Chapter 4471: The most romantic thing (2)

In the distance, someone was secretly setting off firecrackers. The soft sound reminded her Huan of her childhood.

she could not help but hold qin mo's hand tightly and turned her head. "I want to set off fireworks."

qin mo also looked at her. after a moment, he smiled and agreed.

after that, they got into the car and drove for two hours to a small shop in the suburbs to buy fireworks. they were all the kind from a long time ago. then, they drove further away. on an open space, qin mo arranged the fireworks and lit them up with a lighter ...

in an instant, the dark night sky was lit up.

it rose and fell again and again.

...

He Huan covered her ears and widened her eyes. She had not seen fireworks in a long time. She did not know why she wanted to see this man tonight.

Qin mo walked towards her from the fire. He had a firework stick in his hand and he stuffed it into her hand.

He Huan screamed.

"coward." qin mo chuckled and hugged her from behind. he held her hand and looked into the night sky.

That night was very dark. The stars were bright and the fireworks were very beautiful. Qin Mo's embrace was very warm and misty.

after that, he huan fell asleep. when she opened her eyes in a half-awake state, it was dark in front of her. she was nestled in qin mo's arms.

She asked him where he was in a low voice. Qin mo said that there was still a long time and asked her to sleep a little longer.

His voice was so gentle that he Huan almost drowned in it. She couldn't help but hug his waist tightly and mumbled, "are you hungry?"

"you're still thinking about it?" He muttered, then bent down to kiss her. you have to treat me better, okay? "

He Huan didn't answer. She fell asleep again.

on the other hand, qin mo was in high spirits that night. the chauffeur sent them to a villa in the suburbs. it was not a place that people usually stayed in and there was no one else there. the servants who usually took care of it had already gone to bed.

he carried he huan out of the car and upstairs. she was extremely sleepy at first, but qin mo played music and wanted to dance with her. he huan couldn't help but call him crazy. in the end, other than dancing, he had to do other things. in the end, he huan cried and shouted, calling him crazy.

After a night, he Huan caught a cold, while the man who was drinking happily was in good spirits. When he woke up and found that she had a cold, he drove to buy cold medicine and cooked for her personally.

while making breakfast, qin mo's face still had some traces of lust. after all, they had drunk alcohol last night, so some things still happened naturally.

he huan didn't reject the offer as innocently as before. he was very satisfied.

qin mo was very satisfied and smiled. he prepared breakfast and placed the cold medicine on a tray before bringing it to the master bedroom on the second floor.

He Huan had already sat up, wearing her pajamas. She looked at him. qin mo, i want to go home. ”

“i’ll go back at noon and take my medicine first.” he said with a good temper.

“why didn’t you go back last night?” he huan did not move.

He placed the items on the bedside table and smiled. “You’re still asking me that even now. Mrs. Qin, you’re such an innocent little thing.”

He Huan turned her face away. She knew that he had bad intentions.

However, her face still turned red. I caught a cold.

“yes, you caught a cold, so i probably won’t do anything to you for two or three days. so, have breakfast so that your cold will be better. it’ll be the new year in two days, and we’ll have to visit relatives.” he continued to coax her gently.

Chapter 4472: The most romantic thing (3)

“i don’t want to take medicine.” he huan bit her lip.

Qin mo looked at her and said slowly, ” “then you want me to feed you.”

his voice was faint, but it was threatening.

He Huan thought of a certain time when she was in her teens and didn’t want to take medicine, so he fed her medicine.

at that time, she had just gotten together with him. when he did this, he huan’s eyes widened and she was at a loss.

That was also the first time he had kissed Yingying so deeply.

...

He Huan's face was a little red as she thought about the past.

Qin mo looked at her and placed the medicine in her palm. "Eat it. Otherwise, Yingluo, I actually prefer another way."

She knew about his other method, so she lowered her head and took the medicine.

qin mo looked at her silently. after she finished her medicine, he fed her breakfast. he huan was unwilling to be forced. he was fierce and threatening.

He Huan could only lean against the head of the bed and eat her breakfast. After eating, she wanted to lie down again, saying that she was a little dizzy.

qin mo reached out and touched her forehead. " " it's a good thing it's not too hot. i'll take a nap and see. if i wake up before noon, we'll go back. if i can't make it in time, i'll eat here and go back at night. "

as he said that, he looked outside and said, " " it's a little cold outside now. my mom has brought yihuan home, so don't worry. "

"Yihuan is in autumn garden?" He Huan hugged herself under the blanket and mumbled.

qin mo sat on the bed and said yes.

Oh, " she said, then quietly leaned on the pillow. After a while, she looked around for a long time before leaning on the pillow again. this place is not bad. Let's stay here for a day.

this villa was decorated in an american style, and she liked it very much.

Moreover, it was quiet, and no one would disturb her. She was dizzy and wanted to rest more, so she didn't want to move.

qin mo was surprised by her request and only regained his senses after a long time. he then kissed her. ” “do you really want to stay here for a day?”

“I want to sleep.” “Qin mo, don't disturb me.” He Huan closed his eyes.

as she spoke, she placed one of her fair hands on the side of the pillow and her long eyelashes closed gently. qin mo could not bear to look away from that quiet and beautiful scene and kept staring at it.

He Huan lay there quietly. She fell asleep in a short while because of her cold.

Qin mo originally wanted to go to the study room to settle some matters. After all, he had some things to settle at the end of the year.

However, she was sleeping like a little angel, and he was still reluctant to leave. In the end, he took his laptop and looked at her sleeping face while working.

It was a quiet morning. The winter sun shone into the master bedroom, and the room was as warm as spring.

While Qin mo was working, he would occasionally look up at he Huan.

he couldn't help but smile when he looked at her face.

when she woke up, it was already one in the afternoon. the first thing she felt when she opened her eyes was hunger and some sweat.

He Huan sat up and saw Qin mo working on the sofa opposite her. He had his head lowered and immediately looked up when he heard her voice. you're awake.

he put down his laptop and walked over to her. he kissed her naturally and said in a hoarse voice, ” “get up and take a shower first. i'll go downstairs to make something to eat.”

He Huan was still looking at him.

qin mo reached out and touched her forehead. it was cold and she must have been sweating. he asked, ” “i’ll carry you?”

“No need, I still have this bit of strength.” He Huan’s voice was a little soft.

Qin mo smiled and reached out to touch her hair.

Chapter 4473: the most romantic thing (4)

He was very gentle, and so was his gaze. He Huan couldn’t take it, so she bit her lower lip and turned her face away.”I’m going to take a shower.”

qin mo smiled and lifted the blanket for her. he carried her and walked towards the bathroom.

he huan was almost screaming. ” qin mo! ”

“i’ll still carry you. I’ll put some hot water on you for a while.” He murmured softly and carried her into the bathtub. He placed her on the edge of the bathtub and filled it up for her. He took care of her as if he was taking care of little yihuan.

He Huan was not used to it, but no matter how much she was not used to it, she had to get used to it, because he was so strong.

Fortunately, he didn’t do anything else when the water was full. He let her soak in it herself and left in a gentlemanly manner.

...

However, he had instructed her not to soak in it for too long.

After Qin mo left, he Huan soaked in the bathtub alone. It was warm and comfortable.

she didn't want to get up at all, but she knew that her body was very weak and she couldn't soak for too long, so she got up after about 15 minutes. she put on a thick bathrobe, dried her hair, and sat in front of the dressing table to apply some skincare products.

He was very good to her and very considerate. Even in a place like this where she didn't live, there were brands that she often used.

he huan sat on the chair and looked at her fragile and fair face in the mirror in a daze. other than being sick, she also knew that it was because of the luxury skincare products that she had turned white again. it was actually quite good to live such a pampered life if she could be at ease. qin mo was very good to her and accommodated her.

However, she just felt that something was missing.

Moreover, some things had already happened. They wouldn't pretend that nothing had happened just because the wound had healed.

she did not know how long it would take for her to recover.

however, she thought that the reason she was with qin mo was definitely not because of his one-sided threat.

that was not her personality.

however, she knew in her heart that she loved this kind of gentleness. at least for now, she was a little tired and didn't want to move, so she stayed by his side and enjoyed his care. she didn't even reject his approach.

maybe it was because everyone had their fragile moments.

He Huan thought to herself quietly. If it were anyone else, they would have woken up from their dream to be showered with such wealth and love from their husband. However, he Huan knew that there was a price to pay for all this love and adoration.

Freedom was the price.

Just as he Huan was thinking, another person appeared in the mirror. It was Qin mo.

He stood behind her, his hands on the back of the chair, and leaned toward her. He sniffed her gently and muttered, " "it smells so good."

"It's Rose-flavored," he Huan bit her lower lip.

"it smells good. change the apartment to this smell in the future." his voice was very charming, and it was a kind of gentle and somewhat strong tone.

he huan had to admit that he was indeed a very attractive man. however, she had grown up with him since she was young, so she might not be so easily attracted to him. she would only be a little dazed occasionally because of his mature charm.

just like what yingying was doing now.

She pursed her lips. didn't you say that we're having lunch? shall we go downstairs? "

Qin mo smiled and did not make things difficult for her. He did not do anything out of line and walked in front.

he huan thought that he had made the food casually, but when she went downstairs, she found out that he had hired a michelin chef to make it. the lunch was very exquisite, and the atmosphere was just right for the two of them.

qin mo pulled out a chair for he huan and sat down after she sat down.

In the exquisitely decorated living room, bi Village Music was playing. It was very relaxing. Qin mo did not talk about his personal matters or company matters. He only mentioned some interesting things about his studies abroad.

Chapter 4474: the most romantic thing (5)

He Huan thought that he had made the food casually, but when she went downstairs, she found out that he had hired a Michelin chef to make it. The lunch was very exquisite, and the atmosphere was just right for the two of them.

qin mo pulled out a chair for he huan and sat down after she sat down.

In the exquisitely decorated living room, bi Village Music was playing. It was very relaxing. Qin mo did not talk about his personal matters or company matters. He only mentioned some interesting things about his studies abroad.

When he deliberately exudes his male charm, he will really be very charming.

he huan was a little tense at first, but she relaxed after a while.

after the meal, she was much more energetic. even her cold seemed to have gotten better. she also looked more pleasing to the eye, except that he made her take medicine again.

...

He Huan looked at the medicine in his hand and refused to take it. I've recovered from my cold.

at this time, she was sitting in the sunroom on the second floor, comfortably lying on the sofa and basking in the sun. she was originally very comfortable, but he actually asked her to take medicine.

He Huan refused to eat and buried her face in the back of the sofa as she spoke.

qin mo looked at her. ” take medicine for a cold for at least two days. ” he huan, you’re not in good health, yingluo.”

“i’m getting calluses from hearing those words.” He Huan couldn’t take it anymore. She covered her ears and pretended to be dead.

qin mo was angry and amused at the same time. he reached out and pulled her ear.”why are you so shameless?”

“I just don’t want to take medicine. It’s bitter.” he huan continued to play dead and looked at him again.”qin mo, you eat it for me.”

she had just finished speaking when she seemed to have remembered something and stopped.

Qin Mo’s expression suddenly became dangerous. However, he quickly changed to a very gentle tone and expression. “I don’t have a cold, so why would I take medicine?”

As he spoke, he reached out and grabbed her thin arm. ” he huan, i know you’ve remembered. don’t play dead. ”

He Huan was terrified of him. She bit her lip. I’ll be fine after I take the medicine.

At this moment, she was just like the high school girl from back then, and he couldn’t help but feel attracted to her.

qin mo pulled her over and placed her carefully in his arms. then, he lowered his head and whispered to her, ” “in the future, don’t run around. it’s better now.”

he couldn’t help but reach out and touch her face. it was soft all over, just like when she was in her twenties. qin mo suddenly felt that he was old, and he huan was still a high school girl.

He had to admit that he liked her this way more.

“Qin mo.” He Huan bit her lip.

He continued, " I'll feed you the medicine, okay? "

he huan wanted to reject him. first, she was afraid of him. second, she was afraid of the medicine. these were two things that she was extremely afraid of.

however, now that these two things were in front of her, she was actually filled with anticipation and fear.

Qin Mo's eyes were stained with ink, and his voice carried a hint of laughter. "i heard that love is a chemical reaction. what do you think, he huan?"

"I don't know." she protested weakly, and her body moved back uncomfortably, but she had no way to escape. in the end, she was still gently held in his arms and fed medicine carefully by yingying.

He Huan later thought to herself that the medicine didn't seem as bitter anymore.

Later in the afternoon, Qin mo taught her French, Italy, and about seven to eight other languages. He also taught her various kissing techniques for each language.

for the entire afternoon, he huan was taught by words and actions. no one knew if she or qin mo had taken the pill, but no one cared. they only knew to cry,

Winter seemed to be over, and spring was coming.

Chapter 4475: The most romantic thing (6)

They spent the night in the villa.

At around eight or nine O 'clock at night, it started snowing again. He Huan ran to the French window and placed her hand on the glass. Qin mo, it's snowing again.

Qin mo walked over. The grey sweater he was wearing was especially comfortable and beautiful.

he hugged her from behind and rested his chin on her shoulder. ” “Well, did you make a wish?”

“only when there’s a shooting star will i make a wish.” he huan tilted her head and looked at him uncomfortably.

qin mo chuckled and tightened his arms around her, pulling her into his embrace. ” “Yes, make a wish to me. What if the wish comes true?”

...

he huan looked outside and said in a low voice, ” “the movie’s box office earnings are at 2 billion?”

“It shouldn’t be difficult.” qin mo mumbled and kissed her.

after the light kiss, they looked outside together. ” “What other wishes do you have?”

“I want to continue being a director.” He Huan lowered her eyes.

Qin mo didn’t say anything and only reached out to stroke her hair.

Thus, she knew that she had been rejected or not allowed to.

Love was equal, but this time, their marriage was not. She had to listen to Qin mo.

everything.

He Huan lowered her eyes. Her eyes were a little sore and bitter, and she did not look up for a long time.

After a long time, when the sour feeling spread to her nose, she whispered, ” Qin mo, do you want me to stay at home forever? do you want me to be in a cage forever? ”

“My love is a cage?” Qin mo did not get angry. Instead, he lowered his head and got closer to her, kissing her.

he huan did not know what to say. after a long time, she sighed.”Let’s watch the snow.”

qin mo found a small blanket from somewhere and wrapped her up. he carried her up to the master bedroom upstairs.

Qin mo and he Huan stayed for another day and only returned to the villa the next afternoon. On the way back, he picked up yihuan.

the villa had already been decorated. it was as if queen q had changed her skin. little yi huan was wearing a plaid coat. her hair was cut short and neatly. she looked like a mixed-race girl. her skin was very fair.

qin mo carried little yihuan into the house and put her down as soon as he entered.

Then, he looked at he Huan. all children like this.

“I also like it.” He Huan smiled and hugged his arm.

qin mo lowered his gaze and looked at her hand that was holding his. although it was only for a short while, it was not a small kiss. in the years that he had spent with he huan, this was a rare occasion.

Qin Mo’s heart was filled with an indescribable feeling. He Huan was about to pull her hand away when he suddenly caught her and said in a low voice, ” “your hand is so cold, put it in my pocket.”

As he said that, he naturally took he Huan’s hand and put it in his pocket.

he huan looked at him. he smiled and brought her upstairs.

He Huan thought that he was going to the bedroom again. She bit her lip.”qin mo!”

She felt that she had been too indulgent.

qin mo looked at her. ” what’s the matter? ”

he huan didn’t say anything, her face was tense, so qin mo smiled. ” “You think I want to kiss you?”

As he spoke, he dragged her into the study.

as soon as the door closed, he huan was pressed against the door. she bit her lip. ” qin mo, this is the study. ”

A smile appeared on his handsome face. and you thought I wanted Yingluo to do something to you? i just wanted to give you some red packet money.”

Chapter 4476: the most romantic thing (7)

“I have red packet money too?” he Huan looked at him.

Qin mo laughed, ” of course.

As he spoke, he brought her to the bookcase and opened a safe. Other than a large amount of cash, there was also a box. Qin mo took a look and took it out for he Huan. this is for you.

he huan looked at him and opened it. there was a diamond ring inside.

it was a pink diamond, about three to four carats.

It was worth at least a few hundred million.

...

He Huan looked at Qin mo.

He said as he took other things, ” “It’s just right for you now. You can try it on.”

He Huan looked at Qin mo and put it on.

Indeed, she was thinner and fairer now, and her fingers were beautiful when she wore it.

However, it was really inconvenient for her to do work, so she was suitable for ran ran to be Mrs. Qin.

he huan was stunned for a moment. qin mo had already taken out a few documents and a black envelope. he walked to the desk and turned around to call he huan over.

He Huan was still looking at the pink diamond. It was really beautiful, and she was going to like it very much.

Qin mo looked at her dazed expression and found it a little cute. He could not help but go over and knock her little head. “what’s wrong? are you stupid?”

He Huan came back to her senses and wanted to take the ring off. She said in a low voice, ” “Isn’t this too expensive?”

qin mo smiled. ” it’s not expensive to wear on your hands. you can afford it no matter how expensive it is. ”

He Huan did not take it down and followed him. Qin mo pushed the documents in front of her. ” this is king entertainment’s 5% share. ”

He Huan was stunned.

She knew that King Entertainment’s shares would never be divided. Qin Chen and Qin Mu had 10%, but that was directly allocated by Qin Anlan. Qin mo, the president of King Entertainment, had 40% and was considered to have absolute control. Normally, this would not be touched, but now, he was giving her 5%.

He Huan couldn't help but think, "is this a condition?" she asked softly. the condition that i won't be a director in the future?"

in fact, the conditions were very generous. just this 5% alone was equivalent to at least a hundred million yuan a year.

"This is the benefit of being Mrs. Qin," Qin mo sighed.

He reached out and pulled her to sit on his lap, his voice even lower. "he huan, this is the peaceful life i want to give you."

Then he rested his chin on her shoulder and held her hand with one hand. His voice was even lower. "It's very hard to take X-rays, and I also feel bad for Hanhan. Besides, I'm almost 40. Accompany me more, okay?"

He Huan wanted to turn around in his arms, but he wouldn't let her. He wanted to kiss her with a smile.

he huan bit her lip. " qin mo, don't always do this. i don't buy it. "

he was still smiling as he held her hand and signed the papers with her.

he huan was speechless, but qin mo closed the document nonchalantly and passed the black envelope to he huan. " this is my supplementary card. keep it. in the future, you can use it to spend money. the password is your birthday. "

he huan still wanted to say something, but qin mo lowered his head and pinched her face. " "New Year's money,"

At this moment, the bell rang seven times. It was seven in the evening.

"happy new year, mrs. qin." qin mo kissed her.

"This is a promise," he added.

he huan licked her lower lip and said,"let yihuan lie by my side."

She mustered her courage and looked at him.

At this moment, he Huan really felt that if he was willing to let yihuan stay, she would stay. Even if she had to be Mrs. Qin, even if she didn't have to shoot any films, she was willing to do it.

Chapter 4477: the most romantic thing (8)

Qin mo lowered his head and he Huan sat on his lap. She looked up at him nervously and helplessly.

Of course, he could see he Huan's uneasiness and pleading.

qin mo's fingers gently touched her small face and he sighed softly. " "You really want to keep her by your side?"

he huan said yes and then looked at him.

Qin mo sighed again. he Huan, this is her mission. She has to bear the responsibility.

He Huan bit her lip, and the color of her lips almost faded. After a long time, she said she understood.

...

"are you angry?" he Huan, I just wanted to tell you that yihuan is not as weak as you think. You're in your early 20s and you've left the country alone, " Qin mo said in a low voice.

he huan lowered her eyes. " but i was very happy before i was a teenager. i didn't have that many responsibilities. "

“Were you happy before you were ten?” Qin mo stretched out his hand to turn her face and lowered his voice. “Is that so, he Huan? do you feel very happy?”

one must know that before she was in her teens, she had qin mo and most of the time, she was with him.

he huan pursed her lips and looked at him. ” you’re picking on my words again. ”

No. he smiled. it’s because I care.

He Huan immediately fell silent. She wanted to get up after that, but Qin mo held her down and did not let her.

“Didn’t you say you wanted to eat?” The air was filled with the aroma of food.

qin mo’s chin rested on the center of her hair and his voice was very gentle. ” “don’t move, i just want to hold you for a while.”

She was swept into a warm embrace. The huge pink diamond on her fingertips was dazzling, and she was still holding the red packet he had given her in her hand.

he huan almost indulged in it.

Yi Huan pushed the door open and entered the room. Then, she covered her eyes shyly.

the little girl ran out again, and he huan did not even have time to call her.

The back of the man in the plaid jacket looked like a boy.

“Who took her to get a haircut?” he Huan sighed.

Qin mo smiled and kissed her. it’s Qin Chen’s personal stylist. Tony.

he huan looked at him and asked, "qin mo, don't you care?" I thought you liked Qin Mu like this."

"She is yihuan, no matter what she looks like. as long as she's happy, it's fine. she can always adjust, can't she?"

He Huan lowered her eyes. you can control your feelings?"

She had been like that before. She knew that once she got involved with some men, she couldn't escape. Just like her and Qin mo, just like Qin Mu and Zhou chongguang, just like Xue 'er and ye Muyun disdaining Wen Yuan, and Bai Xue Li. She was surrounded by such examples.

Ye xiangnan was ye mu Bai's son, and none of the men in the ye family were easy to deal with.

he huan was not so stupid as to think that yi huan could return it if she did not like it after she grew up.

She wanted to use herself to exchange for yihuan but Qin mo rejected her. He wanted he Huan but he had his own plans for yihuan.

"what are you thinking about?" Qin mo muttered.

"Nothing." He Huan returned to her senses. let's eat, i'm hungry."

Qin mo carefully sized her up and suddenly laughed. "i seem to have gained a little weight."

he had slept with her every night, so he naturally knew. although she had caught a cold these past two days, she had been recuperating well. he had simply taken care of her like a daughter.

He Huan glanced at him and turned her head away, looking a little sentimental.

Qin mo smiled and could not help but kiss her again. "Alright, let's go down and eat."

Chapter 4478: Even if she can't give birth, I'll still want it (1)

this meal was only for the three of them, and yi huan was very happy. she did not seem to be sad that she would be leaving in a few days.

although she wanted to be a little boy, she was not willing to give up the pink bathtub. she had to soak in it every night. originally, he huan was already very happy to take care of her, but she was now weak. qin mo did not want her to do it, so he took care of yi huan himself.

After he was done with the little guy, he gave him some red packet money and went back to the study to look for he Huan.

He allowed her to sleep late on New Year's Eve.

In addition, he also wanted to accompany her.

They had known each other for many years. However, other than the first few years of youth and beauty, they were not very good after that. Then, she fell in love with Rong Yue. In addition, the quality of their marriage over the years was really bad.

...

It was as if they had never gotten along well for so many years.

he huan was sitting on the sofa with a laptop in her hand, watching a movie. qin mo walked over and sat beside her, naturally pulling her into his arms. " why don't you go to the living room to watch it? doesn't your neck feel uncomfortable? "

"don't bother, let me down." He Huan struggled a little, then looked at him. "Aren't you tired of being so lovey-dovey all the time at your age?"

Qin Mo's gaze was a little curious. Mrs. Qin, do you think I'm old? "

he grabbed her and looked like he was going to punish her on the spot. he huan bit her lip and begged for mercy. ” qin mo, can you let me watch it properly? ”

He took the notebook from her hand and studied it for a while. Then, he smiled.”watch this?”

at this moment, there happened to be an image of two women, one older and one younger, and they were very good-looking.

qin mo stared at the screen for a few seconds. then, his expression turned into one of disbelief. ” he huan, look at this? ”

he huan’s face turned red and she wanted to snatch the notebook away from him. however, qin mo didn’t allow her to do so and she took it and enjoyed the entire scene.

Unfortunately, it was just a short clip.

And then, the story ended.

Qin mo turned off the computer, and he Huan snatched it over to turn it on while saying, ” “i still want to see other things.”

“You’re going to give me the cold shoulder on New Year’s Eve?” Qin mo muttered.

he huan bit her lip and said in a low voice after a while, ” “To light the fireworks?” She knew that there were still some left in the trunk.

“think about something else.” qin mo nibbled her face.

he huan saw that there was something wrong with his gaze. she curled up on the other end of the sofa. ” i don’t want to. ”

“do you not dare to think, or do you not want to think?” He leaned in and kissed her. Mrs. Qin, don’t be lazy.

He Huan rested her chin on the back of the sofa. After a while, she whispered, ” “i’m a little tired.”

Qin Mo’s hand that was on her shoulder was put down. He smiled and said, ” “let’s watch tv together.”

with that, he pulled her to the living room to play the spring festival gala.

“Qin mo,” he Huan was speechless.

” many of them are celebrities from KING entertainment. isn’t it normal to take a look? ” Qin mo chuckled.

He Huan sat with him and then said, ” it seems like su Yiliu is on the Spring Festival Gala too. She’s on the same stage as the two male gods.

“You seem to have a lot of opinions about her.” Qin mo pulled her over and held her in his arms to warm her up.

The heater seemed to have no effect on her. Her hands were still cold, and he Huan felt warm under his sweater.

Qin mo also turned his head and looked at her silently.

He Huan snorted. what opinion can I have? she’s your ex-girlfriend, Huahua.

Chapter 4479: even if she can’t give birth, i’ll still want it (2)

she had wanted to make a joke, but in the end, she was a little bothered and felt a little uncomfortable. her voice didn’t sound right.

After that, she didn’t make a sound and just sat there quietly to watch the show.

Of course, Qin mo could feel the change in her emotions. He looked at her for a while and said in a more relaxed tone, ” ” she’s not my ex-girlfriend. i’ve only ever had one girlfriend, the one who has a bad temper and is difficult to deal with. ”

he huan’s thoughts had been touched and she didn’t want to talk to him, but she still leaned on him, which was a small compromise.

however, on a new year’s day like this, qin mo did not want her to be unhappy at all. he immediately turned off the television and said, ” i’m not watching anymore. ”

“What are you trying to do?” he Huan was speechless.

...

“Where’s the New Year’s gift, Mrs. Qin?” Qin mo asked calmly. I gave him red packet money.”

he huan stared at him for a long time before whispering, ” “I’m not prepared.”

“you’re not sincere.” he bit her face. ” ” but you can still think about it now. what can you give me? tangible or intangible, i’m fine with it. ” qin mo seemed to be indifferent.

“You’re really shameless.” he huan couldn’t take it anymore.

Qin mo laughed. men can be proud outside, but they don’t need it at home.

he leaned over in a dangerous position.”He Huan, you haven’t told me.”

“what did he say?” He Huan played dumb and pretended to read a book.

Qin mo didn’t allow her to escape. He pinched her chin with one hand and said, ” say that you love me or call me hubby. You can choose.

He Huan wanted to cover his head with the book in her hand, but she didn’t dare to. She only snorted, ” “Boring, childish.”

as she spoke, she moved away from qin mo to let her escape, but she still pinched her chin. ” “or you’d rather do something else.”

of course, there was a deeper meaning to this, so how could he huan be willing to?

She glared at him and said, ” then I’ll call you hubby.

however, how could she not call him when she was facing him?

In the end, she glared at him for a long time. After that, Qin mo sighed and kissed her darling.

He kissed her again and again, and she finally called out in a trembling voice.

this night was more satisfying than he had expected, even if it was just to accompany her like this.

After that, he Huan went back to watching horror movies and did not care about the Spring Festival Gala. Su Yiliu was not there either.

qin mo took a business magazine and read it at the side. later on, she had a pillow in her hand. at the end, he huan buried herself in his arms and read it. she would occasionally gasp and sometimes hug his waist and scream softly.

Qin mo would look at her from time to time and chuckled softly. Occasionally, he would reach out and touch her fluffy hair.

it was already 11:30 p.m. by the time she finished watching the film, he huan yawned and said that she was going to sleep.

” wait! ” qin mo pulled her back. ” spend new year’s eve with me. ”

He Huan fell back onto the sofa, unable to hide her sleepiness.”i’m sleepy.”

“I’ll be done in a while.” qin mo carried her and walked to the balcony. fortunately, there was heating there. however, he still thoughtfully put a coat on her.

they stood together on the balcony and looked out.

The night sky was cold and sweet.

just as he huan was about to fall asleep on his shoulder, the ancient bell rang 12 times.

“Happy New Year, Mrs. Qin,” Qin mo kissed he Huan’s hair, and then a champagne-colored Rose Rose Rose in the night sky.

It was fireworks!

Chapter 4480: even if she can’t give birth, i still want it (3)

he huan turned her head and looked at qin mo.

Qin mo smiled. do you like it? it’s a custom-made mrs. qin’s mumble, there might be 32 flowers.”

“i don’t need you to remind me of my age.” He Huan bit her lower lip and turned around to look at the rising Champagne Rose. All women liked this. Even he Huan couldn’t help but exclaim in surprise. After holding it in for a while, she asked,”how is this made?”

“you want to know?” qin mo smiled.

“It’s fine if you don’t want to say it.” He Huan turned her head and looked at him.

After saying that, she went to see the fireworks again. Although she didn’t want to admit it, she was really counting to 1234. She was looking forward to it, but she didn’t want to see 32 fireworks go off. It was as if everything would be over after they were released.

...

qin mo hugged her from behind and rested his handsome chin on her shoulder. he said with a smile, " "from now on, i'll remind you on the 30th of every year, okay?"

"i don't want to." He Huan said without thinking.

Qin mo laughed. is it because I don't want to remind you how old you are or because you don't want to spend New Year's Eve with me? "

He Huan bit her lip and continued to watch the fireworks. After a long time, she whispered, " "I don't want to answer."

qin mo only smiled and did not force her.

They hugged each other quietly and looked at the beautiful crickets in the dark night. Finally, 32 flowers were released, and the police siren sounded outside.

"mr. qin, the price seems to be a little high," he nan said helplessly.

Qin mo looked at the police car outside the villa and patted her. "wait for me here, i'll be up in a while."

He had to deal with this kind of thing personally. The servants at home would probably tell the truth.

as he spoke, he turned around and went downstairs. he huan saw him walking out of the villa after a while. he was talking to the police outside, and they seemed to be having a very happy conversation.

After about five minutes, the police car left. Qin mo was also coming back. Before he came up, he looked up at the direction upstairs.

He Huan didn't want him to think that she was waiting for him, so she went straight to the master bedroom and pretended to be asleep. She took out her phone and scrolled through something.

qin mo could not find her on the balcony. when he returned to the bedroom, he saw he huan leaning against the bed and using her phone. he went over and patted her lightly.”Lazy bug, go take a bath.”

he huan continued to scroll, her voice soft like a little lamb.”i don’t plan to do anything anyway, so i don’t want to shower.”

Qin mo lowered his head and kissed her. His voice was hoarse.”What are you expecting me to do, huh?”

“No, you can go and wash yourself.” she reached out and pushed him, the pink diamond in her hand glistening.

Qin mo grabbed her hand and nibbled on it. Then, he chuckled and let her go to the bathroom.

he huan was still scrolling through weibo in boredom. however, her gaze froze. the new year had just begun, and the trending searches were suffocating. at least, it was suffocating for he huan.

#President Qin remarried again. it was nothing at first, and there were photos of her and qin mo in the article. however, at the end of the article, it was written that president qin accepted director he because of her talent and ignored the fact that she could no longer have children. he had already sent his only daughter to a boarding school to be trained as his heir.

He Huan had been in the entertainment industry for many years, so she could tell at a glance that this was written by a bribed gunman. Moreover, the person behind it knew a lot.

he huan could guess who it was. she didn’t say anything and called her assistant.
