

Thank you 4601

Chapter 4601: the one i love has always been you, qin mo 6

Qin mo laughed and lowered his voice, ” “be more refined.”

He Huan looked at him inexplicably for a while. There was a trace of moisture in her eyes, which was the special expression of someone who had just woken up.

qin mo couldn't help but kiss her eyelids again before looking up. ” “what do you want to ask?”

he huan put her arms around his neck. ” how much did you earn at the box office? ”

the ending of the note was dragged out very long, with a kind of coquettish meaning.

qin mo lowered his head. his voice was hoarse. ” you don't have any confidence in yourself? ” he asked.

...

He Huan's eyes widened in disbelief.

After a while, she asked him very softly, Qin mo, do you mean that this data is real? ”

“what else?” Qin Mo's eyes hid a smile. “you have no confidence in yourself and your husband?”

he huan glanced at him again, but because the surprise came too quickly, she didn't have time to argue with him. she just couldn't believe it was the truth.

“you're not trying to make me happy, right?”

It was not like he had never spent a lot of money to make her happy.

qin mo laughed lightly, " i think i've expressed myself very clearly, mrs. qin. congratulations to you for having a perfect and all-around husband and a good crew. this film is very popular because of this, yingluo. "

"A conservative estimate would be that the box office sales will exceed 2 billion," he added after a pause.

he huan was a little overconfident, but he did not become arrogant. he asked again, " "how did this happen?"

Qin mo smiled. opportunities always come to those who are prepared.

" but i'm not prepared, " he huan said pitifully. " ai jia caught me off guard. and i'm also confused about ai mengmeng's matter. "

When she spoke, she was completely like a little girl.

Qin mo couldn't take it anymore and rolled his eyes. " but you've found yourself an all-rounded husband many years ago, haven't you? "

He Huan glared at him.

but there was a smile in her eyes.

qin mo didn't make a sound either. he let her stare at him and let her hug him.

Finally, the smile in her eyes became more obvious. She bit her lower lip and said, " "yes, i think so, qin mo. my talent doesn't seem to match my taste."

qin mo pinched her small face. " i chose you. mrs. qin. "

He Huan's eyes seemed to be filled with countless stars. that's not right, Qin mo.

He immediately changed to a more harmonious tone, "What did I do wrong? tell me."

He Huan was a little shy, but she was really happy today. She didn't want to let go of him, not now, but in the future.

her ears heated up at her embarrassing thoughts, and after a long time, she spoke again, "Actually, I used to like you too."

Qin mo found it funny in his heart, but he did not show it on his face, as if he was very surprised. "mrs. qin, are you confessing your love to me?"

"you're laughing at me!" he huan snorted.

"I wouldn't dare!" he was talking to her in that damn tone again, and that damn he huan really liked it.

She looked at him weakly, unable to say a word for a long time, but she refused to let go of him.

"Let's have a meeting in the morning." Qin mo smiled.

he huan yelped and was knocked by qin mo's finger. " " mrs. qin, what are you thinking? i meant the meeting at KING entertainment. as for anything else, don't even think about it today. "

Chapter 4602: you have to endure it even if you're not convinced (1)

He Huan yelped and was knocked by Qin Mo's finger. " mrs. qin, what are you thinking? i meant the meeting at KING entertainment. as for anything else, don't even think about it today. "

don't even think about it. qianqian is guilty even if you think about it. this was what qin mo had been saying to her recently.

he huan was depressed when he heard this, and his little thoughts were destroyed by him.

she felt that qin mo didn't love her that much anymore. that's right, he didn't love her anymore. he didn't even coax her properly. all he had in his eyes was the movie and the box office.

when she complained, qin mo laughed. " i'm so close to you every day and you despise me. now that i'm busy with my career, you still despise me. where in the world does this logic come from, huh? "

he huan's body retreated, and he gently hugged her. he teased her for a while before letting her go. he said with some pity, " "he went to a meeting."

...

he huan glared at him.

Qin mo laughed. breakfast is already done. Lunch is already prepared. You're a pig that only woke up in the afternoon.

he huan's eyes widened as she stared at him.

Qin mo laughed again. Alright, alright. Even a pig is a cute little pig, okay? "

He Huan pulled up the blanket and lay down again. "Then I'll be a pig."

Qin mo pulled the blanket off her face and reprimanded her with a pampering tone, " " we'll have something to eat before we head back to the villa. shen ting is still at home. you have to take care of the child's feelings. "

he huan was about to explode. he was the one who insisted on staying in the apartment, but now he was being blamed.

There was no such thing as logic in this world!

qin mo could read the meaning in her eyes and chuckled. " "I'm the most important person in the family. I'm the reason."

He Huan was so angry that she kicked him twice, but it did not vent her anger.

qin mo laughed again before leaving. when he huan was left alone, she lay on the bed feeling that everything was surreal because " twin " had really gotten first place in the box office.

she thought for a while and immediately went to another platform. she found that the total screening schedule for the next three days had begun to change. originally, " twin " only had an average of 25% of the screening schedule, but now it was the same as aijia's new film with more than 30%. he huan thought that if the box office and public praise soared, it would overtake aijia's new film in the future.

she really didn't expect the effect to be so good. she couldn't help but read the movie review again. then, she got up and ate something. she drove back to the villa and took shen ting to watch the movie.

She was busy yesterday and didn't have much time to watch it properly. Now that she was in the cinema, she truly felt Qin Mo's editing skills.

He really was a genius.

if he were to become a director, he would definitely be famous all over the world. however, he was a businessman who managed such a huge business empire. he had no time for these things.

He Huan and Shen ting both wore masks when they left the house.

For Shen ting, the bad thing about becoming famous overnight was that wherever he went, there would be young girls smiling sweetly at him, from 10-year-old girls to 50-year-old aunties. This made him quite troubled.

However, as he grew older, Shen ting became just like the other men in the Qin family. He was unapproachable, except for Yi Huan, of course.

At that moment, Shen ting was sitting in the theater, and it was dark all around him. He couldn't help but take off his mask, lean over, and say in a low voice, " "It's a little cold in here. Auntie, I'll go get you a cup of hot milk tea."

Although he called he Huan “Auntie,” and he Huan was 33 years old and could be his mother, he Huan was still very young and not as tall as him.

Chapter 4603: You have to endure even if you’re not convinced (2)

Even though he called he Huan ‘Auntie’, and he Huan was 33 years old and could be his mother, he Huan was still very young. She wasn’t even as tall as he was. Shen ting felt that he should take care of he Huan and yihuan. He and his uncle were men, so it was his responsibility to take care of the weak.

moreover, whenever he went out with he huan, he would always be the one paying with his card, and he huan would also let him pay with his card. she completely treated him like a little adult, and shen ting liked this method.

In reality, after he joined the Qin family, other than the first month when Qin mo deposited a million Yuan into his account, he had rejected Qin Mo’s financial assistance. He had used the money to invest, and it was more than enough. Other than his own expenses, he would even invite he Huan to go on trips abroad. When Shen ting was still working, the million Yuan had already accumulated to tens of millions.

After he finished speaking, he Huan nodded. “alright,” he said.

She had been sitting there for an hour and was indeed feeling cold.

shen ting walked out to take a breath of fresh air. soon, he came back with the things he had bought. he unscrewed the lid and handed it to he huan. he huan took it and drank a mouthful. it was indeed a warm feeling from the heart to the body.

...

from the bottom of her heart, she really felt that shen ting was a good person. ye xiangnan was also a good child, but xiangnan’s family background was too good, so he might not be willing to give in on many things. shen ting was a very tolerant boy, and he didn’t lack a backbone.

from the bottom of her heart, the person she liked was shen ting.

perhaps she was a woman and hoped that yi huan would be able to lead a good life. on the other hand, qin mo was more at ease with what yi huan wanted.

Just as he Huan was thinking about this, Qin Mo's call came in. She glanced at it, then hung up and sent a WeChat message to ask him what was the matter.

[Mrs. Qin, you're watching a movie with a man.]

[how did you know?]

he huan thought about it and added, [young, good-looking, and a hundred times more considerate.]

[it seems that Mrs. Qin doesn't plan to go home tonight. Is she not going to admit who the adulterer is?]

[she even planned to bring the adulterer home.] he huan typed word by word and laughed as she typed. it was obvious that qin mo's expression was helpless.

at this moment, shen ting suddenly leaned over. " is that uncle? "

How could she let Shen ting see this kind of news?

he huan's hand trembled, and the P30 she had just bought fell to the ground. she picked it up, and the screen was broken.

She was also quite speechless and could not say anything for a long time.

shen ting was also stunned for a moment. he wanted to say something, but he huan spoke first, " "Let's go buy a phone later and have a meal outside."

" okay, " shen ting said. then, he didn't care about anyone and continued to watch the movie.

Boss Qin was being kept in suspense, so no one paid him any attention.

however, after the movie ended, he huan and shen ting still ran into some trouble. when they left the cinema, she was recognized by someone. with shen ting beside her, it was hard not to attract attention.

the fans screamed and rushed over, asking for he huan's autograph. although he huan was the director, she was very good-looking. in the hearts of the fans, she was the female lead.

he huan couldn't take it anymore after signing about ten autographs. not only were there fans of "twin", but fans of aijia's movie also came over to ask for his autograph. they didn't even watch aijia's movie anymore.

This chaotic scene was captured on camera, including the deserted ticket gate of Aijia film, and he Huan and Shen ting walking side by side. Shen ting's hand was in front of he Huan, and he was using his thin body to protect he Huan. This scene immediately became the top trending topic.

Chapter 4604: You have to endure even if you're not convinced (3)

Shen ting's hand blocked in front of he Huan, using his thin body to protect he Huan's camera. He Huan immediately became the number one trending topic.

twin "director he Huan's new love, little puppy

The headline was sensational, and the content was obviously discrediting.

it was obviously edgar's work.

however, no one cared because shen ting was a child of the qin family. it was normal for he huan to appear together with him. he huan even brought her new love to buy a phone and was recognized by someone. he huan even brought her to a restaurant. of course, she also reported to qin mo. qin mo said that he would come over and let them eat first.

They couldn't possibly wear masks while eating. He Huan and Shen ting were recognized once again. Fortunately, they were in a high-class restaurant, and the people walking in and out of the restaurant were more cultured. No one would point a camera at their faces.

...

he huan and shen ting slowly forgot about it and ordered two sumptuous meals.

Shen ting looked at he Huan's order and smiled, " "auntie, can you finish it?"

"Why do you ask?" he Huan took a sip of water.

Shen ting lowered his eyes and ordered his food while saying, " "Because Auntie, you're very skinny."

when he huan heard this, she knew that this kid had listened to qin mo's words and started to watch over her. she didn't expose him, but she deliberately ate very happily during the meal. oh, she really liked shen ting. if she was twenty years younger and grew up with shen ting, qin mo probably wouldn't be able to do anything.

The 13-year-old Qin mo only knew how to bully her!

How could she be as considerate as Shen ting?

he huan was like a mother-in-law who was very satisfied with her son-in-law. at the same time, she felt that qin mo had made good arrangements. not only did shen ting come to take care of yi huan, but he was also taking care of her.

thinking about it, it was worth it.

He Huan didn't think that following Qin mo was immoral.

the two of them were eating when they were taken photos and posted on weibo. he huan saw it, and so did shen ting.

Shen ting looked at he Huan and asked what to do.

Director he ate his steak and took a sip of his appetizer before he said slowly, ” ” your uncle isn’t blind. let him handle it. otherwise, why do we need men? ”

shen ting actually felt that such a statement was very reasonable.

Meanwhile, in King Entertainment’s conference room, all the middle and higher-ups were secretly talking about the fact that the CEO had been made a cuckold. Of course, they knew that it was Shen ting, a 13-year-old child. Even if he were to be a little puppy, he was still too young. They did not know which blind person had randomly written about him.

really, he didn’t even let a child off.

After the meeting ended, Qin mo asked Secretary he as he walked, ” “Have you found out who wrote that statement?”

Secretary he was a smart person. He didn’t want his boss to think that he had already known about this. Hence, he pretended not to know. boss Qin is referring to ran ran.

Qin mo rolled his eyes at her, then said in a low voice, ” “it’s about he huan and shen ting.”

only then did secretary he look as if he had suddenly realized something. ” that, ran ran, it might be aijia’s doing. ”

The word ‘might’ was remarkable. The smart secretary could sense that boss Qin treated AI Jia differently. He didn’t have any romantic feelings for her, but there were other things. However, she couldn’t ask or say it out loud, or she would lose her head.

Qin mo looked at her again and ordered, ” ” go and make a statement about how aijia’s production team stole the box office. make it number one on the hot search. we must have evidence. ”

Chapter 4605: You have to endure it even if you’re not convinced (4)

Qin mo looked at her again and ordered, " go and make a statement about how Aijia's production team stole the box office. Make it number one on the hot search. We must have evidence.

He wouldn't suppress her in private matters either, as that would be too deliberate and would lower her status.

AI Jia tried her best to defame he Huan because of the box office battle. Qin mo took drastic measures to stop her from playing. To be honest, Qin mo had lost his patience with AI Jia and even wanted her to disappear forever.

He also had the ability to do so, but he had always tolerated her. However, AI Jia was not satisfied and could not understand the situation.

Qin mo was still in deep thought, so he did not look too good. Secretary he was a little shocked because he had never seen President Qin look like this before.

"President Qin," she couldn't help but remind him.

...

Qin mo came back to his senses and said in a low voice, " just do as I say. We can talk about other things in the future.

Secretary he was stunned for a moment-

there's something else?

It seemed that AI Jia had really offended President Qin. At one point, the people of King Entertainment thought that AI Jia was president Qin's mistress, but President Qin was deeply in love with director he.

however, secretary he could not be sure of the extent of her hatred.

secretary he hesitated for a while, but this old bird couldn't help but speak up. " president qin, is ai jia still not clean? "

Qin mo was about to leave, but he turned around to look at her.

His expression was so dark that water was about to drip out as he glared at her. “what are you talking about? i’m not related to edgar.”

secretary he did not think much of it. if there was no relationship between them, why did they have to keep it a secret and go all out?

of course, qin mo could see the ridicule in secretary he’s eyes, so he said in a cold voice, ” “If you continue to look at me like that, you don’t have to come to work tomorrow. Also, don’t talk in front of he Huan.”

Qin mo said as he turned around and left.

seriously, were all secretaries so troublesome these days? they gossiped so much that they even needed their boss to remind them about some things.

Secretary he stomped his foot behind him and said, ” Hmph, it’s obvious that there’s no evidence. Who would believe that nothing happened?

qin mo went straight to the parking lot. after locating the location, he drove to the restaurant.

at that moment, he huan and shen ting were happily eating in the restaurant, completely unaffected by the weibo posts.

In any case, this wouldn’t change anything. If she said that Shen ting was someone that the little puppy believed in, she would be an idiot.

as he huan drank the wine before dinner, shen ting expressed his opinion, ” “I’m not 18 yet, so I don’t have a driver’s license.”

actually, he huan didn’t have to answer because qin mo would be here in a while. however, she still asked shen ting, ” “do you know how to drive?”

“we can’t go on the road,” shen ting said conservatively. This was because he was not even 18 years old.

He Huan ate her steak and said casually, ” “What’s the point of being so outstanding?”

Seriously, these children are so annoying. Can’t they give the adults a chance to live?

Shen ting laughed and said in a low voice, ” you’ll learn it naturally. You don’t have to learn it on purpose. It’s actually very simple, Yingluo.

After saying a few words, he Huan couldn’t take it anymore.

Shen ting, this little brat, simply couldn’t understand the pain of someone who had failed the third major several times. Back then, she couldn’t drive even after she had her driver’s license. Qin mo sat beside her for two years before she really got her special license.

Director he felt like he was being looked down on again.

Chapter 4606: you have to endure it even if you’re not convinced (4)

Director he felt like he was being looked down on again.

she bit into the steak as if it was shen ting or qin mo.

He gritted his teeth.

Shen ting felt that his Auntie was also very cute. So, this was the source of yihuan’s cuteness. Yihuan was still like he Huan. Otherwise, how could there be such a cute little girl like Qin mo who was as calm as he Huan?

Just as the two of them were having a good meal, there were always some unhappy people.

Edgar.

...

Aijia stood by the dining table and said in a mocking tone, ” ” director he, you seem to be laughing very happily. you probably don’t know what people are saying about you on weibo. i also admire your good self-control, or perhaps your good mood. ”

he huan furrowed her brows, then turned her head to look at ai jia, who was standing at the side.

in the past, he huan probably wouldn’t want to talk to her, but she was in a good mood now. she took a sip of her pre-meal wine and smiled.”then, miss ai, you can continue to admire me. i have no problem with that.”

Having been rebuffed, AI Jia was very angry.”is it because you can’t give birth to a son that qin mo got you a ready-made one?”

Before he Huan could say anything, Shen ting already spoke, ” “aunty is not old enough to be my mother, but if aunty ai is willing, i’m willing to call you godmother.”

when he spoke, he smiled slightly, looking refined, noble, and harmless.

He was obviously attacking Edgar, and there was nothing wrong with his manners, but her gentle words made her feel the acrimony.

However, AI Jia was speechless. No matter what she said, it would be beneath her status. After all, Shen ting was only a 13-year-old boy. Besides, AI Jia knew that Shen ting was the heir to King Entertainment. His status was very high, and Qin mo had high hopes for him.

That was why AI Jia tried everything she could to hurt this boy. However, she didn’t expect Shen ting to be so calm and aggressive.

What she could feel the most was that Shen ting was protecting he Huan.

a 13-year-old boy actually wanted to protect a woman in her early thirties. her status was far above his, but even so, shen ting still treated he huan as a weak person.

what did he huan do to all the men that made them think that she was weak? she was clearly the most scheming.

ai jia's expression was very unsightly as she stared at shen ting.

He Huan put the pre-meal wine back and said lightly, " "why do you keep staring at shen ting? is miss ai planning to write another article?"

"Tour guide he, you can eat, but you can't talk nonsense," AI Jia blurted out in anger.

he huan smiled faintly. she was about to speak when a familiar voice came from behind her. " miss ai, you should worry about yourself. i suggest that you check weibo and you'll know that you've gotten yourself into trouble. if i'm not wrong, apart from being the female lead, miss ai is also an investor. it's not good for your reputation to steal the box office. "

aijia's expression changed, and she quickly took out her phone to scroll through it.

qin mo took a step forward and placed one hand on the back of he huan's chair. he admonished her in a very affectionate manner, " "why are you drinking again? you got drunk last night and you're drinking again today. don't you want your body anymore?"

" it's just a bit of appetizer, " he huan said calmly. " oh, shen ting can testify. "

Chapter 4607: You have to endure it even if you're not convinced (4)

Qin mo nodded in understanding and said with a smile, " "Yes, yes, yes, you're right."

he huan looked at him, her eyes moving. there was something that only husband and wife could understand.

qin mo's eyes darkened and he looked at her quietly with an unknown meaning.

He sat down beside he Huan. Shen ting ordered a meal for him. After all, they had lived together for a few days. Shen ting was also very meticulous in controlling Qin Mo's appetite. Qin mo was very satisfied with this. He felt that this little fellow was very considerate and would be a good husband in the future.

While they were waiting for their meal, Edgar's voice was cold. "it's impossible, yingluo. it's impossible. my crew didn't steal the box office at all. "

when she spoke, her lips were pale and trembling.

...

It was clear that she was really panicking.

After a moment, she stared at Qin mo and he Huan and squinted her eyes. "Did you do Qin mo or did you do he Huan?"

Everyone ignored her.

ai jia was furious. she bit her lip and looked around. there were already many people looking at her. she had already lost her composure. she couldn't lose face anymore.

she clearly knew that she had fallen into someone else's trap, but she had no choice but to take the blame.

the box office sales were all done by qin mo. this move of his was too sinister.

aijia didn't have time to stay here, and she couldn't afford to lose face. there were many things waiting for her to deal with.

When she turned around to leave, Qin Mo's voice came from behind her. It was very cold, like ice. if I were you, I wouldn't use the same method twice. Miss AI, you should know that my tolerance is not very good. You should know when to stop.

ai jia stood there, her body a little stiff.

After a long time, she walked out.

She had always been proud.

After AI Jia left, Qin mo acted as if nothing had happened. It just so happened that they had finished their meal, so he was the only one eating.

he huan gently sipped her appetizer. qin mo only frowned when he saw her, but he didn't say anything.

However, he Huan continued to interrogate him as she savored the appetizer, " "Were you the one who did something to the box office?"

qin mo ate his food elegantly before he answered her. "Do you think I'm that kind of person?"

he huan directly said yes.

"then, do you think that's not good?" qin mo smiled.

"i'm fine." he huan's voice was a little weak.

Qin mo smiled again. that's good. It means that we have the same views.

Shen ting couldn't help but cough.

Qin mo had really refreshed his world view.

“shen ting, do you think it’s a bad idea?” qin mo looked at him.

to nurture a shameless person, of course, he had to start from a young age. he just didn’t know if shen ting had the time now.

Shen ting immediately said, ” it’s necessary to use necessary means.

Qin mo nodded his head in satisfaction and continued to eat the rest of the steak.

He Huan and Shen ting looked at each other and understood.

qin mo’s head had been lowered the entire time. at this moment, he wiped his lips and said in an extremely calm voice, ” “what do you mean by eye contact when i don’t know?”

“Did I?” he Huan played dumb.

“shen ting, do you think so?” she looked at shen ting.

“I don’t think so,” Shen ting shook his head.

he huan was extremely satisfied and said to qin mo, ” “no, i didn’t,”

Qin mo smiled and pinched her face. “you’ve become bad after drinking a little wine. i’ll teach you a lesson when we get back.”

As he spoke, he pulled her up and helped her put on her coat.

Chapter 4608: you have to endure it even if you’re not convinced (5)

He Huan bit her lip and looked at him. It was like a young girl’s dream.

shen ting, who was standing at the side, felt uncomfortable again. he had eaten enough dog food every day.

They went back and sat in Qin Mo's car. He Huan sat beside him and chatted about the movie. She was still not sure if she had really surpassed the commercial film. She seemed to be very relaxed.

qin mo said calmly as he drove, " " it's long past the era where a big production can sold well like hot cakes just by finding a famous director and getting a few a-list actors. we need to rely on word of mouth now. "

He focused on the front and then teased he Huan, " " director he has been working overseas for a long time, so he might not be too familiar with the domestic film market. miss, it's already 2019, and the domestic audience's aesthetic is no longer the same as before. the era of male idols has passed, and the audience needs something deeper. and 'twin' just happened to hit the nail on the head. i can only say that this era needs it, and of course, there will be more content in the future. only with good content will there be a market. "

he huan glared at him. " you sound like i'm an outsider. president qin, don't forget that the movies i've filmed in the past are not only screened overseas. they'll also be screened in china. "

...

Qin mo laughed. that's right. Director he, I want to ask you how the box office is. It's a miracle overseas, but it's a poison in China, right? "

he huan almost exploded when he saw how merciless he was. he glared at him.

qin mo laughed again. he laughed very happily. " what? you're not convinced? " you've made six films, but you don't even have a billion in total. in fact, i'm embarrassed. people will talk about president qin when they go out. isn't it a waste for you to arrange so many scenes for director he?"

King Entertainment had many cinemas under its name. Every time he Huan's film was released, Qin mo would be like a bootlicker and arrange many scenes for her. However, he Huan's film was indeed not acclimatized to the local scene. In fact, he was not trying to discourage her. If he had not edited the film and used the original one, he would probably have lost to AI Jia.

Even if AI Jia's film was a classic commercial film, he Huan still couldn't do it.

However, Qin mo was a very smart man. Of course, he would not tell these things to his precious little baby.

after he finished speaking, he huan reached out and punched him a few times.

Qin mo smiled and continued to drive.

half an hour later, the car stopped in front of the villa.

as soon as she got out of the car, a little person rushed over and hugged he huan. ” “Mom.”

he huan was a little surprised, but she still hugged the little guy happily. yi huan leaned into her arms coquettishly, rubbing her little face against his.

he huan squatted down. ” why are you back so quickly? ”

“i miss mom.” yi huan said sweetly.

” oh, ” he huan replied and kissed her. ” mommy missed you too. ”

at this moment, yi huan saw shen ting. she turned around and hugged his leg. ” i miss you too. ”

Shen ting didn't correct her and allowed her to call him 'brother'. Then, he gently lifted her up. Yi Huan wrapped her arms around his neck and kissed him on the cheek. She called him 'brother' affectionately.

Shen ting smiled and carried her towards the entrance of the villa.

At the entrance of the villa, a thin and slender figure stood there, watching them very indifferently.

yi huan's little body moved a little, but she did not say anything.

Chapter 4609: you have to endure it even if you're not convinced 8

at the entrance of the villa, a thin and slender figure stood there, watching them very indifferently.

Yi Huan's little body moved a little, but she did not say anything.

Ye xiangnan, who was standing there, didn't say anything. He only greeted Qin mo and he Huan before stepping into the night. He opened the door of a black RV and got in.

yihuan, who was in shen ting's hands, called out in a crisp voice, "If I miss brother Nan, I will miss you too."

ye xiangnan, dressed in black, was already sitting in the back seat. he was about to close the door.

When he heard her call him, his hand paused for a moment, and then he looked up in her direction.

...

"I miss Young master Nan, should we start the car?" the driver asked softly.

"Wait a minute," ye xiangnan said indifferently.

He leaned back in the back seat and said, "This little fool!"

he wanted to go home and said that he missed his mother. he left behind an english debate that he had prepared for a month. however, when he sent her home, she jumped into shen ting's arms.

Of course, the proud ye xiangnan couldn't stand it, but he couldn't do anything about it.

She wanted to let go, but she couldn't bear to.

so, he could only torture himself like this.

Just like now, he was quietly watching her in another person's arms. She was too young to distinguish what feelings were, and he could not be angry.

If she had to be angry, she could only be angry at herself.

yi huan looked at him and felt like crying.

At that moment, Qin yihuan had no idea that her behavior was considered as a scumbag.

it was just that it was not obvious.

shen ting put her down.

He was very tolerant of her.

After all, yihuan was still young, and Shen ting wanted her to be happy.

when he liked someone, he hoped that she would be truly happy.

so, at this moment, shen ting felt at ease.

ye xiangnan's car door was still open, but she ran over and threw herself into his arms.

ye xiangnan still didn't have much expression on his face. he was happy in his arms, and his eyes met shen ting's.

They were both teenagers, but one was deep and the other was indifferent.

They were equally outstanding, and their future was immeasurable.

At this moment, ye xiangnan was so happy that he had the urge to take her away at all costs.

however, if he did that, he would lose. even if yi huan went back with him, uncle qin mo would probably not agree. he would be out of the game if he thought about it at night.

if shen ting could let it go, so could he.

So, no matter how unwilling he was, ye xiangnan still let go of Yi Huan.

Little Yi Huan did not know what was going on. She said happily, " I'll go and see brother Nan in a few days.

ye xiangnan still stepped out of the black rv and reached out to touch the little person in the night.

He agreed, but he didn't say that he probably wouldn't be able to get out of school. He had to go through this kind of education for the past three years, and he could only see her two or three times a year.

and for the next three years, shen ting would be by her side.

ye xiangnan didn't want to let her go, but his pride and self-esteem wouldn't allow him to do so. besides, she was only seven years old. what did she know?

Finally, he let go of her and carried her to Qin mo.

qin mo was also satisfied with ye xiangnan's actions.

it couldn't be helped. his daughter was too cute, so all the boys who wanted to pursue her were outstanding.

ah, my eyes are playing tricks on me.

Boss Qin was also quite shameless!

Chapter 4610: Sweet pampering (1)

Ye xiangnan let go of his joy and looked at her deeply.

yi huan's mouth moved as if she wanted to say something.

“silly girl.” Ye xiangnan touched her hair and murmured, ” “If you want to wear a little dress, then wear it.”

yi huan probably sensed his emotions and shook her head, still looking pitiful.

Ye xiangnan smiled again, but his smile was bitter and helpless.

uncle qin had really given him a difficult problem. he could have ignored it or even given up, but he couldn't give up now.

...

There was a hint of pain in ye xiangnan's eyes. Qin mo and he Huan could see it, and so could Shen ting. Shen ting could tell that ye xiangnan liked yihuan.

it wasn't as simple as two innocent little kids, it was a man's feelings for a woman.

She was the same as him, Shen ting.

Shen ting's gaze fell on ye xiangnan's face, and ye xiangnan would also look at him in a while.

the two boys 'eyes met, and neither of them backed down. sparks flew.

however, ye xiangnan still left. he got into the black rv and slowly disappeared into the night.

Qin mo handed Yi Huan over to Shen ting. take care of her. I have something to discuss with your aunt.

shen ting nodded and carried yi huan upstairs.

little yi huan was lying on his shoulder, facing the direction where ye xiangnan had disappeared.

Qin mo smiled,"I didn't know that our daughter had the potential to be a scumbag." just look at how infatuated those two kids are."

he huan did not dare to compliment his remarks. he glanced at him and said,"If that's the case, then it must be your bad genes."

as she spoke, she also wanted to go upstairs, yawning and looking very sleepy.

Qin mo followed behind her and only reached out to catch her when they were in the bedroom. He pressed her against the door.

He Huan was pressed down by him and tried to break free, but she couldn't. She glared at him."Qin mo."

Qin mo easily restrained her and laughed. "Just now, you said that you inherited my bad genes. Mrs. Qin, what bad genes do I have? scum?"

he huan knew that he was up to no good, so she bit her lip and refused to speak.

Because what he was going to say next was not good.

Qin mo looked at her and laughed softly. "You seem to have learned a lot."

he huan continued to ignore him.

qin mo laughed in a low voice. " why aren't you saying anything? are you feeling guilty? "

he huan did not say anything.

qin mo freed one hand to pinch her small chin and laughed in a low voice. ” “Then let me say it and see if I’m right. Our Mrs. Qin is the scumbag who likes this and that, right?”

“i’m not,” he huan bit her lip.

“No? you’ve never liked rong yue, huh?” Boss Qin questioned him in his soul.

He Huan bit her lip, unable to speak for a long time.

Because this was the truth.

she remained silent and qin mo laughed softly. ” why aren’t you saying anything? didn’t you say that you’re not a scumbag? ”

He Huan glared at him and patted his hand. I want to sleep.

“you just know how to avoid problems.” qin mo smiled gently. he knew that she was really tired.

He felt that he was a Buddha now. He was only 40 years old, in the prime of his life, and his wife was at home. What made him so Buddha-like? what kind of glory was it?

However, he always pampered her. When she said she was tired and wanted to sleep, he would personally help her shower and sleep.

Before he fell asleep, he Huan rested her head on his shoulder. Qin mo lowered his head and asked her gently, ” “how does it feel to be a princess, mrs. qin?”
