

Thank you 4351

Chapter 4351: Aren't we a married couple?(1)

He Huan was speechless. She was trapped in his arms and couldn't move at all. She couldn't even move a little.

After a long time, she finally fell asleep in his arms.

late at night, qin mo lowered his head and looked at the little thing in his arms. his expression became gentle.

He reached out and stroked he Huan's hair. It felt good and smooth.

after her bath, she smelled so good. she was so small and nestled in his arms, which made him very satisfied.

He lowered his head and kissed her forehead. He didn't care if she could hear him or not. He just said in a hoarse voice, " "you're willing to sleep in my arms. does that mean you've made up?"

...

Of course, he Huan couldn't hear him. She just turned around in his arms and changed into a more comfortable position.

Her small face was pressed against his chin, making it convenient for him to kiss her.

that night, qin mo kissed her as if he was possessed.

In the middle of the night, Yi Huan woke up and realized that her mother was not around. She was a little scared. Then, she found her mother sleeping on the sofa with her mother.

Yi Huan looked at him with her big, adorable eyes.

After a while, she fell down happily again. Her small limbs hugged the pillow. She felt so happy.

No matter how much Qin mo liked he Huan, he was still so angry with her the next day. Not only did he not get a good morning kiss, but when he woke up in the morning, she was not in his arms. Yihuan was not there either.

He immediately sat up and heard happy voices coming from downstairs.

He knew in his heart that they were still around.

he heaved a sigh of relief and took a look at his watch. it was almost ten in the morning.

Qin mo immediately got up and put on his clothes. He abandoned the coat he had worn last night and went downstairs.

He Huan and Yi Huan were having breakfast. Since there was no helper around, he Huan made the breakfast.

Qin mo only went over to take a look and said in disdain, ” “You want to eat this?”

Yi Huan saw her father coming down and gave him a happy kiss. She said carefully, ” ” baby likes mommy’s food. ”

Qin mo looked at he Huan silently and said, ” yihuan is so young, but she has already learned to lie. She’s just like you, a little liar.

He Huan held her salad with her fork, her little face puffed up in anger. when did I lie to you? ”

Qin mo had already walked into the kitchen. At this moment, he turned around and said in a low and hoarse voice, ” “You said you love me.”

“i didn’t say that,” he huan rolled her eyes.

his gaze deepened and his voice was a little low.”you’ve said it before, but you’ve forgotten.”

After all, he was a little disappointed. It was like he had no place to put his feelings for so many years. After last night, he seemed to feel even more empty.

qin mo went to make breakfast. there were both chinese and western dishes because yi huan was small. he made her food that was easy to digest.

When Qin mo was cutting the ham, he accidentally cut his hand because he was distracted.

He was stunned for a moment. He simply found a napkin and cleaned it up. After all, he was a man, and he was different from women.

qin mo brought the breakfast over. although he huan said no, her body was very honest.

after all, no one was willing to eat pig’s food.

Qin mo looked at he Huan eating happily and smiled lightly. He gave Yi Huan her share.

Yi Huan was overjoyed, but she had to take care of her mother’s self-esteem, so she only dared to eat in small bites.

qin mo looked at the two little things who had no moral integrity and smiled. he also started to eat.

he huan only remembered after eating half of it. “Don’t you have a meeting to attend?”

Qin mo looked at her and said very slowly, ” “i did. i’m probably too tired from last night’s work.”

Chapter 4352: Aren’t we husband and wife?(2)

He said it in front of he Huan without any hesitation. He Huan was furious. Qin mo.

“Am I wrong?” Qin mo smiled.

He Huan looked at Yi Huan and whispered, ” “just once, okay?”

“not satisfied even once?” He chuckled, his voice especially hoarse. I can tell that Hanhan wasn’t in a good state last night, and I’m happy.

“it’s not convenient for yihuan to be here,” he said after a pause.

he huan was speechless. ” qin mo, you know that yihuan is here. can you be more careful with your words? ”

...

Qin mo looked at Yi Huan, who was eating happily. She looked at her father with her big black eyes. I don’t understand. Is daddy playing games with mommy? the kind where they kiss and take off their clothes? ”

qin mo looked at he huan.

He Huan was so embarrassed that she wanted to die. She glared at him and said to Yi Huan, ” “Don’t listen to your father. He’ll teach the child the wrong things.”

qin mo glanced at her and then asked her lazily, ” “then, have you been corrupted by me? After all, you’ve been following me since you were a child.”

“I don’t want to talk about this with you.” He Huan snorted.

qin mo ate his breakfast and wiped his lips. ” “I’m going to the office.”

this action made he huan see the wound on his hand, and she looked at it in a daze.

qin mo also noticed her gaze and smiled. ” ” it’s just a small injury. why? does your heart ache? ”

“I’m not.” he huan lowered his eyes and ate the last bite of food.

Qin mo sighed softly.

he went to hug yihuan again before driving off. he didn't say if he would come back.

Normally, he Huan should have run away with Yi Huan. After all, Qin mo had found her. However, she decided not to run away. Firstly, it was meaningless. Secondly, Yi Huan was still young and she was not good at taking care of her. Although it was embarrassing, it was true.

the villa was not bad, and there were people who cleaned it regularly. however, there was usually no one to serve yi huan, so he huan had to serve yi huan by herself. at one o'clock in the afternoon, she was worried about lunch. when she was thinking about whether to order lunch, a team of hotel chefs suddenly came to the villa. they even brought fresh ingredients, and when they arrived in the kitchen, they started cooking.

Watching the five-star chefs make a Michelin-starred meal, Yi Huan was so excited that she was clapping her hands happily.

Even he Huan was happy. After all, if Yi Huan was happy, she would be happy too.

the chefs prepared the meal and left after setting up the place. there was also a bunch of cute flowers on the table, which were very matching.

Yi Huan ate happily until her little stomach was full, then she climbed into the children's room to sleep.

The children's room here was very dreamy, and it made little yihuan want to be a baby forever.

he huan, on the other hand, had a headache when she saw the table full of cups and plates, but she still forced herself to wash them off. after she was done, she was tired and sweaty. then, she took a shower and took a nap.

when she woke up, she took yi huan out for a walk and bought some small things. they even ate outside.

It was already eight o'clock in the evening when she returned with Yi Huan.

Qin mo had already reached home.

He Huan pursed his lips. He thought that he shouldn't have used the word 'home'. This place was her property, and he was trespassing.

When she said that to him, Qin Mo's gaze became meaningful. He leaned over and whispered, "illegal intrusion? then does hugging you count as illegal intrusion? after all, our divorce is illegal."

Chapter 4353: aren't we a married couple?(3)

he huan just glared at him.

he was really shameless.

His words were especially vivid, and that kind of image was really painful to the eyes.

"Yihuan is still here." He Huan continued to stare at him.

"Do you think she can understand such profound words?" he raised his eyebrows.

He Huan could not do anything about it. She looked at Yi Huan, who could not understand what he was saying. She looked at them with her big, cute eyes.

...

He Huan felt a little annoyed. She carried the little guy upstairs and helped him wash up.

there was also a very beautiful bathtub here, and the little guy was soaking in it happily.

He Huan was a little absent-minded as she helped her wash up. After that, she coaxed Yi Huan and went downstairs.

She was surprised to see Qin mo preparing dinner.

No, it should be supper.

She stood there and looked at him.

it could be considered a candlelight dinner, with a silver candle stand and french western food.

After Qin mo was done, he sat there, still wearing his formal clothes. His coat was just casually thrown away.

He looked up at he Huan and said in a calm voice, ” “Come over and eat with us.”

He Huan sat opposite him, her hand holding a glass of red wine. Her fingers caressed the glass.”Aren’t you tired from work? why did you come back and make such a sumptuous meal?”

Qin mo looked at her quietly and said in a calm voice, ” “It’s precisely because I’m tired that I want to eat better.”

As he said this, he gave her an ambiguous smile.

he huan felt like she was f * cking a dog in her heart. she continued to touch the glass of red wine and licked her lower lip.”qin mo, we’re divorced. we have the intention to raise him, so the way we get along is awkward.”

Qin mo ate a piece of steak and looked at her quietly. “so, what do you think? you don’t want to do it, do you?”

He Huan did not say anything.

She was silent for a while before saying, ” “Don’t you think there’s a problem between us?”

“is there a problem?” He stared at her. we’re divorced, but we don’t seem to have a partner. So, it’s reasonable for us to make do with it. It’s also the safest way.

he elegantly wiped his lower lip with a napkin.”I don’t want to look for her outside either. It might be a long time before I get married again. I think you’re the same.”

He Huan was furious. He was blatantly saying that they were friends.

she glared at him.

“You can’t deny that we’re in sync in certain matters,” he said with a smile.

He Huan felt insulted. She turned around and said in a hoarse voice, ” “You’ll have to remarry eventually.”

qin mo’s gaze deepened. he stared at her and said in a hoarse voice, ” “How did you know?”

under that gaze, he huan couldn’t speak. she could only look at him quietly.

Qin mo stood up and walked behind her. He placed his hands on her shoulders and leaned over. “You don’t like me remarrying? Hmm?”

“As you wish.” He Huan bit her lip. She wanted to stand up, but she couldn’t move at all. He gently put some strength on her shoulder and easily held her down.

He Huan’s voice was trembling. let go of me.

“you told me to do whatever i want.” Qin mo whispered into his ear, ” “Then I’ll do whatever I want to you.”

Before he Huan could say anything, he lifted her up and walked upstairs.

she didn’t want to and patted his shoulder. ” let go of me. qin mo, we’re divorced. ”

“Then, can you count how many times we’ve done it after we got divorced?” Qin Mo’s voice was a little hoarse and his expression was a little evil.

Chapter 4354: aren’t we a married couple?(4)

He Huan was unable to refute his words and could not say anything for a long time.

“You know,” she said after a long time.

she was embarrassed. he wanted her whenever he wanted, but when he wanted to care for aijia, he didn’t care about his own feelings.

He had his principles, but she didn’t have any self-respect?

what did he think love and marriage were?

the matter with aijia was her bottom line. if he didn’t back down, there was no room for discussion with he huan.

...

when qin mo placed her on the large bronze-colored bed in the master bedroom and pressed her down with both hands, he huan was really angry. she struggled. ” “qin mo, what do you take me for?”

“A woman I want.” “Don’t say you don’t want to!” He stared into her eyes.

His movements were very fast, and he knew her weakness, so he subdued her in a few moves.

Because he was not in the mood to enjoy himself, he enjoyed himself a few times. By the time everything calmed down, it was already two O ‘clock in the middle of the night.

Qin mo came back from the bathroom after taking a shower and saw he Huan curled up there. Her small body was covered with a thin blanket, and her small face looked very angry.

He smiled and walked over to kiss her. “Were you not satisfied just now?”

“qin mo, what do you take me for?” he huan smacked him angrily.

Her reaction was a little intense, and he paused for a moment, then said in a cold voice, ” treat her as the woman I like, a wife I can remarry.

These words didn’t sound like a proposal, but rather, he was acting in a fit of pique.

while he huan was still in a daze, he had already left for the children’s room.

she was lying alone in the huge master bedroom and on the big bed.

she had just had a good time, but she was very cold.

They clearly liked each other, but they couldn’t really walk together.

She was really afraid. She was afraid that one day, he would suddenly go to see AI Jia again and let AI Jia rest her head on his shoulder. He Huan knew that she was a very possessive person.

So, she couldn’t stand it.

she was half-awake and did not know how long it had been. qin mo came back and lay beside her.

She could feel him caressing her face. He Huan closed her eyes slightly and said in a hoarse voice, ” qin mo, you know me. ever since i was young, i’ve always been domineering. i can’t get everything. i’d rather not have it. don’t force me. ”

qin mo’s body tensed up. after a long time, he said in a low and hoarse voice, ” “I won’t force you.”

“But you can’t do it either, can you?” She rested her face on his shoulder, and tears slowly fell from the corners of her eyes. This was the look of weakness that she rarely showed in front of him.

qin mo’s heart softened and he leaned over to kiss her face. ” “he huan, don’t cry.”

She couldn’t help but cry. She said that she wanted to be completely separated from him. She said that she wanted to have fun. She said that she didn’t want to see him again because he was too hateful.

qin mo’s heart ached when he heard her cry and saw her crying.

I won’t see her again, ” he finally said hoarsely. he Huan, please believe me this once.

“no, i don’t want you anymore.” he huan shook her head.

He would make her feel like a disobedient child who was acting shamelessly for a beloved candy, and she was indeed acting shamelessly.

Because she loved him.

However, she did not dare to admit it to herself.

Qin mo found it funny that she was like this.

at this moment, he huan was just like when she was young. she clearly wanted it, but she was extremely stubborn. she had always been like this, and she was still like this now.

And he loved her so much, Yingluo.

qin mo coaxed her and she kept crying. in the end, he had no choice but to kiss her. he gave her a small kiss. ” alright, i’ve kissed you. be good and don’t cry, okay? ”

Chapter 4355: aren't we a married couple? v

"I'm yours from now on. I won't run away anymore. I won't see other women. I'll only hug you, okay?" as he spoke, he kissed her little face affectionately, but in his heart, he was thinking about how she looked in an evening dress.

He did have the intention to do something, but he held it in as he was concerned about her feelings.

He hugged her and said a lot, but he didn't know if she had heard him. He only felt that time passed very quickly, as if it would be dawn the moment he closed his eyes.

When the sun rose, he opened his eyes and found that he Huan was already awake.

"Have you considered what I said last night?" Qin mo asked in a low voice.

He Huan stared at him for a while. After a long time, she slowly sat up.

...

She pursed her lips and said in a hoarse voice, "I haven't decided yet. Qin mo, don't force me."

The corners of Qin mo's mouth twitched slightly and he said bitterly, "When have I ever forced you?" To be honest, if he had forced her, she wouldn't have been able to run around today, and he wouldn't have needed to chase her everywhere.

He Huan looked at him and smiled, "aren't you going to the company?" I'll take care of Yihuan."

"One or two days is fine, but what about after that?" he stared into her eyes. "You'll have to film eventually. You'll have to go out to work eventually. Don't tell me you've given up your job for the Yi Huan club."

"I can." "Qin mo, you might not understand," he Huan said softly. "But I'm telling you now, I'm willing to do anything for Yihuan."

this was really beyond his expectations.

Qin mo looked at her quietly for a long time before he said in a self-deprecating manner, ” ” but it sounds like it’s even harder for me to be with you. after all, you’re already prepared to be alone. ”

he huan wanted to speak, but her lips moved, and she did not say a word.

he said he wanted to quarrel.

In the end, Qin mo still went downstairs first. He answered Secretary he’s call while buttoning up his shirt.

There was an urgent matter at the company that needed to be dealt with immediately.

He pulled off his tie and went upstairs again. He leaned against the door of the master bedroom.”i might be busy today, and someone will come to cook.”

He Huan lay on the bed and said gloomily, ” “don’t get the chef to come over again. i’ll get tired of it if you do it too many times.”

“you’re tired of doing it too many times?” Qin mo chuckled and walked over. “Why don’t I think so?”

He Huan’s face turned red and she bit her lip.”qin mo, don’t go too far.”

“yes, i think so too,” he nodded.

I’ll ask the helper to cook for you. It’s fine if you skip a meal. Don’t forget how old yihuan is. She’s been living in the wild with you, and you still have the cheek to say that you want to take care of her? what kind of mother doesn’t even know how to cook? ” he kissed her.

he huan was angry. ” when did i let her eat and sleep in the open? this is a big villa, okay? ”

Qin mo bit her face. “You’re lying!”

he huan could not be bothered with him and covered her head with the blanket.

Qin mo stared at her and suddenly pulled her out of the blanket. He tied her up firmly with his tie. During this process, he Huan was about to go crazy. She glared at him.”qin mo, you bastard!”

“besides, i’m even more of a bastard.” “I’ll untie you when yihuan wakes up,” he said with a smile.

He Huan was speechless. she’s going to sleep until nine O ‘clock. What if I need to use the washroom?”

“then, just bear with it!” president qin laughed.

after he finished speaking, he looked like he was about to leave. he huan shouted angrily,””Qin mo, you bastard, let me go.”

Chapter 4356: aren’t we husband and wife?(6)

Qin mo had already walked to the door and was calmly tidying his sleeves. He suddenly turned his head and said in a hoarse voice, ” “You can actually beg me,”

He Huan cursed. Her words were a little harsh, and they were the most vicious words she could say.

he wasn’t angry and just listened. he said calmly, ” “It seems like you’re not in a hurry, so just bear with it.”

He Huan couldn’t take it anymore. She wanted to go to the bathroom right now.

She watched as he turned around, as if he was really going to leave, and said hurriedly, ” “i beg, i beg.”

Qin Mo’s fingers were on the doorknob, and his voice was particularly hoarse. “He Huan, do you know what I want you to beg for?”

...

She didn't make a sound.

"Beg me to be with you." He turned and looked at her quietly.

He Huan glared at him for a while, then fell down. "I think I won't."

he had actually left her so heartlessly.

He Huan was so angry that he could not describe it.

But no matter how angry he was, he really did run away, Yingluo.

in the end, yi huan woke up at around nine o'clock. he huan was feeling very sour ...

before noon, auntie lan came over to make lunch for them. the familiar smell touched he huan and yi huan to the point of tears. auntie lan had watched he huan grow up, and there was no need to mention yi huan. hence, during the meal, she casually mentioned what happened at the banquet that night. she said that qin mo had abandoned so many ladies from prestigious families and that he only had he huan in his heart.

Of course, he Huan would not take this seriously. If she did, she would lose.

in the years that she and qin mo fell out, it wasn't as if he didn't have any women. he didn't avoid them either.

he probably did it on purpose for her to see, but she ignored him and continued to stay abroad. after that, he probably felt bored and became quiet again.

It wasn't that he Huan didn't care about this dark history, but he couldn't bring himself to.

in fact, her mother was right. in a relationship between a man and a woman, the woman was usually the weaker one.

No matter how successful her career was, she was still a woman. When Qin mo was angry, he would mess around outside, but she couldn't do it. She didn't know if he would be the same as before when he was angry.

He Huan thought that perhaps it was because she had been disappointed countless times, so she did not dare to believe it anymore.

she had already decided to give up her career after being dejected by edgar.

and last night, he had asked her if she loved him.

if this didn't count, then he huan didn't know what counted. she wasn't a woman who liked to talk about love and relationships.

If he did not understand, she would not explain.

seeing that he huan didn't say anything, auntie lan knew that the knot in the two little ones 'hearts had not been untied. she didn't say much and just continued to take care of them quietly.

after dinner, he huan and yi huan sat together to watch tv. as they watched, they switched to the entertainment channel's 'movie chronicles'. the theme of this issue was actually the column 'don't tell him'. rong yue, ai mengmeng, and a famous male artist were invited.

he huan was in the industry, so she immediately understood that ai mengmeng had been chosen as the female lead.

She was stunned for a moment and immediately thought that it was because of Rong Yue. However, she understood Qin mo. Qin mo was not someone who would be controlled by others. If Rong Yue wanted to use AI Mengmeng, he had to go through him first. He was the one who chose AI Mengmeng.

at this moment, ai mengmeng's flirtatious action of raising her hand to touch her hair through the program was captured. the expensive watch on her wrist was quite eye-catching.

the host was originally asking professional questions, but at this moment, he actually went off topic. he asked with great interest, "the watch in miss ai's hand must be at least a million yuan. did screenwriter rong give it to you?"

Chapter 4357: who sent the watch?(1)

He Huan's eyes suddenly stopped. She remembered seeing this watch before.

qin mo gave it to her, but she did not want it.

the watch on ai mengmeng's hand was exactly the same as the one she had seen before.

just as she was letting her thoughts run wild, ai mengmeng flicked her hair again and said in a sunny tone, "this is a gift from an important person to reward me for working better."

regardless of whether it was a gift from qin mo, he huan was disgusted.

She said that she was together with Rong Yue. Now, in front of Rong Yue, her face was filled with lust. It was really unkind. he huan was also a little worried for rong yue. rong yue was a scriptwriter and had no idea about the chaos in the entertainment industry, let alone a third-rate star like ai mengmeng who was willing to sell herself out at any time in order to rise to the top.

...

there were so many small celebrities like this. rong yue felt that it was a pity.

In he Huan's heart, she had always hoped that Rong Yue would find a good woman and spend the rest of his life with her.

However, this was Rong Yue's private matter and she would not ask too much. What she cared about now was whether this watch was a gift from Qin mo.

Just as he Huan was feeling conflicted, sitting straight,| in the studio, ai mengmeng's eyes turned cold.

Of course, she knew that the watch on her wrist would be on Weibo's hot search. After all, a watch worth millions and an ambiguous answer would attract a lot of interest.

She was in the entertainment industry and knew the nature of reporters and bystanders the best. The more she didn't explain clearly, the more people would associate it with the fact that this watch was indeed a gift from Qin mo.

It wasn't a gift, it was what she wanted.

At a certain time, when he asked for a reward, she sat in his car and asked him for this watch.

At that time, there seemed to be a flash of surprise in President Qin's eyes. Then, he took the box and opened it. He seemed to think for a moment before throwing it to her.

It wasn't a gift, it was an abandonment.

She thought that he must be a little unhappy, not because of her, but because of the person he wanted to send off.

If she was not wrong, it was he Huan.

but now, as long as it was on the hot search, he did not believe that he huan would not see it.

AI Mengmeng's eyes flashed with a cold smile-

rong yue?

Rong Yue was just a stepping stone. Nothing happened that night. She only got a little blood on the bed sheet and that fool believed her.

Of course, Rong Yue was very talented and had a bright future. However, compared to the huge temptation, she felt that Rong Yue was not her best choice. She wanted to climb up the big tree that was Qin mo.

As long as she had precious blood flowing in her, she would always be able to rise up and stand at the top of the entertainment industry one day.

didn't he huan look down on her? she wanted to let he huan see that she, who had been criticized and despised by her for having no acting skills and could only be the second or third female lead, could also be the main female lead.

as long as she had this kind of blood in her, qin mo would support her.

ai mengmeng laughed softly. this blood was really good. he huan had been overseas for so many years, but she had never fulfilled her duties as a mother. she had no idea how lonely president qin had been. no matter how much love there was, it would wear him down.

however, she really didn't expect ai jia to fail to win qin mo over.

ai jia was such a capable person. she pretended to be pitiful and sick, but it was a pity that she couldn't get yingluo. she was even sent abroad by he huan.

in reality, he huan would never know her place in qin mo's heart. other women would do everything they could to get her, but she had never cherished it.

Qin mo loved her so much that he would not let her go even if it was a drop of blood.

not only did he not let her go, but he also made her fly so high and so far away.

they were both humans, so why was there such a huge difference?

Sure enough, as AI Mengmeng had expected, the watch on her wrist became a hot topic in an instant. The focus of the gossip was undoubtedly on which rich man had spent money to buy it.

about an hour after the hot search was put up, the information that KING entertainment's ceo, qin mo, had bought the watch a few days ago was leaked. in an instant, #qinmo, #qinmo's divorce, #qinmo's relationship with rong yue, and even #qinmo's ex-wife were all on the hot search. the most unbelievable thing was that some netizens had a wild imagination and said that the person qin mo liked was not he huan or ai mengmeng, but rong yue.

Therefore, #Qin mo and Rong Yue were directly exposed. They originally looked a little similar, with a strong aura and a gentle aura. The photos of them in the same frame were especially harmonious and warm.

King Entertainment's public relations department didn't know what to do with this news. Were they supposed to hold a press conference and say that their boss didn't like men and that he was straight?

qin mo was having an important meeting in the company. secretary he came over a few times, wanting to say something, but he hesitated.

"what's the matter, secretary he?" qin mo finally noticed her expression and asked softly.

...

Secretary he thought for a while before he whispered, " "president qin, you're on the hot search again."

qin mo looked at her. secretary he passed the phone to him and he only glanced at it. " "What's up with this AI Mengmeng?"

Secretary he rolled his eyes in his heart. President Qin, you were the one who picked the watch. Even if he Huan didn't want it, you couldn't have given it to another woman. Although it's irrelevant, you should at least avoid suspicion. President Qin, you'll be single for the rest of your life if you do this.

Secretary he thought to himself, 'that man in boss Qin's family has always had a child's temper and is not easy to talk to. Now that we have solid evidence, I wonder what he will do.'

She sympathized with him, but also felt that he deserved it.

Qin mo put down his phone and instructed, " just maintain the number one spot on the hot search. Everyone else, withdraw.

Secretary he thought to himself, is boss Qin trying to sell himself out? KING entertainment had reached this stage?

she still did as qin mo said. she knew it was to boost the movie's popularity, but it was a little overboard.

After Secretary he left, Qin mo continued with the meeting. Although this was a trivial matter, he thought that he Huan would mind if she saw it.

and he didn't mind making her mind a little.

qin mo didn't call he huan to explain. she must be thinking of a way to cut off all ties with him. they grew up together, so he knew all about her temper.

after the meeting, she walked to the office and said to secretary he, " "Ask AI Mengmeng to come see me."

secretary he knew that ai mengmeng was going to lose a layer of skin, even if she didn't die. this girl was really bold and scheming. she actually wanted to use president qin to create a scandal. was president qin that easy to manipulate?

Besides, once you're popular, the company will put you in cold storage, and there's nothing you can say.

Fans were the best at forgetting.

with that thought in mind, secretary he contacted ai mengmeng's manager. "tell ai mengmeng to go to president qin's office immediately. president qin will be very unhappy if she's too careful, yingluo. your artist is too bold. president qin already has a wife, yingluo. are you kidding me? why would a third-tier artiste interfere in boss qin's divorce? It's enough for you to tell me this once. If President Qin hears about this, I can't protect you."

after the other party said something, secretary he hung up the phone.

she walked to qin mo's office.

qin mo was deep in thought. after a while, he looked up. "Get me another watch,"

Ah?

Secretary he did not understand.

This was for he Huan?

Apologize? or deceive?

Qin mo knew that she was overthinking, so he said very calmly, "to let ai mengmeng tell the outside world that she's wearing a high-quality imitation."

Chapter 4359: who sent the watch?(3)

when secretary he heard that, he was a little annoyed.

Isn't President Qin a little too casual? this watch was worth millions of yuan. if she said it was a high-quality imitation, it was a high-quality imitation. she was too rich.

after secretary he left, ai mengmeng came over.

When she saw Qin mo, she was still as obedient as a cat. Although she had precious blood, if she had it, someone else could have it too. She was not irreplaceable. She had to make President Qin feel that she was obedient and easy to control, and that she was not greedy.

ai mengmeng walked beside qin mo, her voice trembling. ” “President Qin, you’re looking for me?”

Qin mo sat behind the office chair and didn’t say anything. He just flipped through the documents.

...

since he didn’t say anything, ai mengmeng didn’t dare to make another sound. she didn’t dare to sit down either, so she could only stand there and wait.

To a third-rate star like her, although she seemed to be quite glamorous at times, in the face of capital, she was not even a toy. Especially for a man like Qin mo, he didn’t really care about women in the entertainment industry. She heard that the men in the Qin family liked to raise them from a young age. That famous ye Muyun was like this, and President Qin was also like this. Didn’t he raise he Huan single-handedly? it was just that that woman didn’t appreciate it.

As AI Mengmeng was thinking about this, Qin mo finally looked up and quietly looked at the girl in front of him.

he had specially approved ai mengmeng to join the company. her looks and acting skills were really average, but she had a very important ‘specialty’ that made qin mo keep her.

She had Panda blood.

he huan and yi huan were the same.

this was especially so for yi huan, who usually couldn’t stop herself from being touched. it wasn’t a big problem, and she would be much better when she grew up. however, he huan wasn’t by her side, so ai mengmeng was the mobile blood source.

AI Mengmeng even had to provide a fixed amount of her blood every month and store it in the hospital’s blood bank.

firstly, he was angry at he huan. secondly, when ai mengmeng made a request, he just gave it to her like he always did.

however, he seemed to have underestimated her ambition. she was clearly provoking he huan.

This made Qin mo unhappy.

If Qin mo was unhappy, AI Mengmeng's life would not be good.

the longer qin mo remained silent, the more uneasy ai mengmeng felt. however, she did not dare to speak.

Finally, Qin mo covered the Golden Pen in his hand and looked up at the person in front of him.

he lowered his voice and said,"do you know where my bottom line is?" Before this, I thought that you were very smart, so I would agree to any request that was not too much. However, I didn't expect you to provoke he Huan."

AI Mengmeng's voice trembled. President Qin, I didn't do it on purpose. I didn't expect the consequences to be like this. I'm just a little vain. I didn't mean anything else.

Qin mo looked at her quietly for a while. Suddenly, he pulled out a document and threw it in front of her. there are dozens of people in B city who have Rh-negative blood just for Yi Huan. It doesn't matter if you have one more. You're on your own. Also, Secretary he should have told you what you should do next.

AI Mengmeng sniffled. Secretary he said so, but if boss Qin does this, my career as a star will be over. What will others think of me? " And the movie that's going to be shot later will also affect the box office."

Qin mo continued to stare at her and sneered, " you're smart to use this as an example.

AI Mengmeng just looked at him and waited quietly.

Chapter 4360: Who sent the watch?(4)

qin mo spoke slowly, " if i get into a fight with he huan because of this, do you think this movie will still exist? i don't care how you try to hype it up to save your image, but you should know your limits. you can't drag in people that you shouldn't. otherwise, you won't just disappear from the industry. "

after he said that, ai mengmeng's back broke out in a cold sweat.

She finally realized what she had done wrong. He Huan was the bottom line that she could not cross.

She didn't want to give up the glory and wealth in her hands. She was about to become famous, and she couldn't give up anything.

Thus, she lowered her posture to the lowest possible and pleaded, " "president qin, i know i'm wrong. i'll do as you say. i'll say that it's a high-quality imitation and i can explain it to director he."

qin mo said that there was no need because a person of such status was not worthy.

...

AI Mengmeng wanted to cry, but she did not dare to.

Only someone like he Huan had the right to cry in front of boss Qin.

If she were to cry, she would not even be qualified to donate blood.

ai mengmeng ran out. secretary he saw her from the door and knew that president qin wouldn't be nice to her. he couldn't blame president qin for offending he huan.

Secretary he entered.

Qin mo was looking at some information and said in a calm voice, ” ” out of these dozens of people, pick out three and negotiate with them to let them work at KING entertainment. they must be young girls. ”

he couldn't tolerate his sexual desires. no matter how healthy he was, he didn't want his body to be transfused with blood that was similar to the blood of the hunky man.

secretary he was also a little speechless at qin mo's condition. however, she still tried her best to satisfy her boss's request. however, there was one thing that she asked carefully, ” “what about ai mengmeng's?”

qin mo only glanced at her and said very calmly, ” “i won't use her blood in the future.”

there was still 500 drops of blood in the blood bank, which he would not need in the near future. moreover, there would be a new blood source soon.

Secretary he understood what Qin mo meant.ai Mengmeng was done for.

The drama “don't tell her” was probably going to be a flop.

President Qin was capricious, but he could afford to pay.

In fact, in recent years, King Entertainment had been taking the business route. Several commercial blockbusters had sold well, and the stock price had risen to a gratifying level. The derivative channels had also been rising. Although star light entertainment had also risen, King Entertainment was still the Big Brother of the entertainment industry. There was no need to doubt this.

secretary he left very quickly.

qin mo looked at the closed door and felt a slight headache.

He Huan was still an idiot, and he was the one who gave the watch away.

She thought for a while with her hand on her forehead, but in the end, she didn't think about anything.

while he was troubled, ai mengmeng, who had just gone out, was even more troubled.

She had a feeling that she was finished.

Although boss Qin didn't say that he wanted to replace her as the female lead, he was undoubtedly very angry. And that name list, just thinking about it made her hair stand on end. She was so stupid to think that she could surpass he Huan's position.

but she didn't know that when she got home, there would be even more terrifying things waiting for her.

Aijia was waiting for her.

AI Mengmeng looked at the small apartment.ai Jia was sitting on the sofa with two huge men standing behind her. She was scared.

"Sis, why are you here?" she asked softly.

yes, aijia was her sister. they had the same father and mother, but her sister had been adopted by an United States couple since she was a child and had lived a good life. as for her, she had grown up in the mud and didn't even know what america was like.
