Chapter 4191: Let go completely (1)

Qin mo walked into the mansion and was surprised to see he Huan.

he huan, who was about to become his ex-wife, was accompanying yi huan.

Yi Huan was quite happy. She hugged he Huan's neck and called her mother softly, asking her why she had not seen her for a few days.

he huan was about to speak when she saw qin mo. the air seemed to have frozen.

They had actually met each other today, but they were strangers after signing the papers.

In the past, even though they weren't really in love, they still had a status. She could endure some intimate actions for the sake of the child's happiness. But today, even when their eyes met, he Huan felt a little uncomfortable.

...

"I'm here to celebrate yihuan's birthday," she said, pursing her lips.

Qin mo sat down and passed the present in his hands to Yi Huan. He patted her and said, " go and play.

Yi Huan went to open the gift, ignoring the adults.

There were only the three of them in the living room. Qin mo lowered his voice and said, " "You didn't say anything to her, right?"

"You said we're divorced?" he Huan smiled.

His gaze was a little deep, but he did not ask any further.

After a while, Qin Chen and the Qin family's parents arrived, and even Lan Yu came. He was afraid that Qin mo would go crazy, so he didn't bring LAN Yue along.

Qin Chen looked at the couple. She knew that they had already signed. She wanted to make up with them, but she didn't know how to say it because Qin mo didn't look like someone to be trifled with.

She looked at Lan Yu, and Lan Yu squeezed her hand, indicating for her to not say anything.

Since things had already come to this, there was no point in saying anything more.

the atmosphere was very subtle. the adults did not talk much, but yi huan was very happy.

she blew out the candles and cut the cake, not knowing that this might be the last birthday for her parents.

He Huan was having dinner here. After dinner, she hugged him and pressed her forehead against the little guy's. mommy has to go to another city for work. I'll leave at night. Yihuan, you have to be good.

will I only be able to see mommy once or twice a year in the future? ” Yi Huan looked at he Huan with tears in her eyes.

The little guy wrapped his arms around her neck. I want to go abroad with mommy and be with mommy every day.

He Huan carried the soft little person and lowered her eyes.”Mom, can you try to come back once a week?”

“do you live in dad's apartment?” “i want mommy to give me a bath.” yi huan looked at her expectantly.

he huan hesitated.

“of course i’m staying at daddy’s place,” qin mo replied in a low voice.

They had promised not to tell Yi Huan about their divorce for the next few years. Hence, they had to cooperate when they needed to put on an act.

he huan did not refute.

She didn’t want to think about anything now. She only hated Qin mo in her heart.

He would always extinguish the hope in her heart when it was ignited. He never knew how cruel he was.

he huan wanted to leave, but she pulled qin mo’s hand with joy. ” “Daddy will send mommy.”

Children always hoped for their parents to love each other, and they even created opportunities for them.

qin chen and lan yu looked at each other, their hearts aching for huan xuxu. she was still so young. if she knew that her parents were divorced, she would be so sad.

qin mo took his car keys and looked at he huan. ” “Let’s go,” he said.

he huan nodded and silently walked out with him.

the car was parked in the parking lot outside. at night, there were only sparse lights in the courtyard, and it was a little cold.

He Huan gently stroked her arm and didn’t say anything. She only spoke after they got into the car.”You can send me to the intersection, I’ll take a taxi.”

her body had not fully recovered yet, so she did not drive by herself.

Chapter 4192: Let go completely (2)

qin mo tilted his head and looked at her. " where are you staying? " do you live alone or with your parents?"

"i'll do it myself," he huan didn't reject him. even though they weren't husband and wife anymore, she didn't have the strength to be his enemy.

Because of yihuan, they would inevitably have to spend more time together in the future.

She leaned back in her chair and told him the address in a low voice.

qin mo knew about that place. he huan had bought a unit a long time ago and would stay there when she returned to the country.

He didn't say anything and drove straight over. It was about an hour's drive. They didn't talk much during the drive. He Huan even closed her eyes to rest.

...

the car stopped and qin mo turned to look at her.

He Huan's eyes were still closed, as if she had fallen asleep.

" we're here, " he said softly as he watched her open her eyes and look around with a guarded expression.

Qin Mo's heart ached.

"oh," he huan replied,"have we arrived?"

she took her bag and got ready to get out of the car. " "Thank you," she said.

she opened the car door with one hand and wanted to get out of the car. qin mo's other hand held her down and pressed her against the car seat. his expression was still very calm. it did not seem like he was using so much strength to control her.

he huan's body stiffened for a moment, and he sharply noticed it. then, he loosened his hand, but when she was about to withdraw her hand, he suddenly clenched it and said with difficulty, " i'm sorry about what happened the other day! "

he huan raised her head,"no need to apologize." really, i'll just take it as paying you back for all these years."

she said calmly, then pulled her hand back, opened the door, and got out of the car.

Qin Mo's body was sitting still, his gaze following her into the electric elevator.

they had just watched a loving couple celebrate their child's birthday not long ago, but in public, they had already become strangers.

He looked to the side and found that he Huan's phone had fallen on the car seat. He picked it up and got out of the car to give it to her, but when he walked into the living room, his eyes stopped.

he huan was not alone. she was standing face to face with a man. she looked up at the man with a dazed expression.

That man was Rong Yue.

Qin Mo's fingers were clenched so tightly that his joints were turning white.

He controlled himself not to go up and beat the Rong guy up. Instead, he walked over with a very reserved expression. you dropped your phone in my car.

He Huan turned to look at him and took it without explaining.

actually, there was nothing much to explain. they were already divorced, and she didn't know why rong yue would come over to take a look.

She said thank you softly and then went into the elevator with Rong Yue.

Qin mo stood there and squinted his eyes as he watched them leave.

Did he Huan think that he was dead? they hadn't even gotten their marriage certificate yet, and she couldn't wait?

qin mo's fingers clenched and loosened. his last bit of pride made him not follow them. he returned to the car and did not leave immediately. instead, he sat in the car and smoked quietly.

About ten minutes later, Rong Yue came down with a document bag in his hand. He seemed to be here to take something.

Qin mo got down from the car and looked at him in the dark.

Rong Yue was the same.

one of them had a wild and noble temperament, while the other was reserved and gentle. in the dark night, they sized each other up for a long time.

"She's still Mrs. Qin," Qin mo said in a low voice.

"I know, but I won't be soon." Rong Yue's expression was calm. I will not let he Huan do anything immoral. I will pursue her in the future.

Chapter 4193: let go completely (3)

Qin mo lit a cigarette and looked at Rong Yue. "Because of her fame?"

with her current status, you're really out of her League. Aren't you afraid of being called a gigolo? " he laughed.

rong yue was unmoved. ” that’s not important. for a person who has died once, the most important thing is to be with the person he likes. and i’ve missed her for many years.”

“I missed it.” qin mo laughed and then looked at rong yue mockingly. ” can you go back? when you missed her, she was married to me and had a child with me. she liked me. ”

“But you still got a divorce.” rong yue lowered his eyes. ” president qin, he huan is not a willful girl. maybe she married you because she was willful once. however, you probably didn’t cherish her when she got divorced. ”

Qin Mo’s wound was poked. He stared at Rong Yue for a few seconds, then got into his car and drove away.

...

on the way back, there was a small accident and his hand bone was injured a little, but it was not a big deal. it was best not to drive for a month.

The media magnified this matter and made it sound so serious that Qin mo couldn’t stay in the hospital and wanted to be discharged.

qin chen fixed him in place, then leaned against his bed. ” “the hospital is considered peaceful. your parents will miss you for a long time when you go back. Why don’t you live in the apartment alone? there’s no one who knows the cold and the warm.”

qin mo didn’t say anything and just kept quiet.

Qin Chen asked again,”how did you hit the wall?” Brother, you didn’t drink that night.”

“I saw Rong Yue. He’s in the direction she went.” qin mo wanted to smoke, but the moment he took out his cigarette box, qin chen threw it away. ” “You’re still smoking at a time like this?”

Qin mo stared at her. I don’t even have a wife now. Can’t I smoke? ”

“You’re the one who didn’t do it.” Qin Chen couldn’t help but say, ” you could have done anything. You could have just used a trick to get that Rong guy out of B city. Why did you have to torture he Huan? it’s just an old friend meeting up for a coffee and a few words. Besides, we’re working together. It’s reasonable for you to abuse he Huan. Besides, you’re the one who wanted a divorce. You can’t even say anything even if they’re having sex, let alone meeting each other. You said in front of uncle Kie that you won’t regret it. Why can’t you take it when you see such a small scene? ” if they get married in the future, i think you’ll go crazy.”

“I won’t,” Qin mo said in a low voice, ”let’s all start over again!” Chenchen, maybe he Huan and I don’t like each other. We still can’t get along after so many years.”

qin chen didn’t say anything else, as long as he didn’t regret it.

She helped him to get discharged from the hospital, but Qin mo insisted on living in his own apartment. Qin Chen brought up something. when I went back that day, Lan Yu mentioned it to me. He said that yihuan is now in a nursery and can go to school with our LAN Yue. We have two children in our family, so it doesn’t matter if we have one more.

Qin mo patted her. we’ll talk about it later! I want to take care of myself after this.”

Since he said so, Qin Chen couldn’t insist. After all, the child still had to follow his parents.

“will you find a stepmother for yihuan?” she asked softly.

qin mo looked at her and shook his head. ” “i won’t. at least not for now.”

Qin Chen understood what he meant, so he advised, ” even if you have a girlfriend, don’t bring her home. Unless she’s the woman you’ve decided to spend your life with, it’s not good for yihuan’s growth.

Chapter 4194: Let go completely (4)

Qin mo glared at her and Qin Chen couldn’t help but beg for mercy. “i know you know what you’re doing,”

In the end, it was her, the most famous doctor, who personally drove Qin mo back to the apartment. Fortunately, there was an Auntie in the apartment. Although it was not very convenient, there was someone who could take care of him.

Qin Chen had something to do at the hospital, so he left first.

Qin mo went back to the bedroom alone. He wanted to take a shower, but he remembered that it was inconvenient for him to do so and gave up.

when she opened the changing room, she found that there were many of he huan's clothes. she had been living here for a long time, so she had added a lot of clothes.

qin mo looked at it for a long time before he touched it lightly with his fingers.

...

He wanted to ask her to take it away, but after thinking about it, he didn't make the call.

He returned to the master bedroom, lay down, and closed his eyes. He recalled what he had done to he Huan that night.

Her fingers were clenched, and it hurt.

He Huan must have been in pain that night as well. She cried and begged him, but he did not let her go.

he had never been so rough to a woman before, except for when it came to sex. he even strangled her neck, bit her, and even slapped her.

With he Huan's proud personality, she should have asked for a divorce that night, but she did not.

He thought that she might really be quite fond of him, to be able to endure this.

he asked himself again if he was doing this on purpose, as if he wanted to know where her bottom line was.

It was too painful for him to be in a relationship alone, so he lost control.

qin mo did not fall asleep even though he was lying down. he got off the bed and walked out. the auntie was a little surprised to see him.”Sir, you’re going out?”

“I’m going to the office for a while. I’ll be back tonight,” Qin mo said calmly.

The Auntie nodded, but she was still worried. before miss Qin left, she said that Sir’s hands can’t touch water. He can’t drive.

“i’ll get the driver to send me.” Qin mo calmly opened the door and went out.

he went to the company. there was nothing urgent to deal with, so he just sat there and took out two green notebooks from the drawer.

He told Qin Chen to let go of each other, and he wanted to let go. Even if she was really with Rong Yue, he would let her be.

letting her go was the same as letting herself go.

it was his way of making up to her for what he had done to her that night.

even though he felt like his heart was being pricked by needles, he still called he huan. ” “the certificate is done. come to the company to get it.”

He Huan said that she understood.

he waited for about three hours before he huan arrived. he huan was dressed like he was working and seemed to be in a hurry.

she came over and looked at the bandage on qin mo’s hand. ” what’s wrong? ”

“There’s a slight fracture in my hand, but it’s not a big problem.” he said to her indifferently, then took out a green book from the drawer. ” this is yours. keep it well. i need this later. ”

He Huan took it silently. After all, it was a divorce. Even if she hated him, she couldn’t look happy now, not to mention that she used to like him.

It was just that none of them had a good ending.

qin mo replied calmly, ” i only have one request. don’t let huan know that we’re divorced before she turns 12. don’t let her know that you’re having an affair and that you’re getting married. it’s up to you. as long as you’re happy. ”

this was what he had promised. he had to let go completely.

He Huan knew that he had misunderstood her and Rong Yue. He thought that she had chosen Rong Yue. She had no intention of explaining and only smiled faintly.

in qin mo’s heart, this was considered a silent agreement.

he lowered his eyes and said,”the lawyer will hand over the other procedures to you. if you want to see yihuan, give me a call, hanhan.”

Chapter 4195: Let go completely (5)

He Huan held the divorce certificate and said yes.

After that, she really had nothing else to say. She stood at the door and said softly, ” “Qin mo, I’m leaving.”

qin mo nodded, but his gaze did not move away from her.

he huan still left.

as the door closed, qin mo instinctively wanted to smash something, but he held back.

He raised his head slightly and thought that he Huan did not seem to be reluctant to leave, nor did she hate him.

...

it seemed that he was right to say that they would break up and divorce.

at least, she was happy. she would be happy in the future.

he felt that it was over, but his eyes were still warm. something fell from the corner of his eyes. he reached out and touched it, only to know that it was his tears.

he laughed in pain.

he had liked her for almost twenty years, so a few tears were nothing.

qin mo did not rest and immediately immersed himself in his work. he called secretary he over.

secretary he was trembling with fear. he knew that his boss was in a bad mood, but when he came in, he realized that his boss seemed to be quite calm.

“president qin,” Secretary he was slightly relieved.

Qin mo sat down and opened his laptop. The screensaver was a photo of he Huan. He was stunned for a moment before changing it. He then looked up.”How’s the preparation for Kang Qiao’s farewell party?”

for an artist like kang qiao, if he wanted to leave, he had to do it well. otherwise, it would be a double loss. qin mo had always been generous. moreover, kang qiao had made a great contribution to KING, so he had this kind of demeanor.

secretary he quickly replied, " it'll be held the night after tomorrow. the hotel is at grand hyatt, which is also a relative of president qin, so there's a 20% discount. in addition, the media and important figures in the related circle have been invited. on one hand, it's to create momentum for kang qiao, and on the other hand, it's to use kang qiao's resources to bring king entertainment's traffic. nowadays, newcomers still need the guidance of the older generation, right? "

Qin mo stared at the computer. you've done well, " he said calmly. who did you invite? "

When he changed the screen, he realized that there were many photos of he Huan on his computer. He didn't upload anything on purpose, so why were there dozens of photos?

he deleted the photos one by one while listening to secretary he's report. finally, there was only one photo left.

it was their wedding photo. qin mo looked at it silently for a long time, but in the end, he kept the last photo and did not delete it.

At this moment, Secretary he mentioned, " in the direction of the director, we have invited ran ran.

Qin mo interrupted her, " director he? "

" yes, it's director he. it's ran ran. " secretary he's voice became softer."Because Kang Qiao will be working with director he, so I want to run."

qin mo's eyes were a little deep and he smiled faintly. " you know quite a lot. "

Secretary he was a little confused by his attitude, so he stood there and did not continue.

qin mo raised his hand and said,"we'll do as you say!" Make it Grand, don't let others think that King Entertainment can't do without Kang Qiao, we have to give them our blessings."

secretary he closed the document and heaved a sigh of relief. he then smiled and asked, " "President Qin, are you going?"

Qin mo said indifferently, "go!" It's a kind gesture."

He had even given up on he Huan, so what was there to be embarrassed about?

He thought bitterly in his heart and smiled uncomfortably.

on the other side, kang qiao received a call from secretary he. he was very grateful to secretary he.

secretary he was a good person. he had always been good to kang qiao, especially in front of president qin. kang qiao knew that.

Chapter 4196: We are husband and wife (1)

He hung up the phone and looked at Xu Mo. will you attend the dinner party with me the day after tomorrow? "

xu mo came over from teacher kang's place next door, took a sip of fruit tea, and looked at him."Qin mo is quite generous."

he's in a bad mood, so he's too lazy to plan. It's not easy to leave King Entertainment. He's probably just throwing a tantrum at director he. Kang Qiao smiled, " just like before.

He was married now and was very satisfied. Now that the sun was shining, he simply pulled Xu Mo into his arms and kissed him. I said they would still be together.

Xu Mo rolled his eyes. it's best not to be together. Why should you men have it when you want it and throw it away when you don't want it? "

Although she said it arrogantly, her voice was still sweet even when she was angry.

...

Kang Qiao leaned over and kissed her on the lips, then said, ” ” then, can you feel if i want you now or not? ”

Xu Mo was stunned for a moment, then he reached out and hit his shoulder.”You’re too evil.”

“Let’s do it once,” He coaxed her, then pulled her into his arms and lowered his head to kiss her. Afraid that she would struggle, he held her body with his arms and kissed her affectionately for a while before carrying her into the master bedroom. His fingers were intertwined as he pressed her down.

In the heat of the moment, Xu Mo scratched his back a few times, his breath a little messy. “Kang Qiao, I can’t get pregnant now ...”

I’ve asked the doctor. He said there’s no problem. He licked the corner of her lips and replied gently. He also treated her gently.

In the end, it completely burned twice.

afterwards, kang qiao cleaned her up and placed his hand on her stomach, thinking that perhaps it was already his flesh and blood. he knew that xu mo’s pregnancy was easy these few days, so he couldn’t help but ask for more.

he went downstairs, made some food, woke her up, and fed her some.

Xu Mo went to sleep after eating, and he went downstairs to eat something while reading a magazine.

at this moment, the auntie at home came over and said that someone was looking for her.

Kang Qiao thought it was someone from the company or he Huan, so he wanted to invite her in.

miss ruan? ” the helper hesitated. it’s the old Miss ruan.

kang qiao frowned. ruan yun?

he put down the magazine in his hand and went out to meet ruan yun. he received her formally in the hall.

Ruan Yun wasn't in a good state. She was sitting on the sofa and drinking water from a cup, her hands shaking.

after a while, she put down the cup, stared at kang qiao, and said with a trembling voice, "Why?"

In contrast to her excitement, Kang Qiao was much calmer, " what why? "

"you're married to xu mo, aren't you? was she the one who asked you to leave KING entertainment? Kang Qiao, she's trying to hurt you. She's an undercover agent of Starlight. She wants to destroy you and make you lose everything. Have you forgotten how you treated her in the past? how could she like you? she wants to destroy you." Ruan Yun said everything in one breath, her voice filled with excitement.

as for kang qiao, he remained silent. he just quietly looked at the woman in front of him and smiled, " "xu mo is married to me. what good does it do for her that i have nothing?"

"She's crazy! That's why she did that. She waited for you to lose everything before she immediately returned to Starlight. This was all ye mu Bai and Wen Yuan's scheme. Kang Qiao, you know that ye mu Bai has always hated you." Ruan Yun's words were getting more and more ridiculous.

Chapter 4197: We are husband and wife 2

Kang Qiao closed his eyes. ruan Yun, we've worked together before, that's why I'm willing to tell you. There's not that much hate in this world, and I'm the only one who decides on my career. Xu Mo never asks.

"now, is it okay?" He said calmly, " let's live well from now on. In the entertainment industry, we enjoy the feeling of being watched by others, but ruan Yun is not the whole of life. Whether I'm a violinist or an actress in the future, it's just a career and has nothing to do with my life. At most, it'll improve my quality of life and give my family a better life. That's all.

He finally understood why his mother liked Wen Yuan so much and said that Wen Yuan played the piano very well. It was because Wen Yuan did not care about fame and fortune. She only liked music, while he, Kang Qiao, had been playing the piano for fame and fortune. He had long lost his spirit, but he was just unwilling to admit it.

After Kang Qiao finished speaking, ruan Yun's expression looked as if she had just been hit. She stared at him with a face of disbelief.

After a long time, ruan Yun left.

In the afternoon, Weibo's hot search started. It was full of negative comments about Xu Mo, saying that the main character of car Z door was actually Xu Mo, not a model, and that the model was just a shield. Xu Mo and Kang Qiao were in a business relationship at that time, and they still maintained their business relationship even now. It was a complete smear.

...

Kang Qiao sat in the living room and scrolled through Weibo. He knew that ruan Yun was the one who did it. She was really beyond saving.

He knew that ruan Yun thought that he didn't dare to disclose the news of his marriage because she was afraid of losing fans.

kang qiao laughed. he didn't put on any makeup, why would he be afraid of losing fans?

He went upstairs and read a magazine in the living room of the master bedroom while waiting for Xu moxing. He didn't care about what was written on the hot search at all.

rumors were just rumors, and they didn't mean anything.

The most important thing to him right now was his mother's health, Xu Mo's, and their child.

He couldn't wait to have a child with Xu Mo. Maybe it would be a naughty boy, or maybe it would be a Princess who would grow up to be like Xu Mo. Anything was fine.

However, as long as this child's appearance resembled him even a little, it would not be much different.

mr kang thought narcissistically.

just thinking about it made her feel very blissful.

when xu mo woke up, he went over. "you've slept for four or five hours. you're really a pig. are you pregnant??"

as he spoke, he was about to touch her, but xu mo slapped his hand away and snorted. "i've just finished and i'm already pregnant."

she put one hand behind her head and grabbed him with the other to prevent him from taking advantage of her. she said in a soft voice, "have you visited mom's place? it should be time for dinner."

I've already said that I'm not going over tonight, "Kang Qiao said absent-mindedly. let's eat here.

"look at you, you're just unfilial." Xu Mo glanced at him and then said softly, "you've already done it in the day, can't you just accompany mom at night?"

kang qiao laughed and pinched her face. "i'm worried about you, mrs. kang. aren't your legs sore? or do you want me to carry you to the next room for dinner so that my mother can tell that we did it this afternoon and that your legs have gone soft?"

Xu Mo glared at him.

Kang Qiao laughed. alright, what do you want to eat tonight? "

He was very gentle, just like every considerate husband. Xu Mo admitted that he enjoyed it very much.

she counted her fingers and said a few things.

kang qiao laughed, ” what’s so difficult about it? ”

Chapter 4198: We are husband and wife (3)

she counted her fingers and said a few things.

kang qiao laughed, ” what’s so difficult about it? ”

he went downstairs, gave some instructions, and then went upstairs to accompany her.

however, when he went upstairs, he found that xu mo was scrolling through his phone, and his expression was a little subtle.

He coughed lightly and walked in. did you see that? ”

xu mo’s gaze was still on the phone as he replied, ” ” it’s been so long, but ruan yun still has the image of our chez. i didn’t look at it in detail the last time, but it’s a good thing for my eyes now. ”

...

Kang Qiao was both angry and amused. He pinched her nose, ” “Is this the main point?”

Xu Mo didn’t mind. we’re married. What’s a little shake? by the way, do you have any intimate photos with her, Hanhan? ”

“I’m not that perverted,” Kang Qiao said unhappily.”xu mo, you’re not allowed to mention this in the future.”

Xu Mo’s reaction was to glare at him. you’re the only one allowed to do it, not me.

She took out her phone and asked casually, ” “Oh right, how’s her figure? are her techniques good?”

Kang Qiao couldn't take it anymore. He went over to hold her down and bit her lips as a punishment. Mrs. Kang, I think we need to end this topic.

she was surprised, "these are all your dark history!" shouldn't we settle the accounts?"

he patted her face. " mrs. kang, we're married. it's too late to settle the score now. "

"it's not too late. it's never too late." "your money is in my hands now." xu mo also patted his hand.

kang qiao smiled and kissed her.

As for the promise to do it again, he did not. Her body was not like before, after all, and he would control himself.

because he loved someone, he was willing to restrain his desire for the other party. after enduring for a long time, the sudden satisfaction was very strong, and kang qiao liked it very much.

kang qiao turned over and lay flat with her, then whispered, " " ruan yun's only acting this way because she's unwilling. let her be. i'm indebted to her. "

Xu Mo pulled his big palm and played with it. After a while, he said, " "kang qiao, you've changed."

"what?" He turned to look at her, his face full of interest.

xu mo put his head on his shoulder and rubbed it against him before slowly saying, "You weren't this kind and forgiving in the past."

"Is that so?" he laughed and then whispered, " " probably because he's going to be a father soon, or because he's been through my mother's illness and doesn't want to lose her. i don't want to offend xu mo and end up hurting you guys. there's no need to deal with ruan yun. her greatest ability is to fan the fans. actually, things are different now. whether my idol is married or not doesn't matter to the fans anymore. she still thinks that i'm the young hunk from back then! "

xu mo laughed. ” that’s right. it’s just a piece of old cured meat. ”

“who said i’m old cured meat?” He leaned over and pinched her face. who’s the one who likes to gnaw on me? you gnaw everywhere and still say that I taste good? ”

He interrogated Xu Mo, but Xu Mo simply couldn’t listen to him anymore. He cried out and finally lay in his arms.

“Do you think it’ll be harder for me to get pregnant like this?” she asked.

Kang Qiao’s eyes darkened,”then, should I change to someone who’s easy to get pregnant?”

xu mo nibbled at him again. ” mr. kang, i think i heard aunty calling us for dinner downstairs! ”

She made fun of Kang Qiao. Kang Qiao kissed her for a while before letting her go.”I’ll kill you later!”

Chapter 4199: We are husband and wife (4)

Kang Qiao brought Xu Mo downstairs to eat. When they reached the first floor, Xu Mo saw the cup that the Auntie didn’t put away. She looked at it for a long time before asking,”did ruan yun come by when i was sleeping?”

kang qiao reached out to rub her hair and smiled, ” your nose is even sharper than a dog’s. ”

Xu Mo glared at him and sat down at the table. “How did you make her so unhappy that she hung you up on Weibo?”

kang qiao sat beside her, serving her food as he whispered, ” “It’s probably because I didn’t follow her?”

xu mo picked up a piece of meat and then said very slowly, "You're already an old piece of cured meat. How can you be so delicious?"

"not necessarily." He gave her a meaningful look. "Do you dare to say that the meat you usually eat is not fragrant?"

...

He said these words again, and Xu Mo couldn't help but blush and choose to eat.

After they got married, they were busy with Kang Qiao's mother's condition and didn't have time to think about anything else. They didn't even talk about the cooperation between Kang Qiao and he Huan in detail. All these things had to be put aside for the future. Now, Kang Qiao placed more importance on his family.

If he couldn't survive in the entertainment industry, he could still work in the financial industry to support his family. Everything he did was to protect his family. He didn't want any popularity or hype. All he wanted was to live a good life with Xu Mo.

xu mo lowered his head to eat the meat. he looked at her quietly, then smiled slightly and didn't say anything.

Ruan Yun was just an outdated topic.

As for che Z from a few years ago, he was even more outdated. Besides, they were the male and female leads, so there was nothing to hide, let alone hurt.

After the meal, Kang Qiao brought Xu Mo upstairs. She slept for a long time and couldn't fall asleep. After taking a shower, she laid on the bed and read a magazine. Kang Qiao took out his laptop and studied finance.

Xu Mo leaned on his shoulder, "Kang Qiao, you seem to be very good in this aspect." &Nbsp;

"you should know how powerful i am." He tilted his head and kissed her on the lips.

xu mo glanced at him and then put his arms around his neck. ” “Are you going to confess that you sold your body for those billions?”

She had just finished speaking when he slapped her P * s.

she called out in a delicate voice.

“nonsense,” kang qiao snorted.

he did mess around in the entertainment industry before, but he didn’t sell himself out as often as she thought. however, he didn’t want to explain these things anymore. he didn’t want to keep reminding xu mo of his dark history.

If she let it go, he would learn to let it go as well.

Kang Qiao typed on the keyboard and whispered, ” “investing in the stock market is probably the main source of income. you can learn about it in the future, okay?”

Xu Mo was still hugging him. I think I should still stay at home to take care of the elderly and the children.

kang qiao smiled and pinched her face. ” “you’re so lazy?”

yeah, I’m lazy. I don’t want to move. You said you’d support me. xu mo said a little coquettishly,”Isn’t that so, hubby?”

Kang Qiao looked at her with a helpless expression. Then, he closed his laptop and turned around to carry her. Xu Mo screamed,”kang qiao, what are you doing?”

He had also taken a shower and felt refreshed. At this time, his thin lips were on her neck, and it was refreshing everywhere. He kissed her face and said in a hoarse voice, ” what do you think I want to do, huh? ”

if she wasn’t sure before, she could now feel him with their skin touching.

she blushed and put her hand on his shoulder. ” “if not, you’re almost 40, kang qiao. shouldn’t you be?”

Chapter 4200: We are husband and wife (5)

He deliberately twisted her words. you’re almost 40 so we have to have a child as soon as possible, right? ”

Xu Mo wanted to cry but had no tears.

After a while, she took his hand and whispered, ” “can’t you just control yourself?”

we’re newlyweds. he clasped her fingers and pressed them on the bed sheet, but he was extremely gentle. Mrs. Kang, do you think that Mr. Kang is not following his heart even though we’ve just gotten married? ”

Xu Mo wanted to cry and turned his face away.”Didn’t you say you were powerful? i know, okay?”

“i feel like i have the obligation to constantly refresh your perception.” kang qiao chuckled.

...

Xu Mo turned his head and glared at him, but his gaze was also fierce and didn’t have any killing power.

later, mr. kang began to make people again. he made xu mo completely suspect that having children was just an excuse and that he was actually doing it himself.

Hmph, he just doesn’t want to admit it. He Huan even said that he has the self-restraint of the male lead in ” twin “. Fart, fur, Kang Qiao is obviously a pervert.

the next morning, xu mo's waist was about to break, while kang qiao went to his studio in high spirits.

At noon, the studio was just starting, but with Kang Qiao's resources, it shouldn't be difficult. Moreover, Kang Qiao himself probably didn't take up many shows and mainly invested in this area.

Although he had only mentioned it briefly, Xu Mo knew that he would probably hand over the studio's operations to her. He didn't say anything, and she didn't take the initiative to say anything.

she wanted to stay at home and enjoy life, but she knew that kang qiao needed a helper when he was busy. she was the only person he trusted the most.

Xu Mo lay on the bed, bitterly reciting some ancient language he had learned before, " "when the heavens are about to give a man a great task, he must first suffer his mind and train his bones and muscles."

look, in the future, she would have to suffer. it was as if her bones and muscles were about to be crushed by him last night. he had really given her billions of dollars before and painted a big picture for her.

I've been tricked!

Xu Mo's complaint was very sweet.

At around five o'clock in the afternoon, Kang Qiao came back. He found Xu Mo at teacher Kang's place next door and chatted with teacher Kang for a while. Teacher Kang's health recovered very quickly. It was a miracle.

After staying for a while, she brought Xu Mo out and chose a well-known styling studio. The dress and jewelry were all prepared by Kang Qiao.

Xu Mo was very thin, so he picked out a white dress for her. It was simple and elegant, and it went with a set of diamond jewelry. Xu Mo was also used to the world, so he looked quite expensive.

"it's for mrs. kang. do you like it?" He put it on for her and passed her a handbag.

Xu Mo looked at him in the mirror and then whispered, ” “you’re really good at controlling your size.”

kang qiao replied shamelessly, ” do you think i’ve been working for nothing these days? ”

Xu Mo, can we still communicate properly?

Kang Qiao had also changed into a formal dress, looking very dazzling, no worse than those young hunks. He ignored the chauffeur’s car, and drove himself to the Grand Hyatt Hotel with Xu Mo.

A long red carpet was laid out at the entrance of the hotel. Dozens of reporters were waiting there, waiting for Kang Qiao to appear.

The internet was already talking about car Z’s past, but Kang Qiao didn’t respond. Was this a silent agreement?

Kang Qiao’s car stopped. As soon as he got out of the car, there was a commotion in the crowd. Many of them were Kang Qiao’s fans. There were about two to three hundred people shouting Kang Qiao’s name. They wanted to break through the human wall.

Kang Qiao wasn’t alone. He buttoned his shirt and opened the back door.
