

## Thank you 4281

Chapter 4281: i'm determined to win him (6)

su cheng smiled thoughtfully and looked at her. "you said that qin mo doesn't treat you like a child, but you should at least treat yourself as a woman."

he huan didn't say anything else and let su cheng pick out some clothes for her.

su cheng was very sensitive to fashion, so her taste was not bad. after a while, she picked out a few sets of clothes for he huan to try on. he huan tried them on, and they looked good, but it was a little too restrictive.

"mom, i don't usually wear it." he huan couldn't help but say.

su cheng looked at her. "you won't be acting all year round, will you? if you're still going to be mrs. qin with qin mo, you'll have to have some social interactions. when you're by qin mo's side, you have to make people think that you're mrs. qin, not a small assistant."

he huan disagreed, "mom, i'm a director too!" Why do I have to be Qin Mo's wife and others can't say that Qin mo is my husband?"

...

Su Cheng smiled faintly, then reached out to stroke mo hehuan's head. After a while, she said, "Because you're both in the entertainment industry. You know that this industry is all about resources."

He Huan didn't say anything. Her mother was right.

No matter how successful her directing was, as long as she and Qin mo were out, he would always be the main character.

this was something that she could not change no matter what.

He Huan also smiled, but it was a little bitter.

Su Cheng naturally understood her feelings and patted her on the arm. "actually, there's no conflict, huanhuan. women can always balance their career and family, just like how men sometimes give women face."

He Huan looked at her mother and suddenly bit her lip. She asked softly, "Is that so?"

"of course. Look at how your father respects me, and how overbearing your father-in-law used to be. He was like a house cat in front of Liangqiu, but in fact, he used to be worse than Qin mo." Su Cheng lowered her voice. you're not very clean. You like women.

he huan laughed. actually, she knew that her mother-in-law, ye liangqiu, was really powerful and had many tricks up her sleeve. even a playboy like qin anlan was subdued by her.

"that's why a man who loves a woman will respect her." Su Cheng said gently, 'a marriage needs to be managed. Even if you and Qin mo are together in the future, you can't be away from home all the time. Which man can bear to see his wife once or twice? I can't even stand it physically."

to be honest, su cheng knew that qin mo had been very well-behaved in the past few years. he had been waiting for he huan to not create any scandals.

After she said that, he Huan did not say anything else.

Su Cheng asked the shop assistant to wrap up the clothes she had just tried on. She wanted to swipe her card, but he Huan came back to her senses and said, "I can just buy one or two sets. I can't wear so many."

Su Cheng looked at her. look at you. You're so petty. These clothes are nothing!

she seemed to have thought of something. "these few years, you and qin mo have not seen each other. has he given you any money?"

“i have my own money. besides, i’m the only one who has enough to feed my family.” He Huan could not help but say.

she wasn’t trying to help qin mo, but they didn’t have a good time back then. she left xuxu not long after giving birth to yihuan and never talked about taking care of the family because he huan never lacked money.

she remembered that when qin mo went to the United States for a business trip, he had visited her apartment once. her apartment in the united states was not big, only about 100 square meters. he had stayed there for two days and was probably not satisfied. he had changed all the furniture in her apartment to new ones. it seemed that he had also bought a batch of clothes and placed them in the closet.

#### Chapter 4282: I’m determined to win him (7)

at that time, she was still young, so qin mo bought her all the clothes from the girl series. however, he huan had never worn them before and they were still in her apartment in the United States.

as she thought about it, she felt that she had not been very good to him in those years.

Of course, she did not regret it. She was not a soft-hearted person because it was not all her fault.

su cheng saw that she didn’t say anything, so she pulled her to the next shop to pick. after going back and forth a few shops, they bought about a dozen sets. he huan suspected that su cheng’s card was about to burst, so she couldn’t help but say, ” “mom, will dad think that you’re a prodigal after he receives the bill?”

“I don’t need your father’s money to make a living,” su Cheng said, looking at her.

he huan felt that her mother was quite domineering. the little one didn’t earn money, but she was very fierce.

...

su cheng asked the driver to put the clothes she bought in the car and took he huan to a high-end lingerie shop. she forced he huan to try on a few sets of lingerie, as well as a few sexy silk pajamas, suspenders, and lace.

he huan would rather die than buy it, but su cheng paid the bill without a second thought. ” “We still need to have some fun between husband and wife,”

She swiped her card and handed a stack of bills to he Huan. you can report this to Qin mo now. In the future, spend as much of his money as you can. Even if you two are not husband and wife now, he will always chase after you. You two slept together, right? this money is all spent on him.

he huan didn't know whether to laugh or cry, but he actually felt that it made sense.

After he was done, he carried the bags himself. He couldn't let the driver carry them. After all, they were private items.

su cheng saw that it was getting late, so she suggested having dinner outside. he huan thought about going to C city the next day and nodded. after this meeting, she wouldn't be back for at least a month.

However, they didn't expect to meet the Qin family when they were eating together.

Qin Anlan, ye Liangqiu, Yi Huan, and Qin mo were eating outside. The atmosphere was strange, especially when Yi Huan looked at Qin mo. “dad, didn't you say that mom is in C city?”

the atmosphere became even more subtle.

he huan was stunned for a moment. she walked over and hugged yi huan. ” mommy had something to do so she came back at the last minute. isn't she here to look for yi huan now? ”

“Oh,” Yi Huan replied and looked at her eagerly.

he huan smiled again and kissed her. then, she turned to look at su cheng, her eyes pleading.

su cheng understood what she meant. besides, she wasn't hard-hearted, she loved and loved.

“yes, we're here to look for yihuan.” she smiled.

qin mo immediately pulled out a chair for su cheng while he huan sat beside him. the atmosphere was very harmonious.

Qin Anlan and ye Liangqiu were still a little nervous. After all, it was their son's fault before. They did not expect Qin mo to regret it so quickly. They also knew su Cheng's character. She would not easily give in.

at this time, it was not easy for everyone to sit together for a meal. they also used their eyes to signal to their son to cherish this opportunity. if he messed it up again or used violence on his wife in the future, they would not care anymore.

the meal was quite harmonious because everyone was talking about it.

after the meal, qin mo offered to send su cheng and he huan off. yi huan wanted to go along, but it was already past nine o'clock. the children should have gone to bed, so they did not go.

Chapter 4283: He Huan, you've turned bad 1

Qin mo sent su Cheng and he Huan to the parking lot. Su Cheng suddenly said, ” “The chauffeur's car is in front. Qin mo, you can send he Huan.”

As she spoke, she placed the bag in he Huan's hand. “Sleep early tonight. We still have to go to C city tomorrow.”

he huan was shocked and surprised. ” mom, i'll stay at your place. ”

“Forget it,” su Cheng smiled.

She touched her daughter's face and sighed. "I want to keep your childhood look, but you're always growing up. He Huan, your father and I are old now. Come home more often to see us."

He Huan suddenly felt a little sad and did not know what to say.

...

It seemed that all these years, her parents had never been truly happy because of her and Qin Mo. It was only then that He Huan realized that she was not the only one in the world who was sad.

She was sad about this fact, but in the end, she did not say anything and just hugged Su Cheng.

"Mom, I'll be fine," she said in a low voice.

Su Cheng was usually the fiercest, but at this moment, she was really a little choked up. She lowered her voice and said, "He Huan, you have to be happy."

She paused for a moment, and her voice was a little suppressed. Your father and I have tasted everything we should have in our lives. We just hope that you can also taste it.

She didn't finish her sentence, but He Huan should understand.

After Su Cheng finished, she gently pushed He Huan away. "Sleep early."

Then, she got into the car.

He Huan stood there and watched the car leave slowly. She felt a little sad.

Mother, it's rare to be like this.

Qin Mo had been by her side the whole time. He did not rush her when she did not move. He only slowly walked over and hugged her from behind. His voice was a little hoarse. "I'll send you back."

as he spoke, he took the bag from her hand. however, when he took it, he glanced at it inadvertently and was a little surprised. then, he looked at her.

As for he Huan, she did not notice Qin Mo's gaze. She was still immersed in her sadness.

when she came back to her senses, she was already in qin mo's car. she blinked her eyes."Where to?"

"i'll send you home." Qin mo said indifferently. Then, he casually asked, "I went shopping."

he huanxin absent-mindedly acknowledged him. then, as if she had recalled something, she looked at qin mo and said, "oh right, you don't seem to have given me any pocket money."

qin mo was focused on driving, but a smile appeared on his face. "Why did you suddenly think of this?"

He Huan thought for a moment. you drive. I'll tell you later.

he was still smiling. "in the morning, you were still ruthlessly drawing a clear line with me. why are you asking for money to raise your family now?"

it's pocket money, okay? it's not even family expenses. she muttered softly.

qin mo stopped the car at the red light at the intersection in front. he turned his face to the side and stroked his chin with his fingers. he asked her in a playful manner, "what's the difference?"

he huan's heart beat faster at his teasing, but she pretended to be calm on the surface. she coughed lightly. "you're different from me."

Then, she turned her head away from him and looked out of the window. She mumbled to herself, "Pocket money is just pocket money."

qin mo looked at the way she turned her head. she was so cute and he suddenly felt that he huan was different. she was softer than before.

He wasn't a person with low emotional intelligence, so he understood after thinking about it.

Because he Huan had him in her heart, she didn't leave as she did before. She had someone to worry about.

Chapter 4284: he huan, you've turned bad 2

Qin Mo's heart instantly softened. He looked at her for a long time and couldn't help but reach out to caress her face. His voice was hoarse. he Huan, we can talk about this when we get home.

he huan continued to look out of the window and ignored him. she did not slap his fingers away.

qin mo liked her, but he had never felt such tender love for her before. he wanted to be more intimate with her, but the green light turned on. he chuckled and started the car.

in the end, the car stopped outside her apartment. qin mo had been here before but he had never gone up, let alone spend the night there.

he huan held her bag in silence. " "Good night," she said.

she had only moved a little when he caught her arm.

...

qin mo turned his body and said in a hoarse voice, " "You want to leave just like that?"

She turned her head and stared at him with her small and full lips pursed into a straight line.

Qin mo held the steering wheel with one hand and rubbed his handsome chin with the other. He smiled slightly. "didn't you ask for my pocket money?"

his gaze fell on the bag in her hands again, and it was very clear.

he huan was sure that she saw a malicious look in his eyes. she bit her lower lip. " i don't want it now. "

Qin mo chuckled and changed the topic. "Oh right, what did you buy today?"

She was embarrassed and did not dare to show him the things in her hands. So, after thinking for a while, she stuffed all the bills for today into his hands."See for yourself."

qin mo laughed and took a look.

he didn't know much about women's products, but he knew a little about the top brands. he could tell at a glance that they had lost a lot of money, and they had used uncle KIME's card.

As he read, he said casually, " "How can you still use your family's money when you're married?"

"we're divorced." he huan said in a bad mood.

she couldn't leave at this time because he was still holding her hand pervertedly, not letting her go.

qin mo looked at the last list and the smile on his face deepened. he then looked at her. " "Why are there only a few bags left?"

"The driver took it first." he huan said in a bad mood.

Qin mo nodded. that's true. You have to be careful of your personal clothing.

As soon as he finished speaking, he Huan suddenly met his eyes. He was smiling, and there was an inexplicable profound meaning to it.

He Huan knew that he had been teasing her!

"i'm going home," she said as she pulled her hand away.

“Wait a moment.” qin mo called her.

He Huan’s eyes met his. Then, he smiled and took out a checkbook. He wrote down two million and put it in her hand.”give this to your mother when you get back,”

He then took out an envelope from the front drawer and handed it to her. I’ll transfer two million Yuan to you every month. Well, it’s your pocket money now, but it’ll be your family expenses in the future.

He Huan looked at the card and then at him. She bit her lip.”It’s not enough for the family expenses!” Yihuan’s small bathtub alone cost hundreds of thousands! He had let her live on air!

qin mo’s smile deepened, and his eyes became extremely gentle. he reached out to stroke her short hair, which was so fluffy that it was indescribably cute. his voice suddenly became hoarse, ” “I know,”

He Huan looked at him, tears welling up in her eyes. Then, she quietly got out of the car.

qin mo also got out of the car and followed behind her. she didn’t say anything, so she probably acquiesced to it.

Chapter 4285: He Huan, you’ve turned bad 3

When they were standing in the elevator together, he still couldn’t hold it in and pressed her against the elevator wall for a kiss.

he huan accepted his kiss passively. her fingers clenched and loosened, and the bag in her hand fell to the ground. however, no one was in the mood to care about it. he couldn’t help but deepen his kiss, from a gentle peck on the corner of her mouth to a passionate kiss on her.

it was rare for qin mo to not hide his desires like this. the veins on his forehead were almost popping out. his aroused expression was not very good, so he had been restraining himself.

however, he couldn't care about that now. he even wanted to hug her in the elevator.

He kissed her so fiercely that her small body was squeezed between him and the elevator wall. Her bones were hurting from the kiss, and she didn't have time to care that she had already been brought into the vortex by him.

after a long time, qin mo finally let go of her. she was the person he cherished and he would not do anything to her here.

...

As soon as he let go, he Huan's body slid down. Her fingers immediately pressed against the elevator wall for support. Her face was slightly red, her eyes were full of tears, and her red lips were slightly open.

He looked a little intoxicated.

Qin Mo's fingers touched her lips gently and he said in a low voice, "he huan, you're giving me such a great sense of accomplishment."

He kissed her again, then bent down to pick up the bags for her. He Huan's face turned red again.

after entering the apartment, she saw qin mo sitting on the sofa and felt a little embarrassed. "i'll get you some water."

she turned around to leave, but he wrapped one of his strong arms around her from behind, and she fell into his arms.

"Keep me company." his lips were on her neck, and his breath was warm.

he huan sat on his lap and silently removed his hand from his waist. "we just talked this morning."

he sniffed the delicate meat fragrance and chuckled."i thought you'd give me a run for my money if you let someone come up."

she didn't allow him to say that word. she quickly turned around in his arms and bit his lips. "you're not allowed to say it. "

Qin mo looked at her and suddenly thought of his desire in the car. He suppressed the desire in his body and patiently coaxed her, " "so you asked me to come over because yingluo seriously wants to start with me?"

He Huan bit her lip and did not dare to look into his eyes. She simply hugged him shamelessly and placed her hot face on his shoulder. Her voice was even lower as she said, " I don't know.

It was rare for her to be like this. She was both lovable and very tempting.

at the very least, qin mo liked this. they had known each other for a long time and she rarely acted coquettishly like this, let alone taking the initiative to hug him.

He deliberately blew into her ear and said,"aren't you afraid that I'll eat you up?" The Big Bad Wolf has transformed."

he huan hugged him tightly for a while, then carefully lowered her head in his arms. she even covered one of her eyes and whined.

She glanced at him and hugged him tightly again.

The Big Bad Wolf had transformed.

"You can't feel it?" qin mo teased her on purpose. a mature man like him could easily flirt with a woman, especially a relatively innocent woman like he huan.

He knew that she had only been acting all these years and that her private life was very simple. Otherwise, he would not have allowed her to stay abroad for so many years.

He Huan hugged him and didn't dare to move. However, after a while, she felt him pressing her against his body.

That feeling was extremely embarrassing, even more so than if he had really done anything.

she had no choice but to say in a trembling voice, ” “I’ll get you a glass of water.”

Chapter 4286: He Huan, you’ve turned bad (4)

Qin mo chuckled. I don’t want to drink water.

he then added,’coward! Why are you so scared? it’s not like we haven’t done this before.”

Even though she said that, she relaxed a little. He Huan immediately jumped away, like a cat who whimpered after its tail was stepped on.

Qin mo smiled happily. go get some water. I’ll look around.

He Huan gave him a strange look and then jumped away.

Qin mo looked around. The apartment was very luxurious, but it was also simple. There was nothing extra and it looked like a shopfront. He looked around and did not see anything that belonged to a man. Thus, he was satisfied.

...

when he came out again, he huan had already poured him a glass of water. she was sitting on the sofa with a remote control in her hand, seemingly watching tv and changing channels.

He was sure that her attention wasn’t on the TV, and he found it funny.

Actually, his he Huan was quite cute.

He sat down and drank half a glass of water. He couldn’t help but pull her into his arms and kiss her for a while. Then, they watched TV together. They were both absent-minded. Then, they kissed again, just like a young man who had lost his virginity.

They did things that they hadn't done when they were in their twenties, reliving the memories of their young love. Of course, a mature man was not satisfied with this. Later, he carried her into the master bedroom, along with the sexy pajamas she had bought.

that night, he huan changed into a few different outfits. while admiring her, ceo qin also put in a lot of effort. yes, he was very satisfied.

when everything was calm, he held xiao jiaqiu in his arms and laughed softly as he pressed his face against the sweaty skin behind her neck."You've become bad, Huanhuan."

He Huan was being hugged from behind. She was originally extremely tired, but at this moment, her mind was extremely clear. She asked him in a low voice, " "You don't like it anymore?"

he laughed and took a small bite."How can I not like it? I love it to death."

He wanted to show how much he liked her, but he Huan turned around and hugged him. I still have to go to C city tomorrow. I have to be early. Qin mo, stop cooking. My bones are going to break.

he put down his hand on her shoulder and kissed her gently on the forehead. " "go to sleep. i'll send you off tomorrow morning."

he huan thought that he would drive her to the airport. she did not expect him to take a private plane all the way to C city and then to the hotel. she did not have to worry about anything and fell asleep all the way.

when it was eight o'clock for breakfast, she felt much better. at least, she was not as tired as before.

He still showed mercy last night!

"You should eat some too!" He Huan got out of the car and looked at him.

Qin mo followed her down and placed his hand in his pocket. "i'm not going. i have a meeting in the morning."

It would have been better if he didn't say it, but once he did, he Huan didn't feel good."you don't have to send me off if you have a meeting. i can do it myself."

he took a step forward and said in a volume that no one else could hear, " "I can't bear to."

as he said that, he reached out a finger and scratched her little face."I don't want you to work so hard, but I know you like it. Anyway, take care of yourself. I'll come over this weekend, okay?"

he huan nodded obediently.

he paused for a moment. " as for what you've said, i'll make good arrangements. i won't let you down. "

He Huan wasn't someone who would reveal her feelings. In the past, she didn't love Qin mo that much. There was a period of time when she was moved, but it quickly faded because of AI Jia's incident. However, recently, she had really started to care about him.

Chapter 4287: he huan, you've turned bad 5

At this moment, he felt even more reluctant. She had clearly warned him so fiercely before, but now she was not like her at all.

He Huan bit her lip and looked at him weakly.

Qin mo bent down and kissed her on the lips. "Don't bite me anymore, you're going to bleed, director he. Also, don't look at me like that, or else ..."

"you won't have any prestige in the crew anymore," he laughed in a low voice.

she was like a young girl in love, and president qin felt a sense of accomplishment.

he touched her hair. " also, keep your hair long. for me, okay? "

...

For some reason, he Huan, who had always been a simple person, nodded involuntarily and agreed. Then, she remembered something and added, " help me wash.

His smile deepened and he didn't say anything. He just rubbed her hair again.

"i'm leaving," he said hoarsely after a long time.

He took a step back and looked at her again.

"Wait a moment." He Huan called out to him.

He was a little surprised, but also not surprised. He looked at her with a smile.

He had liked little girls since he was young. He was the same as his big brother ye mu Yun, they were both very emotional ...

however, it was also different. his big brother's little bun had a soft personality and had been afraid of his big brother since he was young, while his he huan was a powerful little girl who had even fallen for someone else in between.

Now, from her eyes, Qin mo knew that he did not need to be jealous of others anymore. His little girl liked him.

just as he was smiling, he huan stepped forward and hugged him.

She hugged his waist with both hands and buried her small face in his arms. Such a simple action was something he had longed for more than ten years.

Qin Mo's eyes were a little hot. He reached out and touched her hair gently. "There's a lot of people around, you'll be laughed at."

“I just want to hug you.” she said in a huff.

at this moment, qin mo saw rong yue walking out of the hotel’s elevator.

“rong yue is here. are you sure?” his voice suddenly became hoarse.

the person in his arms froze for a moment before hugging her even tighter. qin mo smiled and coaxed her, ” “Alright, I’m going to be late for the meeting.”

” you’re the boss. if they’re unhappy, they can fire ran ran, ” he huan said unreasonably.

he didn’t know whether to laugh or cry. he couldn’t stand women who were too cute and clingy, but he enjoyed it.

At this moment, Rong Yue seemed to have seen this place. His gaze tightened and then he stared at this place.

qin mo sighed and pried the little fellow away from his embrace. ” “Alright, the film crew is here.”

Only then did he Huan unhappily let go of him.

qin mo touched her face. ” i’ll rest for half a year after this shoot. ”

“let’s have another child,” he added.

He was just saying it and didn’t think that she would want another one, but he Huan agreed.

He was stunned because she had changed too much. Yesterday, she still looked like she wanted to break up with him, but today, she was going to have children with him!

Qin mo looked at her suspiciously.

he huan's voice was a little low. " go back first. we'll talk about having a child later. but we want to have a child in these two years. it'll be a little too old if we wait any longer. "

"uncle qin!" she added.

"I'm only a few years older than you!" Qin mo snorted.

however, he was already 36 or 37 years old, almost 40. he did sound a little old.

If he wanted a child, it would have been forty years ago. He had just said it casually. How could he really want a child to ruin his embarrassing sexual happiness?

Chapter 4288: He Huan, you've turned bad 6

He Huan laughed. I'm a few years younger than you. Besides, a man who schemes too much will easily age.

He glared at her.

He Huan was still smiling. by the way, President Qin, what we talked about yesterday morning is still valid. You're still on probation. Don't think too much about having a child for now. You'll get old easily.

qin mo continued to glare at her. no, he really wanted to bite her to death or kill her.

at the very least, he could shut her annoying little mouth!

however, he didn't do anything. he just looked at her with an indulgent feeling.

...

after he huan finished speaking, he turned around and left.

qin mo could not hold it in any longer. he caught her back and locked her in his arms.

He lowered his head and nudged her little face. His voice was even more hoarse. you little bad thing. Where did you learn to be so bad? ”

For some reason, he Huan’s face turned red. Her voice was as low as his.”I learned it from you.”

At this moment, Qin mo could not help but think of their intimate moments last night. He was inexplicably moved. He looked at her and kissed her lightly for a while before letting her go. His voice was hoarse as he said, ” I got it. I’ll be leaving first. I’ll come over this weekend.

“I’ll come alone,” he added.

He Huan wanted to say something, but she gave up and only smiled.

Qin mo left in the end. He had to leave after the private plane was set.

he huan continued to shoot.

What happened next was like a passionate love.

Everyone in the crew could feel the change in he Huan. She had become soft and gentle, and her shooting style had also affected her. There was some hidden warmth in the originally melancholic plot, especially the female lead, who had been trained by he Huan. Even Kang Qiao was a little surprised. The female lead was not a newcomer, but she had never been so amazing before.

In fact, even he Huan’s own works had never been so warm and tender.

it wasn’t sweetness, but warmth. it was a gentleness that flowed through time and women.

Kang Qiao was stunned. He looked at the replay and whispered to he Huan, who was beside him,”It looks like you and your wife have been getting along pretty well recently.”

he huan grunted.

Kang Qiao smiled and continued to read. He Huan's voice sounded beside him, "I took a good picture of you, didn't I?"

He Huan then said to herself, " "This film will probably make many people famous."

"Get ready to be famous," she said, patting Kang Qiao's shoulder.

kang qiao's reaction was very strange.

The shoot went surprisingly well. Qin mo came over during the weekend, and he Huan could only accompany him at night.

He was rather cold to her. After suppressing his passion for a week, he only did it twice. After the break, it was already eight o'clock. He kissed her and asked, "do you want to eat outside or call room service at the hotel?"

He Huan was still very tired. She held her waist and said, "let's eat here. if you wake me up, i want to take a bath,"

As she spoke, she sat up, exhaled, and looked at him. "You're too strong."

Qin mo laughed and pinched her cheeks. Then, he got up and fastened his belt. do you want me to carry you?"

"no need," How could he Huan be willing to let him carry her? he ran off on his own.

Qin mo went to order food. After he smoked two cigarettes in the living room, the food arrived.

he set up the dining room and went to the bathroom to find he huan.

he huan had already put on a bathrobe and was applying some skincare products in front of the mirror. he smiled and hugged her from behind. "I thought you didn't take care of your skin."

## Chapter 4289: He Huan, you've turned bad 7

He Huan had already put on a bathrobe and was applying some skincare products in front of the mirror. He smiled and hugged her from behind. "I thought you didn't take care of your skin."

he huan tried to break free but failed, so she let him be. she patted her face and smiled. "mr. qin, if a woman doesn't take care of herself, she'll age very quickly."

"i thought you wouldn't grow old." His face was close to her neck, and his voice was hoarse. I've always looked like a young girl, young and beautiful.

he wasn't complimenting her, nor was he trying to please her. in his heart, he huan was just a little girl, and she was still the little brat who had followed him around when she was young. it really had nothing to do with he huan's achievements.

no matter how many grand prizes she won, she was still his little girl, a little girl who needed him to support her.

He Huan heard his words and laughed. "when did you learn to say such nice words? how many women have you said them to?"

...

"Am I such a casual man?" Qin mo laughed in a low voice.

"I'll take you out for a walk after dinner," she said after taking a few small bites.

"I don't want to go out," "I'm very tired," he Huan looked at him in the mirror.

"why don't we just do it in the hotel?" he chuckled.

"qin mo, can you have some integrity?" he huan was a little speechless.

Qin mo didn't say anything at first. He just held her hand and led her to the dining room. He personally laid out the dishes for her and prepared a bowl of thick soup for her. Then, he said very elegantly, "I've been holding it in for a long time."

He Huan almost spat out the soup in her mouth as she glared at him.

qin mo was still smiling. "as an adult man, my sex life has lasted less than a year. don't you think you're treating me badly?"

he had only married her when he was 30 years old, and they had been separated for less than half a year. after that, they had spent less time together and more time apart. they had only been a normal weekend couple for the past month, so how could a few times be enough to satisfy them?

he was just being considerate to her. otherwise, he would have kept her in the hotel room for two days, day and night.

he huan continued to drink the soup and stared at him for a long time before she said softly, "If you're not satisfied, you can find someone else. i didn't stop you."

He wasn't angry. He poured himself a glass of appetizer, took a sip, and then smiled."You clearly know."

He Huan did not say anything.

she lowered her eyes and ate her dinner silently. it was almost time for supper and she was really hungry. she ate very quickly and ate a lot, but she was still very thin because she was too busy.

Qin mo had spent a lot of energy, but he was still eating slowly. He didn't know if it was because he didn't like it or something, but he didn't eat much.

He Huan looked at him, then silently cut a piece of lamb chop and pushed the plate to him.

she didn't say anything and qin mo just stared into her eyes silently.

She lowered her eyes, unwilling to let him see through her heart, but he said, ” “He Huan,”

She snorted softly.

“In your heart, am I more important or is Rong Yue more important?” he asked her in a low voice.

“Childish.” This was miss he’s answer.

a touch of gentleness appeared at the corner of qin mo’s mouth. he leaned over and kissed her. after that, he didn’t say anything and just ate the lamb chop that she had cut for him.

After that, when she was reading the script in bed, he was dealing with work on his laptop in silence.

At 11 am, he Huan raised her head and looked at him.”Are you going out for supper or are you going to continue making breakfast?”

To Qin mo, this was indeed a huge temptation.

He glanced at her, and he Huan was lying beside him. Her short hair was a little messy, and she looked like a cute puppy.

it was a puppy that was fatally attractive to him.

He looked at it quietly for two seconds, then threw the laptop aside, lay flat, and closed his eyes.

When he opened his eyes again, he reached out and pulled her hair.”let’s go out for supper first. we’ll talk when we get back.”

“How greedy!” He Huan rolled his eyes at him.

...

“Men are all greedy miss he.” he lowered his head and kissed her on the lips. “Please understand a man who has never been in a relationship with you! Love can be done at any time, but being in love isn’t something that can be done at any time. You can’t miss the opportunity.”

as he spoke, he patted her P \* s. “Go and change your clothes! We have to hurry.”

he pulled he huan up and pushed her into the changing room. he picked out a white t-shirt and jeans for her, as well as a jacket. he was ready to go out at any time.

She went downstairs to the parking lot and got into a cool sports car. He Huan put on her seat belt and mumbled, ” “I didn’t know you were so pure!”

qin mo’s mood was obviously very good. before starting the car, he looked at her and smiled meaningfully. ” “There are many things that you don’t know. For example, I’m not interested in flirtatious women. Instead, I like some Kasaya.”

As he spoke, his gaze swept across her body and stopped at a certain place.

Actually, they had been husband and wife for a few years. Although they rarely spent time together, they were very familiar with each other’s bodies. However, this feeling was completely different. He Huan felt that she was being teased.

she glared at him. ” who knows what you’re up to behind your back? ”

“All my frivolity is with you.” qin mo had already started the car. ” you don’t know? ”

She turned her head away and ignored him.

Qin mo drove the car to the most crowded place in C city and found a barbecue restaurant. It looked good.

He Huan looked out of the car window and unbuckled her seat belt. “You’ve been here before?”

qin mo smiled, 'if you're in a relationship, you can't do without a strategy.'

he huan glanced at him.

in fact, this supper was completely accompanied by him. he huan had eaten with him a few times and found that he had a bad appetite. however, at that time, he went crazy and didn't care about hanhan at all.

he huan ordered the best wagyu and some vegetables. she roasted them herself. qin mo's cooking was not bad.

he saw that he huan didn't eat much and piled all the food on his side, so he smiled. "you look like mrs. wanwan is worried that her husband's body can't take it, so she's trying to give him a lot of supplements."

"a dog's mouth can't spit out ivory." she glared at him and snatched the food from him.

qin mo did share some with her. he didn't have many demands for food, as long as he was full. the most stubborn thing in his life was he huan, but she might not have realized this.

However, she wanted him to eat more, so he ate more to make her happy.

after that, he huan roasted it herself because she found it quite fun. qin mo's stomach was a little miserable after she roasted it too much. however, as a person who was in love, it was necessary to make his girlfriend happy.

in the end, his stomach felt a little uncomfortable, but he held it in, not wanting to ruin her mood.

C city was an ancient city. He Huan wanted to go shopping and he wanted to accompany her.

As for whether they loved each other or not, and when they did it, they actually had a lifetime's worth of time, so what did it matter?
