

Thank you 4401

Chapter 4401: I want to accompany you (3)

“Are you concerned about me?” he asked.

She was usually very powerful, but at this moment, she was at a loss for words. She couldn't find a word to say for a long time, so in the end, she just nodded her head gently.

Rong Yue smiled slightly and continued to write. As he typed on the keyboard, he asked her casually, ” “Do you like to be an actor?”

ai mengmeng was a little embarrassed by his question. she pursed her lips and only replied after a long while, ” it's alright. i don't really want to be one now. ”

Rong Yue didn't say anything either, but his hands moved a little slower. Then, he seemed to have thought of something and looked at her. ” if you want to act in it, you can tell me. this script isn't for sale. maybe you can let he huan act in it. if she can act in it, i think you can act well too. ”

ai mengmeng didn't take his words seriously, because she was already too muddled. even if she could film it, she might not be able to release it. she had zero tolerance for actors touching this.

...

rong yue looked at her again and whispered, ” it's a documentary. It can be shown with positive energy.

“Oh,” she said, then looked at him,”when are you going to rest?”

Rong Yue smiled and handed the notebook to her after saving it.ai Mengmeng helped him close it and put it aside.

she was probably from an ordinary family, so she was very good at taking care of people. she helped him put down the bed and tidied it up, then lay down beside his pillow.”take a nap. i'll wake you up for lunch.”

rong yue was a little tired after being busy for a while. he closed his eyes and hummed in agreement.

AI Mengmeng wanted to move away, but in the next second, he held her hand.

rong yue's fingers were slightly cold because he was sick, but ai mengmeng's hands were warm.

strangely, the temperature melded together.

she bit shen and looked at him, feeling a little helpless.

They had actually done it before, thoroughly, but she was still a little helpless now.

even though it was only a handshake.

AI Mengmeng bit her lip and said in a small voice, "Rong Yue?"

His eyes were still closed, and his voice was a little low."i want to sleep for a while. You accompany me. "

He was clearly very weak, but he still pulled her to his side with one hand.

AI Mengmeng was forced to lean against his chest. She was much thinner than the last time, and even her heartbeat was not as strong as before. As she leaned against him, she suddenly felt like crying, but she was afraid that he would find out, so she secretly held back.

Rong Yue seemed to have sensed something. He reached out and touched her face gently. Then, he asked the knife gently, "Why are you crying?"

"I'm not crying." "It's just sand that got into my eyes," AI Mengmeng bit her lip.

"Where did the sand come from in the ward? it's terrible to be uncultured." He laughed bitterly.

"I have junior high school graduates who can't go to junior high school anymore after a year." AI Mengmeng said, a little unconvinced.

Rong Yue laughed. you call this cultured? i'll teach you when i'm free."

as he spoke, he held her fingers in his palm and said in a hoarse voice, " sleep with me for a while. I've been waiting for you for many days. You must not know the feeling of suffering.

he closed his eyes, and she opened her eyes secretly.

he was very thin and weak, but he was still good-looking. it seemed that he had become less and less similar to boss qin as he got sick.

Rong Yue was Rong Yue and not anyone else. She was also sure that the one she liked was him and not anyone else.

she stayed by his side, but when he fell asleep, she cried secretly.

she was afraid of waking her up, so her voice was soft and quiet. then, she desperately wiped her tears. the feeling of pain was even worse than the storm that time, like tiny needles poking into her heart.

There was no escape.

Chapter 4402: I want to accompany you (4)

the door of the ward was pushed open, and the nurse outside was surprised to see the scene in the ward.

Why was there a woman here?

However, they soon realized that the girl had been crying and was trying very hard to hold it in. She looked very pitiful.

She must love Rong Yue very much.

the door of the ward closed again.

AI Mengmeng finally stopped crying. She laid down carefully beside him and looked at his face.

...

“You’re already an adult. It’ll be embarrassing if you cry,” Rong Yue suddenly said.

she opened her eyes and looked at him from the side of the pillow.

“How can I sleep when you’re crying like this?” He smiled and then closed his eyes. “I really don’t know if you’re here to keep me company or to torture me.”

ai mengmeng bit her lip and said in a low voice, ” “if you don’t like it when i leave, then that’s it.”

He pulled her closer, lowered his head to kiss her, and looked at her.

At such a close distance, she could almost see his eyelashes clearly. His eyelashes were very deep, so his eyes looked very deep and gentle.

ai mengmeng wanted to cry again. he was so good, but she had done so many wrong things. could she really do it?

rong yue probably guessed what she was thinking and whispered, ” “Didn’t you say you were going to take care of me?”

She looked up at him.

rong yue smiled slightly. ” that’s it. ”

They still slept together.

when qin chen came over in the afternoon, he was surprised to see ai mengmeng. as a doctor and aunt yihuan, she naturally knew ai mengmeng and often gave her acupuncture.

seeing this, he couldn't help but be surprised.

How could these two people be together?

however, qin chen didn't show it. instead, he returned to the office after the inspection and called qin mo.

Qin mo picked up the phone and was congratulated by Qin Chen.

“what do i have to congratulate you for?” qin mo was a little speechless.

He and he Huan had just lost a child, and he Huan treated him like an enemy whenever she saw him. It was good enough that he wasn't surprised, so how could he be happy?

qin chen coughed lightly. ” your love rival is getting married. rong yue and ai mengmeng are getting married tomorrow. ”

Qin mo was truly surprised. Were they really together?

And so quickly?

Qin Chen's voice was calm. brother, I know you have feelings for AI Mengmeng, and so do I. But I don't think this girl is that bad. Besides, she won't get close to yihuan in the future, so let her go.

“When have I ever been unwilling to let her go?” qin mo's voice was even fainter than hers. he then added, ” “They're getting married. I have to congratulate them.”

Qin Chen coughed again and said after a long time, ” ” brother, why do i feel like you're being a little sarcastic? aren't you going to give them your blessings? ”

Qin Mo's reply was to hang up the phone. He couldn't be bothered to talk to his sister.

He put down the phone and smoked a cigarette. He took out his phone and wanted to call he Huan's number, but he thought about it and decided not to.

that night, he went out to socialize and returned home a little late.

when she returned, he huan had already gone to bed.

Qin mo went back and took off his coat in the dark. He threw it on the sofa and walked into the master bedroom.

The master bedroom was also pitch black. For the past month, he Huan had never waited for him at the door.

Qin mo sat on the side of the bed. The soft bed was in a deep corner. His body reeked of cigarettes and alcohol. There was even the smell of a woman's perfume.

he huan's sharp senses woke her up. she was shocked and immediately looked at him with wide eyes.

In the dark, they confronted each other.

Chapter 4403: i want to be with you (5)

qin mo sat on the side of the bed. the soft bed was in a deep corner. his body reeked of cigarettes and alcohol. there was even the smell of a woman's perfume.

He Huan astutely woke up Xuxu.

she woke up and opened her eyes.

and he was close at hand.

he Huan's lips were tightly pursed and she didn't make a sound. her entire body was tensed up and she didn't know what Qin Mo was up to.

Qin Mo's fingers gently caressed her face and his voice was very hoarse. "I know you're still awake, he Huan."

...

he paused for a moment, and his voice became deeper and hoarser. "don't you want to know where i went?"

"It has nothing to do with me," She said softly and then sat up.

the lights came on, and their eyes met.

"even if there were others, you wouldn't care, would you?" Qin Mo muttered after a long time.

he Huan didn't want to hear this. she wanted to escape, but his hands quickly clenched into fists. he pressed against the bed on both sides of her body, not letting her escape. she was completely trapped in his arms.

He Huan pursed her lips and closed her eyes. what do you want to do? "

"Let's talk." "Su Yiliu and I are never what you think we are," he said in a low and hoarse voice.

He Huan could not escape, so she could only look at him.

"I've never liked her," he stared into her eyes. " he Huan, did you hear that? i've never liked any other woman. don't force yourself to think too much. "

He Huan laughed lightly. I didn't think too much about it, and I won't think too much about it. President Qin, don't give yourself more drama. We divorced a long time ago and have nothing to do with each other. It's expected that you would lose this child.

his eyes were fixed on her, and he looked a little scary.

he huan laughed bitterly. " president qin, do you have any other questions? if not, i'm going to sleep with you. also, don't forget that you said you would let me go. also, i just had a miscarriage. you can't be so unreasonable, right? "

Every word she said was like a knife.

Qin Mo's heart was pierced by her and it was bleeding. He gritted his teeth. he Huan, you're really good.

"compared to president qin, i'm still far from him." She laughed lightly, with a hint of self-mockery.

qin mo slowly moved away from her and continued to stare at her face. his expression and voice turned cold, " "i'll let you go."

it just depends on whether you can leave or not. she will come back to beg him.

qin mo didn't say anything. he got up and took a bathrobe to take a bath while he huan slowly lay down.

She didn't know how much time had passed, but he came back with a fresh body and laid down beside her.

She couldn't fall asleep either. She had developed a habit of waiting for Qin mo to fall asleep before she could fall asleep. Otherwise, she wouldn't be able to relax at all.

He had already become the thing she was afraid of, nothing else.

And he probably didn't know about it, and he still wanted to be her husband.

qin mo was about to sleep when he huan said, ” “i want to move away. my body is much better now.”

“There’s still a week to go before the promotion, isn’t there?” He closed his eyes and said indifferently.

He Huan was surprised at first, but he wasn’t surprised anymore. He always had eyes on him, and this news was public. How could he not know?

he huan was a pragmatic person. his words meant that he was not willing to let her go now, so she would stay.

anyway, he would always find her cold attitude boring and would always think of some comfort.

for example, su yi liu, wang yi liu.

He thought she was saying it out of anger, but that wasn’t the case. She really didn’t care.

she had already miscarried, so why would she still care about the woman beside him?

Chapter 4404: I want to accompany you (6)

After he said that, he Huan did not say anything else.

They lay down on the bed, neither of them talking nor doing anything.

just like that, the entire night passed.

Early in the morning, he Huan was still lying down while Qin mo was already up.

He was putting on his shirt with his back facing her. His figure was tall and slender, and it was very attractive.

sometimes, he huan found it strange. he didn't work out on purpose and often had to socialize, but his muscles were very good. she just didn't know that he had the best fitness equipment in his office and that he did exercise.

...

He Huan wanted to retract her gaze, but Qin mo had already turned around. His gaze landed on her face quietly. "you're awake?"

He Huan didn't say anything, as if she was going to ignore him.

This was the norm for the past month. Qin mo walked straight over and bent down to look at he Huan.

she opened her eyes. " what's the matter? "

his attitude was cold and indifferent.

Qin mo gave a faint smile. "i'm going on a business trip for two days, do you want to come with me?"

"I want to stay at home." She closed her eyes again, not interested in going on a business trip with him at all.

In fact, she was not interested in Qin mo.

after her miscarriage, she seemed to have become more indifferent. she might have once felt grateful for qin mo's sacrifice in the past, but now, she didn't feel it at all.

He Huan thought to herself, but she felt a warm touch on her lips. She opened her eyes.

he saw qin mo.

he huan was stunned for a moment. after a few seconds, she said in a hoarse voice, ” “Qin mo, this is not appropriate.”

“Why is it not suitable? we’ve kissed many times in the past.” His voice was hoarse.

“we’re no longer husband and wife.” he huan turned her head away.

“can’t we kiss just because we’re not husband and wife?” “many unmarried men and women have children,” he chuckled.

He didn’t mean it when he said it, but he regretted it the moment he finished.

then, he watched as her face slowly turned pale. when he felt that she was about to leave, his fingers quickly pressed her head and he said in a low voice, ” he huan, i didn’t mean to. ”

As he spoke, his eyes looked at her with some urgency.

He Huan lowered her eyes and said in a hoarse voice, ” ” whether it’s intentional or not, the child is gone. qin mo, let go, okay? ”

He was still holding her chin and pressing one hand on her shoulder, maintaining this position for a long time.

after a long time, he bent one of his long legs and said in a hoarse voice, ” “You really want to leave me?”

He Huan bit her lower lip and said yes.

Qin mo stared at her for a long time. Then, he laughed and moved away.

He stood up straight, his voice especially hoarse.”if you want to leave, i’ll remove all the bodyguards when i go on a business trip. He Huan, do as you see fit. If you don’t love me at all, if you don’t want to be with me, if you don’t care about our past relationship, then just leave.”

After he finished speaking, he looked at her deeply, and there was a final touch of longing in his eyes.

once he huan was free from his restraints, he sat up gently.

she was wearing a pure white nightgown, and her black hair had reached her shoulders. she had lost weight not long after her miscarriage, and her chin was sharp and thin on her small face.

qin mo looked at her and thought about how he huan was different from half a year ago.

she was so fragile right now, and it was an indescribable feeling.

Chapter 4405: i want to accompany you (7)

She was so fragile right now, and it was an indescribable feeling.

He Huan only agreed.

and this one word, to qin mo, was like the last piece of driftwood that had sunk down.

He just looked at her quietly without saying anything.

He just looked.

After that, he smiled bitterly, took his coat, and walked out.

...

He did not say anything else.

he huan just sat there quietly and heard him walk out.

The door was also gently closed. It was like the door that had closed between her and Qin mo.

in her heart, it was as if some line of defense had collapsed. the flood of memories came surging in, suppressing her until she was in great pain.

He was free.

they had broken up.

however, in the face of freedom, she was not happy at all. they could have ended it peacefully.

at this moment, he huan heard the sound of a car outside. qin mo must have left.

she didn't know why, but she still left the bed and walked to the french window.

From here, he could see everything below.

qin mo's car left, and the bodyguards who were on guard also got into the car and left.

he huan knew that she could leave now.

but she didn't move. she stood there without moving until she felt suffocated. then, she turned around and looked at her surroundings.

Everything here was the same as before. Nothing had been moved.

in this apartment, he huan and qin mo had quarreled before, and there were also occasional sweet moments.

and all of this, when she thought about it now, made her heart ache.

She closed her eyes and was alone for a long time before she walked back to the master bedroom.

she pulled her suitcase over and packed her things before she went downstairs.

the servants at home were still there, and when they saw that he huan was about to go out, they were stunned.”madam?”

he huan bit her lower lip. ” i’ve already spoken to president qin. thank you for taking care of me during this period of time. ”

his words were polite but also very distant. the servants at home wanted to say something, but he huan spoke again, ” say no more. The bodyguards here have all been withdrawn. It doesn’t matter if we make a phone call or not.

The servant took a look, and it was indeed so.

during this time, he huan had already walked out with her luggage. there was a car in the parking lot below that she had driven before, so she got into the car and drove it away.

after he huan left, qin mo, who was sitting in the black rv, received a call. he was stunned for a while after hearing what the other party said. then, he whispered, ” “I know.”

The hand that was holding the phone dropped, but his fingers were still holding the phone tightly.

and his brows were tightly furrowed, never relaxing.

He Huan left, just as he left.

Qin mo leaned back on the chair and closed his eyes. His facial features were as tense as a World of Ice and snow.

she left in the end, without any reluctance.

He turned around and left.

later on, qin mo fell sick. he was pitiful and weak, and no one was by his side to take care of him.

sometimes, he wondered why he had to do this. he had loved her since he was young, and she had a heart of stone.

Every time he wanted to ruthlessly let it go, Yingying couldn't make up her mind.

And this time, it was the same.

Perhaps, he had already decided that he would never let her go in this life.

why did he let her go? she had been his since she was young.

In the future, it would also be his. It could only be his.

qin mo's fingers slowly loosened and moved slightly. then, his eyes slowly opened.

This time, there was a hint of dominance in his eyes.

Chapter 4406: let he huan chase after him (1)

he made a phone call and casually gave a few instructions. it was a bit heartless, but this phone call changed a lot of lives.

However, he had no choice. Qin mo was the most powerful man in the entertainment industry and he had the final say in many things.

This included he Huan's parents 'culture company, Rong Yue's studio, and whether he Huan's movie could be released. He had too many means.

Qin mo hung up the phone and closed his eyes.

in B city.

When he Huan left to pick up Yi Huan, Yi Huan was not at her mother's place.

...

Su Cheng's expression was also very strange. She looked at he Huan and sighed. Then, she reached out to stroke her hair and said in a low voice, "he Huan, it depends on whether you can let go of everything.

She paused for a moment and then said in a low voice, "Let's go abroad to relax."

he huan was still looking at her mother. "mom. Where's yihuan? Even when we're going overseas, I'll bring her along. Also, my movie is going to be released soon, so I can't leave. I also have to take care of Rong Yue."

"He Huan," As a mother, su Cheng had always doted on he Huan, but this was the first time she spoke to her in a stern voice. "Can't you take care of yourself? you don't have to worry about anything else,"

her tone was really strict. he huan looked at her and asked slowly, "Mom, did something happen? where's yihuan? is he at qin mo's house?"

su cheng's expression was a little strange. she looked at he huan for a long time before she said in a low voice, "yihuan is not in the qin family. She's at ye mu Bai's house."

ye mu bai?

Wen Yuan?

he huan was stunned and could not come back to her senses for a long time.

After a while, she mumbled, " why did you send it to the ye family? "

Su Cheng looked at her and said in a soft voice, " "not only did qin mo send yihuan to the ye family, but he also sent her to rong yue's studio and your father's culture company. they've all been suppressing her to varying degrees, and even the movie that you're about to release. Can it be released in half a month?"

he huan was still in a daze and could not come back to his senses for a long time.

"Qin mo wants you to return to his side." su cheng said very calmly.

he huanhe's gaze was fixed on her mother.

after that, she said very softly, " mom, i understand. "

she turned around and left.

"He Huan, where are you going?" su Cheng stopped her.

he huan stopped and turned her back to su cheng.

su cheng's voice was very low. " "are you going to look for qin mo? I won't allow you to go, you hear me?"

he huan's body stiffened. after a long time, she said in a low voice, " "i want to ask him what right he has to treat me like this!"

"You're not allowed to go. You can't win against him. He Huan, I would rather you give up everything and leave him. Do you understand?" Su Cheng's voice was sterner than before.

he huan stood there for a while longer, but she still walked out quickly.

after all, she had just had a miscarriage and her body was not in good condition.

After she finally managed to steady herself, she reached out to hold the door and turned around. She looked at su Cheng and said softly, ” “Mom, I’m definitely going to find him.”

However, he Huan couldn’t find Qin mo. He couldn’t get through to his phone.

When he didn’t want to be found by her, he would make it so that she couldn’t find him.

He Huan looked for Secretary he.

Secretary he was a little overwhelmed by his boss’s earth-shattering love life. She also knew that boss Qin was not in a good mood at this time, so she did not dare to reveal anything. She only vaguely said, ” “President Qin is in Hong Kong,”

Chapter 4407: let he huan chase after him (2)

secretary he was also thinking to himself, is boss qin asking he huan to chase after him?

Boss Qin was really a tsundere!

He Huan’s body had just recovered, how could she run back and forth?

While Secretary he was thinking about this, he Huan had already hung up the phone.

Although it was very difficult, she still managed to find the location of Qin Mo’s hotel in Hong Kong and immediately set off.

she did not even look for yi huan because he huan knew that yi huan would never return without qin mo’s permission.

...

she immediately flew to hong kong.

*

In Sheng Yuan's ward in B city.

Rong Yue had received treatment early in the morning. He did not let AI Mengmeng accompany him during the process because he was afraid that she would be scared and feel heartache when she saw the scene. When he came out of the treatment room, his already pale face was even paler, and he was pushed back by the nurse in a wheelchair.

when he returned, other than ai mengmeng, there was another person who looked like a lawyer in the ward. although rong yue was weak, he still nodded."Lawyer li."

lawyer li usually handled some copyright issues with rong yue, but he didn't expect that rong yue would ask him to draft a prenuptial agreement. when he saw the email, he was a little surprised.

This was an unfair treaty!

Rong Yue had given almost everything he had to AI Mengmeng. If AI Mengmeng had any ideas in the future, he would not dare to think about it.

He had tried to persuade Rong Yue, but Rong Yue said that if he didn't change, he would do as he was told. Well, artistic youths were always so willful.

At that moment, Rong Yue nodded at him and then looked at AI Mengmeng. "have you shown her the agreement?"

he was very weak, but he insisted on finishing this matter.

AI Mengmeng's eyes were filled with helplessness and uneasiness. She said in a soft voice,"Rong Yue, I don't need you to do this for me."

His smile was weak and gentle, but it was also good-looking. unless you leave me after you take the money.

“i won’t.” AI Mengmeng immediately said, almost a little neurotic. Hence, Rong Yue smiled a little more happily and nodded at lawyer li. “let’s sign.”

as rong yue’s employee, lawyer li added, ” “Are you sure?”

rong yue didn’t reply and just smiled faintly. lawyer li then brought the document over for him to sign. he signed it without looking at it and pushed it to ai mengmeng.

AI Mengmeng held the pen and looked at him. Her eyes were a little confused, but she still hadn’t signed it.

rong yue waited patiently, but lawyer li, who was at the side, was not calm anymore. ” “Where can I find such a good thing as a young lady?” There was no such shop after this village. Rong Yue’s net worth was already in the tens of millions. As long as he could survive, his future would still be great.

AI Mengmeng looked at Rong Yue again, then bit her lip and signed it.

“That’s the way.” Lawyer li kept the documents. I have the certificate and photo. I’ll get it done for you. The marriage certificate will be here tomorrow. I wish you two a happy marriage.

rong yue smiled lightly. a hundred years of happiness? would he have a hundred years?

He had married AI Mengmeng because he wanted to take care of her and let her have her own assets legally.

he didn’t have any family left, and she was the only one he was worried about.

once, he was also very worried about another girl, but that person had a lot and he didn’t pity her.

ai mengmeng was different, she really had nothing.

He didn’t seem to have done many good things in this world. The only thing he wanted to do was to treat her better.

Chapter 4408: Let he Huan chase after him (3)

That was because they were the same kind of people. They had no family in this world and were very lonely.

after lawyer li left, rong yue couldn't hold on any longer. his forehead was covered in cold sweat. he said in a low and hoarse voice, " "Help me to the bed."

actually, the nurse wanted to go forward, but rong yue looked at ai mengmeng. " help me up. "

ai mengmeng was taken aback, but she still followed his instructions and went forward to help him up to the hospital bed.

she was about to leave when rong yue reached out and grabbed her hand. " wait a minute. "

ai mengmeng looked at him and pursed her lips."aren't you going to rest?"

...

Rong Yue's gaze fell on his face. After a long time, he said in a low and hoarse voice, " "I have something to give you."

She just looked at him.

rong yue sat at the head of the bed and reached out to take out a small and exquisite box from under the pillow. he opened it and saw a diamond ring inside. there was a pink diamond embedded on it. it was not big, only one carat, but it was very beautiful.

Rong Yue held it and then looked up at AI Mengmeng. His voice was even more hoarse. " i've prepared it long ago. i didn't know when you would be coming. "

AI Mengmeng looked at the diamond ring and actually wanted to retreat. She stared at his hand and pulled it back.

rong yue was extremely weak, but at this time, he didn't know where he got the strength to grab her hand and slowly pull her hand towards him.

AI Mengmeng wanted to break free, but he didn't allow it. She was pulled over by him just like that.

She bit her lip and said with a slightly nervous voice, "Rongyue."

"An engagement ring." "Marriage should be more serious," he said in a low and hoarse voice.

as he spoke slowly, he slipped the ring between her slender fingers. her hand was very white and thin, and it looked beautiful when she wore it. rong yue stared at her for a while before he finally held her hand and kissed it gently.

AI Mengmeng felt a burst of warmth on the back of her hand. She was in a daze for a while before asking him softly, "why?"

rong yue let go of her hand and slowly lay down on the edge of the bed. after lying flat for a long time, he whispered, "because i like you. is this reason enough? "

she was stunned for a moment. then, she pursed her lips and her voice became hoarse. " i'm not worth it. "

" i'll know for myself whether it's worth it or not. how can you make the decision for me? " Rong Yue looked at her, then took her hand and gently closed his eyes. "i'm a little tired and want to sleep for a while, yingluo."

He seemed to have fallen asleep, but after a minute, he continued, " when I'm discharged, we'll have a wedding.

AI Mengmeng looked at him with his eyes closed and a pained expression on his face. Her heart started to ache as well.

the nurse covered him with a blanket and said in a soft voice, ” “Mr. Rong’s chemotherapy is very painful. He’s holding on. Miss AI, you have to treat him well.”

AI Mengmeng felt like crying when she heard that. She didn’t know what was wrong with her, but she just felt like crying.

After he fell asleep, she stayed by his side. She flipped through his medical records over and over again. Later, she went to beg Qin Chen, but Qin Chen still didn’t feel any pain. He only said that his illness was quite serious and AI Mengmeng was like a small fish fried.

after that, rong yue woke up and heard qin chen’s words.

he was angry and amused, and his heart ached a little. he looked at qin chen.”Let me say a few words to her.”

Qin Chen was in a particularly good mood, and he said with a smile, ” “Then I’ll go out first. Oh right, I heard you guys got married, congratulations, Wanwan.”

Chapter 4409: let he huan chase after him (4)

rong yue looked at qin chen with a look of disapproval.

qin chen was frivolous to everyone, but he really couldn’t do anything to rong yue’s face because he looked like qin mo. although they didn’t look alike anymore, she was still a little afraid.

qin chen still went out.

Rong Yue looked at AI Mengmeng again. She immediately put away her sadness and asked him how he was and whether it still hurt.

Rong Yue didn't know whether to laugh or cry at her concern. He looked at her and said, "Do you think I'm going to die soon?"

"doctor qin said that your illness isn't easy to treat." AI Mengmeng said honestly.

...

Rong Yue continued to stare at her and did not speak for a long time.

"If you want to know in the future, you can ask me directly. Dr. Qin's Yingluo is good at making fun of people."

Rong Yue still used a more elegant method, but AI Mengmeng still didn't understand. "isn't being a doctor a sacred profession?"

"he's not bad, but dr. qin isn't a decent person." "But it's normal for you to be fooled," Rong Yue sighed.

ai mengmeng was still in shock. after a long time, she mumbled,"but he huan also said that you have an incurable disease, and it'll be hard for hanhan to recover."

She said the last few words with hesitation. Rong Yue pretended to be unhappy."if i recover, will you not be with me?" he asked.

"no." she started to panic and bit her lip for a long time without making a sound. then, she looked at rong yue again.

He still looked unmoved.

ai mengmeng was a little anxious. she tugged at his hand and said in a low voice, " i didn't mean it that way. "

Rong Yue looked at her carefully. His eyes and face were red from anxiety.

His heart ached a little, but he still had a gentle smile on his face. "I do."

AI Mengmeng's lips trembled slightly, and she stared at him for a long time as if he was poisonous.

Then, she suddenly pushed him away nervously and walked toward the window. She stood there, her heart heaving with excitement.

her face was filled with pain.

after a long time, she said in a trembling voice, "rongyue, you don't know anything!"

"Know what?" rong yue's voice was a little low and different from his usual tone. it sounded like he was talking to a lover.

AI Mengmeng turned around and stared into his eyes. She said very slowly,"do you know about my past? before i got together with you, i was almost seduced by someone. actually, i was already seduced!"

"Don't say it." Rong Yue stopped her, his voice almost stern. that's not your fault.

AI Mengmeng's expression was a little wooden. After a long while, she repeated in a low voice, "it's not my fault?"

this time, rong yue changed to a more certain tone. "Of course it's not your fault."

His body was weak, but he still persevered and walked towards her step by step.

As for her, she could only bite her lip and look at him. She couldn't help but take a step back, as if she was afraid but also looking forward to Yingluo.

Until he walked to her side.

Rong Yue stretched out his fingers and gently caressed her face. His voice was much hoarse. " look towards the future. don't even think about the past. it's all in the past, unless that scumbag is still fine and hasn't been punished. "

ai mengmeng's eyes were filled with tears. she bit her lip. " he's in jail. he hasn't been released yet. ,

Rong Yue reached out and pulled her into his arms.

He was very thin and weak, but he insisted on giving her the warmth that a husband should have.

At this moment, he was the only person she could rely on. He wanted to live on well because he had someone he cared about.

Chapter 4410: Let he Huan chase after him (5)

At the same time.

Hong Kong.

He Huan's search for Qin mo did not go smoothly. At the very least, when she went to Hong Kong and reached the hotel Qin mo was staying at, she still did not manage to see him.

The person following Qin mo was not Secretary he, but another male assistant.

He Huan did not see Qin mo. She only saw her assistant, Xu Li.

Xu Li did not see he Huan often, but everyone in King Entertainment knew how important he Huan was to Qin mo. There was a reason why he did not want to see him.

...

For this reason, Xu Li felt that boss Qin was sick, and it was a serious illness.

xu li saw he huan. he huan looked a little haggard after flying.

“director he, president qin went to taiyi W today and will probably be back at night. would you like to wait in president qin’s suite or get another room?” Xu Li asked after thinking for a moment.

Before boss Qin left, he said that he Huan would come, but boss Qin didn’t say what to do next, so he could only make the arrangements.

he huan sat quietly on the sofa and listened to xu li’s words. she asked tiredly, ” “what time will qin mo return to the hotel?”

Xu Li thought for a moment and decided to tell her,”president qin should be back at 11 pm. he’s attending a dinner party at the station.”

He Huan sat on the sofa and said in a soft voice, ” “I’ll wait for him here.”

Xu Li frowned. the weather is very cold. Although there’s heating in the lobby, it’s still very cold at night. Director he, do you want to consider it? ”

“No, I’ll wait for him here.” he huan said quietly.

In fact, she had come in a hurry and didn’t have any luggage.

xu li looked at he huan. he wanted to say something but sighed. he turned around and called qin mo to explain the situation. qin mo paused for a moment and said calmly, ” “Just do as she says.”

Then, he hung up the phone.

Xu Li felt a little strange. That shouldn’t be the case. Didn’t President Qin dote on miss he the most?

Was boss Qin really willing to do it in such cold weather?

However, regardless of whether he was willing or not, he Huan was freezing outside the lobby. Although it was over 20 degrees, the door was open and closed, and it was still very cold.

she didn't eat much all day. by eight o'clock in the evening, her stomach was already very uncomfortable, but she still endured it.

by the time qin mo returned, he huan's stomach was already very, very uncomfortable.

He did not come back alone. Beside him was su Yiliu, his female companion for this dinner.

When they passed by the lobby, su Yiliu still looked at he Huan and then at Qin mo.

qin mo stood still and stared at he huan with his dark eyes.

he huan was sitting on the sofa, wearing a white down jacket. her head was leaning against the back of the sofa with her eyes closed, as if she was asleep.

Qin mo looked at her quietly and only spoke to su Yiliu after a while, " "You go back to your room first."

at this moment, he huan woke up.

she stared at the way they stood together, then stood up. because her stomach was uncomfortable, she held her stomach and said in a low voice, " Qin mo, I have something to discuss with you. Are you free? "

Qin mo locked his gaze on her. you know what I mean.

this was equivalent to blocking all her words.

if she returned to his side, everything would return to normal. if she was unwilling, then the future would be even worse. yi huan would be raised in the ye family forever.

Qin mo, what do you mean? do you mean that if I don't go back, yihuan will marry into the ye family? you've abandoned her in the ye family since she was young? ” He Huan's breathing stopped. She couldn't believe that he was thinking this way.
