

Thank you 4201

Chapter 4201: We are husband and wife (6)

xu mo got out of the car.

He held her hand and whispered when Xu Mo got out of the car, ” “i don’t plan to marry xu mo in secret.”

She was stunned for a moment and realized what he meant, so she smiled gently and said, ” okay.

it was a simple word that explained her position.

she was on his side because they were married. with his age and experience, he no longer needed to hide. he would not hide her in the dark and then be dragged into another woman’s relationship.

he didn’t want xu mo to feel wronged. he wanted to tell all his fans that xu mo was his wife and the person he loved. everything kang qiao did in the future was for xu mo’s happiness.

...

when they appeared holding hands, the scene went out of control. the fans screamed and cried.

The emcee was also stunned. She knew that Xu Mo would come, but she didn’t expect it to be in this way.

was kang qiao too impulsive?

kang qiao walked to the front of the stage, picked up the microphone, and said indifferently, ”
“Thank you, everyone, for your support over the years. As for the storm on the internet, I just want to say that I’ve been with Xu Mo for many years and I’ve liked her for many years. She’s my wife now, and I reserve my legal rights to any false remarks. I hope that everyone will love my wife as much as they love me. She is also my future boss-Xu Mo, the person in charge of midday studio.”

Xu Mo was stunned for a moment.

Kang Qiao said in a low voice, " this afternoon, I changed my name to your name. I'm the new bride, Mrs. Kang. In the future, other than old cured meat, you can also buy countless young fresh meat. However, you can only look at them. You can't touch them.

xu mo stared at him,"kang qiao."

" if this can give you more confidence in our marriage, i don't mind doing anything, " he said in a low and hoarse voice, his voice even a little emotional.

Then, he pulled her over by the shoulder and muttered, " "I love you, Xu Mo."

Later, he kissed her and admitted in front of countless cameras and his fans that he had been with Xu Mo. He had always loved Xu Mo and now the person he loved was his wife.

the news of kang qiao and xu mo's marriage immediately became a hot topic. car Z also became famous once again. some people even calculated kang qiao's durability according to the time. the degree of the car body sinking showed that he was very strong. in short, kang qiao's ability X became famous tonight. this was also something that kang qiao didn't expect. however, they were married, so he didn't care what others said. he didn't care, and neither did xu mo.

He couldn't see her face.

ruan yun stood in the distance and looked on in a daze.

she finally admitted that kang qiao had fallen in love with xu mo.

kang qiao wasn't the kang qiao of the past. he wasn't the kang qiao who yearned for anything anymore, because he got everything he wanted. xu mo was his everything now.

ruan yun looked on quietly. she was dressed very well today.

she had lost.

between his career and love, kang qiao chose love.

She couldn't understand why Kang Qiao would like Xu Mo.

Clearly, he was very ordinary, very ordinary, and did not have any good points.

Ruan Yun slowly walked over and smiled at Kang Qiao. However, there was a hint of bitterness in her smile.

"you know i did it, so why didn't you fight back?" She said.

Kang Qiao's hand was still holding Xu Mo's. He turned his head and looked at ruan Yun with a deep gaze.

"because you've helped me," he said after a long time.

Chapter 4202: We are husband and wife (7)

Because of Kang Qiao's words, ruan Yun started to tear up.

She lowered her eyes and whispered after a long time, "I've lost,"

the one she lost to wasn't kang qiao, but xu mo, because it was xu mo who changed kang qiao. kang qiao wasn't like this before. he wasn't someone who could easily reconcile, but now he forgave him easily.

It was the warmth of love and family that made him soft.

kang qiao had been in the entertainment industry for so many years. he finally returned to the original kang qiao because of love. she remembered that kang qiao was very good at the beginning, so many people liked him. it wasn't because of his public image, but his character. later, he had a public image, but now he didn't want it anymore. this was the real kang qiao.

ruan yun finally put it down. her lips trembled. ” congratulations kang qiao. after so many years, you have finally found what you want. ”

...

Kang Qiao smiled, ” thank you.

With such a smile, he finally felt relieved.

Ruan Yun hugged him and Xu Mo separately and said in a choked voice, ” “You must invite me to the wedding. I’ll take the big part. After all, I’ve earned a lot of money from Kang Qiao all these years.”

kang qiao didn’t say anything, but xu mo agreed.

when ruan yun left, mr. kang glanced at mrs. kang. ” “you’re quite generous. you don’t mind?”

“Because I’m not planning to hold a public wedding.” xu mo grinned. ” we’re already living together, i’ve already received mom’s greeting gift, and your money is all under my name. what’s the point of having a wedding! ”

“I hope you don’t have any other thoughts other than these reasons,” he said as he reached out to pinch her face.

“i promise i didn’t.” xu mo held his arm and put his head on his shoulder with a sweet smile. ” “i can’t tell you even if i do.”

kang qiao smiled and led her into the banquet hall. he was the star of the show, so he was the center of attention. xu mo didn’t mind. being an artiste wasn’t like being her husband outside, she understood.

she let him talk to his ex-colleagues and some big bosses, while she took her things and sat in the corner. kang qiao, on the other hand, was afraid that she would be left out and would come over to see her from time to time. xu mo didn’t care and said,”You can do your own thing.”

He smiled and went back to his work.

now that he thought about it, he and xu mo were indeed suitable in many ways.

Later on, Qin mo also came over. Naturally, he was also the focus of attention. The two male gods, Kang Qiao and Qin mo, were surrounded by many female stars, either for resources or for sex.

Just then, he Huan came over. After dealing with them, she came over to Xu Mo's Place.

Xu Mo sat on the sofa with her and handed over a plate full of food. "i got it for you. i saw you coming just now. i don't think you'll be there for long. "

he huan accepted her kindness and ate absent-mindedly while smiling. " "You've also heard about it?"

Xu Mo was stunned for a moment and smiled,"yeah!" In fact, it doesn't matter. What's important is that both sides feel comfortable."

In this day and age, divorce was not a big deal. If she really had someone in her heart, she could remarry at any time. She was just afraid that Qin mo would not be able to control his lower body. By then, it would be difficult to end things. It would all depend on he Huan.

From Xu Mo's point of view, he Huan and Rong Yue would not end up together. In between, he Huan got married and had a child. They were not together for a few years and had not made it clear in the past. There was more than a hundred thousand miles between them. It was like they had lived the same life.

she thought for a while and said, " it's just that no matter what, he huan, i hope that you will be loyal to your heart at all times. don't be angry. you see, kang qiao and i are together now. we weren't on good terms in the past, but i don't like him anymore. "

Chapter 4203: We are husband and wife 8

As Xu Mo spoke, he wrinkled his nose and leaned over to whisper,"He's a mess."

He Huan had been abroad for a long time, so how could she not know? however, she pretended not to know.”it can’t be?”

“Look, you can also act, he Huan.” xu mo laughed. ” tell me, who is the person you don’t know how to act in front of the most, who you don’t want to act in front of the most, and who you can’t hold back the most? then that person is probably the one you like. ”

He Huan rolled her eyes. I didn’t know you were so eloquent. He Huan, who are you trying to persuade? ”

what lobbyist? isn’t it too late to be a lobbyist when you’re already divorced? ” xu mo sighed softly. ” i just feel sorry for the two of you. you’re clearly a good match. ”

he huan shook her head and picked up a glass of red wine. our personalities don’t match. I might not be like a girl, and he’s overbearing, so we can’t get along.

...

when they were the closest to love, it was probably when he huancai liked qin mo. at that time, he had not been disappointed in her.

But in the middle, a woman appeared. After she saw them in the hospital, she could no longer love him.

Because when they were making love, she would sometimes open her eyes and think of the image of him taking that woman to get an abortion. She would ask him to say that it wasn’t his child, but he never had any evidence. Even that woman had been protected by him abroad and had the best overseas resources.

he huan had met that woman a few times when she was overseas. that woman treated her like she didn’t exist and never spoke to her. there was once when she directed a film with that woman’s name, but he huan refused to direct that film.

after qin mo called her, she hung up the phone after hearing what he said. after that, they didn’t see each other for a year. she didn’t return to B city, and when he went to United States, she avoided him. later, she heard that he had french food with that woman and even stayed at that woman’s apartment for two days.

This matter was left unsettled. He Huan did not ask about it because she had given up on this marriage and relationship.

Of course, she didn't want to be with Rong Yue. She just felt that there was still a beautiful part in her heart. There was still a simple part of her life.

he huan had to admit that she yearned for the kind of love she had in the past. it was pure and beautiful.

being with qin mo was very exciting, but it was also very painful.

she didn't know how she liked him. maybe it was because they were entangled in bed, or maybe it wasn't hard for her to like him because he was handsome and charming, but it seemed difficult to make a mature, charming, and successful man be faithful to her.

When they couldn't even make do with each other, they couldn't live on anymore.

actually, he huan knew that the biggest problem between them was not rong yue, but qin mo and that woman.

Perhaps, she said that they were forced to get married, but she could not really do it.

Unwilling, unforgiving, unyielding.

however, she did not regret it.

He felt guilty, but he felt happy.

She was not happy.

she was used to living alone, but now that she had returned home, she felt that something was missing. she did not miss qin mo. after all, it was an adult's love. it was fine if she was busy with work. however, she really wanted to visit yi huan, but she could not go to the qin residence every day.

He Huan had never known that it would be so difficult to be separated from yihuan. She had never felt this way even when she had been abroad for a year and a half.

Her mother tried to persuade her to get yihuan back, but he Huan did not do so after much consideration.

Chapter 4204: qin mo, let's have another child (1)

She knew that even if Qin mo was willing to let go of Yi Huan, he wouldn't let her go after this.

her heart ached day by day. her apartment was huge and she had gotten someone to renovate it into a children's room. however, she knew that yi huan might not even be able to stay here for a night because qin mo's agreement stated that she could not bring yi huan for more than eight hours.

After their marriage ended, he was extremely domineering when it came to raising and visiting yihuan. However, he Huan could not find a word to refute because she had neglected yihuan for a few years. It was indeed better for Qin mo and the Qin family to raise her.

Her mother had arranged a blind date for her. She said that once she got married and had another child, she wouldn't think this way anymore. He Huan didn't want to have a child, and she didn't want to love anyone anymore. Perhaps she just couldn't make it through to see him.

As she thought about it, she drank the red wine in the glass in one gulp. Her face was a little red, and under her short black hair, she looked even more delicate. She had always been very good-looking, but she didn't dress up much from time to time. Most of her clothes were androgynous, and tonight, she wore a black Hepburn-style evening dress and jewelry, looking very dazzling.

From mo Gong's point of view, he Huan's face was better than Wen Yuan's, but her figure was a little slimmer. However, being slimmer naturally had a different kind of beauty from her. The he Huan now did not look like director he at all. Instead, she looked like a petite girl and not a woman who had given birth.

...

She had drunk a little too much, probably because she was in a bad mood.

Xu Mo accompanied her in silence until Qin mo walked over. Then, he went to look for Kang Qiao to avoid suspicion.

he huan leaned back on the sofa. when she saw qin mo, her eyes only revealed a small slit. "it's you!"

Qin mo reached out to take the cup she had just drunk from and asked, "why did you drink?"

"Guess?" he Huan smiled.

She looked very friendly and gentle now. She did not look aggressive at all. Qin mo could not help but become gentle. are you in a bad mood?"

she moved a little and leaned her head on his shoulder. one hand went around the back of his head and gently rubbed his black hair. she was rarely so gentle to him, and she was rarely so feminine.

qin mo's body tensed up and he said hoarsely, "you've drunk too much."

he huan buried her face in his neck and chuckled. "i'm not drunk."

He looked at her silently. you still say you're not drunk.

As a couple who had just divorced, he should keep his distance. Although they had not officially announced the news, he should stay away from her emotionally. He did not want to be poisoned by he Huan again.

However, he didn't move and let her lean on Him. He even bitterly thought that she could only lean so relaxed in his arms when she was drunk. She was actually very afraid of him usually.

Because he had been rough with her once.

“I’ll send you back,” Qin mo said without changing his expression.

he huan wrapped her arms around his neck and shook her head. ” i don’t want to. ”

my mother told me to have another child so that I won’t miss yihuan anymore. Let’s have another child, and you can take care of yihuan. She’ll be mine. What do you think? ” he huan said in a silly way.

qin mo’s body froze.

Suddenly, he realized why she had been drinking and why she had gotten herself slightly drunk.

he huan still couldn’t let go of yi huan. yi huan was her child, and it wasn’t that she didn’t love her. it was just that she didn’t know how to love her after not being together for a long time. now that they were divorced, he huan felt guilty as if she didn’t want yi huan anymore.

Chapter 4205: Qin mo, let’s have another child (2)

In the past few years, she had not felt guilty because they were still married. Now that they were divorced, she could no longer make up for it.

Qin Mo’s heart felt bad for a moment. He felt an indescribable discomfort and his Adam’s apple bobbed. he Huan, we’re divorced and can’t have any more children.

her body stiffened, but she still held onto his neck and asked in a low voice, ” “Then, when you get married and have a new child, can you give yihuan to me? i don’t mind not getting married.”

Qin Mo closed his eyes. if I get married, I won’t have any more children.

He probably said that because he was angry with her.

he huan’s eyes were a little hot. she was half-drunk, but she could understand what he was saying.

...

In this lifetime, she could only be a mother who enjoyed herself for eight hours. Perhaps in the future, when Qin mo got married, it would be inconvenient for her to even see him.

she was sad and in pain, and all of this was caused by qin mo. she clenched her fists and hit his shoulder a few times. she mumbled softly, ” “qin mo, you’re so cruel.”

“same to you.” he laughed in pain and removed her hand with one hand.”There are so many people here, don’t lose your composure, director he! you really don’t have to put on an act in front of so many people just to see me. you’re drunk, but not to the point of being drunk. you just want to make me soft-hearted, don’t you?”

he huan leaned against the back of the sofa and closed her eyes. her red lips moved slightly, and her voice was hoarse. you’ve seen through Qin mo. You’re still so powerful.

qin mo’s expression turned ugly and he really wanted to strangle her.

“If you like children so much, you can have one with Rong Yue.” He smiled coldly.

this was another angry sentence.

he huan opened her eyes and looked at him quietly. she then whispered, ” “Do you really hate me?”

qin mo was so frustrated that he wanted to smoke, but he held back. ” “It should be,”

She closed her eyes again and chuckled.”It’s such a coincidence, me too,”

as she laughed, she felt very uncomfortable. she said that she had to go to the bathroom and had to excuse herself.

Qin mo looked at her back view and felt that they were really a pair of dogs. At this moment, he received a call from his mother. She said that yihuan was not feeling well and she did not have a

fever. She said that she was not feeling well and was making a big fuss. She also wanted her father and mother very much.

qin mo furrowed his brows and heard his mother say, " can you ask he Huan to come back and visit yihuan? even though you're divorced, it's only right that you haven't found anyone to take care of your child with.

He didn't look for anyone?

Qin mo felt that he had been cuckolded. His wife had always had someone else in her heart. Was this called not looking for someone?

however, he was willing to ask he huan to go back with him since yi huan was not feeling well. besides, she was there.

Didn't she just say that she couldn't bear to part with the child? it was a good time to see if she was telling the truth.

Qin mo went to look for he Huan and went straight to the washroom.

When he Huan came out of the bathroom, her eyes were a little red. When she saw Qin mo, she lowered her eyes."I'll get the driver to pick me up."

yihuan is sick. My mother asked us to go back and take a look. It's your decision whether you want to go or not. Qin mo said without any expression.

He Huan was stunned and immediately asked, " "what's the problem?"

"I don't know. I'll know when I get back." "Let's go," Qin mo said in a low voice.

He Huan still went with him. When she reached the door, Qin mo took off his coat and draped it over her shoulders. His actions were a little rough."What kind of dress are you learning from others? wasn't it good in the past?"

she wasn't surprised that he didn't like her. he huan didn't say anything, but she was nervous as she sat in the car.

Chapter 4206: qin mo, let's have another child (3)

"If you've been so worried about yihuan since she was born, we wouldn't have ended up like this," Qin mo said in a calm voice as he drove.

"Qin mo, do you think it's useful to say all this?" he Huan mumbled as she leaned back in her chair.

She didn't want to talk to him, but her heart was very uncomfortable, so she bit her fist and looked out of the window.

He turned his head to look at her. He thought that she was really in pain, so he didn't say anything and stepped on the accelerator.

they arrived home in less than an hour. fortunately, qin chen had already come to take a look. " i was just frightened and in a bad mood. i got hurt. "

This conclusion made ye Liangqiu and Qin Anlan a little ... How could such a small person be hurt?

...

" dad, mom, did you really think that yihuan didn't notice qin mo and he huan's divorce? she was living at qin mo's place, but now she's been sent here like a left-behind child, " qin chen whispered behind their backs.

Ye Liangqiu sighed softly and stole a glance at Qin Anlan.

Qin Anlan touched his nose. it's Qin Mo's own fault. He did that to his wife and he still has the cheek to ask for a divorce. Shouldn't a normal man be kneeling and begging for forgiveness? "

“Dad, Qin Mo’s personality is just like yours.” Qin Chen smiled.

Qin Anlan looked at his own daughter, his gaze a little difficult to express. “I didn’t kneel on eggs less. You can ask your mother.”

ye liangqiu rolled her eyes at him, then asked qin chen in a gentle voice, ” “What do you think about yihuan’s illness?”

” a heart’s medicine needs a heart’s medicine to cure it. yihuan is very insecure. to put it bluntly, she needs her parents. otherwise, she might suffer some psychological damage. father, mother, i will talk to qin mo and he huan about this. they don’t want their child to live in pain. ” qin chen said seriously.

ye liangqiu listened to her speak with a serious tone and looked at her husband worriedly.

Qin Anlan doted on his wife a lot. He touched his nose.”Alright, alright, alright. I’ll tell this little bastard.”

ye liangqiu was relieved. she thought that it would be better if qin mo had brought he huan along. after a moment of worry, she immediately went to accompany yi huan, afraid that the little one would wake up and be upset again.

sigh, she took care of the child and gritted her teeth at the two adults in her heart.

therefore, when qin mo and he huan came over, they felt a little guilty, especially after qin chen told them about it.

he huan went to accompany the child, while qin chen and qin mo were alone in the study. qin chen whispered, ” brother, yihuan’s illness is not serious. If she can’t get over it, she might have a mental illness in the future. You will all regret it later. Don’t talk about finding a second spring for yourselves. You will probably be busy taking care of yihuan the whole time.

“What should we do?” Qin mo asked as he smoked.

” yihuan is too nervous, so she has some nerve disorders. medicine can be used, but it’s more important to have a relatively safe environment. ” Qin Chen muttered.

Qin mo frowned. are you saying that he Huan and I will remarry? ”

“We’re already divorced, how can you play around like this!” Qin Chen smiled. however, as parents, you should make some sacrifices for your child. I suggest that you build a new relationship with he Huan and bring yihuan to live with you temporarily. He Huan can live there for a while. She can go to film, and you can bring yihuan to visit her at work. Let yihuan feel that you two have a good relationship.

Qin mo furrowed his brows. can you pretend like this for the rest of your life? she will find out eventually.

“After this age, you’ll feel much better when you’re eight or nine years old.” qin chen smiled. ” it’s up to you guys. brother, don’t forget that you were the one who wanted to give birth to yihuan. you forced he huan to do this from the moment she was pregnant to the moment she gave birth. ”

Chapter 4207: qin mo, let’s have another child (4)

Qin mo didn’t say anything. He just walked to the floor-to-ceiling window and smoked quietly.

qin chen walked over, stood beside him, and patted his shoulder. ” second brother, I know what you’re thinking, but can you think more about yihuan? even if it’s just an act, can’t you? ”

qin mo turned his head to look at his sister and laughed bitterly.

He looked up and sighed. Chenchen, big brother. You, me, and Qin Mu. None of us can be free from worry.

Qin Chen smiled. we’re both fine now. Actually, I really don’t think you and he Huan have reached that stage. Unless you don’t like her anymore.

his eyes could not lie. qin mo only had he huan in his eyes.

...

Qin mo glanced at her and did not say anything else. He put out the cigarette and said, "I'm going to see yihuan."

"I'll bring yihuan back tonight." "Brother, you'll regret it if you don't," Qin Chen said in a tense voice. unless you don't want to be happy anymore and want to have another child."

qin mo looked at her and was speechless for a long time. after a long time, he finally said in a hoarse voice, "Really?"

Qin Chen didn't say anything, but his expression was a little solemn. He could figure out for himself whether it was true or not.

qin mo clenched his jaw and quickly went to yi huan's bedroom.

as for qin chen, he poured himself a glass of red wine and smiled.

actually, her acting skills were not bad and she managed to coax qin mo and he huan.

Thinking about it, she couldn't help but laugh. However, she thought that if she were to expose him in the future, she might have to go abroad to hide for a while.

Of course, she had told Lan Yu about this. Lan Yu had taught her a lesson that night, the kind where her skin was split open and her flesh was torn.

when qin chen returned, the villa was silent. yi huan woke up and looked at her mother with her big eyes. she threw herself into he huan's arms and sobbed, "mom."

he huan felt rather sad as she hugged the little fellow.

yi huan's big black eyes were filled with tears as she bit her little mouth, "huanhuan wants to go home. i want my parents."

He Huan was in a difficult position.

She and Qin mo were divorced. How could they live together?

At this moment, Qin mo came over, hugged Yi Huan and gave her a kiss. He said in a hoarse voice, "Daddy will bring you home."

"mommy's not leaving either?" Yi Huan leaned on her father's shoulder, but her big eyes were staring at he Huan.

I'm not leaving, " Qin mo said in a low and hoarse voice. mommy and I will bring yihuan home in a while. Now, be good and let grandma help you put on some clothes, okay? "

Ye Liangqiu was also shocked.

what was going on?

Qin mo used his eyes to signal her to help Yi Huan put on her clothes while he called he Huan out.

in the corridor, he told her qin chen's words and then looked at her quietly. "Your decision?"

He Huan was silent for a long time before he asked in a hoarse voice, "do i have a choice?"

She didn't say anything more. She went back to her room and hugged Yi Huan, who had put on her clothes. Then she said to ye Liangqiu, "Mom, we'll go back first."

ye liangqiu was quite surprised, and after a while, she used her eyes to warn her son not to mess around.

After the three of them left, she leaned against Qin Anlan. I don't know what's going on with them. Why did he Huan agree to go back with Qin mo? "

Qin Anlan looked at his wife and said, ” ” you’ll have to ask what qin chen said to qin mo. i don’t think qin mo wanted to lie to he huan, but they were all tricked by qin chen. he must have used yihuan as an excuse to convince her parents to live together again. su cheng will definitely demand an explanation. ”

ye liangqiu was surprised.

Chapter 4208: Qin mo, let’s have another child (5)

qin anlan looked at his wife. ” you’re not well-informed. su cheng has already started to look for blind dates. qin mo is already in his thirties, so he’s not in a hurry because he’s a man. however, he huan is different from women. her youth is limited. how can su cheng not be anxious? ”

Ye Liangqiu sighed, but didn’t say anything.

he really couldn’t see through the feelings between these two little ones.

She said that she didn’t have the other party in her heart. She clearly looked like she had a chance, but they still broke up.

Ye Liangqiu’s mind was in a state of confusion, and she didn’t know if it was a good thing or a bad thing. She was most afraid that they would hurt each other again in the future. Ye Liangqiu’s heart was in a dilemma, but Qin Anlan consoled her, ” ” the children and grandchildren have their own fortunes. whoever it is can’t run away. look, the other children are even fiercer than them, but they’re still fine. ”

actually, children don’t hit their wives. Qin mo is a bastard! “in any case, if he continues to fool around, i’ll be on the side of reason and not family,” ye liangqiu coldly snorted.

...

“You want to put righteousness before family?” Qin Anlan could not help but laugh. look at you. You’re still as hateful as before. Now, you even hate your own son.

ye liangqiu was silent for a moment, then muttered, Anlan, su Cheng is to me just like Lin sisi is to Chencheng. I can't pay back what I owe her, so I can't bear to see her being tortured by Qin mo. Although it's a little girl's private matter, I still feel guilty and sorry for su Cheng.

qin anlan patted her. "don't think too much. he huan is an adult too. she won't suffer much in qin mo's hands. actually, our son has been tortured a lot too. you should be more concerned about him."

Ye Liangqiu glanced at him and suddenly said,"actually, qin mo is the most like you. he's a bastard."

why are you talking about me? " Qin Anlan touched his nose helplessly. Then, he coaxed his wife, ran ran.

In the night, Qin mo was driving while he Huan was hugging Yi Huan in the back seat.

Yi Huan's eyes were wide open as she asked, "Dad, are we really going home?"

she asked four or five times because qin chen's aunt told her that as long as she asked her father and mother like this, they would definitely take her home and wouldn't dare to casually send her back to her grandmother's house.

Looking at it now, it really worked.

qin chen's aunt is so smart!

Qin mo looked at Yi Huan from time to time through the rearview mirror and said gently, "Of course I'm going back."

As he spoke, his black eyes seemed to inadvertently sweep over he Huan.

he huan didn't say anything and just felt happy.

little yi huan was satisfied. in her heart, aunt qin chen was the great sage who could do anything.

Qin Chen's aunt was handsome and had good medical skills. When she grew up, she would marry someone like her.

If Qin mo knew about this, he would definitely vomit blood! asking his sister to change back into women's clothes immediately, he really taught the child a bad lesson by flirting all day long.

on such a quiet night, yi huan spoke for a long time. every sentence made qin mo's heart jump. he felt that he had to take care of this child personally. otherwise, he would have regrets that he could not make up for.

the car stopped outside his apartment. he opened the door and went to the back to take yi huan. then, he whispered, " " take out a small suitcase from the trunk. it's filled with yihuan's usual pillows and dolls. "

He Huan went to get it and went back to the apartment with him.

yi huan had fallen asleep in his arms, as quiet as a doll.

After such a long time, both yihuan and the adults were tired.

Chapter 4209: qin mo, let's have another child (6)

qin mo placed yi huan on the big bed in the master bedroom. he lifted his body and whispered, " "you'll sleep here tonight."

"Are you sleeping in the guest room?" he Huan asked instinctively.

qin mo straightened his body and looked at her silently for a long time before he said, " "i'll sleep here too."

He paused for a moment. I won't do anything to you. What we're doing now is to provide yihuan with a good environment. You should think about it yourself.

He Huan lowered her eyes and said in a hoarse voice, " "I can only agree to you staying here two days a week. Also, I want to sleep in separate beds."

what do you think I can do with Yi Huan in between? Also, I'm not that desperate. He even said,"I don't lack women!"

...

He Huan's face was a little pale. She stared at him for a few seconds, then walked to the bathroom. He said behind her, "Your clothes are still here."

She ignored him, removed her makeup, and took a shower to wash away her fatigue.

When she came out, she was wearing a set of conservative pajamas. The two-piece set made her look very petite.

She crawled to Yi Huan's side and dimmed the light, not talking to him.

Qin mo stood there for a while but still went to take a shower. When he came out, he Huan's eyes were closed as if she was asleep. However, he knew that she would not fall asleep.

she was afraid of this bed. when she laid down just now, it seemed normal, but her body was stiff.

he laughed bitterly and lay down. then, he turned to look at yihuan.

the little thing was in a deep sleep. her round head was so cute that he could not help but kiss her.

when he looked up, he saw he huan looking at him.

their eyes met, and he said in a hoarse voice, "when are you going to C city to film?"

"In a week." She said.

qin mo closed his eyes. "you will stay here for a week. i will let you go after a week. "

“is it a condition?” he huan’s voice was as cold as water in the night. ” qin mo, i hope you remember what you said. ”

she closed her eyes as if she didn’t want to talk to him anymore.

when she was about to fall asleep, her hand was held by a strong and large palm, so her sleepiness disappeared. she also felt that the air around her was thin, as if she was going to suffocate at any time. her heart was also beating rapidly, and it was very uncomfortable.

he huan knew what this meant. she was afraid of him. she was afraid of him getting close.

She wanted to move her hand away, but she couldn’t move. Her body was just stiff.

Qin mo observed her reaction. After that, he let go of her hand and her body slowly, slowly relaxed. They did not say anything about this but they knew it in their hearts.

After that, Qin mo no longer touched her and they lived together. However, no matter how much his body wanted him to, he never touched her.

she wasn’t the only one who couldn’t let go of what happened that night. he couldn’t let go either.

the night passed. when he huan woke up, the three of them were in the same bed. this was like a dream to he huan.

she stared at the ceiling for a long time before she came back to her senses.

” i’ll send her to the nursery later, ” qin mo said. ” i’ll send you there too. ”

she turned to look at him and found that he was awake. she whispered, ” “I’ll drive.”

qin mo did not say anything and got up. ” “i’ll go make breakfast.”

he huan continued to lie down, her heart in a mess.

they were divorced, and they hated each other, but they still had to sleep on the same bed. she didn't sleep well last night, but she didn't feel like sleeping.

Chapter 4210: qin mo, let's have another child (7)

he huan lifted the blanket to wash her face and brush her teeth. when she returned, yihuan was already awake.

The little one was sitting under the blanket, holding a doll in her hands. She was very cute. He Huan went over and knelt on one leg by the bed. put on your clothes and get ready for school, okay? ”

“I don't want to go to school,” Yi Huan said.

He Huan didn't know how to coax a child. She even thought that if Yi Huan didn't want to go to school, she wouldn't go. After all, it was a nursery, and she had fallen sick last night. Although she was away from home all year round, women were always very tolerant of their own young girls.

hence, she went to qin mo to discuss it. ” “Yihuan doesn't want to go to school today. How about I take care of her for the day? I don't have much to do today.”

Qin mo was frying eggs. He was wearing black Casual pants and a light-colored knitted shirt, which made his legs look long and his body look strong. He looked at he Huan while making breakfast and said in a disapproving tone, ” “You'll only spoil her like this.”

...

“she just fell sick last night.” he huan bit her lip.

qin mo smiled. ” she's not sick today. ”

He was a smart person and had spent a lot of time with Yi Huan. He also had a certain understanding of his sister, Qin Chen. He was indeed confused last night, but when he was making breakfast just now, he suddenly felt that something was wrong. If Yi Huan's problem was really serious, Qin Chen would not have left last night.

he had been tricked.

Yi Huan was probably just in shock last night. Qin Chen said that she had an incurable disease. She had always been asking for a beating.

However, he wouldn't say this to he Huan. First of all, he told her what Qin Chen said, and if he clarified it now, it would seem like he had bad intentions. Second, he didn't seem to want to make things clear.

There was nothing bad about living two days a week. He had no woman and had no plans to get married.

it was a good time to make things difficult for this heartless little thing.

before this, qin mo had already made a happy decision.

"yihuan won't be going to school today," he huan suddenly said angrily.

qin mo placed the fried egg on a plate and looked down at he huan. he huan took a step back but held it in. she glared at him and said, " yihuan is not a boy. There is no need for elite education. I am her mother and I have the right to decide if she will go to school today.

" take care of her then, " he said softly. " auntie will come over to cook lunch in the afternoon. also, don't take her out today. she might have caught a cold last night. "

After he finished speaking, he moved his chin."Bring her here for breakfast. She can skip school, but she still has to eat breakfast."

He Huan was surprised. She didn't expect Qin mo to be so easy to talk to. She quietly returned to her bedroom.

Yi Huan was jumping around on the big bed, screaming, " "I'm not going to school, not going to school."

"Mom, you're the best! I don't have to go to school anymore." She hugged he Huan.

This time, he Huan was at a loss. Qin mo leaned against the door and said calmly, ” “Now you know, you’re called a spoiled son by a loving mother.”

He Huan carried Yi Huan down and bit her lip. ” what’s not good about it? look at xue ‘er. she’s doing very well. ”

qin mo sneered. ” that’s because ye muyun doted on her. her parents didn’t pamper her like this. ”

He Huan snorted. then I’ll find one for yihuan too. Xiangnan is not bad. He’s a little warm man.

“No one in this world is worthy of our yihuan,” Qin mo scoffed.

“Your father wants you to be single for the rest of your life,” he Huan said to Yi Huan.
