Chapter 4551: The wealthy have always been cruel 8

“I don’t want to talk to you,” he Huan snorted.

“if you don’t talk to me, who do you talk to?” Qin mo smiled. Oh right, if yihuan takes an afternoon nap, she won’t wake up for at least two hours. You should go and sleep for a while too. You’ve been so tired these past few days.

he huan nodded and looked at him,”what about you?” Do you want to rest for a while?”

qin mo smiled. ” alright. i’ll accompany you for your afternoon nap. ”

although she was taking a nap, he huan still took a shower first. she changed into a bathrobe and walked to the dressing table to apply some skincare products. qin mo was originally leaning on the sofa, but at this moment, he came over and leaned over from behind.”You’re going through all this trouble too?”

He Huan said softly as she wiped her face, ” “I ate some oil at noon, so I’ll feel more refreshed after washing it.”

...

She thought about it and turned around to look at Qin mo. what are you thinking? are you planning to hand over your troubled joy to Shen ting? ”

qin mo looked at his little wife.

He Huan still looked young, but he had already made preparations for Yi Huan’s future.

He had no choice but to do this.

qin mo muttered to himself for a while before saying in a low voice, ” “Do you know why it was Shen ting?”

he huan didn't say anything and waited quietly for his answer.

after a long time, qin mo slowly said,”because shen ting has r-blood.” of course, he's also very outstanding, more outstanding than anyone else, but it's indeed the reason i noticed him so suddenly.”

these words made he huan feel a little cruel. she put down the skincare products in her hands, covered her face, and asked softly, ” “does shen ting know?”

“He knows.” qin mo hugged her from behind and said in a low voice, ” ” he huan, this isn't cruel. it's just a probability. it means that the chances of them being together in the future are higher. ”

the reason he had given up on ye xiangnan was also because of his blood type.

moreover, ye xiangnan's identity meant that he couldn't give up everything for yi huan, but shen ting could. this was the cruel truth. he didn't tell he huan about this because he was afraid of scaring her.

He Huan was still in a daze and did not say anything for a long time.

Qin mo laughed, ” relax, the children are still young. This is something for the future. You're too anxious to think so much now!

he huan looked at him, then whispered, ” “You've already brought Shen ting back, and you still say that I'm anxious? you're clearly the one who's anxious.”

Qin mo only smiled and consoled her for a while before coaxing her to take a nap.

When she fell asleep, he was unable to fall asleep. It was Shen ting's first time here, so he had to go and take a look.

In the end, she found him in Yi Huan's room.

qin mo stood at the door and watched silently for a while before whispering, ” “I’m going to take a look at your room.”

shen ting looked up and immediately stood up. ” “uncle,” he said.

qin mo smiled and went out first. shen ting took another look at the little cutie before he quietly followed after her and carefully closed the door.

His room was just next to Huan’s bedroom. It was also a suite with a bathroom, a changing room, and a study. It was very well-equipped, and the servants had already packed his luggage. Just as he Huan had thought, there were not many clothes to change into.

The room’s decoration style was more stable, not the usual vivaciousness that the young man liked.

if you don’t like it, you can get someone to change it. In addition, I’ve arranged for your rooms to be renovated in every villa. You can have fun with yihuan, ” Qin mo said calmly. And Shen ting understood what she meant!

Chapter 4552: This is my compensation to him (1)

after qin mo finished speaking, shen ting remained calm and collected. ” thank you, uncle qin. ”

Qin mo treated him like a man. He reached out and hooked his arm around the young man’s thin shoulders. His voice had a hint of a smile. in the future, we will be a family. Remove the Qin family and call him uncle. If you add your last name, it will make you seem distant. Don’t you think so? ”

shen ting smiled again. ” uncle. ”

“Good girl.” qin mo patted his head and said, ” rest for a while. your auntie said that she wants to take you out for a walk. it just so happens that you’ve been busy for quite a few days. let’s relax together. in two days, you might not have the time to do this since you’re busy with your homework. ”

Shen ting nodded. Qin mo smiled and left.

when he returned to the bedroom, he huan was still asleep. qin mo was a little tired after being busy for the past few days, so he laid down beside her and enjoyed himself.

...

He Huan actually woke up. She was a little dazed when she opened her eyes. Then, she leaned over and asked, "where did you go?"

qin mo used his head as a pillow and smiled. "I went to see the children."

As he spoke, he looked down at his little wife in his arms and stroked her hair with his palm. His voice became gentler. sleep a little longer. I haven't had a good sleep in a few days.

He Huan grunted in agreement, closed her eyes, and went to sleep.

she had a dream. in her dream, she and qin mo were old, but they looked very happy.

When she woke up, he was right beside her. However, his black hair and handsome face did not seem like a dream.

he huan woke up from her nap. her voice and expression were very soft. she leaned on his shoulder and asked in a low voice, "Shen ting is a good kid. Qin mo, I'm just worried about Hanhan."

qin mo lowered his head and looked at he huan. after a while, he laughed."What, you've only seen her once and you're already feeling heartache?"

"qin mo!" he huan looked at him.

only then did his tone become more serious, and his voice was slightly low. Shen ting is very good, but you also said that they're still young and that they might not be able to stay together forever, right?"

He Huan bit her lip and muttered after a long time, ” “Yes, I do.”

Qin mo lay down and closed his eyes before slowly speaking again, ” “didn’t you say that it’s too hard on yihuan? shen ting can be considered a successor, he should be able to handle it. ”

He Huan was surprised and shocked.

She stared at him, still in disbelief.

“what’s the matter?” qin mo smiled.

He Huan covered her eyes. why would you be willing? father and mother still have Qin Chen and Qin Mu. Why would you be willing? ”

qin mo laughed, ” first of all, you don’t object to it. why would they object? ” everyone has their own careers. Shen ting is loyal to the Qin family, so Yi Huan still has the shares. However, if she marries ye xiangnan, then the management of King Entertainment will be completely under Shen ting’s control. Of course, if yihuan marries Shen ting, that’s a different matter.

“This is my compensation to him,” he said after a pause.

Ever since he was young, living with the Qin family had not been easy. Shen ting had to endure all the hardships that Qin mo had gone through.

It was three years later.

in the future, if they weren’t compatible, shen ting’s relationship would suffer another huge blow.

after he finished speaking, he huan’s voice was very low.”If it were me, I’d rather choose a more ordinary life.”

but, he is Shen ting. He is an ambitious man, and he likes yihuan. yes. Qin mo smiled gently. this love is enough to support him until he becomes King’s true power.

he huan muttered, ” but i still find it unbelievable. ”

Chapter 4553: this is my compensation to him 2

Qin mo smiled and pinched her nose. okay, don’t be so surprised. It’s almost five o ‘clock now, Mrs. Qin. You should take the children out for a walk. You promised Shen ting, didn’t you? ”

“Oh, yes,” he Huan replied.

with that, he immediately got out of bed and tidied up.

When they came out, Qin mo was also fine. When they went downstairs, the two children were even more efficient.

Little Yi was standing beside Shen ting in a neat and tidy manner. She looked very cute.

He Huan and Qin mo walked down the stairs. She couldn’t help but whisper to Qin mo, ” “Isn’t it a little unkind to let Shen ting take care of yihuan?”

...

qin mo smiled. ” he really enjoyed it. ”

He Huan couldn’t bear to hear this. She looked at her husband. are all the men in your Qin family especially perverted? ” why do you like someone like this? you’ve raised him since you were young.”

Qin mo laughed again. what’s the matter? is young Mrs. Qin dissatisfied with the current situation?
”

he huan snorted, "how can we be the same?" we've known each other since we were young, how can you bring yingluo like this?"

Because they were going downstairs, he Huan kept her mouth shut.

"Why did you stop?" Qin mo chuckled.

"qin mo, don't go too far." he huan couldn't take it anymore.

qin mo was still smiling happily as he walked to shen ting's side. "Your Auntie said I went overboard. She's probably angry and in a bad mood."

he huan didn't have the face to act like this in front of her child. she glared at qin mo, then quickly changed her expression to a gentle one as she looked at shen ting. "don't listen to him. i'm fine."

qin mo chuckled. "mrs. qin, have you learned how to change your face?"

He Huan was about to explode!

she glared at qin mo again. mr. qin didn't feel any pressure, but shen ting smiled.

His smile was so beautiful that little Yi Huan's eyes were wide open and she was almost drooling.

"what's wrong?" shen ting lowered his head and asked softly.

Little Yi Huan raised her head and said, "Big brother, you're so pretty."

Shen ting sighed, "it's brother Shen ting."

Qin yihuan was still very stubborn. "big brother."

Shen ting couldn't help but ask, "why brother?"

“two words are so tiring, four words are so tiring.” yi huan looked at him with a strange look, her big eyes shining.

shen ting smiled. so that was the reason.

As expected, one could not judge a seven-year-old child with the mindset of a normal person.

He felt a trace of warmth in his heart, and he couldn't help but reach out to touch the little guy's head. His voice was a little hoarse, which didn't match his age.”Do you like big brother?”

“i like it.” yi huan said as she hugged his arm like a cute little bear.

qin mo smiled and walked out with he huan. he said in a low voice, ” “shen ting, take yihuan to the car.”

shen ting lowered his eyes and rubbed the little guy's head. ” alright, let's go. ”

yi huan hugged his arm and followed him.

in the car, the little guy stuck to him like a big brother. yi huan had probably been lonely for a long time, too.

He Huan sat in the front seat and noticed the situation in the back seat. She couldn't help but think, ” if her body allowed it, she should still have another child.

no matter how good shen ting was, he would be yihuan's husband in the future.

Chapter 4554: this is my compensation to him (3)

she had always wanted yihuan to have siblings. suddenly, she understood qin mo's way of doing things. someone who had grown up with her might be a more suitable husband for yihuan than ye xiangnan.

he huan pursed her lips and took one last look at qin mo, who was beside her. then, she said in a low voice, ” “perhaps this arrangement is good.”

“it’s my selfishness,” He smiled and said pointedly.

“please be more serious in the future.” he huan rolled her eyes at him.

Qin mo smiled and did not say anything else. He started the car.

the car slowly drove away and directly drove to the most high-end plaza in B city. they had a meal first, then walked around as digestion.

...

Shen ting was right beside them, holding yihuan’s hand. No one would suspect that they were not a family, and they looked very natural.

Since she was going to pick out clothes for Shen ting, she went straight to a fashion brand.

Since they were men’s clothes, Yi Huan and he Huan sat down to rest while Qin mo picked out clothes for Shen ting.

shen ting was extremely good-looking, and he looked like a rack of clothes in any casual outfit.

This shop had a good brand, and Qin mo wasn’t stingy with his money. He picked a few sets for winter and spring respectively and asked the staff to send them to the villa. After that, he went to a few other shops and carefully helped Shen ting pick out some household items. In fact, Qin mo didn’t usually do these things, but Shen ting was different. He had to make Shen ting feel a sense of belonging to his family. At the same time, this kind of good thing was also a kind of pressure and burden.

However, Qin mo knew that Shen ting was able to take it.

Of course, Shen ting swiped his own card because Qin mo had applied for a credit card for him. It was at his disposal, and it cost about ten million a year. Other than paying for his school fees and daily expenses, he could invest the extra money. Shen ting already knew a little, and Qin mo had taught him a lot.

With Shen ting's talent, he was able to draw inferences about other cases from one fact. So, Shen ting paid for little yihuan's clothes, toys, and school fees. Even if he was overseas, he would still send her clothes.

After shopping for Shen ting's clothes, Shen ting went to the toy store with some hope and bought her a small water gun. It was a small water gun!

qin mo was extremely calm, but he huan was shocked. her young lady was playing with a water gun.

She wanted to say something, but Yi Huan was in Shen ting's arms, holding a water gun and pretending to shoot. She was extremely happy. What else could she say as a parent?

Qin mo reached out to pull his wife into his arms, signaling her to calm down.

What could he do if he was not calm?

after all, yi huan was having so much fun, what else could he huan say? he let her be.

after they returned home, shen ting brought yi huan to her bedroom and took care of her. he huan entered her room and looked at qin mo. " "Aren't you letting go too much? Shen ting is an outstanding child, but he's a child himself. Can he take good care of a child?"

Qin mo laughed. why not? don't i still have you?"

He Huan glared at him, then sighed, " if you give up your power now, there's no room for me to interfere.

"I'll have to give yihuan a bath later. Shen ting can't do this." qin mo smiled again.

He Huan glared at him. you make it sound so easy. Yihuan said today that she's going to be independent when she grows up. She's going to shower by herself.

qin mo found it interesting and touched his head. ” “She said that?”

Chapter 4555: This is my compensation to him (4)

Qin mo found it interesting and touched his head. “she said that?”

“He even said that it was brother Shen ting who taught him.” he huan said unhappily and looked at her husband unhappily.

qin mo smiled and suddenly pulled her to sit on the sofa. he made her a cup of fruit tea and said in a low voice, ” “Before yihuan turns 12, she will do whatever she wants,”

He Huan was stunned for a moment, then suddenly understood. She exclaimed, ” is this Shen ting's condition? ”

“yes, i am.” qin mo said calmly. then, he looked at he huan and said, ” both sides of the contract are equal. He Huan, this is a principle that will never change.

he huan didn't say anything and just sat there quietly. after a while, she looked up at her husband. Qin mo, I just feel that there are still many years before li yihuan grows up. At least ten years before we know what she's thinking. After all, she's still so young. I'm afraid that Shen ting's life will be empty in the future.

...

men either have a career or love. You have to know that it's not perfect for both. Qin mo was trying his best to fool his wife, and he Huan was not an idiot. She knew what he was thinking. She snorted, ” Qin mo, what about you? your career isn't bad now. Shouldn't you sacrifice your love? ”

he laughed. ” we’ve been married for so long. what’s there to talk about love? besides, are we the same as others? ”

he huan glanced at him and said that he was shameless.

so what? he was right.

Perhaps the best way for Shen ting to integrate into the Qin family was to enjoy it.

He Huan sighed and shook his head.”i can’t do anything about it.”

qin mo laughed. ” shen ting will only be in charge for three years. you’ll have to continue in the next few years. by the time shen ting comes back, yihuan will be 13 or 14 years old, hanhan. ”

He suddenly remembered that Yi Huan would be leaving the country soon.

he couldn’t help but sigh, and then he said to he huan in a low voice, ” time flies. Yihuan, we’re probably getting old too. Even if I want to be shameless to you, I won’t be able to say it.

he huan was speechless. she wanted to say something but gave up. she yawned and said, ” i want to sleep. ”

qin mo immediately expressed that he was also sleepy.

He Huan looked at him and asked suspiciously, ” “you don’t have a job?”

Mr. Qin’s expression was very strange. He then reached out and pinched her face, ” “You heartless little thing.”

He Huan looked at him.

“i’ve worked so hard for you for so many days. even a cow needs to rest and feed some grass.” Qin mo said in a low voice.

“i’ll feed you some grass later,” he huan laughed.

he reached out and ruffled her hair. ” ” alright, take a shower. i’ll go see the children. ”

he huan acknowledged. ” i’ll wait for you then. ”

“It’s that good?” qin mo laughed. his voice was slightly hoarse.

he huan’s face turned red. she bit her lip and said in a low voice, ” “I didn’t mean it that way.”

“what does that mean?” He chuckled. you can tell me properly.

he huan was speechless.

President Qin was satisfied and went to the children’s room to see Yi Huan.

Yi Huan was still on her horse, swaying unsteadily. Shen ting was sitting on the carpet with a book in his hand, accompanying the little guy.

The scene was super heartwarming.

Qin mo raised his hand to look at the time. It was still early and they didn’t have to go to school. The two children hit it off so he let them spend more time together.

Chapter 4556: This is my compensation to him (5)

Qin mo raised his hand to look at the time. It was still early and they didn’t have to go to school. The two children hit it off so he let them spend more time together.

He came quietly and left quietly.

It was quiet in the children's room. Little Yi was riding on her little horse, holding a small water gun and splashing it around.

Shen ting would occasionally raise his head and look at the cute little guy.

Back then, Qin mo had shown him Yi Huan's long hair, which made her look like a doll.

When he saw Yi Huan, he was shocked. She looked like a little boy, but she was still beautiful beyond words.

...

shen ting really wanted to hug her more. in the past, he never knew that he would especially like things like dolls, but no matter how much he liked them, he still restrained himself.

It wasn't just because he was afraid of scaring the doll. Another reason was that the doll wasn't completely his. She almost belonged to ye xiangnan. Even if he was qualified to compete, he knew that he was far from that step.

shen ting was a very pragmatic boy, and he had always been very clear-headed.

He was accompanying Yi Huan when he suddenly put down the book in his hand and asked with a smile, "you don't like your old hair?"

"i don't like it anymore." yi huan said in a childish voice as she shook her pony.

She looked so cute. Shen ting smiled again and reached out to pull her hair. you're not even wearing a dress? "

Yi Huan shook her pony, and the water gun in her hand stopped moving. She kept looking at Shen ting with a frown on her face, as if she was thinking about something.

Shen ting waited with a good temper.

finally, little yihuan opened her mouth and spoke. she sounded very serious, as if she was telling a secret to her best friend. ” because i want brother nan to like a girl like aunt qin chen. ”

Shen ting’s heart skipped a beat.

He knew it would be like this!

although he had an indescribable feeling in his heart, he still said in a low voice, ” “But most of the boys are girls with long hair.”

yi huan just looked at him as if she did not understand.

her big eyes were cute and clear. shen ting couldn’t stand it anymore, so he reached out and touched her eyes. he said in a low voice, ”You’re so silly.”

“I’m not stupid.” “i’m very smart,” yi huan snorted.

shen ting smiled again, and his smile was very gentle.

At this moment, his eyes were so gentle that it was as if they were carrying a whole star. It was just that she was too young to understand. She was still thinking about what brother Nan said. Shen ting cared about her, but he could only endure it. He could only let go of his care and wait.

This was probably the price to pay.

qin mo had told him that he missed the south at night and told him about all the possibilities in his future, the best and the worst. however, in shen ting’s heart, he only accepted the best.

if not, he might not want anything.

as she thought about this, she looked at the little guy and sighed. ” go take a shower. you can sleep now. it’s nine o ‘clock, and smart baby needs to sleep. ”

Yi Huan got down from the horse and sat down on the carpet with Shen ting. Shen ting did not say anything, but his heart could not help but throb.

“Do you want to ask me something?” he asked in a low and hoarse voice after a long time.

“Why can’t I dream of brother Nan?” she asked happily.

“Why did you dream of him?” shen ting asked in a soft voice.

Chapter 4557: This is my compensation to him (6)

“I like to think about brother Nan,” Yi Huan replied matter-of-factly.

shen ting sighed again, “if you like it, then let’s keep your hair long, yingluo.”

Yi Huan looked at him adorably for a long time before she said in a low voice, “but brother nan said that he likes girls like aunt qin chen.”

shen ting sat next to her and looked at her quietly. after a while, he suddenly smiled and said, “what about you?”

Yi Huan turned her round face to the side, her eyes wide open.

after all, she was only a child of a few years old, so she didn’t understand what shen ting was trying to say.

...

Shen ting tugged at her short hair and said very, very softly, “don’t you like pretty dresses? why do you have to change yourself according to other people’s preferences?”

Her big, cute eyes were full of exploration.

After a while, she opened her pretty little mouth and said, "yes, I clearly like it.

Then his breathing seemed to have stopped, and he muttered, "i'm going to throw away all these clothes."

"Why should I throw it away?" Shen ting said very slowly and gently, "these are all your choices, and it's a waste to throw them away. Change into new ones after you wear them.

Yi Huan was still pitiable. She pulled her hair and said, "it's so short,"

After all, he was only a few years old. When he thought about it, he actually cried.

the sound shook the heavens!

shen ting was a little helpless, but there was a hint of sweetness in this helplessness.

He mumbled 'little wimp' and was unfortunately heard by a certain wimp, so he cried even harder.

Shen ting was at a loss for what to do. He never thought that a little girl would be like this.

So delicate!

he had no choice and his heart ached for her, so he carried the little guy in his arms and coaxed yingying.

Big boys didn't have much experience with taking care of children, so it was useless to coax them like this. The little one cried even louder instead.

Qin mo came back and gently pushed the door open. He saw his younger daughter lying on Shen ting's shoulder, crying so hard that her little body was trembling. Yingying looked pitiful and a little hateful.

Little Yi Huan started to cry. It would take at least half an hour. Mr. Qin pondered for a while and finally decided to leave this troublesome little kid to Shen ting. After all, she would be Shen ting's wife in the future. If he did not coax her, who would?

with this thought, the heartache and guilt in qin mo's heart lessened.

without a word, he retreated.

shen ting was coaxing the little guy when he looked up and saw qin mo.

he narrowed his eyes and smiled helplessly after a while. he looked at the water doll in his arms with a mixture of helplessness and slight disdain. " your father is despising you. "

the water doll, who was crying in the storm, suddenly raised her eyes and glared at shen ting.

After that, she burst into tears. Daddi didn't despise me.

Shen ting smiled, and there was an indescribable joy in his heart. However, he also felt a little annoyed when he saw her crying.

In the end, he still kissed her little face. " alright, stop crying. big brother has already kissed you. "

Little Yi Huan covered her face and looked at him.

After a while, she cried out again. brother, you kissed me randomly. The teacher said that girls can't be kissed randomly by boys.

Shen ting's heart softened, and he reached out to hug her again. After coaxing the little thing for a long time, he was finally done.

Chapter 4558: This is my compensation to him (7)

shen ting's heart softened, and he reached out to hug her again. after coaxing the little thing for a long time, he was finally done.

Time used: 40 minutes.

In fact, after about 20 minutes of coaxing, Yi Huan was satisfied. However, her brother's arms were so comfortable. Yi Huan opened her eyes and leaned against him comfortably. She was so comfortable that she wanted to sleep.

Shen ting also found out later on. The little guy would occasionally take a few whimpers and howl, but he was actually secretly closing his eyes.

Her pink eyelids were closed from crying, and she looked like she was not closing them.

Shen ting couldn't help but laugh. He didn't call her, but continued to patiently coax her.

...

Little yihuan was so comfortable that she almost fell asleep.

After she stopped crying, Shen ting said with a smile, " "Are you done?"

That little fellow seemed to have woken up all of a sudden ...

Her little body trembled, and she opened her big, misty eyes. She couldn't focus, but she just stared at Shen ting. Then, she subconsciously called him 'brother'.

these two words melted shen ting's heart like the spring breeze and rain.

MMH, " he replied softly. He reached out and pulled the little one into his arms to coax her to sleep. This gave Qin yihuan even more reason to stay in his arms.

This coaxing went on for two hours.

Late at night, the little guy finally had a good sleep and entered a wonderful dream.

Shen ting's shoulder was already sore and in pain, but he was still reluctant to let her go.

At that time, it was almost 12 o'clock. Shen ting carefully put the little guy down. He looked at her sleeping face, and his heart skipped a beat.

Shen ting's young and good-looking face had a hint of restraint.

he restrained himself from liking too much, but he knew in his heart that he had already liked too much.

she carefully covered the little guy with a blanket, dimmed the lights, and slowly left.

After leaving the room, Shen ting let out a deep breath at the door. He then returned to his bedroom, but he couldn't fall asleep for a long time.

He was not the only one who found it difficult to sleep. He Huan found it difficult to sleep as well.

She still hadn't fully adapted to Shen ting's presence, so she couldn't fall asleep even after tossing and turning in bed.

if she could not sleep, qin mo would not be able to sleep well either.

qin mo reached out and touched her hair. he said in a low voice, " why aren't you sleeping? "

He Huan rolled over and rested her head on his shoulder. She looked up."Did yihuan cry just now?"

"it's normal for a child to cry." qin mo laughed.

he huan glared at him.

he smiled again. ” shen ting is coaxing her. i can see that shen ting is very talented in taking care of the child. he’s an expert. ”

“qin mo, do you still have any shame?” he huan laughed in anger.

he laughed. ” i’m telling the truth. i’m complimenting shen ting. if he and yihuan have children in the future, wouldn’t yihuan be able to relax? therefore, when it comes to taking care of children, you have to start from the youngsters.”

He Huan was speechless. Qin mo was too shameless. He simply wanted to be a hands-off shopkeeper.

she snorted. ” yihuan is your child, not shen ting’s. didn’t you want to raise him? now you want to raise him to be a mother? ”

qin mo chuckled and placed his hands behind his head. he said slowly, ” “don’t worry, shen ting can handle it.”

He Huan sighed and did not say anything in the end.

“alright, go to sleep. or do you want me to coax you like i coax a baby?” Qin mo smiled.

He Huan was even more speechless. She looked at him and then closed her eyes.

Chapter 4559: this is my compensation to him (7)

when she woke up in the morning, qin mo was no longer in the bedroom. he huan looked around but did not see her.

She pursed her lips and sat up. After thinking for a while, she put on a coat and went to Yi Huan’s room to take a look. After all, she had cried so sadly last night that she didn’t even go to take a look.

well, it was not that she did not want to go, but qin mo did not allow her to go.

He Huan thought irresponsibly in her heart as she walked to the door of the children's room.

It was eight o'clock in the morning. Usually, Yi Huan would have already woken up, but today, he Huan had a feeling that she was still in the bedroom.

as soon as she pushed the door open, she saw shen ting sitting by the bed, looking at yi huan with a gentle gaze.

...

Yi Huan had not woken up yet, which showed how crazy she had been last night.

he huan walked over and said in a low voice, "have you had breakfast?"

She walked closer, and Shen ting only came back to his senses when she was there. He immediately stood up and respectfully called her 'aunty'. Then, he said that he had already had breakfast.

he huan's gaze first fell on huan huan's sleeping face for a while, and then she saw an english book on the bed. she knew that shen ting was a very self-disciplined boy.

And in this self-discipline, he also paid some attention to Yi Huan.

he huan looked at shen ting and thought of the time when she and qin mo were young. did qin mo take time out of his busy school life to take care of himself like shen ting?

Suddenly, he Huan felt that Qin mo had a hard time. She seemed to have let him down for many years.

as she thought about it, she got distracted. shen ting called her 'aunty' twice before she came back to her senses, "what's wrong?"

“yihuan is about to change back into her dress. do you have any of her old clothes here?” shen ting asked seriously.

although he said he wasn't going to buy it, the little guy had been dreaming about the dress at night. what could he do?

He Huan was stunned for a moment, then she couldn't believe it. But she quickly remembered.”i still have some in my apartment. how about this, you can come with me to get them. Your uncle can take care of yihuan at home.”

There was a deeper meaning to her arrangement. Shen ting would be living here in the future. Not only would he have to spend time with yihuan, but he would also have to face her and Qin mo. He Huan was probably the most distant person in the house.

therefore, she felt that she needed to spend some time alone with him.

shen ting was also a little surprised, but he quickly understood. ” okay, auntie. ”

He Huan nodded and returned to her bedroom to change. She then went downstairs for breakfast before telling Qin mo about this.

qin mo only thought about it for a moment before agreeing. as he tore the bread, he asked calmly, ” “Do you want the chauffeur to send you or do you want to drive yourself?”

he huan had originally planned for the chauffeur to send her home, but she didn't expect qin mo to say that. so, she immediately said that she would drive. qin mo also told shen ting to take care of auntie. shen ting wasn't surprised because he was a boy. taking care of a girl was only natural.

On the other hand, he Huan couldn't take it anymore. Qin mo, don't be like this. She's not a housekeeper you hired. I'm looking down on you.

Qin mo and Shen ting looked at each other. The adult and the child actually had the tacit understanding between men. They even dared to look at each other and smile.

He Huan couldn't take it anymore and glared at him. Then, she calmly said to Shen ting, ” “Don't learn bad things from your uncle.”

“don’t listen to her. your auntie likes it when i’m naughty.” qin mo immediately chuckled.

Chapter 4560: Isn’t he a little too pampered?

he huan couldn’t bear to listen to this any longer. she glared at qin mo and took shen ting away.

Before he left, he Huan casually said, ” “shen ting, you seem to be smiling.”

Shen ting was about to deny it, but Qin mo nodded. that’s right, this kid is smiling.

shen ting looked at this person, then at that person. he couldn’t afford to offend any of them.

qin mo chuckled and patted shen ting’s shoulder. ” “Don’t be afraid of your Auntie. She still has to listen to me.”

He Huan couldn’t help but roll her eyes. don’t listen to his nonsense.

...

shen ting only smiled. other than that, what else could he do?

He Huan took her car keys and walked out. Shen ting and Qin mo greeted each other and followed after her. He was very easy-going and submissive, and he was especially natural.

He Huan got into the car and said to Shen ting while fastening her seat belt, ” “Put on your seat belt, and even the back seat.”

Shen ting nodded and fastened his seat belt.

He Huan started the car and slowly drove out of the villa.

after about an hour, they arrived at the apartment she used to live in, and she brought shen ting upstairs.

she pushed the door open. because she had not lived here for a long time, and the cleaning lady had also left, there was a thin layer of dust in the apartment.

“Watch my TV for a while. I’ll go and pack yihuan’s clothes.” He Huan said as she walked in.

Shen ting looked around and said in a light tone,”Let me clean it up, Auntie.”

he huan refused at first. she didn’t want shen ting to do these things, but she saw that shen ting was very natural. he didn’t feel uncomfortable or try to please her at all, so she felt relieved.

in reality, shen ting was very relaxed. he took the initiative to participate in the family. qin mo and yi huan were also very natural. on the other hand, she was the one who was not natural.

He Huan smiled slightly, and then said, ” “that’s good.”

shen ting went to get some cleaning tools. he huan looked at him and felt that he was really capable, so she went to pack up little yi huan’s things.

they really packed a lot, two big boxes. fortunately, they had straws, otherwise, they really wouldn’t be able to carry them.

shen ting had also finished cleaning the place. he came over to help he huan with her luggage, but he huan refused. although shen ting was above 170, he was still a child. however, shen ting was very strong.

he huan didn’t say anything else. she followed him into the elevator and went downstairs to put the luggage in the trunk. shen ting had taken care of everything from the beginning to the end.

he huan was very satisfied. she now had a little follower.

After they got into the car, he Huan said softly before starting the car, ” “I’ll get a driver’s license when I’m 18.”

Shen ting knew that he Huan needed a driver.

he hummed in acknowledgment, and he huan started the car.

When she returned to the villa, the people from the furniture company came over to deliver some of the things she had bought yesterday, including a set of bookshelves and some decorations. They were all from Shen ting’s room.

little yi huan was sitting there, reading a thick book. her eyes were wide open as she held onto a thick book.

shen ting walked over and carried her down from the bookcase. ” “It’s dangerous up there.”

Yi Huan was sitting on the dark-colored bed with a thick book in her arms. She looked like a little doll, and it was the beautiful male version.

shen ting chuckled and turned around to pack his things. he was a good tidying boy, the complete opposite of yihuan.
