

Thank you 4411

Chapter 4411: let he huan chase after him (6)

Qin mo replied very calmly, then his eyes lit up. “He Huan, we can both test each other’s bottom line.”

he huan was already very tired. she looked straight at him, unable to believe what he was thinking.

after a long time, qin mo whispered,”it’s cold here. follow me back to my room.” i heard from xu li that you didn’t bring your room.”

He Huan was extremely angry. He knew everything. He knew that she was anxious, he knew that she was waiting here, but he still attended the banquet with su Yiliu calmly.

he was a bastard!

He Huan bit her lip and stared at him for a long time.

...

Qin mo had also realized that she was not doing well. Furthermore, she was waiting for him here on such a day?

she had arrived at noon, and it had been almost 12 hours. she might not have eaten.

his heart ached a little, but he blamed her more.

she did not move even after he said that. qin mo’s expression turned ugly. he stared at her and said in a low voice, ” “If you want to stay here, then stay here.”

as he said that, he really started to walk, as if he was about to leave.

he huan was stunned.

qin mo's secretary was a little surprised because president qin doted on he huan the most and didn't like to see a trace of pain. moreover, he huan's current situation didn't look too good.

"president qin, this isn't very nice, is it?" su yiliu asked, trying to sound him out.

qin mo did not look at her and walked in front of her.

her actions were a little unreasonable, and she did not give su yiliu any face at all.

However, Qin mo had always been a cold and aloof man. Other than the time when he was always following he Huan around like a dog, he was always cold to women. It was probably because of his gentleness a while ago that su Yiliu did not recognize her identity and overstepped her boundaries.

su yiliu was embarrassed by his behavior. she looked at he huan, sighed, and left.

Qin Mo's personal secretary also wanted to leave, but he still lowered his voice. "director he, just give in. president qin hasn't been in a good mood these past two days."

He Huan pursed her lips.

The Secretary left.

He Huan's fingers clenched tightly, but he still walked towards Qin mo.

He stood in front of the elevator and waited. It was the elevator for the Presidential Suite, so he was the only one there.

his posture showed that he was very impatient.

he huan walked over slowly. when he heard the soft sound of footsteps, he immediately straightened his back.

Because he knew her too well, he could tell that it was her even if it was just a slight sound.

qin mo didn't want to turn his head, but he still turned his body slightly. it was indeed he huan.

she walked towards him with a pale face. she didn't say anything and just stood beside him.

Qin Mo's posture was still a little cold. One of his hands gently stroked the cufflink of his other sleeve, and his dark eyes silently watched her. "You want to live with me?"

he huan's lips were tightly pursed. "i want to talk to you."

qin mo retracted his gaze and looked at the number above. after a while, the elevator door opened with a ding.

he went in first and then turned around to wait for he huan.

She was stunned for a moment before she went in and stood beside Qin mo.

he didn't say anything, and neither did she. the two of them were once so close, but they had nothing to say to each other.

There were so many things to talk about, but the moment she opened her mouth, it would only be hurt!

Fortunately, the elevator reached the top floor very quickly.

Qin mo turned his body and gestured for her to leave. it was only now that he had a bit of grace, and it was barely!

Chapter 4412: let he huan chase after him (7)

He Huan went out first and saw the door of the suite.

qin mo came from behind but did not walk to the front of her. instead, he reached out and brushed the door open through half of her body. it was as if he was holding her in his arms.

He Huan was a little embarrassed. In fact, they had been intimate countless times, but now that they had not even touched each other, she still felt uncomfortable.

After she had a miscarriage, it seemed that she could not get close to him anymore.

at this moment, her avoidance naturally made qin mo a little uncomfortable. qin mo's eyes were dyed with a layer of black ink. he looked at her silently and went in first.

He Huan followed her in and closed the door. He looked down at her for a while before taking off his coat. He walked over and called the internal line to order a meal.

...

"i'm not hungry." He Huan bit her lips, "I want to talk to you about yihuan and Hanhan."

"I'm hungry." qin mo stared at her and said in an unreasonable manner.

As he spoke, he walked to the wine cabinet and took out a bottle of red wine. He took out two glasses and poured a glass for himself and her, but he didn't hand it to her. Instead, he held the glass and drank slowly.

He Huan stood there, pursing her lips and not saying a word.

They used to be husband and wife, but now they were frighteningly distant.

in the end, qin mo spoke first. " take off your coat and sit down for a glass of water. your face is as pale as a ghost. even if you want to do something to me, i don't think i have the appetite. "

He Huan wanted to retort, but she held back.

She did as he said. He put down the glass in his hand and poured her a glass of water.

When he handed it to her, his fingers touched her palm. It was cold.

Qin mo looked at her silently for a while before walking back to the bar to drink his red wine. It seemed that he was not satisfied, so he lit another cigarette and took a puff. His originally cold expression finally seemed to ease up a little.

He was probably feeling better.

however, he had only taken a few puffs when he huan coughed twice. qin mo, who was sitting behind the bar counter, looked up at her. "You caught a cold?"

Just these three words were enough to make people feel overwhelmed by the favor.

He Huan shook her head and said no.

qin mo continued to stare at her, but he put out his cigarette. just then, there was a knock on the door. he got up to open the door and pushed the food cart in.

The meal he ordered was very sumptuous. It didn't look like a midnight snack, it was clearly dinner.

Qin mo laid out the food and looked at he Huan. come and eat.

she still wanted to say that she didn't want to eat, but qin mo's expression was very ugly, so she had no choice but to sit down.

the two of them didn't speak and just ate in silence.

it was obvious that qin mo did not eat at the banquet. in fact, his appetite had not been good for the past few days, so he had eaten quite a lot.

he huan was hungry, so she ate as much as a kitten.

“you don’t like to eat it, or you don’t like to eat it with me?” he looked at her quietly with a sense of embarrassment.

He Huan raised her head to look at him, then silently lowered her head and continued eating.

She was thinking about something, and then she started to eat a little fast and fiercely.

By the time her stomach was completely uncomfortable, her face was as pale as paper. She covered her mouth and rushed to the bathroom. She vomited everything she had eaten, even her bile.

Qin mo walked over quickly. He hesitated for a moment but still placed his palm on her shoulder. He also felt her body stiffen.

“What’s the matter?” he asked in a low voice.

he huan was still a little stiff. she bit her lip and whispered, ” “she probably caught a cold, and her stomach feels uncomfortable after eating too much.”

Chapter 4413: let he huan chase after him 8

As she spoke, she took out a tissue to clean herself up before turning around to rest. Qin mo had already carried her up and his voice was a little hoarse.”i’ll carry you.”

Before he Huan could react, he had already carried her and walked towards the master bedroom.

He Huan was very weak. She bit her lip and finally hugged his neck.

qin mo placed her on the soft bed and poured her a glass of warm water. then, he called the doctor.

he huan heard his call and struggled to sit up.”i’m fine. you don’t have to call the doctor.”

qin mo looked at her coldly and hung up the phone after he finished speaking.

...

He looked at her, then took the glass of water from the bedside table and sat on the bed. why didn't you drink water? "

he huan lowered her eyes. " i don't feel like drinking. "

qin mo held onto her shoulder with one hand and placed a cup on her lips with the other. his voice was short and a little strong, " "Ha,"

He Huan looked at him and was in a daze. "Qin mo, Qianqian."

However, the water was already brought to her, so she was forced to drink half a glass and immediately shook her head to indicate that she didn't want to drink anymore.

Qin mo put down the cup and helped her lie down.

he huan was not feeling well, so she laid there quietly. she was probably tired, and it was already past midnight.

She had actually fallen asleep.

qin mo didn't continue eating. he looked at he huan silently for a while before walking to the floor-to-ceiling window. he looked at the night sky outside and glanced at his phone from time to time.

He was still wearing the same clothes he had worn at the banquet. His posture was cold and aloof, and any woman would be tempted, but that did not include his ex-wife, he Huan.

He thought to himself, how heartless must she be to turn a blind eye to him? she only remembered yihuan, her parents, and rongyue. When did she ever care about him?

qin mo thought about it and closed his eyes silently.

When he Huan woke up, her entire body was weak. She could hear Qin Mo's deep and pleasant voice. He was probably afraid of disturbing her, so his voice was very low. He was asking the doctor about things to take note of, and the doctor patiently explained.

He Huan woke up, but she could not face him, so she closed her eyes and pretended to be asleep.

qin mo was talking to the doctor when he looked down at he huan's face. he pursed his lips but didn't expose her. he said a few more words to the doctor and sent him away.

when he turned around again, he sat by the bed. " get up and eat something. you vomited everything you ate before. eat something light before taking your medicine. "

there was no point in he huan continuing to pretend. she slowly opened her eyes. " what problem do i have? "

Qin mo looked at her and reached out to take a bowl of red date porridge. He said in a low voice, " sit up and I'll feed you.

she was embarrassed. she sat up and felt a little dizzy. " i'll eat it myself. "

However, Qin mo just looked at her and did not say anything.

He Huan was even more embarrassed and could only let him feed her.

She didn't have a good appetite, but the porridge was surprisingly soft and delicious. She finished the entire bowl after ten minutes.

Qin mo put the bowl back and opened the medicine box as he said in a low voice, " "The doctor said that you don't pay attention to your meals, and you have mild anemia and malnutrition."

He Huan was a little dazed as she listened. When she came back to her senses, the medicine was already in front of her.

she was stunned for a moment and instinctively resisted. she had been afraid of hardship since she was young.

“You want me to feed you personally?” qin mo’s voice was hoarse. he huan understood what he meant by feeding him personally.

Of course, she wouldn’t let him feed her. She hurriedly took the medicine and put it in her mouth. Her little face was so bitter that it wrinkled.

Chapter 4414: you don’t know what i want? 1

Qin mo looked at her.

Her little face was bitter as she looked up at him with a pitiful expression.

qin mo’s voice was hoarse. ” swallow it. ”

She shook her head, still refusing the bitter medicine.

However, at this moment, Qin mo pressed his hands on her shoulders and moved closer to her.

He Huan’s eyes widened. She knew what he was going to do, so she immediately covered her mouth and fed him the medicine. The whole process was a little awkward.

...

Qin mo looked at her and slowly let go.

After he retracted his hand, he Huan coughed twice. When she saw him again, she wanted to say something, but Qin mo stopped her with a calm expression.”Go to sleep. We can talk tomorrow.”

She still wanted to say something, but Qin mo had already pressed down on her shoulder and half-forced her to lie down.

He Huan moved and said indifferently, " "if you want to talk, then we have nothing to talk about."

thus, he huan understood. either go to sleep now or get lost. he expressed it vividly and thoroughly.

She had no choice but to close her eyes and sleep. Actually, she was still a little afraid. She was afraid that Qin mo would want to sleep with her. However, she closed her eyes for a long time and there was no movement. When she opened her eyes, she was stunned.

Qin mo stood at the head of the bed, his dark eyes locked onto her. He did not say anything and just looked at her. I'm done.

for some reason, he huan immediately closed her eyes. she didn't dare to look at him.

they had been husband and wife for many years, but his gaze at this moment still made her feel a little scared.

only then did he close his eyes. qin mo's voice was low and hoarse."We'll talk about it tomorrow."

As he spoke, he bent over to cover her with the blanket and looked at her deeply before leaving.

His arm was caught by he Huan.

He turned around.

he huan half-hugged him with one hand. she opened her eyes and looked at him with a pleading look."qin mo, i'm begging you."

his expression was pure and noble as he silently watched her. after a long time, he whispered, " "let's sleep first, we'll talk tomorrow."

he still gently pried her hand away and walked out of her sight.

He Huan was in a daze. After a long time, she bit her lip and there was a touch of pain in her eyes.

In fact, she knew in her heart that Qin mo would not give in easily. She did not know what he wanted to do, ran ran.

She was very tired and uncomfortable. She closed her eyes and eventually fell asleep.

Qin mo walked out and his gaze fell on the dining table quietly. Of course, he was not in the mood to continue eating.

he walked to the floor-to-ceiling window and stood there. after a while, he lowered his head and lit a cigarette.

He smoked slowly and stood there until late at night, his posture cold and aloof.

In fact, it was lonely at the top. Who would know his loneliness?

when the ash between his fingers burned out, he took out his cigarette again and didn't take it out. he then let out a deep breath.

qin mo turned around and walked into the bedroom.

he huan was still sleeping.

he looked at her quietly for a while before taking a bathrobe to the bathroom.

When she came out, she was refreshed and looked at he Huan silently.

In the end, he was probably angry and did not sleep with her. He slept somewhere else.

when he huan woke up in the morning, qin mo was already up. he was putting on his tie when he saw her sitting up. he quickly tied his tie and walked over to caress her face."you had a low fever last night."

in the end, he still stayed by her side the entire night.

He Huan looked at Qin mo, her throat was a little sore and hoarse. “where are you going?”

“I’m having a meeting,” “get up and have breakfast with me. we’ll talk about our relationship when i’m back,” he said quietly.

Chapter 4415: You don’t know what I want? Part 2

he huan’s lips were light pink. she looked straight at him and wanted to reject him, but qin mo said in a strong tone, ” I’ll leave in half an hour. You can do as you see fit.

“When are you coming back?” he Huan bit her lower lip.

qin mo continued to stare at her, and after a while, he said very indifferently, ” “It’s about the same as last night. You’re staying here, what do you need?”

“I’m here to discuss something with you,” he Huan interrupted.

“If you can’t wait, you can go back to B city.” He said somewhat unkindly.

he huan’s temper was also rising. she immediately got up, but after getting up, she regretted provoking him. in the end, she took her clothes to the bathroom and came back two minutes later.

...

Qin mo sat in front of the dining table with a cold expression. He Huan sat opposite him and started to eat breakfast.

He had a Western-style bowl of porridge, and there was only a bowl of red dates and longan porridge in front of he Huan, which looked very nourishing.

qin mo placed the spoon into the bowl and looked at her. ” “eat the porridge and the medicine.”

She nodded.

“i will watch you finish it.” qin mo continued to stare at her.

actually, he huan couldn't take it anymore. ” i'll eat it. ”

“I don't believe you.” qin mo's expression was cold and aloof.

he huan could only eat the porridge in silence. then, she ate the medicine in a fit of pique. because it was too bitter, her little face was wrinkled, and she looked a little pitiful but also a little cute.

Qin Mo's face had been tense for a long time. When he saw her expression, he relaxed a little. He pushed a glass of water in front of her and said in a low voice, ” drink some water.

He Huan looked at him and hummed softly after a long time.

Qin mo watched as she drank the water. He Huan finished the water and looked at him. do you have time to talk when you're back tonight? ”

At this time, she was in a low position, but she had been tortured by him for a long time.

“Wait for me to come back,” Qin mo said calmly.

This time, his return was delayed for a long time, and he only returned late at night.

He Huan was already asleep. She felt Qin mo coming back from outside. She heard the sound of his clothes rustling and the sound of him taking a shower. After that, he went back to the master bedroom and stood by the bed to watch for a while. He Huan was a little nervous, afraid that he would lie beside her.

But later, he still went out and might have slept in the guest room.

After he left, he Huan finally heaved a sigh of relief. The nerves in her entire body relaxed, and she slowly fell asleep.

When she woke up, she was already on the private plane.

He Huan got up from the bed and looked around in a daze. At this moment, one of Qin Mo's second secretaries came over and said in a sweet voice, "Director he, you're awake. President Qin is in a meeting."

He Huan knew that they were on a private plane. She sighed. "Where are you going?"

"Europe." the second secretary smiled. "France, United Kingdom, Germany. there are about seven or eight countries. boss qin's schedule is very full. "

seven or eight countries

he huan frowned. "is this business or sightseeing?"

The second Secretary smiled subtly. uh, you'll have to ask President Qin about this. We're just his followers.

how could he huan not understand? she didn't say anything more. she just sat on the bed and looked at yun qianqian outside.

the second secretary saw that she didn't want to talk and didn't dare to disturb her. he quietly left.

after a while, qin mo walked in.

"did you put sleeping pills in the milk last night?" he huan looked up.

Qin mo didn't deny it. I added half a pill.

Chapter 4416: You don't know what I want?(3)

After she finished asking, Qin mo looked at her silently. I added half a pill.

“qin mo, you're shameless!” he huan was furious.

he stared at her and said, ” you need to rest. ”

his tone was very light, but it was a little overbearing and strong. he huan knew it best.

she didn't say too much to him and sat up straight. she looked outside for a long time before turning to look at qin mo.”where are we going now? can yihuan send my mom to hanhan?”

she paused for a moment, her voice lowered, and then said a little bitterly,”after all, i'm here with you, right?”

...

Qin Mo's gaze landed on her face. He did not avoid this question, but he did not agree either.

“the ye family has the best education environment, there's nothing wrong with sending yi huan there,” he said calmly.

He Huan glared at him. Qin mo, are you kidding me? yihuan is my child. Do you want her to be like Tang Xue 'er and marry ye xiangnan? ”

her voice became even sterner, ” “you're using yihuan's happiness in exchange, aren't you? I know the ye family is powerful, but yihuan is my child, I won't allow you to be ridiculed!”

“her custody is in my hands, isn't it?” Qin mo reached out and held her sharp chin. He touched her gently and smiled.

He Huan's face turned pale. Of course, she knew that he had the custody of Yihuan, so she had been polite to him. However, she did not expect him to do this.

"Qin Mo, do you still have any feelings?" she squeezed out an embarrassed smile. "What are you going to do? Have you been leaving Yihuan there all this time?"

Qin Mo looked at her and after a moment, he chuckled.

His deep voice shook his chest, making him sound very manly. "He Huan, do you really not know what I want?"

He Huan just glared at him.

Of course she knew, but she was not willing to give it to him.

She understood in her heart that once she returned to Qin Mo's side, he would break her wings and never let her fly and be happy again.

Her career, life, freedom, and happiness were all things that she could not let go of.

He Huan did not answer him. She only turned her face to the side and looked out of the window in a daze.

The private plane flew into the distance.

She had followed him from one country to another, passed through many places, and accompanied him to several film festivals and cocktail parties.

Almost every day, he Huan had to wear an evening gown and accompany Qin Mo to various social events.

After being married for so many years and then divorced, she finally knew how tiring and unhappy it was to be a qualified Mrs. Qin.

These days, they had been sleeping together, and he had not touched her at all.

But every night, she was very tense. She was afraid that he would suddenly be in a good mood. So, she spent more than ten days like this. Not only did he Huan's body not recover, but it also became weaker.

qin mo was dealing with work in the hotel suite. after the second secretary finished his report, he probed, ” “President Qin, did you notice that director he doesn't look too good? should we let her rest for a while?”

qin mo looked at her and closed the document. ” “How can you say that?”

The second Secretary still told the truth. Secretary he did. He said that director he is not in good health and asked me to remind President Qin. He said that President Qin is a man after all, and women are more careful.

“are you saying that i'm not careful?” qin mo frowned.

Chapter 4417: you don't know what i want? iv

The second Secretary was at a loss and didn't dare to say anything.

After all, President Qin was the boss, and he wasn't the kind of person who was easy to get close to.

The atmosphere was a little depressed, but she didn't expect Qin mo to nod again. “make arrangements for a private plane to return in the afternoon.”

The second Secretary's mouth was wide open, and his eyes were also opened at an abnormal angle.

Qin mo looked at her. are you dumb? Why aren't you going out to do it?”

the second secretary turned around and left immediately. as soon as he closed the door, he saw he huan coming over.

...

“you’re looking for president qin?” “president qin just said that he wanted to return in the afternoon. i’ll contact the airport,” the second secretary said with a smile.

The second Secretary felt a little uncomfortable facing he Huan because he Huan was not young anymore. She was in her early thirties, but she was small, thin, and fair. She looked like she was around 22 years old. She, who was a 28-year-old rookie in the workplace, looked even older.

The second Secretary scratched her head and laughed in a silly manner. She was about to leave when he Huan stopped her. “Thank you,” he said.

“ah?” The second Secretary was stunned.

“just this morning, your boss qin said that his next stop would be Egypt,” he huan said quietly.

The reason why he changed his mind now was probably because the second Secretary in front of him had said something.

the second secretary was a smart person. king entertainment was huge, and it was already impressive enough for her to become ceo qin’s second secretary. she didn’t need to think to know what he huan meant, so she scratched her head again.”secretary he told me to.”

he huan only gave a faint smile and did not say anything else. she walked into qin mo’s study.

The second Secretary shook her head after standing there for a while. Sigh, she didn’t know if it was a good thing or a bad thing to be loved by President Qin so much. Anyway, she wasn’t happy to see director he.

which woman wouldn’t be tired after being dragged around the world after a miscarriage? He also heard that President Qin had done something that made director he very unhappy. This couple looked harmonious, but the whole world knew that there was something wrong between them.

expressions can't lie!

he huan opened the door of the study room and used her body to block it. she stood quietly by the door and looked at qin mo.

qin mo was in the middle of work and had his head lowered. however, he didn't need to look up to know it was her. he asked calmly, "is there something?"

He Huan still stood there and said softly, "you're going back in the afternoon, aren't you?"

"Yes," qin mo's gaze fell on the document. after a while, he closed it and looked up at he huan. go and sit on the sofa. Just now, the second Secretary said that you didn't look well. I don't think I mistreated you.

Actually, she didn't sleep well every night because she was afraid of him.

but the more afraid she was, the angrier he was.

After this happened a few times, he Huan's health had gotten worse. It was not that he was not worried, but his second Secretary's words were just an excuse for him.

After Qin mo finished speaking, he Huan still walked over slowly and sat down.

Then, Qin mo stood up and walked over to her. He sat down opposite her.

He Huan was a little uneasy. She had never thought that one day, she would be uneasy because she was with him.

She pursed her lips and hesitated for a moment. "qin mo, can you let me go and let yihuan go? "

"Let him go?" qin mo smiled, "i didn't say that i wouldn't let you go. in fact, you can leave now. " But you can't take yihuan with you."

He Huan was furious, "do you still have a heart?" yihuan is your child."

qin mo laughed in a low voice, "what's wrong with the ye family?" he huan, you're thinking too much. i'm just giving yihuan a good future."

Chapter 4418: You don't know what I want? v

Qin mo laughed in a low voice, "what's wrong with the ye family?" I'm just giving yihuan a bright future. You were the one who said that I'd have other children if I married another woman in the future, so yihuan and Xuanji are just like the ones you know. I don't want to let you have it so easily, so Xuanji ..."

Before he could finish speaking, his handsome face was slapped.

it was he huan.

she was really angry. she bit her lip and glared at him. " qin mo, you're not human! "

after she had slapped him, her palm was burning, and a red mark quickly appeared on his face. it was a shocking sight.

Qin Mo's gaze was a little scary, but he did not get angry at her. He only said in a low voice, " " is that so? if i'm not human, then who is? and who is the most beautiful existence in your heart? "

...

he was the devil, and she couldn't wait to leave.

Yi Huan did not care about anything else. She just wanted to leave him.

qin mo's eyes flashed with a sinister look. he had endured for a long time and didn't want to endure anymore.

but when he reached out and saw the fear in her eyes, he realized what he had done.

he almost did the same thing again.

he huan's small body was curled up on the sofa, and her palm-sized face was full of weakness and weakness.

It was obvious that she had been bullied by him.

qin mo's heart ached and he frowned. " i won't do anything to you! "

He knew that he had gone against his heart. He clearly wanted to do something to her, and it was the kind that would do whatever he wanted.

He was a mature man, and there was no difference between having a wife and not having one. She refused to let him touch her, but once he touched her, she would show that kind of expression. What else could he do?

Qin mo also felt a little bored. He stood up and walked into the bathroom as he said, " let's take a break. We'll leave after lunch.

"Before you fly to B city, you can think about your choice."

he huan remained seated on the sofa, not moving an inch. she knew what he meant.

she didn't say anything, but her eyes were filled with exhaustion.

After a long time, she jumped up and ran out like a cat that had been stepped on.

she even felt that being in the same space as him was a kind of restriction.

when qin mo walked out and saw that she was no longer there, his eyes were filled with disappointment. however, he didn't say anything and just quietly walked to his desk. he wanted to continue dealing with his work, but he didn't even look at a word for a long time.

In the end, the documents on the table were swept to the ground.

her heart was even more annoyed.

He walked to the floor-to-ceiling window and lit a cigarette.

In fact, he knew that it was the best choice to let go of their marriage. She hated him and rejected him. She probably didn't love him anymore.

But he Huan didn't know that he couldn't stand the thought that she didn't love him.

qin mo stayed in the study room until lunch. when he entered the dining room, he huan was already sitting there. when she was alone, she would wear cotton home clothes. the loose clothes made her face look smaller. her long hair had already grown to a certain length, and it was black and straight.

He walked over and sat in the main seat, looking at her silently for a while.

he huan's mind was wandering. he was stabbing food with a fork. it didn't seem like he was eating, but rather, he was venting his anger.

Qin mo silently passed her a piece of streaky pork, and he Huan directly poked it and stuttered,

Chapter 4419: You don't know what I want? 6

Qin mo silently passed her a piece of streaky pork, and he Huan directly poked it and stuttered,

Instantly, the juice of the streaky pork splashed everywhere, dirtying her small face. She was a little dazed and came back to her senses.

“you don’t want to eat this?” qin mo looked at her.

he huan was very picky with her food and didn’t eat fat meat, while qin mo would occasionally eat a few pieces.

He used to tease her like this when she was distracted.

He Huan came back to his senses and looked at the streaky pork in front of him in a daze. After a long time, he whispered, ” “i don’t like to eat it.”

...

“You don’t like it, so you’re never willing to force it, right?” “he huan, actually, there are some things that i don’t really like, but i’m still willing to accommodate for you.”

She didn’t have any intention of talking to him. As he said that, she put the pork into her mouth.

Qin Mo’s eyes narrowed.

Because she had never eaten it. In the past, no matter how many benefits there were, no matter how many people threatened her, she had never eaten it. But now, she had actually eaten it.

He Huan’s expression could be described as numb as she ate.

qin mo’s fingers clenched tightly. he put down his cutlery and did not know what he was feeling. ” stop eating. ”

However, he Huan was still trying her best to eat. She didn’t look like she was enjoying the food, but rather, she was enduring it.

what she was enduring was not food, but him, qin mo.

qin mo stretched out his hand and pinched her chin. he said word by word, ” “i told you not to eat anymore.”

he huan didn't move and looked at him quietly. at this time, she had already eaten the streaky pork that she had hated the most since she was a child. it tasted worse than she had imagined, but it didn't seem to be very difficult.

after a long time, she said bitterly,”didn't president qin ask me to eat it?” President Qin is so impressive, it seems like I have to do whatever he wants me to do.”

Qin mo felt that even breathing was painful. His fingers let go of her chin and caressed her lips instead. His voice was very soft and gentle, but it was tinged with a chill.”do you think i forced you? He Huan, do you really think I can force you? have I ever forced you to do anything you don't like? “You're like a walking corpse when you're in there. Can't you smile at me? you're looking at me like an enemy. He Huan, you're not the one who has feelings in the world. I feel pain too. Do you think I don't feel pain? do you think that I'm bored and doing all these things just to tease you?”

“no one wants you to do this.” in contrast to his anger, he huan was very calm. you can take back your love and use it on another woman. I think both AI Jia and su Yiliu would be willing to experience your love.

Qin mo was still furious. He stared into her eyes and spat out word by word, ” “he huan, you don't have a heart.”

“it was eaten by a dog.” she did not back down at all. ” qin mo, i am a person, not a thing. i don't have to be by your side just because you like me. you can threaten me, but you really can't force me. if you want an answer from me, i can tell you right now. my parents can be rich or ordinary. as for yihuan, i will find the best lawyer to fight you in court. ”

qin mo narrowed his eyes. ” is it the streaky pork that gave you the courage? ”

he huan's jaw tightened. ” whatever you say. in any case, qin mo, we're finished. i won't stay by your side just because of your threats. it's been so many days, and i can't convince myself. ”

as she spoke, she stood up, but he remained sitting there, smiling indifferently. ” “I'll wait for you to convince yourself.”

Chapter 4420: You don't know what I want? 7

he huan's fingers were clenched into fists. then, she got up from the dining room and walked towards the master bedroom.

qin mo's speed was also very fast. he quickly caught her hand. " where are you going? "

He Huan shook his hand off and said in a hoarse voice, " "I'm going back. I won't be taking President Qin's private plane."

"He Huan, do you know what you're saying?" Qin Mo's expression was very ugly.

He Huan looked at Qin mo quietly and said in a helpless and desperate voice, " "Qin mo, you clearly know."

As she spoke, she looked at him again. For some reason, she suddenly said, " "I actually still hate streaky pork."

...

"then why do you still want to eat?" Qin Mo's tall body moved forward silently, giving off a sense of threat.

He Huan didn't move. She just stared at him. because I had no choice.

this time, she really left. he huan didn't have that much luggage with her. she only had a small bag, which was mainly her passport.

When she left, she didn't even look back, without a trace of nostalgia.

As for Qin mo, he stood at his original spot, his slender body tensed up.

after a while, he suppressed himself and called his second secretary. ” “I’m not going back to B city for the time being.”

qin mo didn’t go back and this caused he huan to be unable to find ran ran even if she wanted to.

It was 20 hours later when he Huan returned to B city. She was exhausted, but she still insisted on looking for Wen Yuan to ask him about yihuan’s whereabouts.

the two women met at a café. wen yuan was shocked when he saw he huan.

the last time he saw he huan was only two or three months ago. at that time, he huan looked healthy and energetic. now, although she was still young, she looked like a fragile doll.

wen yuan did not know what a man’s taste was, but she thought that most men would feel bad for him.

The moment he opened his mouth, his voice was a little hoarse.”how did you lose so much weight?”

he huan lowered her eyes. ” i had a miscarriage without knowing it. my health has not been good since then. ”

Wen Yuan was stunned. After a long while, he said, ” I heard that you stayed abroad with President Qin for a long time.

There was news every day in the local and foreign entertainment newspapers, but he Huan looked much better after putting on makeup. She did not look as Haggard as she did now.

after wen yuan finished asking, he huan lowered her eyes.”i want him to return yihuan to me.”

as she spoke, she looked at wen yuan. ” wen yuan, i would like to ask you for a favor. ”

wen yuan was actually prepared for this, but he was also a little flustered.

she pretended to be calm and took a sip of coffee. after thinking for a while, she whispered, " he Huan, it's not that I don't want to help you. It's just that ye Mulin sent xiangnan, an an, and Yi Huan to a boarding school. It was the ye family who did it, so I can't make the decision for Qianqian.

She had asked ye mu Bai before, but he refused to tell her.

he huan couldn't help but feel a little disappointed. however, she was well aware of this outcome.

Qin mo would not let her take Yi Huan away so easily. He must have made strict arrangements.

He Huan was stunned for a while, but she still got up. "wen yuan still has to thank you."

she really couldn't blame anyone for this. she had to thank him for taking care of yihuan.

wen yuan also felt a little apologetic and pursed his lower lips. " he Huan, I'll try my best to talk to Mubai. Maybe I can help you. At least, you can meet him on the weekend.

the children had to go home during the weekend. wen yuan could still make the decision to meet them. however, it was probably impossible for them to leave the ye family.
