

Thank you 4291

Chapter 4291: A man in love is stupid beyond belief (1)

Other than a slight stomachache, Qin mo felt that this night was very wonderful. He had fulfilled the dream he had for more than ten years.

More than ten years later, he Huan was still a young girl, just like before.

At midnight, the ancient city not far away was celebrating with fireworks. He held her in his arms by the city wall and lowered his head to kiss her. He Huan did not refuse. At this moment, he thought that she liked him. She might even have fallen in love with him.

Because one's body could not lie.

they could both feel each other's warmth on such a cold night, and neither of them was willing to break the silence.

this moment was too wonderful. he felt like he was dreaming.

...

Even in his dreams, he would dream that one day, he Huan would suddenly fall in love with him.

and that dream had been his nightmare for a year after their marriage.

after kissing for a long time, when they returned to the car, qin mo asked he huan to drive. she also thought that he was too tired, so she drove the car and let him sit in the back.

when she arrived at the hotel, she stopped the car and turned her head to look. qin mo was lying on his side in the back seat, seemingly asleep.

"Qin mo, we've arrived at the hotel," he Huan called out to him in a low voice.

he did not respond.

She smiled and opened the door to get out of the car. Then, she pulled open the back door. Just as she was about to talk to him, she realized that his face was abnormally pale, and his forehead was covered with fine sweat. When she touched it, it was cold.

“qin mo.” he huan shouted his name and slapped his face.

However, he still did not have any reaction.

He Huan was a little anxious, so she immediately took out her phone and called Qin Chen. As soon as Qin Chen picked up, she said anxiously, ” ” chencheng, qin mo suddenly felt cold all over. his face was pale and he was breaking out in cold sweat. We were fine when we were outside, but he became like this after sleeping in the car.”

Qin Chen, who had just fallen asleep, was shocked awake and sat up. “What else did you guys do outside?”

“I’ve eaten some barbecued meat,” He Huan quickly said.

Qin Chen’s voice softened. send him to the hospital immediately. call me if you need anything, i’ll come over if necessary.”

he huan agreed.

She got into the car again and navigated to the nearest hospital.

half an hour later, in the examination room of a hospital in C city, the doctor on duty held the film and said speechlessly, ” the patient’s stomach has always been bad. This time, it’s probably an acute stomachache from eating too much. It should be very painful, but he can actually endure it for so long.

he huan recalled that they had kissed for at least an hour at the city wall, and his face was a little hot. he cursed qin mo in his heart. he was a pig-head! why was he acting cool when he had a stomachache?

however, she also felt a little guilty. she thought that he was in a bad mood because he didn't eat much, but she didn't know that his stomach had always been bad. she even forced him to eat so much barbecue!

she licked her lower lip, bit her lip, and asked softly, "Can his stomach be well?"

well, try not to order food that is too stimulating. It won't be a big problem if it nourishes the stomach. the doctor said.

he huan heaved a sigh of relief. the doctor coughed lightly."the patient might have diarrhea. after all, his stomach can't absorb the food."

he huan:

She first called Qin Chen and told him not to come over. It wasn't a big problem. She also asked about Qin Mo's health. Qin Chen wanted to say something but stopped. After a while, he said,"he hasn't been very happy all these years. Especially after you go to United States."

He Huan was stunned.

After a long time, Qin Chen said, "prepare some food for his stomach. It's best if it's Chinese food. Let him rest in C city for the next few days. He Huan, I'll leave Qin mo to you. Yihuan, don't worry. We'll take good care of him.

he huan:

Chapter 4292: A man in love is stupid 2

qin mo was sent to the VIP ward. fortunately, it was just a normal acute gastritis that did not require surgery. he only needed to stay in the hospital for three days and rest for a week.

He Huan sat beside him and reached out to touch his face. do you feel anything now? ”

Qin mo had already woken up. He opened his eyes and looked at he Huan.”What?”

He Huan pursed her lips and was too embarrassed to say it. She only glared at him.”So stupid, you don’t eat if you can’t eat! he’s in the hospital now.”

Qin mo was used to being domineering. At this time, he was lying in the ward and wearing a blue and white striped hospital gown. He actually had a kind of weak beauty. He continued to lie down and look at her quietly. There was a trace of weakness in his black eyes.”You’re angry?”

He Huan snorted. why should I be angry? I’m not the one lying here on an IV drip and suffering!

...

“is that heartache?” he immediately asked.

He Huan felt as if her tail had been stepped on. that’s even more unlikely.

qin mo stared at her. after a while, he reached out and wanted to touch her face. his hand could not reach his body and he wanted to move away. he huan wanted to ignore him at first, but her heart softened when she saw how he was enduring the pain. however, her face was still stinky, as if she was unwilling to move her face closer to him and tease him.

Qin mo gently touched her face and chuckled. you’re still denying it? your eyes are red. You must have cried.

“Who cried? I didn’t.” She was stubborn.

Qin mo didn’t say anything else. He only reached out and gently stroked her eyelids. His voice was hoarse. ” then what’s wrong with your eyes? is there sand in them? ”

“Yeah, it’s just sand.” He Huan stared at him stubbornly.

Qin mo only smiled slightly, his smile was very gentle.

he huan's face was very hot. just as she was about to refute him, the nurse beside her could not help but laugh."mr. qin, when you were sent for a checkup, mrs. qin was crying outside. your wife loves you very much!"

he huan thought,"f ** k, i don't want my face!"

however, she couldn't say anything to the nurse, so she could only look up at the sky in silence.

although qin mo was weak, his eyes were bright and gentle.

in addition, he realized that there were a lot of people around, so he didn't say anything. he just quietly held he huan's finger. it was one finger, just like a young person, childish but absolutely sincere.

He Huan's little finger twitched, but he gave up on holding it. Sometimes, he would secretly scratch her, very childish.

She was a little tired from sitting like this, so she leaned against the headboard in a daze.

She was actually scared out of her wits, but she didn't tell him. Her eyes were still red.

the nurse left after finishing her work, and it finally quieted down.

Qin mo was originally resting with his eyes closed, but he suddenly asked, " "Why did they call you Mrs. Qin?"

"Very important?" He Huan obviously didn't want to answer his question.

qin mo closed his eyes and chuckled. " it's quite important to me. did you fill in the form of a husband and wife on your medical card? "

He Huan grunted in agreement.

“Why did you write it like that?” he asked, still not satisfied.

He Huan finally couldn't hold it in anymore. Qin mo, you're already so old. We came together, ran. If I don't write a husband and wife relationship, do I have to write a relationship between the two of us? ”

Qin mo opened his eyes and looked at her. He was a little surprised and hurt. ” how am i old? do i have such a wretched aura? ”

“men your age are the easiest to mess around with!” he huan said unhappily.

Chapter 4293: a man in love is stupid beyond belief (3)

qin mo was so angry that he turned around and ignored her.

The originally good atmosphere was completely ruined by he Huan. The gentleness and affection in his heart, Hmph, were all given to a little bad thing, no, fed to a dog.

Qin mo was extremely angry. He was sick again, but he was not as proud as a little princess and needed to be coaxed.

“are you angry?” he huan patted his back.

he ignored her and pretended to sleep.

He Huan wasn't good at coaxing people. At first, she was very guilty and worried. However, now that he was fine and had the energy to throw a tantrum with her, she temporarily put down her worries and guilt. She wanted to catch up on some sleep. Although it was already one or two in the morning, she still needed to sleep.

...

He Huan really felt that everyone should rest, Yingluo.

in this aspect, she was a little straightforward. after all, she was a little girl who didn't know how to coax people.

Hence, she really fell asleep and slept lightly on Qin Mo's back.

Qin mo waited for a long time, but she did not apologize. He turned around and saw that he Huan had fallen asleep.

Then what about him?

he opened his eyes and gritted his teeth in anger, so he decided to give her a cold war.

However, it was very troublesome for a patient with stomach problems to have no one to take care of him, especially after only half an hour. His abdomen started to hurt abnormally again.

qin mo silently endured it for a while. finally, he could not help but push he huan.

he huan immediately woke up. " what's wrong? are you feeling unwell? "

qin mo was still angry. he gritted his teeth and said, " "I want to go to the toilet."

He Huan was stunned for a moment, then understood everything. She held back her laughter and held the IV drip in one hand, while supporting him with the other.

Cold sweat broke out on Qin Mo's forehead again. Her heart ached when she saw this. She whispered, " "you've been holding it in for quite a while, haven't you?"

He didn't say anything and walked quickly to the bathroom.

He Huan helped him hang it up and left the room to give Qin mo some face.

She guessed that if she didn't leave, he would still bear with it. She leaned against the door outside and suddenly felt a heartache.

In fact, Qin mo was never a person who would do stupid things. On the contrary, he was very decisive and ruthless. He rarely did things like tonight, where the gains did not make up for the losses!

she lowered her eyes. she knew very well that he was just trying to make her happy.

He Huan was a little annoyed at this moment. She wanted to smoke and find something to relieve her anger.

Perhaps it was because the passion was too strong that she didn't know what to do. She thought that it was her first time with Qin mo, so she was a little awkward.

He Huan leaned against the door and let out a long breath. At this moment, Qin Mo's voice came from inside, "I'm done,"

He Huan was stunned, then pushed the door open and went in.

Qin mo had already stood up. He had pulled up his clothes, but one of his hands was not very smooth.

he huan tidied up the clothes for him and looked at him."Are you done?"

Qin Mo's face suddenly showed a hint of pain and he frowned slightly. "Maybe, it's not good yet, Yingluo."

He Huan Xuxu

That night, no one slept well. Qin mo was so exhausted that he had to wait until dawn to finish.

He Huan was also exhausted. Looking at his sleeping face, she could clearly feel that he had lost a lot of weight overnight. He was not very strong to begin with, and now he looked even thinner.

She stretched out her fingers and gently touched his face.

“you can’t sleep?” he suddenly opened his eyes and reached out to pull her into his arms. ” time to sleep. ”

he huan buried her face in his neck. after a while, she whispered his name, ””qin mo.”

he hummed in acknowledgment and reached out to touch her little head.””What’s wrong?”

he huan wrinkled her nose.”i keep feeling like there’s a strange smell on you.”

qin mo,”

Chapter 4294: A man in love is stupid beyond belief (4)

qin mo just glared at her.

He Huan snuggled into his arms. it’s just a smell. Do you want to take a shower? ”

“he huan, you’re asking a gastritis patient to take a shower now?” her husband gritted his teeth.

“but it’s stinky!” she was still pouting.

“You can modify your words appropriately.” he snorted coldly and then let go of her. he didn’t want to talk to her anymore. she despised him anyway.

President Qin was also a tsundere. He fell sick because of her, but she despised him.

...

So, no matter how weak he was, he was still angry. Moreover, his body was not feeling well again. He tossed and turned, unable to sleep. His stomach was even more uncomfortable.

He Huan lay beside him. She probably felt that he was uncomfortable as she asked in a small voice, "Should we call the doctor over?"

"No need. Even a doctor can't make my body smell better." He said somewhat childishly.

after that, he huan didn't say anything.

CEO Qin was furious. This heartless little b * stard!

He closed his eyes and didn't say anything else. After a long time, he felt a small thing burrow into his arms. Two thin arms wrapped around his waist. She had been like a fire child since she was young. She was very hot. At this time, her palm was placed on his stomach and gently rubbed it for him.

qin mo did not know why, but his heart suddenly softened. he should not have forgiven this hateful little thing so easily, but he still could not resist her.

he had liked her for so long, and every time, even if she took a small step, he would be willing to take the remaining dozens or hundreds of steps. this time was no exception.

Qin mo reached out to grab her small hand and sighed. "he huan, i really don't know what to do with you."

He Huan didn't say anything. She just put her head on his shoulder and teased him.

when qin mo was about to fall asleep, she whispered, "I'll treat you better in the future."

he seemed to have woken up all of a sudden and smiled faintly.

when qin mo woke up, it was already noon. when he opened his eyes, all he could see was white.

and the pillow beside her was already empty.

he let out a long breath and asked the nurse beside him, ” “Where’s my wife?”

the nurse was changing the iv drip. she smiled and said,”Director he has gone to work. She told you to eat something. Oh, she also ordered lunch for you.”

Qin mo thought to himself,’I should give her a bad review for going to work without company.’

However, he also knew that she could not let go of her work. This was already the best he Huan could do. Besides, she did not sleep much last night and had to work during the day.

so, she sat up and dialed he huan’s number.

The other party picked up very quickly. “you’re awake?”

MMH, ” Qin mo replied. have you had breakfast and lunch? ”

“I’ve had lunch,” he Huan replied honestly.

“Don’t you need to eat breakfast? what if you’re hungry?” he was furious.

” i don’t think you have the right to say that about me, ” he huan said. ” you’re lying in the hospital yourself. ”

He gritted his teeth in anger.

he huan knew that he was angry, so she coaxed him. ” don’t be angry. i’ll come over to accompany you after i finish work. ”

qin mo’s heart felt warm and at the same time, it ached for him. he said unconsciously, ” why don’t you stay at the hotel? it’s not a big deal.

“really? Then I’m really not coming over?” He Huan laughed.

Chapter 4295: A man in love is stupid beyond belief (5)

qin mo was stunned.

she sighed faintly. ” look at you. you’re still a ceo. you always say one thing and mean another. ”

Qin mo was usually a very free and easy person, but in front of he Huan, it was useless no matter how much he was free and easy.

he was also silent for a while before he said in a low voice, ” “Come over!”

he huan laughed. ” rest well. i’ll cook for you tonight. ”

Can I cook?

...

qin mo smiled and hung up the phone.

The nurse brought over the lunch that he Huan had arranged for them. It was a healthy porridge made by the best shop in C city.

the moment he opened the box, he could smell the fragrance.

Qin mo ate more than half of the plate with one hand and then asked the nurse to clean it up. He was a little bored, so he took out his phone and contacted his Secretary, Secretary he, to discuss some work matters. He then took a nap in the afternoon.

When she woke up again, he Huan was already there with a bag of fresh vegetables in her hand.

qin mo looked at her and sat up. ” do you really know how to cook? ”

“a little bit.” he huan put the vegetables down, washed her face, and started to search for information on her phone.

qin mo could tell that she had never done it before and his heart turned cold. he got down from the bed and hugged her waist from behind. he bit her on the back of her neck. I’m still sick. If you give me the dark cuisine, I’ll be even more sick. I might even stay here for a month and kill some people with you.

he huan turned to look at him and laughed.”Yes, it’s very likely.”

“i’ll do it!” qin mo sighed.

He Nan’s body stiffened for a moment, then he swiped on his phone and said gloomily, ” Qin mo, do you think that I can’t be a good wife? ”

qin mo stood behind her and did not speak for a long time.

at first, he huan didn’t react, but when she came back to her senses, her face was a little hot, and she said in a low voice, ” “i’ll go cook.”

he pulled her back into his arms and hugged her tightly.

“let go of me,” he huan said softly,”a nurse will come in at any time.”

“Aren’t we a married couple?” Qin mo was a little absent-minded, but he changed the topic. “i’ll feel bad for you if you’re busy all day, huh?”

he huan let him hug her and asked in a low voice, ” “so, you’re going to cook?”

“you wish?” to her surprise, he took a bite behind her ear, then took out his phone and dialed a number to make an appointment with a five-star chef to make three dishes and a soup for them.

He Huan shook his head, but did not refute.

after that, he went to the hospital bed to deal with work, and he huan went to take a shower. when she came back, she served his grandfather.

The five-star chef came over to cook and left. He Huan was a little speechless as she prepared dinner. As she laid out the dishes, she emphasized, ” “it’s not that i can’t do it,”

“But I don’t want you to be an old hag.” Qin mo threw the notebook in his hand away.

As he spoke, he even held her hand and kissed it.

he huan was speechless.

she looked at the laptop on the bed and suddenly asked him, ” “Why do you have a notebook here?”

Qin mo shrugged his shoulders and said indifferently, ” “The manager of the branch company sent it over.”

He Huan also sat down and then said thoughtfully, ” “actually, if that’s the case, you can get someone to take care of you.”

Qin mo stared at her for a few seconds and his gaze made he Huan want to look away.

after a while, she wanted to say something but qin mo interrupted her, ” I’ll be discharged tomorrow afternoon. I won’t bother you for too long.

Chapter 4296: a man in love is an idiot 6

“you know that’s not what i meant.” he huan bit her lip.

As she spoke, she stirred the food on the plate and said faintly, ” “Do you have to pretend to be a victim to make me feel guilty?”

Qin mo smiled and did not say anything else.

He Huan pursed her lips. She knew that this was his usual trick, so she didn't say anything more and just ate quietly.

The food made by a five-star chef was indeed different. Even a home-cooked meal could be cooked beautifully. However, the two of them felt a little suffocated.

in fact, this was normal. young couples in love were often like this. although they were past the stage of youth, it was everyone's first time in love.

...

He Huan was the one who cleaned up after the meal. After that, he continued to work, and so did she. One of them sat on the bed, and the other on the small sofa. It was as if they were drawing a line between the two.

At ten O'clock at night, he Huan threw the script down and sighed. "Alright, time to sleep."

qin mo immediately kept his laptop and lay down straight.

He Huan found his expression funny. aren't you going to the washroom? "

qin mo opened his eyes. his voice was slightly cold. " i'm not a child. "

As he spoke, he closed his eyes.

He Huan was a little speechless. She did not force him and climbed into bed herself. She was really tired and sleepy.

She fell asleep very quickly, and she was very careful as she leaned against him.

Qin mo was initially a little angry, but when he saw that she still had a trace of fatigue on her face even though she was asleep, the anger in his heart disappeared instantly. What was left was a little self-blame.

he had said that he would take care of her, but now he was asking her to take care of him.

he huan was actually just a little girl, and she had been pampered since she was young.

It was not easy for her to be willing to cook for him while working. He should not have treated her like this.

qin mo felt a little guilty. he reached out and touched her little face gently. he said with a little grievance, ” “I took a shower today, but you didn’t even smell it.”

After that, he trapped her small body in his arms and held her gently, always feeling that it was not enough.

he huan slept the entire night and did not wake up. qin mo felt guilty at one moment and aggrieved the next. this repeated until four in the morning before he fell asleep.

when she woke up, he huan was no longer there.

However, she left him a note and said that she had eaten breakfast. She even bought some for him and asked the nurse to heat it up for him when he woke up.

he smiled. he had recovered long ago and did not need a nurse.

Qin mo raised his hand and looked at his watch. It was already ten O ‘clock. No wonder he looked so refreshed.

In fact, this was really nothing to him. In the past, when the company was busy, he still had to get up to work when his fever reached 40 degrees, but he Huan was not by his side at that time.

now, he felt a little happy as he lay down.

The corners of Qin Mo's mouth curled up slightly as he laughed at himself for being silly. However, after a while, he felt that he Huan was the silly one.

He had breakfast and was on an IV drip for the whole day. In the afternoon, he had completely recovered and strongly requested to be discharged.

he did not tell he huan that he had left the hospital and went straight to her hotel room.

At six O'clock in the afternoon, he Huan came to the hospital. The ward was empty. She asked the nurse beside her in a daze,""where is mr. qin?"

"Mr. Qin has been discharged from the hospital. Mrs. Qin, don't you know?" the nurse looked at her strangely.

He Huan forced a smile. he probably wanted to give me a surprise!

Chapter 4297: let's not quarrel and make up, okay?(1)

He Huan looked at the flowers in her hand as she walked out.

It was a bouquet of white roses. She even bought a crystal bottle because Qin mo liked it.

She wanted to put it on the patient's bed. It would probably make her feel better.

However, he was no longer there. She didn't even know where he had gone.

He Huan stood at the door for a while, then walked slowly and threw the roses in her hand into the bin.

she looked at it quietly for a while and felt a little disappointed.

...

How should she put it? she felt like a failure.

she was a famous director and was well-known both in the mainland and abroad. however, to qin mo, she was not a good woman, a good wife, or a good mother. he felt that she did not know how to cook and would rather find a five-star chef to make a simple three dishes and a soup. at this moment, she did not acknowledge his thoughtfulness.

She was a little tired.

However, when she got into the car, he Huan still gave Qin mo a call to ask where he was and if he had returned to B city.

Qin mo didn't answer her directly. He only told her that he had been discharged from the hospital and then asked her where she was.

He Huan looked at the long corridor of the hospital and said in a low voice, "I'm at the hospital. I'll be going back to the hotel in a while."

"Take good care of yourself," she added.

she hung up the phone.

she didn't know why she was feeling so down, but she just felt a little uncomfortable.

If liking someone was such a terrible thing, she wouldn't have liked him if she had known.

She did not return to the hotel immediately. Instead, she drove around C city and it was almost nine O'clock when she returned.

when he huan got out of the car, she was a little tired. she and qin mo were the same kind of people. they had been superior since young and didn't need to worry about the future. they only needed to work hard and move forward. they could fail because their birth meant that they would always succeed. they were much, much luckier than many people.

however, relationships were different. regardless of one's background, there would be all kinds of troubles and suffering. on the contrary, those who came from a different background would have a lot of troubles, so they were better off being ordinary.

he huan admitted that he was a coward!

she wasn't willing to spend too much effort on relationships. she was naturally lazy. therefore, once qin mo left, she would be a little confused and self-deprecating.

perhaps, they had not learned how to love others.

He Huan opened the door to the hotel suite and was surprised to find that the lights were on. The man she thought was in B city was sitting on the sofa with a laptop in his hand. He was wearing a bathrobe and reading some documents.

he huan felt as if her throat was blocked. it took a while before she found her voice. her voice was hoarse. " qin mo. "

he raised his eyes. " you're back? "

MMH, " he Huan replied, then continued to stand at the door. why didn't you go back to B city? "

"You don't want me to come back?" Qin Mo closed his laptop.

"No." "Isn't Yueyue going to be discharged tomorrow?" he Huan lowered her eyes.

I don't want you to rush in and out. My heart will ache. He still looked at her calmly, as if he was saying something very normal.

he huan stared at him for a long time before she said in a hoarse voice, " "You can tell me. I went to the hospital one more time today."

This time, he stood up and walked straight towards her. He reached out a finger and gently stroked her face. His voice was extremely hoarse."Are you disappointed that I didn't tell you?"

Chapter 4298: Let's not quarrel and reconcile, okay? 2

“Are you very disappointed that I didn't report to you?” he asked in a hoarse voice.

He Huan slapped his hand away and turned her head to the side.”don't touch me.”

but her eyes still quietly reddened.

She didn't like this side of herself.

she was too fragile and too easily controlled by qin mo. if he wanted her to be happy, she would be happy. if he wanted her to be angry, she would be angry. if he was satisfied, she would be satisfied.

She didn't like him being like this, scheming against her.

...

Qin mo stared at her reddened eyes and reached out to touch them carefully. His voice was incredibly gentle.”He Huan, tell me where you've been for the past few hours.”

She didn't want him to touch her. She wanted to step back, but he quickly grabbed her waist.

He Huan bit her lip and lowered her eyes with a hint of unwillingness ...

“i'm going to the hospital.”

“Yes, I know.”

“I also bought flowers.”

This time, he didn't answer. Instead, he looked at her with a deep gaze, and his expression was a little moved.

he knew he huan. she was a very passive person when it came to relationships and would not easily express herself.

Buying flowers was a man's job, but she actually did it.

he touched her eyelids again, his voice hoarse with a hint of a doting smile. "Is it because you want to please me and make me happy?"

"i threw it away," he huan snorted. i threw it into the bin."

"that's not the point. the point is that you bought it." He smiled slightly, and as if he was trying to deceive her, his voice was particularly hoarse. "what did you buy?"

"white rose." she said in a bad mood.

qin mo pinched her cheeks. "you know me very well. i do like white roses."

At this moment, Qin mo had transformed into Princess Mo Mo. He Huan was speechless.

She glared at him. don't think that I'll forgive you just because you did this.

as she spoke, she shook him off and instinctively went to the dining room to find something to eat. then, she saw three dishes and a soup.

It didn't look like it was made by a five-star chef, nor did it look like a takeaway. It was very refreshing and homely.

"it looks pretty good, i made it." he smiled.

He Huan knew that he could cook, but she didn't expect him to cook here. She sat down quietly and looked at him before eating. "i still won't forgive you."

Qin mo followed her and placed his hand on the back of the chair behind her. He leaned closer to her and said with a smile, ” “then tell me, what did i do to make you so unhappy?”

there was a trap in his words, but he huan did not fall for it. she ate quietly.

qin mo would not let her off either. he chuckled, ” “leave without saying goodbye? You won’t have a chance to perform?”

He paused for a moment and then continued, ” “i’ve made you feel defeated, haven’t i?”

“qin mo.” he huan finally couldn’t take it anymore. she stared at him.”Aren’t you hungry? Your stomach problem might not have fully recovered yet.”

He smiled faintly. okay, we’ll discuss this later.

he huan refused to talk about this topic. after dinner, she took a shower and lay in bed, scrolling through weibo.

what kind of person was qin mo? how could he allow her to do this?

He stood at the end of the bed and smiled calmly. Mrs. Qin, are you hinting at me? ”

” don’t call me that. call me he huan or miss he. director he is fine too. ” He Huan did not even lift his eyes.

She was really angry with him.

he probably didn’t realize it!

Chapter 4299: let’s not quarrel and make up, okay?(3)

He Huan ignored him and continued to browse the hot search.

qin mo shamelessly leaned over. ” “director he, don’t you need it?”

he huan’s face stiffened. she couldn’t believe what she had just heard. she slowly looked away from the phone screen and her gaze fell on qin mo’s handsome face.

His face was indeed very good looking, better looking than the hot search, but she was not interested in him tonight. She was determined to give him the cold shoulder, even if he was sick and cooking for her.

He just did whatever he wanted, not caring about her feelings at all.

she was tired after a long day of work, and her mood was up and down because of him. it was normal for her to give him some attitude. just the thought of the flowers in the trash bin was enough to make her unhappy.

...

He Huan gritted her teeth and threw him three words. “i don’t need to.”

“But I need it.” He said shamelessly, ” Let’s cooperate, just like before.

this time, he huan completely put down her phone and stared at his face. ” qin mo, the vase i bought today was very expensive. it cost more than ten thousand yuan. ”

“You threw it away?” He crawled to her side and leaned against the headboard. He didn’t hug her, but gently pinched her face.”What a prodigal.”

he huan felt like she was about to be defeated by him. she emphasized, ” “That’s not the main point!”

she wanted to say that it was her thought, but he left without saying goodbye. although he was in the hotel, he didn’t tell her. don’t mention any surprise. he was sick, so there was no surprise.

however, she was not willing to tell qin mo about her feelings. hence, she turned her head away and did not want to talk to him.

Qin mo looked at her. He wasn't such a slow-witted man and he knew how she felt.

Perhaps he was deliberately making her anxious and anxious.

he had always been the one who took the initiative in their relationship, and he huan had rarely been treated coldly. now, she was obviously unhappy and angry.

his voice was especially hoarse. " i should feel bad and my heart ached when i see you sad. but i'm very happy, he huan. "

He Huan didn't want to look at him at first, but now, she couldn't help but raise her head. She wanted to say, " f * ck you!

she glared at him, tears welling up in her eyes.

she had never been a pretentious woman, but now she was very upset. she couldn't describe the feeling, but she didn't know what it was exactly.

He Huan's eyes were sore after staring for a while, but Qin mo was still smiling. She was extremely angry. F * ck him.

she turned her back to him and completely ignored him. she even kicked him in revenge."go away!"

qin mo lowered his head and looked at her. with just a slight turn of his body, he pulled her into his embrace.

"you're really angry?" he pressed his thin lips to her ear.

"Get lost." he huan said angrily.

qin mo laughed, 'you're really willing to let me go? if you're really willing, then whoever's out there and not coming back will not cry, right?'

"who's crying? i'm not," he huan insisted.

qin mo let out a long 'oh' and deliberately said, " "That's because a little dog is crying."

he huan couldn't hold it in any longer. she turned around and bit him, wishing she could bite him to death!

She buried her face in his neck and bit him. She bit his Adam's apple, so she couldn't use any strength and slipped. This bite became a little ambiguous and ambiguous.

qin mo's voice became especially hoarse and sexy. " you still say that you're not a puppy. who's the one biting you now? "

Chapter 4300: Let's not quarrel and patch things up, okay? 4

he huan's teeth were already sore from gritting them.

But now that he called her a puppy, she wouldn't let go and wouldn't let go.

Qin mo looked at her and found it funny and cute. He also felt that it was especially interesting. He reached out and gently stroked her hair. His voice was especially hoarse. do you really think you're a puppy? I can't bear to let you go.

"it really looks like a short-furred dog," he added.

He Huan was speechless. In terms of eloquence, she was no match for him. She was even angrier now that she did not have the ability to fight to a draw with him.

besides, she was afraid that he would mess around. now that she was in his arms, she felt a certain kind of restlessness. how stupid would she be to provoke him again?

...

So after she moved her small face away, it landed on his shoulder. He was wearing a shirt, and the texture was very good. It was very comfortable to rub her small face against it. Yes, it also made her feel a little sleepy.

he huan really closed his eyes. one of his hands was around his neck, and the other was around his waist.

Qin mo lowered his head and said a few words to her, but she didn't respond. It was only until Qin mo said softly, " "Keep your hair long."

"i don't want to." she rejected him without mercy.

I'll help you wash and dry it, " he coaxed her again.

he huan raised her head from his arms, and her black eyes opened into a cute slit. " i'm still angry with you. "

"i won't be angry anymore if my hair is long." Qin mo laughed in an extremely low voice.

He Huan still said no and fell asleep again.

After that, Qin mo reached out and patted her shoulder gently. He didn't disturb her anymore and just pulled the blanket over her.

She must be tired. After a busy day, she realized that he was gone, and her heart was tired.

She gently moved her face closer and whispered, " " i lied. actually, my heart hurts. "

he huan was in a deep sleep. when she woke up, she found that there was a different kind of fresh fragrance in the air.

she sat up immediately and found that the bed was covered with white roses, and the thorns on the long stems had been carefully removed. the bed of roses was very extravagant.

He blinked his eyes and grabbed his watch. It was already ten O 'clock.

After the shock, she remembered that she had a day off, so she scratched her short hair and lay down again.

after lying down, she raised her voice,"qin mo."

she knew that he must still be around. after this romantic act, president qin would definitely ask for some benefits. as expected, he agreed after she called him.

after a while, qin mo came out of the bathroom, feeling refreshed.

he was leaning against the door of the bathroom, looking a little lazy and very beautiful.

He Huan only glanced at him before closing his eyes again."what's the meaning of doing this so early in the morning?"

"How much longer do you have to finish your filming?" Qin mo asked her.

he huan took a rose and sniffed it. "why are you asking this?"

"Oh, I forgot to tell you that I might be working in C city. Well, it's in this suite. If you think it's not convenient, we can find another place to live. After all, the higher-ups in B city will appear in our room for meetings from time to time. He Huan, you don't have a good habit of throwing your clothes around. I think it's inconvenient for you to do that, right?"

He Huan could tell that there was a conspiracy going on and frowned."it seems like president qin has already found a place to sleep with her."

qin mo was silent for a while. " director he, your use of this word is really fresh and refined! "
