Chapter 4221: You've drunk too much 7

in front of su cheng, he was in no position to do anything. if he did, he did. it would be a dark history for the rest of his life.

qin mo paused for a moment before whispering, " "mom, i'll remember this."

Su Cheng had wanted him to stop calling her 'mom', but she had watched Qin Mo grow up, so she felt that the words were a little heartless. In the end, she did not say it out loud and only said, " "Don't you forget what you said."

She was about to leave when Qin mo called out to her, " mom.

su cheng paused.

Qin Mo's voice was very low. I really like he Huan. I've never liked anyone else other than her.

...

Su Cheng's heart softened. She thought for a moment before saying, " " he huan told me that she used to like you, but qin mo, maybe it's because your personalities don't match. both of you are very strong-headed, so you always miss out on each other and are unwilling to accommodate each other. it's good to break up. besides, ran ran. "

"You should have noticed that he Huan is afraid of you." She lowered her voice. Some things just happened. Your uncle Kime told you if you would regret it. He told you that if you regret it, we would not agree. He made it clear. Now, it has only been a few days since you talked to me like this. I think you are treating love and marriage as child's play. He Huan is a little stubborn, but she has given birth to a child all these years. Although she has been away from home, she would not easily do anything to hurt Yi Huan. She has cooperated with you on all sorts of things. even those flowers and plants that you used to seduce qin mo outside, isn't it considered cheating only when the evidence is found? making a woman feel insecure is not a good man and a good husband."

su cheng looked at him deeply after she finished speaking. ” think about it yourself. ”

She left.

Qin mo didn't go back immediately. Instead, he smoked a few cigarettes.

As he exhaled, he asked himself, do you regret it?

He couldn't say for sure, but he felt a little bit regretful. Even if he did regret it, he didn't have any plans to remarry he Huan.

Perhaps, he was really not a good husband.

When he went back, the Auntie had just finished cleaning up. Sir, I'll go back first.

qin mo nodded.

The Auntie opened the door and went out. Qin mo only walked in after the door was closed.

He Huan and Yi Huan were not in the living room. When he walked to the corridor, he heard the sound of water. It should be the sound of the bathroom, and it was from the children's suite.

Qin mo walked in without any hesitation.

he went in and saw that it was yihuan taking a bath.

in the pink bathtub, the little guy was happily lying down. he huan was carefully and gently taking care of him. she took a bath ball and squeezed strawberry-flavored shower gel into it. she gently wiped it on yi huan's small arms, legs, and stomach. bubbles were everywhere. little yi huan blew on them happily, her little face full of satisfaction.

Qin mo did not know why, but this scene crashed into his heart. He had a feeling that he Huan was making it up to yihuan, making it up to her for the days when she was not around.

Feeling a little upset, she slowly walked over to Yi Huan and knelt down beside her, touching the little guy's little feet.

yi huan was ticklish and chuckled. "daddy is bad."

"What about mom?" Qin mo smiled.

"hello, mom." Yi Huan even leaned over and kissed he Huan. She was quite biased.

Qin mo smiled and did not say anything. He only turned to look at he Huan.

he huan continued to help yi huan with her bath. although her movements were still a little rusty, she had done her best.

Chapter 4222: are you afraid of me? 1 "1200 words"

"actually, you can also be a good mother," qin mo suddenly said.

he huan looked at him but did not say anything.

"I still want a good father," Yi Huan replied immediately.

Her voice was crisp and clear. After she finished speaking, she looked at Qin mo fervently, afraid that he would not want her anymore.

Qin mo and he Huan looked at each other. They realized that Yi Huan was very sensitive. Qin Mo's casual words had already made the little fellow aware of it. They were a little worried.

He Huan pinched Yi Huan's nose and wrapped her in a towel before returning to the bedroom to blow-dry her hair and change her clothes. After making sure that she smelled nice, she stuffed her into Qin Mo's arms. "It's all yours tonight."

...

yi huan wrapped her arms around her father's neck and looked at her mother greedily."i still want a good mother."

Qin mo patted her little P * S. who taught you that? "

"grandpa taught me." Yi Huan had betrayed Qin Anlan completely.

Qin mo and he Huan felt a little uncomfortable. They looked at each other and he Huan said, " "I'm going to take a shower."

qin mo single-handedly brought the little one back to the master bedroom. after playing for the whole day, little yihuan was still full of energy and kept talking to qin mo.

qin mo turned to the side and lazily coaxed her. he even took a fairy tale book and read it to the little girl.

When he Huan came over, she saw that Yi Huan was clearly very tired, but she was still holding her little head and trying to hold it up.

she couldn't help but smile and said in a low voice, " "I'll coax her. You go to the guest room to rest."

Qin mo looked at her and did not object. Instead, he pinched Huan's calf when he got up.

yi huan sobered up immediately and put her chubby arms around her father's neck, " "Daddy."

his eyelids closed again, but he didn't want to let go of qi.

qin mo smiled, how clingy.

he huan thought for a while. " i'll sleep in the guest room. "

Qin mo called out to her. I haven't taken a shower yet. Coax her to sleep. I'll take a shower after that.

He Huan couldn't refuse, so she laid down and took Yi Huan into her arms. Yi Huan smelled her body and moved over to eat. He Huan felt a little uncomfortable, so she pulled up the quilt and let her do as she pleased.

qin mo stretched out his hand and patted yi huan's head. " you're already so big. "

Yi Huan was actually a little more awake now. She said in a half-awake state,"Daddy is also very big now. You still want to eat? I want to eat too."

The atmosphere between the two adults was very subtle. They were both divorced, but the child's words actually brought up the memories of those hot nights. Not only Qin mo, but he Huan also felt a little hot.

she rested her face on the pillow and said in a low voice, " "Go sleep in the guest room after you've taken a shower."

Qin mo did not say anything and got up to take a shower.

he was also very gentlemanly and did not sleep with her. however, yi huan's words had aroused his desire, and now he could not let it go, so he turned around and could not fall asleep.

When he opened his eyes, he thought about all the things that happened between him and he Huan. When he closed his eyes, he thought about the night they got married.

No matter how he thought about it, it was all pain. It was either mental torture or physical pain from enduring it.

But now, she would be afraid even if he touched her.

their interactions were hidden under the calm.

Qin mo tossed and turned. At two O 'clock, he went to the living room to drink a glass of red wine that might help him sleep.

he walked out and turned on the lights. he did not expect he huan to get up as well. she was drinking water.

she was wearing silk pajamas and had probably changed.

Usually, she wouldn't wear this style because it was too feminine.

He did not know why she was wearing a Kasaya now.

The lights were on. When he Huan turned her head, she also noticed the abnormal movement of Qin Mo's bathrobe.

"I'm going to sleep," she said, her face burning.

She put down her cup and walked past him.

A strong arm caught her and a hoarse voice said, " "why did you change your clothes? i've never seen you wear this before."

her white spaghetti strap nightgown clung to her body, making her look beautiful and sexy.

he huan was very different at night. she was like a demon that took his breath away.

Qin mo felt that his body was in even more pain. It was an indescribable feeling.

Chapter 4223: Are you afraid of me? 2

qin mo reached out and grabbed her. he pulled her gently and he huan sat on his lap.

Instantly, her body stiffened. She placed her hand on his shoulder and tried to stand up, but Qin mo did not let her.

His voice was hoarse and low. sit with me for a while.

He reached out for a glass of red wine and handed it to her. "Have a drink. just take it as accompanying me. "

He did not make things difficult for her. He let go of her and sat on the other side, pouring himself a glass of wine.

he huan actually had something to say to him as well, so she did not reject him and sat on the other side of the sofa. she placed her feet on the sofa and took a sip of red wine. then, she said in a low voice, " it's impossible for us to stay together for a long time. i'm thinking of bringing yihuan over to my place to stay. "

...

qin mo looked at her quietly.

"qin mo, you know what i'm talking about!" he huan continued.

qin mo looked at her with an unfathomable expression. " "You want yihuan to call someone else dad? If you think it's the truth."

He Huan didn't deny it anymore, and her voice was a little low."I'm not getting married!"

you know that my mother has been urging Qin mo to do something, " she said. please understand the difficulties of others.

As she spoke, she stopped and raised her head to drink half a glass of red wine.

after drinking it, her cheeks were a little red, and her eyes were a little tactful.

He Huan had never been so beautiful in front of him. She always kept a distance from him, probably because she was drunk, or because she was wearing sexy pajamas.

If he didn't know her very well, he would have thought that his ex-wife was seducing him.

But that wasn't the case.

She probably got this because she couldn't find her pajamas. She never liked to have sex with him, not to mention that she hated him to the core now.

qin mo looked at her silently and whispered, "he huan, is it hard to love me?"

he huan was stunned for a moment and instinctively said, "Qin mo, you've drunk too much."

she wanted to leave again, but his voice was low and powerful."don't go."

when she opened her mouth again, she seemed to be a little fragile."Talk to me for a while."

He Huan knew that if he didn't let her go, she wouldn't be able to leave, so she didn't leave either.

She simply went over to get a glass and poured herself another glass of wine, drinking it in small sips.

qin mo just looked at her and did not say anything.

"What do you think about what I told you?" he Huan lowered her eyes.

"yihuan?" His body relaxed as he laid on the sofa. Under the dim light, even though he was only wearing a bathrobe, he still looked handsome and attractive. Qin mo was in his thirties, which was the most mature and charming time of a man's life.

"if we're not getting married, there's no need to let yihuan know that we're divorced, right?" he looked at he huan and smiled.

His words were a little cunning, so he Huan ignored him.

She continued to sip her red wine and did not look at him.

after she finished another glass, she said, ” “i’m going to bed, so you should sleep early too.”

” he huan, ” he called her name, then reached out and pulled her onto his lap.

this time, he didn’t let her go. he bit her neck.

He Huan was shocked and her voice was hoarse. Qin mo!

qin mo’s voice was especially hoarse.

Of course, he couldn’t really bite her to death. He only bit her neck hard, leaving two suspicious and ambiguous bite marks where her chin and neck met.

[I’m asking you to go on a blind date with someone else.]

[who asked you to dress like this to seduce me.]

[who asked you to leave me, who asked you not to like me.]

Chapter 4224: are you afraid of me?(3)

Qin Mo’s heart was filled with all kinds of anger, and all of it was vented in this bite.

he huan’s entire body was stiff. he didn’t let go of her immediately but still held her waist. his voice was also very hoarse. ” are you afraid of me? ”

he huan was indeed afraid of him. her body was only in her pajamas as she leaned against his chest. her chin was forced to rest on his shoulder. she could feel qin mo's urgency.

however, he didn't do anything. he just held her waist and closed his eyes to calm himself down.

at this moment, his facial features were tense because of yu wang, as if he was being carved by a knife. as for her, she did not dare to move at all, for fear of touching him.

After a long, long time, Qin mo finally let go of her. The lines on his face also relaxed, and the icy flame in his eyes disappeared."Go to sleep,"

...

He Huan left as if he was escaping.

She didn't expect him to let her go, but when she went to the bathroom in the bedroom, she found two deep hickeys on her neck. No, they were bite marks.

Her hand touched it gently, and it still hurt a little.

he huan was furious. he held the sink and cursed, "this pervert."

he was definitely doing this on purpose.

He Huan immediately thought of the blind date tomorrow. It would definitely be a scandal, but she would be scolded by her mother.

Furthermore, they would definitely suspect that she had done it with Qin mo. With this thing around, anyone who saw it would think that they had done it.

he huan was extremely annoyed, but she was really tired in the middle of the night, so she simply applied the medicine and went to sleep.

the next morning, she ran to the bathroom to check her neck when she woke up. she got angry again.

the hickey was still there, and it didn't get any lighter.

she pounced on him a few times with a powder puff, but she couldn't stop him no matter what.

She heard a soft laugh and turned her head to see that it was Qin mo.

he was neatly dressed in a classic black and white suit shirt, looking very handsome.

he huan glared at him.

Qin mo didn't mind. He crossed his hands in front of his body and said with grace, " "you're going on a blind date today?"

"none of your business," he huan snorted.

"I don't care, but I can take care of Yi Huan for you, in case she ruins your plans." he smiled faintly, but there was no smile in his eyes. in he huan's eyes, it was a fake smile.

He Huan stared at him.

Qin mo laughed again. why? are you unhappy that I'm being generous this time? "

He Huan squeezed some toothpaste out of her toothbrush and said, " "Even when you're being magnanimous, I think you're up to something."

"oh, really? You don't understand me at all." he shrugged his shoulders and turned to leave. after a while, he paused as if he had thought of something and added, " "Oh right, the pajamas you wore last night were pretty good."

he huan brushed his teeth fiercely and glared at him.

Qin mo chuckled and left. His voice came again, ” “You’re going to do it at night, right? I’m meeting someone, and I’ll leave yihuan with my parents.”

he huan ignored him and brushed her teeth fiercely.

during the day, she had to deal with some things. as the shooting was approaching, there were indeed a lot of things to deal with. recently, she had been busy with the divorce and taking care of yihuan. on the other hand, kang qiao had helped her with many things, and she was very grateful for that.

She was busy in the studio until four in the afternoon. When she was about to leave, her assistant came in and said that a Mr. Rong was looking for her.

he huan hesitated for a moment. ” let him in. ”

it was rong yue.

when rong yue walked in, he huan’s expression had already changed to one of high spirits. she greeted him very lightly, ” “They’re here!”

Chapter 4225: are you afraid of me? iv

She pulled out a file. this time, we’ll settle the second sum of money. There shouldn’t be any problems with the script amendments, right? ”

Rong Yue stared at her for a while and handed her a notebook.

“it’s pretty good.” he huan looked through it.

she found a check. it was a million dollars.

rong yue's script cost a total of four million yuan. the early stage cost two million yuan, the editing cost one million yuan, and the payment of another million yuan halfway through the filming. it was completely official, and rong yue had never said anything.

he huan passed him a check. he took it silently and whispered, " "thank you," he said.

...

"This is the normal fee." He Huan smiled. I heard that many companies are begging for your scripts. The price has already been raised to 10 million. Congratulations.

rong yue didn't care much about fame and fortune, but he wasn't completely ignorant. he smiled and said, " "it's because you picked my script that the situation went up. thank you. "

he huan let out a long breath and hesitated for a moment before whispering, " rongyue, your talent can be bought with money, but I always hope that you'll consider it more when you choose a partner. This will be beneficial for your future development and not become a tool for others to make money. There's no way out in this industry without a good reputation.

"I know," Rong Yue smiled.

He Huan gestured for him to drink some tea and chatted for a while before looking at the time.

"are you in a hurry?" rong yue looked at her.

"i have some personal matters to deal with." he huan smiled faintly.

Rong Yue lowered his eyes and whispered after a moment, " "i heard that you and qin mo got a divorce. is that true? "

He Huan's body froze for a moment. After a long time, she sighed softly."rongyue, this has nothing to do with you, really."

he raised his eyes and looked at her. there seemed to be a spark in his eyes.

after hesitating for a while, he said, ” “Do I still have a chance?”

He was so direct that he Huan couldn't avoid it.

She thought for a while before saying softly, ” ” rongyue, we can only be old acquaintances. we might be very good old friends, but hanhan ... ”

She chuckled. do you know that you look a little like Qin mo? in the past, I married him because he looked like you. But now, it's impossible for me to marry you because you look a little like him, Yingluo.

rong yue carefully listened to her words, and his expression was a little ugly.

She had made it very clear. In the past, Qin mo was his shadow. Now, he was Qin Mo's shadow.

she had fallen in love with qin mo.

“why?” “Why did you divorce her after you fell in love with her?” he asked persistently.

he huan smiled. ” we used to like each other. we never got together. ”

As for why, she couldn't explain it. It looked like the violence that night, but she knew it wasn't.

she and qin mo had been torturing each other for a long time. they were like two parallel lines that were getting further and further apart. they didn't want to be in pain anymore and wanted to protect themselves. that was all.

She no longer loved him instinctively, and she was just being selfish.

after he huan finished speaking, she only smiled faintly. however, rong yue saw that there was a faint sense of regret in her eyes.

He understood that she might have fallen in love with Qin mo.

rong yue did not expose her. he got up and said in a low voice, ” “I’ll be leaving first, I have a dinner appointment tonight.”

He had wanted to say something, but he swallowed it and didn’t say anything.

when they parted, the two of them were silent, and there was something that they couldn’t explain.

Chapter 4226: i don’t want you to go on a blind date (1)

he huan sent him off. when she saw rong yue’s back, she gently leaned against the pillar at the side.

she really didn’t love rong yue anymore. maybe it was because it had been too long and they had never been together.

All the memories she had of her love for him had been replaced by a man named Qin mo.

However, in the end, she did not end up with Qin mo.

He Huan looked at it quietly for a long time. Then, as if she had thought of something, she immediately got up to clear the documents on the table. She looked at the script and called her assistant over.”Little Wen, make a few copies of this and distribute them. There are some changes.”

The assistant nodded.

...

He Huan went to the bathroom again and applied a layer of powder on her neck, hoping that it wouldn’t be obvious.

She was not afraid of anyone but su Cheng.

su cheng was small and fierce. at home, KIME and he huan were afraid of her.

He Huan often lamented that the little princess at home was not her, but her mother, su Cheng. However, it was not a bad thing for parents to be in love.

He Huan looked at her again and again. When she felt that it was about time, she took her handbag and went out. As soon as she left, little Wen came back. She looked at he Huan and then her gaze fell on her neck. director he, do you have a dinner appointment? ”

this was because he huan rarely put on makeup. today, she had on light makeup to make it seem like a private dinner.

he huan nodded. when she walked past her assistant, the assistant suddenly said, ” Oh, right, director he, do you want to fix your neck again? it’s a little obvious. Why don’t you tie a silk scarf around your neck? ”

he huan paused for a moment, then suddenly turned her head. ” “is it very obvious?”

She reached out to touch it. She had put on several layers of powder.

“It’s as if I’ve been sucked by a vampire,” the assistant said, trembling.

he huan stared at her for a long time before asking, ” “do you have a scarf?”

“no,” the assistant shook his head.

in fact, it was a little strange to tie a scarf on such a hot day. moreover, the place where she was bitten was too high. it was simply intentional.

the assistant had heard that her boss had gotten a divorce by accident. so, this hickey was her new boyfriend?

it didn’t seem like it. it had only been a few days, so it was impossible for it to be so popular. the assistant’s eyes suddenly widened, as if she had thought of something. after a long time, she said in a trembling voice, ” “Ran ran, President Qin did this, didn’t he?”

he huan glared at her. ” that’s a rough word. ”

“what for?” The assistant touched her head. director he, you usually speak like this too.

He Huan hit her with her handbag and then left.

in the elevator, she looked at herself in the mirror for a long time. she gritted her teeth and rushed to buy a silk scarf before the dinner. she tied it up and looked at the time. it was almost the appointed time.

wu wu rushed to the restaurant that su cheng had arranged to meet her at. the man was already there, probably accompanied by his mother. su cheng was also chatting with him. when she saw su cheng coming over, she immediately waved.”He Huan is here.”

He Huan went over and sat down opposite them. She said lightly, ” “i’m sorry i’m late.”

Su Cheng saw how cold she was and immediately smiled. “young people nowadays have a fast working pace.”

Fortunately, the other party’s mother was also well-mannered and said in a very friendly manner, ” ” su cheng, i heard that your he huan is a director and has directed several famous films. our cheng is also a loyal fan of hers. this kind of relationship is very stable. ” He Huan’s indifference won her favor, mainly because she was from a scholarly family and didn’t like women who were too delicate and beautiful.

Chapter 4227: I don’t want you to go on blind dates (2)

su cheng was also very satisfied with the boy on the other side. he was very polite and good-looking, and he was a good match for he huan. however, this was huahua’s first marriage, so she didn’t know if there would be any problems.

thinking of this, su cheng thought of qin mo.

In the past, Qin mo was half her son. Of course, their relationship was different.

She sighed softly, "there's no fate."

Even if others didn't do anything, she still had to do something as a mother. She had to fight for her daughter even if it meant giving up her decades of friendship with Liang Qiu. Otherwise, with Qin Mo's domineering personality, yihuan would definitely be defeated.

His he Huan was not bad looking and was capable. Why should she be manipulated by Qin mo?

...

in the past, he huan didn't even care about qin mo's stupid matters, but qin mo urged su cheng to stop thinking about it.

He Huan nodded slightly at the man, then picked up the cup and slowly sipped her tea. She was a little absent-minded and didn't even hear the order clearly.

Fortunately, the mothers of both sides were chatting very enthusiastically, and the man named Zhang Jiacheng was also very considerate. He spoke in a soft voice. This scene was a very harmonious blind date, but it was soon broken by someone.

Qin mo had appeared.

to he huan's surprise, the person who appeared with qin mo was not a b-list or c-list model, but rong yue, whom she had just met.

the appearance of two men with outstanding looks naturally attracted a lot of attention. he huan's table was no exception, although he huan did not want to see it.

Su Cheng's expression was a little tense. She did not want to see Qin mo at this moment.

However, there were some things that she couldn't do without thinking!

Qin mo and Rong Yue, who was beside him, looked at each other and said with great grace, ” “you pick a seat and sit down first, i’ll come over in a while.”

The scene of two beautiful men was very pleasing to the eye. Not to mention, Qin Mo’s expression and voice were very gentle at this time. It gave off a feeling of being sold off, and it had a kind of crunchy feeling.

Rong Yue felt a little helpless. He and Qin mo were here to talk about cooperation. Only now did he know that President Qin had to personally take action for such a small cooperation because he, Rong Yue, had other uses.

she laughed bitterly and looked at he huan and the man in front of her. the situation was clear.

“director he,” he nodded at he huan.

There was some distance between them again. He Huan smiled faintly.

Su Cheng’s old face was about to turn black. Qin mo had gone too far. It was not enough for her to come alone. He even wanted to drag that Rong guy along. Was it not enough?

however, her blind date partner was there, and she was very optimistic and satisfied with him, so she could only suppress her anger.

her expression was ugly, but qin mo had a happy smile on his face. he politely called out, ” mom. ”

Su Cheng’s face was twisted beyond recognition. Even he Huan couldn’t bear to listen to her anymore and choked on her tea.

“su cheng, i thought you didn’t have a son?” the mother was a little surprised.

However, she immediately realized something and stopped talking.

the atmosphere was quite subtle.

he huan and su cheng could not do anything about it, and the other party also held back. qin mo, on the other hand, did not feel the commotion he had caused at all. instead, he continued to smile. ” mom, he huan, you guys eat slowly. i’ll settle the bill at the end. ”

“no need,” He Huan’s voice was very soft. Then, she smiled at Zhang Jiacheng, who was opposite her,”It’s not appropriate for you to treat me to this meal.”

This could be considered a counterattack.

he huan didn’t show anything on his face, but his heart was exploding with anger.

Chapter 4228: I don’t want you to go on blind dates (3)

From the bite marks last night to the appearance now, and also Rong Yue, they were all carefully prepared surprises for her. How childish and ridiculous.

Even if he Huan didn’t want to do anything to Fang Jiacheng, she was still angry. She considerably picked the menu with the man and her voice was quite gentle. This was something that Qin mo had never experienced before.

Furthermore, she treated Qin mo like air!

President Qin still treated su Cheng as his mother.

this made the atmosphere even more subtle. qin mo’s gaze fell on su cheng’s neck and he chuckled. ” the weather seems to be very hot today. he huan, aren’t you hot? ”

he huan ignored him. ” it has nothing to do with boss qin. ”

...

although her tone was not good, the way she asked and answered qin mo's question made one think that they were flirting.

qin mo knew when to stop. he greeted everyone in a very gentlemanly manner before he went to look for rong yue.

Su Cheng looked at the first half and gritted her teeth in hatred.

This Qin mo had really put in a lot of effort. He even brought Rong Yue, who she hated the most, over. She really wanted to throw this little bastard's head.

Even though she was angry, she still wanted to save face. However, su Cheng couldn't eat in peace no matter what. Later, she found an opportunity to pull he Huan to the bathroom to have a private conversation.

She knew in her heart that with this mess, this matter would definitely be over.

On the other side, Qin mo found Rong Yue. Rong Yue's place was very quiet. He picked a very remote seat and sat down. He drank tea while waiting for Qin mo.

Qin mo sat down and Rong Yue poured a cup of tea for him. As he poured, he said slowly, " "It seems that President Qin's intention in treating me today isn't the wine, but for another purpose."

Qin mo sat comfortably and casually picked a few dishes to dismiss the waiter. Then, he lazily said to Rong Yue, " "tell me, how many uses do you have?"

"president qin, don't tell me you think you're not important enough, so you dragged me in!" Rong Yue took a small sip of tea. The tea wet his light-colored lips, making him look very pretty and a little seductive.

No matter how much Qin mo looked down on Rong Yue, he had to admit that Rong Yue's looks were on par with his own. Furthermore, in the eyes of a director like he Huan, Rong Yue was more artistic, while he reeked of money.

the more he thought about it, the more upset he felt, and he drank a glass of pre-meal wine.

“president qin, you didn’t put in enough effort last night?” rong yue looked at him quietly.

Qin Mo’s gaze was fixed on Rong Yue with an aggressive look.

rong yue was still calm. ” as far as i know, it was president qin who wanted the divorce. are you regretting it now? ”

Qin mo continued to drink his wine and said calmly, ” it has nothing to do with you, right? ”

rong yue didn’t say anything else and talked about the cooperation.

qin mo gave him a very high price for the new script, ten million. this was considered a top price because ” unparalleled ” was the prequel to ” twin “. ” twin ” was filmed by he huan, so the prices of the subsequent dramas would naturally rise.

rong yue lowered his eyes. ” president qin, i only have one condition. bai jingxuan will be the male lead. ”

Qin mo frowned. that’s an artiste from Starlight entertainment. Do you think I’ll invest so much money to promote her? ”

rong yue smiled indifferently. ” ten million yuan is far from a huge sum of money for president qin. besides, isn’t it good to use bai jingxuan to support the female artists under his own company? bai is already a very mature artist. his acting skills are very mature compared to other fresh meat. ”

Qin mo narrowed his eyes. you can’t be asking for he Huan to be the director, right? I might not be able to do that. and you’ll be the one to convince bai jingxuan.”

Chapter 4229: I don’t want you to go on blind dates

When he said that, Rong Yue agreed and signed it. It was the two of them who signed it. They didn't bring their lawyer or secretary.

qin mo kept the documents and looked at rong yue. " "You don't want to go out of your way? Your appearance and melancholic temperament should be very popular, no less than Kang Qiao's."

Rong Yue smiled. I don't like to be in front of the stage. I just want to live a quiet life.

after he finished speaking, qin mo did not say anything else.

he turned his face to the side. he thought that perhaps he huan liked rong yue this way.

qin mo gritted his teeth so hard that he almost broke them into pieces.

...

He wasn't in the mood to eat, and after that, he simply ate a few mouthfuls. Perhaps it was because he was angry, but he didn't leave and just sat there.

After sitting for a long time, they finally dispersed. When they left, they realized that he Huan's table had already left, and the waiters were cleaning up.

Qin Mo's face was as dark as water. He paused for a moment before leaving.

He walked out, and Rong Yue also went out to say goodbye to him.

Their relationship was really delicate now.

qin mo didn't get into the car immediately. he turned around and looked at rong yue. " come to my company. i can give you the most favorable conditions. "

rong yue smiled slightly. " if president qin is doing this for my talent, we can talk about cooperation. if it's for he huan, there's no need to. it's never suitable to use the excuse of being a sucker on president qin. "

Qin mo glanced at him, turned around, and got into the car. He went straight back to the apartment.

In the car, he called his parents to ask about Yi Huan. Ye Liangqiu told him that su Cheng had probably caused trouble for them and told them about his previous evil deeds.

“Qin mo! Do you think divorce is child’s play? you were the one who insisted on the divorce. He Huan didn’t say a word, and now you’re regretting it after only a few days?” Ye Liangqiu was furious.

qin mo drove the car with one slender hand on the steering wheel. his face was as dark as water. ” ”
mom, you know that he huan went on a blind date only a few days after the divorce. ”

ye liangqiu was silent for a long time, and then his voice became lower and softer. what’s so good about you? he Huan probably didn’t mean that. She just didn’t want su Cheng to be too sad. Qin mo, you were too ungentlemanly and uncultured this time. Besides, if they’re divorced, so be it. It’s not your place to question he Huan’s blind date.

it wasn’t that ye liangqiu didn’t want them to be well, but he felt that his son’s methods were too underhanded. he heard that he had even pulled his love rival over today. oh, now they were standing on the same line to fight an external battle, and then there would be an internal battle?

she remembered that qin mo used to be very decisive, but all his irrational childishness was used on he huan. ye liangqiu was speechless.

after talking for a long time, she couldn’t do anything about him, so she could only tell him to give up.

qin mo hung up the phone and wanted to call he huan. however, his pride prevented him from doing so. he only drove the car back.

He drove back to the apartment and turned off the engine before opening the car door.

a hand was placed on his car door. qin mo felt it and lowered the window to take a look.

It was he Huan.

The scarf around he Huan's neck was gone. Su Cheng had taken it off and then called the Qin family's parents to tell them. He Huan was also scolded badly. No matter how she explained, it was useless. Su Cheng did not allow her to live with Qin mo anymore. She kept scolding this little b * stard for being so bad.

At this moment, he Huan was wearing a white baseball uniform. She looked as if she had been waiting for him for a long time.

Qin mo wasn't in a hurry to get out of the car. Instead, he relaxed and leaned against the seat, looking at her. "You've returned home?"

He Huan knew that he was trying to take advantage of her. She snorted. Qin mo, you're too despicable.

She waved her hand and a baseball bat appeared in her hand. Qin Mo's car that was worth more than 20 million was smashed by her. Although it was not broken into pieces, the headlights and body of the car were all damaged to varying degrees.

Qin mo frowned and let her hit him. He even turned on the music.

He Huan was even angrier. She threw her baseball bat away and glared at him."president qin, please don't follow me around anymore and do such childish things."

he looked at her quietly in the dark night.

He had drunk a little, so he was definitely not drunk, but his eyes were a little seductive.

"Are you angry?" He chuckled,'did I ruin your plans or is it because another man saw the bite marks on your neck and got angry? oh, rong yue should have seen it too. did he ask you to get back together with him today?"

He Huan gritted his teeth and smashed the front of his car again. A big hole was made in the car, and the car shook.

However, Qin mo continued to sit in the car without moving.

However, there was an unknown expression in his black eyes.

he huan smashed his car, threw the baseball bat away, and wanted to run.

she sensed danger.

...

however, qin mo refused to let her. he reached out to grab her through the broken car window, not caring if the broken glass of the car window had pierced his arm.

he was only wearing a shirt, and his elbow was rolled up. the sharp glass had pierced his arm, and the blood was dripping non-stop. it was a shocking sight.

he huan's hand moved and she glared at him."Qin mo!"

he was still holding her hand, and his voice was hoarse. "Come here!"

he huan refused to go over and stood there stubbornly. that was why she had smashed his car. she would not go over.

She struggled to free her hand. Unexpectedly, he was only holding her hand, but she could pull and shake it. As a result, his arm was immediately cut by the glass, and blood instantly dyed he Huan's eyes red. She bit her lip and said in an extremely hoarse voice, "Qin mo, let go. Your hand is bleeding.

even if it's bleeding, you're the one who made it. he held her with one hand and unbuckled the seat belt with the other. Then he opened the door and let go of her hand in an instant, but he quickly caught her hand when she wanted to run.

qin mo grabbed her hand and said in a hoarse voice, " he huan, don't go. "

He had already gotten out of the car and was staring at her in the dark. "You want to run after doing something bad?"

He Huan bit her lip. what do you want? "

Qin mo turned his head to look at his car and whispered, " "I don't need you to pay for the car that's worth more than ten million, but help me bandage it."

then, he took her to the elevator.

He Huan was still struggling, but she didn't dare to use too much force. She only struggled symbolically.

She softened, but Qin mo was insatiable. He pulled her into his arms.

he huan cried out in surprise, and he lowered his head to kiss her lips. first, he touched her lips lightly, then he looked at her wide eyes and couldn't help but deepen the kiss.

he huan didn't put up much of a resistance, but her breathing became a little more rapid.

She opened her eyes and looked at Qin Mo's intoxicated expression. She placed her fingers on his shoulder and pinched him hard. Qin mo groaned and more blood flowed out of his arm. However, he didn't care. Instead, he pushed her against the wall of the elevator more violently and kissed her ruthlessly.

This time, he Huan didn't want to be kissed by him again. She bit her lip and said in a low voice, " don't touch me.

She curled up against the elevator wall, her body trembling slightly.

Qin mo stared at her for a long time before he said in a hoarse voice, " "I won't touch you anymore."

She still trembled for a long time before she opened her eyes.

in front of her was qin mo and his arm that was bleeding non-stop.

he huan's lips moved, and after a long time, she finally squeezed out a sentence, "I'll take you to the hospital."

"No need, you can just help me bandage it." his voice was very low.

He Huan didn't say anything else. She just walked out of the elevator and arrived at the place where she used to live.
