

## Thank you 4621

Chapter 4621: You must hold on 4

Qin mo just looked at her.

after a long time, he muttered, ” really? ”

Qin Chen found it a little funny, but at the same time, he felt bitter.

When had her second brother, Qin mo, ever been so foolish?

At this moment, he must be out of his wits, that’s why he acted like this.

qin mo didn’t eat much the entire day, so qin chen ordered two sets of food and brought them in.

...

in the middle of the night, qin mo was still guarding her without sleeping. qin chen’s heart ached and he lowered his voice. ” eat something. i’ll keep you company on night duty. maybe he huan will wake up tomorrow morning. ”

qin mo couldn’t say anything.

in the afternoon, he made a call back to the villa and asked shen ting to take good care of yi huan. with shen ting around, he would not be worried.

The only thing he was worried about was he Huan, this little fool.

And she had forgotten to wake up.

There was a trace of pain in Qin Mo's eyes. After a long time, he slowly walked over and sat in front of the small table. He and Qin Chen forced themselves to eat a few mouthfuls before putting down the tableware in their hands.

she didn't wake up, so how could he eat?

qin chen looked at her and pursed his lips, his voice even lower. "always eat a little. Qin mo still has a lot of things for you to deal with. You're not made of steel.

Qin mo stared at the food for a while before shifting his gaze to Qin Chen. He said indifferently, "Look after he Huan for a while, I'm going for a smoke."

he looked very calm, but qin chen felt a little scared.

just as qin mo was about to leave, qin chen couldn't help but say, "Second brother,"

"What's wrong?" Qin mo turned his head and looked at her.

Qin Chen suddenly felt his mouth dry, and his voice was a little hoarse. "He Huan will be fine,"

she actually wanted him not to take things too hard because she could see that qin mo's nerves were already very tense and were at the point of breaking at the slightest touch.

qin mo frowned and looked at her quietly. then, he said in a low voice, "i'm fine," she said.

He walked out as he spoke.

he walked to the end of the corridor outside and stood there quietly. after a long time, he lit a cigarette and smoked it lightly.

It was not loneliness, but heartache.

Qin mo smoked alone for a long time before he returned to the ward.

in his heart, he hoped that he huan would wake up without him around, but she didn't. she still didn't wake up without him around. she lay there quietly, and qin chen was lying there checking.

qin mo knew that qin chen had tried his best, so he gently patted her back. ” “alright, you've already tried your best.”

Qin Chen straightened his body.

” go to sleep. she might wake up tomorrow. ” Qin mo consoled Qin Chen instead.

Qin Chen bit his lip and muttered after a long time, ” “alright,” he said.

“qin mo, you should also sleep for a while,” she added.

He hummed in agreement and did not say anything in the end. He just lay down on the sofa.

Qin Chen accompanied him.

Qin mo placed his hands behind his head and kept looking at the ceiling. His voice was also very soft. ” chenchen, do you still remember when we were young? it was the first time he huan came to our house. ”

Qin Chen smiled. yes, she's very pretty. She's even prettier than Qin Mu. I remember that Qin Mu cried that night and said that you didn't hug her but hugged he Huan instead.

just because he huan was more beautiful.

qin mo smiled slightly, but it was a bitter smile.

After a long time, he said in a low voice, ” “Yes, it's very beautiful.”

Chapter 4622: you have to hold on 5

qin mo smiled slightly, but it was a bitter smile.

After a long time, he said in a low voice, ” “Yes, it’s very beautiful.”

but he didn’t like her just because she was pretty.

qin chen didn’t say anything. the brother and sister each had a sofa. they said they wanted to sleep, but how could they fall asleep? They all lay down and looked at the ceiling.

To Qin mo, the night had never been so long.

Also, it was difficult to endure.

...

He wasn’t a pessimistic person, but tonight, he had thought of all the worst possible outcomes.

In the end, he still couldn’t let go. He didn’t know how to convince himself.

Perhaps it was because he loved her too much, so much so that he even thought to himself that he would rather none of this had happened if he could.

he had not fallen in love with he huan. he had never hurt her, and she had not fallen in love with him.

If he had never loved her, he wouldn’t have to suffer like this. She would still be fine. Perhaps one day, she would meet Rong Yue and have a perfect love, just like what AI Mengmeng had now. That was everything that he Huan had the chance to have.

qin mo had always thought that he huan would be happier with him. however, he had never thought that one day, he would feel that he huan would be hurt by him. he was always so confident in himself.

he had so much, and it was an honor for he huan to be with him. there was nothing he couldn't solve for her.

however, she was still implicated by him.

yes, that was definitely not an ordinary film fan. to be able to do something like that was definitely not ordinary.

qin mo had already sent someone to investigate. the news that night was that the person was not a senior movie fan, but a gangster who had recently received a sum of 200000 yuan.

qin mo knew very well who had done this. it was no one else but ai jia.

the man was already under control. qin mo didn't have the time to care about him because he had to protect he huan.

as for the others, he would take care of them slowly in the future, such as edgar.

qin mo waited like this for a long time, but she still didn't wake up.

He Huan had been unconscious for three days.

and to qin mo, these three days were as long as three years, or even three centuries.

In three days, he had lost about seven to eight pounds.

Qin Chen was very worried about him. He was afraid that something would happen to him because Qin mo refused to sleep since the next day. He didn't sleep for a whole 48 hours and kept looking at he Huan.

he didn't know how much time had passed. just as he lost all hope, he huan's hand moved and she slowly opened her eyes. she opened her eyes under his gaze.

Qin Mo's eyes were red and bloodshot.

he and he huan's eyes met.

one was old, the other was pure and innocent.

qin mo did not speak. he was waiting for he huan to speak first.

Finally, he Huan opened her mouth and said in a very soft voice, "qin mo."

the moment those two words were said, qin mo felt as if the entire world had lit up.

Her heart was so full that it felt like it was about to float out.

That fervour made him want to hug he Huan and spin her around, and kiss her hard.

It seemed like he hadn't kissed her properly in a century, Yingluo.

however, after thinking so much, he only felt tired in the end.

it was as if he had been relieved of a heavy burden. after all, he hadn't had a good sleep for a few days, and he fell asleep on he huan's bed without warning.

Chapter 4623: it's 2019, he huan 1

he huan was also a little stunned. she looked at qin mo and watched him sleep.

He was still as domineering as she remembered.

has he returned to the country?

why was she in the hospital? also, he seemed to have aged a lot after his trip abroad.

Would studying abroad be that hard?

he huan looked around and felt that her bones and muscles were in pain. even a slight movement would hurt.

...

she closed her eyes slightly, and when she opened them again, she looked around, wondering why she was in the hospital.

Furthermore, she was with Qin mo.

Just then, Qin Chen pushed the door open and entered.

He was shocked the moment he entered.

He Huan actually woke up.

At this moment, her eyes were as pure as a little rabbit's.

On the other hand, Qin mo was lying on his stomach and seemed to have fallen asleep.

Qin Chen stood at the door and smiled. "You're awake? Qin MO will be very happy to know that you're awake."

He Huan stared at Qin Chen. For some reason, she felt that everything was different. Qin mo looked much more mature than she had thought, and Qin Chen was different too.

What was happening? why did it seem different?

he huan shook her head in confusion, and her voice softened. ” “qin chen, what am i doing here?”

qin chen sighed in his heart,”good, good, i can still remember people.”

however, she still felt that he huan’s gaze was a little off, so she stretched out a finger. ” “how many are these?”

He Huan was dumbfounded. one! Ah!

“how about this?” qin chen extended another finger.

he huan’s eyes widened and she snorted.”Qin Chen, you’re so stupid!”

the world’s best surgeon’s face darkened a little, but it was still worth celebrating. after all, there was nothing wrong with her sister-in-law’s brain. however, she still felt that something was wrong. wasn’t he huan different?

the look in her eyes did not seem like a 33-year-old woman’s.

logically speaking, she should be very touched to see qin mo guarding her when she woke up. however, she didn’t feel that way at all.

it was as if qin mo was a stranger to her.

Qin Chen didn’t focus on the brain, but she had heard of such a thing. A person’s memory was divided into segments. He Huan could remember them, but that didn’t mean she could remember everything. Her memory might stop at a certain stage.

however, he didn’t know where qin chen stopped.

“he huan, what’s the date today?” she asked carefully.

“what year is this?” he huan looked at qin chen.

why did chenchen and qin mo look so much older?

He Huan suddenly felt a little panicked.

qin chen furrowed his brows, probably knowing that his guess was right. even he huan clearly felt the same.

She stared into he Huan's eyes and looked at her intently. She asked softly, "Do you know what year it is this year?"

he huan's face was already pale, and now it looked even paler. her beautifully shaped lips were also tightly pursed, and she softly said a few words, "2004,"

Qin Chen was cursing in his heart.

Indeed, it was as she had thought.

He Huan's memory stopped at a very bad time.

at that time, she and qin mo were not married yet. at that time, the person she liked was rong yue.

Qin Chen's heart was screaming, Rong Yue has a wife! It was 2019, he Huanhuan.

However, he Huan was so delicate now. How could she dare to provoke her?

no matter how much she wanted to curse, she could only say calmly, " " he huan, it's 2019 now. you've been married to qin mo for eight years. "

Chapter 4624: it's 2019, he huan 2

he huan was stunned when qin chen finished speaking.

Her gaze quietly fell on Qin Chen's face. After a long time, she moved her eyes to Qin mo.

she and qin mo were married?

He Huan's lips trembled slightly. In her heart, she was 18 years old. The person she liked was Rong Yue, not Qin mo.

Yes, she did like Qin mo before, but that was a long time ago. Later on, she was afraid of him.

Why did she wake up in 2019? why did she marry Qin mo?

...

He Huan could hardly believe it. She bit her lower lip and stayed in a daze for a while. Suddenly, she lifted the blanket and wanted to jump out of bed, ignoring her sore muscles.

qin chen called out to her, but he huan didn't want to listen at all. she just wanted to leave.

he had only moved a little when his elbow was grabbed by a strong hand.

he huan turned around and saw qin mo.

The Qin mo in 2019. It was said that she had been married for a few years.

the qin mo that she used to be so afraid of, the qin mo that she didn't like anymore, the one she liked now was rong yue.

but what about rong yue? where was rong yue? she wanted to look for him.

qin mo's expression was not very good. he kept staring at her and his voice was frighteningly hoarse. "Where to?"

without waiting for he huan to answer, he looked up at qin chen. ” “you can leave first.”

Qin Chen was a little speechless. He Huan had lost a part of her memory. Now that she had finally woken up, shouldn't she be checked immediately? why did she have to talk about these small matters? besides, if he Huan wanted to find Rong Yue, just let her. Rong Yue was already married and had AI Mengmeng by his side. Wouldn't he Huan give up if she went?

Qin mo was just too overbearing. She couldn't understand this at all.

however, under qin mo's gaze, qin chen didn't dare to stay any longer and immediately left.

After the door closed, Qin mo looked at he Huan.

his eyes were very light, but other than the light, there was also a trace of pain.

it was a pain that he huan could not understand.

She could not understand.

he huan's lips moved slightly, and her voice was soft.”Qin mo.”

qin mo stared into her eyes and asked slowly, ” “Are you going to find Rong Yue?”

He Huan's lips moved, but she did not say anything.

Qin mo continued to speak to her in a calm voice, ” ” we've been married for seven to eight years. we have a child called qin yihuan, which means that qin mo's lover is he huan. i've never told you about this. we have another child called shen ting, who is 13 years old. you like him a lot. before you lost your memory, our family was very happy. by the way, your movie has been sold well these days. in five days, it has already exceeded 1 billion. the screenwriter is rong yue, and the third female lead is rong yue's wife, ai mengmeng.”

He said quietly. He Huan's face was already pale.

She found it hard to accept such news.

Suddenly, she broke free from his grasp and stumbled to the bathroom, running to the mirror.

Facing the mirror, she slowly raised her head.

That face was definitely not the face of the 18-year-old he Huan. Especially her eyes, there were too many things in them.

he huan's lips trembled slightly, but she could not say a word.

qin mo also appeared in the mirror and looked at her indifferently.

he huanhe's eyes met his in the mirror, and neither of them said a word.

To he Huan, this news was explosive.

When she woke up, the man she was so afraid of had become her husband, and he had been married for many years with a child.

The Rong Yue she liked also had a wife.

Chapter 4625: it's 2019, he huan 3

He Huan's eyes met Qin Mo's. After a long time, she lowered her eyes and said in a low voice, "qin mo, i want to calm down."

She had just finished speaking when he picked her up by the waist.

He Huan cried out in surprise. He gently placed her on the bed.

His fingers caressed her forehead gently. I'll ask Qin Chen to come over and check on you.

he huan subconsciously wanted to avoid his fingers, but qin mo still turned her small face around. he did not do anything else but reach out to hold her chin. he looked at her small face carefully, not letting go of any expression she had.

he huan's lips trembled slightly. suddenly, she was a little angry and she turned her face away.

...

qin mo was also a little angry. the more worried he was before, the angrier he was now.

"you're still thinking about him, aren't you?" he stared at her.

He Huan's stubbornness naturally came. She pursed her lips and didn't speak.

Qin Mo's eyes were filled with coldness. He looked at her and said very slowly, "you will see him in the future, but before that, you have to stay here and be my wife."

When did he Huan wake up? It was the time when she was rebellious and when she disliked Qin mo the most. Everything he said or did was wrong. He Huan could not stand his tone.

She pursed her lips tightly and glared at him.

Qin Mo's eyes were also looking at her quietly without any emotion.

very good. she had looked at him with that kind of gaze and that kind of mood, so he did not need to be polite to her.

Qin mo gritted his teeth as he thought about it, but his heart was extremely sad.

After staring at her for a while, he finally walked to the window, not wanting to talk to her.

he Huan pursed her lips and moved her body. however, it was as if qin mo had eyes on the back of his head. his voice was deep and hoarse. "you'd better not think about running away. think of your parents and rong yue. "

He Huan sat on the bed and narrowed her eyes. are you threatening me? "

"yes," qin mo's voice rang out. " i am threatening you. it's not the first time i've done such a thing. so, you better be good and not make me angry. "

He Huan was a little confused, but this was what Qin mo had always done.

She stared at him coldly for a while, then lay down, pulled up the quilt, and ignored him.

qin mo turned around and stared at her.

Then, there was a hint of suppression and restraint in his eyes.

The 18-year-old he Huan was like this. He could even guess that she must hate him to death now.

also, she must have wanted to run to rong yue's side. it was as if she hated him to the core and couldn't wait.

Just thinking about it made Qin mo want to strangle her.

however, he could only think about it. he could not bear to.

in the end, he was the one who was angry.

"i'll call qin chen over," qin mo said after a long time.

In fact, Qin Chen had already rolled over on his own without him calling. He opened the door and poked his head in. The handsome doctor Qin was rarely so mischievous."have you guys thought it through?"

qin mo stared at her. ” get in here. ”

Qin Chen laughed. the word ‘get lost’ is best used for Yingluo. I’m the best doctor here, after all. It’s not very appropriate to use the word ‘get lost’ on you, right? ”

Qin mo was still frowning,”where did you get all this nonsense from?” get in here.”

Chapter 4626: It’s 2019, he Huan 4

qin mo was still frowning,”where did you get all this nonsense from?” Get in here.”

only then did qin chen come in with a smile. what was the use of getting so angry? if the relationship was broken, then it could be cultivated again. if the love rival had a woman, what was there to be afraid of?

besides, he huan would definitely like yi huan and shen ting if she saw them. what was there to be afraid of holding the two children?

Qin Chen came over, but he Huan still had her head covered.

she walked to the head of the bed, pulled up a corner of the blanket, and said in a teasing tone, ” “I just checked on little Huanhuan.”

Little Huanhuan was he Huan’s exclusive girl, and he Huan was in her teens now. Qin Chen called her little sister ‘little Huanhuan’, and Qin Mo’s face darkened. He wanted to strangle his little sister.

...

at this moment, qin chen lifted the blanket and was stunned.

because he huan was crying.

Her small body was curled up on the White hospital bed, looking very pitiful.

her hair covered half of her face, and there was a touch of light on the other half of her face.

She was crying.

although qin chen was a woman, he was usually the most tender and protective towards women. when he saw this scene, he immediately looked at qin mo and asked silently, ” “What did you do to her?”

Everyone knew how good Qin mo was to he Huan, and how bad he could be at times.

that was why qin chen asked.

at this moment, qin mo pursed his lips tightly and stared at he huan in shock.

“who are you crying for?” he asked in a low and cold voice.

Qin Chen almost fainted. Why was she still asking this at a time like this?

second brother, why don't you go out first, or go to my lounge and sleep over at Hanhan's place? I'll accompany you. It's easier for us women to communicate. He Huan said.

qin mo's voice turned even colder. ” what kind of woman are you? only lan yu treats you as a woman! ”

Qin Chen was about to go berserk. What are you saying? this bridge has to be demolished, and Qin mo hasn't even finished crossing it.

however, seeing that he might not have a wife for a long time in the future, she still endured it.

in any case, he was a pitiful person, so there must be something hateful about him.

Qin Chen's mood improved a lot as he thought about it. He was about to reach the peak of his life.

although qin mo had said that, he knew that he could not go against he huan now. however, she was crying now. before he left, he took a tissue and wiped her mouth gently. he said in a threatening tone, " "If you keep crying, I'll get Qin Chen to give you an injection."

Qin Chen was a little confused. Qin mo was sure that he was not happy right now. She actually enjoyed looking at him.

However, she could only think about it. How could she dare to say it out loud?

After Qin mo finished speaking, he Huan buried her face deeper into the pillow. She completely ignored that hateful man-how could she have liked Qin mo in the past?

qin chen saw all of this, and he felt both angry and amused.

The 18-year-old he Huan going up against the 40-year-old Qin mo would probably cause chaos in the Qin family in the future.

to her, there was probably going to be a good show.

after qin mo left, qin chen put away his joking heart and sighed. he sat on the side of the bed and reached out to touch he huan's small shoulder. " qin mo is leaving. don't cry. "

he huan didn't move after a long time, so qin chen turned her around. " "alright, we've quarreled. let me check."

He Huan lay down and stared at Qin Chen.

"You're a doctor now?" she asked softly after a long time.

Qin Chen saw that she had spoken and smiled. yes, and he's a very good doctor.

he huan sat up and stared at qin chen.

Qin Chen let her look at him. After a while, he Huan tugged at Qin Chen's hair and said in a low and disappointed voice, " "When I woke up, everything changed. Qin Chen, you're different from before. It looks strong."

"more manly?" qin chen teased her.

he huan raised her eyes. her eyes were teary. " no, it's not that manly anymore. "

Qin Chen fell.

...

but after a while, she coughed and said, " " actually, i'm married. of course, i'm a man. he's called lan yu and he's a great man. "

he huan was in a daze. after a while, she said in a low voice,"then he must be better than qin mo."

qin chen laughed and tugged at he huan's hair. " actually, before you woke up, you and qin mo were very in love. really, you went through a lot but in the end, you two got together. it wasn't rong yue or anyone else, it was qin mo. as for the rest, you can ask qin mo to tell you in the future. now, let's check."

He Huan didn't say anything and obediently followed Qin Chen to the examination.

In the end, it was still the small blood clot at the back of his head, showing no signs of increasing or decreasing.

qin chen collected his thoughts and smiled faintly. " it's alright, there's no big problem. "

she reached out and touched he huan's little head. " then from now on, enjoy your 18 years of life. Not everyone has this opportunity, so make good use of it.

He Huan was shocked and stared at Qin Chen for a long time.

qin chen laughed and used qin mo's venomous tongue. he xiaohuan, you're 33 years old. Are you happy that you're 18 years old now? "

he huan was shocked again.

after a long time, she said in a low voice,"who would be happy to wake up 15 years older?"

Qin Chen grinned. you've already enjoyed what you should all these years. What kind of person is Qin mo? he's someone all the women in B city want to have. Aren't you satisfied? "

he huan was tired and sat there quietly. after a while, she said in a low voice, " " i don't know if it's because of me, but it's probably because we grew up together, so i don't feel much about marrying him. "

Qin Chen really wanted to roar at the sky. Her second brother ... To be honest, even Qin Chen had laughed to death when he was young. He had always wondered which woman was worthy of him, but now he Huan said that he had no feelings for him.

She wondered if Qin mo would vomit blood if he found out.

although qin chen felt like vomiting blood in his heart, he still remembered the proper business. he looked at the time. " it's late. you should sleep for a while and rest. we'll do a full body checkup tomorrow morning. "

He Huan nodded and pulled up the blanket to cover her head. She looked like she had a little temper.

Qin Chen couldn't help but laugh. He Huan's temper was the same as before.

She stretched out her hand and patted he Huan's head. alright, time to sleep.

He Huan's little head peeked out a little and looked at her eagerly.

"Do you want a goodnight kiss?" qin chen smiled, and he huan's reaction was to immediately cover her head again.

qin chen smiled again and didn't say anything else. he took a small blanket and lay down on the sofa.

he huan just looked at her quietly and didn't say anything. she just lay there, quietly.

Then, tears began to fall from the corners of her eyes.

To he Huan, Rong Yue was still hers.

However, when she woke up, he was already someone else's and she was Qin Mo's.

Chapter 4628: it's 2019, he huan 6

This was something he Huan couldn't accept. In her memory, Qin mo was especially detestable.

He always bullied her, in all kinds of ways, and was fierce to her.

He would take her to some places and force her to drink red beans.

The person she hated the most was Qin mo.

As he Huan thought about this, her tears did not stop.

Rong Yue is so good!

...

how did it become someone else's? what was Rong Yue like after 19 years?

He Huan really wanted to know, but she knew that she wouldn't be able to find him after so many years.

She had lost Rong Yue.

He Huan turned her face to the side and rested it on the pillow. She did not fall asleep for a long time. It was not until the second half of the night when she had exhausted all her energy that she finally fell into a deep sleep. However, there were still a few drops of tears on her small face.

Qin Mo came over at 3 am and saw her crying.

He stood there, but he knew in his heart who she was crying for.

However, he could only lie to himself and tell himself that she was only temporary. She would eventually think of him and that the one she loved in her heart was him.

However, no matter how hard he tried to persuade her, he couldn't convince her because she didn't love him. He Huan only had Rong Yue in her heart now.

Late at night, Qin Mo stood quietly in front of He Huan's bed.

It was already a surprisingly good ending for her to remember him. However, he seemed to prefer that she did not remember anyone than for her to still like Rong Yue.

Admit it, Qin Mo. You're jealous. You're crazily jealous of Rong Yue.

A man that you feel is inferior to you in every way.

Qin Mo's eyes were filled with disappointment.

Perhaps it was because he was looking at her like this, but he Huan actually woke up. She opened her eyes and quietly looked at the man in front of the bed. Her eyes only opened a slit, and this made her eyes seem black, making her look even more innocent.

qin mo was also looking at her.

finally, he huan opened her mouth. her voice was soft and weak.”how did we get married?”

qin mo’s face was a little tense, and his adam’s apple moved slightly.

After that, he said softly, ” we got married naturally. He Huan, you liked Rong Yue before. But I have always liked you. It has never changed.

probably because he was too angry, he left immediately after he finished speaking.

He didn’t know if he was angry with her, angry that she didn’t remember these days, or angry at himself for not protecting her well.

However, it had already happened, and it was too late to turn back.

He didn’t know how long it would take for her to remember. Qin Chen said it might be a week, a month, or forever.

qin chen told him to be prepared, and it would be best if he huan fell in love with him again.

in this way, everything was resolved, because no one knew what would happen in the future.

How could it be so easy to fall in love again?

qin mo understood he huan too well.

He sighed softly and did not say anything in the end. He only stood at the door for a while.

He was destined to be unable to sleep that night, so he drove back to the company.

in the underground parking lot, he had met the so-called male fan. he had only asked a few casual questions and made him disappear.

The screams from afar continued, but Qin mo was very calm. He stood at his original spot and lit a cigarette, quietly smoking the cigarette.

Secretary he had a hard life. Boss Qin actually asked her to arrange such a bloody thing.

at this moment, secretary he came over and said in a low voice, ” “i’ve dealt with him, but what did president qin say to ai jia?”

Chapter 4629: Offended, a person you shouldn’t have offended (1)

Qin mo looked up at Secretary he.

Secretary he had been following him for a long time, but he was still taken aback by Qin Mo’s gaze.

It was unspeakably cold.

she bit the bullet and said in a low voice, ” all of miss ai’s movies have been banned, and her past has been dug out. she’s in a terrible state now. probably no one will dare to ask her to act in movies in the future. also, she has to pay a large sum of money for the breach of contract. do you still want to continue, president qin? ”

with that, he threw away the cigarette in his hand and got into the car.

qin mo looked at her and only spoke after a long time, ” “let’s leave it at that for now.”

...

secretary he looked at his back view and sighed in his heart.

President Qin always treated AI Jia differently, and he still left some feelings for her.

However, Secretary he did not know that this was already the biggest blow to AI Jia.

It didn't matter if she didn't act in the movie. The important thing was that she had to lose money. She had invested a lot of money in this commercial blockbuster, but it was all gone in an instant. The most important thing was that everyone in the industry knew that she had offended Qin mo. Although she didn't know why, everyone had a tacit understanding to boycott AI Jia. No one dared to work with her. Even if AI Jia wanted to borrow money to repay her debt, no one was willing to.

All of a sudden, Aijia fell from being a diva to a miserable state.

as for why she was in such a miserable state, she knew it in her heart.

she had invested 300 million yuan, and together with the penalty of tens of millions, she had lost all her capital. she had 300 to 400 million yuan in assets, but many of them were fixed assets, so she was short of 70 to 80 million yuan.

If it was in the past, it would not be a problem.

However, it was different now. She was indeed an A-list female star, but no one approached her for endorsements or business activities. In just three short days, her life had changed dramatically.

aijia began to feel anxious. she went around looking for ways to beg people, and even accompanied people for a sum of money.

what was there to laugh and drink with? this was something she disdained to do before.

but even so, sometimes it was a waste of time.

After being taken advantage of and almost puking from drinking, the last one only signed a million.

In the past, AI Jia didn't even care about one million Yuan. Now, she was treated like that because of one million Yuan.

After being humiliated, AI Jia vomited as much as she could in the bathroom. She looked up at herself in the mirror and knew why she was in such a miserable state.

she shouldn't have provoked he huan, but she just couldn't accept it. why did everyone get happiness, but she didn't?

she was unwilling to accept this!

she washed herself thoroughly with cold water and then carefully touched up the makeup on her face. she knew in her heart that as long as qin mo did not forgive her, she would never have the chance to turn things around.

She had underestimated he Huan's position in Qin Mo's heart. It turned out that he loved her so much.

However, from Qin Mo's revenge, he could tell that something was wrong with he Huan. with such a serious injury, it was impossible for there to be no problems at all.ai jia really wanted to know what the problem was.

however, the security in the hospital was very tight, and she had no way of getting close to he huan.

AI Jia thought that if anything happened to he Huan, Qin mo would definitely not let her off.

Looking into the mirror, she suddenly smiled.

She was not the most unhappy person!

It was Qin mo!

qin mo, who seemed to control everyone's life and death!

ai jia's smile was a little strange. hehehe, qin mo was also very miserable!

at least, he was in pain now!

she walked out and met the man she had accompanied today in the corridor. the man was holding another woman and looking at her with a cautious expression. aijia suddenly felt nauseated and nauseated, but she forced herself to smile at the man.

oh, the woman beside the man kept smiling coyly. she probably knew him, and there was a hint of provocation in her eyes!

in the past, aijia would never have thought of such a woman, but now, that woman was young and easily defeated her.

at that moment, ai jia felt that she was very old. she didn't think so at first, but at that moment, she really realized that she was almost 40 years old and was no longer a match for these young girls.

was this the reason why qin mo was indifferent to her?

Was it because he Huan was younger than her and looked like a little girl, that he doted on he Huan so much?

after the man left with the woman in his arms, edgar finally couldn't hold it in anymore and rushed back to the bathroom. she leaned on the sink and vomited until almost all of Tube's bile was gone. she raised her head and looked at herself in the mirror. her face, which she had always been proud of, now looked particularly old.

Perhaps, she was really old.

Hence, she laughed softly. That's right, only when I'm old would I be like this, a complete defeat!

he had lost to he huan, and to a woman who could not even be seen in public!

## Chapter 4630: Offended someone you shouldn't have offended (2)

when ai jia walked out of the club, the lights on the street had already dimmed. she was actually at a loss on the street!

she was famous at a young age and was well-deserved as the movie queen. she had always been surrounded by people and had never been as cold as she was now.

Moreover, such an unbearable thing had happened, which made him feel even more unbearable.

She walked to her car and opened the door. When she was about to get in, her eyes suddenly froze.

she looked at the man and woman in front of her quietly. she was very familiar with the woman. she would recognize her even if she turned into ashes.

it was ai mengmeng.

...

ai mengmeng, whom she thought would never be able to make a comeback, was her good sister, a village girl who had crawled out of a ditch in the mountains!

at this moment, she was walking side by side with rong yue. she was wearing a man's coat and holding a skewer in her hand. she was eating as she walked. the man beside her was helping her hold her handbag. he looked gentle and even had a faint pampering look in his eyes.

AI Jia watched quietly. Her eyes felt a little sour and bitter as she looked at AI Mengmeng's happiness.

he looked down and saw himself in a long red dress in the middle of the night. if it was in the past, it would be dazzling, but now he felt that he was in a sorry state.

he was in a sorry state!

She gritted her teeth and was about to leave, but when she looked up, she realized that AI Mengmeng was looking at her.

ai mengmeng looked at him with a complicated expression, but it was definitely not the admiration or groveling that she had in the past. there was not even fear in her eyes.

all that was left was calm!

AI Jia also looked at AI Mengmeng quietly. Their eyes met, and AI Jia wondered why AI Mengmeng was no longer afraid of her.

Was it because she had King Entertainment backing her up?

However, AI Jia had never thought that it was not because of King Entertainment, but because of Rong Yue!

she had rong yue's company and love.

The missing part of AI Mengmeng's heart had been filled up by her life after marriage. In her heart, she was no worse than AI Jia at this moment. She even had something that AI Jia didn't have.

After a long time, AI Mengmeng looked away and raised her head to meet Rong Yue's eyes. She smiled gently, and there was relief in this small smile.

she didn't hate ai jia anymore. it was because of this hurt that she met rong yue and the person she liked.

and the unbearable and hurt in the past had now become beautiful because of their encounter.

Rong Yue lowered his head and silently looked at his little wife."Why are you suddenly smiling so foolishly?"

AI Mengmeng shook her head. no! I just suddenly feel that you're really good-looking."

rong yue smiled and reached out to pinch her nose gently. " why did you suddenly say such nice things? this isn't your style, mrs. rong."

ai mengmeng's nose wrinkled slightly. " you know about it again. "

she paused for a moment. " i just think that you're good-looking! "

Rong Yue laughed softly and very happily. I only accompanied you out to eat skewers, and you're already so nice to talk to. If there's anything else, would Mrs. Rong have a better way to express herself? "

AI Mengmeng rolled her eyes at him, and her entire face lit up. She wasn't actually a very beautiful girl, but life after marriage was really wonderful. Even her entire appearance looked much more dazzling than before.

this was probably the power of love!

she looked at him and smiled, and he also smiled gently. then, perhaps it was because of love, she couldn't help but throw herself into his arms!
