

## Thank you 4171

Chapter 4171: guaranteed to cure all diseases 1

after she finished, kang qiao laughed.

he buried his face in her soft neck, and after a while, he asked in a hoarse voice, "Did you get hurt last night?"

xu mo looked at him. "i'm out. i'll come out after i wash my face."

Kang Qiao was still smiling. He was in a good mood as he kissed her on the cheek and then left.

xu mo wiped his face and looked at his own face in the mirror.

Her face was a little ruddy, completely different from the paleness before. She reached out and pinched her face. It was not a dream. She was really living in Kang Qiao's house and married him.

...

She went to change her clothes and went to the dining room.

everything here was very simple. the dining room was only about ten square meters in size, and the furniture was made of solid wood.

When she came out, Kang Qiao brought a bowl of hot dumplings and placed it in front of her. "There's quite a lot. If you can't finish it, I'll help you finish it."

Xu Mo's eyes curved as he smiled. you're so good.

When he sat down, he leaned closer to her. don't you know how good you are? "

Xu Mo really couldn't take it when he was so explicit in front of teacher Kang. He glanced at him and said in a small voice, "don't go too far, kang qiao."

"Too much?" "It's too much not to touch you," he said in a low voice.

xu moshi couldn't help but roll his eyes."you've gone too far."

kang qiao smiled and took care of mrs. kang. xu mo glanced at him and lowered his head to eat breakfast.

her eyes were gentle, a special expression of a woman who was loved. kang qiao was also satisfied, but the atmosphere in the kang family was not so good.

After breakfast, Xu Mo said that he would help her pack her luggage, and teacher Kang did not refuse.

Xu Mo went to her bedroom to clean up, and teacher Kang said to Kang Qiao, "when i'm discharged, let's hold the wedding. i can't let xu mo suffer. besides, there are many temptations around you in your career. it's always better to be married. "

Kang Qiao smiled,"it's good!" I also want to give Xu Mo a wedding, but I'm afraid she won't be willing."

"How can there be a woman who doesn't like to wear a beautiful wedding dress?" "you're just dragging it out," teacher kang rebuked.

as she spoke, she took out a card from her pocket. "on this card, there's more than two million yuan that mom has saved up. although mom knows you have money, this is a little token of my appreciation to buy something for xu mo. don't girls nowadays like bags that can cure all diseases?"

kang qiao held the card in his hand. "mom, if the bag can cure all kinds of diseases, i'll immediately buy you a hundred. "

Then, she said, "when Xu Mo was a manager in the past, he was quite particular. Now, she's very casual. Just look at her. With this money, she can buy whatever she wants.

“You have to accompany me.” “you’re almost 40. don’t let your mom teach you how to dote on your wife!” teacher kang scolded jokingly.

Kang Qiao smiled,”mom can teach me when she’s free.”

Teacher Kang laughed and scolded a few more times before saying,”Go and pack up with your wife. I’m going to rest for a while.”

Kang Qiao nodded and walked into teacher Kang’s bedroom. Xu Mo was tidying up, and when he saw Kang Qiao come in, he said softly, ” i only brought two light sets of clothes for mom. i was afraid that she would get used to the things in the hospital, so most of them are daily necessities. are they okay for you? ”

Kang Qiao took a look. it can’t be more well-rounded.

After he finished speaking, he pulled her over and gave her a kiss. He then stuffed a card into her hand. there’s more than two million Yuan in here. Mom gave it to you. Don’t put it into the House of Love. This is our family’s private money. If they need money, you can take it from me.

Chapter 4172: Guaranteed to cure all diseases 2

Xu Mo held the card, and his heart felt sweet, sour, and bitter.

“kang qiao, sometimes i’m a little jealous that you have a good mother,” she said softly after a long time.

“you’re a good mother if you give me money.” “Our Mrs. Kang is so realistic,” he pinched her face.

xu mo looked at him without saying a word, and tears welled up in his eyes. he knew that she was thinking about her family.

xu mo didn't have any relatives before.

He reached out and pulled her into his arms. mom and I will be your family in the future. So what if I let you have mom? she only loves you. I'm jealous of you!

...

as he spoke, he pinched her small hand. "look, she's already given you her private room. are you still not satisfied?"

"i'm satisfied." xu mo smiled. "let's go out."

as soon as she went out, she saw that there was an extra person in the house. it was wen yuan.

She was stunned for a moment when another person entered the room. It was ye mu Bai.

"We'll set off once we're ready," ye mu Bai replied in a calm voice.

Kang Qiao walked over and shook his hand, "president ye, you and wen yuan have put in a lot of effort."

Ye mu Bai smiled. Wen Yuan loves teacher Kang very much. Today, she was both worried and excited. She wished she could fly over.

Kang Qiao looked at Wen Yuan.

wen yuan was also rather embarrassed. he supported teacher kang."why didn't you say so earlier, kang qiao?"

"that's right," ye mu bai replied. "she shed a ton of tears at home and forced me to find the best doctor."

At this time, Kang Qiao finally understood why Qin Chen agreed so readily. It was probably because of the ye family's favor and face. He didn't say anything, but went over to hug Wen Yuan and whispered, "Thank you, Wen Yuan."

wen yuan looked at his president ye, feeling rather troubled.

Xu Mo spoke up. Kang Qiao, you can put it down. If you're not afraid of being beaten up, I don't want to take care of you.

kang qiao smiled, then hugged xu mo and introduced him, "Xu Mo, my wife."

Wen Yuan was stunned.

On the other hand, ye mu Bai was very calm, as if he had already expected this. congratulations.

Then, she thought for a moment. Oh right, Kang Qiao, I bought a unit next to your villa. I'll give it to you and Xu Mo as a wedding gift. Teacher Kang can live there. It's very convenient.

Wen Yuan turned his head and looked at his husband. "mubai, when did you buy a villa there?"

President ye touched his nose and didn't tell his wife that he actually bought it to bring her to live with him and anger Kang Qiao to death. But now, the use had changed.

Everyone had a wife, so there was no need to fight.

"i have them everywhere, it's just a coincidence," he said after some thought.

wen yuan was skeptical, but as a man, kang qiao could understand his dark thoughts very well. his eyes fell on ye mubai's face. president ye smiled shamelessly and said, "i'll ask secretary he to send the key over later. "

Kang Qiao accepted it. It would be better for him to live in this kind of house. It would be a crime if it was in ye mu Bai's hands.

it was just that he really owed the ye family a huge favor. not just money, but a favor.

the ye family was truly the only one who had the ability to call the shots in B city.

Kang Qiao sighed in his heart, but didn't say anything.

this matter was considered over. teacher kang was sent to shengyuan hospital. the morning was mainly for examinations. kang qiao accompanied her to let xu mo rest so that she and wen yuan could have time to chat. they hadn't seen each other for a long time. besides, marriage was such a big event that wen yuan would definitely ask about it.

#### Chapter 4173: Guaranteed to cure all diseases 3

In a café outside the hospital, Wen Yuan had a cup of coffee and looked up."speak."

"say what?" xu mo played dumb as usual.

Wen Yuan glanced at her and said,"about your marriage." Don't tell me you left your handprint on it when you were asleep."

"i'm getting married." Xu Mo's voice was dragged out, and it was obvious that he was stalling for time to consider.

however, wen yuan knew her very well. he pinched her face and did not give her a chance to think. " tell me the truth. did kang qiao use teacher kang's illness as a ruse to hurt yourself? did you soften your heart and register your marriage with him after sleeping with him? "

Xu Mo had been drinking coffee to cover it up, but when he heard this, he spat the coffee directly on Wen Yuan's face.

...

Then, it became a little messy.

“i’m sorry, i’m sorry. i’ll help you wipe it.” “i didn’t do it on purpose,” xu mo apologized profusely.

Wen Yuan glared at her.

xu mo put on a fake smile. ” i’m ran ran, i’m ran ran. wen yuan, why are you so godly? you guessed it so accurately. ”

she smiled foolishly, obviously pretending to be stupid.

Wen Yuan wiped his face clean and reached out to tap her hair. “it’s not my god, it’s you who’s too stupid!”

He was too stupid.

kang qiao’s men’s tricks could only fool xu mo, but xu mo wasn’t this stupid before.

xu mo looked at wen yuan eagerly, his voice like a little sheep, ” “I know you must think that I’m a disappointment. But Wen Yuan, I may be a little lonely. or maybe i feel that when kang qiao needs me, i feel safe being with him.”

“Stupid.” Wen Yuan added.

xu mo pitifully called out in a small voice, ” wen yuan. ”

” don’t act coquettishly with me. ” “Go and act coquettishly with Kang Qiao.”

“But I only like you.” Xu Mo was like a puppy.

Wen Yuan laughed, then suddenly sighed, ” “xu mo, do you think i’ll blame you?”

She reached out and held her hand, ” do you know, I hope that you will be happy. I selfishly hope that the person is Kang Qiao, because he is more or less an important person to me. Moreover, teacher Kang has been looking forward to his marriage for a long time.

“Wen Yuan, you lied to me again!” Xu Mo’s eyes widened.

“I’m not lying to you.” Wen Yuan caressed her hair. I’m afraid that you’ll suffer. If it’s Kang Qiao, at least I can guarantee that you won’t be cheated by men. Moreover, Kang Qiao can take care of you. I’m not worried about that.

Xu Mo’s heart throbbed. Wen Yuan, you’ve never told me this.

“I thought you would understand.” Wen Yuan smiled. I’ve always been willing to fill a bottomless pit myself. I just don’t want you to become like Xu Mo for money and someone else.

the xu mo now was still the xu mo of the past. he had never changed.

that’s why kang qiao fell in love with her and slowly settled down. it was actually quite good.

Wen Yuan smiled and lowered his voice, ” “When the time comes, I’ll also give you a big gift. Just you wait.”

xu mo didn’t say anything and just came over to hug her.

“Alright, you’re someone with a husband now.” wen yuan ruffled her hair. ” if kang qiao bullies you, tell me. i’ll teach him a lesson for you. if you can’t, tell teacher kang. she’ll teach kang qiao a lesson. ”

Xu Mo hummed and took out a card.”this is from teacher kang. it’s more than two million.”

“Look at your silly face,” Wen Yuan laughed.

Xu Mo was a little embarrassed. let’s go back. The results should be out by now. I have to stay in the hospital for the next few days. You can help me check on my place occasionally.

#### Chapter 4174: guaranteed to cure all diseases 4

xu mo was a little embarrassed. "let's go back. the results should be out by now. i have to stay in the hospital for the next few days. you can help me check on my place occasionally."

Wen Yuan nodded,"don't worry, I will." By the way, Bai jingxuan has been acting like a spokesperson for the past few days. It's quite a sensation, but you didn't know about it and only knew how to immerse yourself in happiness. I thought some people were lonely and didn't know they would get married without a word!"

xu mo was so embarrassed that his face turned red. "aiya! wen yuan, when did you become so good at making fun of people?"

Wen Yuan smiled but did not explain.

They returned to the hospital together. Qin Chen was explaining teacher Kang's condition to Kang Qiao and explaining the surgery plan.

kang qiao enjoyed listening to such difficult content. the word sounded a little scary, but he was still enjoying it. he probably believed in qin chen, so he didn't feel any pressure.

...

what he was concerned about was how much teacher kang would have to suffer. later, when he thought of his old mother's pain after the operation, he was still very worried.

qin chen was calm. "i'll use the best painkiller. after all, eighty million is very expensive. plus, you always take care of my business, so i have to take care of you."

As soon as she finished speaking, an elegant male voice came from the door, "i've already said that you're a quack. you're lying again."

Qin Chen looked over and saw her husband, Lan Yu, standing at the door.

“you’re back?” a look of surprise flashed in her eyes.

I just got off the plane. I’m here to see the quack doctor first. Lan Yu smiled faintly.

qin chen placed a document on the table, his body leaning against the cabinet. his posture was very charming, and he could be both male and female, both offensive and defensive.

lan yu didn’t care that dr. qin was the most popular doctor among the nurses in the hospital. he only knew that she was his wife. no matter how handsome she was, no matter how she was wearing a shirt and suit pants or men’s clothes today, her hair was at least shoulder-length.

He went forward to kiss her, his voice slightly hoarse. “What time do you get off work today?”

“Immediately.” “there’s a big operation tomorrow, so i’ll leave earlier today.”

In fact, she knew that Lan Yu missed her. If she accompanied him at night, she probably wouldn’t be able to last ten hours of surgery tomorrow, so she would rather work harder during the day.

after qin chen finished speaking, he was ready to get off work.

Lan Yu hugged her and left with Dr. Qin after saying goodbye to the others.

“What a perfect picture.” The young nurse covered her face.

Mr. Lan is really getting more and more handsome. Also, I actually saw a feminine aura on Dr. Qin just now.

” what’s femininity? ” the other retorted immediately. ” our doctor qin doesn’t need it at all! ”

Ye mu, Bai Wenyuan, Kang Qiao, and Xu Mo were confused, but they knew that Qin Chen was a woman. When they saw Lan Yu, they realized that a person like Qin Chen could also like someone. When Lan Yu appeared, Qin Chen’s eyes were very different, it was the look of someone who truly liked someone.

It was filled with love.

Qin Chen and Lan Yu got into the car together. Qin Chen had already taken off his white robe, leaving only a shirt and pants inside.

As soon as they got into the car, Lan Yu couldn't wait to kiss her. After kissing for a long time, Qin Chen pushed him.

“what's wrong?” there was a touch of passion and evil fire in his eyes. he had been away on his business trip for a long time and had not touched her for half a month. it was impossible for him not to miss her.

“are you on your period?” he asked suspiciously.

” no, i mean the security guard is here. he probably thought the two men were kissing in the car! ” qin chen sighed.

Chapter 4175: You want to leave me, don't you? 1

after she finished speaking, lan yu pinched her face lightly. ” you're being naughty again! ”

He sat up straight, closed his eyes, and sighed. Chenchen, ” he said. after all these years, you still like to tease people.

Qin Chen wasn't in a hurry to start the car, so he leaned over and asked in a low voice, ” “you don't like it?”

lan yu's eyes opened a slit, and then he smiled lightly. ” what do you think? ”

He reached out and caressed her arm. drive. I'll sleep for a while. I'll feed you when we get home.

Lan Yu is already so old. Can you not be so stubborn? can't you just face the dangers of your middle age? I can understand. qin chen smiled. " really. "

...

Lan Yu closed his eyes, "it's you who doesn't want to deal with me, right?."

he admitted that he was a little greedy for pleasure and was a little passionate about the duty of a husband and wife, but when had he not served her so comfortably? she actually despised it!

Qin Chen smiled. I don't mean anything else. I just think that middle-aged people should take care of their health. don't you think so?"

Lan Yu's nose let out a light Humph, probably not willing to change.

qin chen didn't say anything more, only saying softly, " "Sleep for a while. I'll wake you up when we arrive."

lan yu nodded.

Qin Chen drove straight back to their villa. When the car stopped, Lan Yu woke up.

Qin Chen took the initiative to kiss him. Lan Yu, you haven't been home for a long time.

Lan Yu reached out and pressed her head, kissing her quietly. After they were done, he said in a hoarse voice, " Chenchen, I like it when you speak so gently.

qin chen smiled. " i missed you. "

Lan Yu unbuckled his seat belt and carried her out of the car. He went straight to the bedroom without caring about the luggage and went straight to the point. They were like this as husband and wife. When he came back from a business trip, he would usually go to find her or go home. If she really had no time, he would settle it in her office and eat a full meal first.

After a few rounds of sex, they washed up and comfortably lay on the bed together to talk, but they couldn't fall asleep immediately because they missed each other, but Qin Chen's reaction was getting slower and slower.

Lan Yu lowered his head. His voice was a little hoarse. if you're tired, then sleep for a while. You still have surgery tomorrow, right? "

qin chen replied, " yes, it's a major operation. you know kang qiao, it's his mother. " It's impossible to cut ties with the ye family. Secondly, it's a personal relationship. Kang Qiao is the number one in Qin Mo's company."

lan yu laughed. " top star? what top star? you speak as if you're a small duck. "

qin chen laid in his arms, his long and beautiful fingers gently stroking lan yu's heart. he chuckled. " " lan yu, your performance just now could actually be a small duck. rich women would definitely like it. "

Lan Yu frowned slightly. nonsense. How could I bear to give my energy to others? isn't it enough to feed you? "

"I was forced." qin chen laughed,"actually, i like to be the yingluo on top."

is that so? " Lan Yu raised his eyebrows evilly. then let's try again.

qin chen bit his lip. " that's not what i meant. i meant ran ran. "

however, lan yu had already made his move. just as they were about to enter the alley, qin chen's phone rang.

Originally, Lan Yu didn't want to pay attention to her, but her phone kept ringing. Qin Chen was distracted and finally took the phone and looked at it. "it's a call from my second brother."

Lan Yu wanted to get closer to her, but she pushed him away with her hand and turned to the side, lip-reading, " "Don't mess around,"

## Chapter 4176: You want to leave me, right? 2

lan yu lay down, his hands covering his eyes, and let out a deep breath.

this second brother-in-law of his had even destroyed their sex life many times.

“i’m going to take a shower,” he said as he got up.

Qin Chen knew that he was a little angry, so he covered the microphone. “i’ll make it up to you later.”

Lan Yu came over and lightly bit the tip of her nose. “mrs. lan, how many times do you think you owe me?”

Qin Chen smiled and continued to talk to Qin mo while listening to the sounds coming from the bathroom.

...

when lan yu came out, he was only wrapped in a small bath towel. he looked at qin chen in a daze, so he went over. ” “What’s wrong?”

Qin Chen’s gaze was a little stunned, and he said after a long time, ” “my brother hurt he huan, i have to go and see him.”

Lan Yu was also stunned for a moment, then he frowned. how can that be? doesn’t Qin mo treasure your second sister-in-law the most? he Huan is also very young. If Qin mo goes crazy, how can he withstand the torture? ”

Qin Chen was helpless. that’s right. I don’t know what’s wrong with Qin mo, but he just cares about that Rong Yue. He has the same name as our son. He has a knot in his heart. He’s even suspicious of he Huan being close to our son. Why don’t we change Rong Yue’s name? ”

“lan yue is not a good name.” Lan Yu said sourly.

In fact, he also minded it in his heart. Xiao rongyue was his son, but Qin Chen had always kept the Rong surname. Rong Lei was an evil person, but he knew that Rong Lei had a place in Qin Chen’s heart, even if it was bad.

Qin Chen smiled. you’ve minded for a long time? ”

“No, I didn’t,” “Am I such a petty person?” Lan Yu laughed.

“Maybe.” Qin Chen also got off the bed.”I have to go take a look. You should rest at home.”

she was about to change her clothes when lan yu grabbed her hand. ” i’ll go with you. i’ll drive. i’m worried about you going alone. ”

Qin Chen turned his head and looked at him, then agreed.

After being touched by him a few times, she was really tired. She didn’t know where he got his exuberant energy from since he was already in his forties.

qin chen and lan yu changed their clothes and went to the hospital where qin mo and he huan were.

qin chen was stunned the moment he entered the ward.

She originally thought that Qin mo would just be a little violent during sex and get a fever after getting hurt a little. However, when she saw he Huan, she was quite shocked.

His injuries were quite serious.

There were bruises everywhere, and there were even obvious fingerprints on her neck that had been scratched.

He Huan lay there quietly, staring at the ceiling. Qin mo stood beside her.

Qin Chen went over and lowered his voice.”Brother, what’s going on?”

Qin Mo’s gaze landed on he Huan’s face and his voice was hoarse. “she met with rong yue and i brought her home, yingluo.”

After that, Qin Chen couldn’t bear to listen anymore and interrupted Qin mo, ” he Huan is your wife, brother. She’s not one of those women out there who can be manipulated as you please.

She was speechless, but she could imagine how badly injured he Huan was!

she went over and whispered into he huan’s ear, ” “Second sister-in-law, let me check for you, okay?”

At this moment, Lan Yu dragged Qin mo out.

Lan Yu was also helpless. As Qin Chen’s husband, he knew that Qin Mo’s only weakness was he Huan, but he Huan didn’t like him.

this couple’s relationship was like walking on thin ice.

Lan Yu passed a cigarette over and lit it up for Qin mo. He then patted his shoulder.”You can’t be so rough when quarreling.”

Chapter 4177: You want to leave me, don’t you?

they were all adults, and they could tell that he huan was probably in a rage and was close to rape. he huan’s injuries should be quite serious.

This time, she was probably deeply hurt. Not to mention love, even the ordinary family relationship would probably be worn down. Besides, he Huan’s parents would probably not agree.

Lan Ding did not know how to comfort him. He accompanied Qin mo as he smoked. After a while, he said, "Do you have any plans?"

Qin mo raised his head and said, "she said she wanted a divorce. That's why I acted." lan yu, sometimes i wonder if i was wrong. i've liked her for so many years, but all i've brought her is restraint, unhappiness, and hurt. you don't know how much fear she's looking at me with."

He wasn't a violent person, but this time, he had really hit he Huan.

qin mo felt that he was a pitiful worm when he could not get what he loved.

...

He laughed at himself, then slowly smoked, and continued to look into the distance without making a sound.

After a long time, Qin Chen came out with a serious expression. "Brother, he Huan's injuries are quite serious. I've talked to her attending doctor, and she has soft tissue contusions in addition to violent lacerations. looks like i'll need to recuperate for a month before i'll recover."

"Brother, if you really love he Huan, let her go." Her eyes were filled with disapproval.

she looked at he huan, feeling rather pitiful.

Qin Mo's eyes narrowed.

he clenched his fists.

after a long time, he said in a hoarse voice, " you asked me to let her go, but who will let me go? "

If he had known earlier that the man in her heart was not him, he would not have been so foolish for so many years. He would not have been so delusional.

he and he huan's love and hate, how could he tell who was right and who was wrong?

but now, she wasn't the only one who was disheartened. he was the same.

qin mo lowered his eyes. " tell her that i will find someone to take care of her. if she doesn't want to go back, she can move out and live on her own temporarily. i will think about our marriage. but for yihuan, tell her not to even think about it! "

qin chen couldn't help but say, " brother, don't you think you're going too far? she gave birth to yihuan. you're being too unreasonable. "

Qin mo was silent for a moment before he muttered, " even if yihuan were to choose, she would choose me. Who would choose a mother who is always away from home? he Huan only has her own career. She can't give up on her career and return to her family.

qin mo closed his eyes and said, "just tell her like this."

I haven't thought about it yet, " he added. and if I really end it with her, I won't miss out on a single cent of the compensation.

qin chen was stunned. after a while, he said, " you'll regret it if you let go. at least it's not wise to let go now. "

Even if breaking up wasn't a blessing to each other, they shouldn't hate each other as much as they did now.

In the past, she could clearly tell that he Huan liked Qin mo. Qin Chen really didn't know how they managed their marriage to become like this. Perhaps Qin mo shouldn't have let he Huan leave back then.

Qin Chen didn't say anything else, but she said that she didn't want to be the mouthpiece. She couldn't say such heartless words. He wanted to say that he had told he Huan.

She did not believe that Qin mo would say such things to he Huan. However, she was wrong. Qin mo and he Huan's relationship had reached a freezing point.

When he saw he Huan and Rong Yue meet, he asked her to promise that she would never see him again. When he Huan was unwilling, he used force and said many heartless words.

Chapter 4178: Do you want to leave me? 4

When he saw he Huan and Rong Yue meet, he asked her to promise that she would never see him again. When he Huan was unwilling, he used force and said many heartless words.

what's the harm in saying a few more words now!

after qin chen and lan yu left, qin mo returned to the ward, while he huan was still lying there quietly.

Qin mo sat beside her and held her hand. His voice was slightly hoarse. " i've already informed your parents to come and take care of you. he huan, you can sue me. "

her gaze returned to his face, and after a while, she said softly, " " i know what you're thinking. you must be thinking that if we divorce and you don't want to be with me, you can compensate me with money and i can even hang out with any man i want, right? "

qin mo did not deny it. he stared at her for a while, then stood up and walked to the floor-to-ceiling window.

...

He stood there quietly, as if he was thinking.

he huan lay down and did not rush him.

they had been wasting time like this for many years, and he had finally exploded.

He Huan didn't want to explain to him that she and Rong Yue had only met by chance. It was normal for them to have a drink and chat. She liked Rong Yue's works very much. She was a director and had the passion to create. This had nothing to do with her personal feelings.

as for qin mo, he never understood her, let alone support her.

she had once thought that she could be a good mother for yihuan. she would stay in B city for two to three years to film a movie. she would make an appropriate sacrifice so that yihuan could have a normal family. however, now she felt that she was not normal anymore. qin mo was not normal either.

He had known he Huan for many years, so she could guess what he was thinking.

he was thinking of a divorce.

It was true that she had wanted a divorce for many years, but now she had to consider it.

Because of Yi Huan.

She was waiting for his decision before considering it.

In addition to feeling depressed, she was also a little afraid of him. She couldn't imagine what it would be like to lie in his bed in the future. She felt like she would suffocate to death.

She was extremely afraid of his violent behavior in bed, as if he was a lunatic.

qin mo was no longer the person he was in the past.

He Huan's eyes were a little hot. She quietly turned her face to the side and wanted to turn away, but he didn't let her have the chance to do so. He turned his head and saw her tears.

if it was in the past, his heart would have ached, but now that he had made her like this, he didn't feel the slightest bit of heartache, because his heart was in more pain than hers.

What could be more painful than always thinking that he was loved, only realizing that the person he loved had never been him when he was about to get married, and hearing his wife Meng Lan call someone else's name in the middle of the night on their wedding night?

at that time, the pain in qin mo's heart was called rong yue.

He Huan, on the other hand, had never known how much he had loved her.

Now, even he himself could not remember what he loved about her in the past. Was it because of her Princess-like appearance and character, or something else? or perhaps it was his instinct, that he was born to like he Huan.

this love was fading now.

he let it fade and didn't ask her to stay, so he made a move on her.

"ha." Qin mo laughed coldly and self-deprecatingly. "We're finally evil in each other's hearts."

after he finished speaking, he looked at he huan quietly. "let's get a divorce!"

He Huan lay there without moving.

it was as if she had lost consciousness and was quietly listening to him.

After a long time, she finally found her voice. okay.

She said.

then, she closed her eyes and refused to look at him again.

"hehe." qin mo let out a long breath. "when you're better, i'll get the lawyer to come over and talk to you."

## Chapter 4179: Let's get a divorce (1)

Qin mo thought that he must be a little tired.

He was tired of chasing after someone like this.

he used to love someone very, very much. he was ecstatic as he loved her, and then he began to hate her.

When love and hate were intertwining in his body, he rarely felt sweetness, only pain.

therefore, he felt that he should give up.

this was good for everyone. after so many years, there was no point in dragging it on. he did not do it on a whim, but he had tortured each other for many years before he made up his mind.

...

"If you need anything, you can give me a call!" Qin mo said hoarsely.

He Huan didn't say anything. She just lay there quietly, as if she had lost her life.

"I don't have anything I want," she said after a long time.

"alright, i'll wait outside for your parents to come." he said again.

he huan realized that he had said 'your parents' and not 'dad and mom'. she knew that he was going to let go of her completely. she should be happy, but her body and heart were in pain. she really couldn't be happy.

she couldn't bear to be happy.

she lay there quietly for a while before whispering, ” “let me think about the divorce.”

Qin mo knew that her concern was Yi Huan. He also knew that she had requirements for Yi Huan’s upbringing and visits.

I won’t make things too difficult for you, ” he said calmly. after all, yihuan is still young and needs a mother, even though you’ve been incompetent all these years.

“Yeah, I’m not competent.” he huan murmured. her eyes were warm as she covered them with her hands, not willing to let him look at her again.

qin mo looked at her silently. he wanted to say something but the door of the ward opened.

It was uncle Kie, he Shuxin, and he Huan’s mother, su Cheng. Qin Anlan and ye Liangqiu were also there. As the elders, it was impossible for them not to come over after such a major incident.

When they saw he Huan’s expression, the elders didn’t know what to say, especially su Cheng.

He Huan was her flesh and blood, so she was the one who felt the most heartache. She went over and asked him a few questions in a low voice, but he Huan only said that she was fine.

In the end, su Cheng accompanied he Huan while the others went to a small reception room next door.

Ye Liangqiu felt extremely guilty. She comforted he Huan and then apologized to su Cheng. As a mother, she had no choice but to lower her voice. Moreover, her relationship with su Cheng had always been good. She had also watched he Huan grow up. Under such circumstances, she was clearly embarrassed.

he huan wouldn’t get angry because of this. instead, she said in a low voice that she was fine. then, she called ye liangqiu “aunt.” ye liangqiu was stunned.

Su Cheng was the same.

they had always thought that the young couple would not divorce because qin mo had hit them too hard when they were angry. however, they did not expect things to turn out this way. to the he family, although qin mo was in the wrong this time, they knew that he liked he huan for so many years.

it would be a pity to get a divorce now.

Ye Liangqiu also thought that if they divorced, her son would probably be depressed for a long time.

even though he was the one who did it.

in the small guest room, it was not appropriate for KIME to make a move. qin anlan gave his son two slaps and lectured him ruthlessly, " what kind of man are you to hit your wife? Qin mo, you're too much. Look at how much your brother Pampers his wife. Xue 'er is only in her early 20s, but she's still acting like a little girl.

Qin mo did not fight back and took a step back. He turned his face to the side as if he was staring at something, but also as if he was reminiscing. After a while, he said softly, " "dad, he huan and i might be getting a divorce."

Chapter 4180: let's get a divorce (2)

Qin Anlan was a little out of breath after hitting him twice. When he heard Qin Mo's words, his eyes widened even more. You're a muddled b \* stard, did I raise you up to let you get a divorce?"

Qin mo didn't rebut. He lowered his eyes and said softly, " "dad, i've already decided."

Qin Anlan wanted to give him a few more blows, but Kime stopped him and sighed. "an lan, i know that you're putting on such a front because you want to stand up for me. you've already taught qin mo a lesson just now. if they want to get a divorce, it's really a problem between the two of them. there's no need to hit and scold qianqian, as long as they make their own decision and don't regret it. "

KIME looked at qin mo and said in a gentle tone, " all these years, I know that you've been waiting for he Huan. Now, you don't want to wait anymore. Your aunt and I won't make things difficult for you. Since you can't live together, why don't you break up? however, uncle Qin mo has something to say to you.

Qin mo did not say anything.

He continued, " you know he Huan's personality. After the divorce, it's very unlikely that she will take the initiative to turn back, even if she has such thoughts in her heart. I won't say much about this, ran ran. But if Qin mo wants to turn back, we as parents will not agree.

...

qin mo's body shook.

" i'm not scolding you because i know you have he huan in your heart. i can't forgive you for hitting him, but we're old and can't interfere in a married couple's matters. however, after you hit him, you thought of getting a divorce. seeing how determined you were, i think you were the one who suggested it. so, since we've agreed on this, we won't blame you anymore even if you regret it or not. "

qin mo couldn't say a word. it was as if something was stuck in his throat.

qin anlan, on the other hand, asked in a rough voice, " "Are you still going to get a divorce now, you brat? Do you think that divorce is so simple? marriage is so simple. You know that your mother and I, your uncle Kime and aunty su are only together because of me. You guys are living a peaceful life, and you have to make a fuss all day long. You don't know that in this world, other than life and death, everything else is a small matter. You beat your wife up like this and you still have the cheek to ask for a divorce? your father's face has been completely disgraced by you."

"dad!" qin mo frowned.

" don't say anymore, an lan, " kie said calmly. " marriage can not be forced. i know he huan's temper, and they don't get along. su cheng said it before. he huan has held qin mo back for all these years. this time, we'll make up for it. in the future, don't mention it again. we'll still have to raise Luo Huan and Yi Huan. "

as he spoke, his voice was slightly choked up. he patted qin anlan's shoulder."for the sake of huan!"

After saying that, Kime left.

Only the father and son were left in the small meeting room. Qin Anlan stared at Qin mo. I really want to bite you to death.

Qin mo sat down on the sofa dejectedly and held his forehead with one hand. His voice was very soft. "dad! I'm afraid of Yingluo, I'm afraid that I'll kill he Huan."

He had used so much strength at that time, and he Huan had been tortured by him for a whole night. She had laid there as if she had lost her life, but she had not cried out in pain, nor had she asked him to send her to the hospital.

at that time, he thought to divorce her. she must hate him to the core.

Qin Anlan looked at his son and found a trace of pain on his face. He lit a cigarette, but he did not smoke it himself. Instead, he gave it to Qin mo. have a cigarette and think about it again.
