Chapter 4581: the person accompanying her is actually shen ting¹²

After she finished eating, Qin mo fed her half a sleeping pill and carried her to the next Ward to let her rest.

When he came back, he still had a headache because there was still one that refused to leave.

Qin mo walked over and patted his shoulder. His voice was slightly low. "I'll go with you. you can go with your aunt. I'm worried if she's there alone after taking sleeping pills."

Of course, this was just an excuse. He just didn't want Shen ting to work too hard. After all, he had just drawn so much blood.

In fact, Qin mo did have other methods. Shen ting was not the only one who had blood, but he wanted shen ting to remember this day and the time of pain.

This was because love was always painful before one could get it.

...

It was just like how he was to he Huan.

Qin mo had some things he wanted to say, but today wasn't the right time. Perhaps he could have a talk with Shen ting tomorrow or the day after.

After he finished speaking, shen ting softly replied, "I want to be with her."

Qin mo thought for a while and agreed, "If you can't take it, go to sleep. You can't force yourself to understand, right?"

Shen ting nodded.

Qin mo didn't force him and went to visit he Huan for a while before returning.

shen ting stubbornly protected yi huan, as if he was protecting that tiny bit of hope.

Even he himself knew that it was very unlikely.

still, she guarded it firmly, still waited stubbornly.

Many years later, Shen ting would sit alone in the president's office and think about whether his choice back then was right or wrong.

no matter what he thought later on, at this time, he truly loved this little guy.

in the middle of the night, shen ting couldn't even bear to close his eyes.

He had finally gotten this opportunity. Only when ye xiangnan wasn't around could he stay by her side.

just like the relationship between the three of them-

He, Shen ting, was just a substitute.

he didn't feel so bad in the past, but now that he was lying here and there was someone else by her side, he really felt terrible.

Shen ting had to suppress this kind of discomfort, otherwise, he would lose his composure.

A 13-year-old teenager would always have his pride.

shen ting stayed by her side the entire time. at around four o'clock in the night, when even qin mo could not take a nap, yihuan woke up. she opened her eyes and saw a familiar face under the warm light beside her pillow.

“i miss brother nan,” yi huan unconsciously called out.

Shen ting’s heart ached. Even in her half-awake state, she was still thinking about the South at night.

He was upset, but he didn’t show it on his face. He didn’t want to disappoint her, so he was willing to let her misunderstand.

shen ting nodded and reached out to touch her forehead. ” baby, do you want to eat something? ”

little yihuan’s face was fair, but her eyes were especially bright, just like a newborn bird, fresh and cute. she mumbled, ” “brother calls me baby.”

Shen ting’s heart ached again, but his voice was extremely gentle as he said, ” “From now on, brother will call you like this, okay?”

The little guy nodded obediently.

in fact, shen ting was already very tired, but because she was awake, his spirits were lifted. he said in a low voice, ” “i’ll get you some red bean soup, okay?”

it was originally for he huan, but he huan didn’t like it, so she didn’t touch it. it had been left in the thermos, and now he could give yi huan some.

As soon as he finished speaking, Yi Huan’s face was filled with fear.

Chapter 4582: The person accompanying her is actually Shen ting (13)

Like he Huan, Yi Huan did not like to eat this.

the little person sat on the bed, and she frowned as she glared at shen ting. she then cried out, ” “I don’t want to eat this.”

Shen ting was stunned for a moment before he understood. She had inherited he Huan's preferences.

However, even though she didn't like it, Shen ting still coaxed her. After a long time, Yi Huan bit her small mouth and gave in.

moreover, at this moment, she no longer thought of him as a loner and naturally called him brother shen ting.

shen ting said in a low voice, " i've already eaten a little. be good. "

...

yi huan waited for him to feed her.

shen ting smiled slightly, but there was a bit of bitterness in his smile. this was something that xiao xiao yi huan couldn't understand.

Yi Huan's attention was focused on the bitterness in her mouth. Just like he Huan, she felt that it was particularly bitter.

It was as bitter as taking her life.

but since brother shen ting was feeding her, she still obediently drank it because brother shen ting's expression looked very worried.

Yi Huan watched him drink the red bean mouthful by mouthful.

Because it was hot, even though it was a little unpalatable, it was really comfortable in her stomach.

Although Yi Huan's blood had been replenished, she was still very weak. She leaned gently on the pillow and opened her eyes wide. brother, can you tell me a story? "

she called him 'brother' again, and at this time, shen ting could no longer argue with her. he was also very tired and sleepy, but he wanted to be with her more, so he put his head on her pillow and told her a story in a soft voice.

Yi Huan didn't know that Shen ting had bought a thick fairy tale book and finished reading it in one night.

so, he told a few stories in a row, some of which yihuan had never heard before.

her eyes were wide open, and her palm-sized face was full of admiration. "big brother is so powerful."

Although it was just a simple sentence, Shen ting's heart was filled with warmth and an indescribable feeling.

He raised his head slightly and looked at Yi Huan.

yi huan also looked at him, not knowing what she had done wrong.

"I hope that when you grow up, you'll be able to say this to me," Shen ting said in a low voice after a long time.

Because of her words, Shen ting used all his strength and became the CEO of King Corporation at the age of 28, not just King Entertainment.

at that time, qin mo had almost retired to the second tier, and the entire corporation was handed over to shen ting. then, when he huan was 24 years old, which was when shen ting was 30 years old, he huan took over KING corporation. however, shen ting still held the power. at that time, it was not impossible for him to seize the throne.

However, he had never done that before. Shen ting had always been the executive President.

The man who stood in front of Qin yihuan.

At this moment, it was time for the two to be innocent.

however, the male and female leads were qin yihuan and ye xiangnan.

it wasn't him, shen ting, who was willing to be a supporting character and enjoy this stolen moment.

Such a quiet and beautiful, but somewhat painful moment finally ended with Yi Huan's exhaustion.

The little guy yawned and said in a low voice, " "I want to sleep, brother."

as soon as she finished speaking, her eyes closed and her little face fell onto the pillow. she had actually fallen asleep.

shen ting didn't know whether to laugh or cry, and his heart ached for her. in fact, he was also exhausted, but he had been holding on.

now that she was asleep, it was a relief for him, but in his heart, he couldn't bear to let her go.

Chapter 4583: The person accompanying her is actually Shen ting¹⁴

Now that she was asleep, it was a relief for him, but in his heart, he couldn't bear to let her go.

The teenager held it in for a long time, but he still couldn't help reaching out his finger to touch her face gently.

yi huan's long eyelashes moved slightly as she mumbled something.

although it was blurry, shen ting could clearly hear that she was missing brother nan.

His heart ached, and he felt lost. However, this feeling only lasted for about a minute. He smiled slightly and touched her short hair gently.

although it was short, it was surprisingly soft, just like yi huan, who was especially soft and cute.

...

before shen ting could retract his hand, qin mo's voice rang out from behind him. " she's asleep? "

Shen ting was a little embarrassed. After all, he had touched her. He lowered his head and hummed in agreement.

qin mo guessed that he was embarrassed and smiled. " go and sleep for a while. " i'll call you later."

Shen ting nodded and agreed.

he went to the ward next door. he was physically and mentally exhausted, but he did not sleep the whole night.

On the other hand, Yi Huan had a bizarre dream that night.

when she woke up, she had forgotten everything that had happened last night.

She had forgotten that Shen ting had fed her and told her many stories.

She had forgotten that it was Shen ting who had accompanied her through this dark and gloomy night.

Because when she woke up in the morning, she saw ye xiangnan's handsome face next to her pillow.

"I miss brother Nan." Yi Huan's voice was small and light, with a touch of surprise, " "Did you spend the entire night with me?"

Before ye xiangnan could say anything, Yi Huan said sweetly, " I miss you so much. I miss brother Nan.

the little one was acting coquettishly because of her injury. usually, she would have a temper like a noble young master and would always feel distant. however, yi huan did not care today because the sick person was the most important.

her little body was no longer uncomfortable, and she flew into ye xiangnan's arms.

ye xiangnan held the little guy in his arms. he felt that the little guy had a smell of medicine and a special milk fragrance that children had.

This taste was indescribably comfortable and at ease, so he forgot what he wanted to deny.

He had tacitly agreed to the fact that he had accompanied her for the entire night.

while they were hugging, shen ting stood quietly at the door. there was not much expression on his good-looking face.

he wasn't angry, nor did he feel too disappointed.

He was just calm, as if he had already anticipated what would happen.

he huan watched from the side and patted his shoulder. "you can tell her."

Shen ting's eyes were still on Huan and ye xiangnan. After a while, he said in a soft voice, "Auntie, don't say anything. I don't want to change her mind because of something else."

He did like Yi Huan, but he wanted her to be truly happy.

it wasn't because of how much blood shen ting had given her. if there were conditions to a relationship, it would be an insult to love.

When Shen ting said that, he Huan's heart ached a little. He wanted to say something, but Shen ting said in a low voice, "I'm going to find the doctor to ask him something."

he left after he finished speaking.

He Huan could only sigh.

qin mo was there as well. he had expected this outcome. in fact, it was fair to ye xiangnan because yi huan lived with shen ting every day. when shen ting came back from abroad, yi huan was in her youth period. ye xiangnan was probably busy with starlight entertainment.

Chapter 4584: the person accompanying her is actually shen ting15

Qin mo was there as well. He had expected this outcome. In fact, it was fair to ye xiangnan because Yi Huan lived with Shen ting every day. When Shen ting came back from abroad, Yi Huan was in her youth period. Ye xiangnan was probably busy with Starlight entertainment.

this starting point was fair to them.

However, he Huan didn't think that way. In her heart, Shen ting was already a child of her family, and she would always be biased.

He Huan was a little unhappy and complained to Qin mo afterwards, "if yihuan doesn't know, aren't you hurting shen ting by doing this? This child is mature and sensible, but he must be sad."

Qin mo only said that he respected Shen ting's decision.

seeing that he huan was still unconvinced, he smiled. "you don't know, this is a man's pride. only women care about this."

...

He Huan looked at him suspiciously.

"You don't understand the world of men." Qin mo laughed.

he huan was speechless. there was nothing she could do about it. qin mo was right about one thing.

it was shen ting who was proud.

he huan had a chat with shen ting after that. sure enough, men understood men.

after that, she stopped talking. she only found out that from then on, shen ting would draw 100% of his blood every month and put it in the blood bank. after he went to study abroad, he would come back and draw 300% of his blood every two months. so, all the blood yihuan used was shen ting's blood, including one major hemorrhage, which used up 2000 ml of his blood.

They were all blood drawn from Shen ting's body.

at that moment, shen ting had just returned from the doctor's office. ye xiangnan was with yi huan.

When the door opened, Yi Huan looked up and saw Shen ting.

she called him 'big brother' happily.

"at least, she's happier than last night," shen ting thought. "it's probably because ye xiangnan is with her now, so she's in a particularly good mood."

shen ting smiled and did not mention anything about last night. he just stood by the bed and touched her little head, "are you feeling better?"

"I'm much better now, brother. I dreamed of eating red beans," Yi Huan said sweetly.

"it's really bad!" she stuck out her tongue.

Shen ting's facial muscles twitched slightly. After a while, he smiled, "red bean is good for blood circulation."

ye xiangnan looked at shen ting thoughtfully. he probably knew what was going on.

However, he didn't expose her.

With his thoughts about the South at night, Shen ting felt that it would be boring for him to stay any longer, so he let out a breath, "it's good that you're fine. i still have some homework to do."

He was a little disappointed. "brother shen ting, you've just arrived and you're already leaving?"

after she finished speaking, shen ting stared at her with a strange look in his eyes.

It was the same for ye xiangnan.

After a long time, Shen ting finally smiled. you'll be home tomorrow. Be good and take good care of yourself.

"Or else I'll have to drink red bean again," he said after a pause.

yi huan's face was full of disgust.

shen ting gave a faint smile and didn't say anything else.

in the end, he still went out first. qin mo arranged for a car to send him back, mainly because shen ting really needed to rest.

ye xiangnan caught up with shen ting at the door, "wait a moment."

shen ting stopped.

He tilted his head and looked at the only male heir of the ye family, ye xiangnan.

As long as he was willing, he would have a bright future in politics and business.

the only thing shen ting envied about him was that he always missed brother nan when he missed him every night, and he worked hard and went with the flow.

But now, Shen ting didn't have the right to go with the flow anymore. He wasn't outstanding enough, and even mentioning that he liked her would be humiliating.

Chapter 4585: how many good brothers do you have?(1)

the two equally good-looking and outstanding boys looked at each other. the long corridor of the hospital was dead silent.

after a long time, ye xiangnan finally said, " "Why didn't you tell her?"

at this moment, he was so calm that he didn't look like a little man who was jealous in the business world at all. instead, he looked like a mature man who was deep in thought.

Shen ting had never dared to underestimate ye xiangnan, so he wasn't surprised by his words.

He looked at ye xiangnan and lowered his voice, " there's no difference whether I tell her or not. She's never been short of people who donate blood or people who can accompany her. Volunteers, nannies, and nurses can do those things, so it doesn't matter to me whether she knows or not. If she knows, she'll at most rely on me a little, and that's not a good thing for me. You're always thinking about the South, aren't you? "

Ye xiangnan had underestimated his opponent before, but now he didn't dare to think so.

...

although shen ting had received a different education from him since he was young, it didn't mean that shen ting wasn't as outstanding as him.

on the contrary, he was more mature.

The two teenagers looked at each other. After a long time, Shen ting finally spoke first, ” “Take good care of her.”

He turned around and left. His 170cm tall slender figure was very handsome.

Ye xiangnan stared at his back, and after a while, he raised his voice,”I don’t believe you’re so generous.”

shen ting’s body froze and a moment later, his voice could be heard, ” “She has to go home eventually. I’m the one who’s with her every day.”

Ye xiangnan mulled over his words and then said in a mocking tone, ” “home? Shen ting, you and her will never be family. At most, you’ll just be the Qin family’s highest-class employee. If you don’t believe me, we’ll see.”

Shen ting lowered his eyes and smiled. He didn’t pay any attention to her and left.

Ye xiangnan stood at his original spot, looking at Shen ting’s back.

He was a little vexed. It looked like he had won, but had he actually won?

No, Shen ting had been calm from the beginning to the end. Ye xiangnan was the one in a difficult position.

he couldn’t hold his breath and was especially impetuous.

He had never thought much of Shen ting in the first place, but now, he no longer saw him that way. Now, their starting line was actually about the same. The Qin family no longer only had King Entertainment, but a very big economy. As for him, he had to run hard every night because he didn’t want to lose. Children born in rich families were easier to understand than ordinary people, and it was also easier for them to accept the torment of Inhumans.

Ye xiangnan stood there for a long time. When he returned to the ward, Yi Huan was sitting on the pink bed, wearing a set of pink pajamas.

He was stunned for a moment before he remembered that Yi Huan had not worn pink for a long time.

She kept saying that she wanted to learn from Qin Chen's aunt, and now she obviously wanted to wear a dress. She thought about it for a long time, and it was probably Shen ting who changed her.

he had a certain thought in his heart, but he walked straight to her and said in a low voice, " "You're not going to sleep for a while?"

He sat down and ran his fingers through her short hair.

ye xiangnan sighed softly, thinking that he liked her, very much.

there were at least ten years left before she grew up, but he was sure that he would always like her.

As for Yi Huan, he had no idea.

she was still a child, and she was not determined.

She called him 'miss brother Nan', and she also called him 'brother Shen ting'. Moreover, for whom was the disappointment in her eyes? for whom did she want to grow her hair and wear a dress?

ye xiangnan did not dare to think about it.

Chapter 4586: How many good Brothers do you have (2)

Ye xiangnan did not dare to think about it.

however, he did not want to. yi huan's expression was clear. she looked up and asked him, "Did you see brother Shen ting? is he angry? i think he's angry with me. "

The string in ye xiangnan's heart snapped.

he thought to himself, 'as expected.'

In Huan's heart, he and Shen ting were of the same status.

She was too young, so he couldn't force her to tell him the difference between these two feelings. He only knew that he was madly jealous and felt very uncomfortable, but he could only endure it.

...

if shen ting could endure it, he could also think of the south at night.

yi huan noticed his pale face and asked softly, "Brother Nan, are you angry too?"

"No, I didn't," He replied, but his voice was still stiff.

after looking at it for a long time, she actually started crying.

thinking about how brother nan and brother shen ting no longer liked babies, yi huan felt that she did not do anything wrong. she was so badly hurt and was very obedient. why were they all so angry and angry?

yi huan cried so hard that her voice shook the sky.

Ye xiangnan pursed his lips, and he looked a little annoyed. If it was in the past, he would have coaxed her, but because of Shen ting, he was annoyed.

In the end, it was the Father who coaxed the younger daughter. Ye xiangnan stayed for a while to make sure that she was fine before leaving.

when he left, the 12-year-old teenager was a little overwhelmed because he had nowhere to put his feelings.

The 12-year-old ye xiangnan couldn't handle such a complicated relationship. If it wasn't for Shen ting, he could have slowly grown up or pampered yihuan like a princess. But now, ye xiangnan was caught off guard.

he knew that she liked him, even though it was just a child's words. however, he still affected her. shen ting was right. it was shen ting and qin yihuan who faced each other every day.

ye xiangnan's mood suddenly became restless. he needed to adjust his mood.

He knew in his heart that he had lost, and it was very ungentlemanly of him to do this.

ye xiangnan closed the door and then pushed it open. yi huan was lying on qin mo's shoulder, sad, and her little body was twitching.

Ye xiangnan's heart ached for a moment. It was his own fault for not being able to control his emotions, but he had vented his anger on Yi Huan.

the little fellow that he loved with all his heart.

ye xiangnan walked over slowly until his face was level with yi huan's. he called her softly.

yi huan's little head suddenly tilted up, and her big, tender eyes looked at him eagerly. she even unconsciously called out to him, " i miss brother nan. "

Ye xiangnan carried her over and patted her, " "It's my fault."

Then, the little guy started crying again.

ye xiangnan coaxed her for a long time, about half a day, before the little guy finally stopped crying.

he was helpless about this.

after that, yi huan stayed in the hospital for one more day. she did not go home directly after that. instead, she was picked up by the ye family and stayed there for a week.

he huan was not happy with this arrangement. she remembered that she had a big fight with qin mo the day she went to the ye family.

Originally, she had to be wary of Shen ting's existence, but she was mostly angry because of Shen ting.

So, it was very noisy, and Shen ting, who also lived on the second floor, could hear it.

he just slowly put down the book in his hand, his face not showing much expression.

Chapter 4587: How many good Brothers do you have (3)

He just slowly put down the book in his hand, his face not showing much expression.

In fact, as a man, he could understand why Qin mo did that.

to qin mo, shen ting was more like the guardian of KING entertainment, the qin family's other businesses, or even qin yihuan's guardian. this was more meaningful than him being yihuan's husband.

Qin Mo's arrangement was well thought out. It might not be very fair, but it was completely fair and cruel.

If either he or ye xiangnan couldn't accept giving up, they would lose, not to the other but to themselves.

Shen ting's gaze fell on the book, and he sighed softly. In the end, he picked up the book and concentrated on reading.

...

however, he knew in his heart that he was missing someone.

She must be very happy now with ye xiangnan's company.

shen ting could almost foresee how hard it would be for him in the future, and he would lose to yihuan in love.

but he never thought of turning back.

Ever since he had seen her photo, he had never done that. His pride did not allow him to turn back.

in the master bedroom, he huan and qin mo were still quarreling. he huan's body was not in good condition, but at this time, she was especially excited, as if she had been injected with chicken blood.

qin mo was helpless. he reached out and wanted to pull her to his side, but he huan avoided him.

Qin mo, I don't care what you think. Shen ting is at home. You know that he likes yihuan, so he gave her 500 yuan of blood. How could you be so cruel? "

qin mo's gaze fell on her face. after a long time, he said in a slightly irritated tone, " " that's never important, and shen ting doesn't care about that either. if a sensible boy is limited by what he has to give, then that kind of relationship would seem too petty. he huan, you don't understand men enough, and you don't understand shen ting enough. "

He Huan was a little angry."I still don't know you well enough, do I?"

Qin mo stopped talking and just looked at her quietly.

He Huan and Qin mo were still facing each other. After a long time, Qin mo finally spoke, his tone obviously much gentler, " "Why do you think so?"

He wanted to touch her again, but he Huan continued to back away. After a while, she said in a low voice, " Qin mo, I really don't understand you.

As she spoke, she lowered her eyes. you've always been able to do whatever you want. You're like that to me. You're also like that to yihuan. She's just a child.

Qin Mo's gaze became a little deep. After a long time, he said in an extremely light tone, "it's precisely because she's a child that we have to go along with her wishes. He Huan, I know that you like Shen ting very much, but don't forget that yihuan is our child. No matter what happens in the future, I hope that she can marry love.

therefore, when the ye family suggested for yi huan to go, he did not hesitate because yi huan wanted to be with ye xiangnan.

qin mo only hoped that yi huan would be able to choose someone she liked while she was with the two children.

if she chose ye xiangnan, then her career would be shen ting's compensation. if yihuan chose shen ting, then the qin family's career would become a responsibility that shen ting had to bear.

such a thought seemed contradictory, but it was reasonable.

he huan didn't have anything else to say, but she was still angry.

After a long pause, she said stiffly, "i'll go see shen ting."

Chapter 4588: how many good brothers do you have (4)

After a long pause, she said stiffly, "i'll go see shen ting."

a large palm pressed on her shoulder. it was qin mo.

"I'll go, I have something to discuss with him," he said.

he huan looked at him suspiciously.

Qin mo laughed. what? you don't believe me? ”

He Huan did not say anything. At this time, she also felt a sense of physical and mental exhaustion. She leaned back on the sofa.

...

she didn't say anything and only looked at qin mo.

Qin mo saw her angry face and was amused. He could not help but reach out to tease her. yihuan is still so young. Look at you. You're so angry because you're worried about such a small thing. What are you going to do for a long time? ”

he huan wanted to ignore him completely, but he continued to tease her. he huan smacked his hand away. ” qin mo, didn't you want to visit shen ting? ”

qin mo smiled,”oh yeah.”

before she left, she squatted down again and said in an especially gentle voice, ” “Alright, I'm not angry anymore.”

he huan turned her head, looking very awkward and flirtatious.

qin mo chuckled. ” okay, i'll go talk to shen ting first. we'll make up when we get back and then have a small meeting, okay? ”

he huan wanted to be honest with her, but she resisted the urge.

Qin mo laughed and pulled her hair before getting up. He left in high spirits.

he huan was left alone on the sofa, her hands clenched into fists and biting-

She was so disappointing. How could she be mesmerized by his beauty? she was clearly so angry just now, but Qin mo only smiled at her once and she couldn't control her emotions.

Detestable!

clearly, she had long been used to his appearance. there were clearly many good-looking old cured meat and young fresh meat in the entertainment industry, but she seemed to fall for his style.

just as he huan was gritting her teeth, qin mo knocked on shen ting's bedroom door.

shen ting was reading a book, and he was also quite surprised. he immediately stood up."uncle," he said.

Qin mo walked over and patted his shoulder. "Alright, sit down. Don't be so restrained."

" mm. " shen ting nodded and sat down on the small sofa with qin mo. there was a book on his knee, and his fingers were gently stroking it.

qin mo was a very direct man and liked to be straightforward.

His gaze fell on Shen ting's face, and he smiled. "How's your body? you should rest for a few more days after losing a lot of blood."

"I'm fine," Shen ting shook his head.

qin mo didn't continue on this topic. he thought for a moment before saying in a low voice, " " shen ting, if i were to give you a choice right now and that is to give up on yihuan, i would directly groom you to be the heir to KING entertainment. "

his voice was slow and very convincing."now, you can choose again."

This was a huge temptation for a boy. It meant that he could have the results he wanted without suffering in the future. He was just Shen ting, and he was Qin yihuan's accessory.

this was a huge temptation, but shen ting still rejected it. he said softly, ” “i want to wait for her to grow up.”

qin mo smiled. ” alright. i respect your decision.”

he had only come to ask this question, and it had nothing to do with comforting her.

Boys had to be able to take it.

after qin mo left, shen ting wanted to continue reading his book, but he couldn't bear it for a short while. in the end, he took out his phone and opened it. there were photos inside.

It was yihuan's, and he looked at it for a long time.

On the other side, Qin mo had returned to his bedroom. When he opened the door, he saw he Huan leaning on the sofa.

Chapter 4589: How many good Brothers do you have (5)

on the other side, qin mo had returned to his bedroom. when he opened the door, he saw he huan leaning on the sofa.

She looked up and stared at Qin Mo's face. “is he alright?”

qin mo walked over and sat beside her. he reached out and pulled he huan into his arms. she did not struggle, which was rare. qin mo gently stroked her hair and smiled gently.”the child i picked wasn't so fragile, unlike a certain little girl who would explode at the slightest mishap.”

He Huan glared at him. I'm not a little girl. I'm not angry.

Qin mo laughed. you're still denying it? look at how many times you've defended me for Shen ting.

he huan lowered her eyes and did not speak for a long time. qin mo kept looking at her with a gentle gaze.

...

After some time, he Huan said bitterly, "Qin mo, actually, you're far more emotional than I thought. You're also more heartless than I thought. I know that you're very rational and you've chosen to be good to yihuan. However, perhaps I'm too emotional. You and I are actually on different channels. I still can't accept it.

He Huan looked into Qin Mo's eyes. but I think you're right, and then I think you're wrong. After all, yihuan is still young. I don't think it's time yet.

qin mo lowered his eyes and smiled lightly. "she's still young, but the qin family's business can't stop. he huan, you've said so much and calculated so much, but you didn't calculate the accidents. if something happens to me one day, who will the family rely on? All these years, you've been so focused on filming that you probably can't manage the Qin family's business. Yihuan is too small, Zhenzhen."

he huan didn't allow him to continue, so she covered his lips.

however, qin mo removed her displeasure and still spoke in a low voice, " " he huan, there are always accidents in life. i'm not doing this for the qin family. i'm doing this for you and yihuan. i want you two to live a decent life, even if i'm not around. "

after he finished speaking, he looked straight at he huan.

He Huan had already stopped talking. She pursed her lips and did not say anything for a long time.

"Are you angry?" Qin Mo's voice was gentle.

He Huan lowered her eyes. I'm angry. Can't I be angry when you say something like this? how would you feel if I were the one who said it? "

qin mo held her hand and his voice became gentler. " i'm not happy, but we have some plans for the future. "

“I don’t want to hear this,” he Huan bit her lip.

qin mo’s expression was gentle and his voice was low and hoarse. ” i was just saying. it didn’t really happen, he huan. ”

He said, probably because he was a little excited. “I won’t let that happen,” he said in a low voice.

he huan was not in a good mood. after a long time, she said, ” “Qin mo, I don’t like to hear this.”

“That’s because you care about me. I’m very happy, he Huan.” But I’m a man, and a man has to be responsible and make good arrangements for his woman, don’t you think so?”

he huan shook her head and didn’t say anything. she buried her little face in qin mo’s arms and didn’t say anything.

qin mo knew that she was feeling uncomfortable, so he did not say anything.

In the past, he didn’t say it because she didn’t have him in her heart. Later on, she had him in her heart, so he wouldn’t say anything about Hanhan.

today, she did not know why she said it. After she said that, she still felt sad.

Chapter 4590: shameless, shameless (1)

he huan didn’t say anything and just leaned into his arms.

Qin mo smiled and hugged her. He did not do anything but feel her presence.

After some time, he Huan pushed him. “Alright, time to sleep.”

qin mo just looked at her with a strange gaze.

He Huan glared at him. don't even think about it. It's a sin to think about it.

Qin mo did not know whether to laugh or cry. He reached out and pinched her face."You're being naughty. If you're naughty again, I'll have to call a taxi."

...

he huan looked at him eagerly. " yes? yes? where do you mean? "

Qin Mo's expression was even more thought-provoking. He hit her once before getting up.

he huan's slender body walked towards the bathroom. she turned her head and lay on the sofa, looking at qin mo.

once again, she was attracted to him.

after a long time, her face was a little hot, and she snorted. " "it's a sin to think about it."

This matter was settled just like that. It would be convenient for someone to take care of yihuan if she stayed at the ye family's house. After all, he Huan's movie, " twin ", was going to premiere soon. Qin Mo's company also had a lot of things to do. There was also he Huan's movie. He could not split his attention to attend to it. This was one of the reasons why he had placed yihuan in the ye family's house.

the day has finally arrived.

KING entertainment's best actress, xiang lan, announced that she had been secretly married to a wealthy businessman for four years.

The search on Weibo was directly exposed and the search index was 800. Xiang LAN also announced that she would be taking a break from acting in an interview and even praised the crew of " twin ", saying that AI Mengmeng was a very talented actress that she had seen before. She had high hopes for this " twin " and AI Mengmeng.

he even tagged ai mengmeng on weibo.

to be honest, one of them was an a-list big shot, the kind whose status was far higher than aijia's. she had more than 100 million followers on weibo, while the other was just a c-list small star who was surrounded by negative news. now that she was being guided by a big shot, and the big shot was going to retire soon, it was like a senior guiding the junior.

ai mengmeng gained more than a million fans, and they were live fans. she went from an outdated star with negative emotions to the attention of the whole nation. her cameo in "twin" also received attention because xiang lan had tagged the crew of "twin".

"twin" premiered at 8 p.m. At this time, the number of people who wanted to watch "twin" had reached more than 140,000. This number was not surprising compared to commercial films, but it was already very shocking for literary films. By 6 p.m., The pre-sales had exceeded 100 million.

AI Jia's crew saw that it wasn't going to work, so they poured a basin of dirty water on AI Mengmeng, trying to pull down the National favorability of "twin". However, because of the goddess's support, no matter how much they poured water on it, the effect wasn't very good. Fortunately, the box office that day had surpassed "twin". After a day of screening, it had earned more than 300 million Yuan.

therefore, aijia was very confident. so what if it was a good reputation? the box office was the king.

she had asked someone to write a draft specifically to suppress he huan and disgust her.

the main topic was that "twin" had a poor box office performance. even xiang lan's appearance was useless. the script had been sent out, and it had even been placed at the top of the hot search. but soon, the top of the hot search list was the premiere of "twin".

but that wasn't the most important thing. what was on the hot search all night?
