you’re satisfied, okay?  
”

he huan closed her eyes, ‘qin mo, you haven’t given up, have you? i said yingluo, a good script depends on your feelings.”

she paused for a moment before she continued. ” public and private matters are private matters. qin mo, i don’t want to mix them up. do you understand? ”

he stared at her and slowly got up without saying anything!

He Huan’s eyes were still closed. After a while, she opened her eyes and was alone in the bedroom.

She got up, scratched her head, and went to the bathroom to take a shower.

meanwhile, qin mo was smoking in the study room. he was thinking about what he had just said.

Her persistence and magnanimity all pointed to one thing.

She did not love him!

In fact, he had known about it long ago, but every time he thought about it, he still felt a little uncomfortable and uncomfortable.

Beside him, a little person pulled on his sleeve.

qin mo lowered his head and smiled when he saw yi huan. ” “What’s wrong, little guy?”

“Dad, did you and mom have a fight?” Yi Huan asked softly.

Chapter 4153: she didn’t love him (3)

Qin mo patted her little head. no, mom and dad didn’t quarrel.

“if mommy is angry, will you comfort her, daddy?” yi huan asked.

qin mo furrowed his brows and replied after a while, zhenzhen probably knows how to do it. Because mommy is a girl.”

“isn’t it because daddy loves mommy?” Yi Huanren asked mischievously.

qin mo laughed again. ” little brat. you’re so young. you already know whether to love or not. ”

yi huan stretched out her little hands, asking for a hug.

...

Qin mo reached out to carry his younger daughter and put his face close to her. Then, he muttered, ”  
” yihuan is right. daddy loves mommy, that’s why he’s coaxing her. ”

On the other side, he Huan had already changed into a new set of clothes and was still dressed casually.

She wasn’t too particular about what she wore and Qin mo didn’t seem to have any requirements. Furthermore, she was meeting another man now, so he wouldn’t have any objections.

He Huan kissed Yi Huan. mommy is going out to talk about work. Baby, be good.

“I know, mom is a famous director.” Yi Huan nodded obediently.

“who told you that?” he huan pinched her little face, only lightly twice.

yi huan chuckled. ” daddy said so. ”

He Huan raised her eyes and looked at Qin mo. She said uncomfortably, ” “you’re telling her this!”

His gaze was a little deep. you can’t say this too? ”

“No, I didn’t mean that.” he huan was very weak. after a while, she whispered, ” “let’s not argue, okay?”

qin mo actually agreed.

“In that case, daddy doesn’t have to coax mommy anymore,” Yi Huan said as she clapped her little paws.

he huan was helpless and bitter.

No matter how unwilling she was, she maintained her marriage because of yihuan and was willing to stay in the country.

When she was about to leave, Qin mo called her and passed her a thermos. ” have some white fungus soup in the car. there’s still at least an hour before dinner, and you have to drive. ”

He Huan lowered her eyes and looked at the pink cup. She pursed her lips and did not say anything.

“I’m leaving,” she said as she waved her hand.

Qin mo walked to the door. let’s have dinner together tonight. I’ll cook.

he huan pressed the elevator button and pondered for a moment.”Alright, I’ll be back soon.”

his gaze was deep, but he did not say anything more.

The elevator arrived and he Huan went in.

When the elevator door closed, their eyes met. She did not understand the meaning behind his gaze.

She only heaved a sigh of relief when it was completely closed.

Actually, she felt that it was tough being with Qin mo. It was the kind of feeling where she had to be careful even when breathing.

She didn't understand why he was still holding on to her and not letting go. He was obviously not that pure.

When she was young, she knew that Qin mo was very good to her and liked her.

when they got married, her heart was like dead ashes, and she treated him as her last piece of driftwood. at that time, he was ecstatic, and when he found out that she had someone else in her heart, he was extremely irritable. after that, some unbearable things happened, and those days were very dark for he huan.

now that they were living together, they might quarrel often.

she really didn't know how to get along with him. one second, he would be very gentle, and the next second, he would turn hostile and mention rong yue. this was something that they couldn't get over.

Sometimes, she didn't know why he didn't just be straightforward. Why couldn't he turn a blind eye like she did?

he huan did not understand, and he had never explained it to her.

When she got out of the elevator, she let out a deep breath.

that was why she still preferred to work.

Chapter 4154: She didn't love him (4)

when he huan was driving, she seemed to have thought of something and turned off the engine.

she took the pink cup and looked at it, then smiled.

When he opened it, a fresh fragrance hit his face. It was the smell of lotus seeds.

he huan took a bite. the taste was not bad, it was delicious.

She finished half the glass, put the lid back on, and started the car.

half an hour later, the car stopped at the entrance of a high-class restaurant. when she went in, she met kang qiao. he huan nodded. ” what a coincidence, let’s go in and sit! ”

...

Kang Qiao smiled and gestured for her to leave first.

The two of them ordered some food and talked about their cooperation.

Kang Qiao was very confident at first, but today, his attitude was a little ambiguous. director he, do you want to reconsider this show? ”

“Kang Qiao, why would you think that?” he Huan looked at him.

“The company helped me take on a variety show, and the pay is very attractive,” Kang Qiao said with a smile.

“Kang Qiao, I know that you are not such a petty person. You have already gotten rid of the stage of acting. What you need now is a representative work.” He Huan spoke the truth and hit the nail on the head.

Kang Qiao smiled. you’re right. It’s for my own good. But director he, I’m still with King Entertainment. There are some things I can’t control. I heard that President Qin arranged it personally! you should know why he made such an arrangement.”

he huan was stunned for a moment.

then, it was anger!

How could Qin mo be like this? he clearly knew that she and Kang Qiao came out to talk about "twin ". What did he do behind her back to make Kang Qiao not accept the role and still let her come out?

He was too shameful.

"When did this happen?" he Huan asked after a moment of silence.

Kang Qiao gently shook the appetizer, "we talked about it during the meeting yesterday. i didn't call because i wanted to explain it to you face to face. director he, you know the domestic environment. whether i'm an artiste or an investor in the past, it's not good for me to offend president qin. besides, i'm indebted to president qin for his knowledge, so i can't ignore it. i can only apologize to you. i'll punish you by drinking three glasses to accompany you to get drunk."

He Huan felt numb. At this moment, she felt that the White fungus soup she ate was bitter. It was the poison that Qin mo fed her.

However, she couldn't make things difficult for Kang Qiao. She smiled bitterly, "i understand."

"With director he's fame, if it were any other film, of course there would be a lot of people willing to act in it. But for this film, I advise director he to consider President Qin's bottom line. His career is important, but family harmony is the most important." Kang Qiao comforted him softly. I've said something I shouldn't have, and I'm also a little ashamed of director he's high opinion of me. "

he huan's eyes returned to normal, and he took a sip of the appetizer. he laughed at himself. I'm not a famous director. I might be useful overseas, but I only know that I'm nothing if I don't have the capital!

She supported her head with her hand. Kang Qiao, I understand your feelings for me today. Let's work together again in the future.

kang qiao smiled, he wanted to say something but stopped.

He couldn't interfere too much in the matters between husband and wife.

Everyone had their own thoughts during the meal. Because they drank, Kang Qiao got He Huan a designated driver.

The chauffeur was a good group of people. Once they got in the car, he politely said, "Sis, this car is really good. It must be worth a few million, right?"

He Huan, who was sitting in the back seat, hummed in agreement. "maybe. i didn't buy it."

"Looking at your temperament, it must have been bought by Sir." The young man praised.

He Huan wasn't drunk, but her heart was heavy and uncomfortable.

#### Chapter 4155: everything's pretty good (1)

she looked out of the car window. she didn't know how long the car had been driving for when she suddenly saw a long line by the side of the road. she muttered, "What's going on over there?"

"I think it's a writer who is signing. i saw it on my way here. the young writer seemed to have been in a vegetative state before, but he woke up again. what a miracle!" the young man muttered to himself.

He Huan was stunned for a moment. Then, she realized that the person was probably Rong Yue.

Rong Yue stared at her as she chewed on this name in her heart. It seemed to be very far away, but it also seemed very close.

she could remember him leaning against the tree and reading a book quietly, but after a long time, it was a little blurry.

The car drove for another 200 meters or so before she suddenly called for the designated driver. let's find a place to park the car. I want to walk.

...

the designated driver was taken aback, but he still found a place to stop.

He Huan paid the driver's fee and waited for the driver to get off the car. She sat in the car for a long time before getting out.

She walked slowly on the street, and Rong Yue was on the other side.

she thought that they must have not seen each other for many years!

It had been many, many years.

He Huan let out a long breath. He actually felt a sense of homesickness.

she and rong yue ... rong yue knew that she liked him. she liked him very much. however, before she could confess, rong yue was hit by a car and became a vegetable. she went to qin mo frantically and begged him to let qin chen save rong yue.

she didn't even shake her head when he said that they were getting married.

Qin mo didn't know about Rong Yue's existence before, so she hid it very well.

when qin mo saw rong yue in the hospital, he understood why she agreed to the marriage.

they looked very similar. qin mo was more masculine, while rong yue had the temperament of a refined and reserved scholar.

on the night of their wedding, qin mo pinched her chin and asked her if she was thinking of rong yue when she looked at him and wanted to do it with rong yue. he didn't allow her to close her eyes. once she closed her eyes, he would torture her.

it was their wedding night, but he made it look like a crime scene.

That night, he Huan couldn't let it go.

She knew that Qin mo was angry because he had always thought that they had grown up together and that they would get married one day.

It was as if he had her in his heart. The person in her heart was Qin mo.

But he realized that wasn't the case.

However, in his embarrassment and anger, he still married her.

then, it was torture, minor torture.

he huan was lost in his thoughts and unknowingly walked to that area.

when she came back to her senses, she realized that she was at the back of the line, and there were only a few people in front of rong yue.

If he left now, it would seem deliberate.

He Huan didn't move and continued to line up.

When she arrived, the good-looking voice, which had not been heard for a long time, said softly, "where's your book?"

Books?

only then did he huan remember that this was a signing event, and it was embarrassing for him to be empty-handed, so he whispered, "i'll just buy one now."

as soon as she spoke, the man who had his head lowered suddenly looked up and stared at her for a long time before he softly said, ” “he huan,”

“It’s me,” he Huan smiled.

rong yue’s beautiful eyes kept staring at her for a long time before he whispered in a hoarse voice, ” “You’re here?”

she hummed in acknowledgment and sat opposite him.

rong yue’s gaze was still on her face, but he took a book from the side and signed it quickly.

He Huan just watched.

after he signed his name, he placed the book in her hands. ” “can you give me a moment? i still have a while. i’ll be done in about half an hour.”

He Huan nodded.

Chapter 4156: Everything’s fine 2

Rong Yue whispered a few words to the staff at the side, and the staff invited he Huan inside to sit. Then, he brought a cup of very green tea over, saying that it was Rong Yue’s private collection.

He Huan touched the cup gently and looked at the tea. It was very beautiful.

he huan took a sip. it tasted pretty good.

Since she had nothing to do, she opened the book he gave her.

it was rong yue’s new book. he huan read it quietly, and time passed unknowingly.

rong yue came over and sat beside her. he smiled slightly. ” “What are you looking at?”

...

He Huan was stunned for a moment, then she smiled, "your book." It's quite good looking, Yingluo."

Rong Yue closed the book for her. the tea is cold. I'll treat you to a cup of coffee!

he huan could not help but stand up. rong yue smiled warmly. "It's been a long time. Don't tell me you don't even have time to have a cup of coffee?"

"of course i do." He Huan smiled as well. She took her things and walked out with him. "where to? I'll treat you. Consider it a celebration for your discharge."

"He Huan, I've been out of the hospital for two years," Rong Yue suddenly said.

He Huan was taken aback again before she whispered, " "Are you blaming me for not going to see you?"

"no." rong yue sighed, and then his tone became lighter. "let's not talk about this. we're all fine now."

he huan carried her bag. " okay. "

in the end, they chose a quiet cafe and sat face to face.

He Huan lowered her head and stirred her coffee. "are you going to write a book now?"

Rong Yue took a sip of coffee and smiled. I've also accepted some scripts. That 'twin' was just turned into a drama, but I heard that it was bought by a famous director. He Huan, I only found out later that it was you.

"is this coffee because i bought your script?" he huan asked, stunned.

rong yue shook his head and said,"no!" It's only because we're old friends."

he huan smiled. " so many years have passed. rong yue, you haven't changed at all. "

"You didn't either! He Huan, you're still the same as before." Rong Yue's gaze was calm. also, I'm quite happy to meet you today.

He Huan looked at him.

He felt a little bitter in his heart, an indescribable feeling.

She knew that Rong Yue didn't want her explanation. She didn't need to say those words that she didn't have time to say.

They're all fine now.

Furthermore, he Huan was not such a pretentious person.

He Huan lowered her head. I'm relieved that you're doing well. Your work will be smooth in the future.

When she left, Rong Yue didn't ask her to stay. He sat there quietly and tasted the remaining coffee that had turned cold, as if he was tasting a Bitter Love that he didn't have time to talk about.

Separated by a layer of glass, he Huan's back view could be seen as she left.

Rong Yue found out that she was married. He went to look for her not long after he woke up. At that time, she was overseas and not in the country. He saw Qin mo and a cute little girl. They were he Huan's children.

At that time, he knew that it was impossible between him and he Huan.

He wrote, and later she bought " twin ". He knew that she could see the shadow of their youth in the book.

now, they were only in their thirties, but they seemed to have entered their twilight years.

He Huan walked further and further away. Rong Yue looked at her back quietly and then lowered his head.

She had left the book here and forgotten to take it with her.

then, there must be something in her heart that she couldn't let go of.

was it qin mo?

He smiled faintly. He knew that he Huan had liked him before, but that kind of love was close to pure love, and the one who had always been with him was the real feeling of blood and flesh.

Chapter 4157: everything's fine 3

He Huan walked out and walked a distance before returning to her car.

She was drunk and couldn't drive. She didn't want to think about anything, so she leaned back in the seat.

In her mind, other than her encounter with Rong Yue, she was also filled with Kang Qiao's words.

she didn't want to go home. she didn't want to face qin mo because they would definitely quarrel.

he huan covered her face with her hand and laughed softly after a while. why did she think that qin mo would be so easy to talk to? he was clearly so overbearing and had always been like this.

she sat in the car for about two hours, and it was already past four o'clock before she got up and drove back.

...

when she went back and pushed the door open, she was surprised to find that qin mo was not at home. the house was quiet.

He Huan threw her bag on the sofa and sat down. After thinking for a while, she gave Qin mo a call. Her voice was a little hoarse.”Where’s yihuan?”

“It’s with me,” something cropped up at the company, ” Qin mo replied calmly. I brought her here.

He Huan was silent.

“you’re here to pick her up?” qin mo smiled.

“No need,” He Huan rubbed his forehead and said in a hoarse voice,”Bring her back when you come back!”

I’ll be done in a while, ” Qin mo muttered. let’s go out for a meal when I get back. She’s been talking about going out with her parents many times.

“Qin mo, I’m not in the mood today.” He Huan closed her eyes.

There was a moment of silence on the other end, before a hoarse voice said, ” “Is it because you met Rong Yue that you’re not in the mood?”

“you followed me?” He Huan held his breath in disbelief.

qin mo did not deny it.

then, he huan hung up the phone.

After hanging up the phone, she felt her heart clench violently. Kang Qiao’s retreat, her being followed, all of these made her feel that Qin mo was unreasonable.

when she received the script, she only felt that the script was well written and that it was going to win an award. she didn't know that it was rong yue, but when she found out later, nothing could be changed.

This was her job and her passion for creative work. It had nothing to do with her personal life.

just like what rong yue said, she and rong yue were old friends.

however, in qin mo's eyes, all of this had become extremely shameless.

He Huan bit her thumb and turned her head to the side.

The surroundings were empty, but she felt suffocated.

qin mo said that he loved her, but she did not feel loved. instead, she felt like she was being restricted. if marriage meant that she could not even have the job that she liked, if it was just to give yihuan a normal childhood, was it worth it to give up so much freedom? was such a relationship good for yihuan?

She didn't want to be monitored and controlled all the time.

she was a person, an independent person, and she had things she wanted to do.

in B city, she might have been qin mo's accessory. many people would call her mrs. qin when they saw her, not he huan.

He Huan thought quietly, then lowered her eyes and laughed at herself.

If it was in the past, she would have walked away. However, she could not do that now as she thought about what Yi Huan had said and how Yi Huan had laughed.

Perhaps she was wrong, or perhaps she was not suitable for marriage, or even more so for Qin mo.

he should have married an obedient kitten or puppy.

He Huan closed her eyes and sat on the sofa without doing anything.

When it was almost six o'clock, she suddenly jumped up, grabbed her bag, and walked out.

She was still unwilling to face Qin mo. She was afraid that she would not be able to control herself and argue with him in front of Huan.

Chapter 4158: everything's fine 4

he huan went downstairs and drove past qin mo's car.

She had actually seen him, but she didn't want to face him, so she drove the car away.

he even turned off his phone.

if yi huan was not in the car, qin mo would have forced her to stop or rear-end her.

He had never been a good-tempered man.

But with Yi Huan around, he had to consider the child's mood.

...

Qin mo stopped the car and his expression was not good.

Yi Huan was sitting in the child's seat at the back. She did not see he Huan and asked softly, "daddy called mommy. We're going out for dinner now.

qin mo's fingers gripped the steering wheel, and the veins on his fingers were bulging. however, he spoke very gently, "mom still has work to discuss, so we might not be able to have dinner together. i'll take you to grandpa and grandma's house for dinner, okay?"

he was not in the mood to cook now.

Yi Huan thought about it and agreed.

Qin mo started the car again and drove to his parents 'house. The sky was already dark. Qin Anlan and ye Liangqiu were about to have dinner when they saw their son and granddaughter return. They looked at them for a long time but did not see he Huan.

at that moment, he understood that the two of them were probably having a bad time again.

the two old men didn't say anything. after all, their hearts ached for their son.

all these years, they all knew that qin mo's relationship was not going well. however, this kind of thing was like drinking water, only the person knew whether it was cold or not. if he was not willing to give up, no one could persuade him.

Furthermore, he Huan had grown up under the care of the couple, so the matter was dragged down just like that.

after dinner, ye liangqiu asked her son, " "Did you and he Huan quarrel again?"

Qin Mo's mood wasn't very good, and he only said indifferently, " "No, she's probably angry with me."

ye liangqiu looked at his son.

" she wants to film a movie, " qin mo said. " the script was written by rong yue. "

Ye Liangqiu was stunned. She had heard of Rong Yue before. He was the person he Huan used to like.

sigh, this son of hers ... he had been outstanding since he was young, but he still had a one-sided love for a long time. but now, ye liangqiu had a different opinion. she said in a low voice, things are different now. When the script was sent over, he Huan might not have known about it, but she just

happened to have chosen it. Think about it, she's the director. She doesn't act on impulse, but you're acting on impulse, aren't you? "

qin mo raised his eyes. " mom! "

" i know that you're not happy when i say this, but qin mo, you're too relaxed when you went over. i don't know if you're angry when you set her free, but now that she's back, you're keeping such a close eye on her. you know he huan's personality. you'll only force her to leave. " Ye Liangqiu glanced at her son. don't treat her like a pet. I'm just asking you. What do you like about he Huan? " Don't you just like her independent look and her personality? otherwise, why can't you have your heart with so many beautiful women with good figures?"

Qin mo didn't say anything. He only raised his head and said in a soft voice, " "Mom, sometimes I also think about giving up."

"If you can't bear to, it means you still love him. don't be a son. your personality is just like your father's. look at how strong your big brother's desire to live was. he managed to survive after a dead game of chess." ye liangqiu dissed his eldest son in secret. " you went to xue 'er's house to pursue her when you were only ten years old. this little hardship is nothing! "

Qin mo was speechless.

After a while, he said in a low voice, " yihuan, you can stay here tonight. I'll go and look for he Huan. Her phone has been turned off. I'm worried.

She was angry when she saw Kang Qiao, and she was even angrier when she knew that he was watching her!

In fact, he was also angry!

Chapter 4159: let's get married (1)

after qin mo finished speaking, ye liangqiu pondered for a moment and said, ” ” that’s good. it’s not safe to turn off her phone. besides, he huan is overseas most of the time. she might not be familiar with the local environment. you can look for her and contact the people she usually contacts. ”

“I know, mom.” Qin mo said calmly. After he was done, he took his car keys and left.

it was already late at night and B city was bustling with activity.

qin mo sat in the car and called he huan’s assistant and a few friends as he drove. they all said that they were not together.

he had gone to her studio and locked the door from the outside, so he shouldn’t be inside.

By the time Qin mo went downstairs, it was already 10:30 pm. However, there was still no news from he Huan. He returned to his apartment in the city even though he knew that she would not return.

...

when he pushed the door open, she was indeed not there.

qin mo sat on the sofa and smoked. he picked up his phone and dialed he huan’s number, but he huan’s phone was still switched off.

he finished the cigarette and thought for a while, then dialed kang qiao’s phone.

After a while, Kang Qiao picked up the phone, ” President Qin? ”

qin mo was silent for a while before he said, ’i heard that xu mo and he huan are in contact, right? give me xu mo’s phone number.”

Kang Qiao said to wait for a while, then hung up and sent it to him on WeChat.

Kang Qiao dialed it directly and Xu Mo picked it up. Then, everything went smoothly.

“he huan is with me. she drank too much.” xu mo asked hesitantly, “president qin, why don’t you let her stay at my place for a night? she’s in a bad mood.”

Xu Mo said as he looked worriedly at he Huan, who was lying on her stomach. He Huan’s alcohol tolerance was very low, and she got drunk after a few glasses. He Huan couldn’t move her, so she must be worried now. Just then, Qin Mo’s call came.

However, it was obvious that there was some conflict between the couple. Now that Qin mo was here, she didn’t know if it was a good thing or a bad thing.

xu mo’s hesitation and worry were useless because qin mo would never let he huan live in someone else’s house alone. he was a possessive and controlling man. otherwise, he would not have taken rong yue’s matter so seriously and would not have obstructed him behind his back.

Xu Mo hung up the phone. He Huan was lying on the bar, talking nonsense. If you listened carefully, you could hear that it was probably related to the film Kang Qiao was going to act in.

xu mo sighed and gave kang qiao a call. kang qiao asked where she was and wanted to pick her up. she didn’t want to, but he insisted. xu mo told him in the end.

Qin mo arrived relatively quickly. When he arrived, his expression was not too good.

He first looked at he Huan, then thanked Xu Mo, ” “thank you for accompanying her. otherwise, who knows where she would have gone tonight.”

xu mo smiled slightly. ” i’ve known director he since i was in the United States. although we weren’t close, we got along quite well. there’s no need to thank me. ”

“treat her well,” she said in a low voice,”and she’s very talented. i have a friend called wen yuan who is also talented, but she is willing to be a good wife and mother for president ye. if one day, president qin’s time is up, director he will come back by himself. why don’t you let her fly now? she will come back when she is tired.”

qin mo was deep in thought. ” what if she doesn’t come back? ”

“That must be because she can’t feel your love for her.” Xu Mo smiled again.

Qin Mo’s thin lips pursed into a straight line. After a long time, he muttered, ” she has never felt it. If she could feel it, she would not like anyone else.

Xu Mo couldn’t say much. It was a married couple’s family matter.

Chapter 4160: Let’s get married (2)

Qin mo carried he Huan away and paid the bill. Xu Mo was also ready to leave.

As she walked to the entrance of the bar, Kang Qiao got out of the car and saw her. “get in the car.”

She walked over and wanted to sit at the back, but Kang Qiao opened the door for her to sit beside him. She didn’t refuse, but she still felt a little dizzy. She hadn’t drunk for a long time, and today, she had only had a few glasses.

“To my place?” Kang Qiao got into the car and looked at her.

“I want to go home,” Xu Mo shook his head.

he looked at her for a while more before starting the car.

...

half an hour later, xu mo opened his eyes and realized that this wasn’t the way to her house, and there was only a little bit of road left to his villa.

“Kang Qiao?” she asked hoarsely.

He hummed in acknowledgment and then suddenly covered her hand with his.”come back with me tonight, okay? Just one night.”

there was a faint sense of weakness in his tone, and xu mo was a little unsure why.

Kang Qiao didn’t say anything until the car arrived at the villa. He opened the door for her and got out of the car.

As soon as they entered the hall, he pressed her into the sofa. Xu Mo was shocked and angry.”What are you doing, Kang Qiao?”

“let go of me!” she said as she patted him gently.

He refused to let her go and said in a hoarse voice, ” I don’t want to let her go.

“let’s get married,” he said in a low voice as he hugged her.

“What?” Xu Mo was stunned.

Kang Qiao’s face was buried in her neck, and his voice was even more hoarse, ” “I have less and less.”

as he said that, he bit her neck before letting out a deep breath. ” my mother has been diagnosed with a serious illness. the doctor said that she only has less than three months to live. ”

xu mo was completely stunned. she looked at kang qiao and said with difficulty, ” “What’s going on?”

her head hurt, but her heart seemed to be clenched tightly, and it hurt even more.

Kang Qiao’s voice was slow. a rare disease. Organ failure. It develops very quickly. My mother gave up on treatment.

for most of the day, he had invited the best doctor and even qin chen had seen him. he felt that the treatment would only prolong the patient's pain.

For the first time, Kang Qiao didn't know what to do. He didn't even dare to talk to his mother.

Teacher Kang was much calmer than he was. She said that she wanted to stay in the old house and was not willing to come over to be taken care of by him.

Xu Mo listened to him in a daze. Before he could react, his hand gently stroked his neck.

she didn't say anything and just rubbed his tense muscles, trying to make him relax.

he didn't move, and his hand held her body even more firmly.

After a long time, he said in a low and hoarse voice, "Xu Mo, will you accompany me?"

He was on top of her, and Xu Mo was lying straight and looking at the ceiling. She seemed to be out of her mind. She heard someone say yes, and after a few seconds, she realized that she was the one who said it.

But when she realized it, she didn't want to go back on her word at all-it was probably because the Kangs were there for her when she was at her weakest and most helpless.

Xu Mo was a person with a conscience. She liked Mrs. Kang, and she didn't want her to be alone before she passed away.

Her fingers gently caressed Kang Qiao's muscles, and she asked, "is there really no other way? Can you go overseas for surgery? can you change what Yueyue wants?"

As she spoke, she started to choke up.

her neck felt a little warm.

that was kang qiao's tears.

Xu Mo felt terrible. She had never seen him like this. She didn't know why, but her heart softened.
