

Thank you 4421

Chapter 4421: You don't know what I want? 8

She had also explained it very clearly, so how could he Huan not understand? she softly thanked him and left.

she had a lot of things to do, even though she was very, very tired.

wen yuan sat there alone and finished the coffee in his cup. he then called ye mu bai. "come and pick me up when i'm done."

Ye mu Bai immediately came to pick her up, and they arrived in less than ten minutes.

wen yuan got into the car. as he fastened his seat belt, he said, "he huan."

Ye mu Bai glanced at his wife and sighed softly. "what do you want to say?"

...

wen yuan's voice continued to be calm. "mubai, he huan doesn't look well. you can't see the child and the family has been reduced to this state by qin mo. you men don't know how hard it is for women."

Ye mu Bai turned his body to look at his wife. Then, he laughed silently. how could I not know how hard it has been for you? I don't work very hard to repay you every night.

his words were getting more and more improper. wen yuan bit his lip and looked out of the window, then whispered, "If you want to repay me, return yihuan to he Huan."

she looked very anxious. wen yuan was also a mother now. moreover, she had given birth to little ye hui. after having a little girl, his mood was very soft.

Ye mu Bai took the time to touch his wife when the traffic light turned red and sighed. "I really can't make the decision on this matter. Qin Mo is looking for Ye Mulin. Think about my big brother. Wen Yuan, why don't you go and persuade him?"

Wen Yuan looked at him strangely and snorted, "Your words sound like you're jealous."

"It's good that you know." His voice suddenly became gentle. "So, don't get involved in this."

How could Wen Yuan say anything? He only sighed softly and did not say anything else.

After he Huan left the cafe, she went to the hospital to visit Rong Yue. When she returned to Su Cheng's place, she did not manage to solve anything. Instead, she fainted.

When she woke up, she was in the hospital. It was still Sheng Yuan Hospital.

When she opened her eyes, she saw Qin Chen's smiling eyes. "Long time no see, he Huan. You look a lot prettier."

In the past, he Huan had been running around all day. Her skin was honey-colored, and although she was also very beautiful, it was still far from her current weak and sickly appearance.

She was really beautiful now. Not only was she beautiful, but she also had an extremely weak beauty. Not to mention men, even Qin Chen couldn't stand it.

Qin Chen was willing to bet that his big brother wouldn't be able to hold back if he saw it.

If he could bear with it, he must have endured it too much. Just thinking about it made Qin Chen happy.

He Huan was still weak, leaning against the head of the bed. Qin Chen gave her a nutrition shot and sighed. "After you had a miscarriage, my mother found out about it too. After that, Qin Mo sent Yihuan to the Ye family and had a huge fight with my parents. He Huan, you must have never seen how crazy my big brother was. It was as if he had gone crazy and he didn't want anything anymore. He was even willing to sacrifice Yihuan. You should know what this means, right?"

He Huan leaned against the headboard. Her voice was a little weak, but she did not relax at all. She said calmly, "I don't care how crazy he is, I won't go back to him."

At this time, Qin Chen sighed. I shouldn't have interfered in your Affairs, but he Huan urged him to destroy everything around him at all costs. Even I have never seen him like this.

Chapter 4422: you don't know what i want?(9)

he huan lowered her eyes and didn't say a word, so qin chen knew that there was no chance.

He Huan hated Qin mo.

Thinking about it, if she was in he Huan's shoes, she would hate him as well. On the day of her miscarriage, Qin mo was even preparing to create a scandal. Qin Chen knew that Qin mo didn't have any feelings for su yihuan, but it didn't mean that he didn't have any thoughts about her. At the very least, she would be his future wife ...

That is, if his he Huan couldn't.

if he huan wasn't pregnant and didn't have a miscarriage, qin mo and he huan would probably be the same. however, there were always accidents, and this accident was that he huan was pregnant and had a miscarriage.

Qin Chen felt that Qin Mo's current feelings were more of panic and heartache. However, he Huan might not understand this kind of feeling. Qin mo probably didn't care to express it. If his sister expressed it, he Huan wouldn't be able to bear it.

...

she sighed and said, " he huan, maybe your personalities are too similar. that's why both of you often suffer losses. but believe me, no one in this world loves you more than qin mo. he's just afraid of losing you. "

Qin Chen paused, and lowered his voice even more.”Or maybe you didn’t give him a sense of security. Huanhuan, men need a sense of security sometimes.”

He Huan raised her head. it’s impossible between me and him.

Qin Chen sighed. He could only say that he Huan was too young.

what qin mo wanted to do, which one of them could not be done?

her voice became gentler. ” you should recuperate now. you can’t do anything to your body anymore. stay in the hospital for at least a week. ”

He Huan still wanted to say something, but Qin Chen pressed her down again. “Listen to me,”

as she spoke, she took the blood report from the side.”your body is very weak, and your blood is very precious. he huan, you understand what i mean.”

He Huan leaned against the headboard, her body feeling a little weak.

at this moment, she felt that she could do nothing but wait.

After Qin Chen made arrangements for he Huan, she immediately returned to her office after he Huan fell asleep. After thinking for a while, she gave Qin mo a call.”Where are you?”

“overseas,” qin mo cherished his words like gold.

qin chen didn’t stand on ceremony with him. ” then, did you know that he huan is sick? ”

qin mo’s voice suddenly lowered by a few degrees, ” “What happened to her?”

” i thought you didn’t care about her and only wanted to suppress the he family and rong yue, or you wanted to give yihuan away. ” qin chen said sarcastically. in fact, she also felt that qin mo had gone too far.

Since she liked him, she should have pursued him properly and loved him properly. Why did she have to end up like this?

qin mo's voice became even more hoarse. " get to the point. what's wrong with her? "

it's not a serious illness, but Qin mo, you let a woman who just had a miscarriage follow you all over the world. Her heart is still hurt, and her body is hurt. You also did so many things that went too far. qin chen said in a fair tone.

Qin mo remained unmoved. After a while, he whispered, " "It's good that there's nothing."

Qin Chen was a little stunned, and after a while, he asked in a low voice, " "you're not coming back to see her?"

"She will come to me." Qin mo said heartlessly.

Qin Chen held back his anger. After a while, he whispered,"you'll regret it. Even if the he family falls, even if Rong Yue has no future, even if you don't let yihuan see him, you know he Huan's conditions. Brother, don't wait for a woman to turn cold.

Chapter 4423: President Qin, are you satisfied with this request? 1

Qin Chen didn't know what Qin mo was thinking. He only knew that Qin mo didn't have any intention of coming back.

Qin Chen was a little embarrassed,"leaving a woman in the hospital and being cold to the end, is this really the right way to court a woman?"

However, Qin Chen couldn't ask. This was probably what Qin mo was certain about, so he didn't worry.

being at ease didn't mean that he was at ease.

far away in another country, president qin put down his phone and stood on the balcony of a banquet hall, looking at the night view outside.

at this moment, the bustling scene startled the night.

...

It was not gentle, but rather sharp, just like his mood at the moment.

Su Yiliu walked to his side and handed him a glass of red wine. Her voice was soft, ” “It’s about director he, right?”

qin mo only glanced at her, but he took the cup and drank slowly.

He didn’t speak, even quieter than the night.

su yiliu was a little bitter. qin mo looked very lonely.

She was clearly here too, and they were considered long-time friends. Her family background was even better than he Huan’s. She was only born a few years later, but they had already broken up.

Why couldn’t he just forget he Huan?

she felt bitter in her heart and comforted him gently, ” “Why don’t we go back to B city?”

qin mo still did not make a sound and stood there quietly. after a long time, he suddenly turned around and walked out with big steps.

su yiliu still stood there with a disappointed expression on her face.

It didn’t feel good to be rejected by a man.

yes, rejected.

Qin mo had always rejected her goodwill and she had wanted to give up many times. However, she could not bear to do so before they made up.

qin mo took a private plane back to b city that night. however, by the time he returned, it had already been 20 hours since he arrived in b city.

He went to the hospital and Qin Chen told him that he Huan had been discharged.

Qin mo was silent for a long time.

qin chen brewed a cup of coffee and handed it to him, then said in a calm voice, " in fact, her health is already very bad. She needs to rest and stay in the hospital for a week. After that, she doesn't have to worry about anything for half a year.

She paused for a moment and said with a serious expression, " " qin mo, i have to tell you something. you better prepare yourself. "

Qin mo looked at her.

Qin Chen lowered his eyes and said softly, " " he huan's body might not be suitable for pregnancy. even if she gets pregnant, she can't keep it. yingluo, don't let her get pregnant in the future. "

Qin mo didn't say anything, but the bones of his fingers holding the coffee cup were a little white.

They couldn't have children.

he had once thought that they would have another child, not for the sake of inheritance, but only when they were most in love.

But now, it seemed to have failed.

Qin Mo closed his eyes slightly. After a long time, he said in a low voice, " "Is there no other way?"

Qin Chen couldn't help but say, "is this the main point, Qin mo? you should think about how he Huan can return to your side first. You've made her covered in bruises. She's still thinking about having children!

qin mo opened his eyes and looked at his sister. his eyes were cold.

Qin Chen couldn't stand him anymore and raised his hand. "i really admire you. logically speaking, you and big brother both like to raise her from a young age, but look at how big brother has managed xue 'er. she's still a young girl now, while he huan is as pale as a ghost." Although it looked good, Qin Chen's heart ached.

After she finished speaking, she glanced at her second brother's expression.

very good, he still knows pain and heartache. i can't let this bastard die from heartache. who asked him to disrespect women and be a tsundere?

Chapter 4424: president qin, are you satisfied with this request? 2

when qin mo left the hospital, he went to rong yue's place.

of course, he didn't go in, but looked out the window.

rong yue already had ai mengmeng by his side. she was a person he was very familiar with. he didn't like or dislike her, but he was surprised by rong yue's choice.

Rong Yue's conditions were good in all aspects, so he should have better choices.

However, when Qin mo was leaving, he accidentally saw AI Mengmeng's side profile.

He looked 30% like he Huan.

...

Hence, he understood why Rong Yue had chosen AI Mengmeng. He paused for a moment and didn't say anything in the end. When he returned to King Entertainment, he canceled the suppression of Rong Yue's studio.

after making this decision, he stood in front of the floor-to-ceiling window again and looked at the foot of his business empire.

He let Rong Yue go mostly for himself.

Rong Yue and AI Mengmeng were like another Qin mo and he Huan.

Just let them be together.

qin mo let out a long sigh of relief. at this moment, secretary he entered. " president qin. "

qin mo turned sideways.

yes, " Secretary he said helplessly as he walked over. according to this quarter's report, the company's revenue has increased by 10%.

she knew in her heart that this was not good news for qin mo. president qin did not lack money. what he lacked was women.

Love turned into hate. This was the perfect example of this good-looking and rich man in front of her.

Sure enough, CEO Qin was calm both on the outside and on the inside. He only gave a lazy and indifferent " hmm " and didn't say anything else.

secretary he bit the bullet and said, " "oh right, director he's family's culture company's stock fell to the limit down yesterday. if this continues, the prospects aren't very good. president qin, do you really want to continue?"

qin mo looked at secretary he quietly. after a long time, his adam's apple moved slightly."Continue! just don't let it go bankrupt."

He wanted to wait until he Huan came to beg him.

In fact, wealth was not important to the he family. He Huan had a lot of savings, but he was so exhausted that he had to waste it on his spirit.

He knew that he had overreacted, but he couldn't think of any other way.

Everyone was well aware of this, especially his parents, who were very angry at his behavior and said that he was crazy for disregarding the friendship between the two families.

however, if he were to lose he huan, what would friendship matter?

Qin mo admitted that he was crazy!

he was crazy for her.

secretary he stood at the side and was stunned for a long time.

"Do you know where he Huan is?" Qin mo asked her.

she had left the hospital. how was she now?

secretary he sighed. " i've asked around. director he has used her connections to finance her father's culture company. i estimate that the investment is in the billions. director he might also be a shareholder and even put his own studio under the he family's culture company. "

Of course, Qin mo understood he Huan's intention. She wanted to fight him to the end.

"you can leave first," he said to secretary he.

Secretary he stood at the original spot for a moment and looked like he wanted to say something but stopped himself. “president qin, isn’t this a little too much?”

“too much?” ” hehe. ” qin mo laughed bitterly. ” are you going to just watch her leave me? ”

secretary he did not dare to ask any more questions and left first.

On the other hand, Qin mo stood at his original spot and made a phone call, wasting he Huan’s year of hard work.

that night, the news that ” don’t say it to her ” was not approved flooded weibo, and the top three searches were all over.

Chapter 4425: boss qin, are you satisfied with this request?(3)

of course, all the companies and investors related to the movie were out of business.

this included the he family’s cultural company.

qin mo was a businessman. he knew how to take drastic measures. he huan was easily defeated by him.

However, the consequences were also serious. On the surface, Qin mo seemed to be doing very well and King Entertainment’s shares had even risen by quite a bit. However, Qin mo was not happy.

A week had passed, and he Huan didn’t seem to have any intention of begging him for mercy. However, he could see news about her from the gossip. Just as Qin Chen had said, she was pale and thin, which made his heart ache.

qin mo had a bad habit, which was to sit in his office and look at he huan’s photos for the entire night.

...

sometimes, he would go out for a walk. she lived in that apartment now, but she had never called him. it seemed that she did not care about yihuan anymore.

qin mo's car was parked outside her apartment. the lights in her apartment were off.

he sat in the car and waited quietly until she came back. she didn't come back alone. there was a man beside her who drove her back. he was an expensive car and a handsome man. qin mo could tell with one look that he was a new upstart in the legal world.

He had a good family background, good looks, and was now running the most prestigious law firm in B city. He was also ye Mu Lin's direct junior.

He Huan's motive for being with him was obvious.

Qin mo sat in the car and watched them quietly.

The car window was open, and he was smoking. He Huan could see him, but she pretended not to.

She was tired, so tired that she didn't have the energy to face him.

After saying goodbye to Bai Xuelan, she adjusted her coat and prepared to go home.

Of course, lawyer Bai saw Qin mo and went over to greet him.

Bai Xuelan's status was not bad either, so there was no reason for Qin mo to sit in the car. When he opened the door and got out of the car, he glanced at he Huan before he replied Bai Xuelan, " "Mr. Bai, long time no see."

"Yes, President Qin. I didn't expect to meet you here." "but i'll probably be meeting president qin a lot from now on because i've taken on the case regarding ms. he's custody," bai xuelan continued after a short pause.

qin mo had already lost his patience. he said very calmly, ” ” i’ll hand it over to my team of lawyers. as for my meeting with lawyer bai, i’ll probably do it as a man, right? ”

he wasn’t stupid. ordinary friends or work-related people would only let their assistants do it, and they wouldn’t be so gentlemanly.

It was obvious that this man wanted to pursue he Huan.

now, he knew what qin chen meant when he said he huan would not have to worry about finding a man. qin mo just felt that it was a little f * cking weird that she could find such a man during a lawsuit.

before the first wave of love rivals had settled, another wave would rise.

“you’re right, president qin,” bai xuelan smiled.

the man was always very straightforward, and this sentence was almost admitting his intentions for he huan.

qin mo’s expression would not look good.

He stared at Bai Xuelan, and the latter didn’t avoid his gaze. he Huan is a very cute girl.

“she’s in her early 30s.” qin mo narrowed his eyes.

“Oh, she’s three years younger than me.” Mr. Bai said nonchalantly.

He saw that Qin mo was about to hit him if he continued talking, so he smiled and said that he would leave first. He didn’t mind that Qin mo was still here.

A mature and confident man probably wouldn’t mind this. They had been husband and wife before, so the current pursuit was nothing.

Chapter 4426: President Qin, are you satisfied with this request?

After Bai Xuelan left, Qin mo still stood there for a long time, and then he smoked another cigarette.

he raised his head and looked at he huan's apartment lights.

he didn't leave when the lights were on. he just stood there. the winter night was very cold, but he couldn't feel it. he only felt that his heart and lungs were warm.

This feeling was not good, it was somewhat painful.

If he could, he would rather give up.

But now, he couldn't give up. So, to a certain extent, he hated her.

...

He also hated himself.

There was no turning back for Qin mo and he was unwilling to turn back.

If it's painful, then let it be painful to the end.

qin mo stood downstairs for the entire night.

he huan left the house before 8 am the next day. when she went downstairs, she saw qin mo's car. she paused for a moment before coming over.

qin mo sat in the car, smoking as he looked at her. "you still haven't given up? You know you can't win a lawsuit, but you still decided to marry that pretty-faced lawyer and fight for a bigger bargaining chip?"

He Huan's expression was ugly. She bit her lip and glared at the hateful man in front of her. Her voice was a little hoarse. "Qin mo, you're despicable."

"I believe you have not seen my true detestable side." "I can't bear to do anything to you," he said as he snuffed out the cigarette.

He Huan stood in the cold wind, her whole body trembling, not sure if it was from anger or the cold.

after a long time, her voice was as cold as ice, " "Thank you, President Qin, for showing me mercy and giving me some warmth. I thank you now."

as she spoke, she turned around and left without looking back. she got into her car and drove away.

qin mo just sat there and lit another cigarette.

that morning, he huan got into a car accident. it was not a serious one, but she had a bone abrasion and needed to rest.

The media made her injury a serious topic, and it was on the hot search for the whole day. Of course, su Yiliu, Qin mo, and the others were also on the list. Qin mo didn't talk about public relations, so no one did.

In the evening, Qin Chen went to the ward and sighed when he saw he Huan's bandaged hand. " you'll have to be hospitalized for at least half a month. he huan, i'm not trying to scare you. if you don't listen to me, there will be residual effects on your hand. "

He Huan lowered his head and did not speak.

" i'm serious. you can't go out anymore. i'll talk to qin mo about your family. he's like a mad dog now. " Qin Chen couldn't stand it anymore. He Huan used to be so energetic and healthy.

Although she was very beautiful now, could she withstand Qin Mo's torture?

he was really good.

Qin Chen sighed as he spoke.

At this moment, the door of the ward was pushed open, and the person who came in was lawyer Bai, Bai Xuelan.

he huan naturally had to greet him when he came over. her hand was injured, so she could get up easily. she went to the living room to talk to him. qin chen stood there for a while to make sure that bai was treating him as a man.

Furthermore, as he Huan's ex-sister-in-law, she could tell that the man with the surname Bai wanted to pursue he Huan.

This was really too immoral. It was just a lawsuit, yet he wanted to steal his brother's woman.

qin chen was wearing a doctor's white robe. with his 178 cm frame, he was naturally graceful. with his short hair and neutral facial features, it was easy for people to think that he was a man.

she walked over and placed her hands on he huan's shoulders. she leaned over as if she was going to touch her hair and said in a low voice, " "Didn't you say to rest more? you're disobedient again?"

Chapter 4427: president qin, are you satisfied with this request? 5

He Huan was stunned and turned to look at Qin Chen.

Their relationship was indeed intimate, but it seemed to be different from usual.

she was just puzzled, but lawyer bai was even more surprised ...

this male doctor was very good-looking and exuded a noble aura. he did not look like a doctor at all. instead, he looked more like a male model. he was also very familiar with he huan, so close that they seemed to be very close.

they didn't look like a doctor and patient at all, but more like a couple.

mr. bai had to admit that the doctor and he huan seemed to be a good match for wanwan, so he looked at he huan.

...

He Huan was also a little annoyed. She knew Qin Chen's character, so she explained unnaturally, "this is dr. qin, qin chen. he's very famous both in and out of the country."

bai xuelan was even more surprised when she heard this.

of course, he had heard of qin chen. he was the world's top surgeon and qin mo's sister.

however, the doctor in front of her was obviously a male doctor. bai xuelan was not a fool, and she quickly understood what the doctor in front of her was doing. so, she just smiled slightly and maintained her demeanor.

Then, she gave he Huan a bouquet of white roses. "this is for the patient."

Qin Chen raised an eyebrow.

What a clever confession!

However, he probably didn't know that he Huan would get an allergic reaction when she was weak!

as expected, he huan took the flowers and sniffed them. she started sniffing, and her tears came out. her nose was red, and the scene didn't look good.

In the end, Bai Xuelan was asked to leave by Dr. Qin, on the grounds that he had caused harm to her patient.

Of course, she knew how to deal with he Huan's problem. She helped her spray some medicine on her nose and then casually teased, "he looks like a high-quality man. if qin mo knows about ran ran ..."

"He knows." He Huan leaned against the headboard and spoke in a low voice.

Qin Chen looked at he Huan and asked slowly, "You, what are you thinking?"

He Huan lowered her eyes. I don't have any thoughts. I just want yihuan back and my parents are safe.

When she said this, Qin Chen sighed again. "You should understand Qin Mo's temper. Since he has chosen to fall out with you, he will do it to the end. You must be mentally prepared."

Now, she could not even persuade he Huan.

he had a feeling that qin mo had forced he huan into a corner and qin mo was the one in front of him.

and behind him was a bottomless abyss.

Qin Chen could only take care of he Huan and accompany her to relieve her boredom. He also had good news to tell her that Rong Yue's condition had improved greatly and he had been discharged from the hospital. He just had to come back for a weekly follow-up.

"Oh right, he's married to AI Mengmeng. They seem to be very close." qin chen sighed. "they're all in love with yingluo. isn't this world too magical?"

He Huan was also stunned for a moment. Then, she lowered her eyes."It's pretty good.ai Mengmeng was actually an actress with a lot of potential."

“If you have the chance in the future, will you still use her?” qin chen took it as a chat and reached out to let he huan lean on his shoulder. this was a sign of his strong boyfriend power. the nurse was so envious that she cried.

As expected, Dr. Qin’s shoulder only belonged to director he.

However, he Huan did look adorable. She was so small, fair, and fragile, but the Qin siblings seemed to like her.

In the nurse’s mind, she had already made up the story of the rich and powerful. The main characters were he Huan and the Qin family’s second generation ran ran.

Chapter 4428: Boss Qin, are you satisfied with this request? 6

when qin chen asked this, he huan tilted her head and looked at her strangely.

“I don’t even know if I can still act,” she muttered after a long time.

He didn’t know if he would have the chance.

This time, the storm was almost destructive. She was not so optimistic that the he family could escape unscathed. As Kime’s daughter, she would choose to stand by his side.

qin chen stared into her eyes for a while before asking in a low voice, ” “do you hate qin mo?”

He Huan’s expression was a little dazed, and then she lowered her eyes.”I don’t know.”

...

how could qin chen not know? it was probably because of love that he hated her.

she didn't know what to say, so she told him that she had to work on other patients.

She wanted to leave but he Huan stopped her. don't tell Qin mo that I'm here.

Qin Chen was already at the door. He turned around and smiled meaningfully."him? he probably already knows."

after he found out that they were cheating on each other, qin mo did not pay attention to he huan's movements from time to time.

ye mu yun and qin mo had always fought together as brothers and had never lost to anyone. it was just that their women were more pitiful.

After Qin Chen finished speaking, he Huan's face turned pale again, but she didn't say anything else.

Everything returned to peace.

qin chen left after a short pause.

She had just returned to her office when she received a call from Qin mo. She sighed. "You knew?"

qin mo nodded.

"Let me eat first. is that alright? I haven't stopped working yet." Qin Chen couldn't help but ask.

however, as soon as she finished speaking, the door to her office opened and qin mo walked in. behind him was qin chen's secretary, the nurse. the nurse's face was red.

President Qin is so handsome!

Doctor Qin was also very handsome, but boss Qin was different!

dr. qin was like a handsome man from a comic, but president qin's manliness couldn't be blocked by his clothes. the nurse suppressed her desire to scream and closed the door for them in a reserved manner.

Qin Chen felt a little helpless. is King Entertainment about to close down? Qin mo, is that why you keep coming to find your sister? ”

qin mo glanced at her, then at qin chen's lunch. it was so luxurious that he started to doubt his life.

As a doctor, he was too extravagant. He was eating better than the president of a hundred-billion-Yuan Corporation. Everything was of the highest quality. It was not a work meal. This was clearly the highest quality Michelin food.

looking at qin mo's eyes, qin chen smiled. ” ” are you hungry? if you are, let's eat together. i'm afraid you'll drool. it'll look bad. after all, you're not only the president of KING entertainment, but also a man who's about to turn 40. if you can't keep an eye on your wife, it's no big deal to have some food. ”

“Qin Chen, since when have you been so mean?” Qin mo laughed coldly.

Qin Chen smiled as he ate. “You're the one who's mean to your ex-wife. Do you want me to tell you everything?”

Qin mo continued to glare at her.

Qin Chen laughed. Seeing his second brother's slimmer appearance, his heart softened and he pulled him over. just eat a little. He Huan's hand is injured and she can't run away. She has to stay in the hospital for the next month unless she doesn't want to recover.

“a month?” qin mo looked at her.

qin chen smiled,”half a month!” One month was for you.”

Chapter 4429: Boss Qin, are you satisfied with this request? 7

However, the new year was in 20 days, and it did seem a little inhumane to stay in the hospital.

qin mo looked at his younger sister. ” “half a month?”

He Huan immediately understood that Qin mo knew that lawyer Bai was here. She smiled. “if she comes home, won’t we be more intimate?”

“she will only go to my place to recuperate.” qin mo’s voice was a little hoarse.

“Are you sure?” qin chen smiled at his respected second brother. ” you’re so confident? it just so happens that he huan has no one to take care of her now. why don’t you take care of her? ”

qin mo was also rendered speechless by her words. he glared at his sister.

...

qin chen smiled. ” alright, let’s eat. you’ve lost a lot of weight. how are you going to chase he huan if you don’t eat your fill? ”

Qin mo looked at her again. you still have some conscience.

as he said that, he really ate something.

“Second brother!” Qin Chen looked at him and said slowly.

Qin Chen rarely called him that. Qin mo raised his eyes.”what?”

qin chen said slowly, ” in fact, even if my parents call you crazy, i still think you’re a mad dog. but we’re still family. have you thought about it? if he huan hardened her heart, it would really end between you two. ” she always loved you, so it might be better for you to pester her a little.”

qin mo instantly lost his appetite. “what have you been thinking about all this time?” he glared at his sister.

“It’s for your own good!” qin chen acted like a girl and walked over to hug her second brother from behind.

She rested her face on his shoulder and said softly, ” second brother, you have to be happy. You have to live well.

Qin Mo’s heart softened. Qin Chen was rarely like this.

He opened his mouth and said in a hoarse voice, ” “what’s wrong?”

Qin Chen closed his eyes,”I was worried about you, ran ran.”

qin mo’s heart was filled with bitterness. after a long time, he said in a hoarse voice, ” “I’ll be fine.”

“i’m afraid you’ll be alone until you die.” qin chen’s voice was low and deep, and he sighed.

and a little detestable.

Qin mo turned his head. He was originally a little angry, but now he saw Qin Chen’s expression.

qin chen was really worried about him.

He let out a long breath and said in a low voice, ” “I won’t,”

“You really won’t?” Qin Chen asked.

qin mo turned his face to the side and smiled. he patted her face. ” “of course i won’t,”

just as qin chen was about to move away, the director of the surgery department had a surgery to discuss with qin chen, so he came over to discuss it. unfortunately, he brought a few assistant nurses with him. when he pushed the door open, he saw qin mo patting qin chen's face.

everyone knew that they were siblings, but qin chen's appearance was really awkward and androgynous, so the scene became unspeakably classic. the deputy director opened his crocodile mouth, and the young nurses behind him covered their faces and were about to scream.

This scene was really too f * cking ...

Qin Chen heard the movement behind him and turned around. He knew what they were thinking when he saw their expressions.

She couldn't help but roll her eyes.

being too good-looking was also a kind of distress.

qin mo saw that she was busy and did not stay any longer. " "i'll be leaving first."

"you're not eating?" Qin Chen called out to him, holding his hand while sitting down.

"i'll go and see he huan." qin mo's eyes turned black.

qin chen smiled and didn't say anything.

on the other side, qin mo went out and broke the hearts of the nurses on the ground.

Chapter 4430: boss qin, are you satisfied with this request? 8

Qin Mo's appearance broke the hearts of all the nurses.

They still wanted to see the scene of two beautiful men together. Although Qin Chen was a woman, it didn't affect their appreciation, Yingluo.

The young nurses were ready to scream at any time.

qin chen looked at the group of nurses and couldn't help but roll his eyes.

Being too good-looking was really a kind of trouble!

while she was discussing the operation with the vice director, qin mo went to the ward. he huan was still in the VIP ward, and there were two nurses taking care of her.

...

He didn't go in immediately, but chose to stand outside and watch her quietly.

he huan was also eating. she refused to be fed by the nurse and chose to eat with her left hand. of course, it was extremely inconvenient to eat with her left hand, but she still insisted on eating with her left hand. even though she ate very slowly, she still looked a little embarrassed.

Sometimes, she would be in a daze for a while, and no one knew what she was thinking.

Qin mo was wondering if she would think of him when she was in a daze.

However, he smiled bitterly-even if she wanted to, she would probably be gritting her teeth in hatred!

Qin mo watched quietly for a while before pushing the door open and entering.

The nurses all knew him.

sheng yuan was under ye muyun's name and doctor qin was qin mo's sister. who didn't know qin mo's name?

He came in, and the nurse hesitated for a moment before leaving.

He Huan looked up and saw Qin mo closing the door. She looked at him in a daze and put down the spoon in her hand. Her tone was extremely calm. "Why are you here?"

Qin mo walked towards her and said in a hoarse voice, "I heard that your hand was injured, so I came over to take a look."

"Thank you for your concern, President Qin. I think that if President Qin had been merciful, I wouldn't have gotten into a car accident. Isn't it unnecessary for President Qin to show concern now?" He Huan said coldly.

Qin mo had already walked to her side. He sat on the edge of the bed and reached out to take her set meal.

To be honest, Qin Chen had taken good care of her. He Huan ate almost everything Qin Chen ate.

It looked delicious.

He took it, and He Huan was slightly guarded. "What do you want to do?"

In contrast to her sharp tone, Qin mo was much gentler. He said in a hoarse voice, "I'll feed you."

He paused for a moment before he said, "If your hand is inconvenient, don't force yourself. It's not embarrassing to let the nurse feed you."

He Huan glared at him. It's none of your business. I'll eat it myself.

He maintained his original posture and looked at her quietly. "Green Prosperity culture will probably not last for a few more days. If you want to see it go bankrupt on the day you are discharged, I have no objections."

He Huan continued to glare at him. There was a hint of hurt and anger in her eyes.

she never knew that a person could be so heartless to another person, so ruthless to this extent.

she didn't want to compromise, but the annoying fact told her that he would really do it.

he huan didn't eat immediately. she looked at him quietly. "qin mo, what are you trying to do?"

He began to feed her as he said, "I told you that you know what I want."

"Impossible." she lowered her eyes. "qin mo, we are done."

She couldn't accept the women who appeared from time to time. This time, it was su Yiliu. Who would be next to him if he was unhappy? was it aijia or some other woman?

"qin mo, i don't want to go on like this. letting me go is the same as letting yourself go, okay?" her voice was so low that it sounded like she was murmuring.

"But, who would let me off?" Qin mo laughed lightly.
