Chapter 4161: let's get married (3)

Xu Mo reached out and gently rubbed his hair, whispering, "are we going to register our marriage tomorrow?"

Kang Qiao's body stiffened for a moment, but he didn't say anything. He just raised his head and looked at her.

xu mo's red lips parted slightly, and his breathing became rapid. perhaps he was too heavy.

Kang Qiao kissed him. It was a hot and wet kiss, and it lasted for a long time.

he was very gentle, and xu mo didn't struggle and just let him kiss him.

After a long, long time, he followed her chin and kissed her. Xu Mo grabbed his black hair, his breath a little messy. don't you think my chest is too small? "

...

"i don't mind." he said gently, and then followed the kiss.

They spent half the night in the living room, and then he carried her to the master bedroom because of the cold.

He didn't say he loved her, nor did Xu Mo. They got together because they were both alone.

they needed each other's body temperature to warm themselves.

The past seemed to have become unimportant in the face of life and death.

Before true love, who wouldn't be riddled with wounds?

for the entire night, kang qiao wanted her. she knew that it was not to make love, but to vent her fear.

He never knew that he could feel fear, that he could be so fragile.

when the sky was slightly bright, he said yes. he said that they were getting married.

Xu Mo was so tired that he collapsed on his chest. He looked at her tired face and remembered that she had just recovered from her serious illness. He was too rough last night. He reached out and stroked her sweaty shoulders. He was worried, so he went to get a towel to wipe her, then got up and went to the kitchen.

he cooked a portion of nutritious porridge, turned off the fire when it was done, ladled a beautiful bowl, and brought it to the master bedroom.

he sat by the bed and pushed her. ” get up and eat something. ”

xu mo opened his eyes and slapped his hand away.”i want to sleep.”

but kang qiao dragged her up and said a little forcefully, ” “eat something before you sleep.”

“Kang Qiao.” she sat up and said,”i said i want to sleep, don’t control me, you’re not yingluo.”

” the civil affairs bureau will be open in two hours, and we’ll be legally married. who am i to you? ”
He stared at her and asked.

Xu Mo didn’t say anything. He picked up the bowl and took a sip. It tasted very good.

She ate it slowly, and then Kang Qiao let her sleep.

she closed her eyes, thinking that he would leave soon, but he didn’t. he continued to whisper in her ear, ” “Xu Mo, I’m serious. I want to live with you forever.”

she hugged a pillow in each hand and mumbled, ” “me too,”

kang qiao sat by the bed and reached out to touch her face. his voice was a little hoarse, ” “but i don’t think you’re that serious.”

xu mo opened his eyes and looked at him quietly.”kang qiao, you didn’t even give me a ring. what’s there to be serious about?”

As soon as she finished speaking, her fingertips felt cold. She lowered her head and saw a shiny diamond ring on her fingertips. It was about ten carats.

“I have a diamond ring, is it serious?” He asked her in a hoarse voice.

Xu Mo’s eyes were a little wet. The impulse from last night seemed to have become a reality now.

She looked down at the diamond ring on her finger and muttered, ” “kang qiao, are we really going to get married?”

“You want to go back on your word?” he smiled and said, ” take a nap. i’ll wake you up and ask you to go to the civil affairs bureau. i’ll go to your house to get your household register now. ”

after saying that, he took out the keys to her house from her bag.

xu mo stopped him,”it’s on the way, why come to xuanji?”

Chapter 4162: We’re getting married (4)

kang qiao was stunned, then reached out to touch her face, ” “you’re already thinking about me so quickly?”

“You’re thinking too much.” Xu Mo bit his lip.

“Is that so?” he laughed, then lay down with her. when she screamed, he immediately pulled the blanket over her and even pulled her into his arms.

xu mo tried to break free but failed.

Kang Qiao buried her face in his arms, ” “I’m tired too. Let’s sleep for a while.”

Xu Mo didn’t say anything and leaned into his arms. After a while, he punched him again. “it seems like i agreed to it too easily.”

...

Kang Qiao closed his eyes and smiled,”is the diamond ring I gave you not big enough?” Or were you not satisfied last night?”

xu mo’s answer was to punch him two more times, and then he became well-behaved.

Kang Qiao turned over and hugged her without saying anything.

xu mo’s eyes also quietly became wet.

After a long time, she said in a low voice,”Kang Qiao, please be nice to me.” &Nbsp;

He hummed in agreement.

“Don’t force me to have a child. I haven’t thought about it yet.”

He hummed again.

xu mo lay on his chest and he lowered his head.”What else is there?”

“It’s nothing!” She looked up and whispered.

“Then sleep,” Kang Qiao smiled.

he only woke up two hours later, mainly because he couldn’t sleep well with all the things in his heart.

after they woke up, they looked at each other and kang qiao said, ” “get up and get your marriage certificate.”

Xu Mo didn’t move.

“you won’t regret it, will you?” he said slowly.

“get up, who’s regretting?” Xu Mo quickly got up and glanced at Kang Qiao, ” “Are you regretting not getting up?”

he smiled and quickly got up to put on his shirt and long pants. he did not hide anything in front of her.

Xu Mo looked straight at her and said softly, ” no one will see it in the future, right? ”

“i won’t, i promise.” “both of us are loyal to each other in our marriage,” he said as he leaned forward to kiss her.

Xu Mo showed a fierce expression,”If you dare to cheat on me, I’ll cripple you.”

kang qiao smiled and pinched her face. ” go wash your face. we’ll leave in a while. ”

He wiped his face casually. While Xu Mo was washing up, he made breakfast and took her to her apartment to get her household register to the Civil Affairs Bureau. Fortunately, there weren’t many people, so it only took half an hour.

When they came out, each of them had a red booklet in their hands. Kang Qiao waved the one in his hand, ” let me take care of them.

After he finished speaking, he took away the books in Xu Mo's hands.

Xu Mo's hand was empty, and then he glared at him, "On what basis!"

"because i'm your husband, you have to listen to me." he said it matter-of-factly, then took her hand. " alright, let's go home. "

Xu Mo got into the car and thought of something. "By the way, isn't your mother, Yingluo, moving in with us?"

Kang Qiao was silent. I mentioned it many times. She refused. I wanted to move back, but she refused.

xu mo placed his hand on the back of his and said softly, " "then we'll stay at your mother's place. there should be extra rooms there, right?"

" mm, " he replied. " i still have my room, and it's clean, but it's a little simpler. even the bathroom is available. "

"It's fine. I used to have a few people living in a house that was less than 40 square meters." xu mo said softly, "can you go to my place to pack your luggage now?" Move in directly? take your time to move your things."

Kang Qiao quietly looked at her and didn't say anything. He just hugged her body.

he said okay, he thanked him, and then he said, xu mo, i love you.

Chapter 4163: Let's get married (5)

xu mo snorted, "i don't know if i love him or not." But I check you every night with a magnifying glass. I think I should have a hunting dog. I can also tell that there are other women's smells on you."

kang qiao looked at her lazily, " do you need a dog? you can smell it clearly. "

Xu Mo could also tell that he was scolding her!

"Did you just call me a dog?" She glared at him.

Kang Qiao revealed a faint smile, " it's a Hound!

xu mo turned his head and looked out the window. " "i've already regretted it."

...

"there's no use in regretting, mrs. kang." he started the car and said as he drove, " right, let's hold the wedding as soon as possible.

xu mo looked at him. " are you sure? "

a small one, the kind that only invites friends and family. It's not extravagant or wasteful. How about it? " kang qiao asked for her opinion.

xu mo thought about it and didn't say anything. he just nodded slightly.

kang qiao's lips curved up slightly. he held the steering wheel tightly for a while.

he was always worried.

The car stopped in front of teacher Kang's house. Xu Mo was carrying a bag of fruits, and Kang Qiao was holding her suitcase behind her. She was smoking a cigarette with one hand, and she put it out at the door.

He knocked on the door, and the hired Auntie opened it. She saw Xu Mo and Kang Qiao and smiled, " "they're here."

“How’s my mom today?” Kang Qiao asked.

“Teacher Kang is quite good.” the helper smiled. ” i’m basking in the sun and listening to the show.
”

kang qiao nodded and took the luggage in, then went to the balcony with xu mo.

it was an old house, and the walls were covered with green ivy.

teacher kang was leaning back on the recliner. she was still in good spirits, but xu mo saw that she had lost a lot of weight.

“teacher kang.” Xu Mo squatted in front of her and said in a low voice, ” I’m here to see you.

Teacher Kang’s eyes were originally closed, but now they slowly opened. When she saw Xu Mo, she was very happy.”why are you here? don’t you have to work today?”

“There’s someone in charge there, so I don’t have to go there every day.” “Kang Qiao and I want to live here.” Xu Mo’s voice was a little soft.

Teacher Kang’s eyes lit up. She slowly sat up and looked at her son.”you guys are staying together?”

The old man was still in disbelief.

Kang Qiao smiled and squatted down as well. He took out two red books from his pocket,”mom, xu mo and i are married.”

Teacher Kang’s eyes immediately lit up. He took a closer look and raised his voice,”Xiuying, help me get my presbyopic glasses.”

the auntie sighed and then passed the glasses to teacher kang. ” the old lady’s glasses are here. ”

teacher kang put on his glasses and then took out the marriage certificate to look at it in detail. he saw every aspect of it in detail.

yes, it's true, " the old lady said.

"Mom, you still think it's fake?" Kang Qiao smiled.

teacher kang returned the things to him and looked at xu mo."How would I know if you and Xu Mo are trying to make me happy?"

The old lady helped him up and touched Xu Mo's hand."Come here, mom has something for you."

xu mo responded with an "oh" and looked at kang qiao.

"Go, mom won't eat you," Kang Qiao lifted his chin.

xu mo made a face at him. " help me pack my luggage. "

Kang Qiao glanced at her and pulled the suitcase to his bedroom with a good temper. Originally, the aunty wanted to help but was rejected by Kang Qiao. The aunty thought that it was indeed inconvenient for a newly-wedded couple to do so, so she didn't insist.

Chapter 4164: let's get married (6)

On the other side, Xu Mo followed teacher Kang into the bedroom. Teacher Kang opened a cabinet and took out an lacquer box from inside. It was exquisitely made by Yangzhou.

The old lady held the box and sat on the edge of the bed. Her fingers silently stroked the box and she said softly, " "This is my dowry. many years have passed, and kang qiao is already married. i thought i wouldn't be able to see him in my lifetime."

As she said that, she couldn't help but feel a little sad.

Xu Mo leaned his head on her shoulder and said in a low voice, "mom, i'm married to kang qiao now."

she touched teacher kang's hand and held it. she didn't say anything and just absorbed the warmth from it.

Teacher Kang let out a long breath and looked at Xu Mo. "you're a good kid. In the future, if Kang Qiao bullies you, just tell me. "

...

Although she might not live for long.

she reached out, opened the box, and took out a property ownership certificate. " "this is the certificate of this house. you can keep it in the future, or we can change the name a day later. it's fine to write it as kang qiao or you. when i'm old, i'll have to transfer ownership, so it's easier for me to live."

xu mo was unhappy. " mom, don't say such disheartening words. we still have a long time to live. "

Teacher Kang just patted her. I know you're trying to make me happy. I know how my body is. Kang Qiao is willing to spend money and time, but this illness can't be cured.

Teacher Kang took out an even smaller box from below and opened it. There was a pair of Imperial Green jade bracelets and a white marble pendant inside. They were all valuable masterpieces.

the old lady took out a bangle and put it on xu mo, saying in a low voice, " "When I was a teacher, it wasn't suitable for me to wear this. You're still young, Kang Qiao. It's just right for you to wear it. You can keep it in the future. I don't have much to give you. This is what I saved up back then."

"thank you, mom." xu mo bit his lip and sobbed.

“what’s there to thank me for? we’ll be a family from now on.” “Look at me, I’m perfectly fine at home.” The old lady changed the topic. You’re young, don’t spend all your time guarding an old lady like me. Young people should live their own lives.”

Xu Mo couldn’t bear to listen any longer and hugged her, his face gently resting on her shoulder. mom, I don’t care. We’ll always be by your side.

Teacher Kang lowered his eyes and said after a long while,”they just got married. that’s not auspicious!”

how could she bear to do that?

Xu Mo insisted. In the end, he directly said that he wanted to drive them out and directly told Kang Qiao.

teacher kang had no other choice. during lunch, she said,”kang qiao, i’ve thought about it. i think i’d better be hospitalized!”

Kang Qiao looked at Xu Mo and smiled,”changed your mind?”

“otherwise, if the two of you look at me like that, i’ll feel like i’m not free,” teacher kang said helplessly.

“The hospital doesn’t have much freedom either.” kang qiao muttered.

xu mo kicked him under the table, indicating that he should be more polite.

kang qiao didn’t say anything else, only saying that he would contact the hospital in the afternoon.

Teacher Kang’s illness was like this. If he didn’t receive treatment, he would only be at home for a few months. If he was more proactive, he might have two or three years, and he might even suffer a little.

If Kang Qiao had a choice, he would rather his mother suffer a little, but at least live a few more years.

at least, she saw him get married and have children.

Before he came, he didn't make arrangements with Xu Mo. It was completely natural. Xu Mo wasn't a fool. He only realized that he had been tricked by him when he said that he had arranged a hospital.

Chapter 4165: let's get married (7)

If they didn't get married and didn't squeeze in this small apartment, he had a way to convince his mother, but he just coaxed her to marry him.

She was going to be angry, but she really couldn't bring herself to be.

In the end, she still left her things here, and she could buy more when she stayed at his place.

Right now, teacher Kang's illness was still the main concern.

in the afternoon, xu mo stayed at home to accompany the old lady, while kang qiao went to sheng yuan hospital to discuss the old lady's condition with qin chen.

In Qin Chen's private office, Kang Qiao presented a painting worth over a hundred million Yuan and hung it up for Qin Chen.

...

Dr. Qin was brewing coffee. He tilted his head and admired it for a while. When the coffee was ready, he poured a cup for himself and Kang Qiao.

holding the cup and smelling the aroma of the hand-ground coffee, she smiled gently. " "You don't think I'm extorting you on purpose, do you?"

“i won’t,” Kang Qiao smiled bitterly and took a sip of coffee. I’ve shown my mother’s information to the foreign experts. You’re the one with the best solution now. I’m just taking Hanhan as my filial piety.

qin chen looked at him, then frowned. ” “kang qiao, you actually know that some things can be reversed, but if it goes against the laws of nature, it will be even more unacceptable. of course, many first prime sovereigns have secretly come to me, but i have almost rejected them. I’ve only performed less than ten cases of this kind of surgery, and all of them were done by my close friends.”

as she spoke, her gaze became distant.”Have you heard of the France Renault Group? the time water that’s been all over the place.”

Kang Qiao stared at her, knowing that she didn’t want him to answer. Qin Chen was just recalling some past memories that he usually didn’t want to recall.

He somewhat understood why she had rejected him before. It was because it had not been a very pleasant experience.

“Because of my medical skills,” Qin Chen said in a low voice,”my mentor died, and my friend broke her pinky finger for me. She was very beautiful, and the one who caused all this to happen was my first love.”

“kang qiao. I can treat your mother, but we have to sign an agreement. Do you understand that I’m afraid of trouble? I’m not alone. I have a family, a child, and a big family behind me. ” qin chen said directly.

Kang Qiao’s fingers clenched, then he asked softly, ” “Why are you helping me?”

“It’s because of Qin mo! You’re his money tree, aren’t you?” qin chen smiled, but kang qiao knew he wasn’t telling the truth.

there was a high possibility that it was because of xu mo.

the relationship between xu mo and wen yuan, and then the relationship between wen yuan and the ye family.

“yes, your wife has a close relationship with the ye family,” qin chen replied with a smile.

you’re well-informed. I only got my marriage certificate this morning. Kang Qiao smiled.

“it’s just a guess,” qin chen sighed,”men have the same tricks.”

She suddenly thought of the process of her getting to know Lan Yu. At first, Lan Yu thought that she was a man and called her a quack. Later, he was prepared to accept this strange sexual orientation. It was only when he took off her clothes that he found out that she was a woman. Just thinking about it made him feel good.

Qin Chen made himself another cup of coffee.

Life was wonderful.

kang qiao looked at her calmly brewing coffee and couldn’t help but ask softly, ” “How long will my mother live after the operation? Can you give me three years?”

Qin Chen stood there and replied,”I guess so!” I think it’ll be more than ten years. By the way, is she in her sixties this year? according to the normal age, she should have about twenty years left.”

Kang Qiao’s throat seemed to be blocked, and he couldn’t believe it.

Chapter 4166: Let’s get married (7)

Qin Chen looked at Kang Qiao as if he was a puppy.

it was true, qin chen was a woman, a woman who was ten times more handsome than a man. even men like bai jingxuan and kang qiao would pale in comparison to qin chen.

qin chen was the most handsome person in this book!

Of course, she was also flashy and extravagant. If she wasn't a black-hearted doctor, how would she be able to cover her expenses?

at this time, she looked at kang qiao and said, "give me the scan."

kang qiao quickly took it.

...

Qin Chen looked at it carefully for a long time, then said, "it shouldn't be a big problem. The main thing is that it hasn't spread to places that can't be controlled. Bring him to the hospital tomorrow and stay in the most expensive Ward. The medical and surgery fees will be 80 million. Once it's settled, you can go home after a month.

although it was a sky-high price, kang qiao still said thank you.

He didn't know why, but he was willing to believe Qin Chen.

why?

Because in front of Qin Chen, they were all little dogs!

When Kang Qiao left, Qin Chen said, "this painting is called first love. Take it away. You can give me a check for how much the painting costs. Of all the things you can give me, send me first love!

Kang Qiao:

it turned out that qin chen's story came from here. he really couldn't keep this painting, but he could take it back and hang it in his and xu mo's residence.

Kang Qiao wrote the check and said, "Dr. Qin, you're so simple and crude."

I'm only simple to you guys. I'll only be rough to blue universe. qin chen flicked the check and smiled."Kang Qiao, being a celebrity really makes money. Look at the money you earn from your fans, they treat you as their idol. I earn a little money, so many people are calling me a black-hearted doctor!"

"Not at all. Doctor Qin has a very good reputation both in and out of the country." kang qiao complimented him. he knew that in the entertainment industry, qin chen didn't care about money, he just wanted a hobby.

qin chen smiled. " kang qiao, you used the word 'reputation' very well. "

she patted him. " for the sake of 180 million, i'll treat you to a cup of coffee. you have to know that the cost of this cup of coffee is about tens of thousands. "

Then, Kang Qiao couldn't drink anymore.

No wonder Qin Chen wanted to be a black-hearted doctor, this kind of life was too extravagant!

Envy, jealousy, hate!

After Kang Qiao left, Qin Chen looked at the film for a long time, then pulled out Kang Qiao's mother's information from the computer.

Actually, she had lied. She said that it was because of the ye family, but it was not.

she just felt that people like teacher kang were very good. she knew that the old lady had always been enthusiastic about public welfare, and she had also heard that she had always been very strict with her professional ethics. she was willing to make an exception for people like this. people like this should live longer.

On the other side, Kang Qiao went back and asked Auntie to go back and prepare for tomorrow's hospitalization.

in addition to his mother, he would also hire two special care nurses to take care of her. he wasn't a selfish man who thought that it would be unfair to xu mo if he had to stay by his mother's bedside for him.

Xu Mo didn't object. Major operations required more people to take care of him.

Kang Qiao didn't tell teacher Kang in detail, afraid that she would feel burdened. He only said that she could live for a few more years after the surgery, but even so, teacher Kang was already very happy.

back in the bedroom, kang qiao repeated qin chen's words to xu mo, who sat up immediately. "Really? this is too godly."

kang qiao smiled. "it should be true. qin chen is the best surgeon in the world. i believe she can cure ran ran."

Chapter 4167: let's get married 8

xu mo was quite happy as well and talked to kang qiao for a long time. when it was midnight and she was about to go to bed, she got up worriedly and went to mrs. kang's bedroom. she personally poured a glass of water for mrs. kang, watched her drink it, and then helped her to the toilet.

mrs. kang sighed as she laid down, "I don't want you to worry about me all the time, so I don't want you to live with me. I always feel bad. You young people should have your own lives."

Xu Mo sat beside her. it's good to be with you.

Mrs. Kang smiled helplessly. actually, I know everything. You and Kang Qiao got married so quickly because he told me about my illness. I know this child very well, but I have no choice.

Kang Qiao looked like her but not like her. However, she knew that Kang Qiao wasn't a bad kid. Otherwise, he wouldn't have chosen to live with Xu Mo. Xu Mo was such a good girl. Now that they were married, she could really close her eyes in peace.

After Mrs. Kang finished, Xu Mo's voice was gentle. no, it's just that we couldn't find a reason to be together. Now, it's a reason, but it's not a reason. It should be natural.

...

She still felt a little awkward and whispered, " "Mom, I actually like Kang Qiao a lot."

teacher kang laughed so hard that his eyes were curved.

'Like', what a beautiful word! It reminded her of her old man who had passed away.

"in the future, you and kang qiao will have a good life," she sighed with nostalgia.

Xu Mo wanted to say something, but after thinking about it, he swallowed it and didn't say anything else.

mrs. kang smiled. " go back to your room. you don't have to keep me company. you two should go out and play as newlyweds. "

" mom, there will be a chance in the future. you should get well first. in the future, we can go out and play together. " xu mo said softly, then pulled the blanket over the old lady and dimmed the light. I'm going to sleep first. If you want to come over at night, just call me. My phone is here, you can just call me.

teacher kang agreed.

xu mo returned to his room.

Kang Qiao had finished bathing and was waiting for her. She thought that he was already asleep and was about to turn off the lights.

But as soon as she turned off the light, he hugged her and put something warm in her neck. Kang Qiao's voice was especially hoarse, " "Honey, let's have a round."

Xu Mo was particularly helpless and closed his eyes."Kang Qiao, we're at your mother's house now,"

“what if we don’t have sex if we stay here for a month?” he asked her directly.

as he said that, he rubbed against her like a big dog. ” we just got married, and you’re already giving me the cold shoulder? ”

“No, you’re being unreasonable!” Xu Mo lost his temper and whispered, ” there’s no such thing here, Wanwan. It’s not suitable for us to get pregnant now. My body isn’t in good condition either.

He smiled and whispered in her ear, ” “i bought a box.”

In the dark, Xu Mo couldn’t help but roll his eyes. She knew he wasn’t a good person!

It was really too detestable!

In the end, he forced her once and forced her again before she let it go.

probably because it was too depressing, the feeling was very different from usual.

late at night, kang qiao finally calmed down. he lay flat and looked at his wife.”Xu Mo, I’m really happy today.”

There was hope for his mother’s illness, and he had gotten married. Although his methods weren’t very honorable, he would have a family in the future.

He had a plan in his heart, but everything had to be done after his mother’s operation was completed.

Chapter 4168: let’s get married (9)

that night, xu mo was so tired that he fell asleep, but kang qiao didn’t.

He thought about many things, and he felt that life was very wonderful.

this house once held the best memories of him and wen yuan. however, he did not expect that he would end up with xu mo. xu mo was brought to him by wen yuan. he could still remember wen yuan asking him about xu mo's condition and he said that he was too young.

But now, he was infatuated with the body beside him.

kang qiao smiled slightly as he smelled the gardenias blooming outside the window. it was as beautiful as when he was young.

He and Xu Mo were not each other's first loves, but Yu Sheng would be the person who loved each other and cared about each other the most.

...

This was good.

kang qiao suddenly got up quietly and walked to the window, smelling the light fragrance.

Her heart, which had once been restless after entering the entertainment industry, calmed down in an instant.

Because there were people he cared about here, because he had someone to spend the rest of his life with. There was no time that felt more grounded than this.

he didn't care about the absurdity of the past, because this past led to his encounter with xu mo later.

wen yuan was right. if he was a demon, then xu mo was the angel who saved him. one was black and the other was white. they should be together.

Kang Qiao stood there for a long time before returning to his bed.

xu mo was still asleep. he lay on his side beside her and couldn't bear to wake her up. he felt that he would be sorry if he didn't do anything, so he lowered his voice and said in her ear, " i like you. "

one day, he also hoped to hear her say that she liked him with her own ears.

He thought that it would be in the near future.

perhaps it was when they had a child. he wasn't in a hurry, and he wasn't the kind of man who liked to listen to others. he hoped that xu mo would feel his love one day and say it naturally.

It was a wonderful thing.

he had been in a bitter relationship and thought that it was wonderful. now that he had fallen in love with someone again and was loved, he realized that two-sided love was unimaginably good.

The feeling that you could give up everything to be by her side. The feeling that the whole world had abandoned you, but you still had a small person behind you.

kang qiao thought that he wouldn't have to be envious of others anymore.

he would try his best to love her and make all the other women envious of her.

Kang Qiao couldn't bear to sleep. The night was too wonderful, and he couldn't stand it anymore and fell asleep.

he slept with the fragrance of the flowers, he slept with the chirping of the insects outside the window, he slept with the breathing of the people beside him. all of this was so wonderful, so wonderful that he had never felt so wonderful in his life.

He woke up at dawn. Although he had only slept for three or four hours, he was in better spirits than usual because he had a good sleep.

he listened carefully and noticed that his mother had already woken up.

Kang Qiao immediately got up and kissed Xu Mo. He pulled out his shirt and pants and put them on. He wiped his face and went outside.

teacher kang had woken up and was making breakfast in the kitchen.

” mom, why did you make breakfast? i thought i told you not to do family business anymore. you just didn’t listen. ” Kang Qiao went over to take it while reprimanding her softly.

Teacher Kang let go and looked at him. Auntie isn’t coming here today. I think you two just got married, so you should sleep a little longer. It’s not like I can’t move. It’s nothing to make breakfast for you. Kang Qiao, don’t make a fuss about mom’s illness. Xu Mo is at a loss. He refused to leave my room last night. You’re married to someone he loves, not a nanny in our house.

Chapter 4169: We’re getting married (10)

Kang Qiao laughed. mom, you’re thinking too much. Xu Mo is concerned about you, not because we’re married. Think about it, you two were so close before.

teacher kang thought about it and agreed. she also smiled.”that’s true, but you have to be more careful now that you’re married. you can’t let others suffer. you’d rather work harder on your own, understand?”

the old lady thought about how her son would have a child in the future and live happily with xu mo. she felt at ease and didn’t care much about her illness.

” mom, if you stay with us for a long time, xu mo and i will have two children in the future. ” Kang Qiao smiled.

teacher kang was still pleasantly surprised,’she’s willing to give birth? she said it? Nowadays, many young people don’t want to have children.”

” if they love each other, they will definitely give birth. otherwise, why would we need a marriage certificate? we can just live together when we’re happy. ” “In a year or so. Xu Mo and I will be at ease if you recover during this time.” Kang Qiao skillfully handled the household affairs.

...

Teacher Kang wanted to say something, but he silently swallowed it and did not say anything else.

” mom, ” kang qiao patted her, ” i found the best doctor. the doctor said the surgery is very successful. ”

The old lady was originally depressed, or perhaps she felt that she was a burden to her son, but now her heart was alive again. She felt that it was quite beautiful. In a year or two, she would be able to hold a grandson or granddaughter, and she would have more topics to talk to her husband in the future. Aiya, I’m better than you, old thing. Not only did I raise Kang Qiao, I’m successful now, and I even have a grandson. I’m not like you, useless!

Teacher Kang couldn’t help but laugh at the thought of it. He said softly,”kang qiao, you have to be more stable in the future. you’re not allowed to hang out with women who are not decent. Now that you have a wife and children, you’re no longer the same as before. If you lose them again, I won’t be able to help you.”

“mom!” kang qiao couldn’t help but open his mouth. ” what are you thinking? why would i? ”

“It’s good that you don’t.” the old lady smiled. ” xu mo is a good man. there’s nothing wrong with his character. if anything happens to your child in the future, it’s your fault. ”

kang qiao let out a long sigh, ” mom, you have forgotten about your son now that you have a wife. ”

isn’t that good? it wasn’t easy for you to get a wife. Of course, I have to dote on her for you. Think about it, you’re almost 40. It’s not easy. Xu Mo is only in his 20S. teacher kang rolled her eyes at her son, then they started to make dumplings together.

She was in a good mood and seemed to be in a much better mood.

kang qiao didn't know whether to laugh or cry. "mom, you're thinking too much. xu mo is in his early 30s, not a young girl in her 20s. "

teacher kang ignored him and snorted."I think Xu Mo is still very young and tender, unlike you, so he looks young."

kang qiao let out a breath,"mom, you can even find a problem with this?"

The old lady laughed happily and wrapped a bunch of dumplings. Aiya, that's enough. Go and wake Xu Mo up for breakfast.

"She should be tired, why don't she sleep a little longer?"

kang qiao smiled, "mom, you are spoiling her. "

Then, he squinted his eyes. how did you know that she was tired? "

Teacher Kang's face turned red. you child, you're still using these words to run me down. How can I not know your temper? that's why I don't approve of you two coming back. Xu Mo is thin-skinned and can't stand you pestering ran ran. How uncomfortable is that? you're really ran ran.

teacher kang's eyes were already fixed on him before he could finish his sentence.

at the kitchen door, xu mo stood there, holding her messy hair and looking slightly uncomfortable. she had obviously heard the conversation between the mother and son. she didn't expect that such a serious and loving elder like teacher kang would talk about this with her son.

xu mo's face turned red and he scratched his head again."Well, I'll go back to my room to brush my teeth and wash my face first."

after saying that, he slipped away.

she ran in a hurry and seemed to be shy.

Teacher Kang looked at his son. you see? it's not convenient, right? ”

...

“it was just a private conversation between us. how would i know that she would wake up?” kang qiao also smiled. ” mom, prepare the dumplings. i'll go see xu mo. ”

“Are you coming out later or waiting for an hour?” teacher Kang called out to him.

“Mom, we're going to the hospital later. I'm not a beast like you think I am.” Kang Qiao was helpless.

What kind of person did his mother think he was?

Teacher Kang laughed. go on, go on! it's fine to talk a little longer, i'll play alone.”

kang qiao had already gone to the bedroom. he then remembered that the washroom was public, so he went to the washroom again.

Xu Mo was indeed brushing his teeth, and his face was red as he brushed his teeth.

He smiled. what's wrong? are you embarrassed? ”

“i'm not!” “you're not allowed to say these things in front of mom in the future. it will affect her impression of me,” she said in a muffled voice.

kang qiao looked at her and smiled. he moved closer to her and hugged her waist from behind. he rested his chin on her shoulder and said softly, ” i took a long time to sleep last night, but you slept like a little pig. ”

as he spoke, he leaned over and kissed her cheek. ” “last night was actually our wedding night, and this morning is quite important too. mrs. kang, aren’t you going to give your husband a good morning kiss?”

Xu Mo’s mouth was full of toothpaste foam, so she kissed him unceremoniously when he said this, making his lips white. She smiled.”Will this work?”

“No sincerity,” he laughed.

” it’s a little sweet, ” she added. ” this is fruit-flavored toothpaste, right? ”

After that, she said,”I have a little psychological barrier. Otherwise, I would be able to kiss you even if you were brushing your teeth.”

xu mo continued to brush his teeth, and he hugged her for a while before letting go. he patted her waist.”Change your clothes and come out for breakfast. I made it myself.”

his voice was a little hoarse, but it was very pleasant to hear, and there was an indescribable warmth in it.

xu mo found that he quite liked it when he said this, so he smiled and nodded.

They were newly-wedded, and even though they had done it countless times in the past, he still couldn’t help but lean over to kiss her.

“I still have toothpaste in my mouth,” Xu Mo called out.

He kept kissing her neck, kissing here and there, until her breath was a little messy.

after that, kang qiao felt a little hot himself. he hugged her and said in a hoarse voice, ” “When mom is hospitalized, let’s move back. It’s really inconvenient here.”

She tilted her head. mom has just been discharged. Move in with her. We can’t let her live alone.

He smiled. you'll have to convince her.

whatever. You didn't need your wife to convince yourself. xu mo took a bite on his chin.

He lifted her chin. miss Xu, this is one of the benefits of marrying you. My mother likes you very much.

"Not because of love?" Xu Mo bit him again.

"are you a puppy?" he chuckled.

"say that you like little dogs, and i'll help you say it. because little dogs are stupid! " you should shave, " she complained. it's too prickly.
