

## Thank you 4241

Chapter 4241: Come back to my side

he huan didn't say anything, but from her aura, it was obvious that she was furious.

“are you still angry with me?” qin mo sighed softly.

he huan gritted her teeth. ” qin mo. you only need to answer my question. ”

“what question?” qin mo acted dumb.

He Huan held her breath for a moment. Qin mo!

“I'll tell you if you come over,” Qin mo smiled.

...

she was angry. ” i'll take my medicine! ”

He was about to hang up when he said, ” ” i used protection, he huan. do you think i'm a bastard who only cares about his own enjoyment and doesn't care about your body? ”

” you're ... ” he huan was extremely fierce. after saying these three words, she hung up the phone.

Qin mo looked at his phone. Instead of being angry, he smiled.

he huan seemed to be cuter than before.

with one hand behind his head, he thought to himself, maybe it's a good thing that they're getting a divorce. at least now he huan has learned how to act coquettishly towards me. that's right, she was acting coquettishly just now.

qin mo's long and beautiful fingers stroked the phone as he smiled. his smile was extremely beautiful.

After that, he laid down and fell asleep.

He hadn't had a good night's sleep for many days. Now that he was lying down, he felt especially comfortable.

When she woke up, it was already the morning of the next day.

When she opened her eyes, she suddenly remembered that today was he Huan's Day in C city. Her crew had been there a few days ago, and he Huan, the director, was the last to go.

qin mo laid down and let out a deep breath. both his body and emotions were a little unbearable.

after a while, he realized that he had a fever. he reached out and touched his forehead. it was hot.

hence, it became even more difficult to endure.

He got up, changed his clothes, and went straight to Sheng Yuan hospital to find his sister, the black-hearted doctor, for treatment.

due to his poor health, the chauffeur drove. when they arrived at the hospital, qin mo went straight to qin chen's office. qin chen happened to be there and was enjoying his coffee.

qin mo walked over silently and looked at everything in the black-hearted doctor's office. it was even more luxurious than his office. however, it was good that qin chen liked it. as an older brother, he still doted on his younger sister. however, this younger sister was like a younger brother.

Qin Chen looked at Qin mo and smiled. coffee, tea, or water!

"As you wish." Qin mo said calmly.

“You look so sad!” Qin Chen laughed.

Qin mo glanced at her and did not say anything.

qin chen smiled, walked over, and touched his forehead. ” “you have a fever! are you feeling unwell because he huan is going to C city today?”

“you knew she was going to C city?” qin mo looked at her.

qin chen smiled. ” i’m closer to he huan than you think. we used to be sisters-in-law, so don’t forget that we’ve been friends for generations. you know how close uncle KIME and aunt su cheng were to the qin family. i handed he huan to you because i was at ease. brother, don’t blame uncle kie and aunty su. they didn’t have it easy in the past. he huan was their only child, and even his parents couldn’t get over that matter. even if he huan let go of them, she couldn’t truly be at ease.”

she paused for a moment before continuing, ” so, it’s impossible for he huan to agree to be with you so easily. she has to consider her parents’ feelings. after all, she’s not a child anymore. she can’t break up and get back together as she pleases. ” Brother, you’re a man and you can’t understand a woman’s feelings.”

qin mo looked at qin chen with a curious gaze. ” “You can experience that?”

“Go one, you one.” qin chen rolled his eyes at him, then went to get the medicine. he asked his brother seriously, ” “Are you going to hit the P \* s or the arms?”

qin mo glared at her, took off his coat, and stretched out his uninjured arm.

qin chen unbuttoned his shirt for him, tied it to his arm, and applied the medicine on the other side.

She paused. I’ll go to your place again tonight. The injury is quite deep. I still need to take medicine.

“you won’t refuse to eat, will you?” she asked, worried. I remember that you used to have to be coaxed when you took medicine. Now that he Huan isn’t here, do you want Auntie LAN to coax you?”

qin mo looked at her again and did not say anything. he just rolled down his sleeve.”give me another shot tonight. i don’t want to take medicine.”

qin chen laughed. ” it’s the same as before. i’ll call he huan and ask her to coax you. ”

” what? ” qin mo looked at her suspiciously. ” does it charge? ”

“Do I look like that kind of person?” Qin Chen smiled.

however, she changed the topic and continued, ” “i’ve recently taken a fancy to a set of cups. i’ll send it to you.”

As she spoke, she swiped her phone and sent it to Qin mo.

Qin mo originally thought that it was either for tea or coffee. At most, it would be in the millions. It was already very good. However, when he saw the picture, he almost vomited blood.

qin chen had his eyes on a set of cultural relics.

The starting bid was 80 million!

“why don’t you just rob someone instead?” qin mo said expressionlessly.

“It’s illegal to Rob outside.” Qin Chen smiled.

“then ask your husband for it.” Qin mo snorted. with Lan Yu’s net worth, they can afford one set a day.

“a few days ago, i just spent a little of his money,” qin chen said slowly.

qin mo knew that this little amount of money was worth at least one billion. to be honest, all the men and women in the qin, lan, and ye families who could not earn money added together could not spend as much money as qin chen.

## Chapter 4242: please coax me (1)

however, everyone seemed to be used to it.

because qin chen was qin chen, she was the only one. she was actually very rich, but as she grew older, she became gentler than before, so everyone was still willing to spoil her.

qin mo looked at her and silently transferred 100 million to her. he placed it in her palm and said, "don't forget what you promised."

"Brother, do you really like he Huan?" Qin Chen laughed.

His handsome face was a little hot, and Qin Chen thought he wouldn't say anything, but he actually said, "Yes."

After saying that, his face became even hotter, but he couldn't take back the words he had said.

...

qin chen originally wanted to say a few harsh words, but when he saw qin mo's eyes filled with love when he talked about he huan, he couldn't bear to say it. thus, he smiled and didn't say anything.

qin mo left and went to the office to deal with some important business matters. he ate a little for lunch and went to the lounge. he was clearly a little tired and uncomfortable, but he held his phone and waited.

she was waiting for that person's call.

After waiting for an hour or two without any results, he felt a little disheartened. He felt that she was cruel, but after a while, he felt that it was his fault for Hanhan.

at this moment, he felt that his mood seemed to have returned to the time when he was newly married, worried about personal gains and losses.

Although he still loved her later on, he did not give in to her too much anymore. He was a little overbearing. He had let her go for so many years, but he had also given up on their relationship.

perhaps he was tired at that time.

qin mo thought about it for a long time. in the end, he was really tired and fell asleep.

After an unknown period of time, his phone rang. Qin mo woke up immediately after the first ring. He grabbed the phone and looked at it. It was not he Huan.

She was more or less disappointed. She hung up the phone and lay back down on the bed.

His eyes were wide open, and he looked very depressed.

In the end, she simply hugged a pillow in her arms and gently bit it.

she was like a young girl in love!

At this time, Secretary he had something to ask for instructions and knocked on the door.

At this time, young lady Mo was also too lazy to pretend. She still maintained her original appearance and only said, "come in."

Secretary he walked in and wanted to report on his work, but he was shocked by young lady Mo.

Boss Qin had never been like this before. He was already over 30 years old, but now he was like a young man, pure and cute, with anticipation and resentment. He was really cute.

secretary he tried his best to hold back his laughter and coughed lightly. "President Qin, Vice President Huang called just now. He had something to discuss with you. He wanted to call you, but ran ran didn't pick up."

only then did qin mo remember that the call he had just hung up was from vice president huang. he sat up slowly and said, ” “I’ll call him later.”

secretary he knew that he was doing this for he huan. he smiled and said, ” i’ll go out now. ”

“wait a moment.” Qin mo called out to her and coughed lightly. “help me check director he’s flight number.”

Secretary he blinked his eyes and pretended to be confused. director he? ”

qin mo’s voice was a little embarrassed. ” secretary he! ”

“alright, i’ll go now.” secretary he smiled apologetically.

when she finished her investigation and came back, she saw qin mo leaning against the bed and talking to vice president huang on the phone. he was even hugging a pillow in his hands. that scene was indescribably loving.

As Secretary he waited, he quietly admired his boss’s passion. This was a rare sight to see in a thousand years!

## Chapter 4243: Please coax me 2

Qin mo noticed that Secretary he was there and hung up the phone after exchanging a few more words with Vice President Huang. He asked lazily, ” “you’ve found it?”

“yes, president qin.” secretary he nodded. Director he’s flight is at 2 pm, which means she’s still on the plane.”

she just didn’t know if her explanation would make president qin feel better. it seemed like president qin was in need of comfort.

qin mo's expression was calm, but he was still hugging his pillow and quietly lost in his thoughts.

hence, secretary he did not leave.

After a while, he finally realized that Secretary he was still there. He glared at Secretary he and the latter said, "I'll be leaving then, President Qin."

...

He couldn't help but smile. He didn't say anything and left.

secretary he went out while qin mo continued to lie down and rest. he looked at the time and saw that it was three in the afternoon.

After looking at it for a long time, he finally threw it to the side and let out a long breath.

He Huan, this little bastard!

After that, she couldn't sleep anymore, so she got up to smoke a cigarette. She actually forgot about her arm injury.

after finishing the cigarette, she felt even more depressed and her head hurt.

At five o'clock in the afternoon, he still did not receive a call from he Huan, so he got angry and waited.

she didn't take her medicine when she returned home at night, so qin chen came over to change the medicine and checked her temperature. "Why is it still over 38 degrees?"

Qin mo leaned back on the sofa and did not say a word.

Qin Chen laughed, "why would you really expect he Huan to come and coax you?" brother, how old are you?"

qin mo lazily looked at the television. ” you took the money. ”

Qin Chen laughed and took his phone to the side. He made a call and said a few words. Qin mo didn't care too much and listened to him. He was sure that he Huan was the one who picked up the phone.

Qin Chen hung up the phone and glanced at his brother. “are you satisfied now?”

qin mo glanced at her and did not say anything.

qin chen smiled and left.

After she left, boss Qin waited and waited. He even hugged a pillow, looking forward to it like a big dog.

Even Auntie LAN couldn't help but laugh when she came over to hand him some water. you're usually like a tyrant, but look at how pitiful you are now. Didn't you say that he Huan was the one who hit you? why are you still thinking about home? ”

qin mo frowned. ” auntie lan, you don't understand. ”

auntie lan sat beside him with a smile and reached out to touch his forehead like she was touching her own son. after a while, she said softly, ” “How can you not understand? you've liked he Huan since you were young.”

when qin mo heard this, he was actually a little dazed and did not say anything for a long time.

“aunt lan, it's all in the past.” he forced a smile.

“Aren't you still thinking about it?” auntie lan smiled. ” when i saw you earlier, i thought you were a little cold. who knew that after we separated, you'd become even more obsessed than before? ”

Seeing that Qin mo was about to say something, Auntie LAN smiled. “you don't have to deny it, i saw it for real.”

as she spoke, she gently stroked his forehead and said slowly, "a woman's heart can't be warmed up after being cold for a while. Give her some time. Treat her well and she'll change her mind one day. Besides, you're still in the mood to be together. You're different from others."

"Auntie LAN, right?" Qin mo smiled.

then, he picked up the phone and said in a low voice, "She doesn't really care about me. If not, why would she still be so heartless even after Qin Chen called?"

"she's a girl, can't you take the initiative?" auntie lan glared at him.

Chapter 4244: Please coax me (3)

Qin mo looked at her and did not say anything. He lay down again and took out his phone to look at it.

after some thought, he told auntie lan. "there are hot water bags at home. in the past, he huan would always carry two hot water bags when her hands were cold. you can't find a hot water bag."

"what do you want this for?" auntie lan asked.

"just go and get it." Qin Mo's face was flushed.

Auntie LAN looked at him and shook her head. it's rare to see you so weird.

however, she always doted on qin mo and went to look for him very quickly. she really found him and passed two hot water bottles to qin mo. qin mo hugged them and looked at her. "Bring a blanket over."

...

auntie lan was curious. ” what’s wrong with you today? you’re acting so weird. ”

qin mo’s face was slightly red, and auntie lan brought a small blanket over to cover him. as she covered him, she said, ” ” it’s such a hot day, yet the cover is so thick and there’s even a hot water bag. qin mo, are you weak? ”

As Auntie LAN spoke, she was thinking about whether she should give Qin mo a warm supplement when he was better. Otherwise, if he didn’t perform well on the day she used it, she might not be able to keep his wife.

At this moment, Auntie LAN was really worried to death.

On the other side, Qin mo covered himself with a small blanket and covered himself with a hot water bottle. When he felt that it was about time, he took the thermometer at the side to measure the temperature of the cute frog that Xuxu was happy with for a while. The thermometer beeped and took out to take a look. It was 40 degrees.

Auntie LAN was frightened, but after a while, she calmed down, and her gaze was a little indescribable.

Qin mo, this child, was a little too despicable and shameless. He was not like this in the past.

Qin mo passed his phone to Auntie LAN and the thermometer. “call he huan and tell her that my fever is at 40 degrees. show her this.”

Auntie Lan’s three views were completely shattered.

It can even be like this?

However, Qin Mo’s expression was calm, but his eyes were filled with anticipation.

auntie lan’s heart softened. she could only sigh and make a video-frequency phone call.

On the other side was he Huan. She had just settled down in a hotel in C city and had asked about the production team's matters. She was only resting now. After having dinner, she took a shower and sat by the bed to dry her hair. At this time, Qin Mo's call came.

She was still a little angry at him for being mean to her yesterday and didn't want to pick up the phone.

Even though her phone rang seven or eight times, she was still drying her hair unhurriedly.

his phone was still ringing. he huan put down the towel and answered the call with a frown.

To her surprise, it was not Qin mo but Auntie LAN.

auntie lan's expression was a little serious. " he huan. "

"What's the matter, Auntie LAN?" he Huan asked.

"It's Qin mo." Auntie LAN said helplessly, " he has a fever. It's quite serious, but he doesn't want to go to the hospital or take medicine. I have a headache. I was still calling your name when I fell asleep just now, so I thought I could call you to persuade him. Maybe he'll listen to you.

Then, Auntie LAN showed he Huan the thermometer. look, it's already 40 degrees. Qin mo is still refusing to go to the hospital like a child.

he huan bit her lip and asked, "why is it so hot?" auntie lan, let qin mo talk to me. "

She didn't want to care about him, but she was the one who caused the injury on his arm. She still had some responsibility, and she didn't want to admit that she was a little soft-hearted.

Auntie LAN passed the phone to Qin mo and gave him a look. She said softly, " "you little rascal."

qin mo's face was slightly red. he waved his hand to signal the old man to leave. didn't he want his face?

Chapter 4245: please coax me (4)

auntie lan looked at him and shook her head helplessly.

This boy, ah, when he grew up, he was really particularly bad, really bad to the core.

after auntie lan left, qin mo turned to he huan and said in a cold and calm tone, ” “Is there something?”

He Huan paused for a moment. Auntie LAN said that you have a fever of 40 degrees. Why didn't you go to the hospital or take any medicine? ”

president qin leaned back on the sofa and said proudly, ” “I don't want to go.”

He Huan was so angry that she wanted to ignore him and hang up the phone.

...

however, she was the one who had caused this injury, so she suppressed her temper and softened her voice.”You should at least let Qin Chen come over.”

“She did, but her fever is still high.” Qin mo seemed to be making things difficult for her as he said that.

He Huan was speechless,”then how did you do it?”

President Qin laid on his stomach and looked at her again. His voice was filled with pride.”i don't want to take medicine.”

He Huan stared at him for a few seconds before slowly saying, ” ” qin mo, you are an adult in your thirties. you are different from yihuan. ”

“I’m the same as her now.” He stared at her. I just want someone to coax me. I’ll take the medicine after I’m coaxed.

He Huan would usually ignore him when he acted like this. However, she was very tired now and wanted to brush it off and rest early. She couldn’t bear to do it, and her face was unusually red on the screen.

He Huan wasn’t good at coaxing people, and she wasn’t even good at coaxing Yi Huan. Now, she had to coax Qin mo.

She bit her lip and finally made up her mind. She said awkwardly, ” “You’ll be fine after you take medicine.”

“i don’t feel like eating.” the ill, tsundere man said, asking for a beating.

He Huan wanted to beat him to death. it’s fine if you don’t want to eat. It’s up to you!

“You didn’t want to coax me? he huan, is this how you coax people?” Qin mo was even more unhappy than her and snorted softly.

He Huan glared at him, so he looked at her gently and waited.

He Huan endured it for a while, and her expression became even more awkward. ” take your medicine. how can you not take your medicine? ”

qin mo leaned back on the sofa and said shamelessly, ” “i still don’t feel like eating.”

“Then what do you want to eat?” he huan looked at him.

Qin mo still said the same thing, coax me!

“I’ve already coaxed him.” He Huan glared at him.

Qin mo smiled gently and said softly, ” “i’m not happy yet.”

“Then what will make you happy?” he huan asked him angrily.

qin mo’s black eyes were clear. he really didn’t look like a sick person. he just looked at her like that, gentle and doting. he huan felt as if she had been brought into an abyss. she wanted to escape, but she couldn’t.

she could only look at him like that.

qin mo finally opened his mouth and stared at her. ” “you said you’re willing to come back to me and be with me, so i’ll take the medicine.”

He Huan bit her lip. Qin mo, you’re making things difficult for me.

“Just treat it as lying to me.” His voice was hoarse. didn’t you say that you were coaxing me? ”

“Not for real?” He Huan’s voice was even hoarser than his.

Qin mo didn’t say anything and just stared at her.

He Huan had never said anything too mushy. Now that she was forced to, she made up her mind and finally said, ” I’ll be back after you take your medicine.

He Huan still couldn’t bring himself to say such mushy words.

The corners of Qin Mo’s lips curled up slightly, forming an extremely beautiful smile that was a little lazy.

“Are you willing to be with me?” he asked softly.

he huan was cursing in his heart, but he still nodded.”i’m willing to.”

Chapter 4246: Coax me, please, 1600 words

he smiled gently and looked at her without saying anything. he huan's face heated up and she hung up the phone in a panic.

Qin mo looked at the black screen with a faint smile on his lips. He was really charming.

A moment later, he took some medicine from the coffee table. He Huan had made him very happy today.

auntie lan secretly watched from the side for a long time and thought to herself-

When a man was shameless, he was really shameless.

in C city.

...

he huan put down her phone and lay on the bed. her exhausted body was not sleepy at all.

she was clearly coaxing him to take the medicine, but she said something she shouldn't have said. it was as if she had made a promise to him. she swore to herself that she would never say such embarrassing words again.

He Huan pulled up the blanket and covered her head. She wanted to calm down, but she realized that her heart was beating very fast. It felt like it was boiling.

no matter how slow she was, she could feel that she had been seduced by qin mo. he had been seducing her from the beginning to the end today, and she had been seduced by him.

He Huan couldn't fall asleep, so she got up and poured herself a glass of red wine. She sat in front of the floor-to-ceiling window and looked at the night sky. She quietly sipped her red wine and thought about the sick Qin mo instead of the script she had to shoot tomorrow.

did he take his medicine? did his temperature drop?

She held her phone in her hand and played with it gently. She was a little hesitant.

He looked at the time again and made a call.

“He Huan?” Qin mo answered in a hoarse voice.

” well, you’ve taken your medicine. are you feeling better? ” he huan’s voice was very soft.

qin mo smiled. ” i’m much better. i’ll probably be fine if you coax me. ”

“Qin mo, don’t push your luck.” He Huan lowered her eyes.

he laughed lightly, and his laughter shook his chest slightly. he huan could imagine his charming appearance at this moment.

“if there’s nothing else, i’ll hang up first,” she said, her eyelashes trembling slightly.

his voice was very soft. ” accompany me. ”

He Huan didn’t know why, but he felt that these words were very pleasant to the ears. His ears were hot, and he couldn’t describe the feeling.

After that, they didn’t say much. Qin mo only asked her about her trip to C city and the hotel she stayed in. He Huan chatted with him calmly and actually felt that it was very normal. It was rare for them to be so peaceful. Even when they wanted to work hard for Yi Huan in the past, it wasn’t like this. There was a hint of sweetness and ambiguity in the gentleness.

and he huan actually enjoyed this kind of intimacy.

she listened to him speak. his voice went from elegant to hoarse, and in the end, he actually said very pervertedly, ” “I’m here to find you, okay?”

he huan was a little frightened and opened her mouth slightly.

His hoarse voice seemed to be next to her ear through the phone. he Huan, I missed you.

he huan really didn't know how to deal with it and couldn't say a word.

"Alright?" His voice sounded like he was asking for sex.

"i want to sleep." he huan lowered her eyes.

"i also want yingluo to sleep with you." he laughed in a low voice, and then said rather seductively,  
" "I'll bring yihuan over to visit this weekend, okay?"

If he said that he would come alone, he Huan would not agree. However, Qin mo said that he would bring Yi Huan along. He Huan really missed Yi Huan, so she could not reject him.

after a long time, she whispered,"is qianqian alright?"

" he's doing fine. what's there to worry about when your parents are taking care of you? it's just that the little guy always misses you. " "me too," qin mo's voice became even more hoarse.

He Huan knew what he meant. She bit her lip."let me think about it."

Qin mo only smiled and gently said Goodnight.

They had never had such a gentle night before. In the past, they were either cold or in bed, but now, they seemed to be in love.

he huan had never been in love before. at this moment, she was a little emotional and a little helpless.

Qin mo probably understood her feelings and mumbled, " "Don't be afraid. I won't hurt you again, I promise."

he huan didn't say anything. she just lowered her eyes and hung up the phone.

on the other hand, qin mo's heart was not calm either. he did not expect that he would regret it so much after the divorce. he wanted to be with her again, but now he did not regret the divorce.

He and he Huan had never been in love.

his heart was boiling. he laid down and couldn't fall asleep. later, he wrote a lot of messages but deleted them instead of sending them out. he wasn't afraid of being rude, but he was afraid that his lack of talent would make her feel greasy.

Qin mo was a handsome man who cared a lot about his face. In the end, he still decided to let the company's proposal help him write some sweet words. From time to time, he could use the Kasaya.

C city.

He Huan was already tired from the first day. After chatting with Qin Moye, she really didn't have any energy when she woke up in the morning. However, she still forced herself to be alert.

when she was having breakfast in the dining room, she met rong yue.

As the shooting had just started, Rong Yue would stay with the crew for a few days, mainly to communicate with the lead actors.

She walked into the dining room, and Rong Yue called her name softly, "He Huan, over here."

He Huan looked over, then sat down opposite him. "Actually, you don't have to come so early."

rong yue looked around and smiled faintly. "we're already here. why should i be more precious than others? you know that i'm not such a meticulous person. "

He Huan stood up. I'll go get some food first.

Rong Yue nodded.

He Huan came back after a while. While eating breakfast, she said to Rong Yue calmly, "by the way, how's your body? I was afraid that you haven't recovered."

Chapter 4247: in fact, rong yue is the substitute (1)

Rong Yue smiled faintly. she's doing pretty well. She has a checkup once a month. She should be better in the future.

"What about you? how are you?" he looked at her deeply.

he huan looked at him. "me?"

There was a hint of indulgence in Rong Yue's eyes. "with qin mo. i heard that he's wooing you now. otherwise, he wouldn't have done that the other day."

he huan was dazed for a moment. he only smiled and did not answer the question.

rong yue also appropriately did not continue asking. he looked calm on the surface, but there was always an unspeakable melancholy in his heart.

...

He had always liked he Huan and hadn't let go of her. However, when he woke up from his deep sleep, he found that he Huan was already married to Qin mo and had a child with him. He didn't dare to disturb her as he was afraid that he would treat her badly. He didn't do it until they reunited and he found out that she wasn't living well.

It was also because of him that he Huan was treated so roughly by Qin mo.

rong yue was worried, but he did not dare to go overboard.

He used to think that he would have a chance if he Huan got a divorce. However, he Huan's attitude was very formal and she did not give him any chance.

Every time he saw her, he would hide a touch of gentleness in his heart, but he did not dare to let her see it easily.

and now, perhaps he was spying!

He heard that Qin mo fell sick and it was he Huan who caused it. He heard that Qin mo went to the hospital covered in blood. He saw all these on the news and Qin mo had no intention of doing any PR.

he huan didn't say anything, so he didn't ask any more questions. he waited for her to finish her breakfast and then got on the bus.

"twin" was a city campus script, and they had never discussed the prototype. in fact, he and he huan both knew that they were the prototypes.

When they arrived at the filming location, he Huan was talking to the actor who played the young male lead, while Rong Yue was discussing the scene with the members of the small production team. His gaze would occasionally fall on he Huan, and the affection in his eyes could not be hidden from others.

when he was a little more free, kang qiao, who was not patting him for the time being, came over and patted his shoulder. "Long time no see."

rong yue looked over and also smiled faintly. "Mr. Kang."

"mr kang is too polite, just call me kang qiao." kang qiao's eyes were filled with understanding."I'd like to first thank you for choosing me as the male lead."

rong yue smiled. "i just happened to see your photo in a magazine. i think if it wasn't for yingluo, i would have been fine. "

"if it wasn't for that, i would probably be in the same situation as you now!" he suddenly lowered his eyes.

When he woke up, it was already too late. Everything was different.

he could only write books.

rong yue continued. " he huan has the final say in using you. this really doesn't count as a favor from me. "

Kang Qiao looked at Rong Yue and didn't say much. He only said, " rongyue, you're actually not bad. However, if you're too obsessed with he Huan, you might not have much of a chance of winning. It's not a good thing either.

his voice lowered. " i used to be an artiste under KING entertainment, so i know qin mo's personality quite well. he has liked he huan for many years, even before you liked he huan. actually, he huan has always known about it. perhaps it was because qin mo was a little overbearing and he huan was a little rebellious at that time. during the university meeting, she met you and teased you. rong yue, don't you think that you look a lot like qin mo? "

kang qiao's words made rong yue's gentle and good-looking face turn pale.

kang qiao's meaning was actually very clear and sharp.

Chapter 4248: actually, rong yue is the substitute (2)

kang qiao's meaning was actually very clear and sharp.

he huan might have liked qin mo all along, and rong yue was the substitute.

kang qiao knew that he was being cruel, but it was the truth.

he patted rong yue's shoulder again. " take it easy. no one can do anything if qin mo doesn't let go. even if he huan's crush is you. "

How could Rong Yue not know what he meant?

qin mo had a lot of influence in the entertainment industry. although ye mu bai had opened star light film and television, KING entertainment was still ranked at the top in the entertainment industry when it came to calling the shots. furthermore, qin mo's methods were very powerful. according to what kang qiao knew, it was also wen yuan who revealed that qin mo and ye mu bai were working together. therefore, offending qin mo was equivalent to offending the entire entertainment industry and the capital industry.

...

rong yue was very clear about the various meanings behind his words. even though he felt as if his heart was being cut by a knife, he still forced a smile and maintained his basic demeanor.

Kang Qiao chatted with him for a while more before leaving.

after a while, he huan came over. rong yue had already adjusted his mood.

she was just about to speak when he huan's phone rang.

He Huan gestured for him to wait. Then, she took out her phone from her pocket. When she looked at it, she frowned and walked to the side to answer the call. Rong Yue was sure that it was Qin Mo's call.

"What's the matter now?" he Huan bit her lip.

on the other side, qin mo was sitting in his office, feeling refreshed. he was playing with a gold pen in his hand, but his voice was lazy."You haven't coaxed me today!"

He Huan was speechless. Qin mo, you're an adult. Can you stop being so ridiculous? can you take your medicine? "

"i don't want to eat it. it might be 40 degrees later." he was still very lazy and very shameless.

He Huan was furious. Qin mo!

“Repeat what you said yesterday and I’ll take the medicine.” He looked like he was open to discussion.

He Huan controlled his temper and said in a hoarse voice, “can you stop fooling around?”

qin mo laughed lightly. “if i don’t make a fuss and take the medicine obediently, what reward will i get?”

He Huan snorted.

“i’ll come over this weekend. we’ll sleep in the same room.” he said directly.

He Huan didn’t want to be entangled with him, so he tacitly agreed.

qin mo hung up the phone in satisfaction and went to get medicine. he huan put away her phone and was speechless.

she was completely helpless against him, so she could only compose herself and start filming.

He Huan was a serious person at work. Once she started filming, she forgot about everything else. Therefore, she forgot about Qin mo. However, Qin mo was not someone she could ignore. Thus, he called her every day at the same time as her three meals and her period. He Huan was also a little annoyed by him.

she had never been distracted when she was filming.

This was probably because she was a little flustered. She had never interacted with a man like this before.

because qin mo’s presence was very strong, rong yue seemed insignificant.

a week’s time passed by very quickly and it was soon friday. however, qin mo did not make any moves.

He Huan knew that his arm had recovered. He said that he would come over, but he didn't. She didn't know what he was up to.

After work on Friday, the crew gathered for a meal, but he Huan was not in a good mood.

She had something on her mind and was afraid that Qin mo would come over. However, she also had a faint trace of anticipation that she was unwilling to see.

it was already eleven o'clock when the party ended.

when the film crew returned to the hotel, qin mo was sitting on the sofa with qin yihuan in his arms in front of the hotel lobby. there was a suitcase beside him, and yihuan was asleep, lying on his shoulder.

Chapter 4249: actually, rong yue is the substitute (3)

he huan looked at qin mo and yi huan in a daze.

however, she still walked over and stood in front of him. "you're really here?"

qin mo's gaze was a little deep. "yihuan is making a fuss and wants to come over."

he huan was speechless. didn't he come here on his own?

However, she always missed yihuan and wanted to hug yihuan. Qin mo whispered, "I'll carry her. She's asleep. You can carry the luggage."

he looked like he was going to be a married couple in the crew. he huan couldn't refuse or say anything in front of so many actors. she took a look at him and followed him into the elevator with her suitcase.

...

There were many people, so of course, it wouldn't be their family of three. Given Kang Qiao and Qin Mo's relationship, they naturally came to say hello. Rong Yue, who was originally with Kang Qiao, seemed a little abrupt to leave at this time, so he also followed them.

The atmosphere in the elevator was a little strange. Qin mo did not say anything about Rong Yue's existence and only nodded. So did Rong Yue.

Kang Qiao was just watching the show. However, he had told Rong Yue before that Rong Yue wouldn't fall deeper.

when the elevator stopped at the top floor, everyone went out to say good night. kang qiao and rong yue were in one room, and he huan was in another.

rong yue took a few steps but still turned around. his eyes quietly fell in the direction behind him.

he huan and qin mo stood at the door of the room. he huan swiped the room card before they went in together.

the door closed again, and rong yue continued to watch quietly.

"don't think about it," kang qiao patted his shoulder.

rong yue retracted his gaze and smiled bitterly."Do you have time for a drink?"

"I probably have some time to drink," Kang Qiao smiled.

Finally, they went to Kang Qiao's place and had a few drinks.

In the other room, Qin mo frowned the moment he entered. "There's only one bed here?"

he huan didn't think about anything else, so she said, " "i'm sleeping alone. is one bed not enough?"

Qin mo placed Yi Huan on the bed, took off her coat, and covered her with the blanket.

“aren’t there three of us now?” he said in a low voice after straightening his body.

He Huan was speechless. She looked at the sofa at the side.”you can sleep on the sofa.”

“Why am I the one sleeping on the sofa?” Qin mo walked over without a sound and reached out to hug her waist.

He Huan jumped in shock and was immediately pulled into his arms.

His embrace was very masculine, and he Huan had drunk a little wine, so it was slightly pungent.

he huan’s legs felt a little weak when he hugged her like this. she reached out and wanted to push him away, but her strength on his shoulder was like that of a kitten.

She could only glare at him.

Qin mo laughed softly, his voice hoarse. why? can’t bear to part with my embrace? ”

“Stop it.” He Huan glared at him.

she broke free from his embrace and walked to the sofa to sit down.

At this moment, Qin mo noticed a pack of cigarettes on the coffee table. His expression changed slightly. whose are these? ” Rong Yue’s? you didn’t tell me he was here!”

he huan looked at him with a strange expression. ” “it doesn’t seem to be your business!”

by the time she finished speaking, qin mo had already sat down beside her. he easily carried her onto his lap with one hand.

he huan was a petite woman, and she looked even smaller in his arms. he picked up the pack of cigarettes. you haven’t answered my question. Rong Yue’s cigarette. Did he come to your room? ”

at this moment, he did not hide his jealousy at all. his expression and tone had a judgmental tone.

Chapter 4250: in fact, rong yue is the substitute (4)

He Huan's expression was a little strange. why did you think that it was his cigarette? ”

Qin Mo's tone was a little strange, and his expression was not too good. “Then whose is it? Kang Qiao's?”

kang qiao is also very good looking, it's not impossible!

Qin mo was now like a jealous woman who was on edge.

He Huan looked at him, then took out a cigarette from the box and said softly, ” “i drew it myself.”

After he finished speaking, Qin Mo's gaze changed again. He stared at her for a long time before he lowered his voice.”He Huan, you're a woman.”

...

“I know!” her innocent face made him even angrier as he glared at her.

he huan was confused.

qin mo's expression turned even uglier. ” “Why does a woman smoke?”

he huan looked at him and said softly after a while, ” “Sometimes I feel like smoking when I'm under a lot of pressure at work.”

Qin mo threw the box of cigarettes into the bin without giving her any chance to explain and said domineeringly, ” “you're not allowed to smoke in the future.”

“Qin mo, I'm doing this for work,” he Huan said, feeling speechless.

“Not even for work. I don’t like women smoking.” His voice was a little low as he stared at her.

he huan was speechless. she didn’t want to argue with him, so she didn’t say anything.

However, Qin mo wasn’t satisfied. He pinched her chin and said, ” “He said, he said he won’t smoke anymore.”

He Huan was also a person with a backbone and temper. She turned her face away.”I can’t guarantee that! besides, i’m nobody to you right now.”

qin mo’s eyes were covered in a layer of black mist, making it difficult for people to see clearly. it also made people feel a little scared.

“Is that so?” he said softly, and then said in a self-deprecating manner,”You’re right, we’re really nothing now.”

After that, he walked to the floor-to-ceiling window. He wanted to smoke, but he gave up when he remembered that Yi Huan was sleeping here. He looked out at the night sky and stood there for a long time.

he huan thought that he was going to shiver to the end and wanted to take a shower, so she got up.

“he huan, do you think that you’re the only one i want?” he asked.

She paused and stood still, her eyes fixed on him.

“it’s been so many years. i’m actually a little tired,” qin mo said very quietly.

he huan’s heart throbbed a little, as if it was suddenly clenched tightly.

she didn’t know what was wrong with her, but she felt a little uncomfortable.

He said he was tired.

He Huan's voice was a little low. if you're tired, then rest well. I'll go take a shower first.

She was tired after a long day and had no time and energy to pull with him.

however, when she walked into the bathroom, qin mo followed her in. he reached out to grab her arm and said in a low voice, " he huan, can't you just coax me? "

he huan didn't say anything. he pushed her against the wall in anger and gritted his teeth."You heartless little thing,"

After he finished speaking, he kissed her fiercely.

this kiss was too unexpected. he huan wanted to break free but she couldn't. she bit her lip and her voice was hoarse and helpless. " let go of me! "

"I won't." qin mo's voice was deep and filled with anger. then, he buried his face in her neck and bit her gently. " "you little bastard!"

With every curse, he would take a bite. After a while, he Huan's neck was a little unsightly.

she pushed him, and qin mo took a step back. then, he pressed her against the door.

He Huan resisted, and after a few times, she was panting. She bit her lip and glared at him."You came here just for this kind of thing?"
