

## Thank you 4571

Chapter 4571: The person accompanying her was actually Shen ting (2)

he huan had also experienced the pain of love. he knew that the qin family had treated shen ting like another qin mo and ye muyun. however, his situation was worse than everyone else's, and he couldn't even compare to ye xiangnan.

He Huan sighed. It was really hard on that child.

she waited for qin mo and did not sleep. as expected, qin mo returned in half an hour.

"How is he?" he Huan asked as the door opened and closed.

"I'm reading a book." Qin mo smiled as he walked over and sat beside he Huan.

The bed caved in because he was sitting on it. He Huan looked at him and Qin mo chuckled. I tested his homework. It has nothing to do with your comfort.

...

He Huan just said "Oh" and looked at him.

qin mo smiled and kissed her without saying anything else. "i'm going to take a shower. "

he huan watched him leave. she heard little yihuan talking in her sleep and called out to brother nan.

He Huan laughed, feeling helpless and sad for Shen Tingting.

However, just like what Qin mo had said, Shen ting could only settle everything by himself. No one else could help him.

Just like that, everyone spent the night with their own thoughts.

Shen ting did not give the dress to Yi Huan, and Yi Huan did not mention it either. Perhaps she had forgotten about it.

shen ting hung the dress in his closet for many years.

However, Qin yihuan had no idea.

In the morning, Shen ting went to the changing room after washing up. He couldn't help but take another look at the dress. After looking at it, he was silent for a long time before he took out a set of clothes and changed into it.

When she went downstairs, she was surprised to find that only Qin mo and he Huan were sitting at the dining table. Yi Huan was not there.

“good morning, uncle and auntie.” shen ting sat down at the dining table. ” is yihuan still not awake? ”

qin mo told the truth. ” the ye family's car came to pick her up early in the morning. they said that she would be playing for two days. ”

When Qin mo said this, he also felt that it was unfair to Shen ting. However, this deal had been unfair from the beginning. Moreover, Shen ting would not give up just because of this small matter.

If he gave up, he wouldn't be Shen ting anymore, and that wouldn't be love anymore.

even though qin mo was a little apologetic, he still told her the truth.

He Huan felt a little uncomfortable and secretly kicked Qin mo under the table.

Qin mo tilted his head and looked at he Huan. “why did you kick me?”

He Huan's mood was like f \* cking a dog. He gritted his teeth and said,”i didn't kick you!”

“then it seems like it’s just a puppy.” qin mo’s conclusion made he huan extremely angry.

she glared at him.

Qin mo smiled and did not care if his wife would be angry. He only said to Shen ting in a low voice, “ I have to go to the company today. I remember that school will start in a few days, right? ”

shen ting nodded.

“Come with me to the office later,” Qin mo quickly said.

shen ting nodded again.

“how’s the premiere?” he huan asked softly.

qin mo drank half a glass of milk before telling the truth, ” ” not too good. there are too few showtimes. if we want to counterattack, we can only rely on word of mouth. however, we also have to solve the issue of being locked down. let’s go to the company later. ”

He Huan looked at him and hesitated.

Qin mo knew what she was thinking. He said in a low voice, ” “i know what you mean.”

It was just a bet to make her happy. It was not a bad idea. To King Entertainment, it was not a big deal. At most, it would make AI Jia jump a few times.

Chapter 4572: shen ting was actually the one accompanying her (3)

He didn’t care about AI Jia’s shamelessness in the business world. However, once the Qin family, he Huan, and his parents were involved, he would never let her go.

even if she used to be someone in the qin continent.

Qin Mo's expression turned ugly at the thought of this. He Huan turned her head and asked in a low voice, "Qin mo, what's wrong?"

Qin mo shook his head. it's nothing!

He put down the glass in his hand. I'll wait for you in the car.

he walked out as he spoke.

...

he huan looked at his back and said to shen ting, "don't you think your uncle is a little weird?"

"yes." shen ting nodded his head. "it does look a little different."

he huan also wanted to make him talk more, so she went up to him."What do you think is different?"

Shen ting's expression was a little speechless. "auntie should know more about this."

He Huan,"can't we communicate properly?" Kids these days were all so bad.

shen ting said innocently.

he could not answer this question.

in the end, they still got into the car together and arrived at KING entertainment.

qin mo had a meeting. he huan didn't attend, but shen ting did.

because of this, he Huan had a different opinion of Qin mo.

Because if Shen ting were to rely on his own abilities, he might only be able to participate in such a core meeting when he was 26 years old and above. And now, Shen ting was 13 years old.

He Huan thought to herself that Qin mo had really groomed Shen ting to be his successor.

In her heart, she seemed to be able to understand Qin mo, understand his pain, and understand his difficulties.

Perhaps it was really necessary for Shen ting to appear. Otherwise, he would be working hard in the conference room at the age of 13.

After that, he Huan felt that she was being a little selfish. She didn't want to let go of her, but she felt that Qin mo was only trying to nurture Shen ting.

just as she was letting her thoughts run wild, the two-hour meeting ended.

Qin mo and Shen ting walked in while talking, followed by Secretary he.

He Huan was a little surprised. In the past, Qin mo would always have something to tell Secretary he. Now, he still had to discuss it with Shen ting. Secretary he was also waiting behind him with a good temper.

she saw that he Huan's expression was a little awkward, so she smiled and said secretly, "Shen ting is really amazing. He doesn't look like a 13-year-old at all. President Qin's eyes are really sharp. Where did he pick up this treasure?"

He Huan felt a sense of pride in her heart. She smiled and said, "He's the child of Qin Mo's friend."

even though she said that, secretary he was well aware of how a friend's child would be brought to KING entertainment and attend such a meeting. she bet a bag of spicy strips that president qin would train shen ting as his successor.

However, even though Secretary he knew about it, he still did not say anything. It was better not to say anything before everything was set in stone. It would be good for the child.

After the two women were done talking, Qin mo was making a call. About ten minutes later, he hung up and said indifferently, "there's no way to change 214, but we can start from 215.

he looked at secretary he and said, "start injecting capital and make the box office higher than" in search of tang."

secretary he was a little worried. "will we be able to brush them off? what if they're too big? "

qin mo frowned. "if you can't even get through a lousy film, then quit. "

lousy film?

he huan stuck out her tongue. she really admired qin mo.

no one had ever said that aijia was a bad movie!

Chapter 4573: Shen ting was actually the one accompanying her (4)

however, he huan had to admit that she was secretly happy when qin mo said that. however, she was also happy for a while. she couldn't say that it was a bad movie. otherwise, it would be a slap in the face if she couldn't win.

she had heard that both she and aijia had been nominated for the oscars for the foreign language film next month. in fact, he huan had not taken it seriously. however, her opponent was aijia, so she could not help but feel a little more disappointed.

However, she tried her best to remain calm. She still wanted to prove herself with her capabilities. Besides, she did not want to trouble Qin mo with such matters. Qin mo did not only manage King Entertainment. She knew that he was very busy.

after qin mo finished speaking, not only he huan, but even secretary he was stunned.

when did president qin become so generous?

in the past, boss qin hated buying votes. it was useless to call it a bad movie. now, in order to please his wife, he wanted to buy votes while calling the other party a bad movie.

...

How unreasonable can you be?

It was simply unreasonable.

secretary he endured the pain and laughed. ” okay, president qin, we will definitely make it up. ”

this series of actions made he huan, who was at the side, feel so ashamed that she couldn’t even show her face. was she going to lose for sure? was she just going to farm?

Qin mo seemed to have read her mind and said, ” “If you don’t, you’ll definitely lose.”

However, it would only last for two or three days. After the word of mouth reversed, it would simply beat other bad films. This time, Aijia’s film was indeed a bad film. The big scene was also a lie. It would not be stable in the future. However, if ” twin ” did not build up momentum, a literary film would still not be able to beat a bad film. There was no other way, the market was like this.

After Qin Mo made the arrangements, he took care of some other matters.

he huan and shen ting chatted for a while, but qin mo called shen ting over again.

He Huan thought that Qin mo would only be busy at King Entertainment for half a day. She did not expect that he would bring her and Shen ting to a newly built building in the prime area of B city in the afternoon.

At the love building.

The 68-story building was an asset under Qin Mo's name. It was mainly in the financial sector. There was not only one company, but many other companies, and they were managed by various elite teams. Qin mo only listened to the briefing once a week, but this was already tiring enough.

he huan was resting in the lounge attached to the office. occasionally, she could hear qin mo's voice and shen ting's teasing.

qin mo and shen ting were busy the entire afternoon.

it only ended at seven in the evening. he huan couldn't help but say, "Qin mo, Shen ting is only 13 years old."

before shen ting could say anything, qin mo had already said, "when i was 13 years old, it was common for me to sleep less than four hours a day."

he huan was a little angry. "then you're going to make shen ting sleep for less than four hours?"

qin mo's voice became a little more indifferent and he lowered his voice. "i didn't say that. be good. i'll try my best to make it easier for him."

However, he quickly added, "he Huan, you have to put in more effort than you get in return. I'm sure ye xiangnan won't have it easy either. You know that very well. So, if you want to protect her, you should really think about it, right?"

He Huan was really a little unhappy when he said that. She bit her lip and muttered after a long time, "you're right."

"She's angry again." qin mo laughed. "you get angry so easily. you're even more childish than yihuan. shen ting, do you want to coax your auntie?"

Chapter 4574: Shen ting was actually the one accompanying her (5)

“She’s angry again.” qin mo laughed. ” you get angry so easily. you’re even more childish than yihuan. shen ting, do you want to coax your auntie? ”

shen ting was a little embarrassed by his words. he didn’t say anything for a long time, and his handsome face was a little red.

He Huan glared at Qin mo. you’re not serious. Don’t misguide the child.

qin mo also said meaningfully, ” even if you’re willful and want to enjoy life, you shouldn’t affect the child. ”

He Huan couldn’t continue to communicate with him, but she knew that he was right.

the successors of large corporations and families had all been training like crazy since they were young. it was not easy for them to look decent and tall.

...

after all, not sleeping much was probably a sign of good genes.

He Huan didn’t care anymore, because she felt that Shen ting didn’t need what was human.

in the end, she still decided to let men solve their own problems.

he huan thought it through and felt much more relaxed. she glanced at qin mo. ” where are we going for dinner? ”

Qin Mo closed the document, but his gaze fell on Shen ting’s face. He smiled and said, ” “i’ll cook for you when we get home tonight. the three of us can eat together. how about it? as for your auntie, i’m taking advantage of you. i don’t cook for no reason.”

he huan stood at the side and looked at qin mo with a look of disdain.

qin mo laughed, his voice clear and pleasant. ” “shen ting, pack up your things. we’re going home.”

on the way back, he huan walked in front while the two men followed behind. qin mo’s hand was hooked on shen ting’s, like a father and son, or an older brother taking care of his younger brother.

suddenly, shen ting understood.

why was yi huan not at home? why did uncle cook today? they just wanted to tell him that he could still be their child without yi huan.

She treated him well not only because of yihuan, but also because he was a part of the family.

all of a sudden, shen ting’s heart, which had no place to rest, quietly calmed down.

He Huan reached the elevator and turned around to look at them. She smiled.”There’s no proper form.”

after qin mo entered the elevator, he put his arm around her shoulder. ” “mrs. qin, you don’t like it?”

He Huan rolled his eyes.

qin mo smiled and did not say anything else.

On the way back, he Huan was sitting in the back seat, and she was concerned about Shen ting.

president qin couldn’t help but say,”i’m the one who has it the hardest, okay? he huan, don’t you care about me?”

“aren’t you used to sleeping four hours a day? you slept for eight hours last night, so you should be able to stay up.” he huan muttered.

Qin mo laughed happily. Shen ting, look at your aunt’s mouth. It’s getting better and better. She’s so kind and doesn’t seem like her. Otherwise, where would she find a kind person like me to marry her and treat her like a treasure? she doesn’t even appreciate it.

The adults were flirting with each other. Shen ting had only been with them for a few days, and he was a 13-year-old boy. He felt very uncomfortable, and his face was red again. Fortunately, it was quite dark in the car, so the adults couldn't see it. However, he thought to himself, 'uncle loves Auntie very much. Auntie may look indifferent, but it's obvious that she's heartbroken.'

He thought to himself that no matter what happened to yihuan, he would still pamper her like this. It was probably a blessing to be able to pamper someone he liked.

He suddenly felt a little envious of Yingying.

Chapter 4575: Shen ting was actually the one accompanying her (5)

Finally, the adults 'banter ended, and Shen ting's face was no longer as hot as before. In fact, it was even a little red.

he only calmed down a little when he got into the car, but he was still a little uncomfortable.

qin mo looked at the people in front of him. he was discussing the movie with he huan as he drove. at this moment, he really had to discuss it with he huan. after all, he huan was the one who made the movie, even though he had done a lot of post-production.

qin mo's fingers were on the steering wheel as he focused on the situation in front of him. his voice was calm."Recently, the negative news about AI Mengmeng on the internet has decreased a lot."

When he said this, he Huan thought of the movie queen, so she said softly, " "what about the negative news about the movie queen?"

Qin Mo's voice was low and charming. Didn't I tell you? she will appear at the premiere and announce that she has been married for a long time. She will be able to turn things around easily.ai Mengmeng is different. She needs a strong opportunity to have the success of 'twin' and to have a positive image. She needs someone with a high popularity to help her stand up and help her clear her name. This way, the public will be able to accept that her dark history was framed by others and not that she took the initiative to do it. Do you understand? "

...

He Huan understood and was grateful.

she didn't have anything for ai mengmeng, but her heart ached for rong yue.

rong yue's health was not good and he could not take the blow. she also had limited abilities. only qin mo could protect ai mengmeng.

however, he huan suddenly felt a little upset. she even forgot about shen ting who was in the back seat. she said in a low voice, " qin mo, i'm a little jealous. "

as she spoke, she gently hugged his arm and even rested her small head on his shoulder.

president qin was shocked by his wife's sudden act of coquettishness. he glanced at the rearview mirror with a hint of warning in his eyes.

shen ting immediately turned his face to the side."don't listen, don't look, and don't speak."

qin mo was satisfied. this child was really sensible.

He then rubbed he Huan's head and said in a hoarse voice, " "what's wrong? why are you suddenly acting like a spoiled child?"

he huan was completely immersed in the feelings of a young girl and couldn't extricate herself. when she spoke, her voice was like that of a little lamb, soft, cute, and adorable.

She said in a low voice, " I'm just angry. You're so nice to her, but you even arranged roles for her in the past. You even gave her a house and a car, right? "

In the end, the spoiled little woman said angrily, " "You're practically treating her like a small wife."

Qin mo was speechless. He thought about it while driving and finally nodded in agreement. “yes, yes, yes, you’re right.”

He Huan glared at him as if he was about to die from anger.

Qin Mo’s voice had a hint of a smile. “That’s right. In the end, the mistress I’m raising will marry your first love. Isn’t that fair? do you feel better now, mrs. qin?”

he huan was stumped. after a long time, she muttered, ” my first love is not rong yue. ”

qin mo’s heart was sour, sad, and a little sweet. his voice changed to a gentle tone, as if he was talking to a lover.”then who is it? can you tell me?”

just as he huan was about to speak, an uncomfortable cough came from the back seat. it was shen ting, and he couldn’t take it anymore.

the two adults were too shameless.

he huan’s face turned red and hot. she glared at qin mo and sat up straight, ignoring him.

Chapter 4576: The person accompanying her was actually Shen ting (7)

just as he huan was about to speak, an uncomfortable cough came from the back seat. it was shen ting, and he couldn’t take it anymore.

the two adults were too shameless.

He Huan’s face turned red and hot. She glared at Qin mo and sat up straight, ignoring him.

Qin mo was in a particularly good mood, and only then did he find the time to talk to Shen ting, who was in the back seat. “see, women are all unreasonable. your aunt was the one who started the

interrogation, but now she's cowering as if it's my fault. women are like this, you have to be careful in the future."

shen ting coughed violently again. he simply couldn't take it anymore.

In the world of adults, was everything else so coquettish besides love?

...

it was full of tricks, full of things that he didn't know at his age.

shen ting could only pretend that he didn't know anything, that he couldn't tell, and that he was stupid.

he didn't expect qin mo to be so open in front of him. after all, this was a private matter between husband and wife. moreover, he was an outsider.

shen ting was an especially smart person. he immediately understood why qin mo didn't avoid the taboo. it was because he really saw him as his son, so he didn't avoid the taboo.

of course, he thought that if they were quarreling, qin mo would not be in front of him. adults would always show their best sides to their children.

after shen ting thought it through, he didn't say anything and just smiled.

qin mo continued to say a lot, but he huan ignored him.

he was too evil.

When the car reached the villa, Qin mo stopped the car and gestured for Shen ting to get out first. " i'll come over after a few words with your aunt. go back and watch tv for a while. you don't have to study so hard. "

shen ting understood that it would be the adults 'world again. his face became thin and hot again, and he didn't want to watch anymore, so he immediately jumped out of the car.

Qin mo waited for Shen ting to walk away before he unbuckled his seat belt. He rubbed his chin and said to he Huan, " "That child seemed very uncomfortable."

"i want to get out of the car," he huan unbuckled her seat belt.

just as she was about to get out of the car, qin mo held her hand. " "wait a minute, i still have something to say to you."

He Huan was speechless. let's talk later when we sleep.

Qin mo ignored her and said, " "did you just say that i'm keeping a mistress?"

Mrs. Qin immediately sensed danger. The more Qin mo spoke in a light tone, the more dangerous it was.

She stretched out her hand and said in a low voice, " I was wrong. I'm sorry, Mr. Qin. Please be magnanimous.

qin mo smiled and reached out to touch her face. " "you're quite smart. now you know how to please me. "

He Huan's expression was hard to describe, but she didn't dare to do anything.

Qin mo knew when to stop and smiled, " "alright, i'll let you off."

He Huan wanted to scold him. He had already gotten out of the car. His posture when he opened the door and got out of the car was extremely elegant, beautiful, and Noble. He Huan's face couldn't help but turn red when she saw this. She was a little embarrassed.

qin mo turned around and looked at her. then, he smiled. " "What are you looking at? you're so engrossed that you're in a daze."

He Huan came back to her senses and jogged over. She hugged his arm and leaned against him, whispering, ” “My first love was Mr. Qin.”

“Then, Mr. Qin, do you know which year it was?” Qin mo smiled.

He Huan pursed her lips and mumbled after a long time, ” “The year of my period.”

The year you fed me red beans, the year you gave me your jacket.

Chapter 4577: The person accompanying her was actually Shen ting (8)

after she finished speaking, qin mo smiled slightly.

it was very warm to walk with her in the dark and walk to a place with light.

Qin mo took her off his body and clasped her with his fingers. His voice was even gentler than the night.”i know,”

he huan’s little face blushed slightly, and then she said a little awkwardly, ” “you don’t know,”

Qin mo merely smiled and did not say anything else.

he felt that he should be able to somewhat understand he huan’s feelings.

...

at that time, it wasn’t that she didn’t like it, but that she liked it too much, so she was afraid.

After all, he pampered her a lot at that time, but he was also strict with her.

Qin mo held her hand and said with a smile, ” “In the future, I’ll be more lenient with you.”

He Huan’s face was slightly hot, and she looked at him strangely after a while.

In fact, she understood it in her heart.

After so many years, they were finally together.

yes, they were in love too.

he huan felt that it was not bad. under this feeling, the brief romantic moment with rong yue seemed so light. it was as if it had happened in her previous life, or perhaps it had never happened at all.

The one she liked had always been Qin mo.

She felt a little sweet in her heart. When they arrived at the villa, Qin mo asked her and Shen ting to watch TV together while he personally cooked. The servants in the house also held their breaths and watched from the side.

Qin mo felt uneasy and looked up with a smile. why are you guys looking at me? go do what you need to do.

only then did the people disperse.

in the living room, he huan took off her coat and walked to the sofa.

Shen ting sat upright. The good-looking young man had a reserved look. Even when he was watching television, he did not feel relaxed.

he huan suddenly remembered that he looked like qin mo when he was young. this was probably the reason why qin mo chose shen ting.

it was because they were very similar.

he Huan further confirmed that Qin Mo liked Shen Ting from the bottom of his heart and not just for Yi Huan.

As she thought of this, she became closer to Shen Ting. She felt that he was her child, but this child was always a little restrained. She didn't say much and just sat side by side with him.

The distance between them was too close. Shen Ting's face was slightly red, but he still moved closer to her.

Although there was a 20 year age gap between them, Shen Ting was very tall. Moreover, he Huan's current celestial beauty was really young. So, they really didn't look like mother and son at all. They looked more like brother and sister.

She didn't know if it was he Huan's imagination, but she felt that Shen Ting looked like a child born and raised in the Qin family. This was probably fate.

Shen Ting and he Huan sat for a while. In the end, he felt that it was too much to ask Qin Mo to cook for him. He told he Huan that he was going to cook for him and ran to the kitchen.

Qin Mo heard his footsteps and knew that someone was coming. However, he did not expect it to be Shen Ting.

So, when Shen Ting gently poked him on the arm, Mr. Qin's boyfriend reached out and pulled Shen Ting into his arms. Just as he was about to kiss him, he suddenly realized that the person in his arms was not he Huan, but Shen Ting.

Qin Mo was also shocked.

The atmosphere was very confusing.

After a while, he finally remembered to put Shen Ting down and coughed, "Oh, it's you."

Shen Ting was also young, so how would he know about such things between adults?

her little face was red. she wanted to say something, but she really couldn't say anything. in the end, she actually ran away.

Qin mo was stunned for a moment before he regained his senses. He knew that he was embarrassed, so he shook his head and smiled.

Chapter 4578: the person accompanying her was actually shen ting (9)

Qin mo was stunned for a moment before he regained his senses. He knew that he was embarrassed, so he shook his head and smiled.

Not to mention Shen ting, even he was shocked.

Qin mo took a while to calm down and continued to cook.

when shen ting returned to the living room, his face was a little red.

He Huan also noticed it and asked curiously, ” “why is your face red?”

Shen ting felt even more embarrassed. He touched his face with his fingers and said, ” ah, did I? ”

...

“it's still hot.” he huan touched it.

shen ting-

For the first time, her face was as red as a little princess.

oh, it's too exciting to live with uncle and aunty.

By the time Qin mo finished preparing dinner, it was almost nine O 'clock. Fortunately, he Huan and Shen ting had both eaten something to replenish their energy.

Just as they were about to start eating, Qin Mo's phone rang. He was smiling when he answered the call because it was yihuan's phone.

However, the moment he picked up, his expression changed.

He Huan also noticed the change in his expression and could not help but feel nervous.

he wanted to ask, but he didn't dare to.

This was because it was rare for Qin mo to have such an expression.

At that moment, Qin mo had already put down his phone. He stared at he Huan for a while and said in a low voice, " " yihuan fell and bled a lot. let's go to the hospital now. "

after that, his gaze fell on shen ting's face.

Shen ting seemed to have guessed something, and his good-looking lips pursed up. "i'll go with you."

qin mo nodded. " take your coat. i'll wait for you in the car. "

he said as he walked out in his sweater.

It was obviously very serious.

When he Huan and Shen ting got into the car, Qin mo started the car without even waiting for them to put on their seat belts.

Along the way, he Huan was very anxious but she didn't ask because she knew that Qin Mo's mood was even worse.

He still had to drive, and he had many things to consider.

At this time, Shen ting held her hand. He didn't say anything, but the young man's hand was warm.

He Huan pursed her lips and held Shen ting's hand.

The rest of the situation was a little messy. When they arrived at the hospital, Yi Huan was lying on the bed in the VIP Ward. Her face was pale. One of her pants had been cut in half, revealing a large wound on her knee. It was bandaged, but blood was still oozing out.

This was he Huan's first time seeing Yi Huan lose blood, and her heart ached.

"i'll transfuse blood to her." she grabbed qin mo's arm.

qin mo tilted his head.

in fact, he huan's health was not very good. she had only recovered a little. it was not wise to draw blood now, but he knew that yihuan needed blood very much.

So even though he knew that this would not be good for he Huan, he still nodded.

"i'll draw 200." he said to the nurse, his voice a little hoarse.

Drawing he Huan's blood was like stabbing a knife into his heart.

It was a raw, dull pain.

the nurse frowned. " the patient needs at least 600. the hospital doesn't have such scarce blood. "

without waiting for qin mo to speak, shen ting said, " "take mine."

The nurse looked at him and said, " he's not an adult yet. I don't agree with drawing blood.

However, just as she finished speaking, Qin mo had already said, ” “This is my son, take his.”

Shen ting had an indescribable feeling in his heart.

he had a feeling that qin mo had other profound reasons for insisting on drawing his blood. although it was rare, it did not mean that he could not get the kasaya.

500 yuan was indeed a lot for shen ting. the massive loss of blood had made him a little tired. in addition, he had not eaten that night. after seeing that yi huan had recovered, he could not take it anymore and went to the ward next door to lie down.

Chapter 4579: The person accompanying her is actually Shen ting10

500 yuan was indeed a lot for Shen ting. The massive loss of blood had made him a little tired. In addition, he had not eaten that night. After seeing that Yi Huan had recovered, he could not take it anymore and went to the ward next door to lie down.

he huan was the same. 200 yuan was almost killing her, and she didn't know how long it would take for her to raise the 200 yuan.

Since Qin mo went to visit them, he should be relieved that everything was fine.

He held he Huan's hand and said in a low voice, ” rest for a while. when you feel better, i'll get the nurse to send some easily digestible food over. watch over shen ting and eat with him. also, don't let him visit yihuan, at least tomorrow. otherwise, he won't be able to rest well. ”

although he huan was weak, he still nodded.

qin mo whispered a few more words and then went to look at shen ting. he reached out and touched his face.

...

After a few seconds, she went to Yi Huan's ward.

After 700 drops of blood were injected into her body, Yi Huan's complexion looked much better. However, she was still half-awake and calling out to brother Xiang Nan.

Ye xiangnan, ye mu Bai, and Wen Yuan accompanied them. Ye mu Bai and Wen Yuan were a little sorry for this accident, but they did not say much. They did not want to say any hurtful words.

Ye xiangnan was sitting quietly on the sofa beside the bed, staring at Yi Huan's little face.

He was actually a little frightened. He couldn't imagine what would happen to Yi Huan without blood.

She had lost a lot of blood, so much that she could not stop it. When he carried her into the car, Yi Huan's little body twitched. At that time, her heart was broken.

It was at this moment that even though she was clearly much better, his heart still felt a little scared and uneasy. He always felt that she was weak now, lying there like a bubble in a dream.

In fact, he was a little jealous of Shen ting. He was jealous that Shen ting's blood could save Yi Huan while he could only sit here and wait.

This jealousy made ye xiangnan understand what he was thinking. He had such a doll-like little girl in his heart, but her hair was cut like a dog's bite. However, she was still very beautiful, more beautiful than any girl he had ever seen.

Ye xiangnan thought to himself, "I do want her to be my wife, but now I have Shen ting.

There was a slight pain in his eyes as he reached out to hold Yi Huan's hand.

he was young and had an extraordinary background. however, qin mo's first arrangement had caused him to suffer a setback and was not completely acknowledged. therefore, he was angry and happy.

However, how old was Yi Huan? other than following behind him and calling him ‘miss brother Nan’, what did she know? she did not know anything.

but it was because she didn’t understand that he was even more worried, even more uneasy, and worried about his personal gains and losses.

He was not the only outstanding candidate.

Shen ting was also outstanding and had precious blood.

As ye xiangnan was thinking, the hand in his hand moved, and he quickly looked over.

yi huan woke up and opened her eyes tiredly, ” “i miss brother nan.”

these four words were very light, with some fear and grievance, but it was enough to make ye xiang nan want to cry.

he held her hand tightly and said in a low voice, ” “are you feeling better?”

yi huan buried her little face in the pillow, ” “brother nan, can you call me baby?”

she had called him “brother shen ting” once, and she felt that it was especially nice to hear. when she heard it, she felt like she was a little princess.

ye xiangnan was dazed for a moment, then he called out in a low voice.

Chapter 4580: the person accompanying her is actually shen ting11

ye xiangnan was dazed for a moment, then he called out in a low voice.

he wanted to talk to her, but yi huan had already closed her eyes and fallen asleep.

he did not hear the word 'baby' at all.

Ye xiangnan was a little disappointed. It took him a long time to make sure that she was really asleep.

He was a little unwilling and even more reluctant to leave, so he just sat there, always.

In the middle of the night, Qin mo still let him go to bed. At first, he was unwilling to go to bed but Qin mo insisted because there was no need for one more person to guard him. Besides, yihuan was fine.

...

in the end, ye mu bai took his son away and was prepared to come back early in the morning.

Only Qin mo and a nurse were left in the ward.

At one o'clock in the night, the nurse finished her work and said respectfully, "Mr. Qin, the child is fine now. The doctor will come for a ward round tomorrow morning. You should rest early."

qin mo nodded and watched as the nurse went out to close the door.

However, everyone was already asleep. How could his father fall asleep? especially when Yi Huan had lost so much blood today. Just thinking about it made him feel a little scared.

qin mo didn't feel sleepy and kept watching over her.

At around two o'clock in the night, the door of the ward was pushed open. Qin mo turned his head and saw Shen ting enter.

It was obvious that Shen ting was relieved because he was the only one in the room. He walked closer and asked in a low voice, "how is she?"

Qin mo rubbed his sore eyes. he should be fine. After he falls asleep and eats something tomorrow, he should be alive and kicking again.

Shen ting made a sound of acknowledgment and walked over to sit on the bed.

He had taken 500 blood, but only now did he get close to her. God knew that he didn't need to rest. He just wanted to be with this little person.

even if i can't help him with anything, i'm satisfied just by looking at him. ]

Qin mo looked at Shen ting's appearance from the side. He sighed in his heart, and his heart ached a little.

This child, Shen ting, might have a lot of setbacks in his relationship in the future.

he was starting to doubt if he had made a mistake. was it a mistake to arrange for shen ting to be with yi huan when she liked xiang nan and xiang nan obviously liked yi huan?

To Shen ting, this was indeed torture and pain, and it was also unfair.

This was the first time Qin mo doubted himself. He Huan had protested many times in the past, but he didn't think so. However, now that he saw Shen ting's sad expression, he felt that he was wrong.

how could he let someone else suffer the same pain that he had suffered?

Qin Mo's heart was in turmoil, but he didn't show it on his face. Just then, he Huan came over. Her face was as pale as Shen ting's.

qin mo was a little surprised and immediately asked in a low voice, " "Why are you here?"

"have you and shen ting eaten?"

He Huan shook her head and walked to Shen ting's side.

“She’s fine,” Shen ting said in a low voice.

He Huan sat down and touched Yi Huan’s little face. She stared at it for a long time. At this time, Qin Mo made a call to ask someone to send some food over. He didn’t care about it at first, but he decided to eat with them.

The food was delivered. There were food and nourishing soups. He Huan had no appetite but Qin mo forced her to eat a little. Her body was really weak. After eating, Qin mo fed her half a sleeping pill and carried her to the next Ward to let her rest.
