

Thank you 4231

Chapter 4231: i don't want you to go on blind dates (6)

Qin mo opened the door. It was very dark inside, but the house was brightly lit.

he turned his head and wanted to talk to her, but he saw the tears in her eyes. qin mo was stunned for a moment and his voice was extremely hoarse.”you cried?”

he huan shook her head. ” no. ”

she lowered her eyes and asked him softly, ” “where’s the first aid kit?”

however, he did not let her go. he pinched her small chin with one hand and said in a lower and deeper voice, ” “you were so fierce when you smashed my car, and now you’re bleeding. is it because i kissed you that you’re so scared?”

“i didn’t.” he huan wanted to turn her face away, but he wouldn’t let her. he held her chin and looked at her carefully. ” you’re still denying it? your eyes are red, just like a little rabbit’s. ”

...

He Huan had felt a little guilty because of his arm injury, but now she was angry again. She glared at him and almost gritted her teeth. I did smash your car, Qin mo, but don’t be so ambiguous with me. You were the one who divorced me. You’re so childish now. If you think that you’ve made a mistake in getting a divorce, fine. I don’t have any objections to us getting married again. I’m fine with it for yihuan.

Qin Mo’s expression was a little unsightly. He stared into her eyes and said in a low voice, ” it doesn’t matter? ”

“alright, it doesn’t matter. qin mo, are you willing to let us remarry?” He Huan stared into his eyes.

This time, Qin mo did not speak.

He Huan smiled understandingly, "you don't know if it's true or not, and you haven't thought about it, right?" Maybe you're just feeling a little uncomfortable in your heart. Qin mo, let go. It's a man who said to let go."

"I went to get the first aid kit," she said, her voice choked.

Although she felt that his wound was a Little Big and should really be treated by a professional doctor, he should be able to take care of himself if he had a fever later on.

qin mo looked at her back view and slowly sat down on the sofa. he took out a cigarette with one hand and lit it.

However, his gaze was still locked on her.

He Huan found the first aid kit and placed it on the coffee table. She watched him smoke and reached out to remove his cigarette, but he grabbed her hand again and said in a low voice, " "didn't you say we're divorced? what does my smoking have to do with you?"

he huan was speechless. " then you can just beat him to death. "

She didn't want to talk to him. She put her hand down and sat beside him, ready to bandage his wound.

"Aren't you afraid that I'll touch you again?" Qin mo tilted his head and looked at her.

"Unless you want to bleed to death." He Huan glared at him.

qin mo's eyes were dark. " i don't need to use my arms to touch you. "

he huan glared at him. " take off your shirt. "

Qin mo was still very cooperative. He took off his shirt and looked at her. "what else do i need to take off?"

He Huan ignored him and started to clean his wound. She used a cotton clip and applied iodine around the wound, causing it to hurt. Qin mo smoked his cigarette and did not cry out in pain. He only looked at he Huan with a deep gaze.

“you asked for it.” He Huan did not sympathize with him. She continued to wipe his wound.

After the wound was cleaned, medicine was applied, and finally bandaged with gauze and bandages, there were many big and small injuries on his arm. After he Huan had wrapped it up, he repeated, ” you should go to the hospital tomorrow to get some medicine. The wound is quite big and might get inflamed.

“No need,” Qin mo got up lazily and put on a shirt with one hand. I’ve applied the medicine. Miss he, you can leave now.

Chapter 4232: i want to kiss you (1)

he huan put down the things in her hands and left.

She had just gotten up when he grabbed her and pulled her hard, causing her to fall onto the sofa. She couldn’t bear it anymore.”qin mo, aren’t you being ridiculous?”

he stared at her with a fragile expression and suddenly said, ” “i just don’t want you to go on blind dates.”

after he finished speaking, he hugged her.

He didn’t do anything but hug her and rested his chin on her shoulder.

he huan’s body was stiff at the start and she didn’t speak for a long time. after he didn’t do anything, her body slowly softened and she said in a hoarse voice, ” “Qin mo, let me go! I’m leaving.”

...

He didn't put her down, nor did he make a sound. He just started to gently bite her shoulder, biting her meat carefully as if it was delicious.

It was so fine and crunchy that it was a little tormenting. If he had kissed her directly or something else, she could have pushed him away, but he was nibbling on her like this. He Huan actually couldn't handle it. She lowered her eyes and let him bite her, but her body was a little tense.

qin mo finally had enough of biting her. he rested his chin on her shoulder again and his breath became deeper. "stay with me. i won't touch you."

"i'm leaving." He Huan's voice trembled slightly.

This was Qin mo. He could always be unclear when they fell out. Sometimes, she didn't even know what he was doing.

When she said she wanted to leave, he naturally wouldn't let go and bit her for a long time. Then, he actually got up and carried her into the bedroom. When he put her down, she was stuck in the soft bed, and he had one hand on the top of her head. His black eyes locked onto her, and his voice was low and hoarse. stay with me.

he huan turned her face to the side and remained silent.

however, at the corner of his eyes, there was a trace of water.

"don't cry," "He Huan, you didn't come to smash my car tonight just to cry," he said in a hoarse voice.

As he spoke, he leaned over and bit the tip of her nose again."have you cooled down now?"

he huan still didn't make a sound. she just tilted her head and bit her red lips lightly. she bit so hard that it was bleeding. her nose was red, and her eyes were watery.

"qin mo, you're just bullying me," she said in a low voice.

qin mo's long fingers gently touched the corner of her eyes as if he was trying to catch her tears. he huan did not let her tears fall.

At this moment, it was as if she had returned to that dark night. He had approached her step by step and trapped her under his body like a trapped beast. The only difference was that she was not as afraid as she was that night.

Perhaps it was because she had sensed that he would not hurt her.

her tears still fell, and they were a little hot. he reached out to catch them and gently rolled them between his fingers.

"don't cry," He didn't know how many times he had said this to her tonight. He only felt that she had come in a fierce manner, and he had also made up his mind to not let her have an easy time.

but now, looking at her rare fragile appearance, his heart softened. he felt that he could not comfort her, so he lowered his head and kissed her eyebrows, nose, and lips.

He Huan wasn't the tall type of girl with long hair. She had short hair and was only 160 centimeters tall. She was also very thin.

But now, he only felt that she was delicate. In the past, she had so much energy in her body, but now he just wanted to protect her and coax her.

Qin mo was originally caressing the corner of her eyes. At this moment, he was moved. He could not help but reach out and hold her short hair tightly. His other hand did the same. He held her head and was almost fixed in place.

Chapter 4233: I want to kiss you (2)

his dark eyes stared at her fervently as if he was staring at a delicious dish.

He Huan's lips were bright red from her biting. She looked up at him with tears in her eyes and a Red Nose.

she seemed to have forgotten to breathe and just looked at him. she was a little scared, but it also seemed like there was something else in her.

The cautiousness of the past being disturbed.

she did not know what she was expecting.

Just as she was being careful, Qin mo opened his mouth and his voice was unbelievably hoarse. "I'm kissing you."

...

It was the first time they had kissed. It was the night they got married. Qin mo had never touched her before that.

he had loved her so sincerely, and he had taken care of her so that she wouldn't have any bad feelings. he was already a little confused, but now he seemed to remember everything.

After Qin mo finished speaking, he Huan's body moved as if she wanted to struggle. However, he held her small head in place and firmly stared at her. After a long time, he slowly lowered his head and carefully kissed her.

Their soft lips touched gently, and it was as if there was a slight electric current that could melt people.

he huan's eyes were still open as she stared at him. she was clearly being taken over by him and kissed. she should have expressed her fear or something else, but she did not move and allowed him to kiss her.

qin mo kissed her lightly for a long time. he stopped for a while and slowly brushed across her lips. there was a hidden hint. then, he pried open her dense lips. the kiss finally became passionate and uncontrollable. he also looked like he did not want to control himself.

he huan finally couldn't help but turn her head away. after catching her breath, she gasped for air. qin mo chased after her and bit her lips again under the gaze of her black eyes. " even now, you still don't know how to kiss the useless little thing. "

Qin mo probably sensed that she was not afraid, so he reached out and gently held her chin. He muttered, " "let's try again."

After he said that, he leaned forward again and kissed her.

that night, he kissed her tirelessly as if he had taught her how to kiss. qin mo's kissing skills were very good, and he huan really didn't know how to waste time in their married life. she had always been passive.

he kept kissing her patiently and gently, but his body did not express it that way.

he huan didn't know why he was holding back, but her heart did soften a little.

After that, she didn't know how she fell asleep on the bed. She knew that they didn't do it. He just kissed her. After that, he brought a glass of milk over and fed it to her, and she fell asleep.

It was not yet dawn when she woke up. She was still a little dizzy. She raised her hand to look at the time. It was only three in the morning.

in the master bedroom, the light was yellow, as soft as the moonlight.

Qin mo wasn't around, so it seemed a little empty.

He Huan sat up slowly and leaned against the headboard. She looked down at herself and realized that she had already changed into her pajamas.

Did Qin MO help her change?

she slowly got out of bed and wanted to get a glass of water, but she was stunned when she reached the living room.

the living room was dark, but she saw qin mo standing in front of the floor-to-ceiling window. he was still wearing the same clothes as before. he stood there quietly with a cigarette in his hand. he didn't smoke much and seemed very bored.

he huan didn't want to alarm him and wanted to retreat. however, the moment she moved, he said, "You're awake?"

Chapter 4234: I want to kiss you (3)

He Huan froze for a moment, but Qin mo had already turned his head and was looking at her quietly.

The cigarette between his fingers was still burning, and the smoke blurred his face, making it impossible to see his expression.

"i want to drink a glass of water." he huan's lips moved.

qin mo stared at her for a few seconds. he put out his cigarette and walked over. " i'll pour it for you. sit and wait. "

with that, he turned on the lights.

The room was bright, and he Huan realized that the living room had been cleaned up. The bloodied gauze and shirt had been cleaned up. She knew that Qin mo was a very particular person and couldn't tolerate messy things. However, she wasn't like that. She didn't put on makeup during filming. Sometimes, she would go to bed too late and wash her face the next day. Sometimes, she would also wonder why a picky man like him was so persistent about her.

...

However, she wasn't stubborn anymore. They were divorced, and the current situation didn't matter. Maybe after they had sex, he would still be President Qin the next day and she would be director he or miss he.

he huan let out a long breath. he didn't know why he was feeling uncomfortable.

at this moment, qin mo came over and handed her a cup of wine. he sat down beside her.

he huan took a small sip of water and seemed to be thinking about what to say.

Qin mo seemed to know what she was thinking. He reached out and stroked her hair. it's too late. My hand isn't convenient. I'll leave in the morning. Drink some water and go to bed.

He Huan's mind exploded. what about you? ”

he felt a little regretful after asking.

qin mo looked at her quietly and did not make things difficult for her. he only asked in a low voice, ” “he huan, have you ever thought about why you were willing to stay last night?”

He Huan was stunned for a moment, not understanding why he suddenly said that.

Qin mo locked his gaze on her and reached out his hand. He said inexplicably, ” “You really don't like me? if you don't like him, you'll spend the night with him alone. we're not husband and wife anymore, but you're still willing to lie on my bed and be kissed by me. he huan, have you ever thought about how rong yue would treat you if he did that?”

His voice became even more hoarse.”who has been in your heart all these years?”

Perhaps he had always thought that she had no feelings for him, even though she had said that she liked him.

however, she really didn't leave last night. at first, she was a little violent, but in the end, she still obediently helped him bandage his wound. she looked at his injured eyes. there was something different in his eyes, which also startled qin mo.

When she asked him if he was willing to remarry, he lied. He didn't say anything because of what she said in anger. Perhaps when he said yes, she immediately regretted it and ran away. He kissed her for a long time without changing his expression. She was obedient and not very afraid.

qin mo really wanted her, but he was still willing to take it slowly. this time, he might be more tolerant of her, as long as he had a little more confidence.

Redemption was not for pleasure, but for the feelings between them.

he was almost certain that he huan's heart was filled with him.

Qin mo simply squatted down. This was another very submissive posture. He looked up at he Huan and she felt a little uncomfortable. Her fingers that were holding the cup were very tight.

After a while, she said in a low voice, " I want to sleep.

She put down the cup and wanted to get up, but he held her hand and intertwined their fingers.

"Qin mo." "You can't force me!" She said in a trembling voice.

"what do you mean by forced?" "i thought it was our own wishful thinking," he murmured.

Chapter 4235: I want to kiss you (4)

He Huan's lips trembled slightly, then she turned her head away.

She didn't want to answer him.

qin mo looked at her for a long time and did not wait for her reply. he did not want to force her.

Yes, he could force his body and also force his heart?

he laughed at himself. " sleep early. i'll sleep in the guest room. "

with that, he let go of her.

...

He Huan thought that he would leave. After all, his expression had turned cold. However, when he got up, he carried her up and gently carried her to the master bedroom. He placed her on the bed.

This time, he didn't kiss her, but silently looked at her for a while.

"He Huan, think about why you're here. Are you really angry at me? Or something else?" He asked her in a low voice, " if I didn't go to the restaurant, if I didn't ruin your blind date, if I saw you with someone else and walked closer to rongyue, would you hate me more? and now, do you feel a little satisfied with me? "

He said so much that she couldn't digest it for a while, so she just looked at him in a daze.

Qin mo bent down and kissed her. I'll wait here for you to come back. Any time is fine.

at this moment, it was as if she had returned to the past few years. he had also told her that he would wait for her here and that she could come back whenever she wanted to.

He Huan gently bit her lip, feeling extremely sad.

It wasn't that they didn't love each other, it was just that Hanhan didn't know either. So, when he was about to leave, she put one hand around his neck and said, " "Don't go."

Qin Mo's body froze, and his clear black eyes fell on her face.

he huan didn't want him to look at her, so she pressed her face against his chest and said in a hoarse voice, " "don't go."

at this time, she was very small, and it could arouse the man's desire to protect and conquer her. moreover, it had indeed been a long time since he had done it. before tonight, he could have done it in bed, but he was afraid that she would cry and did not dare to come. now, she was obviously inviting him.

he huan wanted to do it with him, and this was a huge temptation for qin mo. his eyes became frighteningly deep, and he slowly held her waist with one hand. his voice was deep and hoarse."are you sure?"

She didn't say anything. She just raised her head and kissed his neck and chin. Finally, she stopped at his Adam's apple and bit it gently, just like how he bit her shoulder lightly tonight.

qin mo exhaled with difficulty.

He Huan had never treated him like this before.

It was very tempting, and he could not control his emotions.

at this moment, no matter how much he restrained himself, he was no longer a man.

He hugged her and kissed her back. It was a deep and wild kiss. Although he Huan was a little stiff, she was trying her best to relax. Qin Mo's heart softened. He placed his thin lips behind her ear and said, "I will be gentle.

That night was probably the most relaxed night since they got married and divorced. In the past, no matter how thoroughly they did it, Qin mo would still feel a little disappointed. He Huan rarely took the initiative and was always passive in accepting it.

But tonight was different. She wanted to kiss him as much as he did.

when it ended, the sky was already bright.

He had come a few times, and if it wasn't for his arm injury, he would probably have been more boorish.

Yes, he was gentle at first, but it changed after that. She didn't need his gentleness and affection.

Qin mo calmed down for a while and turned sideways to look at her. let me carry you to take a shower.

He Huan shook his head, his voice hoarse."I want to sleep for a while."

Chapter 4236: i want to kiss you (5)

she was really exhausted. his arm was not convenient, and she had used a lot of strength.

qin mo looked at her and suddenly chuckled. he did not say anything and just reached out to stroke her short hair. he took a tissue and helped her clean it up.

After that, they slept together.

He Huan was in a deep sleep. It had been a long time since she had slept like this. She had something to deal with today, but Qin mo had turned off her phone.

if he was looking for her number, he would naturally come to him. he would usually send anyone else away, but when he huan's mother, su cheng, called, he had to be careful.

He wanted to reconcile with he Huan, but he Huan was not his biggest obstacle. After all, they had already done it.

...

It was su Cheng and uncle Kime. Uncle Kime said that he should not regret his divorce. At that time, he really wanted to get a divorce, but after he found out that he Huan had feelings for him, he changed his mind. Qin mo thought about it and felt that he was a fickle man.

he picked up the phone and looked at he huan's sleeping face. he got up and went to the study room, closing the door.

"Mom," she said. He called her su Cheng respectfully. In fact, before he had abused he Huan once, su Cheng had been very satisfied with him. It was hard for parents to accept and forgive him for violence once, but she had wanted to live with it as long as possible. She had not expected Qin mo to ask for a divorce.

But now, su Cheng got angry when she heard him call her 'mom'. Qin mo, you don't have to be so submissive. I know what you're thinking. And I'm telling you, you can't just follow he Huan all the time after you've ruined it once or twice. Besides, you were the one who wanted to get a divorce. As he Huan's parents, we didn't make it difficult for you at all. Can you stop making it difficult for us and he Huan now? "

Qin mo was silent for a moment before he said in a low voice, " "she's still sleeping."

Su Cheng was stunned for a moment, and her voice became sharper. "What did you just say?"

qin mo smiled. " we're together again. so, mom, there's no need to arrange any blind dates for he huan. "

On the other end of the phone, su Cheng's eyes were about to explode. She rubbed her hands hard. It was almost 12 o'clock and he was still sleeping. He must have done something last night, the kind that lasted the whole night.

What a disappointment!

" you! " su cheng was furious. " get he huan to answer the phone. "

on this point, qin mo was quite insistent. his voice was gentle, " "She's only slept for three hours. Let her sleep a little longer."

Su Cheng couldn't bear to hear such words. why didn't your heart ache when you tormented her? "

Then, for some reason, she hung up the phone.

After hanging up, su Cheng was furious. However, after thinking about it carefully, this might not be a bad thing. Last time, Qin mo had advised he Huan to be rough, and she had been worried that he Huan would be afraid of a married life in the future. This should not be a problem.

however, she still did not agree.

Of course, Kime did not agree either.

In the end, when they arrived at the apartment, they were not alone. Qin Chu's parents were also there.

Below the apartment, she saw Qin Mo's car being smashed into pieces and left unattended.

&Nbsp; Qin Anlan rubbed his nose. this trick of injuring oneself is really good!

ye liangqiu glared at him, and only then did he shut up.

When Qin mo opened the door, he had probably expected su Cheng to come, but he did not expect his own parents to be there as well. His handsome face blushed a little and he opened the door to let them in.

it was still alright for others, but qin anlan gave him a good hit. ” “kid, you've become more capable, haven't you?"

Chapter 4237: Come back to my side (1)

qin anlan's blow was not light, but qin mo did not retaliate. a few red marks appeared on his forehead.

This time, su Cheng and Kime could not do anything and could only glare at Qin mo.

Although their daughter had been married to Qin mo before, and this kind of relationship was nothing, now that he Huan and Qin mo had divorced and were sleeping together, as parents, they felt that they had suffered a huge loss.

Su Cheng glared at Qin mo and then asked, ” “where’s he huan?”

just as qin mo was about to speak, the sound of footsteps came from the direction of the master bedroom. it was followed by he huan’s voice, ” “qin mo, why didn’t you wake me up?”

He Huan walked out and was in a daze. She looked at her parents and Qin Mo’s parents and didn’t react for a long time.

...

Qin Mo’s eyes narrowed and he immediately said, ” “go in and change your clothes before coming out.”

He Huan lowered her head and looked at herself. She realized that she was only wearing Qin Mo’s Black shirt. It was long enough, but her legs were bare and she did not have shoes on.

She immediately ran back to the bedroom.

At first, su Cheng and Kime were just angry, but they had just seen their daughter’s neck covered in hickeys and obvious strangle marks on her legs.

Please don’t do anything in front of Qin Mo’s parents.

Qin Anlan, who was beside him, was as smart as a Fox. How could he not know the meaning of ‘please’? he coughed lightly. Qin mo, this brat, really deserves a beating. If you want to beat him up, I won’t object.

After saying that, Kime did not hold back and punched him.

it probably happened to hit qin mo’s arm where it was injured, and it actually bled all of a sudden, dyeing the white bathrobe red. it was a shocking sight.

The elders were stunned, especially uncle Kime.

qin mo laughed nonchalantly. " i was injured before. "

although he was detestable, as parents, they still felt sorry for him. ye liangqiu and qin mo looked at each other. it wasn't appropriate for them to ask how he had been injured. it couldn't have been caused in bed.

There was only one possibility, and that was the car window downstairs.

Qin Anlan's thoughts were very different. His son was really great. He could still settle his wife even with his arm injured. Looking at he Huan, it was very possible that the two of them could reconcile.

Although he was a little proud, he still cared about his son. His tone was not very good."you two are so messy. you've been married for so many years, but you're still so impatient."

with just a few words, he had actually cleared up the matter of divorce.

su cheng wanted to say something, but when she saw the wound on qin mo's arm, she swallowed her words.

qin mo didn't mind. " it's just a small injury. he huan has already helped me bandage it. "

qin anlan glared at him fiercely. " you still say you're fine? come here, I'll take off my clothes and take a look.

Qin mo was rather obedient. Actually, he also knew that his wound had probably opened up and it was very bad. Hence, he unbuttoned his shirt and revealed his upper body.

The gauze was removed layer by layer. The wound was not very good and looked a little hideous.

Qin Anlan really wanted to scold him.

He narrowed his eyes. He was injured to this extent, yet he didn't go to the hospital for his eyes to narrow. He even had the heart to do that.

Qin Anlan had long forgotten how smug he had been. He touched his nose. I'll get Chenchen to come over.

qin chen was naturally at ease when he came over, and he rushed over with the medicine.

The entire family, old and young, watched as Qin mo treated his wounds and ran ran the bite and scratch marks on his body.

She hadn't noticed it before and was only worried about his injury. Now that she saw it clearly, the atmosphere suddenly became subtle.

Chapter 4238: Come back to my side (2)

everyone's eyes fell on qin mo's neck. they admired his body that was bitten and scratched, guessing the level of passion.

Of course, Qin Chen saw it too, so he treated the wound slowly on purpose.

let's enjoy such a beautiful scene together!

Qin mo understood her dark thoughts very well and looked at her speechlessly. "hurry up,"

"why don't you feel pain when you feel good?" qin chen smiled at him.

Qin mo rolled his eyes at her. Qin Chen then looked at he Huan."is it huanhuan?"

...

How could he Huan have any face at this moment? he scratched his head and didn't say anything.

Qin Chen smiled even more happily. how violent! Qin mo, look at how neat the scratch marks on your back are. It's simply art. I'll take a photo to commemorate it. ”

As she said that, she really took a picture to remember.

qin mo buttoned up his shirt and tried to snatch the phone from qin chen's hand.

“20 million, deal or not!” Qin Chen took it away and smiled.

this extortion was really honest, and it was in front of his parents. only qin chen could be so shameless.

qin mo glared at her and gritted his white teeth. ” “deal,” he said.

“Go to the study and get my checkbook,” he said to he Huan.

these words were directed at her little sidekick. under so many gazes, he huan still went.

after a while, he brought a checkbook over and placed it in front of qin mo.

Qin mo lifted his chin. help me write. I'll just sign it. It's not convenient for my arm.

he huan looked at him and was a little speechless. however, she still wrote down a set of numbers for him and signed it.

qin mo took a look and said softly, ” “it's wrong.”

“there's no mistake!” he huan took it back and looked at it. It was clearly 20 million.

qin mo's gaze was a little deep. " shouldn't we pay for this together? you give ten million, and i give ten million. "

He Huan was furious. I was filming your body.

"I don't mind telling others that it was director he who caught it." qin mo said shamelessly.

he huan glared at him.

at this moment, qin chen was about to admit defeat. he snorted softly. " how shameless. "

qin anlan could not stand it anymore. his son was not a good person. how could he have given birth to such a thing?

"Huanhuan, I'll pay for you," he snorted.

it was not a big deal to pay, but the word 'dad' was remarkable. furthermore, he had helped qin mo take advantage of him. his son's blood couldn't be shed for nothing, right?

Qin Anlan touched his pocket as he spoke. Ah, he did not bring his checkbook!

However, it didn't matter. As the Father, what was the big deal with using his son's money?

Hence, he took Qin Anlan's checkbook and wrote 20 million as he said, " " i'll even pay your 10 million. come over and sign. don't play dead. i know your arm is still intact. "

Qin mo was speechless. He signed it and handed it to Qin Chen. here you go!

Qin Chen was quite impressed. It turned out that the most shameless person in the Qin family was none other than their father.

However, she still accepted it and shamelessly asked for a consultation fee. Qin mo was about to fall out with her, but Qin Chen Ran away quickly and said, " "remember to change the medicine at my place tomorrow, if you don't want the inflammation."

Qin mo rolled his eyes at her and watched her leave.

Only the four elders, Qin mo, and he Huan were left in the huge apartment.

They had to talk about their matters.

KIME was the first to express his stance. his voice was calm but determined.”Even though you guys are like this, I still don’t agree.”

Chapter 4239: Come back to my side (3)

After he finished speaking, he looked at he Huan. come home with me and your mother.

He Huan was sitting next to Qin mo. When she heard her father’s words, she instinctively stood up.

it was because it was indeed only a one-night stand between her and qin mo. nothing could be changed.

it didn’t mean that they could be together just because they wanted to be together. there were many things between them that couldn’t be changed after one relationship.

However, the moment he Huan got up and moved, Qin Mo’s hand grabbed her hand and refused to let go.

His eyes were a little deep as he stared at her for a few seconds, then he said in a hoarse voice, ” “I do regret it.”

...

Then, he got up and slowly walked over to su Cheng and Kie, kneeling down.

everyone was still shocked.

Qin mo had been very proud since he was young. Although he wasn't the boss, ye Muyun had been with the Tang family since he was young, so Qin mo was the boss of the Qin family. He had never been so humble to anyone before. But now, because of Kime and su Cheng's opposition, he had to kneel.

He Huan had asked him if he wanted to remarry, but she had said it out of anger, so of course he wouldn't agree.

At this moment, he knelt in front of Kime and su Cheng and said clearly, "I want to be with he Huan. Even if we don't remarry for the time being, it'll be good if I can have a blind date with her.

as an elder who had watched him grow up, he should have been soft-hearted, but su cheng would not. now that she looked at qin mo, she was just like qin anlan, too evil.

su cheng snorted softly, 'a blind date? You and he Huan just left like this, what qualifications do you need?"

she was really furious.

Qin mo was still kneeling respectfully. He said in a low voice, "we still have to go through the process.

the four elders were all angered to death by him. this was the process?

su cheng wanted to say something, but he huan spoke up. " "Mom, I'll go back with you."

She stood up as she spoke.

Qin mo had also woken up. There was a sense of loss in his eyes.

"i'm going back," he huan said in a low voice.

When she left, everything that happened last night was like a farce. Qin mo had always been overbearing, but in front of he Huan's parents, he could not force her to stay.

"I won't give up," he said with a sigh.

he huan turned her head, her voice even softer. "i asked you."

he stared at her, his eyes burning with passion. su cheng dragged her away.

In the elevator, Kime asked su Cheng, "You really don't agree?"

"you softened it just like that?" Su Cheng was petite, but she had a strong aura. He Shuheng, let me tell you, women are valuable only if they are more reserved. Qin mo said that if you want to get back together, you can get back together with him. That would be so embarrassing."

"what do you think?" kim looked at he huan.

"Let nature take its course," He Huan lowered her eyes. at least I don't want to do it now. I just want to do a good job with " twin ".

she didn't say anything after that.

Su Cheng wanted to say something but was stopped by Kime.

When only Qin Anlan, his wife, and Qin mo were left in the apartment, Qin Anlan immediately smacked his son's head with melon seeds. you've completely disgraced the Qin family by kneeling.

As he said that, he sighed and thought about it again."forget it. as long as you can find your wife ..."

"Are you confident?" he asked, placing his hand on his son's shoulder.

Qin mo laughed. dad, what do you think? "

Qin Anlan snorted coldly. don't think that just because the little girl is willing to sleep with you now, she wants to be with you. This is the era of artillery fire. Wake up, son!

Chapter 4240: Come back to my side (4)

"He Huan and I are different from those people," Qin mo frowned.

Qin Anlan sat opposite him and smiled. "What's the Difference? didn't they sleep together at night and leave during the day after taking some P shares? Didn't he Huan leave?"

although this was a twisted logic, there was no way to refute it. if qin mo said that he huan loved him or something, his father would probably laugh to death and look down on him.

He did not say anything and touched his pocket. He probably wanted to smoke, but Qin Anlan said in a deep voice, " "You're not allowed to smoke for the next few days since your arm is injured like this. you don't have a wife by your side, so you'll have to come back and stay with us for a few days."

qin mo shook his head. " i just live here. it's not a serious injury. "

"Do you think he Huan came back in the middle of the night to secretly visit you?" The Father didn't give him any face and sneered.

...

qin xiaomo's dazed expression immediately turned a little listless.

If he did not return to autumn garden, Qin Anlan and ye Liangqiu would be worried about him. They had personally arranged for an Auntie to stay with him 24 hours a day. Qin mo said that he did not want to stay, but his parents insisted. In the end, they allowed the Auntie to stay.

The Auntie was an old hand in the Qin family and had always known Qin Mo's taste. Seeing that Qin mo was injured, she made a table full of delicious dishes and nagged as she served the dishes, "how did young master get beaten up like this? who's stopping now? "

Qin mo had always had a friendly relationship with her. He laughed and teased her, " "It was he Huan."

auntie lan's mouth was wide open in surprise, and she only spoke after a long time, " "how is that possible?"

qin mo didn't say anything more and just drank the soup slowly.

later, when auntie lan was making his bed, she found that the bed was very messy, as if he had been rolling around for a night.

Moreover, there was still blood on the bed.

Auntie LAN, who was in her fifties, tidied up the messy bed with a red face. The two little ones really didn't have any self-control.

qin mo's arm was injured, so he couldn't go to the office today. besides, he had worked for most of the night last night and was a little exhausted. he lay on the bed and played on his phone for a while before he couldn't help but think of he huan.

Even though she had run away without a conscience, he still missed her.

He knew that he Huan could not be blamed for this, and he also knew that it would not be a matter of one or two days for her to accept it. However, he was willing to wait. He was willing to pursue her again.

He and he Huan did not seem to have been in a relationship.

just thinking about it made qin mo's heart flutter. he took out his phone and dialed he huan's number.

however, she did not take it. perhaps she did not want to talk to him, but qin mo was not angry ...

When they had sex last night, he could feel that she had feelings for him. Even if she hated him, she still had feelings for him.

qin mo sent her a wechat message.

[Auntie LAN is here to take care of me, don't worry.]

about five minutes later, he received a message.

[no one is worried about you.]

[is that so?]

Qin mo sent another message.

[but I'm still quite concerned about you. I didn't use protection last night.]

After he finished speaking, he lay down and placed his phone aside. As expected, he Huan's call came in a while later. Qin mo waited for seven or eight times before he picked up. His voice sounded a little lazy, "director he, what's the matter?"

he huan was furious. she gritted her teeth. "was what you said just now true?"

"What did you say?" Qin mo played dumb.

He Huan was even angrier. did you use a T!!!

"come over and i'll tell you." qin mo smiled.

"have you eaten?" he asked in a gentler voice.

he was always afraid that su cheng would lecture her and she would not be in the mood to eat.
