

## Thank you 4361

Chapter 4361: Who sent the watch? 5

But one day, Aijia appeared and bought her many beautiful clothes. She asked her if she wanted to go to B city.

in ai mengmeng's memory, she had only seen B city on television.

It was so prosperous and beautiful.

Of course AI Mengmeng was willing to go. After that, she went to King Entertainment. Everything felt like a dream.

other than drawing blood, everything was perfect.

but later, she realized that it was perfect because she could get a sum of money every time she took her blood. sometimes it was 100000 yuan, and sometimes it was 200000 yuan. at first, she didn't know who wanted it, but later she found out that it was president qin's daughter who needed her blood.

...

She couldn't meet President Qin, who was a big Shot, until she was taken to the hospital in the middle of the night.

That was AI Mengmeng's first time seeing Qin mo. Unlike what others had said, he had a gentle expression on his face as he hugged Qin yihuan. He was not fierce at all.

AI Mengmeng was still in a daze when the nurse grabbed her and drew 300 drops of blood. That day was actually her period, so she had fainted from drawing too much blood.

when she woke up, in front of her was an unfamiliar, handsome face that she had only seen once.

she called him president qin.

qin mo only threw out a few words, ” “You’ve worked hard.”

he left, but his secretary stayed to take care of her. in the end, he said that president qin was willing to fulfill her wish.

That time, AI Mengmeng only dared to ask for a small role. She was very satisfied at that time, thinking that she would be famous with this!

However, she soon realized that she was simply dreaming. If she didn’t have someone to support her in the entertainment industry, she would be drowned out very quickly. She couldn’t take it lying down, so she did a lot, including letting the little girl get hurt so that she could transfuse blood to the little girl Yingluo.

AI Mengmeng snapped out of her reverie and bit her lip.”Sis, why are you back? weren’t you in United States?”

AI Jia slowly got up from the sofa and walked over to AI Mengmeng. She chuckled and said, ” “if i didn’t come back, i wouldn’t have known what you did, right?”

“sister?” ai mengmeng was obviously afraid of her as she cried out involuntarily.

edgar smiled coldly. ” the watch on your hand is pretty good. ”

As she spoke, she pinched AI Mengmeng’s fair and slender arm and looked at it.ai Mengmeng wanted to break free, but AI Jia’s strength was shockingly strong. She could only cry out in pain and ask AI Jia to let her go.

Edgar’s smile became even colder. my good sister, are you thinking that I’m really useless? I can’t even deal with a man. You’re planning to do it yourself, right? ”

ai mengmeng’s face turned pale and she denied repeatedly, ” “no, sister. i didn’t. i really didn’t.”

Seeing that Edgar was unmoved, she begged again, "Sis, I wouldn't dare to touch your things. I wouldn't even dare to touch a single thing. Can you believe me?"

ai jia's expression was a little strange. she let go of ai mengmeng, but her eyes didn't relax at all. she walked around ai mengmeng, but ai mengmeng didn't dare to move.

"you don't dare to?" edgar asked. what are you afraid of? were qin yihuan's injuries an accident?"

AI Mengmeng's face turned pale with fright. sister, I didn't do it. I didn't Yingluo.

However, Edgar's eyes were extremely sharp, and her voice became softer and a little choked. "I only got a small wound, it won't be much."

"what else?" AI Jia said coldly, "I was supposed to be the female lead in this movie. Although I can't play it, it's in your hands now. Didn't you do anything? " You just said you wouldn't fight with me!"

#### Chapter 4362: Who sent the watch? 6

"sister, i know i was wrong. i just want to be the female lead once," ai mengmeng pleaded pitifully.

"i'll always be the female lead." a sharp look flashed across ai jia's eyes. " you're from a rural area, and you want to play the female lead? "

ai mengmeng was dumbfounded, and then she felt a little hurt. after a long time, she whispered, " sister, we have the same parents. "

as soon as she finished speaking, she was slapped on the face, almost making her deaf. edgar's face turned even uglier, and she squinted her beautiful eyes."If you say such things again, I'll break your legs, you hear me?"

What AI Jia hated the most was people mentioning her background, especially her younger sister who knew her well.

she didn't raise this sister of hers to smash her own feet. she wanted her to be a spy, but she didn't know that her own people were poaching her own.

...

how could ai jia endure this?

she tugged at ai mengmeng's hair, feeling a little better after messing it up."this is how you should be. remember, everything you have today was given to you by me. you have to be obedient, yingluo."

AI Mengmeng had been holding it in. She was also afraid of AI Jia, but she was human and had her own emotions. Thus, when her temper flared up, she retorted, " am i not obedient enough? also, everything i have today was exchanged with my blood. when i was drawn and fainted, where were you, sis? you could have given me everything, but you ruined me like this. do you really treat me as a sister? "

after she said that, aijia looked at her expressionlessly for a while and then laughed softly. " " you dare to resist now? you've grown up and your wings have hardened, haven't you? "

She laughed coldly. if I didn't bring you out, you might have already given birth to a few children with some dirty man. You don't even have a decent piece of clothing. You probably forgot how you used to look like. Do you want me to remind you of who you had sex with before you came here? "

"don't mention it." ai mengmeng's voice was filled with fear.

That night was her nightmare.

AI Jia was enjoying the expression on her face. She was very pleased. After a while, she asked, " do you know who hired that Liu erzhu? "

ai mengmeng's eyes were wide open and filled with tears. she looked in disbelief at the woman she had once treated as her biological sister. she was so noble and gentle. everything was fake.

“i don’t believe it. i don’t believe you would do this to me! why?” ai mengmeng seemed to have run out of tears as she retorted with all her might.

She couldn’t stand it.

She didn’t believe that her sister would treat her like this!

aijia smiled. ” you’re not as valuable after losing your first time. what if you get into qin mo’s bed and become a virgin? what would happen then? i have to be careful, right? ”

AI Mengmeng’s entire body was shaking. I’ve never dared to think about President Qin. I only want to have a career. I only want to be a star.

“You’re only fit to be a b \* tch.” edgar slapped him again and said coldly, ” “you’re not worthy of anything, you’re only worthy of having your blood drawn out! You’re so stupid, and you’ve played your cards so badly that I can’t stand you even if I wanted to.”

ai mengmeng stared at the woman in front of her and suddenly laughed. she laughed so hard that tears flowed out of her eyes.

She said, ” Aijia, you have everything. You have so much money and the status of the best Actress. But are you comfortable? are you happy? I don’t think you’re happy. You think of President Qin all day. You want him to be your substitute, right? stop dreaming! You’re actually the same as me. Yes, I came from the mountains, but don’t forget that you’re the same. You’re just as cheap as me!”

## Chapter 4363: Who sent the watch? Part 7

but as soon as she finished speaking, ai jia slapped her.

this time, she used a lot of force.ai mengmeng’s face was slanted and blood even seeped out of the corner of her mouth.ai jia reached out and pushed her onto the sofa. she lowered her head and leaned over, saying in a cold voice,”You said I’m cheap. Mengmeng, I’ll let you see what’s called cheap, what’s called falling to the dust, and live like a cheap dog.”

AI Mengmeng's eyes were filled with fear as she looked at the beautiful woman in front of her. She used to admire and like this sister of hers so much. She was the one who had brought her everything and the beginning of all hope.

But now, looking at AI Jia, AI Mengmeng had a feeling that AI Jia would do something very cruel to her.

sure enough, aijia straightened her body in front of her and looked at her arrogantly. she reached out and pinched her chin, saying in a soft voice, "aren't you the most self-righteous person who thinks that your blood is amazing? you think that you can get everything with blood."

AI Mengmeng stared into her eyes and asked,"what do you want?" i'm your sister, you can't do that to me. "

...

"Younger sister?" AI Jia sneered. I don't have such a lowly sister. Look at your skin. Look at your uncouth body. Which part of you looks like my sister? "

A trace of fear appeared in AI Mengmeng's eyes. She tried to move her body to the side with all her might, but the two strong Men in Black behind her immediately held her shoulders and stopped her from moving.

"what are you doing?!" ai mengmeng screamed.

Aijia took out a syringe from her handbag and said in a calm voice, " I heard that people who have taken drugs can't donate blood anymore, so I'll give you an injection. As for whether you'll get addicted, I'll leave it to fate.

ai mengmeng looked at the transparent syringe and the silver needle that glowed with a cold light. she tried her best to move backward. she was extremely afraid. she knew what that was. she almost couldn't believe that this woman could be so cruel.

They were blood-related.

Sister, Sister, I know I'm in the wrong. Can you let me go? " AI Mengmeng struggled with all her might. She also tried her best to move. She was extremely afraid that one shot would end her life.

it didn't matter if she stopped drawing blood, but if she was infected with that, she wouldn't be able to survive in the entertainment industry. this industry was very dark, but the higher-ups and the public had zero tolerance.

Her forehead was covered in sweat, and her eyes were filled with tears. She begged AI Jia to let her go.

however, aijia was unmoved. her face was still cold, but there was a strange smile in her coldness.

the long and thin needle pierced into her skin.ai mengmeng struggled with all her might. her eyes were unfocused, but she couldn't break free.

She could only look at herself in despair.

ai mengmeng didn't know when ai jia had left. she only vaguely remembered that ai jia had told her to be obedient.

Be obedient. Would she still not be obedient?

She's finished. Listen to me. What else can I use?

were people really different? why was she so cruel? what did she do wrong?

AI Mengmeng lost consciousness very quickly. After that, someone sent her to the hospital and found signs of d \*\*\* in her blood. Then, a deep examination confirmed it.

all of a sudden, the third-rate star ai mengmeng became an a-list celebrity because of the watch. now that her status had dropped, she didn't even have the chance to clarify that the watch was a high-quality imitation, because the public was most concerned about her smoking that thing.

Chapter 4364: this is the reason why i'm supporting her (1)

she knew that she would definitely leave the entertainment industry, but the impact on the company and the new film might not be certain.

She, on the other hand, had to wait for Qin mo to settle her matters.ai Mengmeng wasn't trying to make herself look good, but she knew that her matter would have a huge impact on King Entertainment. She knew what would happen to her.

She had nothing left. Her reputation, her path to stardom, her role as the female lead ... All of that was gone.

And all of this was done by Aijia, her biological sister, the one who had once given her dreams.

The person AI Mengmeng was waiting for in the hospital was not Qin mo, but Secretary he.

secretary he's expression was quite serious, and ai mengmeng immediately sat up when she saw him. although her face was as yellow as wax, and her body was also weak.

...

"i was forced," her first sentence was.

Secretary he walked over and sat on the chair by the bed. He paused for a moment before he said, "i don't think you're a muddleheaded person. your blood kasaya won't ruin your future."

ai mengmeng didn't have any makeup on, and her skin was yellow. she was wearing a hospital gown, and she looked like she had just come out of a ravine.

Her eyes were wide open, and her voice was hoarse. Secretary he, you have to believe me. I really did not take drugs. I care so much about my reputation. Why would I do such a thing? "

Secretary he stared at her for a long time. who called you? can you tell President Qin? "

ai mengmeng's eyes widened even more. she wanted to say it, but she wouldn't dare to even if she had ten guts.

if she said it out loud, edgar would kill her the next time.

She had to live. She couldn't die. If she wanted to live, she couldn't tell anyone about that lunatic, Edgar.

ai mengmeng shook her head, then lowered her head."I was accidentally cheated by someone during a social gathering."

secretary he's gaze was a little deep. he then took out a stack of documents and placed them in front of ai mengmeng."this is the information that president qin just got. it's about the harm you've done to yi huan over the years. i'm sure you know how much yihuan means to president qin. he doesn't want to see you again, so ai mengmeng, you're on your own."

As soon as Secretary he finished speaking, he stood up and was about to leave. There was nothing else to say.

ai mengmeng lowered her head and looked at the information. she knew who had done this, but she couldn't say it.

Even though she was in such a sorry state, she still couldn't say it.

However, she stopped Secretary he.

Secretary he turned around.

AI Mengmeng removed the drip from her hand, and blood started to flow down her wrist. The blood that she had treasured so much in the past was now worthless.

she walked over to secretary he with a pale face.

Secretary he sighed in his heart.ai Mengmeng was pretty and lively when she first entered the company. She seemed to like yihuan a lot back then, saying that yihuan was cute and even wanted to hug her. Of course, this was not allowed.

after that, she changed. however, she did not expect that she would become so deranged. in order to get a chance and condition by drawing her blood, she hurt yi huan again and again. fortunately, yi huan was fine now. otherwise, boss qin would have chopped her up right now.

Secretary he said in a low voice, ” for the sake of the past, President Qin won’t Sue you and you won’t go to jail. However, you can’t stay in the company anymore.ai Mengmeng, this is the greatest kindness President Qin has ever shown you. Yihuan said that Mengmeng is a very good girl. She even bought her candy, coaxed her to sleep, and stopped her from crying.

As Secretary he spoke, AI Mengmeng couldn’t help but cry.

Chapter 4365: this is the reason why i supported her (2)

as secretary he spoke, ai mengmeng couldn’t help but burst into tears.

she was so bad. she had hurt yi huan time and time again, and yi huan was like a little angel.

“This is also he Huan’s idea. She said that she won’t pursue the matter any further,” Secretary he said in a low voice.

“he huan?” “she doesn’t hate me?” ai mengmeng was stunned.

Secretary he paused for a moment and smiled faintly. ” i don’t think you hate her. you should thank yihuan. ”

children were all angels in the human world, and there was only gratitude in their hearts.

...

secretary he really left this time. after she left, ai mengmeng covered her face and burst into tears.

She really didn't expect things to turn out like this. In her mind, the person who would deal with her in the end would be he Huan, but the person who hurt her was her sister, AI Jia.

AI Mengmeng squatted at the foot of the bed and burst into tears. The nurse came over to change the medicine for her and was shocked to find out. She pulled her up and placed her on the bed, reattaching the drip.

the head of the morning shift was an old nurse. while she was busy with her work, she scolded, "it's not a big deal, it's fine as long as we get through it. it's not like we're in such a state. Where can't you eat with your hands? besides, you should at least have some savings."

AI Mengmeng's eyes widened as she mumbled, "I don't dare to think about the future."

the reporters outside the hospital were still waiting for her to apologize to the public.

All of this scared her, but she knew that none of it was scarier than Edgar.

after what happened last night, what was there for her to be afraid of?

ai mengmeng's eyes were closed, and her thin body was trembling.

She didn't want to go back to the mountains, nor did she want to be Aijia's chess piece. If she listened to her again, she would be too stupid.

she knew that ai jia wanted her to hate he huan and qin mo, but it was all because of ai jia.

ai mengmeng was vain and a little scheming, but she still had a little humanity.

she was alone in the hospital for a few days. during this time, KING entertainment had sent people to guard the hospital. she knew that they were waiting for her to apologize and explain herself.

However, these few days of peace and quiet were enough for her, and she was very grateful.

She was grateful that the entire Qin family did not send her to jail. She was especially grateful to that child.

The day AI Mengmeng was discharged from the hospital, she had taken a special passageway. Her personal assistant had come to pick her up and had sent her home without saying anything.

ai mengmeng sat in the car and said softly, "i want to stay in a hotel."

that apartment was a nightmare for her. she never wanted to go back, but she had to take her luggage. in the end, her assistant went back with her to pack her things, but there were not many things, mainly clothes.

After she was done, AI Mengmeng whispered,"this is the apartment the company rented for me. I'll return it." And thank you, sister Xiao Hong, for taking care of me all this while. Thank you, Yingluo!"

in the past, she was somewhat arrogant and always felt that there was a different kind of blood flowing in her body. she always felt that she was a little amazing and looked down on others. however, now she knew that when necessary, she had nothing.

Little Red's expression softened. She hesitated for a moment before patting her on the shoulder. if there's a need, I'll introduce you to a job, but it won't be very glamorous, and the salary will only be a few thousand dollars. If you need anything, just call me, but you can't touch that thing again.

"i didn't do it willingly," ai mengmeng said with tears in her eyes.

Chapter 4366: This is the reason why I'm supporting her (3)

"I do." "You love to look pretty so much, of course you won't touch it," sister Xiaohong sighed.

it was just that in this industry, sometimes it was so dark that it offended people, little girl.

sister xiaohong didn't say or ask anything more. she helped her settle down in the hotel, which was the last thing she could do. then, she left.

AI Mengmeng sat alone in the hotel room for a while before she took out her phone and called Qin mo. She said in a low voice that she was going to hold a press conference.

qin mo was very cold and said that he would get secretary he to do it.

He did not say anything else.

...

After AI Mengmeng put down the phone, she burst into tears again. She knew that this was all her fault.

however, she also vaguely knew that aijia wouldn't let her live well, because in aijia's eyes, she had lowly blood flowing in her body and didn't deserve to be red. she didn't deserve to live a life of superiority.

it was so ironic, her biological sister.

On the day of AI Mengmeng's press conference, she really enjoyed the treatment of an A-list female star. All the media outlets were gathered together, waiting for the latest photos and statements to be released.

qin mo himself was the traffic, and traffic was king.

AI Mengmeng was dressed in a white shirt and black dress. Her face was plain and clean. Led by King Entertainment's staff, she went up the stage without a script.

Her eyes were pale, but she looked at the stage with some nostalgia. This might be her last time standing in front of others. Although it was not glorious, she still yearned for it. She had wanted to be a star since she was young.

he held the microphone in one hand and said in a hoarse voice, " " there are two things i want to clarify today. one is that the watch i mentioned before is actually a high-quality imitation. there is no big shot behind it. if there is, it is the company that has always supported me. "

as she said that, she bent over and bowed. when she straightened her body, she calmed herself down before she continued, " the other thing is that I was sent to the hospital in an emergency. I promise the public that I'm not a gentleman, but this kind of bad behavior is a disgrace, so I've made a decision to leave the entertainment industry forever. I'd like to apologize to the public and all the fans who like me. I've let everyone down, so I'm sorry again.

as she spoke, her eyes were already filled with tears, and her eyes and nose were red.

At this moment, a reporter had already asked a tricky question. " miss ai, isn't this the best performance you've ever put on in your career? are you trying to get forgiveness by showing weakness? "

AI Mengmeng was in a daze for a moment before she came back to her senses and retorted, "No, I'm leaving the industry forever. I'll be responsible to society and the public, and I'll never enter the entertainment industry again."

She said a few words, but the reporters couldn't write. They felt that this girl wasn't so bad.

on the other hand, qin mo and secretary he were watching the live broadcast. secretary he sighed. " " it's a pity that she has such a good seedling. if she had chosen the artistic path from the start, she might have won an international award. she looks like a good candidate. "

Qin mo held a glass of red wine in his hand. have you found out who gave her the injection? "

secretary he shook his head. " i didn't manage to find out. the other party was very careful and ai mengmeng didn't want to say anything. i think she probably offended someone in the industry. otherwise, why would she be so ruthless? "

qin mo lowered his eyes. " let her be. "

These four words indicated that this matter was considered over.

qin mo did not expect that yi huan's cuteness and kindness would save ai mengmeng and herself.

Chapter 4367: this is the reason why i'm supporting her (4)

secretary he went out while qin mo held the cup in his hand and shook it gently.

After a long time, he finished the wine in his glass and called he Huan.

her phone was still turned off.

He laughed bitterly. This time, she was really angry, but he felt wronged. She was the one who didn't want it and he gave it to someone else, but she was not happy. Now, didn't she say that it was a good imitation? He lied to himself.

however, women still needed to be coaxed.

Qin mo put down his wine glass and stood up to leave.

...

Before he went out, he accidentally met someone he shouldn't have met.

edgar.

AI Jia walked out of the guest room and looked at Qin mo. "It's been a long time,"

Qin mo also looked at her quietly and said calmly, "Why are you here?"

"i heard that something happened to KING entertainment, so i thought i'd come over to see if there's anything i can help with." ai jia smiled.

Qin Mo's lips curled up, 'you're quite well-informed, but there's nothing I can help you with. Oh, right, let Secretary he entertain you.'

as he spoke, he called for secretary he.

Secretary he came over and looked at the two of them, feeling a little troubled.

in fact, she knew that ai jia was a difficult person to deal with. if an ordinary woman knew that she had caused a rift in her family, she would take the initiative to avoid suspicion. this woman was good. not only did she not avoid it, but she also came to her.

of course, ai jia wasn't willing to give up. she came here to talk about the movie.ai mengmeng couldn't act anymore, but she could.

she wanted to say, but secretary he said in a mischievous tone, " "miss ai, president qin has something to do. why don't you come over to my place for some tea and some snacks?"

" qin mo, is there only a secretary's reception left between us? " aijia's voice was also very moving.

secretary he was impressed by ai mengmeng's acting skills. however, she was more inclined to believe in ai mengmeng's lily acting now. it was not bad and she was sincere. although she had done bad things before, she looked more natural now.

Qin mo was clearly getting impatient. He frowned. "Edgar, the Yingluo I told you about."

edgar's voice was cold."are you going to ignore me like him?"

qin mo looked at secretary he. " ask the company's doctor to give miss ai a vedal. "

Secretary he immediately went to make a call.ai Jia's expression was a little angry."Qin mo, Qin Lu died for you."

"Yes," Qin Mo's voice was deep and pained. but he is my family. Also, the ones who are most hurt are my parents, not you and me.ai Jia, don't use the matter of the land of Qin to kidnap anyone.

He was also tired of it.

edgar gave a weird smile and took a step back. ” “Qin Lu, you will definitely regret this.”

with that, she quickly left.

Qin mo also noticed that she had called Qin Lu’s name instead of his.

Qin mo stood on the spot for a while. Secretary he came over and watched AI Jia leave. She stuck out her tongue.”He left?”

qin mo’s gaze was a little deep,”in the future, tell the security guards not to let anyone in casually.”

secretary he thought to himself,’is this a complete fall out?’

However, it was also good. It was better to stay far away from such a woman with bad intentions and princess syndrome.

Qin mo went downstairs and got into the car. to the villa.

he had not seen he huan for a few days. this little girl had sealed the door and refused to let auntie lan open the door for him. she was really willful, but it seemed like she could still bear it.

moreover, this could also be considered as being jealous, right?

Chapter 4368: Qin mo, you are a bastard (1)

the car arrived at the villa and stopped at the entrance. the chauffeur opened the door for qin mo. ” president qin, you can’t get in from here. ”

Qin mo held his jacket in his hand and looked at the villa for a while before saying to the driver, ”  
“You go back first, I’ll call you when I get the car.”

the driver was quite enthusiastic today,”president qin, are you trying to climb the wall?” are you  
okay? do you want me to give you a hand?”

Qin mo:

He glared at the driver, and the driver, old Wang, immediately got into the car. He didn’t dare to  
watch boss Qin climb over the wall.

qin mo glared at him fiercely again before walking to the security room. this young security guard  
was also he huan’s man. if he said he wouldn’t open the door, he wouldn’t open it. he even said that  
if he ran over, it had nothing to do with him.

...

Qin Mo’s voice was very calm,”turn off the current.”

The security guard was in a difficult position. Qin mo repeated his request and he could only do as  
he was told.

qin mo walked to the wall, picked an area, and climbed over it.

when she fell into the yard, she heard a gasp. it was yihuan.

Qin yihuan was holding a small bucket and a small shovel, digging the soil. She was about to reach  
her father.

her little mouth was slightly ajar, and she looked extremely cute.

qin mo patted the dirt off his body and coughed lightly. ” “Where’s mom?”

mommy is taking an afternoon nap, and grandma LAN is cooking. When the food is ready, mommy will wake up automatically. Baby thinks that mommy must have smelled the aroma of the food. Grandma Lan's cooking smells so, so good.

Qin Mo's mouth twitched slightly. He carried Yi Huan to the kitchen and handed her to Auntie LAN. "wash the little fellow, i'm going to see he huan."

Auntie LAN smiled when she saw him, but she also looked over. "over the wall?"

qin mo's gaze was a little strange. little yi huan smiled and said, " "Dad fell from the sky."

qin mo pinched her small face. " you're so naughty. you learned it from your mother. "

he wanted to leave, but yi huan hugged his leg. " daddy only likes mommy. He doesn't like me.

Auntie LAN laughed. why don't you hug her? she misses you too.

qin mo's face was a little hot. this kind of emotion would only be present in front of the elders.

he coaxed yi huan and she was embarrassed. she turned around and wanted to play by herself.

Qin mo smiled and let her go. He watched as the little fellow took the bucket and shovel and ran off to dig again.

qin mo shook his head. " he huan pampers her too much. she doesn't even go to school anymore. "

as auntie lan deftly processed the ingredients, she smiled. " "Aren't you also indulgent towards he Huan?"

Qin mo just smiled and didn't say anything else. I'll go up to see he Huan.

Auntie LAN was deliberately making fun of him. go, go. I know you don't have a daughter in your heart. You only have a wife.

qin mo went over to hug the old lady and kissed her on the cheek. ” there’s also auntie lan’s. ”

auntie lan yelped. ” don’t you try to seduce me with your looks. it won’t work. ”

qin mo walked out with a smile and slowly went upstairs.

In the master bedroom on the second floor, the female owner was sleeping soundly.

She was sleeping so soundly that it made people want to grab her and beat her up.

qin mo looked at her quietly for a while before walking over to sit by the bed. he reached out and pinched her face.

he huan thought it was yi huan and buried her face in the pillow. ” “yihuan, stop it. let mommy sleep a little longer.”

“all you do is eat and sleep. you’re really a pig.” qin mo ran his hand through her hair, held her head, and kissed her.

Chapter 4369: Qin mo, you’re a bastard 2

he huan finally woke up.

When she opened her eyes, she was greeted by Qin Mo’s magnified handsome face and the force on her lips.

he was kissing her.

he huan’s eyes widened even more as she stared at him. it was as if she had forgotten to react. however, after a while, she completely woke up. she reached out and placed her hands on his shoulders, wanting to push him away. however, qin mo also hugged her tightly at the same time and kissed her deeply.

he huan grunted and accepted it passively, and he pressed her under the blanket.

After the kiss, he was busy with other things. He Huan looked up with difficulty and said in a hoarse voice, " what is Qin mo doing? "

...

as he kissed her, his voice was especially hoarse."you haven't seen me for a few days. you heartless little thing, don't you miss me?"

He Huan's eyes were wet. She knew what he wanted to do. She bit her lip."I don't want to."

Qin mo propped himself up and kissed her fiercely. Then, he Huan screamed.

"You still don't want to?" his voice was deep and hoarse, and it sounded very sexy.

He Huan glared at him and groaned. She struggled with all her might, but he still grabbed her wrist.

tears welled up in her eyes as she glared at him, unwilling to give in and even more unwilling to beg.

qin mo chuckled and leaned over to kiss her lips. " "You don't mean what you say."

he was very happy, but considering that auntie lan's lunch was almost ready, he didn't dare to indulge too much. finally, he kissed her and said, " "I'll go down first, you can go down after you tidy up."

As she said that, she pulled up her clothes.

he huan was speechless and glared at him.

qin mo smiled again. " he's going down. hurry up, or auntie lan will be suspicious. "

He raised his hand and looked at his watch. it took less than 20 minutes. She probably won't think too much about it.

as soon as she finished speaking, he huan threw a pillow at him.

it landed right on his face.

qin mo took it down without any expression. "I'll have to change my habit of hitting people."

With that, he walked out with a smile.

he huan sat up and scratched her head. "qin mo, did you come back just to do this? aren't you going to explain?"

he turned around and smiled charmingly. "i thought you didn't need to explain. from my many years of experience, we both enjoyed it just now. he huan, don't say that you don't want to. your body doesn't express it this way."

He Huan threw something at him again. He was a big bastard.

qin mo immediately went downstairs. he wanted to explain, but not now.

he went downstairs and auntie lan smiled when she saw him. "you must be tired. have some fruit to fill your stomach."

"Auntie LAN!" Qin Mo's face was slightly hot.

"which young couple isn't gluttonous?" auntie lan laughed.

As she spoke, she wiped her hands and was about to call Yi Huan back for dinner. However, when she was outside, she called Qin mo, "come here quickly. There's a girl outside. She brought something for Yi Huan.

qin mo went out immediately and saw yi huan standing in front of the black gate. the person outside the door was none other than ai mengmeng. she had changed into casual clothes and was holding a cute rabbit in her hand. it was probably for yi huan.

when ai mengmeng saw qin mo, she shrank back and lowered her eyes.”i just wanted to come over to thank her.”

qin mo hugged the rabbit and passed it to auntie lan. he reached out and took the rabbit.”i’ll accept it on her behalf,”

ai mengmeng’s eyes welled up. ” president qin, i’m really sorry. ”

Chapter 4370: Qin mo, you are a bastard (3)

” you don’t need to apologize. i hope that forgiveness can help you turn over a new leaf. ” ” i also believe that you’re here to thank yi huan, ” qin mo said calmly. ” so, please accept this for her. as for the future, don’t come looking for her anymore. ”

“yes, i won’t come and disturb you anymore.” ai mengmeng nodded.

Even though she really wanted to hug him and apologize to him personally ...

As AI Mengmeng left, her eyes were fixed on Yi Huan, who was standing behind Qin mo. She was the one who harbored evil intentions and wanted to use Yi Huan to achieve her own goals. She was wrong, very wrong. If she could make it up to him, she was willing to do everything she could to make it up to him.

AI Mengmeng looked at Yi Huan, and Yi Huan looked back at her. Suddenly, Yi Huan struggled out of Auntie Lan’s arms, picked up the little rabbit from her father’s hands, and walked to AI Mengmeng with a smile.

Yi Huan had recently changed her teeth. When she smiled, she looked cuter without a tooth.

...

She hugged the little rabbit and said in a tender voice, "I know you. You're the young lady who drew my blood. Daddy said you're Mengmeng."

AI Mengmeng bit her lip, not knowing what to say.

Yi Huan suddenly walked to the side and pressed a black button. Then, the black carved door slowly opened.

yi huan ran over and hugged ai mengmeng. while ai mengmeng was still in a daze, she whispered shyly, "thank you!"

after that, yi huan ran back. she was always a shy little girl.

Qin mo looked at AI Mengmeng. she will not know anything.

"Thank you," he said. AI Mengmeng's voice was slightly choked. President Qin, I'm sorry.

she bent down and only straightened up after a long time. then, she saw he huan.

She mumbled her apology again. She was a little embarrassed, but she still said it.

He Huan didn't say anything.

To her, AI Mengmeng was a stranger, but so many things had happened that this girl had a close relationship with them.

AI Mengmeng was still biting her lips, so hard that they were about to tear, but she still left in the end.

He Huan looked at her back and said, "qin mo, can you explain yourself now?"

ah! Qin mo looked at her and then at Auntie LAN.

auntie lan immediately said, " oh, it's time for dinner. if you two have a meeting, you can drive later. it's not good to be hungry. "

"Yeah, it's not good if yihuan is hungry," Qin mo added.

he huan glared at him and returned to the villa. after dinner, qin mo had nothing to hide from.

He asked Auntie LAN to take Yi Huan while he went to the study room. After a while, he Huan came over and closed the door.

Qin mo sat behind the desk and smoked. He looked at he Huan for a long time before he smiled."Why didn't you ask? Didn't you suspect that I gave her the watch?"

As he spoke, he took out another box from the drawer."this is for you,"

he huan walked over, took the box, and opened it. it was the same as in her memory, but she wasn't a fool. she closed the box and smiled."do you think that by buying the same one, i'll think that ai mengmeng's is a high-quality imitation?"

qin mo stood up and walked behind he huan. he pressed on her shoulder and leaned over. " "You see, she still has more? I'll probably have to sell it to pass the days. Are you still angry?"

he huan was furious. " qin mo, you're just trying to argue. "
