

## Thank you 4511

Chapter 4511: You don't care about me anymore (6)

Wen Yuan laughed. He was too embarrassed to remind Bai suili how much of a beast Mr. Lin was.

Everyone had a tacit understanding, and to think Xue Li could still speak so righteously about Qin mo, she was really big-hearted!

he huan couldn't go, so the two of them went shopping.

They all had jobs, but their salaries were not high, so the cards they swiped were all from the ye brothers. They swiped them without blinking, wishing they could maxed it out.

superficial and greedy, these were bai sulli's labels. she was used to being a rice weeper in the past, but now she was slowly recovering. ye mulin bought the publishing house for her, and she slowly became lazy. all the affairs were taken care of by ye mulin's secretary.

after an afternoon of shopping, they didn't eat out. their men picked up their women and their children.

...

ye mulin's car was driven by a chauffeur. after all, he was in a high position and had great power.

the black rv stopped by the street. bai suili said goodbye to wen yuan and walked to the black rv. the back door of the car opened, and a slender hand took her in and closed the door.

Bai suili couldn't stand it anymore and sat up straight,"Ye Mulin, you can't catch me like an eagle catching a chick!"

"Are you little chick?" He smiled and pulled her over to sit beside him. He chuckled and said, "It's not a rice weeper?"

bai suili's little face turned red, and she bit her lip as she glared at him.

He took the bag from her hand and casually flipped through it. "What did you buy?"

His Secretary called and said that more than 10 million Yuan had been transferred from his account. Of course, it was his rice worm who had swiped the card. he didn't care, but he was curious about what she bought.

However, he saw that it was an expensive inner garment inlaid with diamonds!

mr. ye chuckled and looked at her, deliberately letting her speak.

bai xiuli stuck out her tongue and snatched the bag from his hand. " nothing much, just some ordinary daily necessities. "

ye mu lin smiled.

at this time, bai sulli couldn't hold it in any longer. after all, she hadn't seen her dear husband for a long time. she leaned on his shoulder and breathed out, " " did you know that when i called he huan today, qin mo picked up? what did he say? "

ye mu lin was not interested in gossip, but he still smiled."what did he say?"

"he said they're on their honeymoon." Bai suili put a hand on his shoulder, raised her head, and looked straight at him.

Ye Mu Lin laughed in his heart, but he did not show it on his face. After a long while, he asked her softly, " "then, do you think their honeymoon is not good? after all, she just remarried, so it's understandable."

as soon as he finished speaking, his rice weevil jumped up and said in a dissatisfied voice, " "We've never had a honeymoon before. Not the first time, not the second time, and not Hanhan either."

“then you want to wait for the third time?” ye mulin laughed and reached out to caress her hair. then, he said in a helpless and doting voice, ” I’ve been too busy. Even today, I’ve been taking a break. I still have to go to visit her tonight. Shirley, Xuxu.

“I know. This is the price.” Her voice was soft as she looked at him. After a long time, she whispered, ” “actually, it’s not that i don’t understand. it’s just that sometimes, it’s a bit sinful for yingluo to spend money. i’m living so comfortably, but you’re working so hard, and your body isn’t very well either.”

“Shirley, are you sure I’m not feeling well?” ye Mulin looked at her, amused.

#### Chapter 4512: You don’t care about me anymore (7)

She looked at him for a long time before she said, ” ” you’re obviously not as good as before. your stomach hurts all the time. your secretary doesn’t even remind you to eat. ”

mr. ye laughed again. his voice was hoarse and a little seductive.

” shirley, ” he murmured after a long time, ” i’m fine now. i’ll remember to take my medicine. ”

“You’re always coaxing me.” She said with some dissatisfaction, and then there were some tears in her eyes.

she had always been useless. she was already an adult, yet she was still crying.

In the car, in his arms, and even in front of Bai Anan.

...

The back seat of the RV was a two-row seat. Bai Anan was holding a tablet. She had long been used to her mother crying. Sigh, Madam Bai Sulli, who had been very insistent, had become fragile ever since she got together with her father.

This was probably what a spoiled woman was like.

Bai Anan chose to let her father coax her mother. Anyway, her father was very good at it. It was usually a three-way show. She would coax her mother first. If she couldn't coax her verbally, she would kiss her. If she couldn't kiss her, she would carry her into the room.

Later, she stuck to the door of the room and eavesdropped. Her mother still cried, but she recovered the next day and was even more in love with her father than before.

Bai Anan thought to herself, 'it's getting better day by day. How good will it be in the end?'

She didn't know. She only knew that her parents had refreshed her knowledge again and again, and she also saw the true face of Madam White Sulli day by day. The strength she had in the past was all fake, and now she had no legs.

Bai Anan simply turned her head away. Even in the car, her father would still kiss her mother later. He would not care about the presence of underaged children at all. She did not want to be popularized by French or American people.

"Dad, you can do whatever you want. I can't see you." Bai Anan said in an understanding manner.

Ye Mulin felt that this child's intelligence was 100% inherited from him. Fortunately, he had the good looks.

he murmured to Bai Sulli's lips, "I'll go out for a while after I send you back. It'll take about three hours. Are you waiting for me?"

"I'm not waiting." Bai Xiuli stuck out her tongue and rested her chin on his shoulder. She wrapped her arms around his neck and said in a disappointed voice, "Ye Mulin, when can we be together properly? Even if it's only for three days, it'll be good."

he was so busy that it was already good enough for him to be at home for eight hours a day.

This was probably the price.

He never gave up, nor did he regret it, and she had no right to complain-because he was the one who paid the most. He gave up his favorite lawyer profession and spent so many years of hard work to be with her.

“ye mulin, have i ever said that i love you very much?” She said in a low voice.

ye mulin smiled and lowered his head to look at her. “love me what?”

“you’re good-looking and rich. yingluo likes your money the most.” she wrinkled her nose and then laughed. I’ll show you my clothes tonight. I know you’ve seen it. You’re actually the most reserved, ye Mulin.

He was still smiling, holding her little head in his hand as they sat together in the car.

Such peaceful times were rare, so he cherished them.

He had even given most of his time to Shirley. He wanted to spend time with Shirley, but Bai Anan would have a man to accompany her in the future.

It was like he was accompanying his rice weevil.

Chapter 4513: You don’t care about me anymore 8

The black limousine stopped at the entrance of the villa. Ye Mulin did not have time to go in. He hugged Bai Anan and kissed her. take care of mommy.

bai anan put away the tablet and nodded firmly. ” “I know, dad.”

however, bai suili was a little shocked,”Ye Mulin, aren’t you underestimating me?”

Mr. Ye only smiled slightly and leaned over to kiss her. His voice was unbelievably gentle. "Alright, I'll be back soon."

Bai Anan had already gotten out of the car. When Bai Suili got out of the car, she looked at Ye Mulin. He looked at her and said in a low voice, "I'll try to come back earlier."

"Don't drink so much," she said after some thought.

...

"You always come back drunk. You don't even take a shower, and I have to help you clean up."

She had wanted to say more, but she knew that he had something to do and had to leave, so she said in a soft voice, "Go ahead, I'll try not to sleep and wait for you."

Ye Mulin reached out and held her hand. Then, he said in a low voice, "If you want to sleep, then sleep early."

Otherwise, he would really feel heartache.

No matter how reluctant he was, he still closed the door and the black RV slowly drove away from the villa.

Bai Suili just stood there and watched.

After a long while, Bai Anan waved her hand from afar. "Mommy, are you coming in? It's very cold outside."

Moreover, the way he was looking at the car was a little silly.

Bai Suili turned around and looked at Bai Anan. "Are you cold?" "I don't feel cold."

Bai Anan rolled her eyes and said in a line from the TV, "Mom, you're really full of love."

The mother glanced at her daughter and followed behind her obediently.

now, she would listen to bai anan a lot of times. bai anan was like ye mulin in terms of leadership skills at a young age, but she didn't show it easily. she was only willing to manage bai sulli.

as a mother, it was embarrassing to be constantly controlled. she protested to ye mulin, but it was useless. ye mulin looked at her and then at bai anan, asking them to test their iq together.

in the end, bai anan was much more powerful than the rice weevil, so she was controlled.

fortunately, most of the time it was still pretty good.

Bai Anan was very good at managing herself. She went back to her room as soon as she went upstairs, while Bai Sulli went to the master bedroom on the second floor. She took a shower and then sat on the sofa to watch TV.

In recent years, she had developed a habit of watching live broadcasts. Central TV's live broadcasts would often have scenes of ye Mu Lin. Whenever he was not at home, she would often watch and see him.

Day after day, month after month, year after year, even if he was still in his Prime, Bai suili could feel that he was a little different. Year after year, because he was too tired, he seemed more and more mature, especially the fine lines at the corners of his eyes, which didn't make him look old, but was different from the previous years.

she had a vague feeling that he was not over forty years old, but still in his thirties when they were married.

at that time, he was still cold and didn't give her any good looks, as if he hated her.

But now, he was very gentle to her, but she still missed the past.

Every bit of their past was beautiful.

Bai Sulli was wearing a thick bathrobe and wrapped in a small blanket, watching TV seriously.

## Chapter 4514: You don't care about me anymore (9)

there was a tv drama on the television, which she usually liked to watch.

but now, she was not in the mood at all. she just leaned lazily on the sofa and thought of him.

At around eight o'clock, the news was broadcasted in the middle. At five minutes and six seconds, ye Mulin's greetings to a certain group could also be shown. He wore a steady coat and acted freely in front of the camera.

of course, among the group of old men, ye mulin's appearance and temperament were outstanding. he always had a scholarly air that was hard to hide, which was thanks to su fu's inheritance.

And over the years, he had become more and more calm and reserved, which Bai suili could feel through the screen.

it wasn't that she wasn't worried at all. after all, her man was of high status and power, and he was so good looking.

...

However, this worry would only last for a few months, because he would eventually come home.

no matter how late it was, he would still come back. even if he could only sleep for two hours, he would still come back early in the morning, take a simple shower, lie down beside her, and hold her.

even if he didn't do anything, just hugging her would be good.

slowly, she understood him.

Even though he still thought she was stupid, she had learned to love him.

She started to reduce her workload. It wasn't that she didn't work at all, but she just picked some things that she was interested in. Then, as long as he could come back before one or two, she would try her best to wait for him.

The rest of her life wasn't long. She understood him and wanted to leave with him.

bai suili had an indescribable feeling in her heart. she really wanted to see him right now, but she now understood that she needed to restrain herself.

in their limited lives, she wanted to accompany him as much as possible.

She also knew that he was always protecting her and was afraid that she would suffer, so he was always alone during the interviews. He obviously needed to bring his family.

he was really good to her.

Bai suili thought as she leaned her head on the sofa.

after that, she fell asleep. she was tired from shopping.

When ye Mulin returned, it was already past one in the morning.

the car stopped downstairs. the driver looked at the rearview mirror and said softly, " "mr. ye, we've arrived."

"We've arrived?" Ye Mulin opened his eyes and wiped his face. elder Lin, drive the car back. Come and pick me up at 1 p.m. Tomorrow.

he only managed to squeeze out half a day's time on the third day of chinese new year.

elder lin nodded and got out of the car. he then opened the door for ye mulin.

ye mu lin alighted from the car with a bag of things in his hand. he passed it to old lin.”You can take this. I don’t need it.”

Elder Lin wanted to decline modestly. He knew that this thing was expensive and difficult to buy, but he still accepted his good intentions.

His wife was sick and needed to drink this. Although he felt uneasy holding it, he was happy and touched. Mr. Ye had always been good to him. He seemed indifferent, but he always cared about him.

he was also an old man of the ye family. in the past few years, he had become more and more clear that mu lin’s ambition was not in this place. although he was very talented, he was doing his best, and it was no longer just for bai xuli.

mu lin was better than ye zhenggang.

“Thank you, Mr. Ye.” Old Lin’s voice was a little choked.

“What are you thanking me for!” Ye Mulin patted his shoulder and smiled.”It’s been hard on you to follow me all these years.”

old lin choked with sobs again.

In the end, the two men actually smoked outside together.

after elder lin left, ye mulin entered the house. the house was dimly lit and there was a faint fragrance in the air. it was very warm.

Chapter 4515: You don’t care about me anymore (10)

after elder lin left, ye mulin entered the house. the house was dimly lit and there was a faint fragrance in the air. it was very warm.

ye mulin gently took off his coat and threw it on the sofa. he sat down and smoked a cigarette to calm himself down.

As he thought about what had happened that night, to put it bluntly, it was a scheme. It was inevitable and had become his daily routine.

xiaobai would not be able to survive.

after a cigarette, he cleared his throat and got up to go upstairs.

the corridor was quiet, and he could hear the faint sound of the television. he knew that she was watching television in the living room again.

...

he thought, she's really disobedient. it's already so late and she's still not sleeping.

Ye Mulin went to see Bai Anan first. That child never needed him to worry about her, much less than her mother. But he did not neglect this child.

An 'an was very smart. He remembered that when he first met her, she was still a little girl who could not recognize the way. However, she had a set of tricks up her sleeve and would become great when she grew up. However, an' an usually handled things calmly. She was like how Mubai used to tease ye Mulin when he was young and thought proudly that this child was very strong. She had inherited all the good genes of the ye family. Fortunately, she did not take after her mother.

however, he also felt a little regretful.

A baby girl like Shirley wasn't a bad thing. He would probably dote on Yingying more.

after visiting an an, he returned to the master bedroom. when he opened the door, he saw his wife lying on the sofa, obviously asleep.

half of her face was buried in the small blanket, and one hand was pressing down on it. there was a remote control beside her hand.

The television was still playing. He looked at the screen and smiled.

he walked closer and sat down beside her. he took the remote control to the side and reached out to pinch her face.

he didn't want to use too much strength, as he wanted to wake her up but was afraid of startling her.

bai xiuli woke up. she opened her eyes and said in a daze, "You're back. What time is it? How did I fall asleep?"

As he spoke, he couldn't help but yawn and close his eyes again.

however, this time, her eyes were only half-closed, and she opened them very quickly. she only pulled out a small slit, and it looked very cute.

She lifted her body slightly and moved closer. I think I smell some perfume.

Ye mu Bai chuckled softly. Mrs. Ye, you're thinking too much. You're already at this age.

As he spoke, he turned her around and let her lie more comfortably on the sofa. He leaned over and kissed her again. "i'm going to take a shower. shall we watch tv together when i come back?"

"You've been drinking," bai xue li snorted.

he smiled and said, " i only had two glasses. "

After saying that, she got up and went to the bathroom. After a while, the sound of water flowing came from the bathroom. Bai Sulli lay down and listened. She was so tired that she couldn't help falling asleep.

When ye mu Bai came out, she had indeed fallen asleep. She looked very pitiful as she lay there.

He changed the channel and leaned back on the wide sofa. He swept her into his arms.

“mulin?” Bai suili raised her eyes and then instinctively wrapped her arms around his neck.

She still understood him. It was already so late, Yingluo.

he did not say anything and lowered his head to kiss her.

“It’s so late, don’t wait for me like this in the future,” he muttered after a long time.

“you wanted me to wait.” She leaned on his shoulder and said in a low voice, ” “I also wanted to wait for you.”

Chapter 4516: You don’t care about me anymore 11

As she said this, she probably felt a little embarrassed. She buried her face in his neck, and he laughed softly. Tonight, he might as well sleep on the sofa.

The night was quiet and sweet.

he slept until nine in the morning the next day.

bai xiuli woke up and stared at the handsome face in front of her. for a moment, she was confused.

he was still there.

she pinched her thigh. of course, it was ye mu lin’s.

...

This way, it would be hard for the man not to wake up.

Ye Mulin opened his eyes and swept her into his arms. He said in a low voice, "It's so early in the morning, so I'm sleeping."

However, the man who said he wanted to sleep closed his eyes for a while before opening them again. His voice was a little low as he said, "forget it. I'll get up and make you breakfast."

The moment he moved, she quickly hugged him. "I'm not hungry."

"Shall I sleep with you for a while longer?" ye Mulin smiled.

"what time do you have to leave today?" Bai suili was lying on her stomach, and she would look up at him from time to time.

her eyes were filled with longing, and she looked like a fangirl.

it was because he was very good-looking and charming!

bai suili reached out and touched his chin, her voice low, "when are you going to retire?"

Ye Mu Lin lowered his head and ignored her little hand. His voice was filled with laughter but also a hint of danger. "What, you think I'm old, huh?"

She immediately felt his threat and stuttered, "No."

"what's that?" Ye Mulin chuckled again. tell me clearly, Mrs. Ye.

In front of him, Bai suili was just a little white, so he couldn't say anything.

ye mulin teased her for a long time and felt that it was very interesting. when he stopped, he sighed. "it seems like we haven't been able to lie down like this for a long time."

he reached out and played with her hair. ” i want to retire early too. an ‘an has grown up. we can travel around and make up for all the things we didn’t have when we were young. ”

These words should have made her happy, but at this moment, it made her particularly sad.

he was in a high position, but he had no freedom. other than responsibility, there was still more responsibility, and all of this was for her.

bai suili was lying in his arms, her fingers gently stroking his face. ” “Then remember to eat and work out. I’ll accompany you in the future.”

“i’m not a child anymore.” ye mulin laughed.

“Mu Lin.” “we’ve known each other for so many years. actually, we’ve only been together for a few years. i want to do a lot of things with you.” her voice continued to be soft.

she was being very sincere with her words, but mr. ye didn’t buy it. he smiled and reached out to pull her hair gently. ” what can you do with me? ”

“i’ll take on whatever you do.” little white said shamelessly and then stuck to him.”I just want to follow you.”

After that, she heard him sigh.

After a long time, Bai suili’s voice was a little low, ” mulin, i’ll accompany you when you go abroad or somewhere else in the future, okay? you can let dad or mom take care of anan for a few days. i want to accompany you. ”

His body trembled for a moment, then he turned to look at her.

Ye Mu Lin was silent for a long time.

it had been so long that she couldn't help but mutter, "ye mulin, do you not want me to go?"

"why would i?" He came back to his senses and looked down at his wife in his arms.

She was looking up at him with a layer of mist in her eyes.

his expression was a little dissatisfied, but there was also a trace of care.

he suddenly felt angry, funny, and distressed. in fact, how old was shirley? she was still like a little girl.

...

he reached out to ruffle her hair, and bai sulli asked, "Then why do you have such an expression?"

ye mulin still looked at her with a smile. after a while, he asked in a low voice, "Then tell me, what do you know?"

Bai suili bit her lower lip, and after a long time, she finally said, "You're despising me! They despise me for not knowing anything."

"ah, what else do you know that you can't do?" ye mulin pretended to be very surprised. then, she reached out her hand and punched him a few times, as if she was venting her anger.

he laughed, and his laughter shook her. then she blushed a little, stopped talking, and just lay down.

Ye Mu Lin could not bear to tease her. He said in a low voice, "Shirley, I'm afraid that you'll feel bored and tired, and that life with me is so boring. So, I'd rather you wait for me at home. At least, Anan is there.

"I know." "But I want to be with you, Mulin. I always feel that we have too little time," she said softly.

"I want to be with you," she said softly after a while.

he didn't say a word and just pulled her into his arms and kissed her face. "I'll go make breakfast."

"ye mu lin." She called his name.

ye mulin chuckled and patted her. "i'll be going abroad next month for about ten days. you'll be going with me, and it won't be as busy as it is now. can we just take it as a honeymoon?"

He had already woken up. He had casually put on a pair of long pants and a gray sweater, which made him look very comfortable at home.

"you're obviously going to work." she looked at him and said.

he laughed. "so you don't want to go?"

As she spoke, she walked out of the living room, looking like she was going downstairs.

Bai Sulli sat there with her hair in a mess and shouted at his back, "ye mulin, it's not that i don't want to go."

"You're so anxious." ye mulin smiled. "i'll take a short nap. i'll only leave at 1 p.m. today. "

in fact, it was getting late. it was almost 10 o'clock. he had to leave in three hours.

Perhaps, by the time she returned, it would already be the next night.

He didn't know why, but Bai suili was particularly reluctant, and without thinking much, she ran over and hugged him.

“mu lin.” she said in a low voice, ” i’m sorry. ”

as she said this, her voice was a little choked.

Ye Mulin’s back was a little tense. After a while, he wanted to turn around, but she wouldn’t let him hug her too tightly and said sorry again.

He smiled helplessly and gently. He reached out and grabbed her hand.”how many times do i have to say sorry, shirley? it’s been a few years, and i’ve long gotten used to this kind of life. maybe i’m just a little busy, but you’re always the one who can’t let go.”

After that, he pulled her back into his arms and kissed her. from now on, you will follow me wherever I go, as long as Bai Anan has no objections.

after he finished speaking, he reached out to touch her eyelids and said very gently,””you’re already a mother, but you’re still like a little girl, crying at every turn.”

Chapter 4518: you don’t care about me anymore (13)

Bai suili bit her lip and said in a small voice, ” I’m a little girl.

He smiled and reached out to press her little head. His voice was very soft.”She’s my little girl.”

After he finished speaking, an indescribable feeling emerged in his heart. He hugged her and carried her back to the bed in the master bedroom.”Be good and sleep a little longer.”

bai suili looked at him. ” i’ll make breakfast with you, okay? ”

“you can?” Ye Mulin smiled. I’ll just lie down. i’ll do it. ”

as he spoke, he pressed her shoulder and looked at her for a few seconds before going downstairs.

...

However, Bai Sulli couldn't fall asleep. She lay on the pillow for a long time before finally deciding to get up.

She put on a coat and went downstairs. When she heard sounds from the kitchen, she walked over and hugged ye Mulin from behind. Her voice was like a little lamb."mu lin, you haven't cooked for me in a long time."

He laughed, then said in a low voice, " "I've been busy."

he paused for a moment, then whispered, " "You really want me to keep cooking for you?"

"i want you to stay at home all the time, so you don't have to work so hard." bai suili pressed her face against his back, and her voice was still like a little sheep.

ye mulin smiled as he prepared breakfast for her.

If it was many years ago, he would never have thought that he would be so willing to make breakfast for a woman, let alone being so busy.

in the past, he was also busy when he was a lawyer, but he was definitely not as busy as he was now.

this was probably what it meant to be willing.

She kept hugging him like a little girl, and he enjoyed it.

They hugged each other quietly, as if they could hug each other until the end of time.

Early in the morning, Bai Anan went downstairs to get a bottle of milk, but as soon as she went downstairs, she saw her parents.

here it comes again!

Bai Anan stood there and admired the view for a while. After some thought, she went to get a bottle of milk."Good Morning, mom and dad. You can continue."

She could only go back to sleep while drinking milk. It was already past nine O'clock, and it was really difficult for her to force an energetic child to go back to sleep.

go outside and wait, " Mr. Ye said calmly. it'll be done in a while.

His rice worm's face was very red. He pointed at the pot and asked, " what about this? "

"what do you mean?" "wait outside," mr. ye said with a smile.

Bai Sulli went out pitifully. After a while, she came back again. do you want me to help you wash?  
"

"You can?" "Stop messing around," he said with a smile. go out and play by yourself."

only then did she nod her head in satisfaction. after walking out for a while, she turned around again. " oh right, mu lin, i invited nan ye hui, huan qianqian, and their mothers this afternoon. "

Mr. Ye took a sip of the milk and raised his eyebrows."didn't you say that qin mo is on his honeymoon?"

"That's why I asked he Huan to come." Bai Xiuli said confidently.

ye mulin smiled. he really could not do anything to her.

but no matter what, he still doted on her. she couldn't tell what was good about him, but he was probably good in all aspects.

Chapter 4519: You don't care about me anymore (14)

But no matter what, he still doted on her. She couldn't tell what was good about him, but he was probably good in all aspects.

Perhaps she wasn't as good as others, but no matter how good others were, it wasn't her.

And how could he bear to compare her with others?

Ye Mulin smiled and continued to make breakfast. As for lunch, he called the servants to make it when he was impatient. He spent a Good Morning with his wife.

There were no schemes, no schemes, and no endless work. There was only Bai Anan.

At noon, ye Mulin still answered a phone call and discussed business. After the call, he came out of the study room and saw Bai Sulli on the phone. He sat down and naturally put his arm around his shoulder while listening to what she said.

...

Bai suili called he Huan again and tried to invite him over.

Let's sit together.

Ye Mulin looked at his little wife disapprovingly and gave her a look.

however, bai suili ignored him and continued to talk to he huan. in fact, she wasn't very familiar with he huan in the past, but he huan was a very interesting person among the people bai suili knew.

He usually looked very serious, but sometimes he would get angry easily. Wen Yuan, on the other hand, was too mild-tempered and would not fall for it. Therefore, he Huan was more interesting.

In fact, Bai suili did not dare to provoke Wen Yuan. Old Bai would definitely find her to settle the score.

her husband looked at her and she couldn't make the call anymore. she couldn't convince he huan at all, mainly because he huan had a very possessive husband behind her.

she hung up and pouted. ” “Ye Mulin, I’ve lost so much fun by marrying you.”

he raised his eyebrows, looked at her, and let out a long “oh.””Oh, really? i don’t know who was the one who said that he had let me down and that he had to make it up to me for his guilt, but now it’s no fun?”

” that’s because i want to meet he huan. didn’t you see that she’s on the hot search? she’s so pretty now. women talk about beauty when they’re together. ” bai suili was very self-righteous.

Ye Mulin pressed the remote control and said nonchalantly,”i’m newly married.”

“we’re still newlyweds!” Bai suili bit her lower lip. we’ve only been married for a few years! it’s just that!”

He was Thunderstruck and only looked at her after a long time. “How many years has it been? how old is bai anan, bai sulli?”

“she’s still a child.” bai xiuli shouted.

Ye Mulin laughed and patted her little head.”You’re also a child.”

She looked at him.

ye mu lin blinked and smiled.

She didn’t know why he laughed like this, but Bai Sulli’s face was completely red.

after that, she leaned her little head against his chest and looked at him again and again.

Ye Mulin was still smiling as he caressed her little head. His voice was unbelievably gentle.”I told you, you’re just a child.”

Then, the child pounced into his arms and treated himself like a child.

it was bustling over here. after he huan hung up bai suili's call, she looked at qin mo with a puzzled expression."bai sulli likes to look for me these days!"

Qin mo chuckled and said in a laughing voice, " "She probably likes you a lot!"

He Huan wasn't an idiot. She looked at him and said,"is that so?"

He smiled and lowered his head to kiss her. I'll go pick up Yi Huan and send her over. You can come with me. We'll just go out and play later. You can leave Yi Huan there for the night.

"will it be too much of a disturbance for yihuan to stay there?" he huan looked at him.

qin mo smiled and helped her put on her coat. he put one on himself and went to autumn garden to pick up yi huan. he was going to send her over, but he received a call from su cheng, asking them to go back for dinner.

in the end, he accepted yi huan's invitation to stay at the ye family's house for the entire afternoon. that afternoon, he huan and qin mo went to watch a movie. it was a foreign low-budget movie, " killing munich " by the fighting nation.

after reading it, he huan walked out without saying a word.

As they walked together, Qin Mo's tall height made he Huan look petite. He lowered his head and saw that she was not saying anything, so he nudged her with his shoulder."What are you thinking about?"

he huan pursed her lips and said in a low voice, " cat's eye scored 9.6 and douban scored 8.2, but they have so few screenings. "

...

Qin mo smiled. I can't do anything about it. Some films are like this. They sell well but not sell well. Especially literary films.

He Huan glanced at him and said in a low voice, "I think I got shot.

qin mo laughed, "your film, ran ran."

As he spoke, he reached out to touch her face. it's selling well.

he huan was speechless. she felt like a little pet. she looked up at him. "Qin mo, are you trying to comfort me?"

he muttered to himself for a moment, then smiled. "isn't it obvious?" he asked.

he huan glared at him.

she looked so cute and funny. qin mo reached out and patted her little head before holding her hand. "let's go and pick yihuan up. my parents should be waiting for us to eat. "

mm. he Huan lowered her head and looked at his hand. She was a little dazed.

His large hand held her small hand. It was very, very warm, and very strong, as if it would last a lifetime.

he huan's heart was filled with an indescribable warmth.

After a while, she said "okay" in a low voice.

Qin mo smiled and brought her to the car. He picked Yi Huan up and they went back to he Huan's home.

Uncle Kie and su Cheng were preparing food at home. They were almost done when Qin mo and he Huan returned with Yi Huan. It was the third day of the new year.

In the distance, the sound of firecrackers could be heard. It sounded like water that was about to boil in a pot. It was very lively.

Qin mo opened the car door and got out of the car. He asked he Huan to bring Yi Huan out of the car while he took out the New Year's goods from the trunk. There were not many, only two boxes, but they were all high-quality goods that could not be bought normally.

Qin mo carried it in while su Cheng was talking to he Huan, who was playing with uncle Kime.

"dad, mom." qin mo smiled and walked over to put the things away.

even though they had remarried, su cheng's expression was still calm. "you're here!"

qin mo continued to smile and looked at KIME. "Dad, let's have a couple of plates after dinner?"

"Sure, but you're not allowed to give in to me." Uncle Kim smiled.

"Dad is more powerful." qin mo complimented him, but uncle kie still smiled faintly. he knew that it was just a compliment.

at this moment, su cheng went to the kitchen to take a look and ordered the dishes to be served.

after dinner, he huan and su cheng had a mother-daughter conversation while qin mo and KIME went to play chess. they sat on the sofa with the heater on and occasionally chatted.

After half the night, Qin mo and he Huan were about to leave at around 10 O'clock. However, Yi Huan had fallen asleep and su Cheng had insisted on keeping her here. Qin mo thought about it and agreed.

then, he looked at he huan, as if asking for her opinion.

he huan's heart also ached that yi huan had fallen asleep. after some thought, she agreed to leave her here. however, when she got into the car, she hesitated. as she fastened her seat belt, she turned to look at him and said, "why don't we bring Yi Huan back? it's not good to let her stay here and there all day.

mr. qin, who wanted to spend some alone time with his wife, smiled. he reached out and patted his wife's head. his voice was full of love. " why not? is it because your mother doesn't take care of the child as well as you or my mother doesn't take care of the child as well as you? "

"You're attacking me!" He Huan glared at him.

"Did I?" qin mo laughed lazily. " i'm only speaking the truth. "

"Am I that bad?" he huan snorted and then looked in front.

qin mo smiled and started the car.

he huan looked at the black carved door in front of him slowly open. after a while, she turned her head and asked him, " "Where are we going now?"

"Let's go back to the apartment and spend some time with each other." Qin mo smiled.

qin mo's slender fingers held the steering wheel as he focused on driving.

The car slowly drove back to their apartment. Qin mo turned off the engine and turned his head."11 o'clock. do you want to go to the bar?"

"mr. qin, you just said that you're not young anymore. it's better for the elderly to sleep early at this hour." "What do you think, President Qin?" he Huan snorted.
