

Thank you 4431

Chapter 4431: President Qin, are you satisfied with this request?

after qin mo finished speaking, there was a moment of silence.

After a long time, he Huan said in a low voice, "no one will not let you off. You're the one who won't let yourself off.

"Is that really the case?" "He Huan, is that what you think?" Qin Mo's voice was a little cold.

she said yes.

There was a subtle indifference in the air. Qin Mo's expression was not good, but he seemed to be suppressing something.

but he finally restrained himself and continued to feed her.

...

he huan refused, but his attitude was a little forceful.

now that things had come to this, if he huan still compromised, she would no longer be he huan. he forced her so hard that he was almost unscrupulous. in the end, she couldn't take it anymore. after a few times of pestering, she couldn't take it anymore and knocked the bowl out of his hand.

A crisp sound was heard, as if something had shattered.

it looked like a bowl, but it didn't.

It was the relationship between them that was broken.

Qin mo quietly looked at the broken pieces on the ground and the precious ingredients. It was like his heart had been shattered by her.

he huan knew what he was thinking. there was a cold smile in her eyes as she said in a low voice, "perhaps you think that this is a gift to me, but Qin mo, I have never needed this kind of care and concern. Save your care and warmth for other women. I will stand with my father. Even if the he family goes bankrupt, I will never compromise.

Qin mo continued to look at her.

He Huan's expression turned even uglier. I can't accept your love and feelings!

Qin mo stared at the ground for a long time. Then, he slowly stood up and said in a soft voice, "What if I want you to suffer?"

he huan didn't want to bother with him and closed her eyes. "that'll depend on president qin's capabilities. oh, if you insist on doing so, i'll choose to get married to fight for yihuan's custody."

after she finished speaking, qin mo's expression turned extremely ugly.

He stared at her little face, not letting go of the subtle expressions on her face. He asked her word by word, "do you really think so?"

"yes," he huan replied coldly.

qin mo laughed. his smile was very gentle. he even leaned closer and said in a low and hoarse voice, "Then I'll destroy the man you're having an affair with. I want to see how heartless you are!"

he huan raised her eyes and looked at him.

that's right, this was the qin mo that she was familiar with. he used his power and money to control her. she didn't have a choice whether she loved him or not.

and she was tired.

She said okay and lay down slowly, not intending to talk to him anymore.

Qin mo continued to look at her, his voice even more hoarse. I will make you come and beg me.

He had finally left.

after he left, the young nurses finally dared to come over and clean up the debris in the ward. when they asked he huan if she wanted to eat more, he huan's back was facing them, and her voice was a little choked."No need, you can take it down."

the nurse looked at each other and didn't dare to say too much, but she still told qin chen.

Dr. Qin sipped her coffee that cost over ten thousand Yuan and sighed. this second brother of mine likes to force people. Isn't it good to coax a woman? "

"how is he huan?" she asked the nurse.

"miss he is in a bad mood and doesn't want to talk." the nurse said softly.

Qin Chen nodded. if I met a pig head like this, I wouldn't want to talk either. It's just a meal. Do you need to threaten other people's lives? " besides, it's not like he doesn't know he huan's personality."

Chapter 4432: I want you to do it willingly (1)

he huan was in the hospital, and the news from outside was getting worse.

green prosperity culture was very likely to face bankruptcy.

just thinking about it sent a chill down her spine. she didn't understand why he had to push their relationship matters to the family.

KIME and su cheng had come to visit her. she had consoled her father, but KIME was very open-minded. ” “He Huan, as long as you make a decision, father and mother will always stand on your side.”

He sighed again. what wealth and prosperity? it’s just a fleeting thing. Your mother and I have long been indifferent to it. Tsk, as long as you are happy and safe, it’s fine. As for the things that you don’t want to do, don’t do them. If it really doesn’t work out, your mother and I will move to the small city to live. It’s not a problem for me to find a job to support my family.

He Huan listened in a daze, her heart filled with all sorts of feelings. She raised her eyes, and there was a trace of tears in them.

...

the moment he opened his mouth, his voice was hoarse, ” “Dad, I’m sorry to have dragged you guys into this.”

he huan wanted to be confident, but she knew that she could not even protect herself.

of course, she could go abroad, but as a chinese director who was suppressed in china, one could imagine how things would develop in the future.

He Huan didn’t dare to be optimistic, and she couldn’t be optimistic. She could only recuperate and settle Qin Mo’s custody case.

in fact, she knew that she couldn’t win, but to a certain extent, she hoped to use this lawsuit to get back something.

Deep down, she knew that she was sorry for Yi Huan. It was not that she did not want her, but she could not get her.

He Huan was silent, and su Cheng sighed. what do you mean by ‘implicated’? we’re a family. Don’t your father and I have the backbone to exchange you for wealth and glory? ”

He Huan pursed her lips and su Cheng continued, ” “it’s all three meals a day. it’s not a big deal to have a simple meal.”

besides, she had already had a meal in prison. now that her family was all together, there was nothing to be afraid of.

since her parents supported her, he huan did not say anything else.

However, su Cheng was also a mother and knew what he Huan was thinking. She thought about it and said in a low voice, ” ” yihuan, do your best. we’ll support you too. i know that she’s a sore spot for you. now that you’ve fallen out with qin mo, if you can’t get yihuan’s custody, you won’t be happy in the future. ”

“mom, i know.” “I will try my best.” He Huan’s eyes welled up with tears.

su cheng came over and stroked her straight black hair. her voice was very gentle. I hope you’ll be happy so that Yingluo can find someone she likes when she has the chance.

In fact, she knew that it was very difficult.

after qin mo, he huan would not fall for him easily. lawyer bai was a good man, but he huan’s attitude was still cold.

As he Huan’s parents, they had endless worries. On the other hand, an unexpected person came to visit he Huan.

He carefully pushed open the door of the ward and stuck his head out.

He Huan was alone, accompanied by two nurses. When she turned around, she saw AI Mengmeng.

why are you here? ” she was surprised.

ai mengmeng pursed her lips, and her expression became even more cautious.”I heard you were injured, so I came to see you.”

“Thank you,” he Huan nodded.

Because AI Mengmeng had done he Huan wrong in the past, she couldn't let it go. He Huan smiled."What are you holding in your hand? is it for me?"

"Yes, I'm here to take a look at you." AI Mengmeng nodded.

Chapter 4433: I want you to be willing 2

as soon as the atmosphere was eased, ai mengmeng immediately said, " " this is the soup i made. i didn't make it well at first, but it was rong yue's help that added a little flavor. i don't know if it suits your taste. "

he huan smiled. " i'll only know after you bring it over and try it. however, i know that rong yue's cooking skills are not bad. "

ai mengmeng was no longer so nervous. she walked over, carefully took the soup, and poured it into a small bowl. seeing that he huan's hand was inconvenient, she said to feed her. he huan actually didn't refuse and drank the bowl.

"the taste is not bad." He Huan smiled lightly. I can drink the rest tonight.

a look of excitement appeared on ai mengmeng's little face, but she tried her best to control it.

He Huan was calm. I heard that you and Rong Yue got married. I've been busy and didn't have time to buy a gift, Zhenzhen.

...

"No, no, no, there's no need for that, Zhenzhen." AI Mengmeng's little face turned red."director he, your well wishes are the best gift."

"Why are you so nervous?" he Huan smiled again.

AI Mengmeng's expression was unnatural. After a while, she said in a low voice, "it's because yingluo wasn't good in the past."

He Huan smiled. since you said that it was in the past, then let's forget about it. We have to look forward. It's not good to be entangled in the past.

AI Mengmeng was stunned for a while before she said in a low voice, " "You're right, director he."

"in the future, you and rong yue can both call me he huan." he huan revealed a faint smile.

ai mengmeng's lips moved, and she hummed in agreement.

He Huan smiled and didn't say anything else.ai Mengmeng stayed for a while before leaving.

he huan sat alone in the ward. she had nothing to do, so she looked at the bowl of soup.

After thinking about it carefully, she called her assistant and asked her to pick a gift for her. It wasn't too expensive and cost about a hundred thousand Yuan to send to Rong Yue and AI Mengmeng's house.

it was three in the afternoon when he huan's assistant came over with a gift.

rong yue accepted it calmly and said thank you.

After serving the guests for a while and sending them off, he handed the exquisite box to AI Mengmeng."He Huan gave this to you, take it."

AI Mengmeng felt a little uneasy and hesitated."These are for us."

"wedding gifts are usually things that girls like. it can't be for me, right?" rong yue smiled and threw the things into her hands again. " "you open it."

AI Mengmeng looked at him again, but still opened it carefully.

there was an exquisite box inside. when he opened it, there was a set of the crystal 12 chinese zodiac. it was very beautiful and cute.

“It’s very nice.” AI Mengmeng liked it very much. She looked up at Rong Yue. I like it very much. I’ll put it in the bedroom.”

there was a cabinet in their bedroom. rong yue had some decorations in his collection, and she could tidy up a small space to put this.

After she finished speaking, she ran over. Rong Yue looked at her from behind, an indescribable look in his eyes.

he followed her and saw that she had cleaned up a place and solemnly placed the eleven crystal creatures there.

well, it was a little out of place with some of his collection, and even a little ridiculous.

However, he felt that it was very good.

A marriage and relationship with a truly good quality would not distinguish between each other.

there was a place for her in his place.

it was like this.

“what do you think?” ai mengmeng turned her head after putting it down.

rong yue looked at it and then smiled slightly. ” “It’s not bad,”

later, later, he hugged her from behind and didn't say anything, only resting his head on her shoulder.

AI Mengmeng bit her lip and said in a low voice, "rongyue?"

her voice was gentle and a little helpless, like a young girl in love, but also like the shyness of a newly-wedded wife in ancient times.

Rong Yue said very softly, "I just want to hug you. We are husband and wife. It's normal to hug, isn't it?"

she also thought so, but she also thought otherwise.

in short, they were a little flustered and didn't know what to do. after all, they had only been confused once, and they had only known each other for a few days. they knew nothing about each other, and they didn't understand yingluo at all.

...

ai mengmeng thought about it a lot, but rong yue only repeated once in the end, "mengmeng, i'm your husband now."

After that, he kissed her Yingluo.

As she was kissed, she vaguely thought of the word 'husband' he said. After that, he fulfilled his duties as a husband.

actually, ai mengmeng felt that it was rather unbelievable.

*

Qin Chen appeared in he Huan's ward.

she helped he huan check on the condition of her hand bone. after some thought, she coughed and said, ” “How are things between you and Qin mo?”

He Huan was stunned. nothing much!

Qin Chen didn't say anything more and suggested, ” “Let's go take an X-ray.”

although he huan's hand was injured, qin chen still pushed her to the x-ray. this treatment made the young nurses jealous. they knew that dr. qin chen was the ” prince charming ” of the entire hospital. just a smile at them was enough to make them infatuated for an entire day, let alone being pushed like this.

he huan didn't feel this way. she grew up in the qin family and was used to the qin siblings.

After taking the X-ray, there were no major problems. He just had to pay more attention. He couldn't drive and play the piano. It was best not to do any delicate or rough work.

qin chen looked at his ex-sister-in-law and smiled faintly. ” ” you can be discharged, but you can't run around after you're discharged. i don't want you to have more serious injuries when i took you in last time. ”

He Huan bit her lower lip and did not say anything in the end.

Qin Chen sighed. he Huan, bow down to my brother. You won't be able to gain the upper hand in a head-on fight. He's gone crazy.

he huan lowered her eyes,”if i lower my head, will he let me and my parents off?” Or can you return yihuan to me?”

“is it really impossible between you two?” qin chen sighed.

he huan, who was sitting in the wheelchair, stood up after a while. she smiled faintly. ” “qin chen, do you know that in the past, i didn't think that self-esteem was that important, as long as i could get my own life, it was enough. but i can't back down anymore, i don't know how to continue living with him. to him, i'm just someone he likes, not he huan.”

“the middle part is the same, right?” qin chen played dumb.

He Huan looked at Qin Chen, speechless.

However, she didn't explain. Qin Chen would still pretend not to understand.

in the end, qin chen helped her get discharged from the hospital and personally sent her home. no one else received such treatment.

An expensive sports car slowly stopped in front of the apartment. Sports cars were limited edition, and there was only one in the entire B city.

qin chen.

qin chen helped he huan open the car door, and he huan saw a mulsanne parked in front of her the moment she got out of the car.

she didn't need to think much to know that it was qin mo's car.

Chapter 4435: i want you to do it willingly (4)

He Huan looked at Qin Chen.

“It's just a coincidence.” Qin Chen shrugged.

She wouldn't tell him that she had received 50 million Yuan as a bribe. Otherwise, he Huan would probably ignore her in the future.

she coughed lightly and tactfully said, ” ” i still have something to do at the hospital, so i'll take my leave first, he huan. remember to use less of your right hand, and it's best to hire a helper at home. ”

He Huan pursed her lips and did not say anything.

qin chen felt guilty. this fifty million was not easy to accept. in fact, she wasn't greedy. she just hoped that they could make up. that was all. yes, it must have nothing to do with greed.

...

qin chen convinced himself. how could such a beautiful man like her feel guilty?

she quickly got into her car and drove off. he huan watched her leave and wanted to return to her apartment.

She indeed had a lot of things to do. Qin mo alighted from the car and stopped her. "Let's talk."

She raised her head and looked at the man in front of her. After a while, she said in a hoarse voice, "talk about what?"

"we can talk about green prosperity culture, yihuan, and our business." Qin mo lowered his head. His voice was very gentle and could be considered to be very humble.

If it was in the past, he Huan would have rejected him, but he remembered Qin Chen's words.

she clenched her fists lightly and smiled at qin mo. " "Alright, let's talk."

she entered the elevator first and qin mo followed behind. the two of them stood in the elevator in silence until the elevator door opened. his voice was a little hoarse."Open the door."

He Huan opened the door and brought him into her apartment.

the apartment was the same as before, nothing had changed, but it was a little deserted because it had not been lived in for many days.

Qin mo went to the kitchen to pour a glass of water. When he turned around, he saw he Huan leaning on the sofa in a daze.

he placed the glass of water beside her and sat opposite her. when the sofa sank deeply, he huan looked at him and said softly, ” “what do you want to talk about?”

“return to my side.” He said directly.

He Huan was still leaning on the sofa. After a long time, she smiled and said,

can you let go of my father’s company? can you make sure that my movie is released on time? can you make yihuan come back? ” she asked.

“Of course.” he said with certainty, ” other than this, i can still compensate you. ”

Compensation?

he huan laughed softly, a little absent-minded.

She didn’t say anything else, only saying that she was a little tired and wanted to rest for a while.

However, Qin mo did not plan to let her off even though she was resting. He quickly and silently approached Huahua.

“I’m very tired,” he Huan said with her back facing him.

Qin mo seemed to sigh. He only trapped her under his body and kissed her for a while.

when he kissed her, he huan did not resist, but she did not respond to him either.

However, to Qin mo, this was enough to make her fall asleep in the end. Qin mo got up and went to deal with some work. He still had not resolved the crisis at green flourishing and he Huan’s movie, not to mention Yi Huan.

He was a businessman. He had to see he Huan's sincerity, if this was a deal.

when he huan woke up, it was already night. she called home and didn't tell her that she was with qin mo. then, she found out that she was still in danger.

When she hung up the phone, she was in a daze for a while. Of course, she knew what Qin mo meant.

it was a deal, so he had to show him some sincerity.

he had always made full use of his advantages and never showed any mercy!

Chapter 4436: I want you to be willing 5

Just as she was in a daze, Qin mo pushed the door open and entered. He had already taken off his coat and was wearing a pair of Black Casual pants and a beige sweater. He looked very comfortable and casual.

He Huan was in a daze again. She remembered that he was not wearing this before.

but she didn't ask. she just looked at him with a trace of guardedness in her eyes.

qin mo wasn't blind, so of course he could tell. however, he went over and pulled open the curtains without a sound.

It was already dusk outside, and the street lights were on. From here, it looked very prosperous.

Qin mo stood there and turned around to look at he Huan quietly.

...

she had indeed lost weight. just like qin chen said, she was so fragile that it could arouse a man's desire to protect her.

did that bai xuelan also see her like this, and that's why she was so infatuated with her, and that's why she disregarded her status and got involved with a married woman?

Qin mo was a little angry but he held it in. He calmly asked her if she was hungry and he said that he had prepared dinner.

"What are you trying to say?" he Huan asked, still looking at him.

he walked over and bent down to look at her quietly. then, he kissed her lips. "eat. we'll talk after you're done eating. or, you can think about it carefully. didn't you just make a call and go back?"

"how did you know?" he huan lowered her eyes.

"I know everything about you," He bent down to kiss her again, his voice slightly hoarse. "alright, get up and eat. you're too thin."

he carried her out of the bed. the heater in the house was on, so she wasn't cold when she came out. moreover, he had put on a thick sweater for her.

He Huan was carried to the dining room outside. He placed her on a chair. She looked at the table full of dishes. There were six or seven of them that were nourishing and she liked to eat. She knew that he had put in a lot of effort.

qin mo scooped a bowl of chicken soup for her and placed it in front of her. "jade bamboo shoot chicken soup, your favorite."

He Huan looked up at him and said softly, "actually, you don't need to cook so many dishes."

Qin mo smiled slightly, "it's rare for us to have a meal together. I'll bring you to the villa tomorrow morning. There will be two special aunties who will cook.

"will auntie lan go?" She asked.

qin mo's ink-like eyes stared at her for a while before he smiled. "I won't. It's just the two of us. I've transferred Auntie from elsewhere, so she won't disturb us."

he huan wasn't stupid. she knew that he was controlling and monitoring her in disguise. he had found his own people, but she didn't say anything and just drank her soup quietly.

Qin Mo's cooking skills were very good, but he did not cook often.

he huan rejected him, but she didn't reject the food he made.

She also knew that even if she was on the move 24 hours a day, it wouldn't be as good as one or two phone calls from Qin mo. Thus, she stayed here peacefully and waited for his actions. She also knew that there would be a price to pay for this, and that price would be her.

qin mo looked at her quietly. after she finished the soup, he scooped another bowl of rice for her and added some vegetables. "eat more."

He Huan lowered her eyes and agreed.

She pursed her lips and continued to eat the food in her bowl silently.

they were together. they had known each other since they were young. they had been husband and wife for so many years. they had so many intimate moments in the past. but now, they were like strangers to each other.

restraint, unfamiliarity, uneasiness, and nervousness.

it filled their surroundings.

Chapter 4437: i want you to be willing 6

After the meal was finally over, Qin mo carried her back to the master bedroom and cleaned up.

when he returned to the master bedroom, he huan was leaning against the bed and watching tv. in fact, other than her broken hand, her body was even weaker.

He looked at her for a while and said in a hoarse voice, "I'll take a shower and go to bed later. I'll probably be there by 11."

he huan's gaze was on the television, but she spoke to him, "I will wait for you."

qin mo's body trembled, and the color of his black eyes deepened, even darker than the night.

of course, he knew what she meant. as a married couple, he knew it better than anyone else. his adam's apple rolled involuntarily, and his voice was hoarse."I'll be early."

...

he huan's gaze was still on the television, as if she was very focused on it. however, if he looked closer, he would notice that she was nervous.

qin mo clenched his fists and looked at her for a while before leaving.

He went to the study, but did not immediately deal with work. Instead, he sat there and smoked quietly.

He smoked for a long time until the box was empty, then he let out a long breath.

When did it become a deal between them?

qin mo rubbed the cigarette case away and sat there in a daze for a while before he got up and walked out.

as for work, go to hell.

when he returned to the master bedroom, it was already past 10:30. he thought that he huan was asleep, but she was not. instead, she was watching tv, and it was a children's program, yingluo.

“why aren’t you sleeping?” He asked in a hoarse voice as he looked at the faint shadows under her eyes.

He Huan turned off the TV and looked up at him.”i’ll be waiting for you.”

these three words had destroyed all of qin mo’s self-control. he couldn’t even say ordinary words.

after a long time, he finally found his voice. ” “I’ll go take a shower first.”

He Huan sat there quietly and watched him take a bathrobe and walk into the bathroom.

she listened to the sound of him taking a shower, the water flowing.

after about ten minutes, qin mo walked out. he was wearing a white bathrobe and his black hair was dripping with water. he dried his hair and said casually, ” “hello, it’s time to sleep.”

he was afraid that she didn’t understand, so he added, ” “If you’re not feeling well, then go to bed early.”

he huan stared at him for a long time before finally lying down.

after qin mo dried his hair, he did not go to bed immediately. instead, he went outside to smoke a cigarette and drink a glass of red wine. when he returned, he huan had already fallen asleep.

he frowned slightly.

In fact, he knew that he Huan was exhausted. She was just waiting for him.

Or perhaps, she was waiting for him to make a decision.

Qin mo stretched out his hand and gently caressed her face. His voice was extremely hoarse. “do you hate me so much and fear me? is it so hard to be with me now? i have to use conditions in exchange for even touching you?”

as he spoke, there was a trace of bitterness on his face. finally, he slowly lay down.

He lay beside her quietly for a while, then he felt her breathing become a little more rapid. He knew she was awake, so he turned his head and said, ” “you’re afraid of me?”

“no, i didn’t,” He Huan’s voice was a little low. I’m not afraid of you.

qin mo’s voice became even more hoarse. ” put your head on my shoulder and i’ll believe you. ”

He Huan bit her lip and finally put her head on his shoulder. Of course, it was a little stiff.

qin mo’s voice was a little hoarse.

He didn’t do anything to her and just lay there, thinking that he was actually angry.

he was angry at her for not loving him anymore!

Chapter 4438: I want you to be willing 7

Qin mo laid there quietly. He did not speak for a long time, nor did he fall asleep.

He Huan’s body stiffened and she slowly fell asleep.

qin mo looked at him quietly. after a long time, he slowly closed his eyes. he couldn’t fall asleep, but with her by his side, he felt a little more peaceful.

Then, he fell asleep for some reason and had a dream.

He dreamed of many things. They were all things that happened when he and he Huan were young, and what happened on the night of their wedding.

after that, qin mo woke up. when he woke up, it was a winter night and he huan was sleeping deeply beside him.

...

he looked at her face quietly. he couldn't fall asleep after that, so he got up, put on a bathrobe, and walked to the floor-to-ceiling window outside.

Through the window, he saw the gentle snow falling from the night sky. The snow fell on the window in wisps, and the shape of the ice flowers was particularly beautiful.

He quietly watched, and after a long time, he reached out a finger and touched it gently.

The ice melted through the glass.

he thought to himself that perhaps he should wake he huan up to take a look at the ice flower, if it was in the past.

but now, he actually felt that it was good to look at her alone. she was poignant and beautiful.

She was sleeping peacefully, not far from him.

qin mo stood there for about half an hour. when he returned to the bedroom, it was almost four o'clock. he laid down and because he was a little cold, he huan instinctively moved away a little.

He waited for his body to warm up a little before pulling her into his arms.

He rested his chin on her shoulder and he Huan woke up.

But she didn't make a sound and just stayed in his arms obediently.

after a long time, he finally spoke in a low and hoarse voice, " "He Huan, can you feel the pain?"

she didn't make a sound, because if she did, she would lose, Yingluo.

She just leaned on him quietly without saying anything.

After a long time, she fell asleep again, Yingluo.

when she woke up in the morning, qin mo was no longer on the bed. the curtains were open.

the light was particularly glaring.

he huan was stunned for a moment. then, he almost jumped out of bed and ran to the window.

Sure enough, it was snowing outside, and it was all white.

She opened her eyes and looked outside.

the snow was very thick, and it was still falling.

there was a thick layer of mist on the glass. she wrote yi huan's name on it.

the thought of little yi huan living alone made her feel like her throat was stuck. she felt an indescribable discomfort.

She wrote the name 'Qin yihuan' with her fair and slender fingers, over and over again.

she found herself very happy.

She really, really missed him.

Qin mo stood at the door of the master bedroom and saw he Huan standing by the window in a daze with her bare feet. She was only wearing thin pajamas. He took a sleeping robe and put it on her. Then, he carried her and placed her on his feet.

“aren’t you cold standing there?” He asked in a low voice.

he huan seemed to be stunned for a moment, then she whispered, ” “it’s alright, it’s snowing.”

“It started at midnight.” “i’ll carry you back,” he sighed.

he carried her to the living room, turned on the heater, and covered her with a wool blanket so that she could sit on the sofa and look at the snow outside. he served her some fruit tea.

he huan’s fingertips were warm, as if she was touching love and marriage.

as long as she wanted to, she could be touched immediately.

but yingluo lowered her eyes. it wasn’t that she didn’t want to convince herself, but she couldn’t.

“What are you thinking about?” Qin mo asked her in a low voice.

he huan lowered her eyes and only looked up at him after a long while. ” i’m thinking if we should go to the villa. the snow scenery there is better. ”

Chapter 4439: i want you to be willing 8

He Huan quietly looked at the snow outside. Qin mo seemed to have gone for breakfast. After a while, the air was filled with the fragrance of food.

A warm house, the snow outside the window, and a handsome man. All of these could be said to be a lifelong dream for an ordinary woman, but he Huan did not think so ...

she was afraid.

She was extremely afraid of Qin mo.

she didn't know what he was going to do next, yingluo.

She held the fruit tea in her hands and seemed to calm down only when she smelled the fragrance.

...

He didn't hug her last night. She didn't know if it was because he was dissatisfied with her, but she lost a lot of weight after her miscarriage. Her body was almost ruined, and her face was as pale as a ghost.

A man probably wouldn't have any thoughts about her, right?

Since that was the case, why did he have to keep her by his side?

he huan couldn't understand. she thought that perhaps this was a man's possessiveness. she was once his wife, so he didn't allow anyone to touch her, not even a little bit.

or perhaps he would raise her at home. she didn't need to work or socialize, while he would raise a few women outside that he was satisfied with.

Did Qin mo think this way?

he huan was stunned.

Qin mo walked over, and his warm breath enveloped her. He wrapped his arms around her shoulders and lowered his head to kiss her hair. His voice was even lower as he asked, " what are you thinking about? "

He Huan bit her lower lip and subconsciously asked him what he was thinking.

qin mo's expression changed. he looked at her quietly. after a long time, he turned her face around and kissed her.

After the kiss, he carried her and walked towards the master bedroom. (10,000 words omitted)

When she woke up again, it was already noon.

he huan opened her eyes, but qin mo was no longer there.

she closed her eyes and thought about what happened this morning. of course, she was not reminiscing about it, but thinking about why he was in a daze.

Just as she was thinking, Qin mo walked in and bent down to kiss her. “get up and have lunch.”

she was too thin now, and she was like a feather when he carried her.

However, compared to the past, they each had their own feelings. Of course, he would not say such words to her now. It was a lot more distant. Moreover, he was still angry.

It was impossible for he Huan to pretend to be asleep. She sat up and looked at Qin mo in a daze.

“I’ll wait for you outside. Go wash your face.” He said in a low and hoarse voice, then kissed her face and walked out.

he huan looked at his back quietly and only went to wash her face after a while.

what she found strange was that even though she had clearly used up all her energy, she was in better spirits than before.

the food he made was still very delicious. she ate a little too much, and even her pale face had a trace of blood.

after eating, qin mo carried her to the sofa. she could watch tv or watch the snow.

he huan saw that he was holding his laptop and looked like he was going to do work. she couldn’t help but say, ” “don’t you have to go to the office?”

“I’ll stay by your side for the next few days, at least until the snow stops.” he had already turned on the screen and said in a low voice, ” also, i originally wanted to use the helicopter to return to the villa, but the snow is too heavy. qingqing, you should stay here for a few days. ”

The main thing was that there was no one else here, just the two of them.

Qin mo quietly thought that they might be able to re-cultivate some feelings.

” oh, ” he huan replied, and then she didn’t say anything else.

she didn’t want to watch the television, so she turned it off. in the quiet space, only the sound of qin mo typing on the keyboard could be heard.

It was fine and sharp, like an invisible force tearing a cotton cloth apart.

Chapter 4440: I want you to be willing 9

After an unknown amount of time, Qin mo finally spoke, ” I’ve made a call. Green Prosperity culture has been restored. Also, your movie will be released on February 14, and the seating rate will be around 40. After the new year, you can also promote it when you’re feeling better. However, I’ve arranged most of the things for you, so you don’t have to work too hard.

he could even throw in a billion at the box office for her and buy a few other major awards. he could help her make a name for herself or anything else, no matter what she did.

after qin mo finished speaking, he huan was stunned for a moment before she softly thanked him.

on the other hand, qin mo gave an extremely faint smile. ” “you don’t need to thank me,”

there was an indescribable feeling in his heart. he had achieved his goal, and she had been submissive to him. she had not even resisted or rejected him in the morning, but there was something missing.

Without love, there would be less hate.

...

in the past, he huan didn't really care about him, but when they came back once a year, she wasn't like this either. now, her heart was as calm as water.

Qin mo even felt a trace of fear. He was afraid that they would never be able to go back to how they were.

After that, they didn't say anything else, as if it was useless to say anything. He Huan didn't call back to confirm it because she knew that Qin mo would do what she had done.

After watching the snow for a while, she said she was tired and wanted to sleep.

Qin mo carried her up and gently placed her on the soft bed. She was indeed exhausted. It was not this morning but the past few months.

when she was asleep, qin mo looked at her quietly for a long time before he went to work.

At around four o'clock, he Huan's phone rang. Qin mo looked at it and saw that it was a WeChat message from lawyer Bai. He said that he was outside and had come to deliver a document.

At the same time, he also visited the patient who had just been discharged.

Qin mo used he Huan's fingerprint to unlock the phone and replied, "I'll open the door for you."

After sending the message, he set an alarm for a minute later and went outside.

Outside, Bai Xuelan had brought a bunch of hyacinth this time to make sure that he Huan would not get an allergic reaction.

However, when the door opened and she saw Qin Mo's face, Bai Xuelan was so surprised and shocked that she couldn't speak for a long time.

In contrast to Mr. Bai's shock, Qin mo appeared to be very elegant. Mr. Bai, please come in.

he turned sideways to let the guest in and said very lightly, "He Huan just woke up from her afternoon nap. I'll call her out."

at the same time, he huan's alarm clock successfully woke her up. she sat up and heard someone talking outside. after listening carefully, she realized it was lawyer bai's voice.

he huan scratched his head and looked at his phone. then, he was a little angry.

Not only did Qin mo use her phone to peek at her messages, but he also replied to them. More importantly, Bai Xuelan had come over while she was sleeping.

However, no matter how angry she was, she still had to go out and meet the guests. After all, Bai Xuelan also had some business to do.

He Huan put on her home clothes and went out. It was a little rude, but it was even more rude to stay in the bedroom for too long.

As she walked out, Bai Xuelan looked at her, while Qin mo turned around and said with a smile, "Go back and put on your slippers."

He Huan lowered her head and realized that she did not have any shoes on her feet. She had actually forgotten.

biting her lower lip, she immediately ran back. when she came out again, the two men were sitting on the sofa and chatting, and the atmosphere seemed very harmonious.

however, he huan knew that this was all an illusion!

there was no such thing as peaceful coexistence.
