

## Thank you 4261

Chapter 4261: for the first time, i felt like a married couple (5)

He Huan felt that it was inappropriate. Firstly, she didn't want to trouble Kang Qiao. Secondly, Kang Qiao had never been a father. She was afraid that she wouldn't be able to take care of him. She wanted to say something, but Qin mo had already dragged her back to her room.

The moment the bedroom door closed, Qin mo pressed her against the door and kissed her fiercely. She turned her head away angrily. "qin mo, don't you have any shame? what would kang qiao think of you? "

qin mo continued to press against her and said with a smile, " "What do you think he'll think when we're alone as a man and a woman?"

he huan glared at him. " i'm very tired tonight. "

"i want it." he said directly.

He Huan was speechless and her face was burning. you just had it last night.

...

Qin mo stretched out his fingers and gently caressed her face. His voice was low and hoarse. "Last night was last night's share. Today's share hasn't passed yet."

He Huan bit her lip. we're not husband and wife. We don't have this obligation.

"but i'm your boyfriend now, right?" His voice was hoarse. shouldn't we do it once? "

as he said that, he carried her to the bed regardless of her wishes. last night, they had been on the sofa and in the bathroom, so he was not very happy and satisfied. tonight, just pressing her like this made him feel excited.

That night, Qin mo did as he pleased. He did whatever he wanted. He Huan even cried. He kissed her tears and coaxed her, but he was still reluctant to let go of her.

He Huan bit his shoulder and wrapped her arms around his neck. She looked very wronged.

however, he really couldn't bear to let go. he kissed her. "bear with it a little longer."

this time, he would not be able to see her for about a week. in the past, he would have been used to it, but now, he could not bear it.

How many more five years could he wait in his life? he didn't want to wait anymore, Yingluo.

just as qin mo occupied the room without any restraint, an adult and a child glared at each other in kang qiao's room.

Yi Huan sat on the sofa and counted with her fingers, " " i want to take a bath first tonight. i want a pink bathtub with roses on it. you also have to give me a bath. don't use too much force. baby, you have to bathe well! "

" also, " she said, " before sleeping, baby, you must drink milk and listen to stories. it's best if there's music too. "

Kang Qiao stared at her palm-sized face and asked suspiciously, " "Don't tell me you're a bull!"

Listening to music, taking a bath, drinking red wine (milk), and telling stories, if these weren't the treatment of a cow, what was?

however, little yi huan did not know what the adults were thinking. she asked innocently, " "uncle kang qiao, are you going to treat me to wagyu?"

kang qiao was speechless, he really wanted to stew you.

little yi huan stared at him, her eyes slowly welling up with tears. then, she burst into tears."Uncle is so bad."

I'm going to eat baby!

Kang Qiao found Yi Huan's cry funny, but he felt warm inside. He didn't know that a child could be so cute.

He picked Yi Huan up and gave her a kiss. She was soft and fragrant like a little bun.

Yi Huan forgot to cry, her white fingers touched Kang Qiao's face, and she said softly, "Uncle, you're really pretty."

As a man, Kang Qiao was very happy, even though he was praised by a little boy.

He paused for a moment and then coughed lightly. "Is daddy prettier or is uncle prettier?"

Chapter 4262: for the first time, I felt like a married couple (6)

Little Yi Huan tilted her head and thought about it carefully before she replied, "Uncle is good-looking because daddy already has someone he likes."

Kang Qiao found it funny, but then said seriously, "Uncle already has someone he likes, your aunt Xu Mo."

Little Yi Huan remembered and thought hard for a long time before she said, "That is to think that brother Nan is the best looking."

want to go south?

Thinking of the South at night?

Kang Qiao laughed and rubbed the little guy's head, "yes, it's very nice to think south."

...

Ye Xiang and Nan Cheng had inherited their parents' good qualities. In fact, all the children in the Ye family were beautiful, and so was Bai Anan. But their story was something that would happen many years later. They were still young.

Qin Yihuan was a little tired after talking for so long. She covered her mouth and yawned, then looked at Kang Qiao. "It's time to shower."

Kang Qiao was a little confused—where could he find a pink bathtub, rose petals, and a milk bottle?

However, Mr. Kang still had some connections. In order to satisfy Princess Yihuan, he really went to find a bathtub, roses, and a small milk bottle and milk.

The almost 40-year-old superstar, Kang Qiao, personally took care of Yi Huan as if she was a Princess. After the bath, he wrapped Yi Huan up and dried her up. Then, he put on a cute bathrobe and let her hold the milk bottle in his arms. He coaxed her to tell him a story. When Yi Huan fell asleep, Kang Qiao felt more tired than if he had worked the whole day.

However, Qin Yihuan was really cute and heartwarming. Just looking at her sleeping face was enough to make people unable to look away.

Kang Qiao hoped that his daughter would be as cute as Yi Huan. He smiled and kissed her on the cheek, just like a father.

Kang Qiao went to take a shower, then lay on the bed and held the little one in his arms. He wanted to satisfy the craving of being a father in advance. Little Yihuan would drool and talk in her sleep. Everything was new to Kang Qiao.

At dawn, Xu Mo called. Kang Qiao quietly got out of bed and went to the window to answer the phone.

Xu Mo said softly on the other end, "I took Mom for a check-up yesterday. Everything is fine. Don't worry."

"Thank you for your hard work, Mrs. Kang," Kang Qiao said, smiling.

He asked again, "when will you find the time to visit?" qin mo came to visit me at work and left yihuan at my place to take care of her last night."

then, he sighed.

this sigh had an indescribable meaning to it.

Xu Mo's face turned red. Mr. Kang, do your best. I'll wait for you to come back.

kang qiao was very dissatisfied. "you let me be alone for these few months. if i endure it too much, i'll go bad. "

"Kang Qiao!" "You're not allowed to say anymore." Xu Mo bit his lip.

"I'll wait for you. hmm?" his voice was soft as he hung up the phone.

because yi huan had woken up and was sitting on the bed in her little nightie, looking straight at kang qiao.

Seeing Kang Qiao come over, Yi Yi smiled and said, "uncle kang qiao, do you like yi huan a lot?"

kang qiao smiled and walked over to kiss her. "of course, yihuan is very cute,"

"then uncle will work hard. go home more and be intimate with aunt xu mo. that way, you'll have more fun. " "this way, mom can go home too," yi huan added.

Kang Qiao laughed, "you're so young, but you know how to play tricks.

he was indeed qin mo's child! She was very scheming, which was different from he Huan.

## Chapter 4263: For the first time, I felt like a married couple (7)

Kang Qiao helped the little guy put on his clothes and brushed his teeth and washed his face according to her specifications. There were all kinds of details. Although it was a bit complicated, Kang Qiao found it interesting. He and Xu Mo had a daughter, so he would probably treat her the same way.

After she was done, she took Yi Huan to the dining room for breakfast without disturbing the former couple.

However, when she arrived at the restaurant, she met he Huan and Qin mo.

he knew how dedicated he huan was to his work, but he was used to being a man like qin mo, so why would he wake up so early?

in fact, he had tormented he huan for the entire night and she could not get up at all. instead, qin mo dragged her up so that they could have breakfast together and show off his power in front of rong yue. it was a little ridiculous and childish but he did it.

kang qiao held yi huan's hand and walked in. yi huan ran over to her parents as soon as she saw them. she hugged them and kissed them one after another. they were so intimate. kang qiao looked at his empty hand and felt a little disappointed.

...

yi huan sat beside he huan as qin mo went to get food for them. he huan ate quietly as usual. yi huan was as picky as before, but fortunately, her mother was around so she wanted to be more obedient. therefore, she obediently drank a bottle of milk and two round loaves of cute bubu chicken. these were specially made for the children by boss qin.

after breakfast, he huan was about to leave.

Yi Huan had come all the way here, but he Huan and Yi Huan did not spend much time together. They had spent most of their time satisfying beast Qin, and he Huan felt a little uncomfortable thinking about it.

he looked at his watch and said in a low voice, ” “Qin mo, how are you guys going to go back later?”

“there’s a car and a private plane.” he looked at her. ” i’ll come again next week. ”

He Huan stared at him for a long time before whispering, ” ” the production team has a day off next week. let’s take yihuan to the zoo. i don’t think we’ve taken her out to play before. ”

Qin mo looked at her and smiled. He agreed.

he huan’s gaze was filled with nostalgia, but he was indeed about to set off.

She hugged Yi Huan and kissed her again and again. Her voice was hoarse. yihuan, listen to your father. Come and visit your mother next week, okay? ”

yi huan’s big, cute eyes fell on kang qiao’s face, ” “I still need uncle Kang Qiao to coax me to sleep.” Because uncle Kang Qiao was gentler than the Father, he wouldn’t hit the baby’s P \* s.

kang qiao looked calm on the surface, but his heart was in a mess. how was he going to make babies like this?

He also wanted to be visited at work!

Qin mo smiled slightly. Men understood men very well, so the next time he came over, he would bring Auntie LAN along and book another suite for Auntie LAN to take care of.

just like that, qin mo visited her four times a month. he huan was also a little overwhelmed.

She protested to Qin mo, but he refused to listen. He was not willing to let go of such a benefit.

The following month, she made a trip back to B city to attend an award ceremony. She did not tell Qin mo.

as a director, the main reason she accepted this arrangement was to create momentum for her new movie. he huan was also a worldly person and would not be so arrogant as to sell it for a lot of money without publicity.

She arrived at B city in the afternoon. The moment she stepped out of the airport, she received a message from Qin mo. He said that he would not be going to C city this week as he had some business to deal with. He Huan did not think too much about it. He was the CEO of King Entertainment and had a lot of things to do.

Chapter 4264: he huan, she's not important (1)

he huan didn't want to reply at first, but after thinking about it, she did. she said that she wanted to talk to yi huan tomorrow morning.

After she sent the message, she was a little dazed.

In fact, she clearly knew that she and Qin mo could be considered to have started over, starting from the way they were dating.

although the way they got along wasn't much different from the old couple, there were still differences. they had given up their previous sharpness and used a way to make each other comfortable.

He Huan knew that they were adapting to each other, and he had not said anything about remarrying, so she was not in a hurry.

Perhaps this was the difference between their age and the past. In the past, Qin mo might have asked her to remarry, ran ran.

...

he huan thought about it and smiled. she took a taxi back to her apartment.

This was a 200-square-meter smart house that she had bought privately. Even when she was not around, there would be a cleaner to clean it regularly. It was very clean and most of he Huan's things were placed here.

In her wardrobe, besides some usual clothes, there were also some evening dresses for emergencies. Most of them were basic black designs, the conservative kind.

he huan had just returned from the plane. after resting for about an hour, she got up to take a bath. she dried her hair and put on some makeup. then, she picked out a black evening dress and changed into it. she drove her own car, a black supercar.

When she arrived, she was walking the red carpet with the crew. Fortunately, everyone was present and she did not have to stand outside for too long to feel the cold wind.

Kang Qiao talked to her and was about to leave when there was a commotion behind them. The fans and reporters on both sides were calling out a name, a name that he Huan would never forget ...

Edgar!

She was the famous movie queen a few years ago and also Qin Mo's confidante. She could be considered as the woman he had placed overseas!

He Huan turned around slowly and saw AI Jia holding Qin Mo's hand as they walked down the red carpet.

He was dressed in a black formal suit and looked handsome and intimidating. On the other hand, AI Jia was dressed in black and white, looking elegant and generous. They looked very compatible when they walked together.

And all of this stung he Huan's eyes.

at that moment, the red carpet was like the blood of the past, and it made her feel very, very painful.

That year, Qin mo had accompanied AI Jia when she had a miscarriage, but he had never explained.

he huan thought that after so many years, they would naturally separate. however, she suddenly returned to B city and found herself ridiculously stupid.

she had thought that it was true love when he went to C city once a week.

It turned out that he was still in contact with Edgar!

he huan's fingers clenched and she closed her eyes to steady herself. kang qiao, who was beside her, whispered, " " ai jia has signed with KING entertainment. she has a few shows to film. "

He Huan raised her head and looked at Kang Qiao. She smiled slightly, I know. To Qin mo, work is the most important thing.

she remembered that in the past and now, qin mo cared a lot about rong yue. she had never told him about it. in her heart, she cared more about ai jia, but qin mo never seemed to care about it.

He didn't care what kind of influence having another woman by his side would have on her, or rather, he didn't care about her anymore. Otherwise, he wouldn't have lied to her. He said he had work to do. Yes, Aijia was his work.

and aijia was he huan's heartache!

A woman who had once had a child with her husband or child!

it really existed in their marriage, and now it appeared again.

Just as he Huan was about to leave, Qin mo noticed he Huan and his eyes darkened.

What was he Huan doing here?

Actually, he Huan had only received the invitation for the past two days. She didn't tell Qin mo because she didn't want to accompany him anymore. However, it was obvious that she was overthinking things.

He had someone to accompany him.

this person was none other than the person she cared about the most, aijia.

Tears welled up in he Huan's eyes, but she held them back.

They were already divorced. If they couldn't even take this, they would be losing their self-control.

kang qiao, who was beside her, probably felt her emotions. he reached out and put an arm around her shoulder, " "Let's go in first! if you don't want to face it, then don't face it. as a human, you should be happy and not force yourself."

...

He Huan let out a long breath and turned to look at Kang Qiao. Then, she smiled, " I know.

she turned around and was about to enter when she met qin mo's eyes. he huan saw ai jia holding his arm.

she gave a faint smile and walked into the venue with kang qiao without looking back.

Qin Mo's eyes darkened. Just as he was about to step forward, AI Jia, who was beside him, said gently,"Qin mo, was that he Huan just now?"

his eyes darkened and he nodded.

"Then she might have misunderstood. Go and explain it to her." I'm fine, " Edgar said gently.

qin mo let out a deep breath. " it's okay. i will explain to her later. "

He still took photos with Aijia and accepted the interview.

qin mo signed the contract for rong yue's newly written script. he was going to let ai jia act in it to give ai jia a high popularity. however, he huan would probably not agree to the director's request. he was going to hire an experienced director.

King Entertainment and AI Jia had signed a contract for three movies. In fact, they had only signed a contract for the movie and AI Jia was not considered to be a member of King Entertainment.

However, all of them were big productions, and boss Qin personally followed them. Not everyone had this favor.

Qin mo knew that there were rumors about him and AI Jia in the company. He Huan had misunderstood as well, but it was true that she had never done so.

He only had feelings for AI Jia as an old friend, and perhaps he felt guilty. These were all things that he couldn't repay. Perhaps he should tell he Huan about these things!

Qin mo and AI Jia walked into the venue together. He looked around and did not see he Huan, but he saw Rong Yue.

rong yue was wearing a formal suit, looking refined and clean. he had a purity that qin mo did not have now.

Qin mo introduced AI Jia to him.ai Jia looked straight at Rong Yue and suddenly discovered something interesting. She smiled slightly and said, " "You know he Huan, right?"

rong yue didn't answer directly. he just smiled slightly, looking a little reserved.

at this time, qin mo was probably going to look for he huan, so only ai jia and rong yue were left.

Rong Yue was still smiling, while AI Jia held the cup in her hand and raised it slightly to Rong Yue. "mr. rong, i admire you very much. i heard that director he also admires you very much. you two had a very good time when you were young, didn't you?"

“Ms.ai seems to know a lot!” rong yue’s faint smile became a little distant. ” i just don’t know if president qin told you this or if you deliberately found out from other channels. ”

aijia played with the cup in her hand and smiled. ” actually, no matter how i know, i can help you. we can help each other, don’t you think? ”

“i only hope that he huan can be happy.” rong yue smiled very indifferently.

Chapter 4266: He Huan, she’s not important (3)

“I only hope that he Huan can be happy.” Rong Yue smiled very indifferently.

“It’s quite great.” aijia smiled and raised her glass. ” “i hope you can always think this way.”

She walked away after she finished speaking.

rong yue’s eyes darkened. then, he gently poured the wine in the glass.

on the other side, qin mo found he huan. he huan was talking to a few young directors. qin mo didn’t call her immediately. he stood at the side with a glass of red wine in his hand and quietly listened to her.

He Huan didn’t notice him either. About ten minutes later, Qin mo came over lazily and took the glass of wine from he Huan’s hand.”You’ve had a few drinks in one night. Don’t get drunk.”

...

his expression was gentle and affectionate, and it was obvious that they were in a relationship.

The other young directors also knew Qin mo and wanted to curry favor with him. However, although Qin Mo’s expression was gentle, his gentleness was for he Huan. There was still some distance between them, so the few young directors present immediately ran away.

He Huan lowered her eyes and looked at the empty glass in her hand. She smiled and turned her head. does it have anything to do with President Qin? ”

his dark eyes locked onto her. ” are you still angry? ”

he huan snatched the glass of red wine from his hand and said in a low voice, ” “there’s nothing to be angry about. it’s not worth it for you.”

” KING entertainment and ai jia signed a contract for three films. ” “it’s not what you think,” he said, frowning.

he huan took a sip of red wine and smiled. ” yes, it’s not what i think. you just want to help ai jia. after all, she hasn’t acted in the country for a few years and isn’t as popular anymore. but why did you let her act in rong yue’s movie? do you think i’m stupid? also, did you come to the red carpet with her today to increase her popularity or did you think that the entertainment news wasn’t interesting enough? qin mo, you said that you love me, but i really don’t feel it. ”

“Is that what you think of me?” he looked at her.

he huan sneered,”i’m sorry, this is just my normal reaction, or a normal woman’s reaction.” You should know how Wen Yuan and ye Mubai fell out over a female celebrity. I’m the same now. Don’t talk about work, I’m tired of hearing such things.”

she wanted to leave as she said this. she was really angry.

Qin mo reached out and grabbed her. His voice was extremely hoarse. “You really don’t want to listen to my explanation?”

“i don’t want to hear it.” She did not look at him and was a little willful.

he Huan, do you know? ” Qin mo suddenly said, ” you’re acting like this now. You’ve fallen for me.

she turned her head and stared at him, saying word by word, ” “I like you, you scum.”

If he didn't break free, she would kick him without mercy.

qin mo still let her escape. he didn't want to, but the formal party was about to start and he didn't want to be too conspicuous.

After they sat down, they sat in front of each other. He Huan sat in front of Kang Qiao, Rong Yue, and the other crew members. Qin mo sat not far behind her, and AI Jia sat beside him.

probably because he didn't look too good, edgar said in a soft voice, " " qin mo, do you want me to explain? i think he huan has misunderstood. "

"no need. I'll settle the matter between me and her myself." Qin Mo's voice was a little calm, and it was obvious that he was not in a good mood.

aijia didn't say anything.

Chapter 4267: He Huan, she's not important (4)

because of these reasons, both he huan and qin mo felt a little uneasy at the party.

even when he huan went on stage, she was still a little absent-minded. she accidentally sprained her ankle and almost fell. fortunately, rong yue, who was beside her, held her. "be careful, look below your feet."

he huan forced a smile and thanked him.

rong yue just stared at her.

This scene was extremely glaring in Qin Mo's eyes. He hated it to death!

Her fingers clenched into fists as she watched he Huan and the crew members on stage chatting and laughing. In fact, she was smiling at many people. However, in Qin Mo's eyes, she was only smiling at Rong Yue, and her smile was gorgeously dressed.

...

detestable!

She had never smiled at him like this before, yet she was smiling at another man so brazenly in front of him.

Qin mo simply wanted to rush up the stage and pull her down so that she wouldn't smile at others. He didn't want her to be seen by others. What was she wearing today? the collar was so exposed!

aijia glanced sideways and saw the unhappy expression on qin mo's face. she said faintly, " Qin mo, you must really love he Huan and Qianqian. It's really rare. If Qin Lu was still here, he would probably be like this too.

her words pulled qin mo's attention back a little.

His face was a little pale.

Qin Lu was the other child of the Qin family. He had not grown up by his parents 'side since he was young, and he was the special part of the Qin family.

Until one day, Qin Lu would leave forever for him.

This was the pain in Qin Mo's heart. Even his parents didn't know the truth. They always thought that Qin Lu was still in some secret organization and that Qin Lu couldn't contact ran ran.

however, qin lu was no longer around, and his only bloodline was no longer around.

ai jia was pregnant with qin lu's child.

The blood on Qin Mo's face disappeared inch by inch, and his entire body was frozen.

"Qin mo, it's all in the past." edgar put her hand on the back of his and said gently, " we're going to start a new life. You told me that, didn't you? "

Qin mo was a little distracted and did not notice the hand she placed on the back of his hand. His thoughts were all focused on that explosion. It was Qin Lu who saved him, and Qin Lu himself was buried in the ruins forever, never to return and never to see his parents.

her heart suddenly clenched and hurt. she probably felt the pain of the qin continent at that time!

At that moment, he Huan, who was on the stage, happened to see Qin mo and AI Jia holding hands. She lowered her eyes and no longer looked at them. Later, she didn't know how she returned to her seat, but she felt that she couldn't stay there any longer.

"let's go out for some fresh air," rong yue whispered.

If it was in the past, he Huan would probably be considerate of Qin Mo's feelings. After all, they should be together again. But now, she felt that perhaps they were just sharing their bodies. Because they had a child together, they naturally slept together. She was overthinking ...

Now that President Qin was single again, how could he not spend as much as he could? the first thing he wanted to do was to get Lao Qing back. After all, he was free now.

He Huan closed his eyes, feeling a little ironic.

She walked out with Rong Yue and didn't go anywhere. They just walked under the streetlights. The night was a little cold. Rong Yue took off his coat and put it on her. He Huan didn't refuse. She just turned her head and smiled slightly. Her smile was a little bitter.

Chapter 4268: he huan, she's not important 5

he huan laughed bitterly.

rong yue's heart ached.

He Huan was in pain because of Qin mo.

His voice was a little low. he Huan, you have to be careful of AI Jia. I think you're in the entertainment industry too, so you should be very clear about the situation in this industry. Many people look bright on the surface, but they actually don't have much integrity.

he huan lowered her eyes and said in a low voice, " i know, but rongyue, i really don't know how to continue with qin mo. "

"is it because of edgar?" rong yue's voice was a little low. " according to my analysis, there is nothing going on between them now. if qin mo wants her, he doesn't have to continue with you. aren't you divorced? he doesn't need to please you like that. "

...

he huan smiled bitterly. " he's just trying to please himself. Besides, rongyue, I need a sense of security too. Whether it's during our marriage or after our divorce, I can't ignore his relationship with AI Jia. Qin Mo knows that too, but he never explains it.

After she finished speaking, she probably didn't want to say anything more. She kicked a stone and quietly fell into a daze.

if she wanted to take a walk, rong yue would accompany her. even if she didn't leave now, he would accompany her.

He knew that this period of time was stolen. He liked her very much, but he knew that the one she liked had always been Qin mo.

she had been like this in the past, now, and in the future, yingying should be like this too.

he huan was just scared by qin mo and felt that he was safe. kang qiao's words reminded him of something he didn't want to admit.

when they were young, he would hang out with he huan sometimes. sometimes, he would see her with qin mo on the streets. qin mo would hold he huan's school bag in his hand and he huan would follow him.

Qin Mo's expression was very cool, and he Huan's expression would also be impatient, but they could walk together for a long time.

he thought that it was fortunate that he and he huan didn't end up together. otherwise, many years after their marriage, he huan would suddenly find out that she had always liked qin mo. at that time, it would be very sad.

if they could still be friends now, perhaps he would still be unwilling.

But just as he said, he wanted her to be happy.

"let's talk to him," rong yue said, "you can't distance yourself from others, can you?" Things have to be solved, and running away has never been a problem."

he huan looked at him, then held onto the railing at the side. she looked at the streetlights in the distance and smiled. " i don't want to talk about it, and there's nothing to talk about. rong yue, i admit that i had a little crush on you before, but qin mo couldn't stand our friendship of just a cup of coffee, and aijia is so embarrassed. "

Her voice was a little low. he accompanied Aijia to have a miscarriage. I don't know if he did it on purpose or if he did it on purpose. In any case, it didn't go through. Maybe I was confused about how I got along with him before, but now that Aijia is back, I really didn't expect him to bring Aijia back to China. But it's good, at least it's better than getting married again in a daze. If we make a fuss later, we'll have to get a divorce. It's too much trouble. I'm probably old and don't want to continue like this.

As she spoke, her eyes were a little dazed. Then, she pressed her face against the cold railing and said in a low voice, " rongyue, do you know that some things can't be compromised? the fact that he's with Aijia either means that I'm not that important or Aijia is very important. There's no other possibility.

After he Huan finished speaking, Rong Yue realized that he could not comfort her.

That was because it was more or less like that.

He didn't know the story between Qin mo and AI Jia, but there must be a story.

If there was no story, a man with a family would not allow a woman to be by his side like this. He felt that it was not worth it.

however, it was not rong yue's place to interfere in their matters. he could only comfort her.

He sighed in his heart. He didn't know if it was right or wrong to give up. The only thing he could be sure of was that he Huan's heart was filled with Qin mo and not him, Rong Yue. Otherwise, she wouldn't be in so much pain.

...

she was in pain, and he was by her side.

After that, Rong Yue went to buy a cup of milk tea for her to hold in her hands. It could warm her up and she could drink it.

They had been standing there and Qin mo had seen them.

He walked over quietly.

Rong Yue saw him and smiled. President Qin.

He Huan turned his head and saw Qin mo standing beside him. His hands were in his pockets, and the lights and neon lights around him made him look dazed.

Qin mo reached out and took the coat off her shoulder and returned it to Rong Yue. thanks.

Rong Yue only smiled and left tactfully.

Qin mo placed his coat on he Huan's shoulders. "Why are you standing here? have you been out for a long time?"

He Huan avoided his action and walked towards the parking lot of the venue. She was still holding the cup of milk tea in her hand. She felt the warmth that Rong Yue gave her and was reluctant to put it down.

qin mo grabbed her hand. "you're still fooling around. there's nothing going on between us! "

he huan paused and turned her head. "it doesn't matter whether there's anything between you and her. qin mo, you always ask too much of me and you're too indulgent towards yourself. i don't think we're on the same page. "

after she finished speaking, she was about to leave.

and how could he be willing to let her go?

Qin mo grabbed her hand and refused to let go. He Huan was a little angry and threw the milk tea in her hand at his face.

The milk tea's packaging was broken, and it splashed all over his face. The scene was somewhat unsightly.

Qin mo furrowed his brows and wiped his face. "Your anger has subsided?"

he huan hesitated for a moment, then smiled bitterly. "qin mo, do you think i'll calm down after you coax me? or do you think i can get along with ai jia peacefully? I'm telling you, I'm not that big, and I can't see you with other women at any time."

"there's nothing going on between us!" After cleaning himself up, Qin mo couldn't bear to see himself in such a sorry state. However, she didn't cooperate and insisted on arguing with him. He chose to carry he Huan.

he huan was shocked. she reached out and hit his shoulder. ” what are you doing? qin mo, you bastard. let go of me. ”

he didn't let go. not only did he not let go, but he also smacked her on the butt.”He Huan, you'd better be good. Otherwise, I'll use a whip.”

she screamed in anger and kicked around helplessly, because he always had a way to restrain her.

In the end, he Huan had no other choice. She opened her mouth and bit Qin Mo's neck with all her might. She wanted him to let go, so she did not show any mercy.

Qin Mo's body froze for a moment, then he stopped in his tracks. He lowered his eyes and stared at her. There was something that seemed to be warm in his eyes.

He let her bite him, his voice light and gentle. “Are you really that cruel to bite me to death, huh?”

He Huan glared at him angrily and refused to let go, until he tasted blood in his mouth.

Chapter 4270: he huan, she's not important 7

He Huan didn't say anything and only turned her head in embarrassment.

Qin mo placed her in his car. She did not struggle because she knew it was useless.

They had grown up together and had been married for several years, so she was very clear about this.

Just like that, the two of them were silent. After a long time, Qin mo finally spoke softly, ” “i don't have that kind of relationship with edgar, and that child isn't mine.”

he huan was quiet. after a while, she suddenly said, ” “If she told me that it was yours, would you believe it?”

Qin mo stared at her and did not speak for a long time.

...

He Huan laughed softly, but bitterly. After a long time, she said softly, "you don't believe me, do you? you don't believe what Edgar said, do you?"

Qin mo didn't say anything. Silent consent was an admission.

He Huan had no strength left, but now she was angry again. She reached out to open the door, but he locked it.

Qin mo wasn't in a hurry and allowed her to do as she pleased. He took a tissue to clean the wound on his neck and frowned as he wiped it. "he huan, are you a dog? why are you biting me so hard?"

he huan kicked the car door in anger. Qin mo, you bastard."

qin mo threw the tissue away and looked at her before saying, "ever since you smashed my car into pieces the last time, i've changed to a car that's shock-proof, shatter-proof, and explosive-proof. it's a little expensive to make, but it's very effective in controlling a woman's emotions. that's why it's still intact even after you went crazy for a night."

he huan glared at him.

He was still good-natured. After looking at her for a while, he said in a low voice, "let's go home and talk."

he was driving while he huan was half-lying on the seat, biting her fist.

in fact, she was very beautiful tonight. although her dress was simple black and she only put on light makeup, she was so skinny that people wanted to hug her. her skin was honey-colored, probably because she had been out for a long time. in short, everything made people's hearts flutter.

qin mo was a little absent-minded when he was driving. when he stopped at a red light, he would occasionally turn his head to look at he huan.

He Huan didn't want to talk to him, so she looked out the window.

At this moment, the coat on her body had slipped off. She didn't notice him, nor did she remind him. She just quietly looked at her thin shoulders, which had a faint glow in the dark, and her face, which seemed gentler because of the light.

Qin mo had been holding it in all the way. Now that they were in their apartment, he naturally didn't need to hold it in anymore. As soon as the car stopped, he unbuckled his seat belt and leaned over to hold the back of her head and gently kissed her.

He Huan was shocked and turned around to look at him in a daze.

don't look at me like that. Qin Mo's voice was a little hoarse. I feel like I'm going to be raped.

He Huan came back to his senses and struggled a little. His voice was hoarse."qin mo, let me go."

He was still kissing her, so every word she said was swallowed into his mouth and crushed into pieces.

Qin mo was very mean. As they kissed, he carried her over to his side and let her sit on his lap.

he was dressed formally in a white shirt and black pants, looking very noble. on the other hand, she was wearing a small dress, which was also very rare.

Perhaps it was because she rarely wore it that Qin mo couldn't control his emotions. To him, her dressing like this was the best medicine.

at this moment, the image of her sitting on his lap was fragrant and exciting, and a little abstinent. if he huan didn't know before, she would have understood now. she bit her lip and tried to break free
