

Thank you 4321

Chapter 4321: despotic, overbearing, and pampered (1)

kang qiao looked at he huan's bleeding arm and said in a low voice, " "I'll take you to the hospital."

He Huan said no.

Kang Qiao insisted and dragged her over.

in the hospital, the doctor bandaged the wound and said that it was fortunate that it was only a small wound. if it was not carefully moved by an inch, it could hurt the main artery, and it would not be a small wound.

after the doctor finished, kang qiao looked at he huan and said in a reproachful tone, " "don't you have to be more careful in the future? there are scriptwriters and art designers on the scene, and you do it yourself every time. look at this wound. it's not pretty anymore! "

he huan looked at kang qiao. " such a shallow wound won't leave a scar. "

...

Kang Qiao took the medicine for her and went to the car with her.

He Huan walked past him, and before Kang Qiao started the car, she said, " "Do you have something on your mind?"

"You can tell?" he Huan was a little surprised.

Kang Qiao wanted to caress her hair because he Huan's personality was similar to Xu Mo's. However, he held back and coughed, " "it's all written on his face! what, is there something wrong with qin mo?"

"Kang Qiao, do you know AI Jia?" he Huan smiled weakly.

“We worked together once or twice a few years ago,” Kang Qiao nodded.

at that time, ruan yun was still his manager and had filmed two music videos with ai jia. she wanted to hype up the couple, but kang qiao didn't agree.

he huan laughed. kang qiao looked at her. “What are you laughing at? I don't have any relationship with her. I'm innocent.”

As he spoke, he took out a cigarette and lit it. He started the car slowly.

As he drove, he held a cigarette in his hand and said faintly, ” I have a lot of stories in the past. Xu Mo was quite angry, but he still chose to be with her in the end. He Huan, actually, when a man really loves a woman, there's no one else in his eyes except for the scumbag.

he huan looked at kang qiao and said after a while, ” ” actually, you and qin mo both have the constitution of scumbags. ”

Kang Qiao's cigarette almost burned his hand. He looked at he Huan and said, ”i'm very loyal,”

He paused for a moment, and his voice was a little heavy. actually, Qin mo is very loyal. I've been working for King Entertainment for so many years and I've never seen him with anyone else.

He Huan pursed her lips and did not say anything.

as for kang qiao, he sent her directly to her residence.

When he Huan opened the car door, Kang Qiao asked her, ” “Do you want me to send you up?”

He Huan raised his arm and smiled. “It's just a small injury. It's not a big problem.”

Kang Qiao also smiled. okay, then I'll go back to the hotel. If I can't do it tomorrow, I'll take a day off. Anyway, we're almost done with the shooting, so one or two days don't matter.

the most important thing was that the budget for this drama was sufficient, so there was nothing to worry about.

He Huan nodded and went upstairs after saying goodbye to him.

qin mo was at home. he was sitting in the living room and having a video conference with the company. ever since he moved to stay with mayor C, he had been having video conferences.

he huan walked in. he glanced at her, indicating that there was still some time.

However, after two seconds, Qin mo turned around and looked at he Huan.

Then, he looked at the screen and said the meeting was over.

the senior management of KING entertainment's headquarters were dumbfounded, but their boss had the final say.

Qin Mo closed his laptop and immediately walked towards he Huan. His brows were tightly locked together."what happened to your arm?"

Chapter 4322: Despotic, overbearing, and pampered (2)

He Huan bit her lower lip. I accidentally rubbed it on the set. He only left after Kang Qiao sent me to the hospital.

qin mo held her arm carefully and looked at it carefully. he only heaved a sigh of relief after confirming that it was only a small injury.

he raised his eyes and stared at her small face for a long time. he said expressionlessly, " "Being a director can also hurt. i'll accompany you to the set starting tomorrow."

He Huan was speechless. it's just a small injury.

He was still expressionless and didn't seem to be in a good position to talk. it's just a small injury? ”

he huan saw that his expression was not one to be trifled with, so she lowered her voice even more.”It's only a small injury.”

...

qin mo stared at her for a few more seconds before he suddenly carried her and walked towards the bedroom.

He Huan hurriedly wrapped her arms around his neck and said in a small voice, ” “what's wrong?”

qin mo walked straight into the bedroom and carefully placed her on the bed. then, he called qin chen and said a few words. he huan didn't feel good when she heard this. ” it's just a small injury. there's no need to make a big fuss. ”

He actually wanted the best surgeon in C city to examine her. He, Yingluo, was sick!

qin mo hung up the phone and looked at her.

he huan couldn't help but say, ” it's only a two-centimeter wound. there's no need to stitch it up. qin mo has already been treated. ”

He glanced at her, then started to make calls again. This time, she didn't know where he was calling.

After he was done, he looked at he Huan. you don't have to take any more scans tomorrow. Rest for the day.

“i'm the director, qin mo!” he huan was furious.

“I'm the director's man!” His eyes were distant.

“don’t think that just because you’ve slept with my man a few times, you’re teasing my man.” he huan was a little angry.

the light in his eyes was very strange. he stared at her for a long time before he said faintly, ” then tell me, what should i do? ”

as he said that, his fingers gently stroked her delicate face.”give birth to a few more children to prove my existence?”

“You’re shameless.” He Huan’s face turned red.

qin mo lowered his body and placed his handsome face on her neck. his voice was hoarse. actually, I enjoy the process of making children. Director he, I remember you enjoyed it a lot too.

He Huan bit her lip and wanted to push him away, but she accidentally pulled on her wound. She snorted and put her hand down.

qin mo’s expression changed. he held her arm gently and rubbed it around. he looked at her again.”it hurts, right?”

“who allowed you to get so close?” “It’s just a small injury. Tell the doctor not to come. I’m not made of paper,” he Huan said, a little angry.

of course, qin mo was not swayed by her words and only helped her loosen her arms.

after a while, the doctor arrived. it was the director of a certain hospital, the kind that had a lot of authority.

With his medical skills, director Xu wasn’t surprised to see a two-centimeter wound, because most of the rich and powerful were like this, and most of them made a big fuss out of nothing!

the hospital director looked at it seriously, then looked at the prescribed medicine, and said that there was no problem.

however, qin mo still had a request. in the end, the director still left a bottle of external medicine, saying that it was a secret medicine for purging the palace. after applying it, it would not leave any scars.

after sending the director off, he huan leaned against the headboard and didn't make a sound. qin mo, on the other hand, was studying the small box of medicine. when he opened it, the fragrance assailed his nostrils, and he could tell that it was not an ordinary medicine.

Qin mo looked at he Huan and he Huan said unhappily, " "such a small wound won't leave any scars. besides, it's not like it'll leave a scar on my body!"

Chapter 4323: despotic, overbearing, and pampered (3)

Qin Mo's gaze was a little far-reaching. After a while, he smiled and reached out to pinch he Huan's face. but I'm the one enjoying it.

She glared at him and scolded him for being shameless.

And he really laughed shamelessly. "He Huan, you don't understand men. Actually, men are all very superficial."

he huan turned her body to the side and ignored him. she closed her eyes and pretended to sleep.

qin mo only smiled and sat down to lay her flat. his voice was very gentle. " "take a nap. i'll wake you up for dinner."

he even covered her with a blanket. he huan didn't know whether to laugh or cry. she didn't want to sleep, but she didn't want to talk to him at the moment, so she closed her eyes.

...

Qin mo looked at her quietly for a while before leaving to cook.

In addition to the normal dishes, she also made red bean soup. It was blood-nourishing and the taste was very tantalizing.

when he huan woke up, she could smell the fragrance of food, and beside her, there was another kind of pleasant body breath.

She knew that Qin mo was by her side.

She shifted herself and leaned her head on his shoulder, her voice a little hoarse. “you’re really particular, taking a bath after cooking.”

He smiled and reached out to stroke her soft hair.”i can’t stand the smell of oil and smoke.”

“Then don’t cook. Let someone else do it.” she rested her head on his lap, not in a hurry to get up, and leaned on him like a rare docile kitten.

maybe it was because of some minor injuries!

he huan had never known that she could be so pretentious.

“it’s different today.” qin mo smiled.

He was the president of a company. It was not easy to work in C city. He did not have the time to stay in the kitchen every day. He was not a sentimental man who thought that cooking for a woman was true love.

a good man would give a woman enough sense of security.

It was different today. She was injured, and it was also a good man’s way to show off his awkwardness.

He Huan poked him gently with her small hand and then asked with a smile, ” “what did you do?”

qin mo thought for a moment. ” your favorite food. there’s also blood-nourishing congee, xuenuo, red beans, and red dates. ”

“I don’t want to eat red beans,” he Huan frowned.

red beans were her most hated food.

However, Qin mo insisted. you have to eat.

“be good,” he coaxed her.

“I don’t want to be obedient.” “i think you’re trying to poison me,” he huan said, biting her lip.

Qin Mo’s hand reached out to hold her small chin and twisted it dangerously. “what’s in it for me to poison you to death?”

“I don’t know,” “Anyway, you’re just trying to poison me by making me drink red bean soup,” he Huan said softly.

Qin mo was both angry and amused. he Huan! Are you being reasonable? ”

“if you don’t let me drink, i’ll be reasonable,” she said, blinking.

He stared at her for a while, then said “forget it” and picked her up.

he huan hugged his neck and continued to bargain.”I just don’t want to eat red beans.”

Qin mo looked at her and his gaze became deep. “other than red beans, what else do you hate the most?”

His voice suddenly became low and hoarse, ” “If you don’t want to eat red beans, we’ll choose something else.”

He Huan only realized what he meant after a few seconds. Her face flushed red as she glared at him.

qin mo smiled and pinched her cheeks. ” “you’re willing to eat it now?”

“You’re really despicable.” He Huan was furious and glared at him.

Chapter 4324: despotic, overbearing, and pampered (4)

“Is this the first time you’ve heard of this?” he laughed and placed her on the back of the chair. he pressed his hands on the chair and said in a hoarse voice, ” “mrs. qin, be content. it’s rare for me to coax someone.”

he huan turned her head and looked at him.

His eyes were bright, as if he was laughing at her.

he huan couldn’t help but think of the first time she had her period. when they went to school from the hotel, she didn’t allow him to tell anyone about it. at that time, qin mo only smiled.

After school in the afternoon, he was waiting for her at the school gate. He Huan remembered what happened last night when she saw him, so she didn’t want to leave with him.

however, qin mo was quite insistent.

...

He Huan walked in front while Qin mo followed behind her. He even put his coat on her and said uncomfortably, ” “I heard that Girls Can’t Catch a cold during special times.”

He Huan turned around and looked at him with a strange gaze. Qin Mo’s temperature is 32 degrees today.

“wear it, there’s air conditioning in the car.” As he spoke, he grabbed her hand and carried her in his arms.

This was a school, and it was a middle school. There were thousands of people in the school who knew Qin mo. He was handsome and had countless girls from rich families waiting for him to fall in love with them. However, he had fallen for a little brat from the middle school!

There were a lot of people after school. He Huan struggled in his arms.”Qin mo, let me go.”

He was really shameless. She was no one to him. Now, her reputation was ruined.

He Huan was only 15 years old when she was already engaged to Qin mo. It was also because of this hug that no boy dared to send her any love letters. This was because the whole school was spreading the news that she was Qin Mo’s girlfriend.

he huan was extremely angry. when she said that she was still young, qin mo sized her up. she remembered very clearly that he had stopped at a certain place for a while and said that he was not young anymore.

in any case, he was not a good person.

he huan sat in the car and was extremely angry. she sat at the side and ignored him.

After that, Qin mo reached out and pulled her into his arms. When she was not prepared, he helped her rub her stomach again.

she struggled and screamed, but the chauffeur in front pretended not to see it. he had watched the two grow up and naturally knew that they were going to get married in the future.

however, the driver only saw the beginning but not the end.

Qin mo held he Huan in his arms. She was so small and he could not help but kiss her hair.”does it still hurt?”

He Huan, who was in her teens, really wanted to say, "you're my mother when I'm in pain," but she endured it and twisted her body. "If it doesn't hurt, put me down."

naturally, he was unwilling to do so. she struggled. she felt that if uncle zhao saw her in the car and told him about it, would she really have a child with qin mo? she didn't know about the world of adults, but she knew that uncle qin and aunt ye both wanted her to marry into the qin family.

he huan was so young, of course she was not willing. she had secretly read in a book that the two people who were going to get married were in love, but she and qin mo were still in a relationship.

He was always so fierce and domineering. She and he were not in love. They were more like killing each other.

she also knew that he would be going abroad to study soon, and it would be at most half a year. she just needed to get through it, so she must not let him take advantage of her in this half a year.

However, he Huan's struggle had unintentionally caused some trouble for Qin mo.

For the first time, the 19-year-old Qin mo looked a little embarrassed. His voice was hoarse, which shouldn't have been at his age. "don't move!"

he huan was stunned, then her face started to heat up. she didn't dare to move anymore.

Chapter 4325: Despotic, overbearing, and pampered (5)

He Huan really didn't dare to move. Then, she felt a feeling that she shouldn't have.

She didn't dare to move, afraid that he would do something bad. Qin mo was a bad person to begin with.

qin mo, on the other hand, laughed. he took his coat and wrapped her up, gently hugging her.

In fact, the driver, old Zhao, was a little worried. After all, young master Qin was young and hot-blooded. He might do something out of line if he wasn't careful. What's more, it was in his car. How could he explain it?

however, if something really happened, he still had to say it. qin mo had to take responsibility, even though he huan was a little young.

Fortunately, Qin mo held back. Old Zhao drove while secretly listening to the whispers behind.

...

Qin mo lowered his head and looked at he Huan. He said calmly, " "come to my house tonight."

"why?" he huan glared at him.

"because uncle KIME and aunty su are on a business trip. you're the only one at home." Qin mo said matter-of-factly.

He Huan was furious. She reached out and wanted to call her parents, especially her mother.

when a girl was on her period for the first time, she still hoped that her mother would be with her and not the annoying qin mo.

he huan turned her face away and wanted to get down from his lap, but qin mo held her body and didn't let her move. he then said a few words to old zhao.

the car fell silent. the quieter it was, the more uncomfortable he huan felt.

after that, the car stopped in front of the black carved gate of autumn garden. the gate slowly opened and the car drove in.

the car door opened, but he huan refused to get out. she pouted. " i want to go home. "

qin mo continued to hug her and stared at her little face. " "This is your home."

“No, I’m not.” she muttered softly, not daring to speak loudly to him.

Qin mo looked at her. you have lived in the Qin family since you were young. You have spent more time in the Qin family than in your own home. Is this not your home anymore? ”

He Huan felt a little awkward and bit her lip.”I just want to go home.”

qin mo let out a breath and looked at her. he said expressionlessly, ” “Then I’ll go back with you.”

he huan just looked at him and did not say a word for a long time.

After a long time, she didn’t make a sound, but she got down from her seat and walked into the living room of the villa with a little pride.

qin mo smiled and opened the car door to get out of the car.

When he Huan entered the dining room, she saw a serving of nourishing red beans on the table.

“i don’t want to drink it,” she immediately frowned.

It was like poisoning her.

But in the end, she was forced to drink it by Qin mo. After dismissing all the servants, he carried her onto his lap and either kissed her or drank her.

From that day on, he Huan drew equal numbers between Hong Dou and Qin mo.

At one point, his kisses were like red beans, as if they were going to poison her.

just like now, qin mo was using the same trick against her.

In the apartment, he Huan glared at the serving of red beans. I don’t want to drink it.

Qin mo looked at her and knew that she was thinking about the past. He smiled. "Choose one."

"No, I won't." she snorted.

qin mo lowered his head and looked at her. he then hugged her and kissed her. "still not choosing?"

"Qin mo, you can't always do this." He Huan raised her eyes and resisted.

"which one?" qin mo smiled.

then, he moved closer and whispered in her ear, "I don't think you used Yingluo last night, did you? do you want to use it tonight?"

Chapter 4326: despotic, overbearing, and pampered (6)

He Huan glared at him, then picked up the red bean soup. She wanted to drink it in one go, but she didn't have the courage after a while. She stared at his face and said, "i only lost a little bit of blood."

"You still have to drink it." qin mo smiled and suddenly said, "actually, it's fun to watch you drink this."

He Huan was speechless. Sitting on Qin Mo's lap was another form of entertainment for him.

he huan felt that he was quite abnormal.

However, she couldn't drink the red bean soup and stared at it for a long time.

in the end, it was qin mo who took the bowl and looked at her. "I'll feed you."

...

He Huan was still staring at him, her eyes welling up with tears. She was like this when she drank the red bean soup.

Usually, no matter how fierce he was, she didn't feel any pain.

Qin Mo's heart ached a little, but he also found it a little funny. He deliberately fed her slowly, admiring her bitter face. In fact, after a long time, he Huan probably knew his dark thoughts, but she could only be angry in her heart.

Every time she took a sip, her face would turn bitter. Qin mo laughed at that and said in a low voice, "Should I be more careful next time?"

He Huan glanced at him. you're overreacting. It's just a small injury.

qin mo's expression turned ugly as he looked at her. "it's a small injury this time, but what about the next time? What if it's a large fragment? what will you do?"

"then drink a few more bowls of red bean soup," he huan said slowly.

qin mo didn't know whether to laugh or cry. he was overlapping her with the he huan of the past. it was as if she was still a young girl who only had her period when she was in her teens and he had to worry about everything.

He stared at her. other than this, you don't have to care about the wound? "

"Didn't director Xu give you the medicine?" he Huan snorted.

"Medicine isn't all-powerful," He couldn't help but pinch her face. Only after drinking red bean soup would she be more obedient. This was also the reason why Qin mo especially liked to let her drink red bean soup all these years. It was also very dark.

He Huan did not say anything and Qin mo started to feed her.

Red bean soup was only the prelude. After that, she had to feed him food, except for the few years she had been abroad.

in those few years, their relationship was tense and she rarely came back. however, he would visit her every time he went abroad, but she didn't appreciate it.

This time, it was the first time he had fed her after she returned to China.

it seemed to have been many years since the last time.

They were also much older, but he was able to do it with his heart.

he huan did not know why, but she just sat there obediently and let him feed her.

They weren't young anymore, but at this moment, it was as if they had returned to the time when she was 15 years old. At that time, he wasn't even 20 years old.

He Huan became a lot more pampered. She would never eat anything that she didn't like. After eating the red beans, she would be obedient but also pampered and needed someone to coax her. Qin mo patiently fed her until she was done. When he saw that he Huan was still sitting on his lap, he patted her. alright, be good. Sit at the side. I'll eat first and apply the medicine for you later.

he huan looked at him with a face that made one's hair stand on end. after a while, she ran away.

qin mo smiled and watched her leave. then, they started to have dinner. he huan played games on his phone.

After playing for a while, she suddenly remembered the email she had received, so she glanced at him and said, " "I'm going to the study."

"Rest if you're injured," Qin mo frowned.

Chapter 4327: despotic, overbearing, and pampered (7)

Qin mo looked at her again but still let her go.

He Huan went to the study room, turned on the computer, and received an email.

after opening it, the information was displayed page by page. it was all information and some photos of ai jia's treatment in the United States. of course, there was also qin mo's. it was very rare to find it after such a long time.

as the page scrolled down, it finally showed a photo of qin mo and ai jia.

it wasn't considered ambiguous.

Qin mo stood there with AI Jia's head gently leaning on his shoulder. Qin mo looked down at AI Jia.

...

There was a gentleness in his eyes.

it was not love, but gentleness, or perhaps pity.

This was the first time he Huan saw his eyes being so gentle to someone of the opposite sex. Although he did not hug AI Jia, he did not seem to have any intention of pushing her away.

he huan's heart skipped a beat. she had to admit that she felt a little uneasy looking at all these people taking care of her. however, she couldn't find anything to pick on.

At that time, Qin Lu had passed away and AI Jia had a miscarriage.

She flipped to the end and saw the results.

Aijia was indeed pregnant, and she had a miscarriage, Yingluo.

He Huan closed her eyes and was about to destroy the email when one of her arms pressed on the computer screen.

he huan raised her eyes and looked at qin mo.

Qin mo stretched out his hand and stopped her from pulling the plug out. Then, he came over and asked, "What are you looking at? a-V?"

He Huan's face was flushed red. I didn't.

then, as qin mo spoke, he sat down on the seat that she was originally sitting on, and he placed he huan on his knee with one hand.

He Huan bit her lip and wanted to turn off the computer, but he caught her hand.

When Qin mo saw the image on the computer, he was stunned. He lowered his head and looked at her. "You investigated Edgar?"

He Huan turned her small face to the side.

Qin mo flipped through the photos and looked at he Huan.

he huan pretended not to see his expression, but she knew he did.

Qin mo looked through it from the beginning to the end, then said in a low voice, "do you want to investigate aijia, or do you want to find out if there's anything between us?"

he huan lowered her eyes. "i accidentally received this email."

"Accidentally?" Qin mo smiled and deleted the email. Then, he hugged her with one hand and pinched her delicate chin with the other. He did not say anything and just sized her up.

his gaze made he huan's hair stand on end. she stared at him and slowly said, " "Didn't you want to apply medicine for me?"

for the first time, she took the initiative to stretch out her thin and white arm to let him apply the medicine.

in the past, she was always unwilling to do so because she was afraid of pain.

qin mo smiled. his smile was faint, but he huan's scalp tightened. he heard his voice slowly say, " "Today, I might have to apply the medicine to one more place."

he huan knew that he could avoid death, but he would not be able to escape punishment.

"What do you want?" she closed her eyes.

He didn't do anything immediately. His fingers moved gently on her face, and after a while, he smiled."Lie down properly."

He Huan thought she had heard wrong and her eyes widened."qin mo, you can't!"

She was too embarrassed to say the last few words.

In contrast to her anger, he was very calm. "Of course I can!"

As he said that, he wrapped his arm around her waist and flipped her over, causing her to lie on his knees. That posture looked like he was going to beat her up.

He Huan screamed, " Qin mo, let go of me! I'm hurt!

" i'll apply medicine for you after you're injured, and two bowls of red bean crickets, " he said, gritting his white teeth.

Chapter 4328: Despotism, overbearing, and pampered (8)

He Huan was furious. He lay there in an extremely sorry state, and his voice was trembling. "Qin Mo, you bastard."

Qin Mo carefully admired her frightened look. He placed the medicine aside with one hand and gently placed the other hand on the spot where she was going to be beaten. His voice was low and hoarse. "Are you afraid?"

"I'm not afraid." He Huan's voice was trembling. She felt his hand pinching her chin again. It was

"put me down," He Huan bit her lower lip.

Qin Mo pinched her chin and forced her to look up. He Huan met a pair of deep eyes.

His dark eyes seemed to carry a hint of a smile, but there was also a hint of scrutiny as he stared at her quietly. He Huan was a little stunned and couldn't say a word.

...

Qin Mo's fingers moved dangerously over, preparing to hit his P * s. When he realized what he was going to do, He Huan screamed, "Qin Mo, I don't want it."

Even if she didn't want it, she had to. After Qin Mo pulled the phone down, he adjusted the angle of the phone and started to hit her. Time after time, his expression was very focused and had a hint of abstinence.

He Huan was stunned at first. She didn't think that he would really hit her like that. Then, she felt embarrassed and angry.

She was already an adult. He had hit her, but he had even recorded it.

He Huan struggled, but he wouldn't let her. He pressed her back with one hand and then punished her even more fiercely.

he huan still cried out. her small body was sprawled on his lap, and she cried pitifully.

And it was a little embarrassing.

qin mo ruthlessly hit her a few more times before stopping. his voice was especially hoarse. "You're suspecting me?"

he reached out and took the medicine.

he lowered his gaze and stared at the red spot where she had been hit. his eyes were burning.

He Huan was still crying and sniffing, looking a little pitiful.

qin mo's eyes were filled with gentleness. his fingers touched the cup gently and his voice was hoarse. "You're already an adult, yet you're still crying. It's very embarrassing."

he huan lay on her stomach, not wanting to move at all.

Qin mo looked at her little face for a while before opening the exquisite little box. He picked a little and gently rubbed it on her wound.

In fact, he wasn't injured, just a little red and swollen. He couldn't bear to do it.

but even so, she was still crying like a spoiled child, as if she had been bullied.

qin mo stretched out his hand and massaged her. "does it hurt?"

"What do you think?" He Huan was so angry that she lowered her head and took another bite on his leg.

qin mo's eyes darkened and he lowered his head. "You're a puppy."

he huan opened her mouth, but she still glared at him, looking very dissatisfied.

Qin Mo's gaze did not move away and remained on her face.

After a long time, he said in a hoarse voice, "do you know your mistake?"

He Huan didn't want to talk to him and lay down. Qin mo didn't make things difficult for her. He helped her apply the medicine and adjusted her clothes. When he did that, he looked at her quietly for a while.

he carried her on his knees and began to apply medicine on the wound on her arm. she sat on his lap and couldn't help but move a little when it hurt.

qin mo looked at her without a sound and helped her apply the medicine calmly.

As soon as she finished applying it, he Huan wanted to run away, but he hugged her from behind. why are you running?"

"I have something to do." He Huan quietly struggled.

"i also have something to do," he said in a deep and hoarse voice.

he huan was a little angry. he probably only had that kind of thing to do. she could figure it out even with her knees.

Chapter 4329: i didn't do it (1)

Of course, she was not willing to do so. She struggled and wanted to run away, but Qin mo held her down and pulled her into his arms.

he huan was furious. "this is the study room."

He raised his eyebrows and asked, "study?" Isn't it a place to do bad things?"

"For example, this," he said.

He wanted to come over without any explanation, and he Huan almost jumped up. "you're insulting a gentleman."

qin mo stared into her eyes. his gaze was very clear. he was still sitting, but he held her in one hand and crossed the table with the other. everything on it, including the computer, fell to the ground.

...

As for he Huan, he placed her in the cleaned up area. She wanted to leave, but he held her down and stopped her from moving. He started to unbutton his shirt with one hand, but his face was ascetic. we have to do the most erotic things in the most serious place.

he huan didn't know if it was fragrant or not, she only knew that it hurt a lot.

What the f * ck in his heart!

qin mo, on the other hand, was laughing very happily. he carried her back to the bedroom and bullied her twice.

However, no one expected that the photo of Qin mo and AI Jia would be on Weibo's hot search the next day. It was the top hot search.

One was the heavenly Queen, the other was the entertainment club's CEO. The scene was so beautiful that it was immediately exposed on the internet.

when qin mo received the news, it was already 10 am the next day. he only woke up.

The consequences of indulging in one's desires.

As soon as she picked up the phone, she heard Secretary he's nervous voice. "president qin, the photo of you and ai jia is on the hot search."

qin mo furrowed his brows. he held his phone and walked to the study room to turn on the computer. then, he saw a familiar photo.

it was the one he saw last night. he was sure that he huan did not do it. she would not be so stupid to let others see it. she clearly cared about it, so there was only one possibility ...

It was Edgar's doing.

"Don't worry about it," he immediately ordered.

He then called AI Jia, who picked up the phone. Qin mo asked her directly, "You were the one who put the photos?"

AI Jia paused for a moment before answering him. Qin mo, I'm undergoing surgery in United States. I don't know what you're talking about, but I don't have the energy to do anything.

qin mo frowned and hung up. he then called k, a famous hacker. "find out who bought the trending search. Also, I want to know Aijia's whereabouts, including the contents of her surgery.

after he hung up, he called secretary he. "remove the trending topic. also, don't tell he huan about this. "

secretary he immediately went to do it and removed it within five minutes. he even blocked out all the content on the screen.

at this moment, ol 'K's information was sent over. qin mo opened it after receiving it.

it was an unexpected result.

it was a transfer record of he huan's money. she had spent 500000 on the internet exposure.

Qin mo looked at it quietly for a long time before he was sure that this was he Huan's teasing.

He didn't say anything and just slowly sat down on the sofa. He didn't know why he Huan was doing this.

However, this transaction record was indeed he Huan's.

Just as Qin mo was about to delete it, the study room door opened. He Huan's face was pale.

He guessed that she had already received the news while he was dealing with it, or someone had passed it to her. He smiled at her. "Come here."

"I didn't do it," he huan stood at the door in her pajamas and said quietly.

after she woke up, she received a text message from the bank. she had transferred 500000 yuan to moulang.

Chapter 4330: I didn't do it (2)

Qin mo still asked her to go over.

"you've investigated it. you think i did it, right?" he huan looked at him stubbornly. it's because i investigated you and edgar's past."

"He Huan," Qin Mo's voice was hoarse.

She kept looking at him and said softly, " "Would you believe me if I said that it was Edgar?"

qin mo still walked over and held her hand. " "Aijia is undergoing surgery overseas."

"so, you think i did it?" "I didn't do it," he Huan bit her lip.

...

qin mo carried her up. ” why aren’t you wearing shoes? ”

She still wanted to discuss this topic with him, but Qin mo didn’t seem to want to continue.

he huan’s heart clenched. he placed her on the bed and gently helped her put on her shoes.

However, she did not feel happy at all.

she pulled on his sleeve and looked up. ” “Qin mo, are you protecting me or Aijia?”

He squatted down to her eye level and reached out to stroke her hair. ” leave this matter to me. the transfer record is indeed from your account. ”

He Huan was in a daze at first, but she suddenly became clear-headed again. She stared at him for a while before saying slowly, ” “if it was edgar, what would you do?”

Qin mo sighed. he Huan, let’s talk after I find out, okay? ” Leave everything to me. ”

he huan didn’t say anything, perhaps she was a little disappointed.

she thought that if it was ai jia’s doing, he wouldn’t do anything to her.

she didn’t make a sound, so qin mo patted her little head. ” be good, don’t let your thoughts run wild. it’s not a big deal. ”

“But you’re suspecting me, aren’t you?” he huan clenched his fists.

Qin mo carried her up and comforted her. “no, i never did.”

he huan was still in a daze. she had been feeling this way ever since she saw the photo.

she didn't know how she fell asleep, but when she woke up, the apartment was very quiet.

She called out Qin Mo's name, but there was no sound.

He Huan couldn't find him anywhere. She thought about it and called him. Qin mo answered and said that he would be back soon.

In less than ten minutes, he came back in his outdoor clothes. He said calmly that he had gone out for a trip.

he knew what he huan wanted to ask, so he said in a low voice, "I've checked it out. It was done by a hacker,"

he handed a document to her, and he huan was-little stunned when she saw it.

How could this be?

it was done by the top hacker in the country, and it was very famous.

"ordinary people can't do this." "he's hiding overseas, but i'll find him," qin mo said in a low voice.

"i know," he huan lowered her eyes.

She felt that something was wrong.

qin mo's voice was very calm. "it's not ai jia. i've checked. they don't have any interactions. "

he huan slowly sat down on the sofa. after a long time, she looked up at qin mo and suddenly said, "Qin mo, I'm a little scared."

he huan had been very stubborn since she was young and had never been afraid. however, this time, she was afraid. she always felt that the person behind her would appear at any time and break her peace.

What she and Qin mo had now ...

qin mo stretched out his hand and gently caressed her face. " it's not a big deal. settle it. "

He held her in his arms, and when she was not looking, his eyes were filled with a cold light.

Actually, he had found out that it was AI Mengmeng who had done it. She was an artist from King Entertainment and was also the second female lead in twin.

However, Qin mo couldn't do anything to her. This was also something he couldn't tell he Huan. He didn't want her to be sad. "
