

## Thank you 4331

Chapter 4331: I'll fulfill your wish, huh?(1)

After the hot search incident, Qin mo returned to B city. About three days later, he returned to C city to accompany he Huan. However, after this incident, it was obvious that there were some problems between the two of them.

it was just that their married life at night was slightly affected. he huan was obviously not in the right state of mind. qin mo was more considerate and did not force her when he felt that she was not interested. after enduring for a long time, he would gently hug her once.

of course, boss qin was not satisfied with this, but he still endured it.

this situation continued until the end of "twin". the celebratory banquet was held in a hotel in C city. it was not a big venue, and the crew members and some familiar reporters were there.

After taking some photos and an interview, the party started.

While they were eating, Kang Qiao sat beside he Huan and said in a low voice, "we haven't cleared up what happened last time, and i can see that you and president qin are still in a relationship. is there anything i can help you with?"

...

He Huan held a glass of red wine and shook her head. nothing.

she smiled at kang qiao. "i heard that xu mo is pregnant. congratulations, kang qiao."

She seemed to have thought of something and took out a box from her bag. "this is for xu mo."

Looking at the box, Kang Qiao knew that it was expensive, but he still accepted it and only said thank you.

Given their relationship, this gift was acceptable.

He Huan smiled slightly and chatted with Kang Qiao about something else. However, she felt that Kang Qiao wanted to say something but was hesitating, so he Huan didn't ask.

after kang qiao went to socialize elsewhere, he huan's side was left empty.

ai mengmeng came over. "director he, let me give you a toast."

He Huan turned her head and gave a faint smile. She picked up her cup and clinked it with AI Mengmeng's.

ai mengmeng was a woman who was very good at acting coquettishly. or rather, most women in the entertainment industry had their way with men, especially second-or third-tier celebrities like ai mengmeng. so, in the face of he huan, a director who was even better looking than her, she could still act wild.

he huan had seen this many times, so she didn't think much of it and didn't want to attract any disgust.

She took a small sip, thinking that the business was almost over. However, she saw that AI Mengmeng was still there. He Huan was surprised. is there anything else? "

AI Mengmeng was about to stick to him, exhaling like orchids."thank you for your guidance, director he. so, here's another toast to you, director he."

He Huan frowned slightly, but still gave her face and took another sip.

but ai mengmeng still didn't leave. she looked like she was going to give herself to he huan. he huan was speechless and reminded her, " " there are still many producers and producers there. you can socialize with them. it'll be good for you in the future. "

AI Mengmeng gave a strange smile. actually, the person I should thank the most for what I have today is still director he.

he huan didn't understand, but she didn't want to understand either. she didn't care too much about human relationships.

hence, she only smiled faintly, but this smile was a little distant.

ai mengmeng inched closer, bit her lip, and whispered,"director he, i'm very grateful to you, so there's something i still want to tell you."

He Huan glanced at her.

AI Mengmeng lowered her voice even more."You can check President Qin's travel records. He went to United States once and didn't take a private plane."

he huan's heart skipped a beat, then she looked at ai mengmeng.

ai mengmeng showed a shy expression again. " there's one more thing. rongyue and i are together now. "

Chapter 4332: I'll fulfill your wish, huh? 2

he huan was stunned again as she looked at the young girl in front of her.

AI Mengmeng wasn't particularly good-looking, and her level of recognition was average. She didn't quite understand why Rong Yue had chosen her.

ai mengmeng voiced out her confusion. " we were together that night when rong yue left the production team. "

She said that Rong Yue was drunk and that she had taken advantage of him. Then, she looked at he Huan with a fragile face."Director he, you won't be angry."

"Why should I be angry?" "Congratulations," he Huan said with a faint smile.

Although she said that, she actually understood in her heart that Rong Yue had never mentioned this. It seemed that it was not simple. However, she did not say it out loud. After all, this was someone else's private matter.

...

furthermore, she was putting more energy into qin mo's trip to United States.

She was so calm that AI Mengmeng felt bored and left first.

He Huan sat there alone and slowly felt a little cold. She then realized that it was already early autumn.

she reached out to gather the clothes on her shoulders and slowly hugged herself.

it was already 11 pm when they left the hotel.

qin mo came to pick her up. he was leaning in front of a mulsanne and smoking. his black clothes made him look tall and slender under the dim yellow light. his face was also particularly noble and good-looking. even in the entertainment industry, there were only a few who were handsome.

he huan stopped in her tracks and quietly sized him up under the moonlight.

Qin mo also walked over slowly, took off his coat, and draped it over her shoulders, buttoning it one by one.

He Huan looked up at her and did not speak for a long time.

Finally, the button was fastened. He smiled and said, " alright, let's go home.

he huan continued to look at him. after a long time, she slowly took a step forward. qin mo put his arm around her shoulder and instantly felt her shoulder stiffen.

“is our relationship so bad that i can’t even touch you?” He asked in a low voice, and in a very oppressive way.

“no,” he huan lowered her eyes.

“prove it to me.” he said in an even more oppressive tone.

“boring,” he huan spat out two words.

Probably because he had been suppressing his anger for a long time, these two words completely ignited his anger. He threw he Huan into the car, and he quickly got in and started the car to drive away.

he huan was a little speechless,”qin mo, you’re so stubborn.”

“It’s best if you don’t speak,” he said in a deep voice.

She didn’t want to say anything after he said that. After a while, she couldn’t help but say, ” “i want to stay in a hotel tonight.”

qin mo was driving very fast. after hearing her words, he made a sharp turn and repositioned himself.

It was a five-star hotel, owned by the GM.

he huan didn’t say anything else. ten minutes later, the car stopped in front of the GM hotel. she opened the door and got out of the car.

However, Qin mo also followed her down and grabbed her hand.

He Huan froze and looked at him.

“don’t you like to stay in hotels? i’ll fulfill your wish.” he dragged her to the hotel lobby in a rough manner and swiped his card to get a presidential suite.

everyone in the GM hotel knew that this was the young master of the qin family. because the tang and qin families were related by marriage, qin mo was now the head of the family. the girl he was holding onto was ran ran.

He Huan was both embarrassed and angry. She tried her best to break free. Qin mo, let go of me, you bastard!

the receptionists 'hearts skipped a beat, thinking,"the young lady was forced!"

as for qin mo, he carried he huan in his arms and said, " "stop it, mrs. qin!"

Chapter 4333: i'll fulfill your wish, huh?(3)

that scene was simply crunching.

The front desk lady's heart skipped a beat. Oh God, it was Mrs. Qin!

that was director he, who was filming in C city. he heard that president qin was accompanying his wife on the shoot in his mansion and was now staying in a hotel.

Sense! Love! It was true! good!

"Let's take some pictures and post them on our moments!" Someone suggested.

Then, a few receptionists took some hot photos and not only posted them on their WeChat moments, but they also posted them on Weibo. They even boldly tagged a few well-known entertainment verified accounts.

...

therefore, in less than an hour-#president qin, he huan, and GM hotel revelry-this hot search suddenly appeared and was directly exposed.

the netizens 'heated discussions were also filled with negative views.

However, Qin mo and he Huan did not know that Qin mo was half-forcing he Huan. He dragged her into the suite and kissed her against the door.

he huan was so angry that she slapped him.

The sound of a slap probably triggered Qin Mo's beast-like nature. He gently pinched her chin and looked down at her. "How long more?"

He Huan's breathing was chaotic as she glared at him.

Qin mo leaned forward again and kissed her ruthlessly, ignoring her objections.

In the end, he got what he wanted. He was a little rough, but he did not completely ignore her feelings ...

He was very happy, but he Huan was being tortured.

After that, she curled up at the head of the bed and lay quietly on her side, a tear in the corner of her eye.

Qin mo hugged her from behind and said in a hoarse voice, " "Why are you crying? did i make you uncomfortable just now?"

She ignored him and cowered even more.

Qin mo couldn't stand her being like this. He kissed her Little Neck and asked, " let's do it again? "

her body trembled. " i don't want it anymore. "

Qin mo put down his hand and leaned against the bed, holding he Huan in his arms.

She was like a little beast in his arms. Her small shoulders were covered with a thin blanket. She was probably exhausted, so Qin mo did not force her to speak and only reached out to help her massage. When he touched the place where she had endured him, her small body trembled. He chuckled, ” “what’s wrong?”

He Huan pulled his hand to the side and placed his hand on his chest, his face close to his.

he knew that she probably had something to say, so he waited quietly.

“Qin mo, did you go to United States last month to meet Aijia?” he Huan asked after a long while.

qin mo’s hand stopped and he sighed after a long time. ” I found a doctor for her. Chenchen recommended him to me.

“Are you unhappy?” he lowered his head.

He Huan did not answer. She just propped herself up and went to the bathroom to wash herself. However, Qin mo followed her in a while and hugged her from behind. He did not say anything and only kissed her gently.

she knew what he wanted, and she gave it to him.

It was just that this method was more or less absent-minded and a little depressing.

When they were sleeping, she had her back to him. Even when he hugged her, he could feel her resistance.

I only found a doctor for her. There’s no hug from any of her old friends. Late at night, Qin mo whispered into her ear.

He Huan remained silent and did not say anything.

he said a lot, but she didn't respond. it wasn't until late at night that she softly said, " there are some things that you don't have to do personally. I don't know if you're going to United States because she wants to see you, or because you want to see her. Qin mo, I won't investigate you two anymore, but I also need a sense of security and enough trust.

qin mo let out a long breath. he wanted to say something but was interrupted by he huan, " "Sex can't change anything! Qin mo, just because you don't have an intimate relationship with AI Jia doesn't mean that I won't feel uncomfortable."

Chapter 4334: I'll fulfill your wish, hmm?

"i'll sleep in the small room," she said as she got up.

qin mo wanted to grab her and he managed to do so. however, the moment he huan turned around, he was stunned.

She cried.

he huan was also very stubborn. she rarely cried. even when she was severely injured when she was young, she never cried. she tried her best to hold it in, but now she was crying.

her voice was extremely hoarse, and she said in a very low voice, " Qin mo, you might think that I'm easy to bully. Yes, you're a man, you're the high and mighty President Qin, you're brothers with Qin Lu, but AI Jia is not your wife!

She took another deep breath. besides, it's my own choice.

...

after she finished speaking, qin mo looked at her expressionlessly and said, " "He Huan, what do you mean?"

“can we break up?” after she finished speaking, she shook off his hand and walked towards another room.

Qin mo was stunned for a moment, but the door had already closed.

He walked over and knocked on the door, his voice hoarse. “He Huan, open the door.”

There was no movement inside, and he Huan did not seem to be willing to open it.

Qin mo leaned against the door and said, ” he Huan, be reasonable.

there was still no movement inside. he tried to open the door, but it was locked from the inside.

Qin mo said a few more words to her outside, but she still didn’t say anything. He was a little angry, but he held it in. He turned around and called the front desk.”give me the key to the secondary bedroom.”

The receptionist looked at the time. F \*\* k, it’s already two O ‘clock in the middle of the night. Is President Qin still not resting? is he going to make his little wife refuse to do it and hide?

However, gossip was gossip, and things still had to be done. The front desk lady immediately sent the key over.

Moreover, President Qin’s face was very dark, obviously looking dissatisfied, so the front desk lady didn’t dare to stay any longer and immediately left.

Qin mo took the key, but he hesitated before opening the door.

He was not a man who could stand a Cold War, so he opened the door firmly.

the moment the door opened, qin mo felt his heart ache.

He Huan didn’t sleep. She sat on the carpet at the end of the bed, quietly lost in thought.

she was crying, but she didn't make a sound.

her head was lowered, as if she had had a nightmare when she was young.

qin mo's heart ached. he was her nightmare.

He walked over and squatted down in front of her. He reached out and ruffled her shoulder-length hair. your hair has grown so long. ”

She ignored him and did not stop him, but this made him even more sad and uncomfortable. Qin mo whispered, ” “don't cry, huanhuan.”

he huan finally opened her mouth. she was rejecting and resisting his existence. ” go away. i don't want to see you. ”

“then who do you want to see? Rong Yue?” he stared at her little face. ” he huan, i've explained. ”

She did not speak for a long time, then slowly raised her eyes to look at him.

tears welled up in her eyes as she stared at him. then, she sniffed.”You're not leaving? if not, I'll leave.”

In fact, she was already very weak at this time, but she still stubbornly walked out, wearing only a bathrobe.

Qin mo easily dragged her back. This time, he was really angry. “he huan, can you be more rational? where do you think you're going in the middle of the night?”

“To a place without you.” she replied very quickly. then, she saw that qin mo's expression was very ugly and his eyes were filled with danger.

He Huan took a step back.

Qin mo grabbed her arm and dragged her into the master bedroom for a walk.

Chapter 4335: i'll fulfill your wish, huh? 5

qin mo grabbed her arm and dragged her into the master bedroom. he pulled his tie and tied her hands up, then tied them to the headboard of the bed.

"i'll let you down when you've thought it through and understood," he said coldly.

he huan's posture was a little unsightly. she also stared at him in disbelief and struggled."Qin mo, you bastard."

"Yes, I'm a bastard, but I can't bear to let go."

he huan was lying down in an unbearable position, her delicate face buried in the pillow. she didn't want to cry, but her tears still fell. she sniffed and didn't want to talk to him.

qin mo also laid down and stared at her little face. " "Think about it and I'll put you down. It won't be comfortable to hang like this for a night."

...

He Huan's temper was also very stubborn. She didn't say a word and ignored him.

qin mo was lying flat on the bed. although he had done it a few times and his body was a little tired, how could he fall asleep? of course, he wouldn't sleep. he huan was still tied up.

After about half an hour, he said expressionlessly, " "have you thought it through? if you don't run, i'll put you down."

He Huan remained unyielding and didn't make a sound. She turned her head to the other side, and her fair wrist was already a little red.

Qin mo looked at her silently and gently pinched her little chin. "He Huan?"

“Don’t worry about me.” she closed her eyes. ” i don’t want to talk to you now. qin mo, why don’t you let us calm down? why are you forcing me? ”

“Because I’m afraid you’ll run away the moment I let go, just like when I studied abroad.” he answered quickly. at first, his voice was calm, but he was angry again, probably because he thought of the fact that she liked rong yue.

When a man was angry, he would turn into a beast. He had once vowed not to be rough with he Huan, but at this moment, he only wanted to torture her like this, forcing her to ask who she loved in her heart, whether it was him or Rong Yue. He even forced her to call him hubby. If she did not, he would torture her even more.

With he Huan’s fiery personality, she wouldn’t agree to it no matter what.

in the end, she wasn’t the only one in pain. he was in pain too.

he had clearly had sex with her for the entire night, but his heart felt even more empty and unspeakably uncomfortable.

However, what was even more unbearable was that he Huan had a fever.

her fever was quite high. qin mo was a little confused. although he was a little rough, he did not hurt her. after that time, he was very careful. even though he was angry just now, he still paid attention to his limits.

He Huan’s high fever was coming in waves, so boss Qin, who was a little helpless, called his sister. “Chenchen, he Huan has a fever.”

qin chen, who was still sleeping, immediately rolled his eyes. ” caught a cold? brother, you didn’t cover he huan with a blanket.”

The other side didn’t say anything, so Qin Chen knew clearly: “one night?”

He really was a breeding pig!

he's really good at this at his age!

qin mo didn't say anything, and qin chen couldn't help but roll his eyes."It shouldn't be a big problem, unless you have another domestic violence."

qin mo held his phone and said in a hoarse voice, "i didn't."

However, it was also a very rough method.

Qin Chen thought for a moment. let's send her to the hospital first. Maybe it's because of her emotions. He Huan's been in poor health since she was young, and even yihuan's body is like a big brother's. Your family is very supportive of you being with he Huan. After all, you've liked her for so many years. But, you should treat her well. Girls should be pampered.

Chapter 4336: I'll fulfill your wish, huh?

Qin mo hung up the phone and started to help he Huan put on her clothes. When he touched her wrist, she snorted uncomfortably.

His gaze froze for a moment, then he looked at the wound on her wrist, his eyes full of pain.

She should be in a lot of pain.

Qin Mo closed his eyes. When he opened his eyes again, he was more careful. He carefully carried her up. He had forgotten that he was only wearing a shirt. He took he Huan to the hospital in the early autumn morning.

When he arrived at the hospital, he checked his body. He Huan did have a fever, but it was not as serious as he had imagined.

39 degrees.

...

” but i feel that her temperature is about to reach 40 degrees, ” qin mo emphasized. ” it’s obviously that hot. ”

The doctor looked at him and took he Huan’s measurements again. It was confirmed to be 39 degrees.

Finally, he looked at Qin mo. Mr. Qin, please take your temperature too. Perhaps your hand is a little hot.

Qin mo paused for a moment and measured his temperature. He really did have a fever. It was slightly more serious than he Huan’s, 39.5 degrees.

“i knew it,” the doctor laughed.

he stretched out his hand to open the form. ” you two can do it together. it’s faster for people who need to work to get an iv drip. you’re a married couple, right? ”

qin mo did not say anything.

the doctor’s gaze fell on he huan’s wrist. the bruises reminded him that no couple would have such strong tastes.

He thought for a moment. love a person? ”

“We’ll be married soon.” Qin mo was speechless.

the doctor replied with an “oh” and lowered his head to write. as he wrote, he said, actually, women should be treated well. It’s even more necessary to find a partner to marry. Some things are exciting, but it’s easy to get into trouble, don’t you think so? ”

Qin mo touched his nose and did not say anything.

In his heart, he felt a little annoyed.

in fact, the doctor could tell that the other party's identity was not ordinary. the nurse said that a mulsanne was parked in front of the hospital in the middle of the night. it was rare to see a car that was worth tens of millions in C city.

It wasn't until the doctor finished writing the list and asked the nurse to take them to pay the fees and go through the procedures that they had the time to browse Weibo. Then, they saw the number one trending search and found out that one of the patients was the president of King Entertainment and the other was his ex-wife.

The doctor laughed. How could an ex-couple be so close? how did they get divorced?

on the other side, qin mo carried he huan and let her get the drip first.

the nurses had all seen the news in the doctors 'group chat. they could tell that this was the male and female protagonists of the most searched topic. they had booked a room together and played in the hospital until midnight. the nurses secretly took photos and uploaded them.

As a result, Weibo became hot again in the middle of the night, especially in the early morning ...

It was not easy for the former couple to come to the hospital.

How violent was this!

C city's reporters were already waiting at the hospital entrance, while B city's reporters swarmed over like sharks that had caught the scent of blood. They waited in unison, waiting for the male and female leads.

he huan was sick and did not have the strength to struggle. she obediently received the iv, but she ignored qin mo.

She was very tired at the moment and fell asleep as soon as she closed her eyes.

She slept but Qin mo didn't dare to sleep. He was obviously more tired, but he still supported himself and forced himself to stay by he Huan's side.

He really loved and hated he Huan at the same time. He had thought about giving up on her, so he had asked for a divorce.

They were indeed divorced, but he couldn't bear to part with her. When he turned back to look for her, he thought that he probably couldn't bear to part with her for the rest of his life. He thought he could do it, but he couldn't. He never could.

There was an indescribable feeling in his heart, but he could only watch over her quietly.

Even though he was also very tired.

Chapter 4337: I'll fulfill your wish, huh?

they were indeed divorced, but he couldn't bear to part with her. when he turned back to look for her, he thought that he probably couldn't bear to part with her for the rest of his life. he thought he could do it, but he couldn't. he never could.

Although he didn't go to the United States To find a doctor for Aijia on purpose, it was just in passing. It was because it was Qin Lu's death anniversary.

He couldn't tell he Huan too much. If he did, she might not believe him or understand.

Just like that, he endured until the drip ended. Qin mo could only sleep after the drip was pulled out. However, how could he fall asleep? he was half-awake and half-asleep, and he was constantly worried about he Huan.

They stayed like this until dawn. Qin mo reached out to check he Huan's temperature and only went to sleep after confirming that there was no problem.

At eight in the morning, when Qin mo woke up, he Huan happened to be awake as well. Their eyes met, and there was an indescribable feeling in their eyes.

...

I didn't mean to hide it from you, " he whispered. it's just that Yingluo was afraid that you'd be unhappy.

He Huan didn't say anything. She quietly leaned against the pillow, thinking about something.

Qin mo placed his hand on her forehead and said in a low voice, " it's not a fever anymore. Let's go back to the apartment and head back to B city in the afternoon.

"I'll go back by myself." He Huan's voice was soft and weak.

qin mo stared at her and said slowly, " "If it's not what you're thinking, why can't you trust me, he Huan?"

He Huan pursed her lips tightly and decided not to talk to him.

he had no choice but to call the doctor and get him discharged.

When they went out, a large number of reporters were already waiting outside. All of them had their cameras raised, wanting to take photos of them.

he huan's face was a little pale. she walked out of the hospital in qin mo's embrace. the reporters 'questions were very tricky and not very pleasant to hear. qin mo's face was very cold. in the end, secretary he had to arrange for security to escort them out.

After they got into the car, Qin mo looked at he Huan. "Have some breakfast."

The car was an RV, very spacious, and the breakfast was also very sumptuous. There was even a board that could be put down in the back seat, so they could eat freely.

However, he Huan didn't want to eat at all. She curled up in the corner of the car seat and looked outside quietly.

Qin mo frowned and placed a glass of milk in her hands. "drink it."

his voice was a little stern, but also a little commanding.

he huan completely ignored him and continued to sit there, looking out the window.

Qin mo was a little angry, but he suppressed his anger. “he huan, what do you want?”

She finally turned her head and looked at him quietly. I want to be alone. i want to live by myself when i return to B city.”

Qin mo stared at her for a long time before he finally confirmed that she was serious.

he closed his eyes and calmly said, ” “Do you really have to fight with me over this? he Huan, AI Jia is Qin Lu’s girlfriend. Qin Lu died for me and their child couldn’t be saved. i can’t be that cruel.”

he huan’s eyes widened slightly as she looked at him.

she felt that this was his decision.

her woman’s intuition and ai jia herself had said that she was ambitious for qin mo, but he still held onto the past.

The past of going one by one.

Tears welled up in he Huan’s eyes, and her throat moved uncomfortably, as if something was stuck in it.

After a long time, she said softly,”what if I can’t understand?” so, i’m the cruel one, right?”

he did not say anything.

Sometimes, silence was cruel.

He Huan stared at him and finally turned her head away slowly. She looked outside at the early morning in C city. Many people were busy with their day.

Chapter 4338: Please call me miss he (1)

Qin mo looked at her side profile and did not say anything. His expression was unusually ugly.

Secretary he was sitting in front of them and he was feeling a little anxious. The two of them were having a fight again.

in fact, she didn't want to criticize president qin, but he could just let someone else deal with aijia's matter. this was probably what straight men were like-they only cared about their own feelings.

In her opinion, AI Jia's motives weren't very pure. She didn't know why President Qin still wanted to keep in touch with her. Was it because AI Jia was good-looking? no, AI Jia was much older than he Huan. No matter how she looked at it, she seemed a little old.

Secretary he wanted to say something, but he felt that whatever he said might not be right. So, he gave up.

The car stopped below the building. He Huan opened the door and got out of the car. Qin mo followed behind her.

...

when she arrived at the apartment, she went straight to the bedroom and changing room to pack her luggage. she took her original clothes and did not touch any of the clothes that qin mo bought for her.

Qin mo had been standing at the door and looking at her. When he Huan was closing her luggage, he came over and pressed on it. He looked at her. "Are you really planning to go back and live on your own?"

he huan pulled her luggage and said, ” “Yes,”

She pulled her luggage and left. Qin mo held her arm. “there won’t be anything between us.”

he huan flung his hand away and said coldly, ” “You can promise someone else.”

after saying that, she turned around and left. before she left, she felt dizzy for a moment, but she quickly regained her composure.

she stopped for a while, but still left.

Of course, she did not return to B city by herself. Qin mo would not let her go back alone.

As soon as the plane stopped, he Huan left. Her car was already parked at the airport, so she put her luggage in the car and drove away.

qin mo stood there with a livid expression.

“president qin, you still have a schedule to attend to later.” secretary he came over after a long time.

qin mo stared at her for a while before looking away. ” let’s go! ”

after she left, they really did not contact each other for a week. he was waiting for her to come back, and he huan’s personality was like that.

qin mo didn’t ask about her, but he could still get some news. for example, when he returned to the qin residence, his parents would inadvertently say that he huan had come over and ask him if he was planning to go on a blind date.

“mom, why are you asking this?” Qin mo sat on the sofa and flipped through a magazine in frustration.

“Because you’re not young anymore. You don’t even have a decent female companion for your dad’s birthday, let alone a wife,” ye Liangqiu replied coldly.

Qin mo was stunned for a moment before he smiled. “Isn’t there he Huan?”

ye liangqiu sneered,”how long has it been since you’ve laid on the same bed?” You have the nerve to say that.”

her heart ached for her son. seeing that her son had lost weight, she sighed. ” you obviously can’t bear to leave her, but you didn’t chase her back either. he huan’s pretty good. if she decides to leave you and go on a blind date, it’ll be too late for you to regret it. ”

Qin Mo’s expression was still unfathomable and he didn’t say anything. Ye Liangqiu was so angry that she didn’t want to acknowledge him as her son.

how could he be so stupid as to abandon his wife again and again?

she sighed. ” look at the few of you. there’s no need to talk about muyun. chenzhen and mumu are both fine. it’s just you and qin, lu, and qianqian. but speaking of which, i haven’t heard from him for a few years. i don’t know where that child has gone to carry out a mission. ”

Qin Mo’s eyes narrowed slightly and his fingers clenched into fists.

Chapter 4339: please call me miss he (2)

This was one of the reasons why he was able to calm Edgar down.

he didn’t want his parents to know about qin lu’s death. perhaps, to a certain extent, he blamed himself, or he was even more unable to let go than ai jia.

On the other hand, he had drifted further and further away from he Huan because of this matter.

Qin Lu and he Huan were the most important people to him, but he was powerless.

qin mo was in a bad mood. that night, he went to the bar for a drink. after rejecting a few women who came up to him to hit on him, he was not in the mood anymore. he left and got into the car.

he slowly buckled his seat belt and placed his hand on the steering wheel.

...

He stayed there quietly for a while before he took out his phone.

He swiped it open and looked at he Huan's photo. He was in a daze. His slender fingers touched the photo and he didn't make a sound for a long time.

after a long time, he called her phone, and the ringtone rang again and again.

he huan did not take it.

Qin Mo's eyes darkened even more. He sat alone for a long time before starting the car.

He drove to he Huan's apartment. It was almost 11 pm.

The night sky was filled with loneliness. He lowered the window and sat quietly in the car, smoking.

he had been smoking quite a lot recently, and it seemed to have become a habit. he would smoke when he missed her.

He looked up and saw that the lights in her apartment were off. He didn't know if she had fallen asleep or if she had not returned.

However, Qin mo soon found out that he Huan returned after about ten minutes. She did not return by herself but was sent back by a man. He recognized that he was a rather famous producer and looked like a decent man.

he huan got out of the car. she was wearing a black dress with a strappy top. it looked especially good on her slim body and gave off a pure and sexy vibe.

although he huan was over 30 years old, she was still very young and her skin was tight. qin mo often felt that she was still a 20-year-old girl. as her husband, a man who could hug her, he naturally had more say in this.

but now that she had brought another man home, he was not sure if he was the only one who had the right to speak.

when he got out of the car, he naturally looked very intimidating. the producer looked at qin mo with a subtle expression and walked over. ” “president qin?”

Qin mo nodded and walked over slowly. He said magnanimously, ” “Send he Huan back?”

As he said this, he looked at he Huan again, his gaze unfathomable.

The producer also knew that he had misunderstood, but it wasn't really a misunderstanding. He Huan was single, and he had heard that she didn't come often with Qin mo. He also had the intention to pursue her, so he had asked someone to make he Huan drink two glasses of wine at the banquet today before he had the chance to send the beauty home. He didn't expect Qin mo to be here.

the gold medal producer, liang bin, wiped away his cold sweat and smiled.”yeah, director he had two glasses and couldn't drive, so i gave him a ride.”

Qin Mo's expression was a little reserved. thank you, President Liang.

“you're welcome. it's what i should do,” under qin mo's high pressure, liang bin didn't dare to do anything. he wanted to leave the scene as soon as possible.

He bade farewell and Qin mo did not stand on ceremony as he watched him leave.

he huan still stood there and watched liang bin leave out of courtesy.

However, as soon as the car left, she immediately turned around and walked towards the entrance. Qin mo held her hand from behind and his eyes were filled with danger.”pursuer?”

He Huan broke free from him and turned around. so what if I am? does President Qin even have an opinion on this? ”

Chapter 4340: please call me miss he (3)

she didn’t look like she was going to run, so he let her go. he put his hand in his pocket and looked at her quietly.

“don’t forget who you are,” he said after a while.

He Huan didn’t say anything and just looked up at him.

Under the light, she was wearing a little black dress and her skin was very fair. She must have not been exposed to the sun recently.

he also realized that she was wearing high heels. he thought to himself, ’she’ll still be shorty if she wears them!’ (president qin is very cute.)

But he couldn’t deny that she was very beautiful tonight, and this dress suited her.

...

Just as he was silently admiring it, he Huan threw him a sentence that was neither cold nor warm.”I know my own identity.”

Her angry look pleased him.

he took a step forward. he huan looked at his expression and could not help but take a step back.

qin mo reached out and caught her easily.

He Huan fell into his arms, and her face was buried in his chest. She was in a sorry state.

What was worse was that she was wearing high heels, so she twisted her foot from the impact.

He Huan yelped in pain, and her entire little face scrunched up. it hurts.

qin mo lowered his head and saw that she didn't seem to be lying. his heart ached a little, but his face remained cold."Where does it hurt?"

he huan could no longer stand. she frowned. " i twisted my ankle. "

qin mo silently looked at her feet for a moment, then bent down and carried her up. he carried her with one hand and took off her high heels with the other. when he passed by the rubbish bin, he threw them away.

He Huan bit her lip. more than twenty thousand.

he lowered his head to look at her and snorted coldly. " no matter how expensive it is, it won't fit my legs. it's a waste of space to put it here. "

He Huan was a little angry. She turned her head."You're talking about yourself!"

He carried her into the elevator and looked at her. "i'm only worth 20000 yuan?"

He Huan's voice was a little low. outside, it's only 2000 Yuan per call for Niu yilang.

"You did?" He sneered. do the men outside understand your body as well as I do? can they make you feel so comfortable? "

he huan couldn't continue the conversation with him, so she chose to shut up.

qin mo carried her into the apartment and placed her on the sofa. he then squatted down and looked at her.

He Huan furrowed her brows and looked at her feet. There was indeed a red circle there. Then, her eyes turned red.

“Aren’t you usually very independent and powerful? why are you crying now?” qin mo stared at her and said coldly.

“You don’t need to care.” He Huan pursed her lips and wanted to stand up to find some medicine to apply.

don’t move! Qin mo pressed her down. don’t move if you twisted your ankle.

“Is there a medicine box here?” he looked at her.

he huan was indeed in pain, so she said it.

Qin mo went to take it and came back to squat in front of her. He was dressed in black and looked very good.

however, at this moment, as he was so close to him, he huan could smell the faint scent of perfume on him. she was indeed not using the brand she used, so her small face tensed up.

Qin mo didn’t even raise his head and said in a low voice, ” “I went to the bar to drink some wine and accidentally rubbed it.”

He Huan pursed her lips and did not say anything.

“Don’t you have anything to say?” he asked.

“no, i didn’t!” he huan said in a bad mood.

qin mo laughed softly. ” if you don’t have it, i’ll help you apply the medicine. ”

Then, he Huan felt a sharp pain as if his bones were dislocated!

She almost screamed,”Qin mo, be gentler!”
