Chapter 4381: don't think that you're the only one i want 8

he huan felt uncomfortable, as if rong yue had seen through her.

she didn't say anything. she just talked to rong yue for a while more to make sure that he was fine before she was relieved.

Rong Yue didn't have many relatives left.

he huan left with yi huan. rong yue quietly leaned against the bed in the ward. after a long time, he made a phone call.

“Any news?”

When the words came from the other side, his expression was somewhat disappointed. He was stunned for a long time before he pulled out the drip from his hand and got out of the bed.

...

he stood by the window and looked outside.

Because it was evening, there was a cloud floating in the sky. The sunlight dyed all the buildings with a layer of gold, which was very spectacular.

he had once missed a lot of scenery, and now that he was awake, he missed it again.

Rong Yue thought that he actually knew that AI Mengmeng had many shortcomings. He had been hesitating.

It was his hesitation that caused him to fail to protect her.

Even though she felt that she had made a lot of mistakes, Rong Yue felt that he had also made a lot of mistakes.

he had hired a private detective to look for her, but he could not find her.

Rong Yue let out a long breath. His heart was heavy and he felt unspeakably uncomfortable.

*

He Huan brought Yi Huan back to her apartment. Auntie LAN did not know about it and did not follow them.

When Qin mo returned to the villa at night, he saw Auntie LAN watching television in the living room. Qin mo put down his coat and said, ” “did he huan and yi huan not return?”

He did not see he Huan’s car outside.

“she’s living in the apartment,” auntie lan sighed.

the old man stood up. ” you’re all grown up. you don’t need me anymore. ”

qin mo found it funny and funny. his wife had run away, but he still had to comfort the old man. he reached out to hold auntie lan and said a few good words to the old man before he finally calmed down.

Qin mo went upstairs to take a shower. After eating, he pulled Auntie LAN to her room.

“i’ll send you to he huan’s now. Her apartment is quite big.” Qin mo said.

auntie lan looked at him. ” don’t worry about it. he huan found an auntie. i’m going back to autumn garden tomorrow. ”

qin mo placed his hand in his pocket and did not say anything for a long time.

she didn't know what to say. it felt empty.

He Huan had arranged everything well, and Yi Huan was willing to follow her. It seemed like he had nothing to do with her.

Qin mo was a little annoyed.

he stood in the living room for a long time before he went to eat.

after dinner, he lay down in the master bedroom. he huan was not around anyway, and this was her house.

he lay there for the whole night, but he didn't get much sleep. he tossed and turned, but in the end, he got up and stood by the window to smoke a few cigarettes.

in the middle of the night, he got up and drove away. auntie lan was picked up by the driver the next day.

When the old man saw that Qin mo and his car were not around, he muttered, " can't you even spend a night without a wife? what kind of divorce is this? isn't Yingluo, who's always following behind P shares, embarrassed? "

qin mo was a little busy after that. there were a lot of things to do in the company. he signed a few contracts and secured a few international endorsements. in between, he only went to visit yi huan once and did not spend the night at he huan's place. she would not welcome him either.

after he was done, he thought of the female lead in " don't tell her. "

King Entertainment's latest announcement was that the female lead of the movie was su Yiliu, who quickly became the hot search. She was a female star who had attended a few dinner parties with Qin mo. She came from a good family and was considered close to the Qin family.

In an instant, su Yiliu's name was also hyped up, and she was frequently mentioned together with Qin Mo's name.

He Huan also saw the Weibo post, but she didn't say anything and didn't contact Qin mo.

King Entertainment didn't have any PR either, so su Yiliu's treatment was much better than AI Mengmeng's.

naturally, he huan knew what was going on. she lived her life calmly, and yihuan followed her. after two months, she was already able to take care of yihuan. there was a helper at home, and she could leave things to her mother. in short, she could take good care of yihuan.

In the past two months, she had only seen Qin mo about three to four times. When he came to pick yihuan up for the weekend, they would only see each other once. Occasionally, she would also see a beautiful woman in his car.

he huan thought that they should be considered to have passed.

...

two months later, "twin" won an award in berlin. he huan brought a group of leading actors to the red carpet of the berlin film festival and made a big splash. that day, she wore a green burrow silk dress. her skin was fair, and her black hair was dazzling. she appeared on the front page of foreign media for three days.

That day, Weibo was a hot topic. It was full of photos of he Huan, Kang Qiao, and Rong Yue.

However, in Berlin, something unexpected happened. In front of the exhibition stage, a shelf fell directly towards he Huan due to a sudden strong wind. Rong Yue noticed it first and pushed he Huan away at the critical moment. However, he was hit in the shoulder and was sent to the hospital with a broken bone.

This news was on the front page again. He Huan and Rong Yue's short and immature relationship was dug out. The hero saved the beauty, they reconciled, he Huan divorced for Rong Yue, and other

such ridiculing news was magnified by the media and reported endlessly. He Huan's private life suddenly attracted more attention than a celebrity.

When she was abroad, she did not go to public relations, and she did not want to go to public relations either. Rong Yue was seriously injured. After staying in Berlin for three days, he chose to return to China for treatment.

at the airport, they were naturally photographed by reporters again. he huan followed the medical team to send qin mo to the hospital. when they were done, they returned to the apartment. it was already very late.

Yi Huan wasn't around, so he Huan only remembered that it was Saturday after the Auntie reminded her.

although she was tired, she still wanted to see yi huan. she had not seen her for a few days and missed her very much.

her car was parked in the autumn garden's parking lot, and her gaze fell on an unfamiliar female car in front of her. it was a standard car that fair, rich, and beautiful people liked to drive, and this car was worth more than 20 million yuan. even in B city, there were not many women who drove it.

He Huan guessed who it was and thought that if su Yiliu was around, it wouldn't be convenient for her to show up. So, she took out her phone and called Qin mo.

qin mo was sitting in the study room upstairs when he heard some noises coming from downstairs. he was sitting alone upstairs, looking at the number on his phone.

it was he huan. she had finally returned.

"You're back?" his voice was very calm.

"i'll pick up huan." "can you send her out?" he huan's voice was soft.

Qin Mo's voice was very calm. it's the weekend Today. I'm usually at your place, but today, I'm here.

he huan's gaze fell on the female car. she was silent for a while. " "then i'll pick her up tomorrow night."

after she hung up, qin mo appeared beside her car and knocked on her car window.

He Huan lowered the car window and looked at him quietly.

Chapter 4383: don't think that you're the only one i want (10)

" let's have a meal together, " qin mo said calmly. " it's yihuan's fifth birthday today. "

He Huan was stunned for a moment before she remembered, but she quickly realized why he had invited su Yiliu for yihuan's birthday.

she sat in the car with her fingers on the steering wheel, gripping it a little tightly.

"Miss su is my mother's guest," Qin mo said calmly.

He didn't know if this was an explanation, but he Huan knew that whether it was him or his mother who invited her, her appearance was a little embarrassing.

" no. " he huan still refused. she smiled. " i'll pick it up tomorrow. "

...

She wanted to start the car, but Qin mo reached out to stop her. He almost stopped the car. are you not going to yihuan's birthday? or are you in a hurry to go to the hospital to take care of rongyue? "

he huan was furious. she stared at qin mo."You're not wrong at all."

she was so angry that she wanted to leave, but yihuan had already run over and called out for her mother. this time, he huan could not leave. she turned off the engine and got out of the car. she picked up little yihuan and kissed her. "I forgot to buy a present for yihuan's birthday. I'll make it up to her tomorrow, okay?"

Yi Huan did not care about the present as long as her mother was back.

She wrapped her little hand around her mother's neck and kissed her affectionately. baby is so happy.

He Huan had to go in no matter what. Unexpectedly, her mother, su Cheng, was there too.

su cheng looked at he huan with a complicated expression.

as a mother, she always had to worry. he huan and qin mo had been together for so long, and now ye liangqiu had called another girl over as a guest, and in front of them. although they were family friends, su cheng's status was a bit embarrassing. su cheng cared a lot about her face, so she forced herself to finish the meal.

he huan, on the other hand, was calm. she would only smile a little when she faced yi huan.

Ye Liangqiu knew that she had offended su Cheng and her daughter, but she couldn't let Qin mo and he Huan drag things on like this. The two children really didn't seem to be able to get along. Su Yiliu was gentle and liked Qin mo a lot. She had a good character and, most importantly, she didn't reject he Huan.

Ye Liangqiu knew in his heart that he had thoroughly offended this person.

However, Qin mo did not say anything. She also knew that Qin mo and su Yiliu were getting along well, but they were still a little far from being lovers, and that distance was he Huan.

qin mo still could not let it go.

today, she wanted him to make a decision, or a choice. a child of the su family couldn't always be hung here.

after the meal, su yiliu left in a proper manner. she didn't express anything to qin mo, and qin mo didn't take special care of her either. however, she was a special existence that was hard to ignore.

Qin mo sent su Yiliu to the car, and when he turned around, su Cheng's expression was not very good. He Huan was also a little helpless. She whispered, "mom, get the chauffeur to send you back. I have something to discuss with Qin mo."

With su Cheng's temper, she was not willing to let he Huan stay, but she still took a step back and sighed. "You've thought about everything."

He Huan smiled slightly and did not say anything.

After su Cheng left, he Huan said goodbye to ye Liangqiu and went to the study upstairs with Qin mo.

his computer was on, and on the screen was a photo of her, bailin, and rong yue.

He Huan's little face tensed up. He was really so bored.

Chapter 4384: don't think that you're the only one i want (11)

qin mo stepped forward and closed the computer. then, he looked at he huan quietly. "What's the matter?"

"i want the custody of yihuan." He Huan said directly and then stared at Qin mo.

Qin mo sat in his office chair and reached out to take a pack of cigarettes. He lit it up and took a puff before looking up.

his gaze landed on he huan's face. "Why?"

“You’re going to be with miss su, aren’t you?” “yihuan will only be a little redundant in the qin family,” he huan said lightly.

“You want to take care of her?” qin mo did not deny it.

...

“yes, i want to take care of her,” he huan nodded.

Qin mo didn’t say anything else and just smoked his cigarette.

after a long time, his voice was hoarse. ” ” don’t even think about it. yihuan’s custody will always be with the qin family. ”

he huan looked at him, her lips trembling slightly. after a long time, she said in a low voice, ” “qin mo, you can’t bully people like this.”

“this was decided when we got divorced.” Qin mo said coldly.

he huan’s fingers were clenched tightly, and he swallowed his anger. ” “aren’t you going to be with someone else?”

She had even changed her previous pride. ” i’m begging you, ” he said in a very low voice. ” you need an heir in the future. yihuan is a girl. ”

qin mo stared at her. ” sure, but you have to give birth to a boy to be my heir. you can take yihuan away. ”

He Huan’s face was pale. She reached out and wanted to shake him off, but he caught her in the air.

his expression was very ugly. ” he huan, don’t go too far. ”

“You’re the one who crossed the line.” he huan couldn’t take it anymore. she pulled her hand back, and her hand was red.

Qin mo sat there without moving.

He Huan pursed her lips and looked like she could not take it anymore. qin mo, from now on, we have nothing to do with each other. ”

Her eyes reddened. a breakup has to be decent, right? but you’re such a jerk!

As she spoke, she could not help but cry.

she didn’t want to show weakness in front of him, so she bit her lip and turned around to leave.

Yi Huan was at ye Liangqiu’s place, so she didn’t know that he Huan had left. Qin mo sat there for a while before he went downstairs.

When he went downstairs, he Huan was already in the car. Qin mo went over to open the car door. “Get out of the car.”

He Huan took a tissue and pressed it against her nose, then looked up at him. “don’t worry about me, i’ll go back by myself.”

As she spoke, she reached out to pull the car door open. Qin Mo’s hand loosened and the car door closed.

Then, the car drove away.

The reason why he Huan was so determined to leave wasn’t just because of her relationship with Qin mo, but also because of ye Liangqiu’s attitude.

She and Qin mo had an unclear relationship, but ye Liangqiu had clearly expressed her opinion today that she didn’t think well of Qin mo and that she had found a suitable daughter-in-law.

No matter what, he Huan knew that she was no longer suitable to appear in the Qin family. No matter how inconvenient it was for Yi Huan, she could not appear.

She also had her own pride.

as she drove, she suddenly burst into tears.

She admitted that she had a Princess-like temper, but who didn't?

The phone in front of her rang again and again, but she didn't pick it up. She stopped at a red light and saw that it was a call from the hospital. He Huan picked it up."hello?"

a few seconds later, her expression changed, and she immediately turned and drove toward the hospital.

Rong Yue's condition was not good.

He Huan didn't have time to mourn for her feelings. She had to rush to the hospital immediately to sign the papers.

that was because rong yue really did not have any relatives left.

However, she did not expect to meet someone she did not expect in the hospital.

Chapter 4385: There was always someone else in her heart (1)

He Huan rushed to the hospital. When she opened the car door, her legs were weak.

The doctor's words were still in he Huan's mind.

" miss he, mr. rongyue's bones have mutated. if it wasn't for the bone fracture incident this time, it might not have been discovered. mr. rongyue refused to treat it. our hospital still feels that there is hope and we want the patient to cooperate. "

he huan got out of the car, her face pale. she held the car door for a long time before she managed to calm herself down and walked towards the hospital building.

when he saw rong yue again, he huan's heart skipped a beat.

he had lost a lot of weight and looked haggard. he did not look good.

...

At this time, he was leaning against the bed to rest, and he did not look very well.

He Huan walked over and sat down by the bed. She said in a low voice, "Rongyue."

He opened his eyes and looked at her in a daze. There was almost no light in his eyes.

he huan suppressed the pain in her heart and walked over to sit down. she reached out and gently stroked his forehead."i heard from the doctor that you have a low fever, so i came over to take a look."

I'm fine. You didn't have to go through the trouble of rushing over. You haven't had a good rest, have you? "rong yue smiled slightly, and his lips were pale.

"I'm fine," she said. She shook her head and still told him directly. rongyue, can you treat him properly? No matter how much it costs, you must be cured, okay?"

They had been friends when they were young, and he had no family. After he Huan had suffered a heavy blow, they had a sense of empathy. This had nothing to do with love, but it was more like family.

tears welled up in he huan's eyes as she spoke. she wanted to hide it, but she couldn't.

In the end, she still cried.

rong yue sat at the head of the bed. he was already very weak. seeing her like this, he supported himself and wanted to reach out to wipe her tears. he huan was in a daze. because she was too tired, too many things had happened today, so she didn't have time to move away. rong yue's hand touched her eyelashes.

at this moment, qin mo pushed the door open.

he saw rong yue's fingers falling on he huan's face. he huan's side profile looked very fragile, but rong yue's eyes were full of gentleness.

qin mo had followed he huan over. when he saw this scene, he quietly retreated and did not alert anyone.

he huan and rong yue did not notice it.

After Qin mo left, he went straight to the car park. He sat in the car and smoked for half the night.

He Huan's car was just across the street, and she did not get out of the car that night.

he thought to himself, her heart is always filled with rong yue.

As the sky turned white, Qin mo snuffed out the last cigarette and rubbed the empty cigarette box.

he raised his head and looked up quietly for a while, lost in thought. in the end, he started the car and slowly drove out of the hospital.

when he arrived at his apartment, the sky was already bright. he called qin chen.

Qin Chen was resting with his eyes closed. Lan Yu, that bastard, had gone crazy early in the morning. Because his private plane was at seven o'clock, he had to wake her up at four or five o'clock to accompany him.

Qin Chen's phone rang. She picked it up and saw that it was Qin mo. She picked it up without thinking and said,"qin mo, did you hurt he huan again?"

"Do you remember Rong Yue?" Qin mo asked calmly.

Qin Chen put on some clothes and sat up, leaning against the headboard. I remember, what's wrong? ”

” take a look at his medical record. if you can help, then i'll owe you a favor. ” When Qin mo said this, his heart was as calm as water, as if he was willing to help he Huan.

Chapter 4386: there's always someone else in her heart (2)

Qin Chen came back to his senses and scratched his head. brother, isn't rong Yue your love rival? when did you become so magnanimous? ”

“Just do as I say, why are you talking so much?” Qin mo hung up the phone after he finished speaking.

Qin Chen looked at his phone and sighed. He was really an easily injured man.

at this moment, she saw lan yu coming out of the bathroom. he was drying his short hair and buttoning his shirt, looking sexy and disheveled. qin chen looked at him.

what's wrong? ” Lan Yu laughed. is there another problem with Qin Mo's relationship? ”

Qin Chen waved at him, and Lan Yu sat down. Qin Chen pulled his shirt collar and buttoned it for him with his agile fingers. He then took his tie and tied it for him.

...

lan yu lowered his head and looked at qin chen's fingers. her fingers were especially slender and strong. they were hands used to holding scalpels, but they didn't look masculine.

” i went to your hospital two days ago, ” he said hoarsely. ” i heard that you've been flirting with a few new nurses. ”

As he said this, he lazily patted her.

qin chen half-knelt from under the blanket and wrapped his arms around his neck. ” “do you have any objections?”

“are you afraid that you’ll change your orientation one day? what will i do then?” lan yu said disapprovingly.

“because they live together. one of the nurses makes really delicious custard buns,” qin chen replied with a low chuckle.

Lan Yu immediately knocked his wife’s head, ” “for a bag of custard buns, you’re going to flirt with a little girl?”

“What’s wrong with that? they all know that I’m a woman.” qin chen said righteously, ” i’m not like you at all. didn’t you still accept me when you thought i was ran ran? ”

lan yu nibbled on her and said with a dangerous tone, ” “you still dare to say that?”

Qin Chen laughed and wrapped his arms around his neck.”CEO LAN, don’t you feel bad thinking about it now?”

Lan Yu was angry and amused at the same time. He reached out and knocked her head.”very proud, aren’t you, quack?”

Qin Chen laughed, and a touch of gentleness flashed across Lan Yu’s eyes. “if i were to do it again, i would still make the same choice.”

qin chen lazily leaned against the headboard and smiled. ” “me too.”

Lan Yu leaned over and kissed her for a while, then muttered very warmly, ” “I’ll be leaving first, okay?”

Qin Chen nodded and watched him leave the bedroom with his luggage.

After Lan Yu's car left, Qin Chen lifted the blanket and got up. He brushed his teeth and washed his face before he went to care about his ex-sister-in-law's ex-boyfriend. It was a little strange, and their relationship was very messy.

When Qin Chen arrived at the hospital, it was already 8:30 pm. He took the nurse's love custard bun and went back to his office to enjoy it. Then, he looked for Rong Yue's attending doctor to understand the situation. He pulled up the scan and looked at it with a serious expression.

Rong Yue's bones were sick, but it was not a problem with the bones. It was a problem with the blood.

It was a rare blood disease called LGH. If it was not controlled well, anything could be discovered.

"It's probably a side effect from last time," Qin Chen replied indifferently.

Rong Yue had been lying in bed for two to three years. After he woke up, there would definitely be problems with his body. However, it was so serious that Qin Chen called He Huan. "Are you in the hospital? If you are, come to my office."

He Huan was still in the ward while Rong Yue was asleep. She was surprised to receive Qin Chen's call, but she knew that Qin Chen was the best doctor, so she went over quickly.

Chapter 4387: There's always someone else in her heart 3

Qin Chen was brewing coffee. After so many years, her extravagant lifestyle hadn't changed at all. In fact, it had a trend of increasing, but Lan Yu could also afford it.

After so many years, her appearance had not changed at all. She was young, beautiful, and handsome!

When He Huan pushed the door open, Qin Chen's voice was a little faint. There's still breakfast over there. Let's talk after we're done.

He Huan couldn't eat, and she didn't look too good. After the long flight and the lack of sleep, she just leaned on the sofa and asked Qin Chen softly, "How did you know I was in the hospital?"

“qin mo called me.” “He asked me to take a look at Rong Yue. I’ve already taken a look. We’ll talk about this later,” Qin Chen said calmly.

qin chen knew that he huan was qin mo’s sweetheart. although he was jealous now, he wouldn’t know in the future.

...

qin chen also knew that his mother liked su yiliu now because qin mo and he huan kept delaying it. as a mother, she always hoped that qin mo could have a happy life.

however, this would only increase the conflict between qin mo and he huan.

Qin Chen’s thoughts were heavy. He brewed the coffee, poured two cups, and personally brought breakfast for he Huan. After watching her eat, he served the coffee.”you will need this now.”

he huan thanked him quietly. qin chen thought for a while and said, ” rong yue’s condition isn’t good. he needs to be hospitalized for treatment, and he can’t be cured with just one chemotherapy session. he needs to be observed for a long time. the most important thing is that he needs someone to take care of him. ”

“i know,” he huan lowered her eyes.

She thought that if she took care of yihuan, she would have less work to do in the future. twin ” might be her last work.

rong yue was her friend, and it was only right for her to take care of him.

If it was in the past, she would worry about whether Qin mo was happy or not. But now, she probably didn’t need to worry about that, right?

He Huan pursed her lips and reached out to take the coffee. She took a sip and said, ” “the possibility of full recovery is very small, because the observation period is very long.”

“can he get married and have children?” he huan asked after a moment of silence.

Qin Chen paused for a moment. his body allows it. However, he Huan has to find a woman who loves him very much.

he huan understood what she meant and did not say anything else.

she looked at the steam coming out of the coffee cup in a daze and didn't speak for a long time.

after a long time, qin chen finally asked about qin mo, ” “What's going on between you and my brother?”

“Nothing happened.” he huan's voice was filled with exhaustion. ” we'd have divorced long ago. if we were compatible, we wouldn't have ended up like this. ”

There was an indescribable feeling in Qin Chen's heart. He sighed. “no one would have thought that you would end up like this. it was so good in the past.”

he huan didn't say anything. her mind was in a mess. she didn't have the time to think about her relationship with qin mo, or she didn't want to think about it.

right now, she only wanted to cure rong yue's illness.

or perhaps it was because rong yue was the last memory she had of qin mo.

It would be a lie to say that she wasn't upset or sad at all. However, if they couldn't be together, they couldn't be together. She wasn't angry that he came to take care of Rong Yue. It was what she should do.

he huan closed her eyes. ” chenchen, ” she said softly, ” there are many other things in life besides love. ”

Now, her world was filled with joy and responsibility.

Rong Yue was injured because of her. It was nothing for her to take care of him.

Chapter 4388: i want to take care of him (1)

qin chen was helpless, but since he huan had said so, she couldn't say anything else and could only forget about it.

after breakfast, she went to check on her patients. everywhere she went, there were countless adoring eyes. she received five or six boxes of chocolates alone, and she gave them all to her little secretary.

To be like Qin Chen, to be liked by both men and women, it was also a good life.

qin chen finished his work and went to see rong yue.

she still had some complicated feelings about rong yue. after all, he had a subtle relationship with he huan.

besides, he huan was taking care of rong yue now. she did not believe that her big brother would not have any thoughts about it.

...

qin chen personally drew a few tubes of blood and asked the nurse to push rong yue to the CT room for a photo. after that, she spent the entire morning studying the plan. he huan did not go back and waited in her office.

Qin Chen couldn't take it anymore and looked up."Go to my lounge and sleep for a while. i'll tell you when i'm done."

He Huan thought about it and decided to listen to her. She went to the lounge to take a walk.

When she woke up, it was already one o'clock in the afternoon. She immediately sat up.

qin chen crossed his arms in front of him, leaning against the door and looking at her. ” “He Huan, you’re too nervous.”

he huan looked at her and said in a hoarse voice, ” “how’s rong yue’s condition?”

” come over and eat. let’s talk while we eat. ” “he huan, it’s not as difficult as you think.” qin chen smiled.

He Huan got up and washed her face, then went to the office to eat with Qin Chen.

Qin Chen took a few bites and looked at he Huan. “Conservative treatment can be done in his current situation. If it really doesn’t work, he’ll have to change his bone marrow. This is hard to say. It depends on his will to live. No one can replace him in such a matter.”

he huan lowered her eyes. ” i know. can you find the bone marrow? what if something goes wrong?
”

“Sure.” Qin Chen admitted that he had exaggerated a little, but there was always a possibility that something wasn’t right.

Now that she said this, he Huan was relieved. Because she had rested, she was much more energetic. She was ready to go back to her studio after visiting Rong Yue to settle the last things. There was only a month left before ” twin ” premiered in the country.

she went to see rong yue. rong yue’s condition was good, and with qin chen taking care of he huan, she was not worried.

She left and was about to get into the car in the parking lot on the first floor when she suddenly saw a very small figure that looked a little familiar.

he huan closed the car door and took a few steps forward. then, she saw ai mengmeng.

AI Mengmeng stood there timidly. She only dared to walk over after seeing he Huan looking at her. “director he.”

“what are you doing here?” he huan asked.

She knew a little about Rong Yue and AI Mengmeng. Actually, Rong Yue didn't tell her. One day, she saw Rong Yue reading a magazine. Ai Mengmeng was on the cover of the magazine, and the magazine was a little old.

he huan was also an experienced person, so how could he not understand?

However, she didn't say anything. She just looked at AI Mengmeng.”you know that rong yue is sick, right?”

“I want to take care of him,” AI Mengmeng bit her lip.

he huan's expression was very gentle,”take care means yingluo.”

AI Mengmeng took a deep breath. ” i like him. if he's fine, i don't think i'm worthy. but he's sick, so i think i should take care of him. ”

He Huan lowered her eyes. this is not my business. You should ask Rong Yue.

“yes, thank you, director he.” ai mengmeng said in a low voice, then turned around to leave.

Chapter 4389: i want to take care of him (2)

he huan lowered her eyes. ” this is not my business. you should ask rong yue. ”

“Yes, thank you, director he.” ai mengmeng said in a low voice, then turned around to leave.

“Wait a minute,” he Huan called out to her.

ai mengmeng turned around.

“If you need any help, you can find me,” he Huan said in a low voice.

tears welled up in ai mengmeng's eyes. it was an indescribable feeling.

...

She grunted in agreement and left.

He Huan, on the other hand, stood at her original spot for a while before driving off. She had finished her work at the studio and went to pick up yihuan in the afternoon. However, she saw Qin mo and su Yiliu at the school gate.

They came to pick up Yi Huan together and it seemed like they wanted to get along with each other seriously. He Huan got out of the car and walked over to Qin mo."I would like to speak to yihuan alone."

Qin mo did not say anything.

He Huan walked over, hugged Yi Huan, and kissed her. "Uncle rongyue is sick and I need to take care of him. Yihuan, can you live with dad and grandma for a while? I'll pick you up when I'm done."

However, Yi Huan wrapped her arms around her neck and said, "I want to be with mommy.

as she said this, she refused to let go. how could a small person not understand that her father and mother were going to be separated? she would rather follow her mother because her father now had aunt su again, and her mother was alone.

the little guy was especially sensible. "i can let grandma take care of me. also, we can let grandma live with us, right? mommy's house is very big too. "

As she spoke, she was afraid that he Huan would disagree, so she stuck her little face close to him and acted coquettishly.

He Huan's heart softened, and she felt that she had let her down."i'll talk to dad."

Now that someone else was standing beside him, she thought that their relationship had completely ended.

yihuan is at my place, ” he Huan said to Qin mo as if she was his ex-wife.

Qin mo stood in front of his Mulsanne and said calmly, ” don’t you have to take care of rongyue? do you have time to take care of yihuan? ”

“auntie lan can take care of him.” he huan bit her lower lip.

qin mo’s voice continued to be calm. ” auntie lan is from the qin family. are you sure you want to use her? ”

although he was calm, the meaning behind his words was hurtful. she was no longer a member of the qin family after their divorce, and they were no longer in a relationship. he had someone else by his side, and that person was waiting for him in the car. she was also very gentle to he huan.

He Huan knew that she was being a little petty, but he was really despicable. She lowered her voice and said, ” “I’ll find someone to take care of it. That’s all.”

just as she was about to leave with yi huan, he reached out and grabbed her wrist. ” “he huan,”

“what else, president qin?” She didn’t mind that they were becoming distant in front of Huan.

Qin mo let go of her hand and said, ” “yihuan’s surname is always qin. i’ll get someone to send auntie lan over later.”

after he finished speaking, he carried yi huan to he huan’s car and kissed her. ” “I’ll pick you up this weekend.”

At this time, su Yiliu was not around, and he Huan was a few meters away. Yihuan put her arms around her father’s neck and whispered, ” “can’t daddy and mommy take care of the baby together in the future?”

Qin mo was stunned for a moment. He lowered his head and looked at his big eyes.

She was innocent and beautiful, but now she was so pitiful.

His heart instantly softened, and he couldn't describe the feeling.

his heart ached a little, and he could only kiss his younger daughter in the end. ” “daddy's always here.”

yi huan was still pitiful, but she understood that.

He reached out to stroke his younger daughter's head and said in a hoarse voice, ”yihuan, be a good girl.”

“i don't want to be obedient.” Yi Huan lowered her head and looked pitiful.

Qin mo could not help but kiss her soft little face. “Then, dad will visit you every other day.”

“no need,” “Mommy won't be happy,” the little fella said.

Qin Mo's heart was filled with bitterness.

at this moment, he huan walked over. he straightened his body and closed the car door. he said calmly, ” “Take good care of her. I'll get the driver to send her clothes to you.”

...

he huan nodded and got into the car.

her attitude was very calm, and she would not be angry or jealous about him and su yiliu.

Qin mo thought to himself silently. Why would she do anything for him? she was busy taking care of Rong Yue and would not think of him.

As she thought about it, her heart calmed down and she took a step back.

He Huan drove the car away, and Qin mo stood there quietly for a long time, until su Yiliu rolled down the window and called his name, ” “qin mo, why don’t you get in the car?”

his gaze was still fixed on the distance, but he retracted it and got into the car. he then looked at su yiliu, ” “i’ll send you back to the company.”

her lips moved, but she didn’t say anything in the end.

he huan went to the hospital again after she settled the little guy down. it was already night time. when he huan got out of the car, she remembered that she had not eaten anything today. she thought that she would be full for a while if she ate later when she got home.

When he went to the hospital to see Rong Yue, he found out that AI Mengmeng had not come because Rong Yue looked very ordinary.

He Huan and Qin Chen conversed for a while. After thinking for a while, he said to Rong Yue, ” “I saw AI Mengmeng during the day. She said she wanted to take care of you.”

before she could finish her sentence, rong yue had already sat up. she stared at he huan.”she’s here?”

He Huan nodded. I don’t know where she got the news from, but she will come. It just depends on whether you’re willing or not.

Rong Yue knew about his legs and was a little hesitant.

He Huan looked at him for a long time before whispering, ” “it’s nothing. i asked qin chen if you can have children, and he’ll cure you.”

I'm fine. Rong Yue lay down quietly. I need to think about it.

he huan laughed. " weren't you looking for her before? why are you missing her now? "

rong yue just looked at her without saying a word.

"I know," he Huan said in a low voice.

She patted Rong Yue's shoulder and said, " "She'll be back."

as soon as she finished speaking, she felt a wave of dizziness and swayed twice.

rong yue immediately went to pick her up, not caring about the distance between a man and a woman. at this moment, qin chen happened to come over. there was a misunderstanding, so rong yue said in a low voice, " "She fainted,"

qin chen immediately came over and saw that he huan's face was a little pale.

qin chen was a doctor and a woman, so she immediately realized something. she picked up he huan, who looked like a strong boyfriend, and walked out the door.

Rong Yue wanted to get out of bed, but Qin Chen's voice came over. "Wait for the news here."

rong yue's fingers clenched and loosened. he kept feeling that something terrible had happened.

In less than ten minutes, he Huan woke up. She opened her eyes wide and looked at the doctor in front of her. He had a familiar face.

"chenchen," she called out softly.

Qin Chen put on his Surgical Gown and held her hand with one hand as he comforted her gently. Huanhuan, relax. It won't hurt much.

She only called he Huan Huan when she was young because he Huan was very small and followed behind Qin mo.

After she became his sister-in-law, Qin Chen stopped calling her ran ran.
