

Thank you 4271

Chapter 4271: he huan, she's not important 8

this bastard was obviously trying to do something in the car.

however, she didn't expect that the more she struggled, the angrier he got. in the end, he really couldn't hold it in and wanted to do it for real.

he huan was anxious. she did not want to have sex with him at this time, let alone in the car.

In the midst of his hurried breathing, a crisp sound rang out. She had slapped him.

Qin mo sobered up a little. He probably did not expect he Huan to be serious.

he was a little dazed by her slap and did not come back to his senses for a long time.

...

After a long time, he Huan slowly moved to the chair next to her and sat down. Her voice was a little hoarse."I want to go home."

Qin mo stared at her and sobered up a little. Then, he said in a hoarse voice, " "isn't this your home? Don't talk about divorce, I thought we made up for everything that happened between us. He Huan, are you going to deny it now?"

He Huan closed her eyes. I don't deny it, but I also don't deny the disappointment I felt when I saw you.

She looked at him quietly. between her and me, only one can be by your side. Qin mo, you have to think about it carefully.

after he huan finished speaking, she kicked the car door open. of course, she couldn't kick it open. instead, her leg hurt.

she turned around and looked at qin mo.

Qin mo didn't seem to care.

He Huan was furious, but she couldn't do anything. She just sat there silently.

After a long time, she said softly, " "What are you doing? Qin mo, you trapped me here and refused to let me go. You're acting like a Rascal because you want to continue your relationship with AI Jia."

Qin mo tilted his head and looked at her. His voice suddenly became hoarse. "Why are you crying?"

He Huan was furious. She turned her head away. it's none of your business. Open the door.

He placed his hand on the steering wheel and knocked on it. it's hard to get a taxi nowadays, especially in this neighborhood. And you're dressed like this.

"you don't have to care." She said a little unreasonably.

qin mo smiled. " the child is not mine. i have no interest in sleeping with other women. "

He suddenly pulled her over again and touched her so that she could feel it. do you think I would still be like this if I had something with another woman? I would have been a soft-legged shrimp a long time ago!

he huan was embarrassed and angry. she was angry to begin with, and he didn't seem to have anything else other than meat jade. did he think that other than their bodies being clean, nothing else was important?

she was embarrassed and angry. she wanted to give him a few more slaps, but his strength was so strong that it was frightening. she had no way to do it.

Just as the temperature in the car was rising, his phone rang. Qin mo ignored it and continued to bully He Huan. However, his phone kept ringing. He impatiently took his phone and wanted to hang up, but he was stunned.

It was a call from Edgar.

He Huan saw it too, and her heart felt cold. It was a little numb and bitter, and she couldn't describe the feeling.

"You can answer it!" She said in a low voice.

Qin mo didn't pick it up immediately. Instead, he stared into He Huan's eyes. "You care a lot about her existence?"

He Huan didn't answer this question. Sometimes, there were some questions that didn't need to be said a few times. If a man cared about you, he wouldn't let you suffer or let you worry. He Huan wasn't a person without confidence. Ai Jia's intentions were obvious, but Qin mo was determined to keep her by his side. This was a time bomb for their marriage.

Chapter 4272: He Huan, she's not important 9

He Huan had thought about making up with him, and their relationship was quite good now. It was only a matter of time before they remarried.

However, a relationship that had yet to be repaired was now being attacked by another woman. He Huan didn't feel that she had the energy to fight. She didn't want to fight. She wanted Qin mo to have self-awareness.

Obviously, he didn't. Everything he comforted her with was not on point.

Even if he had never had sex with Ai Jia, even if the child was not his, he had still accompanied her. This was definitely not the relationship between an ordinary artiste and a boss. Besides, they had no contract relationship before.

just as they were talking, ai jia called again. this time, qin mo picked up.

Edgar's voice was a little messy, and her breathing was rapid."qin mo, i had a dream. i dreamed of him, hanhan."

...

Qin Mo closed his eyes and replied,"it's just a dream."

" no, it's very real. i dreamed that qin lu was right beside me. i dreamed that he was still alive. my child with him was also alive. " AI Jia's voice was a little out of control. Qin mo, I want to find him. I really feel that he's still alive. He's still there, Hanhan.

Qin mo listened quietly and his voice was unusually calm and cruel. "listen to me, qin lu is no longer here. edgar, we all saw it with our own eyes."

he knew that she was at the hotel, so he hung up the phone and went to find a doctor. he had to rush over himself.

he put down his phone and turned to look at he huan. his voice was very soft."he huan, qin chen is actually a twin. one of them stayed in the United States and was adopted by an important person. his name is qin lu. he always knew his background and he looks very similar to me. occasionally, i would go to the united states to have a drink or two. aijia is his girlfriend and was about to get married. aijia is pregnant with yingluo."

He paused for a moment before continuing, his voice slightly suppressed, " a few years ago, when you were pregnant, I went to the United States and was attacked by KB. Qin Lu was the commander of that attack. He could have escaped unscathed, but in order to save me, he was blown up by a stray bomb and could not come back.

He Huan was a little stunned.

Qin mo smiled bitterly. AI Jia was his girlfriend. After she had a miscarriage, I accompanied her to Xuanji. Our relationship is just like that. A few years have passed, and she hasn't recovered from

her psychological injury. She may be living like a normal person, but she is living in the past. She thought that Qin Lu didn't die.

at this time, he huan was particularly calm. she sat quietly for a while, then whispered, " " qin mo, open the door and i'll go upstairs. i won't stop you if you want to go now, but you have to think carefully. does aijia think you're qin lu? if she is, you have to think about your choice. "

She looked up at him. I can't live in the shadow of others forever. I'm not that great. Even if I know about the Qin continent, it's the same. Consider it selfish.

Qin Mo's fingers clenched the steering wheel tightly. He could not say a word.

In the end, he still opened the car door and passed her the house keys. His voice was a little hoarse. "i'll be back early."

He Huan didn't say anything and only smiled. She had only gotten out of the car a few steps when Qin mo followed her. he Huan.

She turned around.

he walked towards her with a coat in his hand and draped it over her shoulders. " it's cold at night. don't catch a cold. "

she stared at him, unable to say a word.

Chapter 4273: He Huan, she's not important (10)

Qin mo still helped her button up one button at a time. He took a closer look at her and said in a hoarse voice, " "I'll be back soon, trust me, okay?"

as he spoke, he stared at her with his dark eyes. he huan felt like she had fallen into an abyss. she wanted to escape, but she couldn't.

She knew that she shouldn't be soft-hearted, and she couldn't be soft-hearted either. She couldn't agree to his request.

However, when she looked at him, she suddenly felt her heart soften. This was for him, not for him or Aijia. He Huan knew this very well.

"I'll go with you," he huan suddenly said.

Under the light, Qin Mo's expression was one of shock. you're going too? "

...

"didn't you say that your relationship with her is normal? why can't i go? i'm her future second sister-in-law. " he huan smiled.

At this moment, her attitude had a qualitative change. She thought that if she gave up Qin mo, it would be equivalent to giving him to AI Jia. Why should she let her take advantage of him?

She was obviously a White Lotus. What did she mean by treating Qin mo as Qin Lu and saying that Qin Lu was still alive? she was lying!

How could a woman in the entertainment industry take things so hard?

this was something he huan would never believe.

However, she was not willing to tell Qin mo about this. This was because a straight man would not be able to understand such a White Lotus.

qin mo looked at her deeply and said in a low and hoarse voice, "alright, get in."

he huan followed him into the car. qin mo's hand was on the steering wheel. he paused for a moment before stepping on the accelerator.

the car drove very fast, and they arrived at the hotel ai jia was staying in in less than half an hour.

qin mo brought he huan to the top floor and knocked on the door.

after about ten seconds, ai jia came to open the door. although he huan was prepared to wear a bathrobe and smell good, no matter how much psychological preparation he had, he could not resist the temptation in front of him.

AI Jia was only wearing a silk spaghetti strap nightdress that was as thin as cicada's wings. He Huan bet that there was nothing underneath.ai Jia's hair was let down, and her makeup was a little off, but it made her look even more charming.

Not only was he Huan surprised, even Qin mo was surprised.

Because it was not appropriate.

Aijia looked at them and leaned her head against the door. She smiled slightly and seemed to be in a trance."he's still here."

Qin mo looked at her gaze and felt that something was wrong. Just as he was about to say something to he Huan, he turned his head and saw two streams of blood coming out of he Huan's nose.

He Huan's gaze met Qin Mo's helplessly. I didn't want to either. I can't help but have a physiological reaction.

she sounded like she was acting coquettishly. this was an emotion that he huan rarely revealed. in fact, qin mo was quite tempted, but now was not the time to be tempted. he immediately said to ai jia, " bring some tissues over. "

AI Jia was surprised and glanced at he Huan.

he huan also smiled at her in embarrassment."Sorry for the disturbance, but Qin mo insisted on coming."

AI Jia took a tissue and passed it to he Huan. Qin mo took it and wiped the blood off he Huan's face. He then carried her to the sofa and sat her down. After a long time, the bleeding finally stopped.

He still blamed her. you're already an adult. Why are you still having a nosebleed? you're really something.

"it's a normal reaction," he huan looked at him.

"You're not a man." He rapped her on the head, his tone fierce but with a hint of pampering.

he huan just smiled. " take a look at ai jia. did she take some medicine? i think she's not right. "

Chapter 4274: He Huan, she's not important 11

Only then did Qin mo stop caring about AI Jia. He saw a bottle of sleeping pills scattered on the table in front of AI Jia, and a few of them were on the table. He frowned. why are you eating so much again? the doctor said that it's going to affect your nerves!

Aijia chuckled and leaned on the sofa. She said indifferently, " "As long as I can remember him, I don't mind."

"Aijia, Qin Lu is no longer here." qin mo's voice was a little tense. " he will want you to live well. "

"The kind that would rather die than live?" aijia suddenly hugged him, her voice low and humble. " qin mo, don't ignore me. otherwise, i won't be able to find qin lu's shadow in this world. i can't hold onto him. i'm afraid that i'll forget him. i'm very afraid, very afraid of qianqian. "

She was a mature woman, and she was so beautiful. She was dressed so sexily and was hugging her man. Any woman would be angry, and he Huan was no exception. However, she had a nosebleed again. She was almost not angry anymore. She was angry and amused at the same time. It was clearly a scene of a green tea woman in a movie. Why couldn't Qin mo see it clearly? these lines were so old. Perhaps Qin mo also enjoyed this sad beauty!

He Huan wiped the blood from her nose and said, ” “qin mo, why don't i leave first? Stay and comfort your sister-in-law. Aijia is right, you are the best gift God has given her. ”

...

She said that with a fake smile.

Perhaps they would say that she had no love and didn't know how to sympathize. Sorry, sorry. She, he Huan, was just that cold.

She was already an adult, but she didn't know her limits at all. She was sure that AI Jia dressed like this to seduce Qin mo. It was probably because of her appearance tonight that AI Jia decided to be ruthless. She just didn't expect her to come along.

He Huan had just finished speaking when her gaze fell on a small trash can. There was a small package inside.

She was both surprised and shocked.

then, he looked at edgar.

ai jia didn't look normal. her face was unnaturally red. he huan thought she had taken sleeping pills, but now he knew that she had taken the pills herself!

He Huan didn't say anything and didn't leave either.

qin mo didn't know that. he walked over and rubbed her little head. ” “didn't we agree on this? she'll be fine after the doctor comes over and gives her an injection. she's always like this.”

Often?

He Huan didn't know whether to laugh or cry. She should be glad that Qin mo had enough self-control. He had actually not succeeded yet.

Aijia's village medicine was all for nothing!

hence, she nodded obediently and said, "then i'll wait a little longer!" i'm just a little dizzy, and i probably have a lot of nosebleed."

She rarely acted coquettishly like this, and Qin Mo's heart ached a little. He lowered his head and kissed her. "I'll Ask Auntie LAN to make you some delicious food later."

She grunted and bit her lip as she wrapped her arms around his neck. "When can we go home?"

Qin Mo's heart was actually a little shaken. He wanted to grow wings and go home immediately so that he could hold this Little Vixen in his arms and dote on her. She was really alluring tonight, but they were in Aijia's apartment after all. No matter how anxious he was, he could not do anything.

just then, the doctor came over.

The doctor was an experienced doctor. He could tell at first glance that Aijia didn't seem to have taken sleeping pills, but he didn't want to expose her. "Induce vomiting! i can only induce vomiting."

At this time, AI Jia was also very uncomfortable, so she couldn't care about anything else. In the end, she vomited in a very embarrassing manner.

how could she still have any thoughts of seducing him!

Chapter 4275: He Huan, she's not important 12

Qin mo didn't say anything. He only sent the doctor away after AI Jia was fine. After that, he left Xuanji with he Huan.

after they went out, he huan looked at him. "do you plan to control her like this forever? as long as she says that she's not feeling well and misses the qin continent, you will come over to hug her and comfort her. this time, she's wearing suspenders. what if she's in the bathroom next time? are you going to accept everything?"

"Why do you think so?" Qin mo looked at her.

He Huan walked in front and said, "I don't believe that you don't know what kind of medicine Edgar took today."

qin mo was speechless. he followed her and held her hand."he huan,"

"mm," she said absentmindedly. "you know it in your heart, so i won't say it."

...

qin mo held her hand and suddenly pulled her into his embrace. he did not do anything but hug her.

He rested his chin on her thin shoulder and said in a hoarse voice, "but it's true that Qin Lu had to die. It's also true that Aijia had a miscarriage. My guilt over the years is also true.

he huan didn't say anything. she just slowly hugged him and patted his back.

it seemed that they didn't need to talk much about ai jia. later, they went back to the apartment together. auntie lan was old, but she still got up to make supper for the two little ones. old people always said a few more words.

As Qin mo ate his noodles, he looked at he Huan and smiled.

He Huan put on a fake smile.

when they reached the bedroom, qin mo asked for sex, but he huan refused. she pushed him aside and said, "i'm tired!"

A Chengzi, a worm, and a brain, who knew what they were thinking!

qin mo flipped to the side and watched as he huan took a set of pajamas and went to the bathroom. she was still wearing the same bright and beautiful dress. his eyes were a little deep. he leaned against the bed and smoked a cigarette. then, he got out of bed and followed her to the bathroom. he used a little more forceful means on her.

An hour later, he came out with he Huan in his arms, his expression full of satisfaction.

He Huan was a little angry, but she couldn't win against him. After that, she half-declined and half-accepted it twice. Even so, Qin mo felt very different from the past.

after the deed was done, qin mo heaved a sigh of relief and lowered his head to look at the little fellow who had been bullied by him.

he huan was a little angry, but she turned her face to the side and didn't say anything.

he smiled,"angry again?" Didn't you feel good just now?"

as he said that, his voice became hoarse, low and hoarse, " "I'm in pain."

This time, he Huan turned her body away and did not look at him.

he was really too detestable, always doing whatever he wanted in bed.

Qin mo smiled magnanimously and ran over to kiss her small shoulders. As he kissed her, he couldn't control himself. He Huan probably felt it, so she said in a soft voice, " you've had enough. If you want more, you'll have to think of a way. I want to sleep.

qin mo found it funny and kissed her again. " "then how about i use you?"

He Huan turned her head and glared at him.

qin mo laughed in a low voice. " just sleep. i'll do it myself. "

he huan pressed against his chest. ” do you still have any shame? ”

Her cute appearance made his heart soften. He hugged her waist.”I’ll help you wash up. You can’t sleep like this.”

He Huan’s eyes were half-closed, and her little head was in his arms. Her voice was like a kitten’s.”No, I just want to sleep.”

After that, she was afraid that he would do anything rash again, so she simply put her arms around his neck.

Chapter 4276: I’m determined to win him (1)

in the middle of the night, a soft girl, who he had loved since he was young, hugged him like this. it was a wonderful feeling.

Qin Mo’s voice was very soft, as if he was afraid of waking her up. “You’ve forgiven me? you’re not angry with me anymore?”

He Huan’s voice came from his arms, ” “I didn’t say that. I’m still angry.”

Qin Mo’s heart was filled with an indescribable feeling. He reached out and stroked her little head.”Then I’ll do it until I’m not angry, hmm?”

He Huan was still hugging him, feeling that it was too easy on him.

He only knew how to do this.

...

she was a little angry and moved closer to bite his neck again. qin mo was also quite speechless. ” you’ve become a puppy again. you only know how to bite people! ”

He Huan didn’t say anything and just hugged him. Her nerves were a little tense, but she fell asleep after a while.

her palm-sized face was buried in his neck, and the breath she exhaled was warm.

It was ticklish, hot, and numbing, but it was the most beautiful warmth Qin mo had ever felt.

He reached out his fingers and touched her face gently. The soft touch made his heart move.

Although he Huan was still fierce, he could feel the change in her.

she had obviously softened and liked him.

It turned out that the feeling of being liked was so wonderful. Qin mo was in a good mood and fell asleep in exhaustion.

The next morning, he Huan woke up. She felt as if she had been run over by a car the night before. The moment she woke up, she felt someone touching her here and there restlessly. She was a little annoyed and kicked him.”You’re so annoying.”

Qin mo chuckled and leaned over to kiss her. “You’re not going to C city today?”

he huan pulled the blanket over her head and ignored him. qin mo could only hug her with the blanket. ” let’s go and pick up yi huan? ”

” you! ” she couldn’t breathe in his arms, so she got out of the blanket and looked at him for a long time. ” i want to go back to my mom’s house. ”

alright, ” Qin mo said as he stared into her eyes. we’ll go pick Yi Huan up after autumn and then we’ll go to your house together.

“What I mean is, I’ll go back alone,” he Huan said, a little speechless.

as she spoke, she lifted the blanket and stared at him. ” qin mo, you should know that my mother doesn’t like you now. why did you still approach her? ”

She was going to change her clothes, but he was still lying on the bed. He seemed to smile very softly, and then said, ” “Don’t you know why I went up to him?”

he huan was already in the changing room, and her voice could be heard. you have a lot of dark history, and now there’s also Aijia. I can understand you, but my mother really won’t. She will only feel the same way. Qin mo, you have to understand this.

With that, he se walked out and leaned against the door while looking at him.

She chose a simple black t-shirt with a chiffon skirt of the same color. She was very thin and had delicate features, so she looked very beautiful in it.

Although he Huan wasn’t a Super beauty, she was small and a little thin, but in Qin Mo’s eyes, she was unique. It felt especially good to carry such a small thing.

he looked at her with a fervent gaze and said after a while, ” “I know,”

“So, it’s better for me to go back by myself.” He Huan glanced at him and went to the bathroom.

when she was brushing her teeth, qin mo came over and hugged her waist from behind.

He Huan pursed her lips. Qin mo, what are you doing? ”

Chapter 4277: I’m determined to win him (2)

He pressed against her warm neck and said in a low and hoarse voice, ” he Huan, are you going on a blind date? ”

he huan was brushing her teeth when she heard what he said. she brushed her teeth a few times, and there were still foam in her mouth. ” yes! ”

“What a cruel little thing.” She didn’t know if he was angry or happy, but he opened his mouth and bit her neck.

in the beginning, he huan didn’t know. but after a while, she understood his sinister intentions. she closed her eyes. ” qin mo, can you not be so childish? ”

“Go and smash my car again! I don’t care if you use force.” He said in a hoarse voice, ” you’re not allowed to go on blind dates.

As she spoke, she looked at the bite marks he had made and blew in satisfaction. you were still tossing and turning in my bed last night. Have you forgotten that you look like a little wild cat? ”

...

he huan spat and frowned. ” it’s a physiological matter. qin mo, it’s not like it’s your first time. ”

He was so angry that he bit her again. He Huan cried out, ” if you bite again, you’ll really become a puppy.

Qin mo turned her around and pressed her against the countertop. He forced her in a serious manner, ” “there’s a restriction between us, right?”

he huan looked at him quietly and stopped joking.”you want to hear the truth?”

Qin mo didn’t make a sound, but he held his breath.

he huan lowered her eyes and smiled faintly. in fact, what I want is very simple. I’ve also said that I can’t bear with what happened to Edgar. Even if I can, I have to think about my parents.

She looked at him and wanted to say something, but she stopped him. Qin mo, don’t say that feelings belong to two people. It’s not like that. At least, it’s not two people between us. There’s still

AI Jia and rongyue between us. You may think that it's unfair, but think about it. Rongyue and I will never meet in a hotel in private like you two and even bring along village drugs. Qin mo, to be honest, I don't feel safe with such a relationship at all. Just because I can tolerate it doesn't mean that I want my mother to worry about me. I'll go with you to see her once or twice, but I can't stay with you all the time. Think about it, I have to film and I have a lot of things to do. If one day you can't hold it in anymore, I don't think I can take it, so instead of waiting for the future, I'd rather do it now, Yingluo."

"There's no such possibility." "I don't have that kind of feelings for her," Qin mo said firmly.

he huan only smiled. " with that figure and style, even women would be tempted, let alone men. qin mo, i'm just saying that if you want to keep controlling her like this and rush to her side with a phone call, i don't think it's possible for us. as your wife, i don't want to see my husband spend all day around other women, and it's the same for the women in the qin continent. when the qin continent passes away, the ones who are the saddest should be father and mother. it should be you, not ai jia. i can't see how sad she is. I only saw her trying to seduce you by all means and using you as a substitute."

I'm sorry, " she said with a smile. I've always been straightforward. I don't beat around the bush.

qin mo looked at her for a long time before he asked softly, " "Is this what you really think?"

He Huan smiled slightly.

Qin Mo closed his eyes. what if AI Jia has a mental illness? "

"split, right?" He Huan was still unmoved. I'm sorry, but she still needs to be treated. It's not something that can be cured just because you're with her. You'll only spoil her, indulge her, and even allow her to hurt other people!

Chapter 4278: i'm determined to win him (3)

Qin mo frowned,"he Huan, aren't you a little too cruel?" She's Qin Lu's girlfriend."

he huan was not surprised by his attitude at all.

She lowered her eyes and said very calmly, "maybe i'm cruel! Qin mo, I'm just saying my thoughts. If you think that I'm cruel or that I'm not thinking about you, then let's forget it. "

After she finished speaking, she really wanted to leave.

qin mo grabbed her arm and frowned. " "He Huan!"

He Huan smiled. you didn't ask yesterday. It's too late and I didn't want to fight with you. Now that I've made it clear, it's up to you to decide.

...

qin mo's fingers grabbed her tightly but he released them after a while. he frowned. " "He Huan, it's not what you think."

" i know. that's why i'm not arguing with you. it's probably because i understand you to a certain extent. " As she spoke, she still smiled. Qin mo, you can't ask for too much from me. Just think of it as me being selfish.

as she spoke, she broke free from his grasp and walked towards the door without any reluctance.

Qin mo locked her down again. This time, he pressed her against the door, using the natural advantage of being a man and a woman to trap her.

"He Huan, you're being unreasonable," he said in a hoarse voice.

He Huan was trapped by him like this, and after struggling for a while, he stopped. He didn't expect him to do anything in broad daylight.

she lifted her chin gently. " if i was unreasonable, do you think i could still come back with you last night? do you think i could still talk to you nicely and tease you? "

She turned her face to the side. It was a little hot, but she still continued, ” “Can I still do it with you?”

Qin mo laughed, his fingers gently touching her burning face. His voice was so deep that it made her blush and her heart race.”Am I the only one who wants to do it? Huanhuan, you obviously want to do it too.”

normally, he would call her he huan. it was rare for him to call her huanhuan, but every time he did, he would be moved.

he huan straightened his face and looked at him. he was surprised and shocked.

Qin mo started to kiss her. He kissed her gently as if he was touching a precious treasure.

He Huan didn't want to be kissed by him, so she turned her face away.”you don't have to do this every time,”

“But you're very into this, aren't you?” Qin Mo's voice had a hint of laughter.

he huan couldn't smile. she only felt sad. she let him kiss her and only asked softly, ” “Qin mo, you mean you still want to care about her, right?”

His kiss didn't stop, it was still soft and gentle. After a moment, he whispered, ” “I promise that I won't be alone with her when you're not around, okay?”

he huan turned around and looked at him.

Her gaze was very focused, and Qin mo felt that he Huan had never looked at her so seriously before. He let her look and looked into her eyes.

after a long time, he huan finally spoke in a low voice. ” qin mo, if you really want to be a hero, then we can forget about it. i'm serious. ”

She wasn't acting on impulse, but she had thought about it for the whole night.

a few years ago, it was rong yue and ai jia who stood between them. a few years later, when rong yue woke up, she was relieved, but ai jia was still between them. she was a little angry at first, but she realized that she would never become a woman like ai jia. perhaps she, he huan, had also learned how to use tricks. she was forcing qin mo, forcing him to make a choice.

She didn't care about the outcome. Just like she said, she was selfish!

She pushed him away and Qin mo stared at her. "he huan, are you serious?"

Chapter 4279: i'm determined to win him (4)

yes, " she smiled a little bitterly, " Qin mo, your gentleness towards women will only hurt everyone, including me. I'm only protecting myself now.

"Let's calm down first," she said after taking a deep breath.

He Huan still left.

Qin mo was standing alone in the washroom.

He said that AI Jia was mentally ill, but he didn't tell he Huan. That life-and-death separation had also left a shadow in his heart, so he indulged AI Jia.

Or perhaps, the existence of Aijia would repeatedly remind him that the Qin continent really existed.

...

Qin mo stood there for a long time before he went out. He Huan was still there, having breakfast.

"I'll send you back later," he said as he sat opposite her.

“no need, i’ll take a taxi to the venue to get the car.” He Huan lowered her eyes. Qin mo, I’m serious. Please consider it carefully. If you want to marry AI Jia one day, you should consider whether I should take care of yihuan and Xuanji. You know what I mean.

“he huan,” He suddenly gritted his teeth and said, ” “you can go on, but i can’t guarantee that you’ll be able to walk out of here alive,”

“You only know how to Bluff,” he huan lowered her eyes, ate breakfast, and didn’t say anything more to him.

in the end, he still drove her to the venue to get her car. he huan got into her own car and qin mo was beside her.

she lowered the window.

he bent over. ” you really don’t want to consider it? ”

“Let’s calm down.” he huan smiled faintly. ” you should also think about it. do you want to continue being with me or continue to comfort ai jia? ”

qin mo stared at her for a few seconds before straightening his body. in the end, he did not say anything.

He Huan smiled at him and drove away.

as for qin mo, he stood there quietly for a long time in a daze.

he huan drove and looked at the rearview mirror from time to time to see that qin mo was still there.

She did not soften her heart.

Because she was a woman.

Once he gave way, there was no more.

no matter what would happen between her and qin mo in the future, it was between her and qin mo. it shouldn't be changed by ai jia's appearance. he huan really couldn't sympathize with a woman like ai jia.

moreover, she would not be so generous after sensing that the woman had ulterior motives.

He Huan's emotions were a little complicated. She was still a little absent-minded when she returned home. Su Cheng had been through this and had heard about her and Qin mo, so she asked, "have you really forgiven qin mo? you want to start over?"

He Huan looked at the rice in her bowl and thought for a while."i haven't decided yet."

Su Cheng sighed softly. when your father said that he didn't agree to your relationship, it was out of anger. We were really angry with Qin mo at that time. But now, if you two really get together and he's good to you, you can consider it. But I have one request.

He Huan looked up.

Su Cheng said softly, " this time, think about it before you remarry. Don't even think about it for at least two years. It doesn't matter if you cohabit or have sex. After all, we were husband and wife in the past. If you have a child, we can help you raise it. But he Huan, don't bring that piece of paper back home so easily.

Tears welled up in he Huan's eyes. She suddenly understood why her mother said that. She pursed her lips and muttered after a long time, "mom, i know."

Su Cheng was also dazed for a moment before she whispered, " " actually, qin mo isn't bad. it's going to be hard to find another outstanding one like him. "

Chapter 4280: I'm determined to win him (5)

She said it in a low voice, but he Huan heard it clearly. She also felt a little sad.

she knew that her mother was very open-minded about relationships. this time, she spoke up for qin mo because she was worried that qin mo would not be able to find a good man. she was also worried about her own future.

She thought that the reason why she didn't want to give in to Aijia was half for herself and half for her parents.

Mommy and daddy Kie were already old. They didn't have as many children as the Qin family. They only had he Huan as their only child. If she wasn't happy, they were really not happy. There was no such thing as a beautiful old age to speak of.

Hence, she let Qin mo decide.

she didn't tell su cheng about it because she knew her mother's temper. if she knew, she wouldn't let her and qin mo be together again. she was biased towards qin mo and wanted to be with him. she knew it in her heart.

...

He Huan didn't say much and just nodded.

su cheng saw that he huan had taken her words to heart, so she didn't make things difficult for her. she hadn't seen her for a month, so she naturally missed her. in addition to delicious food, she also prepared a lot of he huan's favorite food. at three o'clock in the afternoon, he huan couldn't take it anymore and said that she wanted to go back to read her script.

"you only know how to work on your script all day," su cheng was a little unhappy. "look at the other women who are the same age as you. what are they doing?" they're all dressed up, going shopping, drinking tea, or playing cards."

Then, she looked at he Huan's clothes with some disdain. it's rare for me to wear a dress, and it's so black. Let me tell you, men are all visual animals. There are so many little vixens out there now. You have to be careful, especially when Qin mo sees female celebrities every day. Each one of them is better looking than the other and more revealing than the other.

“I don’t think you’ve exposed as much as I did!” He Huan laughed, pretending to be stupid.

Su Cheng was speechless. you’re still talking to me!

He Huan took an Apple. think about it, Chenchen is dressed as a man every day, but she still has Lan Yu tied up tightly. Lan Yu is so crazy.

Su Cheng laughed coldly. Lan Yu was an artist in the past, right? he had some special hobbies, but Qin mo doesn’t. Anyway, you’d better be careful. Since we’re free today, I’ll take you to pick some clothes that you can look at and wear. Don’t go for sky-high prices and look like a high school student. Think about it, you’re a woman in your early 30s now. Women of this age should be flirtatious, understand? ”

as su cheng spoke, she flicked her hair, looking naturally bright and sunny.

he huan mimicked her and felt her eyes twitching. she said she wasn’t suitable for it, but su cheng snorted. ” you’re not born with it. you’ll learn it. you have to remember that you’re a woman! ”

“i think we should look at what’s on the inside between a couple.” he huan was still trying to persuade him.

su cheng didn’t mind. ” tsk, you want both the inside and the outside. you only have the inside and no outside. what man would be interested in knowing your inside? ”

he huan didn’t know whether to laugh or cry. however, she remembered that she hadn’t been with her mother for a long time, so she decided to go with su cheng.

su cheng brought he huan to the best shopping mall in B city and also to the best brands.

the he family was not short of money, and he huan was very rich herself, so she could totally afford these brands. however, he huan looked at the rows of clothes and was quite speechless.”mom, it’s awkward to wear it normally.”

su cheng looked at her. ” how is it awkward? you have to be more formal when you go out for a meal. otherwise, qin mo will treat you like a child. ”

“He won’t.” He Huan muttered.
