

Thank you 4441

Chapter 4441: I want you, willingly 10

He Huan walked over. lawyer Bai.

The location was different, the people were fine, and the way they addressed each other was different.

in the past, she would occasionally call him bai xuelan.

mr. bai looked at he huan and smiled. ” “i’m here to submit the charges, but does ran ran still need it?”

He Huan sat down beside Qin mo and picked up the lawsuit to read it for a while. There was a hint of confusion in her eyes. This was an expression that he Huan had never had since she was young.

when she was lost, bai xuelan kept staring at her eyes, not letting go of any expression she made.

...

At this moment, Qin mo stood up with grace. “I’m going to the study to deal with some business. You guys talk.”

the atmosphere was very strange. after all, the main character of the complaint was qin mo. now that the two parties were living together again, he seemed a little redundant.

After Qin mo left, the atmosphere became much more relaxed. He Huan poured him another cup of tea.

bai xuelan also really liked her. she thought for a moment and asked, ” did you do this willingly? ”

“I don’t have a choice.” He Huan smiled.

Perhaps Bai Xuelan was a good choice, but she couldn't afford to have he Huan. She was like this now, and her family was like this. She was no longer the proud and willful little princess she used to be. Without Qin mo, she was nothing.

even if she could fly, qin mo would have ended her freedom and broken her wings.

perhaps she would never be able to fly again in this life, but she was not willing to.

However, she wouldn't tell Bai Xuelan about this. She only talked about business with him politely, and it was not convenient for her to talk about private matters.

By the time they finished their discussion, it was already dusk outside.

Seeing that it was getting late, Bai Xuelan decided to take her leave.

Just then, Qin mo came out and sent him off with he Huan.

the two of them stood together to send the guest off. the scene was also very strange. lawyer bai turned around and smiled."Then, goodbye."

Qin mo casually placed his arm on he Huan's shoulder and smiled. goodbye, Mr. Bai. Anyway, thanks.

the word "thank you" was really profound, and bai xuelan didn't dare to accept it.

after lawyer bai left, qin mo closed the door and looked at he huan.

He Huan gently pushed him away and walked to the sofa.

it's only been a while, but she's already very tired, yingluo.

Qin mo followed her and kissed her face. "What are you thinking about?"

“no, i didn’t,” He Huan lowered her eyes and her gaze fell on the complaint. Her eyes stopped for a long time. Finally, she picked it up and walked to the study, tearing it into pieces in the shredder.

qin mo was standing in the direction of the door. she knew that he was there and looking at her, so she lowered her voice even more.”Are you at ease now?”

Qin mo was still in the same spot, he only smiled lightly. “But he Huan, why do I feel like you still care about the charges?”

“Think whatever you want.” She said quickly.

After she finished speaking, she stammered.

qin mo walked in and stopped in front of her. he reached out and pinched her chin, forcing her to look up.

He Huan refused at first, but he was terrifyingly strong. In the end, he was forced to look up.

“let’s get married again, okay?” He whispered into her ear and then stared at her.

He Huan’s body froze.

“You’re not willing?” His voice turned a few degrees colder.

He Huan lowered her eyes. No.

“then we’ll go get our marriage certificate tomorrow morning.” he did not make a sound, and he did not allow any resistance.

he huan's heart started to beat faster, and she tilted her head to look at him.

he hugged her from behind, his voice much gentler. "It's going to be the new year in a few days, don't you want to have a good time?"

"Is this the condition?" he Huan's voice trembled.

qin mo didn't say anything, but his meaning was very obvious. it was a condition.

he huan lowered her head and only agreed in a low and hoarse voice after a long time.

she only said one word, but this one word used up all her strength and all her feelings in her life.

...

When she turned her head again, her eyes were filled with tears. She looked at Qin mo, the man she used to love.

qin mo's eyes were as black as ink as he stared at her.

It was only for a moment that he couldn't hold back and kissed her.

that night, he huan did not fall asleep. she lay on the bed with qin mo beside her.

He put one hand on her shoulder and consciously pressed her against his arm. If it was an ordinary couple, he Huan would think that this would be a very loving sleeping position, but unfortunately, they were not.

she turned her face to look at his face. under the dim light, she still looked particularly handsome and imposing.

He was almost forty years old, but the Qin family had always been blessed by the heavens. Perhaps it was because of ye Liangqiu's good genes, but Qin Chen was the most good-looking one. If Qin

Chen entered the entertainment industry, he would be the superstar of the century, an existence that couldn't be erased from the film industry. However, Qin Chen was only interested in scalpels.

Qin mo was probably the most manly one among all the children. Ye Muyun was more of the young master type. He was a little gentle, but he was very violent and more reserved.

he huan looked at him quietly for a long time. then, he stretched out a finger and gently touched qin mo's face. he didn't wake up, so he was probably tired.

They must be tired.

he huan quietly left qin mo's arms. she got off the bed, put on a coat, and walked to the bedroom window.

it was snowing heavily outside, but the snow was still falling on her through the glass, melting on the layer of warm glass.

he huan put her palm on the glass. it was cold, but the snow was scary.

he looked so much like her and qin mo.

She stood there, her thin figure creating a faint reflection in the dim light.

It was very beautiful.

Qin mo woke up and leaned against the head of the bed to look at her quietly. He looked at her beautiful and fragile appearance.

It was possible that she did not belong to him.

he watched her quietly for a long time. after a long time, he got out of bed and carried her from the back. his voice was hoarse as he said, " it's time to sleep. "

he huan froze for a moment. when she realized that it was him, she let her body go soft and let him carry her back to sleep.

However, that night, she tossed and turned in bed, unable to fall asleep.

she couldn't sleep, and qin mo couldn't sleep well either. they were like exhausted people, exhausting the night together. no one won or lost.

The same pain.

qin mo had had enough of the pain of not being able to get what he loved, but he didn't want to let go, even if it was painful.

because she didn't sleep well last night, she naturally woke up a little later in the day.

when he huan opened his eyes, they were sore and his head hurt.

the sky outside was bright, so it should be quite late.

She laid there quietly for a while and turned her head to look at Qin mo tying his tie with his back facing her.

His back was slender and strong, just like his personality. His speed was very elegant and slow, and he looked very serious, as if he had a lifetime to do this well.

Chapter 4443: remarried (2)

she didn't know if he had any hesitation or struggle about their remarriage. in fact, she couldn't figure out how he was feeling recently.

was it because he couldn't let her go, or because he didn't want her to be with someone else?

“qin mo,” he huan’s voice was hoarse.

his movements slowed down, and then suddenly sped up to tie his tie and turn to face her.

He hummed in acknowledgment and looked at her.

he huan gently bit her lower lip and sat up. her eyes were fixed on his face as she asked softly, “are you done thinking?”

...

qin mo’s eyes were dyed with black ink. he did not answer her question directly. instead, he walked over and leaned over to kiss her.

“Get up, we’ll get our marriage certificate in a while,” he said in a hoarse voice.

after saying that, he walked out.

He Huan sat there in a daze for a long time.

after a long time, she felt that her eyes were bitter and unspeakably uncomfortable.

she finally picked up her phone and dialed her mother’s number.

it was the new year’s eve today. she thought she should talk to her mother. she didn’t know why, but she missed her mother so much at this moment. it was as if she had to listen to her voice to have the courage to do what she was going to do next.

yes, it was dangerous and crazy.

but she had to do it.

She wanted to protect everyone she wanted to protect.

when the call went through, su cheng's voice rang out. " "Huanhuan, where are you?"

The he family was in a mess because of the company's Affairs. Su Cheng did not know that he Huan was in the hospital, and she was busy from morning to night tidying up the hospital.

"Mom, I'm at home." He Huan's voice was soft. How's the company?"

"it's pretty good." su cheng heaved a sigh of relief. " it's all over now. even though we've lost a lot, we've managed to keep the company. "

su cheng paused for a moment, as if she had remembered something. " I just saw the news. Is your movie going to be released on February 14? "

He Huan acknowledged, " yes. I'll give the tickets to the premiere to your dad. Mom, don't you like Kang Qiao the most? he should be going."

Su Cheng was silent for a while, then whispered, " actually, my favorite celebrity is Qin Mo's mother.

now that the two families were in such a mess, there was no way they could go back.

they used to be so close, su cheng thought. maybe he huan shouldn't have married qin mo. if she had, things wouldn't have turned out this way.

She then asked he Huan to go home for dinner. Although it was snowing, the road had been cleaned up.

"I'll be back tonight," he Huan replied.

after hanging up the phone, she let out a long sigh, as if she had completed a mission.

Finally, it ended.

When she hung up the phone, Qin mo happened to come in and looked at her silently.

he huan dialed the number on her phone and smiled. my mom wants me to go back for dinner. Qin mo, are you free? ”

The color of his eyes changed, and after a long time, he smiled. “Of course I’m free.”

he thought for a moment. ” after we get our marriage certificate, we’ll have dinner outside. you’ll go to the company with me in the afternoon and go back together at night, okay? ”

“you can sleep in my lounge,” he added.

She compromised, and he seemed to have finally found his thoughtfulness. He Huan’s mood was quite complicated. She smiled slightly and did not say anything else.

he huan got out of bed and tidied himself up. he picked out a set of formal clothes and ate breakfast with qin mo in silence. when they left, they took a helicopter because he said he had an important meeting at 10 o ‘clock.

Chapter 4444: remarried (3)

At nine O ‘clock.

The helicopter landed on a patch of grass. Qin mo got down first and carried he Huan.

He Huan was wearing a white down jacket, and there was a large circle of fur around her collar. It made her small face look even smaller, and her age could not be seen at all.

qin mo hugged her the entire time and only put her down when they reached the main hall. he reached out to remove her hat and thought for a moment.”You can take off your coat later. It’s still a little cold here.”

Actually, he Huan was wearing thick clothes, while he was only wearing a suit made of wool. However, he didn't seem to be cold, and his hands were warm.

At that moment, he held her hand and walked inside.

...

the civil affairs bureau was very quiet today. at first, he huan thought that it was because of the cold and snow that no one came out. however, she later found out that the place was cleared and received her and qin mo to get their marriage certificate in the morning.

the process of applying for the marriage certificate was the same as before. he huan's mood was no different from the first time.

it seemed that when they got married, it was not the time for her to fulfill her wishes, so she always missed it.

During the photoshoot, the photographer was in a difficult position. After taking a few photos, he was not satisfied. In the end, he couldn't help but remind her, "Mrs. Qin, you can lean closer to Mr. Qin."

he huan leaned closer to qin mo and continued to shoot. however, he was not satisfied after a while."Mrs. Qin, you can smile. Yes, raise the corners of your mouth a little, but don't be stiff and make it look natural."

He Huan tried hard to smile, but the corners of her mouth just didn't look natural.

in the end, qin mo hugged her and whispered in her ear, "just think about yihuan."

He Huan's heart skipped a beat for a moment before she finally smiled more naturally and successfully completed the shoot.

After half an hour, he Huan finally heaved a sigh of relief. There was also a warm marriage certificate in her hands, but Qin mo took it away as soon as she took it.

She looked at him.

“i’ll take care of it,” he said in an extremely light voice.

“qin mo.” he huan bit her lip.

qin mo smiled lightly. ” i’m afraid you’ll lose it. ”

he huan was still looking at him.

he smiled again and reached out to grab her coat from the side to put it on for her. he zipped it up and put on the hat.

“let’s go,” he looked at her deeply.

This time, he held her hand and left.

He Huan bit her lip and tried to struggle. He pinched her unhappily. She was in pain and didn’t dare to struggle.

Outside, he Huan saw a sea of reporters in the snow.

as soon as she and qin mo came out, the reporters seemed to smell the blood and started taking pictures like crazy.

he huan was stunned for a moment, then she turned to qin mo and asked, ” “Did you call this over?”

Qin mo didn’t reply. He only placed his hand on her shoulder and smiled. “pay attention to your expression management.”

He Huan really wanted to talk to him about management, but she had no choice but to cooperate.

She didn't want a new storm to sweep over the he family. She and her parents couldn't take it anymore.

Qin mo was like the sun in the sky. No one knew how much power he had and how far his hands could reach.

She could only cooperate with him now.

He Huan revealed a faint smile, as if she was very happy.

However, she said to him, "your meeting at ten O'clock is a press conference, right? to announce the news of our remarriage?"

qin mo smiled lightly. his smile was extremely happy. " you're getting smarter. "

He Huan lowered her eyes and did not say a word.

she only clenched her fingers quietly.

Chapter 4445: Remarried (4)

qin mo only stopped for a minute before he brought he huan into the helicopter.

secretary he was the one who had to deal with the aftermath. she had also rushed over.

yes, she had rushed over to deal with boss qin's love life. boss qin's passionate feelings for director he were really a little unbearable.

it was enthusiastic and high-profile.

Even a woman like her who was going through menopause was jealous!

Secretary he comforted the reporters and allowed them to go to King Entertainment's press conference at 10 O'clock. Mr. Qin would explain his relationship and marriage status with director he in detail.

...

at this point, secretary he actually sympathized with he huan.

president qin had cut off he huan's future. in the past, their marriage was considered a semi-secret, and president qin rarely showed his love in front of the public. but this time, he was obviously very strong.

Director he, if you want to have a chat with others in the future, there won't be a future!

Secretary he thought to himself sympathetically before he got into the car as well.

it was already 9:15 pm. she had to rush back as she needed to take charge of president qin's love life.

*

At 9:40, Qin Mo's private helicopter slowly stopped in front of King Entertainment building.

On the day of the new year, the reporters were extremely busy, rushing from east to west.

However, to be able to pursue such a big melon at the end of the year, who didn't seem to be on stimulants?

Qin mo carried he Huan down. He Huan couldn't reject him, but she didn't want her face to be photographed either. So, she buried her face in Qin Mo's neck and teased him. However, she didn't know that the more she did this, the more intimate she looked. It was more entertaining.

when the reporters saw this scene.

There was no chance for Edgar.

su yiliu also had no chance.

the original partner won.

And he won without any pressure. Boss Qin's attitude explained everything. Although he was very overbearing and strong, he also seemed to be a bootlicker.

Qin mo carried he Huan all the way to the elevator. She said that she wanted to come down.

"Since we're already here, let's just go to my office." He lowered his head.

even though he said that, he still pulled her hat down with one hand and kissed her as if he couldn't help it.

She wanted to turn her face away, but she gave up after thinking about the consequences and let him kiss her.

"Very well-behaved." qin mo kissed her lips again in satisfaction and smiled.

he looked really good when he smiled, especially when he was relaxed and happy. he huan was stunned for two seconds before she mumbled, " "what do you think i am now? your personal pet?"

"My wife." "what about you? what do you think i am?" he asked, still smiling.

He Huan had her own stubbornness. At this time, she definitely could not say the word " husband ", so she remained silent.

qin mo didn't let her off and smiled faintly. " "You can't say it?"

seeing that he huan still did not speak, he laughed lightly.”if you can’t bring yourself to say it, i don’t mind staying in the lounge with you for a while. the reporters may have more room for imagination.”

he huan couldn’t take it anymore. ” qin mo, must you be so despicable and shameless? must you be so overbearing? ”

qin mo looked at her with a deep gaze.

He Huan thought that he would get angry, but he didn’t. He just looked at her and chuckled. “i still prefer the way you are right now.”

With that one sentence, the anger in he Huan’s heart dissipated. If she continued to be angry with him, it would show that she was petty and unpresentable. So, she didn’t say anything, more so that she wouldn’t let him have his wish.

Didn’t he say that he liked her like this?

She wouldn’t get angry, and she would show him her lifeless body.

Chapter 4446: Remarried (5)

qin mo understood he huan’s intentions.

After a long time, he lowered his head and muttered, ” “she’s still very cute like this.”

he even gave her a kiss.

he huan glared at him.

His voice became even more hoarse. start over, huh? ”

“Can’t you keep a low profile?” he Huan finally couldn’t help but ask.

...

‘No...’ His tone became dangerous and strong again.

“is this one of the conditions?” he huan lowered his eyes.

qin mo did not answer her question because the elevator had reached the top floor.

He carried her directly into the lounge, removed her coat for her, and reached out to touch her black hair. “i’ll sleep for a while.”

“I can’t sleep. I want to sit outside for a while.” He Huan replied quickly, then slid down and stood.

Qin mo looked at her silently and then smiled. “That’s good.”

He Huan walked out and went to the office lounge area. She leaned on the sofa and looked at the snow outside.

From the 68th floor, it looked like a new world, and now it seemed like it was snowing again.

“Don’t look at it for too long, it’ll hurt your eyes.” Qin mo came over, leaned over, and whispered in her ear, ” I’ll get the second Secretary to bring you some hot fruit tea.

He Huan liked this recently. Maybe she was feeling bitter in her heart and needed some sweetness.

After he finished speaking, he Huan only nodded her head lightly and hummed in agreement.

Qin mo couldn’t help but say,”he Huan, can you please ...”

he wanted to say, ” respond to him, ” but his pride wouldn’t allow him to do that. he took back the words.

He Huan didn't mind. Actually, she knew what he wanted to say. Since he didn't want to say it, she would just pretend that she didn't know.

Qin mo was silent for a while before he smiled faintly. He reached out and touched her hair.

after he left, the huge office fell into a temporary silence. he huan was in this silence.

She just looked outside, quietly watching the snow falling.

The second Secretary entered the quiet office. She placed the things on the coffee table and coughed lightly."Mrs. Qin, President Qin asked me to bring you some fruit tea. It's your favorite flavor."

the second secretary's heart rippled as she thought, sure enough, this is mrs. qin again.

He Huan was still lying on her stomach and said softly, " "Just call me he Huan."

The second Secretary blinked her eyes and thought,"she doesn't want to be called Mrs. Qin, right?"

In fact, everyone knew about the incident at Green Prosperity culture. Boss Qin had spent so much effort to force he Huan to change her mind.

the second secretary heaved a long sigh. in this world, it didn't mean that the person you thought was good would enjoy it.

perhaps this kind of love was a kind of restraint, a kind of imprisonment.

She looked at he Huan and her smile disappeared. Yingluo was different in the past.

the second secretary heaved a long sigh,"it's not easy to be a woman of a rich family."

she didn't dare to say anything more and left, closing the door again.

He Huan was still lying there quietly, looking outside.

It felt like he had been locked up in a tower without freedom.

she knew that after the movie's promotion, she would lose her freedom. in the future, she would be mrs. qin, and there would be fewer and fewer people calling her he huan. as for director he, it was just a dream in her youth.

She lowered her eyes. There was a tear on her long eyelashes, but she tried hard not to let it fall.

Her surname was he and she had grown up by Qin Mo's side.

She could not even choose to love Yingluo.

After that, she took out her phone and logged into Weibo. The news of her and Qin Mo's remarriage had already made it to the top of the search list. Other than the photo they took outside the Civil Affairs Bureau, there were also some of their daily lives.

Chapter 4447: Remarried (6)

In an instant, she and Qin mo swept through all the mainstream media. Of course, AI Jia and su Yiliu were also included. However, King Entertainment didn't seem to have any intention of doing public relations. They just let the topic continue to ferment.

he huan scrolled through her phone for a while and didn't want to look anymore.

Qin mo only wanted to show the public what he was willing to show others. To her, she just wanted to get out of her current predicament. That was all.

He Huan closed her eyes and placed her palm on the glass, feeling the sound of the snow melting.

When Qin mo returned, he saw this scene.

Outside the floor-to-ceiling window, it was a World of Ice and snow. In the warm room, he Huan was wearing a light yellow sweater, and her black hair fell straight on her shoulders. From behind, she looked thin, small, and very slender.

...

as the president of KING entertainment, qin mo was used to seeing beautiful women. however, he didn't know why his taste in women followed he huan's. in the past, when she was healthy and bright, he liked her to be healthy and bright. now, when she was weak and slender, he liked her weak and slender.

qin mo reached out to touch his forehead and laughed bitterly.

He liked her so much, and he Huan probably only felt that she was a burden.

he slowly walked over and held her shoulder from behind. he rested his handsome face on her small shoulder. " what are you thinking about? "

he huan was stunned for a moment, then she asked him softly, " "the meeting is over?"

He hummed nonchalantly, as if he didn't want to ruin the atmosphere. He still held her in his arms and looked at the snow outside.

he huan did not push him away because she could not.

She just looked outside and leaned into his arms. After a long time, he asked her in a low voice, " "You're coming home tonight?"

he huan nodded but did not answer.

qin mo kissed her. " i'll go back with you. "

then, he wrapped his arms around her and continued to look outside with her.

It was a beautiful scene.

At the very least, this was the scene that Secretary he saw when he opened the door. It was very beautiful.

he huan's slender body fit perfectly with boss qin's tall body. secretary he heaved a sigh of relief. it was finally harmonious.

She quietly left the room to give Mr. Qin some time. However, when she returned to the secretary's office, the second, third, and a few other assistants were talking about Mr. Qin's love life. The more they talked about it, the more outrageous it became. Hence, Secretary he reprimanded them.

however, she was an easy-going superior, and the little secretaries were still grinning and asking her for information.

Secretary he had no choice but to look at them before he said, " "don't be fooled by president qin's power. in the end, he will still fall into he huan's hands."

the scene just now was beautiful. boss qin was like a loyal dog.

However, sometimes, a loyal dog and a bootlicker could be equal.

Secretary he thought about it and laughed. However, he just laughed it off.

at 5 pm, qin mo got off work on time and brought he huan downstairs.

Because the special elevator was under repair, he took the ordinary elevator. At first, it was only him and he Huan, but when they reached the 32nd floor, there were more people, about five or six of them.

Because they were in the same elevator as boss Qin, no one dared to make a sound, and the atmosphere was still a little tense.

At this moment, Qin mo opened his mouth and said to he Huan, ” ” the car is parked on the first floor. it’s cold outside.zip it up and put on your hat. ”

Even though he said that, he personally zipped up the zipper for her and put on her hat. He even put on the gloves and mask for her. After that, only he Huan’s eyes were exposed.

She looked at him, her eyes filled with a complicated emotion.

Chapter 4448: Remarried (7)

qin mo smiled slightly. ” i won’t feel cold this way. ”

Other than them, the other four or five people felt a little cold ...

What a big pile of dog food!

Especially since su Yiliu was also there, she was a little embarrassed. Qin mo acted as if he didn’t notice her, he only had he Huan in his eyes.

Of course, he Huan knew about su Yiliu’s existence, but she didn’t care. She didn’t even care about Qin mo, so why would she care about su Yiliu Qianqian?

However, she could not forget that she had a miscarriage when Qin mo and su Yiliu were having a moment of intimacy.

...

that was probably the reason why she did not greet su yiliu when she saw her. she did not even bother being polite.

Therefore, Su Yi and Liu were in the same elevator, so it was a little embarrassing.

the other people looked at her with meaningful eyes!

tears welled up in her eyes and she could not help but look at qin mo. however, qin mo only had he huan in his eyes.

in the past, su yiliu had some confidence. her family background was good, better than he huan's, and she was a gentle beauty. but now, he huan looked even more delicate than her.

It was the kind of feeling that made men want to carefully hold and love her in their hands.

Wasn't Qin mo in the same situation now?

su yiliu had a lot of internal drama, but it was just a one-man show. when the elevator opened, qin mo left with he huan. su yiliu stood there, depressed for a long time.

at the parking lot.

qin mo opened the car door for he huan to get in. he was the one who drove the car, and fortunately, the snow on the road had been removed.

it was still the same bentley mulsanne, the car he usually drove.

He Huan sat in the car and took off her coat, gloves, and mask.

Qin mo got into the car and closed the door. He turned his head."i should have asked secretary he to prepare a cup of hot fruit tea for you. the weather is too cold."

She was too thin now, and he was afraid that she would freeze to death if she went out wearing too little.

In the past, he Huan would not wear long johns no matter how cold it was. She would just wear a thin sweater and a jacket, and her face would always have a healthy blush.

But now, although he loved this weak little thing, he didn't dare to take a step further. Except for that morning, he had been restraining himself and enduring.

he thought that he should make her fatter.

Otherwise, he would have to restrain himself for fear of crushing her.

qin mo's adam's apple bobbed uncontrollably as he imagined it. he took another look at her before starting the car.

He did not go to the he family's house directly. Instead, he went to the shopping mall and brought he Huan to a shop.

He picked a set of expensive cups and looked up at he Huan. "how's this one?"

"it's alright," he huan pursed her lips.

"Dad will like it." Qin mo smiled. This father said it so smoothly.

he huan did not say anything else.

of course, qin mo also picked out a cashmere scarf for su cheng. it was suitable for the season, so he huan did not express any opinions. later, he saw a grey flower foundation. he looked at he huan and put it on for her.

it was especially suitable, so they paid the bill together.

he huan also left with the scarf around her neck. it was indeed very warm.

it was almost seven o'clock when they reached the he family. su cheng called, but he huan only said that she would be there in a while. she didn't say that qin mo would be there.

Qin mo drove and looked at her sideways without saying anything.

The car stopped at the entrance of the he family's Villa. Qin mo got out of the car first and opened the door for he Huan to get out. He then went to the trunk to get a gift.

Chapter 4449: remarried (8)

when qin mo's car drove in, the he family's elders were alarmed.

They knew that he Huan was back, but Qin Mo's car had arrived. It was needless to say what that meant. When they thought about how green flourishing was suddenly out of danger, they could imagine what kind of compromise he Huan had made.

su cheng and KIME were old and did not use weibo very much. moreover, it was the new year and he huan was coming back, so they had been busy with this dinner the whole day as a celebration.

now that qin mo's car had entered their house, it was clear what this meant.

As a mother, he Huan was furious.

However, as a mother, she had to suppress her anger because she didn't want he Huan to be too embarrassed.

...

She and Kie stood at the entrance and watched as Qin mo walked over slowly with one hand on he Huan's shoulder.

Uncle Kime sighed.

after this storm had passed, his feelings for qin mo had become much more complicated. qin mo and ye muyun were really an lan's sons. they were both quite ruthless. they were ruthless to their enemies and family.

he wouldn't stop until he achieved his goal.

The he family of three had complicated feelings. Only Qin mo acted as if nothing had happened, as if nothing had happened. He had a strong mentality and was very thick-skinned.

when they arrived in front of su cheng and KIME, qin mo was the first to call them mom and dad. naturally, it was a big deal.

He was like his own son.

Su Cheng's face froze, and Kime felt a little uncomfortable, but for the sake of his daughter, he could only bear with it.

He Huan also called out.

Qin mo held her hand. you're already so cold. Go in.

He led he Huan in, and it felt like he was the host instead of the guest. In fact, when he Huan was abroad, he often came over and had a good relationship with the elders of the he family.

in the living room, qin mo presented her with a gift. su cheng smiled reservedly."i've let you spend a lot."

her words were full of unfamiliarity, so how could qin mo not tell? he still shamelessly helped he huan take off her coat and smiled. " "He Huan picked it, I'm only responsible for swiping the card."

su cheng smiled awkwardly and looked at her husband.

Kie was helpless. Now that things had come to this, there was no point in arguing. He had already brought her back. He couldn't just chase her out. It wasn't that he was selling his daughter for glory. He Huan had her own reasons for doing this.

the atmosphere eased a little. su cheng said helplessly that it was time to eat. just then, there was a noise outside.

It was as if something had cut through the sky. The group walked to the door and saw a helicopter slowly landing on the lawn in front of the villa. Because it was a high-end luxury mansion, there was always a landing point.

The helicopter landed, and a tall man came down with a small thing in his arms.

He Huan covered her mouth.

It was yihuan.

the surprise came quickly, and she thought that she would not be able to see yi huan for the time being.

when yi huan saw he huan, her chubby little body immediately jerked. her little feet landed on the ground and she ran over with all her might. "mommy."

He Huan was quite anxious, afraid that she would fall.

little yi huan really fell down. her chubby little body fell into the snow, which was both cute and funny.

he huan's heart ached and she wanted to run over.

Qin mo pulled her back. I'm going to bring her over. She's not wearing her coat.

he huan was stunned for a moment. he had already walked out and easily carried the caterpillar-like baby back. he took off the coat and gently stuffed it into he huan's arms.

Chapter 4450: this is my surprise for you (1)

The little person's body was soft and warm. He Huan held it in her arms and wanted to cry.

she kissed yi huan's soft hair. it smelled nice. it had been a long time since she last hugged her.

Yi Huan could sense her mother's emotions, so she stayed still and let he Huan kiss her.

After he Huan hugged and kissed him for a while, Yi Huan looked at Qin mo again, asking her father to kiss her too.

Qin mo hugged her and kissed her soft little face. He smiled and said, "let's eat. grandma made yihuan's favorite food."

after he finished speaking, su cheng's expression changed slightly.

...

she looked at qin mo and felt that qin mo's thoughts were very deep. nothing could escape his eyes.

Qin mo merely smiled before carrying little yihuan to the dining table.

the atmosphere at the dining table was much better because he huan wanted to be happy with this little sweetheart. he huan's mood was also much better, and she had a faint smile on her face.

Su Cheng sighed in her heart and looked at him again.

Kie was also speechless.

after dinner, he huan left yi huan in qin mo's care while she and su cheng went to the tea room to have a cup of flower tea. after that, she had to go back with qin mo.

when there were only the mother and daughter left in the space, some things could be said directly. su cheng thought for a while before asking in a low voice, "He Huan, have you really thought it through? isn't the price a little too high for the sake of me and your dad's future?"

"i've told you before, a simple meal is good too," she added.

he huan kept her head down and gently stirred the tea in her cup. after a long time, she picked it up and took a sip. then she frowned. "It's so bitter,"

she added another sugar.

"You've put in a lot," su Cheng could not help but say.

"but i can't." he huan looked up at her mother. " I can't let you and father suffer in your later years because of me. I don't want Hanhan to be unable to see yihuan. I gave birth to her and I love her just like you love me. So, mother, you will understand what I'm doing, right? "

" i'm just afraid that you'll feel aggrieved, " su cheng sighed.

"if it's worth it, then i won't feel aggrieved." he huan laughed and put in two more candies,"just eat something sweet. qin mo is very good to my ran ran."

Su Cheng thought about how Qin mo had taken care of he Huan during the meal. He was indeed meticulous and much better than before.

however, this kind of kindness made su cheng very uneasy. in her eyes, it was a kind of entanglement that would not stop until death.

this kind of love was too strong, and qin mo was so strong. he huan had nowhere to run. to a mother, it was not a good thing.

Su Cheng looked at the child she had raised. He looked weak, but he had already taken on too much.

In the end, su Cheng could not help but ask, " " you returned to qin mo's side only for us and for yihuan. don't you have any feelings for qin mo? "

after she asked, he huan seemed to be a little surprised. then, she smiled faintly. mom, why are you asking this? I thought you knew.

Su Cheng was stunned for a moment, then she thought of something and sighed softly. “Why are you making things difficult for yourself?”

At this moment, Qin mo walked over and heard their conversation through the thin door.

Even though she didn’t hear he Huan’s direct answer, it was enough to express her feelings.

qin mo’s face was dark. he stood there for a while before knocking on the door.
